PROXY STATEMENT FOR

2008 ANNUAL MEETING OF STOCKHOLDERS OF

QUADRAMED CORPORATION TO BE HELD ON

JUNE 5, 2008

GENERAL INFORMATION ABOUT QUADRAMED'S ANNUAL MEETING

QuadraMed Corporation (the "Company") intends to mail this proxy statement and accompanying proxy card to all stockholders entitled to vote at the annual meeting, on or about April 30, 2008.

WHEN AND WHERE IS THE ANNUAL MEETING?

The annual meeting will be held on Thursday, June 5, 2008, at 9:00 AM at the Company's headquarters in Reston, Virginia. Directions to the meeting are at the back of this proxy statement.

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Anyone who owns of record QuadraMed common stock as of the close of business on April 15, 2008 is entitled to one vote per share owned. There were [44,120,300] shares of common stock outstanding on that date, in addition to [1,864,900] treasury shares.

Under the terms of the Certificate of Designation for the Series A Cumulative Mandatory Convertible Preferred Stock (the "Series A Preferred Stock"), the holders of Series A Preferred Stock do not have voting rights for any of the proposals contained in this proxy statement. As of April 15, 2008, there were 4,000,000 shares of the Company's Series A Preferred Stock outstanding.

WHO IS SOLICITING MY PROXY TO VOTE MY SHARES AND WHEN?

QuadraMed's Board of Directors (the "Board") is soliciting your proxy, or your authorization for our representatives to vote your shares. Your proxy will be effective for the June 5, 2008 meeting and at any adjournment or continuation of that meeting.

WHO IS PAYING FOR AND WHAT IS THE COST OF SOLICITING PROXIES?

QuadraMed is bearing the entire cost of soliciting proxies. Proxies will be solicited principally through the mail, but may also be solicited personally or by telephone, telegraph, or special letter by QuadraMed's directors, officers, and regular employees for no additional compensation. To assist in the solicitation of proxies and the distribution and collection of proxy materials, QuadraMed has engaged Georgeson Shareholder Inc., a proxy solicitation firm, for an estimated fee of \$7,500. QuadraMed will reimburse banks, brokerage firms, and other custodians, nominees, and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of common stock.

WHAT ARE THE REQUIREMENTS FOR BUSINESS TO BE CONDUCTED AT THE ANNUAL MEETING?

For business to be conducted at the meeting, a quorum constituting a majority of the shares of the Company's common stock issued and outstanding and entitled to vote must be in attendance or represented by proxy. As the Series A Preferred Stock is not entitled to vote on any proposal at the meeting, shares of the Series A Preferred Stock do not count towards a quorum.

WHERE DO I FIND THE RESULTS OF VOTING AT THE MEETING?

Preliminary voting results will be announced at the meeting. Final voting results will be published in a Current Report on Form 8-K following the meeting. The report will be filed with the Securities and Exchange

Commission (SEC) on or about June 11, 2008, and you may receive a copy by contacting QuadraMed Investor Relations at 703-709-2300, or the SEC at 800-SEC-0330 for the location of its nearest public reference room. You may also access a copy on the Internet at <http://www.quadramed.com> by clicking on **Investors**, then clicking on **SEC Filings** or through EDGAR, the SEC's electronic data system, at <http://www.sec.gov>. Our SEC filings are also available at the office of the American Stock Exchange. For further information on obtaining copies of our public filings at the American Stock Exchange, please call 212-306-1331.

PROPOSALS FOR STOCKHOLDER VOTE AND APPROVAL REQUIREMENTS

Management is presenting four (4) proposals for a stockholder vote. Delaware law and QuadraMed's Certificate of Incorporation and Amended and Restated Bylaws govern the vote on each proposal.

PROPOSAL 1. ELECTION OF DIRECTORS

The first proposal item to be voted on is the election of six directors for a one-year term. The Board has nominated six people as directors, each of whom is currently serving as a Director of QuadraMed.

You may find information about these nominees, as well as information about our Board, its committees, compensation for directors, and other related matters beginning on Page 6.

You may vote in favor of all the nominees, withhold your votes as to all nominees, or withhold your votes as to specific nominees. Assuming a quorum, each director shall be elected by the vote of the holders of a majority of the votes cast with respect to such director.

If an incumbent director nominee fails to receive a majority of the votes cast and his successor is not otherwise elected and qualified, he shall offer to tender his resignation to the Board of Directors promptly following the certification of the election results. The Nominating and Governance Committee of the Board will recommend to the Board whether the Board should accept or reject the resignation or whether other action should be taken. The Nominating and Governance Committee may consider any factors or other information that it determines appropriate and relevant. The Board shall act on the tendered resignation, taking into account the Nominating and Governance Committee's recommendation, and publicly disclose in an SEC filing its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results.

The Board of Directors unanimously recommends a vote FOR each director nominee.

PROPOSAL 2. APPROVAL AND RATIFICATION OF AMENDMENTS TO THE 2004 STOCK COMPENSATION PLAN.

The second proposal item to be voted on is to approve and ratify certain technical tax-related amendments to the 2004 Stock Compensation Plan.

You may find information about this proposal beginning on Page 46.

You may vote in favor of the proposal, vote against the proposal, or abstain from voting. Assuming a quorum, and as required by Section 423 of the Internal Revenue Code of 1986, as amended, the proposal will pass if approved by a majority of the shares present in person or represented and entitled to vote on the matter. Abstentions will have the same effect as votes against the proposal, and broker non-votes will have no effect on the outcome of the vote.

The Board of Directors unanimously recommends a vote FOR the approval and ratification of the proposed tax-related amendments to the 2004 Stock Compensation Plan.

PROPOSAL 3. APPROVAL AND RATIFICATION OF AN AMENDMENT OF THE CERTIFICATE OF INCORPORATION TO AUTHORIZE OUR BOARD OF DIRECTORS TO EFFECT A REVERSE STOCK SPLIT OF OUR COMMON STOCK IN THE RANGE OF ONE-FOR-THREE TO ONE-FOR-FIVE WITHOUT FURTHER APPROVAL OF OUR STOCKHOLDERS, UPON A DETERMINATION BY OUR BOARD OF DIRECTORS THAT SUCH A REVERSE STOCK SPLIT IS IN THE BEST INTEREST OF THE COMPANY AND OUR STOCKHOLDERS.

The third proposal item to be voted on is to approve and ratify an amendment of the Certificate of Incorporation to authorize a reverse stock split.

You may find information about this proposal beginning on Page 48.

You may vote in favor of the proposal, vote against the proposal, or abstain from voting. Assuming a quorum, and as required by Section 242 of the General Corporation Law of the State of Delaware, as amended, the proposal will pass if approved by a majority of the outstanding shares of the Company's common stock. Abstentions and broker non-votes will have the same effect as votes against the proposal.

The Board of Directors unanimously recommends a vote FOR the approval and ratification of an amendment of the Certificate of Incorporation to authorize our Board of Directors to effect a reverse stock split, as described in this proxy statement.

PROPOSAL 4. APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, BDO SEIDMAN, LLP

The fourth proposal item to be voted on is to approve BDO Seidman, LLP as QuadraMed's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2008.

You may find information about this proposal beginning on Page 54.

You may vote in favor of the proposal, vote against the proposal, or abstain from voting. Assuming a quorum, the proposal will pass if approved by a majority of the shares present in person or represented and entitled to vote on the matter. Abstentions will have the same effect as votes against the proposal.

The Board of Directors unanimously recommends a vote FOR the approval of BDO Seidman, LLP as QuadraMed's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2008.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

Edgar Filing: QUADRAMED CORP - Form PRE 14A

The Board is not aware of any other business to be presented for a vote of the stockholders at the annual meeting. If any other matters are properly presented for a vote, the people named as proxies will have discretionary authority, to the extent permitted by law, to vote on such matters according to their best judgment.

The chairman of the annual meeting may refuse to allow presentation of a proposal or nominee for the Board if the proposal or nominee was not properly submitted. The requirements for submitting proposals and nominations for this year's meeting were the same as those described on Page 55 for next year's meeting.

VOTING AND PROXY PROCEDURE

HOW DO I VOTE?

You may vote in either of two (2) ways:

1. **BY MAIL.** Mark your voting instructions on, sign and date, the proxy card and then return it in the postage-paid envelope provided. If you mail your proxy card, we must receive it before the polls close at the end of the meeting.

If we receive your signed proxy card, but you do not give voting instructions, our representatives will vote your shares FOR Proposals 1, 2, 3, and 4. If any other matters arise during the meeting that require a vote, the representatives will exercise their discretion.

2. **IN PERSON.** Attend the annual meeting, or send a personal representative with an appropriate proxy, in order to vote.

HOW DO I REVOKE MY PROXY OR CHANGE MY VOTING INSTRUCTIONS?

