**Item 1.01 Entry Into a Material Definitive Agreement**

On September 13, 2007, the issuer's wholly owned subsidiary, Alphatec Spine, Inc. ( "Alphatec Spine" ) and JGMG Bengochea, LLC ( "JGMG" ) entered into an Exclusive License Agreement (the "License Agreement" ) that provides Alphatec Spine with an exclusive worldwide license to develop and commercialize JGMG's guided lumbar interbody fusion ( "GLIF" ) system. The GLIF system is designed to allow surgeons to perform a 360-degree minimally invasive procedure without the need for a second incision or repositioning of the patient, which is intended to reduce the length of the procedure, reduce the trauma to the patient and reduce the post-surgery recovery period.

The financial terms of the License Agreement include: (1) an issuance of the issuer's common stock to JGMG, a portion of which common stock shall be subject to a five-year lockup period, with automatic waivers of such lockup to occur upon the achievement of certain milestone events; (2) design, regulatory and sales milestone payments that could begin to be achieved and paid by Alphatec Spine to JGMG in 2008; and (3) a royalty payment based on net sales of licensed products with minimum annual royalties beginning in 2010.

The License Agreement expires upon the later of 2027 and the last expiration date of the patents contained within any products. Alphatec Spine has the right to terminate the License Agreement for convenience upon 90 days prior written notice to JGMG. Each party has the right to terminate the License Agreement for material uncured breach by the other party.

A copy of the License Agreement referenced in this Item 1.01 will be filed with the issuer's Quarterly Report on Form 10-Q for the period ending September 30, 2007 and this description is subject in all respects to the actual terms of the License Agreement.

**Item 3.02 Unregistered Sales of Equity Securities**

In connection with the execution of the License Agreement on September 13, 2007, the issuer issued 750,000 shares of its common stock to JGMG ( "Common Stock" ). 500,000 shares of the Common Stock are subject to a five-year lockup period, with automatic waivers of such lockup to occur upon the achievement of certain milestone events. The foregoing issuance of Common Stock was made pursuant to the exemption from registration provided by Rule 506 of Regulation D and/or Section 4(2) of the Securities Act of 1933, since, among other things, the transaction does not involve a public offering, the investor had access to information about the issuer and its investment, the investor purchased the securities for investment and not resale, and the issuer is taking appropriate measures to restrict the transfer of the securities. Reference is made to the disclosure set forth under Item 1.01 of this report, which disclosure is incorporated herein by reference.
