SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

WellPoint and its representatives may from time to time make written and oral forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (PSLRA), including statements in this report, in presentations, press releases, filings with the Securities and Exchange Commission and reports to shareholders and in meetings with analysts and investors. Generally, words such as expect(s), feel(s), believe(s), will, may, anticipate(s), intend, estimate, project and similar expressions, identify forward-looking which generally are not historical in nature. These statements include, but are not limited to, financial projections and estimates and their underlying assumptions; statements regarding plans, objectives and expectations with respect to future operations, products and services; and statements regarding future performance. Such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of WellPoint, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include: those discussed and identified in public filings with the U.S. Securities and Exchange Commission (SEC) made by WellPoint; increased government regulation of health benefits, managed care and pharmacy benefit management operations; trends in health care costs and utilization rates; our ability to secure sufficient premium rate increases; our ability to contract with providers consistent with past practice; competitor pricing below market trends of increasing costs; reduced enrollment, as well as a negative change in our health care product mix; risks and uncertainties regarding the Medicare Part D Prescription Drug benefits program,

including potential uncollectability of receivables resulting from processing and/or verifying enrollment (including facilitated enrollment), inadequacy of underwriting assumptions, inability to receive and process information, uncollectability of premium from members, increased pharmaceutical costs, and the underlying seasonality of the business; a downgrade in our financial strength ratings; litigation and investigations targeted at health benefits companies and our ability to resolve litigation and investigations within estimates; our ability to achieve expected synergies and operating efficiencies in the WellChoice, Inc. acquisition within the expected time frames or at all, and to successfully integrate our operations; our ability to meet expectations regarding repurchases of shares of our common stock; funding risks with respect to revenue received from participation in Medicare and Medicaid programs and the complex regulations imposed on Medicare fiscal intermediaries; events that result in negative publicity for the health benefits industry; failure to effectively maintain and modernize our information systems and e-business organization and to maintain good relationships with third party vendors for information system resources; events that may negatively affect our license with the Blue Cross and Blue Shield Association; possible impairment of the value of our intangible assets if future results do not adequately support goodwill and other intangible assets; intense competition to attract and retain employees; unauthorized disclosure of member sensitive or confidential information; changes in the economic and market conditions, as well as regulations, applicable to our investment portfolios; possible restrictions in the payment of dividends by our subsidiaries and increases in required minimum levels of capital and the potential negative affect from our substantial amount of outstanding indebtedness; general risks associated with mergers and acquisitions; various laws and our governing documents may prevent or discourage takeovers and business combinations; potential hedging activities in our common stock; future bio-terrorist activity or other potential public health epidemics; and general economic downturns. Readers are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof. Except to the extent otherwise required by federal securities law, WellPoint does not undertake any obligation to republish revised forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Readers are also urged to carefully review and consider the various disclosures in WellPoint's SEC reports.