You may revoke your proxy or change your voting instructions in three (3) different ways:

1. **WRITE TO QUADRAMED S CORPORATE SECRETARY, DAVID L. PIAZZA, AT 12110 SUNSET HILLS ROAD, SUITE 600, RESTON, VIRGINIA 20190.**

Your letter should contain the name in which your shares are registered, your control number, the date of the proxy you wish to revoke or change, your new voting instructions, if applicable, and your signature. Mr. Piazza must receive your letter before the annual meeting begins.

2. **SUBMIT A NEW PROXY CARD BEARING A LATER DATE THAN THE ONE YOU WISH TO REVOKE.** We must receive your new proxy card before the annual meeting begins.
3. **ATTEND THE ANNUAL MEETING AND VOTE IN PERSON (OR BY PERSONAL REPRESENTATIVE WITH AN APPROPRIATE PROXY).**

HOW WILL PROXIES BE VOTED IF I GIVE MY AUTHORIZATION?

The Board of Directors has selected David L. Piazza and Edward B. Borris, and each of them, to act as proxies with full power of substitution. With respect to the proposal regarding election of directors, stockholders may (a) vote in favor of all nominees, (b) withhold their votes as to all nominees, or (c) withhold their votes as to specific nominees by so indicating in the appropriate space on the enclosed proxy card. With respect to the proposals to approve and ratify amendments to the 2004 Stock Compensation Plan, to approve and ratify an amendment of the Certificate

Edgar Filing: QUADRAMED CORP - Form PRE 14A

of Incorporation to authorize the Board to effect a reverse stock split, and to approve the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm for fiscal year 2008, stockholders may (i) vote for, (ii) vote against or (iii) abstain from voting as to each such matter. All properly executed proxy cards delivered by stockholders and not revoked will be voted at the annual meeting in accordance with the directions given. IF NO SPECIFIC INSTRUCTIONS ARE GIVEN WITH REGARD TO THE MATTERS TO BE VOTED UPON, THE SHARES REPRESENTED BY A PROPERLY EXECUTED PROXY CARD WILL BE VOTED (i) FOR THE ELECTION OF ALL DIRECTOR NOMINEES, (ii) FOR THE APPROVAL AND RATIFICATION OF THE PROPOSED TAX-RELATED AMENDMENTS TO THE 2004 STOCK COMPENSATION PLAN, (iii) FOR THE APPROVAL AND RATIFICATION OF THE PROPOSED AMENDMENT OF THE CERTIFICATE OF INCORPORATION TO AUTHORIZE THE BOARD TO EFFECT A REVERSE STOCK SPLIT, AND (iv) FOR THE APPOINTMENT OF BDO SEIDMAN, LLP AS QUADRAMED'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM. Management knows of no other matters that may come before the annual meeting for consideration by the stockholders. However, if any other matters properly come before the annual meeting, the persons named in the enclosed proxy card as proxies will vote upon such matters in accordance with their judgment.

HOW WILL VOTES BE COUNTED?

The inspector of elections appointed by the Board for the annual meeting will calculate affirmative votes, negative votes, abstentions, and broker non-votes. Under Delaware law, shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

A broker non-vote results on a matter when a broker or other street or nominee record holder returns a duly executed proxy but does not vote on such matter solely because the record holder does not have discretionary authority to vote on such matter and has not received voting instructions from the beneficial holder. Such record holders have discretionary authority to vote on routine matters, regardless of whether they have received voting instructions. Accordingly, no broker non-votes occur when voting on routine matters. However, Proposal Two to approve and ratify the tax-related amendments to the 2004 Stock Compensation Plan and Proposal Three to approve and ratify an amendment of the Certificate of Incorporation to authorize the Board of Directors to effect a reverse stock split of the Company's common stock are not considered routine. Proposal Two is determined based on the vote of all shares present in person or represented and entitled to vote on the matter. Therefore, abstentions on Proposal Two will have the same effect as votes against the proposal, and broker non-votes will have no effect. Proposal Three is determined based on the vote of all shares of common stock outstanding on April 15, 2008. Accordingly, abstentions and broker non-votes on Proposal Three will have the same effect as votes against the proposal.

WHAT IF MY SHARES ARE NOT REGISTERED IN MY NAME?

If you own your shares in street name, meaning that your broker is actually the record owner, you should contact your broker. There are certain instances in which brokers are prohibited from voting shares held for customers without specific voting instructions. When a broker does not have voting instructions and withholds its vote on one of these matters, it is called a broker non-vote. Broker non-votes count toward a quorum and can affect the outcome of certain proposals. See the paragraph above entitled *How Will Votes Be Counted?* for more information.

In addition, directors must have time available to devote to Board activities and be able to work well with the Chief Executive Officer and other members of the Board.

DIRECTOR COMPENSATION

QuadraMed's executive officers do not receive additional compensation for service as a director. The annual retainer fee for service as non-executive Chairman of the Board, Lead Independent Director and Chairman of the Audit Committee is \$75,000, the annual retainer fee for service as Compensation Committee Chairman is \$30,000, and the annual retainer fee for all other non-employee directors is \$25,000. However, non-employee directors may elect to participate in the Director Fee Option Grant Program under the 2004 Stock Compensation Plan (the "2004 Plan"). This program allows non-employee directors to apply all or any portion of their annual retainer fee that is otherwise payable in cash to the acquisition of a special option grant. No director currently participates in the Director Fee Option Grant Program. The Board and the Compensation Committee has approved amendments to the 2004 Plan and recommended them for submission to the Company's stockholders for approval and ratification. One such amendment is the deletion from the 2004 Plan of the Director Fee Option Grant Program. Please see Proposal Two, "Approval and Ratification of Technical Tax-Related Amendments to the 2004 Stock Compensation Plan," of this proxy statement for additional information regarding the proposed deletion of the Director Fee Option Grant Program from the 2004 Plan.

Non-employee directors also receive compensation in the form of QuadraMed stock options. Each individual who is first elected or appointed as a non-employee director receives a stock option to purchase 46,000 shares on the date of such initial election or appointment. The terms of such stock option grant are:

Exercise Price:	Equal to the fair market value of QuadraMed common stock, as determined by the closing price reported on the applicable stock exchange or market, on the date of grant.
Vesting:	Fifty percent (50%) on completion of one (1) year of Board service measured from grant date.
	Remaining fifty percent (50%) on completion of second year of Board service measured from grant date.
	Change of Control.
Term:	Ten (10) years.

At each annual meeting of stockholders, each ongoing non-employee director is granted an option to purchase 12,000 shares, provided that such director has not received an initial option grant upon his first election to our Board as of the date of the preceding two annual meetings of stockholders. The terms of such stock option grant are:

Exercise Price:	Equal to the fair market value of QuadraMed common stock, as determined by the closing price reported on the applicable stock exchange or market, on the date of grant.
Vesting:	Twelve successive equal monthly installments over the Director's period of service.
	Change of Control.
Term:	Ten (10) years.

Directors do not receive additional grants of stock options upon their election as Committee Chairman.

Non-employee directors receive additional cash compensation for attendance at Board and Committee meetings. Non-employee directors receive \$1,500 for attendance, in person or by telephone, at each Board and Committee meeting (other than Audit Committee meetings), and \$2,000 for attendance, in person or by telephone, at each Audit Committee meeting. While the Chairmen of the Company's Nominating and

Governance and Compensation Committees do not receive additional cash compensation for such service, the Chairman of the Audit Committee receives \$3,000 per meeting of the Audit Committee for attendance in person or by telephone. In addition, from time to time where additional Board or Committee needs warrant, the Board may use flat monthly fees for Board or Committee service. The Company reimburses all directors for their reasonable expenses related to attendance at Board and Committee meetings as well as other reasonable expenses incurred due to their service as members of the Board.

Director Compensation Table
Fiscal Year 2007

The following table sets forth information regarding the compensation of our directors for the last fiscal year. Mr. Allen is not included in the table below as he did not serve as a director during the 2007 fiscal year.

Name	Fees Earned or Paid in Cash (\$)⁽¹⁾	Option Awards (\$)⁽²⁾	All Other Compensation (\$)	Total (\$)
Lawrence P. English	\$ 46,000 ⁽³⁾	\$ 26,553 ⁽⁴⁾		\$ 72,553
Keith B. Hagen ⁽⁵⁾				
Robert W. Miller	\$ 64,000	\$ 26,553 ⁽⁴⁾		\$ 90,553
James E. Peebles	\$ 69,000 ⁽⁶⁾	\$ 24,649 ⁽⁴⁾		\$ 93,649
Robert L. Pevenstein ⁽⁷⁾	\$ 120,000	\$ 26,553 ⁽⁴⁾		\$ 146,553

- (1) These amounts represent the fees earned by each director in fiscal year 2007. The compensation paid to each director differs from such reported amounts due to the time lag between the date on which each meeting was held and the date payment was actually made to each director. The amounts actually paid to each director were as follows:

Mr. English: \$50,500

Mr. Hagen: \$0

Mr. Miller: \$70,000

Mr. Peebles: \$76,500

Mr. Pevenstein: \$142,500

The compensation paid to each of Messrs. Miller, Peebles, and Pevenstein in 2007 includes \$1,500 related to a Compensation Committee meeting on November 6, 2007. Because of time constraints, a scheduled Compensation Committee meeting was not held, although these directors were paid inadvertently for attendance at a meeting. A credit will be taken from each director's 2008 first quarter compensation payment to offset such amount.

- (2) All options were awarded under the 2004 Plan.
- (3) This amount includes compensation for Mr. English's attendance at a meeting of the Nominating and Governance Committee upon an invitation to attend such meeting.
- (4) This amount reflects the vesting of the annual option grant to our directors under the Non-Employee Director Option Grant Program of the 2004 Plan. Such amount is expensed by the Company over the requisite vesting period or accelerated vesting period, as the case may be, of

Edgar Filing: QUADRAMED CORP - Form PRE 14A

each individual stock grant. In accordance with SFAS 123(R), the Company estimated the expected term of each stock option grant, volatility in the Company's stock price, forfeitures of employee stock options, risk-free interest rate and dividend yield. These values were used as inputs to the Black Scholes-Merton valuation model for the purpose of calculating the fair value of each stock option grant. The grant date fair value of each such option grant, computed in accordance with SFAS 123(R), was \$28,438.

- (5) Mr. Hagen is the Company's Chief Executive Officer and President. The Company does not compensate its executive officers for their service on the Board. Mr. Hagen's 2007 compensation is included in the Summary Compensation Table in the section titled Executive Compensation in this proxy statement.
- (6) This amount includes compensation for Mr. Peebles' attendance at a meeting of the Nominating and Governance Committee upon an invitation to attend such meeting.
- (7) Mr. Pevenstein is our Chairman of the Board, Lead Independent Director and Chairman of the Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Company Compensation Structure

We base our compensation structure for our named executive officers—our Chief Executive Officer (CEO), Chief Financial Officer and our next three most highly compensated executives—on the principle of pay-for-performance, with each executive's incentive compensation aligning his economic interests with both the short- and long-term interests of the Company's stockholders, especially through the promotion of ownership of equity in the Company. Although the Company does not maintain specific levels or goals for total compensation, compensation to senior executives in the form of base salary, cash bonuses and equity compensation serves as a tool to encourage executives to undertake strategic business initiatives and reward them for the successful development and implementation of those initiatives. The Board determines the compensation of the CEO based upon the recommendations of the Compensation Committee. The Compensation Committee determines the compensation of the Company's other senior executives based upon recommendations submitted by the CEO. The CEO bases his recommendations, in part, upon information provided to him by our Senior Vice President, Human Resources, and external market compensation data received from third party providers. The Compensation Committee discusses these recommendations (and accompanying explanations for such recommendations) with the CEO and then makes its final determination as to the compensation of the Company's senior executives. Further, the Company strives to provide compensation for its executives at fair and competitive levels.

To assist in the determination of both the level and type of compensation to be awarded to the Company's named executive officers, the Compensation Committee from time to time retains independent compensation consulting firms to provide advice on executive compensation matters and to provide it with the following:

Comparative executive compensation information, including salary, bonus, and option data for companies similar to QuadraMed and that compete with QuadraMed for executive talent.

Specific recommendations to maintain QuadraMed's executive compensation at levels competitive with the marketplace.

The Company retained an independent compensation consulting firm in 2006 to compare the CEO's total compensation (including salary, bonus and equity grants) with other Washington, D.C.-area technology companies, competitors, and similarly sized companies. The consulting firm reported that the CEO's total compensation compared favorably with these companies.

The Compensation Committee continues to use recommendations of such independent compensation consulting firms to aid in determining issues related to the compensation of the Company's named executive officers. While these firms report on the compensation structures of other technology companies, competitors and similarly sized companies, the Company does not specifically benchmark its executive compensation against that provided by such companies.

Pursuant to Section 162(m) of the Internal Revenue Code, QuadraMed is not allowed a tax deduction for non-performance based compensation paid to an executive officer in excess of \$1 million in any fiscal year. Non-performance based compensation paid to a QuadraMed executive

Edgar Filing: QUADRAMED CORP - Form PRE 14A

officer in 2007 did not exceed this limitation, and the Compensation Committee believes that it is unlikely that this limitation will be exceeded in the foreseeable future. Consequently, the Compensation Committee has decided not to take any action to limit or restructure the elements of cash compensation payable to QuadraMed's executive officers. This decision will be reconsidered, however, should the non-performance based compensation of any executive officer ever approach the \$1 million level.

Base Salary Compensation

We provide our named executive officers with a base salary to ensure such officers a steady source of income. Each named executive officer's initial base salary is based upon a determination of the level necessary to be both fair and competitive. Raises in base compensation are normally awarded to our named executive officers on an annual basis, based upon an evaluation of each executive's performance over the previous year, extraordinary contributions to the Company, and market considerations.

Cash Bonuses

Incentive Compensation Plan (ICP)

We primarily award cash bonuses to our employees through the QuadraMed Incentive Compensation Plan (ICP). In addition to other employees, all of our executive officers (provided that they join the Company before October 1 of a given year (with applicable pro-ration)) are eligible for bonus compensation through the ICP. The objectives of the ICP are to attract, retain and motivate eligible employees; to reward them for the achievement of the Company's financial targets and individual goals; to align their interests with stockholder interests; and to signal important organizational performance priorities. The ICP cash bonuses are awarded based upon the Company's percentage completion of profitability milestones and organizational targets. Additionally, most or all participants must meet individual performance goals set by the Company. The Company milestone/individual goal compensation structure is based upon the Company's belief that named executive officers must, and should, be incentivized to achieve both Company-wide goals as well as individual goals which benefit the Company as a whole. The Compensation Committee and the Board maintain a flexible approach regarding the specific financial, corporate and individual goals underlying the ICP, annually revising the ICP goals after thorough examination of the Company's circumstances, goals, and financial situation.

The target ICP cash bonus amount is 100% of base salary for our CEO and 50% of base salary for our Executive Vice President and Senior Vice Presidents. Unless otherwise provided in an executive's employment agreement, receipt of a payout under the ICP is contingent upon such executive's employment with the Company on the ICP bonus payment date, which generally occurs in March or April of the following year.

Under the 2007 ICP, which was paid in March 2008, cash bonuses for our named executive officers were awarded on a 70/30 basis, such that 70% of the bonus was based upon the Company reaching certain milestones and 30% of the bonus was based upon each individual named executive officer reaching his individual performance goals. The Compensation Committee and Board set the Company's net income and revenue targets and each individual's performance goals at challenging, but attainable, levels. The maximum amount any eligible employee could receive under the 2007 ICP was 125% of his or her maximum 2007 ICP bonus potential.

Each executive officer's individual performance goals were determined based upon such executive's role within the Company and contributions to the Company's strategic objectives. The Compensation Committee and the Board determined that the 2007 ICP goals for Company performance would be based upon reaching specific net income and revenue targets. The Company overachieved its net income target, but did not meet its revenue target. As a result, 100% of the target bonus component for net income and 90% of the target bonus for revenue were used to calculate the Company's portion of the 2007 ICP bonus for the named executive officers. In addition, the overachievement of the net income target increased the total 2007 ICP payments, including the individual performance component, for each individual by 5.4%.

For 2008, the Compensation Committee and the Board made several changes to the scope and operation of the ICP. In contrast to previous years, the 2008 ICP applies only to Company employees in manager positions and above, including each of our named executive officers. Eligible individuals must be in those positions prior to October 1, 2008 in order to participate, and their 2008 ICP bonus amounts, if any, will be

Edgar Filing: QUADRAMED CORP - Form PRE 14A

pro-rated to reflect time of service in the eligible positions. The Compensation Committee and the Board determined that the 2008 ICP goals for Company performance would be based upon reaching specific net income and revenue targets. The

2008 ICP bonuses are to be awarded based upon a mix of the Company's achievement of such challenging profitability milestones related to adjusted EBITDA, revenue and sales bookings and each eligible employee's achievement of his or her established individual performance objectives, which are generally two to five measurable criteria linked to the Company's strategy and business needs. If the Company surpasses its profitability targets, the amounts payable under the 2008 ICP may be increased; however, in no event will any eligible employee receive more than 125% of his or her maximum 2008 ICP bonus potential.

Further, the Compensation Committee and Board determined that the ICP bonus that each named executive officer may earn for service in 2008 will be awarded on a 75/25 basis, such that 75% of the bonus is based upon the Company reaching certain milestones and 25% of his bonus is based upon reaching his individual performance goals. The change in the relative weighting for achievement of Company and individual goals from the 2007 ICP to the 2008 ICP was due to an increased emphasis on achieving specific sales booking targets. As in 2007, the Compensation Committee and Board set the relevant Company targets and each individual's performance goals at challenging, but attainable, levels. Also as in 2007, the executive officers' individual performance goals under the 2008 ICP were determined based upon their role within the Company and their contributions to the Company's strategic objectives. Among other, more individualized goals, these individual performance goals include achievement of certain sales targets, and the development of a comprehensive medium-term business plan.

Sales Overachievement Bonus Plan (SOBP)

On March 6, 2008, in an effort to provide additional incentives to the Company's senior management to achieve sales bookings targets, the Board, upon the recommendation of the Compensation Committee, approved a new bonus plan, named the QuadraMed 2008 Sales Overachievement Bonus Plan (the 2008 SOBP). The 2008 SOBP recognizes and rewards a group of eighteen executives and senior leaders, including each of our named executive officers, for sales bookings in 2008 above a certain initial target level set by the Compensation Committee and approved by the Board. For each \$1 million in 2008 sales bookings (up to \$10 million) over the initial target level, each 2008 SOBP participant will receive a cash bonus of \$3,000. Such cash bonuses will be in addition to any bonuses paid out to a participant under the 2008 ICP. The maximum amount to be paid out in the aggregate by the Company under the 2008 SOBP is \$540,000.

Executive Long-Term Bonus Plan (ELBP)

On March 31, 2008, the Compensation Committee recommended for Board approval the adoption of a new cash incentive plan for the Company's named executive officers and senior officers. Such plan, the Executive Long-Term Bonus Plan (ELBP), has two independent parts. The first portion of the ELBP requires the Company to reach total revenue of \$200 million and an adjusted EBITDA target (to be determined in connection with the Company's strategic planning process by August 2008) for the year ended December 31, 2010 in order for certain officers to receive 100% of a special one-time cash bonus and Messrs. Hagen, Piazza and Russell to receive 50% of a special one-time cash bonus. In the event that the revenue and/or adjusted EBITDA targets have not been achieved in 2010, the special one-time bonus may also be paid as described above if the Company achieves total revenue of \$220 million and a higher adjusted EBITDA target (to be determined in connection with the Company's strategic planning process by August 2008) for the year ended December 31, 2011. For purposes of the ELBP, the calculation of total revenue and adjusted EBITDA will exclude the impact of the Company's significant acquisitions (as determined by the Compensation Committee) effected after the adoption of the ELBP.

The second part of the ELBP only applies to Messrs. Hagen, Piazza and Russell and provides for 50% of the special one-time bonus if, for any reason, at least 90% of the Company's Series A Preferred Stock shall convert to the Company's common stock (or be eligible for mandatory conversion by the Board under the terms of the Certificate of Designation for the Series A Preferred Stock) on or before March 31, 2012.

The goal of the ELBP is to further motivate the Company's officers to achieve extraordinary top-line (revenue) growth and to reduce the number of Series A Preferred Shares outstanding. The Compensation Committee and the Board believe that the ELBP will provide additional motivation for the Company's officers to aid in increasing the Company's revenue growth, which the Company believes will positively impact the share price of the Company's stock as well as provide build stockholder value on a long-term basis. The maximum amount to be paid out in the aggregate by the Company under the ELBP is \$3 million.

Additional Cash Bonuses

In addition to the above cash bonus plans, the Compensation Committee and the Board retain the authority to reward executives with additional cash bonuses in recognition of such executive's exceptional achievements or performance of additional duties or responsibilities.

As the Senior Vice President for Sales and Government Programs, Mr. Milligan is eligible for sales commissions under the Company's Sales Compensation Plan. Mr. Milligan's commission is based on a percentage of the Company's sales quota targets, which are determined annually by our CEO, and his commissions are earned on the last day of the month following the month for which the sales bookings are recorded.

Equity Compensation

The Company awards equity compensation to employees through the 2004 Plan. The 2004 Plan authorizes the Company to award employees with shares of restricted stock, stock options, stock appreciation rights and restricted stock units. However, under the 2004 Plan, the Company has historically only granted stock options and shares of restricted stock to employees. Grants of equity compensation through the 2004 Plan are awarded to employees as a reward for past performance and an incentive for future performance. Such grants, when awarded, are based upon each employee's performance review as well as an evaluation of the Company's performance. However, the Company does grant additional awards on an individual basis when new employees are hired or when current employees are promoted to certain senior-level positions.

The Compensation Committee determines and awards grants of equity compensation to the Company's named executive officers. In the case of senior executives other than Mr. Hagen, the Compensation Committee asks for and receives recommendations from Mr. Hagen prior to making awards of equity compensation to those senior executives, each of whom directly report to Mr. Hagen. Grants of equity compensation to all other employees are determined by Mr. Hagen, in consultation with the relevant members of the Company's management team. However, the terms of the 2004 Plan limit Mr. Hagen to a maximum grant of 50,000 shares per employee per year without further Compensation Committee approval. Performance grants are awarded immediately after their approval by the Compensation Committee or the CEO, as applicable. The Compensation Committee generally schedules its meeting to approve such grants at the end of January of each year after employee performance evaluations for the prior year have been completed. As the timing of such grants is generally the same each year, the proximity of any such grants to public announcements of financial or other performance-related information regarding the Company is unintended and coincidental.

Grants of stock options under the 2004 Plan typically expire after 10 years and generally vest as follows: (i) 25% of the options vest after one year and (ii) the balance of the options vest in a series of thirty-six equal successive monthly installments. The exercise price of stock options granted under the 2004 Plan is determined by the Compensation Committee (or the CEO, as applicable) at the time of the grant but will not be less than the fair market value of the Company's common stock as of the date of the grant. Under the 2004 Plan, the vesting period of restricted stock may be based upon either the employee's continued employment with the Company or the attainment of specific performance goals.

The Compensation Committee has determined that it is in the best interest of the Company for its senior executives to hold a meaningful equity stake in the Company. The Compensation Committee believes that holding a material amount of equity will serve as a constant and valuable

Edgar Filing: QUADRAMED CORP - Form PRE 14A

incentive for each senior executive to perform to the best of his ability to improve the Company's performance and increase the value of the

Company's stock. The Compensation Committee has estimated such level of meaningful equity holdings at between 5 and 10% in the aggregate of the Company's equity on a fully diluted basis. Such equity holdings may include unrestricted shares of stock, restricted stock and stock options. However, as the Compensation Committee believes that stock options serve as more powerful motivational tools than unrestricted and restricted stock in encouraging executives to act to the best of their abilities to increase the value of the Company's stock, it is anticipated that grants to senior executives will be heavily weighted towards stock options.

On January 23, 2007, the Compensation Committee considered and decided upon an equity compensation arrangement providing for a grant of stock options to the Company's senior executives, excluding the Company's CEO, to achieve an immediate holding of approximately 5% of the Company's equity (on a fully diluted basis) in the aggregate by the senior management team. However, as of that date, the 2004 Plan had insufficient capacity to accommodate such grants. Accordingly, at that meeting, the Compensation Committee granted a total of 300,000 options to purchase shares of common stock to certain of the Company's named executive officers (and an additional 200,000 options to purchase shares of common stock to another Company senior officer) and recommended that the Board seek the approval of the Company's stockholders to increase the number of shares available for issuance under the 2004 Plan to (i) achieve the approximate 5% (on a fully diluted basis) senior management equity ownership goal and (ii) meet the Company's equity compensation needs under the 2004 Plan for the near future. In June 2007, following stockholder approval of the increase in capacity of the 2004 Plan, the Compensation Committee reviewed the proposed grants to the Company's senior executives considered at its January 23, 2007 meeting, and granted an additional 975,000 stock options to the Company's named executive officers, excluding the Company's CEO, among other stock option grants. Although the Compensation Committee had considered granting such stock options over a three-year period, the Compensation Committee determined that a one-time grant would make a greater impact on the grantees with respect to immediate retention and incentive for positive performance. It is expected that no additional grants will be awarded in 2008 or 2009 to the Company's named executive officers, excluding the CEO.

The Compensation Committee generally favors the grant of stock options over restricted stock for equity compensation awards. If and when the Compensation Committee approves future grants of restricted stock to the Company's named executive officers, it is expected that such grants will feature multi-year cliff vesting periods. The Compensation Committee believes these terms will serve to motivate the executives to remain with the Company on a longer term basis.

Permanent employees of the Company who work at least twenty hours per week are eligible to participate in the Company's Section 423-qualified 2002 Employee Stock Purchase Plan (the "ESPP"). The ESPP is intended to promote the interests of the Company by providing eligible employees with the opportunity to acquire equity in the Company through participation in a payroll-deduction based employee stock purchase plan. Eligible employees may choose to have up to ten percent of their base salary deducted to purchase shares in the ESPP. Such shares are purchased for each employee at a price per share equal to 85% of the lower of (i) the fair market value per share of QuadraMed common stock at the beginning of such employee's start date in the ESPP and (ii) the fair market value per share of QuadraMed common stock on the applicable purchase date. The maximum number of shares purchasable per eligible employee on each purchase date is 750 shares, and there are two purchase dates per year. Currently, although all of the Company's named executive officers are eligible to participate in the ESPP, Mr. Milligan is the only named executive officer of the Company who currently participates.

Severance Benefits and Change in Control Arrangements

In an effort to hire and retain talented executives, the Company provides severance benefits in the event of termination and change in control arrangements in the employment agreements executed with its named executive officers, as discussed in the section titled "Payments upon Termination and Change in Control" in this proxy statement.

On June 7, 2007, upon the recommendation of the Compensation Committee, the Board approved the amendment of the terms of certain outstanding stock options held by the Company's named executive officers to

provide for the acceleration of the vesting of such stock options in the event of an involuntary termination (other than for cause, as defined in the Company's 1999 Supplemental Stock Option Plan (the "1999 Plan") or 2004 Plan, as the case may be) of such officer. Prior to such amendment, certain of the stock options held by the Company's named executive officers provided for the automatic acceleration of vesting upon the involuntary termination (other than for cause) of the optionholder, while stock options issued to the named executive officers under the 1999 Plan and 2004 Plan did not provide for such acceleration. The Board amended the outstanding options of the named executive officers granted under the 1999 Plan and 2004 Plan to provide uniform terms for vesting acceleration. No amendment was made to outstanding stock option grants of such named executive officers that had previously vested in their entirety.

Further, in January 2008, the Compensation Committee recommended the amendment or clarification of the terms of the severance and change in control provisions in each named executive officer's employment agreement. These amendments to the employment agreements were approved by the Board in January 2008 and executed with the executive officers in March 2008. These amendments revise the payment amount and terms for the identified executives upon involuntary termination (not for cause) and involuntary termination (not for cause) in connection with a change in control. These amendments were intended to (i) provide Messrs. Piazza, Milligan and Russell with similar terms in the event of any involuntary termination (not for cause) including payment of 12 months of base salary, ICP bonus (based on the Company's actual performance for the year and pro-rated through the date of such executive's departure) and 12 months of health benefits and (ii) provide all of the Company's named executive officers, except Mr. Hagen, with similar terms in the event of any voluntary termination (not for cause) in connection with a change in control including payment of 12 months of base salary, such executive's maximum ICP bonus for the entire year, and 12 months of health benefits.

Retirement Plans

The Company offers a 401(k) retirement plan to all eligible employees and does not discriminate in favor of highly compensated employees. The Company matches 100% of the first 4% of each employee's eligible compensation contributed by such employee to his/her 401(k) account. The Company matching payment is deposited in each employee's 401(k) account on a quarterly basis. Prior to 2008, the Company matched 50% of the first 4% of each employee's eligible compensation contributed by such employee to his/her 401(k) account.

Perquisites and Other Personal Benefits

The Company provides only a modest amount of perquisites and other personal benefits to its named executive officers. Except in special circumstances, such perquisites and other personal benefits generally represent approximately 1% of the total compensation paid to such executives. The Company provides our named executive officers with the standard long-term disability, short-term disability, medical, dental and vision insurance benefits generally available to our employees; however, the life and accidental death and dismemberment insurance policies provided by the Company to our named officers each carry a higher limit of \$1,000,000, versus a maximum limit of \$700,000 provided to all other employees (such maximum limit is based upon such employee's annual rate of base salary). Further, the Company annually reimburses our Chief Executive Officer for the costs of membership in one airline club and one credit card membership rewards program.

All grants to the Company's named executive officers in fiscal year 2007 of non-equity incentive plan awards were made under the ICP. Such grants were awarded based upon the performance of both the Company and the individual participant during fiscal year 2007. All payouts under these awards have been approved by the Compensation Committee and ratified by the Board of Directors and were paid in March 2008. Further information on the ICP, including the compensation determination of the amount payable to each individual, may be found in the section titled Compensation Discussion and Analysis in this proxy statement.

- (1) Pursuant to the terms of the 2007 ICP, all participants, including our named executive officers, could have earned any amount between zero and the maximum ICP bonus payable, depending on the performance of both the Company and the participant.
- (2) As discussed in the section titled Compensation Discussion and Analysis in this proxy statement, all of our named executive officers received payouts under the 2007 ICP. The compensation for each named executive officer reported in this column represents the actual amount of bonus paid to such named executive officer under the 2007 ICP in March 2008.

Individual performance goals comprised 30% of the maximum 2007 ICP payments.

Edgar Filing: QUADRAMED CORP - Form PRE 14A

With respect to the 70% of the maximum 2007 ICP payments related to the Company's financial performance goals, the Company overachieved its net income target, but did not meet its revenue target. As a result, 100% of the target bonus component for net income and 90% of the target bonus for revenue was used to calculate the Company's portion of the 2007 ICP bonus for the named executive officers. In addition, the overachievement of the net income target increased the total 2007 ICP payments, including the individual performance component, for each individual by 5.4%.

- (3) As discussed in the section titled "Employment Agreements" in this proxy statement, our named executive officers are eligible for the following target payments under the ICP:
- a. Mr. Hagen: 100% of his then-current annual rate of base salary;
 - b. Mr. Piazza: 50% of his then-current annual rate of base salary;
 - c. Mr. Klein: 50% of his then-current annual rate of base salary;

These values were used as inputs to the Black-Scholes-Merton valuation model for the purpose of calculating the grant date fair value of each stock option grant.

Payments upon Termination and Change in Control

The Company provides severance and change in control arrangements in the employment agreements executed with its named executive officers. These arrangements are negotiated with such executives in a manner that provides sufficient benefits to the executives in the event of involuntary termination (other than for cause) or change in control to encourage them to accept positions with the Company.

Vesting of Stock Options and Restricted Stock

On June 7, 2007, upon the recommendation of the Compensation Committee, the Board approved the amendment of the terms of certain outstanding stock options held by the Company's named executive officers to provide for the acceleration of the vesting of such stock options in the event of an involuntary termination (other than for cause, as defined in the 1999 Plan or 2004 Plan, as the case may be) of such named executive officer. Prior to such amendment, all of the restricted stock and certain of the stock options held by the Company's named executive officers provided for the automatic acceleration of vesting upon the involuntary termination (other than for cause) of the optionholder, while stock options granted to the named executive officers under the 1999 Plan and 2004 Plan did not provide for such acceleration. Further, prior to such amendment, unlike all of the restricted stock, inducement stock options and stock options under the 2004 Plan held by the Company's named executive officers, the stock options held by the Company's named executive officers under the 1999 Plan did not provide for automatic acceleration upon a change in control if the successor entity chose to continue the option plan or replace it with a cash incentive program. Pursuant to the authority granted in such stock options plans, upon the recommendation of the Compensation Committee, the Board amended the outstanding options of the named executive officers granted under the 1999 Plan and 2004 Plan to provide uniform terms for vesting acceleration.

Definition of Change in Control

Edgar Filing: QUADRAMED CORP - Form PRE 14A

Under the terms of the named executive officers' employment (current and former), stock option and restricted stock agreements, and the 2004 Plan, a "change in control" means:

(i) a merger or acquisition in which the Company is not the surviving entity, except for a transaction the principal purpose of which is to change the Company's state of incorporation;

(ii) a sale, transfer or other disposition of all or substantially all of the assets of the Company;

(iii) a transfer of all or substantially all of the Company's assets pursuant to a partnership or joint venture agreement or similar arrangement where the Company's resulting interest is less than fifty percent (50%);

(iv) any reverse merger in which the Company is the surviving entity but in which fifty percent (50%) or more of the Company's outstanding voting stock is transferred to holders different from those who held the stock immediately prior to such merger;

(v) on or after the date hereof, a change in ownership of the Company through an action or series of transactions, such that any person is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the securities of the combined voting power of the Company's outstanding securities; or

(vi) a majority of the members of the Board are replaced during any twelve-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of such appointment or election.

Under the terms of the 1999 Plan, a change in control means a change in ownership or control of the Company effected through either of the following transactions:

(i) the acquisition, directly or indirectly, by any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company), of beneficial ownership (within the meaning of Rule 13d-3 of the 1934 Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's stockholders which the Board does not recommend such stockholders to accept; or

(ii) a change in the composition of the Board over a period of thirty-six (36) consecutive months or less such that a majority of the Board members ceases, by reason of one or more contested elections for Board membership, to be comprised of individuals who either (A) have been Board members continuously since the beginning of such period or (B) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (A) who were still in office at the time the Board approved such election or nomination.

The actual amounts to be paid can only be determined at the time of a change in control or named executive officer's involuntary termination (other than for cause).

Revised Severance Provisions for Named Executive Officers, Effective March 26, 2008

In January 2008, the Compensation Committee recommended the amendment or clarification of the terms of the severance and change in control provisions in each named executive officer's employment agreement. Such amendments to the employment agreements were approved by the Board in January 2008 and executed with the named executive officers on March 26, 2008. The descriptions below reflect such amended severance and change in control arrangements.

Under the terms of Mr. Hagen's employment agreement, as amended, if Mr. Hagen's service is involuntarily terminated (other than in connection with a change in control or a termination for cause), Mr. Hagen will receive a lump sum payment in an aggregate amount equal to the sum of (i) twelve months of his then-current annual base salary and (ii) the maximum bonus payable under the then-current ICP for the year in which such termination occurred (calculated and paid as if Mr. Hagen and the Company each fully achieved any goals necessary for such full ICP payment) (the Maximum Bonus), though Mr. Hagen may elect to have such benefit paid to him in approximately equal monthly installments over a twelve month period following his termination date, provided that no payments shall be made after March 15th of the year following the year of Mr. Hagen's involuntary termination. Mr. Hagen would also receive twelve months of the same welfare benefits (other than disability) for himself and his dependents, if otherwise eligible, to which he had been entitled as an employee. Under the terms of Mr. Hagen's employment agreement, if Mr. Hagen's service is involuntarily terminated in connection with a change in control of the Company or within six months of

Edgar Filing: QUADRAMED CORP - Form PRE 14A

such change in control, Mr. Hagen will receive a lump sum payment, payable upon departure, equal to the sum of (i) two times his then-current

annual base salary and (ii) the Maximum Bonus, though Mr. Hagen may elect to have such benefit paid to him in approximately equal monthly installments over a twelve month period following his termination date, provided that no payments shall be made after March 15th of the year following the year of Mr. Hagen's involuntary termination. Mr. Hagen would also receive twelve months of the same welfare benefits (other than disability) for himself and his dependents, if otherwise eligible, to which he had been entitled as an employee. Under the terms of his Inducement Stock Option Agreement and Restricted Stock Agreement (such Inducement Stock Option Agreement and Restricted Stock Agreement both made by and between Mr. Hagen and the Company concurrent with the execution of Mr. Hagen's original employment agreement), Mr. Hagen's employment agreement, as amended and restated, and the 2004 Plan, upon an involuntary termination (not for cause) or immediately prior to the effective date of a change in control (without regard to whether Mr. Hagen is terminated in connection with such change in control), Mr. Hagen would receive the following benefits: (i) automatic acceleration of his unvested options such that all options will be vested and exercisable and (ii) automatic acceleration of the lapsing of forfeiture restrictions on his restricted stock such that all shares of restricted stock vest in full. Receipt by Mr. Hagen of severance and welfare benefits from the Company upon termination shall be in lieu of all other amounts payable by the Company to Mr. Hagen and in settlement and complete release of all claims Mr. Hagen may have against the Company or its directors, officers, or stockholders, other than those arising out of the severance and welfare benefits due and payable under his employment agreement and Mr. Hagen's rights under his employment agreement.

Under the terms of Mr. Piazza's employment agreement, as amended, if Mr. Piazza's service is involuntarily terminated (other than in connection with a change in control or a termination for cause), Mr. Piazza will receive severance as follows: (i) twelve months of his then-current annual base salary, payable in monthly installments over a twelve-month period following the date of such involuntary termination, and (ii) his bonus payable under the ICP for the year in which such termination occurred (calculated as if Mr. Piazza fully achieved any goals necessary for his full ICP payment and based upon the Company's actual achievement of its goals under the ICP), pro-rated through the date of such termination, paid in a lump sum when the Company pays ICP bonuses to other eligible employees for service in the year of Mr. Piazza's termination, but in no event later than March 15th of the year following the year of Mr. Piazza's involuntary termination. Mr. Piazza would also receive twelve months of the same health benefits to which he (and his dependents, as applicable) had been entitled as an employee. If Mr. Piazza's service is involuntarily terminated in connection with a change in control of the Company or within six months of such change in control, Mr. Piazza will receive a lump sum payment, payable upon departure, equal to the sum of (i) twelve months of his then-current annual base salary and (ii) his maximum bonus payable under the ICP for the year in which such termination occurred (calculated as if Mr. Piazza and the Company each fully achieved any goals necessary for such full ICP payment), though Mr. Piazza may elect to have such benefit paid to him in approximately equal monthly installments over a twelve month period following his termination date, provided that no payments shall be made after March 15th of the year following the year of Mr. Piazza's involuntary termination. Mr. Piazza (and his dependents, if otherwise entitled) would also receive twelve months of the same health benefits to which he had been entitled as an employee. Under the terms of the 1999 Plan and 2004 Plan and his employment agreement, upon an involuntary termination (not for cause) or immediately prior to the effective date of a change in control (without regard to whether Mr. Piazza is terminated in connection with such change in control), all of Mr. Piazza's unvested options will automatically vest and become exercisable. Receipt by Mr. Piazza of all severance benefits due to termination shall be in lieu of all other amounts payable by the Company to Mr. Piazza and in settlement and complete release of all claims Mr. Piazza may have against the Company or its directors, officers, or stockholders, other than those arising out of the severance benefits due and payable under his employment agreement and Mr. Piazza's rights under his employment agreement.

termination for cause), Mr. Klein will receive severance as follows: (i) six months of his then-current annual base salary, payable in monthly installments over a six month period, (ii) six months of the same health benefits to which he (and his dependents, as applicable) had been entitled as an employee, (iii) automatic acceleration of his unvested options such that all of these options will be vested and exercisable, and (iv) automatic acceleration of the lapsing of forfeiture restrictions on his restricted stock such that all shares of restricted stock vest in full. If Mr. Klein's service is involuntarily terminated in connection with a change in control of the Company or within twelve months of such change in control, Mr. Klein will receive a lump sum payment, payable upon departure, equal to the sum of (i) twelve months of his then-current annual base salary and (ii) his maximum bonus payable under the ICP for the year in which such termination occurred (calculated as if Mr. Klein and the Company each fully achieved any goals necessary for such full ICP payment), though Mr. Klein may elect to have such benefit paid to him in approximately equal monthly installments over a twelve month period following his termination date, provided that no payments shall be made after March 15th of the year following the year of Mr. Klein's involuntary termination. Mr. Klein (and his dependents, if otherwise entitled) would also receive twelve months of the same health benefits to which he had been entitled as an employee. Under the terms of his Inducement Stock Option Agreement and Restricted Stock Agreement, his employment agreement, and the 2004 Plan, immediately prior to the effective date of a change in control (without regard to whether Mr. Klein is terminated in connection with such change in control), Mr. Klein would receive the following benefits: (i) automatic acceleration of his unvested options such that all options will be vested and exercisable and (ii) automatic acceleration of the lapsing of forfeiture restrictions on his restricted stock such that all shares of restricted stock vest in full. Mr. Milligan would also receive twelve months of the same health benefits to which he (and his dependents, as applicable) had been entitled as an employee. Under the terms of his Inducement Stock Option Agreement, his employment agreement, as amended and restated, and the 2004 Plan, upon an involuntary termination (not for cause) or immediately prior to the effective date of a change in control (without regard to whether Mr. Russell is terminated in connection with such change in control), Mr. Russell would receive the benefit of automatic acceleration of his unvested options such that all options will be vested and exercisable. Receipt by Mr. Russell of severance and welfare benefits from the Company upon termination shall be in lieu of all other amounts payable by the Company to Mr. Russell and in settlement and complete release of all claims Mr. Russell may have against the Company or its directors, officers, or stockholders, other than those arising out of the severance and welfare benefits due and payable under his employment agreement and Mr. Russell's rights under his employment agreement.

The tables below and amounts shown assume that each named executive officer's involuntary termination occurred as of December 31, 2007, the last trading day of the fiscal year, and are based upon the severance provisions currently in effect (*i.e.*, the tables reflect the severance provisions in the amended employment agreements, effective March 2008, but they reflect the salary and bonus levels in effect at December 31, 2007). The actual amounts to be paid can only be determined at the time of a change in control or named executive officer's involuntary termination (other than for cause).

- (1) The amounts in this column reflect the maximum amount of ICP bonus payable to each named executive officer. Under the terms of each of the named executive officer's employment agreements (excluding Mr. Hagen), upon an involuntary termination other than for cause or in connection with a change in control, severance amounts in respect of such executive's ICP will be (i) calculated as if the officer fully achieved any goals necessary for his full ICP payment, (ii) calculated based upon the Company's actual achievement of its goals under the ICP, (iii) pro-rated through the date of the executive's termination and (iv) paid in a lump sum when the Company pays ICP bonuses to other eligible employees for service in the year of the executive's termination. Under the 2007 ICP, the Company did not achieve its full revenue performance target, but overachieved its net income performance target. The amounts reflecting the Company's actual achievement under the 2007 ICP are as presented in the column entitled "Non-Equity Incentive Plan Compensation" in the "Summary Compensation Table", except that Mr. Klein's 2007 ICP would be \$149,405.
- (2) The calculation of value of stock options reported in this table reflects only those "in-the-money" stock options that were unvested as of December 31, 2007. Under the Inducement Stock Option Agreements, the 1999 Plan and the 2004 Plan, as applicable, for our named officers, all of these options vest upon an involuntary termination other than for cause.
- (3) Under the Restricted Stock Option Agreements of Mr. Hagen and Mr. Klein, all of these restricted stock vest upon an involuntary termination other than for cause.

Payments Upon Death or Disability

If a named executive officer dies or becomes disabled while he is employed, the employment relationship created pursuant to his employment agreement with the Company will immediately terminate and no further compensation for service will become payable to such named executive officer. In connection with termination by reason of death, the Company will only be required to pay such named executive officer's estate any unpaid compensation earned for services rendered through the date of the named executive officer's death. Further, the named executive officer's estate will receive, if the nature of such executive's death falls within the terms of coverage, separate payouts under life and accidental death and dismemberment insurance policies, with the coverage limits for each equal to two times such executive's annual base salary (up to \$1,000,000). However, in no event will the named executive officer's estate receive in excess of \$1,000,000, even if both life and

accidental death and dismemberment insurance policies apply. In connection with termination by reason of disability, the Company will be required to pay to the named executive officer any unpaid compensation earned for services rendered through the date of the named executive officer's disability. The named executive officer would also receive any applicable income continuation payments provided to such executive under the long-term and short-term disability insurance policies funded by the Company on the named executive officer's behalf. If the nature of such executive's disability falls within the terms of coverage, the named executive officer would receive an accidental death and dismemberment insurance payout depending on the nature of the disability, up to \$1,000,000, as well as payments under the applicable short-term or long-term disability insurance policy. As is applicable to all Company employees, short-term disability coverage pays 60% of the affected named executive officer's base salary, up to \$1,000 per week for 13 weeks, including a 2 week waiting period, and long-term disability coverage pays 50% of the affected named executive officer's base salary up to \$5,000 per month after 90 days of disability. Also as is applicable to all Company employees, the named executive officers are eligible to pay for additional long-term disability coverage, which pays 60% of the affected named executive officer's base salary up to \$10,000 per month after 90 days of disability.

Under the terms of the Inducement Stock Option Agreements of Messrs. Hagen, Klein and Russell and the terms of the 2004 Plan, in the case of stock options held by all named executive officers, should the named executive officer die or become permanently disabled while he is employed, then the named executive officer (or his estate or other such person, as applicable under the laws of inheritance or by will) may exercise any stock options that were vested at the time of such death or permanent disability.

Under the terms of the Restricted Stock Agreements of Messrs. Hagen and Klein, should the named executive officer die or terminate service to the Company due to becoming permanently disabled, the named executive officer (or his estate or other such person, as applicable under the laws of inheritance or by will) shall forfeit any shares of restricted stock which are subject to forfeiture restrictions at the time of such death or permanent disability.

Mr. Wright's service to the Company terminated on August 31, 2005. All such options were granted pursuant to an Inducement Stock Option Agreement entered into between the Company and the individual executive. The terms of these Inducement Stock Option Agreements provide (i) for a fixed exercise price as set forth in each agreement, which is the closing price of the Company's common stock on the grant date or the last trading day prior to the grant date or state the exercise price will be the closing price of the Company's common stock on the grant date or the last trading day prior to the grant date; (ii) options have a maximum term of ten years; (iii) 25% of the

recipient's options vest on the first anniversary of the grant, with the remaining 75% vesting pro rata in a series of 36 equal monthly installments upon the recipient's completion of each month of employment after the first anniversary of the grant date; (iv) upon the executive's involuntary termination (other than a termination for cause) or a change in control of the Company, all options fully vest and remain exercisable for 12 months (for Mr. Wright, this was 36 months) or until the expiration date (which is ten years from the grant date); (v) upon the executive's death or permanent disability, all options that had vested until the date of cessation of service remained exercisable for 12 months (for Mr. Klein, 6 months; for Mr. Wright, 36 months, and Mr. Wright was to be credited with an extra 12 months of service in the event of his death or permanent disability); (vi) upon the executive's voluntary termination, all options that had vested until the date of cessation of service remained exercisable for 3 months (for Mr. Wright, 36 months); and (vii) upon the executive's termination for cause, the options terminate immediately.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires QuadraMed's directors and executive officers, and persons who own more than ten percent (10%) of a registered class of QuadraMed's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of QuadraMed's equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish QuadraMed with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, QuadraMed believes that all reporting requirements under Section 16(a) for the fiscal year ended December 31, 2007, were met in a timely manner by its directors, executive officers, and greater than ten percent (10%) beneficial owners.

PROPOSAL TWO

APPROVAL AND RATIFICATION OF TECHNICAL TAX-RELATED AMENDMENTS TO THE 2004 STOCK COMPENSATION PLAN

The second proposal item to be voted on is the approval and ratification of amendments to the 2004 Stock Compensation Plan.

General

You are being asked to approve and ratify certain technical tax-related amendments to the 2004 Stock Compensation Plan (the "2004 Plan"), which provides employees the opportunity to acquire common stock ownership in the Company.

On May 6, 2004, the stockholders approved the adoption of the 2004 Plan, which provides stock compensation to employees, consultants, directors, and advisors based on their service to the Company, their performance and other factors. The 2004 Plan has a ten-year term, ending on May 6, 2014. The 2004 Plan authorizes the issuance of nonqualified and incentive stock options (within the meaning of Section 422(b) of the Internal Revenue Code of 1986, as amended (the "Code")), stock appreciation rights, restricted stock and restricted stock units. The Plan is currently limited to a maximum distribution of 4,536,369 shares, with a limit of 1,500,000 shares that may be granted to any one individual as stock options or stock appreciation rights in any one calendar year period. Stock options, restricted stock, restricted stock units and stock appreciation rights granted under the 2004 Plan will become exercisable/fully vested upon the occurrence of a change in control as defined in the 2004 Plan. As of March 28, 2008, 3,847,659 shares of common stock had been awarded under the 2004 Plan, of which 139,558 shares had been cancelled, leaving only a total of 828,628 shares available for grants under the 2004 Plan.

Since the stockholders' adoption of the 2004 Plan, the U.S. Congress passed the American Jobs Creation Act of 2004 (the "Jobs Creation Act"). Section 409A of the Code, added by the Jobs Creation Act (Section 409A) provides new, more restricted rules regarding the ability of employers and employees to defer income. The Company's review of the 2004 Plan revealed the necessity and advisability of revising certain provisions of the 2004 Plan as a measure of good faith compliance with Section 409A, final Treasury Regulations and applicable Internal Revenue Service ("IRS") guidance. Failure to comply with Section 409A will subject employees to current taxation and excise taxes on deferred earnings, and could result in liability for the Company to the extent it does not withhold the proper amount from the deferred earnings. Based upon the Company's review, on March 6, 2008, the Board and the Compensation Committee approved amendments to the 2004 Plan and recommended them for submission to the Company's stockholders for approval and ratification. Accordingly, the Company proposes to amend and restate the 2004 Plan to:

Delete the deferral provision of the 2004 Plan, which allows a holder of stock options or stock appreciation rights granted pursuant to the 2004 Plan to irrevocably elect to defer the delivery of proceeds from the exercise of such rights;

Delete the Director Fee Option Grant Program of the 2004 Plan, which allows non-employee board members to elect to apply all or a portion of their annual retainer fee otherwise payable in cash to the acquisition of special in-the-money options; and

Revise the 2004 Plan to reflect the fact that the Board should not have discretion to reprice options or other stock rights in a way such that the exercise price of the stock rights would be below the fair market value of the underlying stock as of the date of grant.

In all other respects, the existing terms of the 2004 Plan will remain unchanged.

In consenting to this proposal, you will consent to the amendment and restatement of the 2004 Plan to reflect the proposed amendments. A full-text copy of the 2004 Plan, showing the proposed amendments, as well a full-text copy of the 2004 Plan as proposed to be amended and restated are attached hereto as Exhibit A and Exhibit B, respectively.

Reasons for the Proposed Amendments

The Company believes that it is in the best interest of the Company's stockholders and employees to revise the 2004 Plan as a measure of good faith compliance with Section 409A and final Treasury Regulations. Failure to comply with Code Section 409A will subject employees to current taxation on deferred earnings and subject the Company to excise taxes for withholding less than the proper amount of employee earnings as required by the IRS.

The Board of Directors unanimously recommends that you vote FOR this proposal.

PROPOSAL THREE
APPROVAL AND RATIFICATION OF AN AMENDMENT OF THE CERTIFICATE OF INCORPORATION TO AUTHORIZE THE BOARD THE DISCRETION TO EFFECT A REVERSE STOCK SPLIT OF OUR OUTSTANDING COMMON STOCK

The third proposal item to be voted on is the approval and ratification of an amendment of the Certificate of Incorporation to authorize our Board of Directors to effect a reverse stock split of our outstanding common stock in the range of one-for-three to one-for-five, without further approval of our stockholders, upon a determination by our Board of Directors that such a reverse stock split is in the best interest of the Company and our stockholders.

The Company is presently considering listing its common stock on the NASDAQ Global Market and de-listing from the American Stock Exchange (AMEX). In order to meet the NASDAQ Global Market listing requirements, the Company's common stock price must equal or exceed \$5.00 per share. As a result, the Board of Directors has determined that it may be in the best interest of the Company to effect a reverse stock split in the near future in an effort to increase the price of the Company's common stock above \$5.00 per share. As such, you are being asked to approve and ratify an amendment of the Certificate of Incorporation authorizing a reverse stock split in the range of one-for-three to one-for-five and granting the Board of Directors the discretion to effect the reverse stock split within this range at any time and at such ratio that it determines appropriate. Further discussion of the reasons for, and possible consequences of, the reverse stock split can be found below in the subsections titled Reasons for the Reverse Stock Split and Possible Effects of the Reverse Stock Split.

If this proposal is approved, the Board of Directors will have the authority, but not the obligation, in its sole discretion and without any further action on the part of the stockholders, to effect, at any time it believes to be most advantageous to the Company and its stockholders, but on or before December 31, 2008, a reverse stock split in the range of one-for-three to one-for-five. A reverse stock split would be effected by the filing of an Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware. The Board of Directors will have the ability to decline to file the Amended and Restated Certificate of Incorporation without further stockholder action if it subsequently determines that a reverse stock split is no longer in the best interest of the Company.

If the reverse stock split is effected, the number of shares of common stock owned by each stockholder will be reduced by the same proportion as the reduction in the total number of shares of common stock outstanding, so that the percentage of the outstanding common stock owned by each stockholder after the reverse stock split will remain approximately the same as the percentage owned before the reverse stock split. The proportions may not be exactly the same due to the treatment of fractional shares that may result from the reverse stock split. The proposed reverse stock split will reduce the number of shares of outstanding common stock as well as reduce proportionately the number of shares of authorized common stock. Depending on the reverse stock split ratio, if any, selected by the Board, the Company's authorized capital stock will be affected as follows:

	Outstanding Common Stock ⁽¹⁾	Outstanding Preferred Stock	Authorized Common Stock	Authorized Preferred Stock	Authorized Capital Stock
Current as of March 31, 2008⁽²⁾	87,617,760	4,000,000	150,000,000	5,000,000	155,000,000
One-for-Three	29,205,920	4,000,000	50,000,000	5,000,000	55,000,000
One-for-Four	21,904,440	4,000,000	37,500,000	5,000,000	42,500,000
One-for-Five	17,523,552	4,000,000	30,000,000	5,000,000	35,000,000

(1) Fully diluted.

(2) For comparison purposes.

The reverse stock split will not affect the par value of the common stock, nor will it affect any stockholder's proportionate voting power.

Although the number of shares of the Company's Series A Preferred Stock will not be affected, if and when the reverse stock split is effected, the Series A Preferred Stock will have a new conversion ratio based upon the reverse stock split and the Company will prepare a notice of such adjustment of the conversion price setting forth the adjusted conversion price and the effective date that such adjustment becomes effective, shall file such notice with the transfer agent for the Series A Preferred Stock and shall mail such notice of such adjustment of the Conversion Price to the holders of Series A Preferred Stock.

The Company has granted options to purchase the Company's common stock to its employees as authorized by the 2004 Plan, the 1999 Plan and the 1996 Stock Incentive Plan. In addition, the Company's 2002 Employee Stock Purchase Plan (the 2002 Plan) allows eligible employees to purchase Company common stock at a discount. The Company will continue to grant options to purchase Company common stock to its employees as authorized by the 2004 Plan and will continue to allow employees to purchase Company common stock under the 2002 Plan. The terms of the plans provide for appropriate adjustment in the number and class of shares reserved for granting of awards and in the number, class and prices of shares covered by the awards granted pursuant to the plans but not yet exercised. If the reverse stock split is implemented, the Board of Directors or the applicable plan administrator will take the above-mentioned appropriate action(s).

As the Company's common stock is registered under the 1934 Act, the Company is subject to the reporting and other requirements of the 1934 Act. The reverse split, if implemented, will not affect the registration of the Company's common stock under the 1934 Act or our reporting or other requirements thereunder. Our common stock is currently traded on AMEX under the symbol QD, subject to our continued satisfaction of the AMEX listing requirements. However, following the reverse stock split and contingent upon acceptance for listing by the NASDAQ, the Company plans to list its common stock on the NASDAQ Global Market and remove its common stock from listing on AMEX. While the primary reason for the proposed reverse stock split is to meet the listing requirements of, and obtain listing on, the NASDAQ Global Market, there can be no assurance that the Company's common stock will be accepted for listing on the NASDAQ Global Market. Further, as the reverse stock split is a prerequisite for acceptance for such listing, the reverse stock split will not occur simultaneously with a listing on the NASDAQ Global Market and may, if effected by the Board, occur whether or not the Company's common stock is accepted for listing on the NASDAQ Global Market. Finally, should the Company or its common stock not meet the more rigorous requirements for listing on the NASDAQ Global Market, or should the Board determine that it is in the best interest of the Company, the Company may seek to list its common stock on the NASDAQ Capital Market in lieu of the NASDAQ Global Market.

Reasons for the Reverse Stock Split

Obtaining a listing of the shares of the Company's common stock on the NASDAQ Global Market is the primary reason for the reverse stock split. Based upon the current market price of our common stock, the Company would not satisfy the \$5.00 minimum bid price requirement necessary for such a listing. Consequently, the Board of Directors intends to amend the Certificate of Incorporation to authorize a reverse stock split and to subsequently effect such a reverse stock split only if it believes that a decrease in the number of shares outstanding is likely to improve the trading market for the common stock. A reverse stock split would result in a recapitalization intended to increase the per share value of the Company's common stock. However, even if the Company effects the reverse stock split, there can be no assurance of an increase in the per share trading price of our common stock.

Our Board of Directors believes that a reverse stock split would also be beneficial for the follow reasons:

It could heighten the interest of the financial community in the Company and potentially broaden the pool of investors that may consider investing in the Company by increasing the trading price of our common stock and decreasing the number of outstanding shares of our common stock;

It could help to attract institutional investors who have internal policies that either prohibit them from purchasing stocks below a certain minimum price or tend to discourage individual brokers from

recommending such stocks to their customers. It may also encourage investors who had previously been dissuaded from purchasing our Company's common stock because commissions on lower-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks.

Text of the Proposed Amendment

If the Board determines to effect the reverse stock split upon the approval of the proposal by the shareholders, the Company proposes to amend the Certificate of Incorporation by adding the following provision to the end of Article Fourth:

(c) Reverse Stock Split. As of 12:01 A.M. (Eastern Time) on [], 2008 (the Effective Time), each issued and outstanding share of the Company's Common Stock, par value \$0.01 per share, (the Pre-Split Common Stock) shall be, and hereby is, automatically reclassified as and changed into [one- th(1/)] of a share of Common Stock, par value \$0.01 per share (the Post-Split Common Stock). No fractional shares shall be issued. Stockholders who, immediately prior to the Effective Time, own a number of shares Pre-Split Common Stock which is not evenly divisible by four shall, with respect to such fractional interest, be entitled to receive cash from the Company in lieu of fractions of shares of Post-Split Common Stock as provided below. The Corporation shall, as determined by the Board of Directors, arrange for the disposition of fractional interests by those otherwise entitled thereto, by the mechanism of having the exchange agent of the Company aggregate all fractional shares collectively held by Company stockholders into whole shares and arrange for them to be sold on the open market. Stockholders otherwise entitled to fractional shares will receive a cash payment in lieu thereof in an amount equal to the stockholder's pro rata share of the total net proceeds of these sales. Stockholders will not be entitled to receive interest for the period of time between the effective date of the reverse stock split and the date the stockholder receives his or her cash payment. Each certificate that, prior to the Effective Time, represented shares of Pre-Split Common Stock shall, from and after the Effective Time, represent that number of whole shares of Post-Split Common Stock into which the shares of Pre-Split Common Stock represented by such certificate shall have been reclassified and combined; provided, that each person holding of record one or more stock certificates that represented shares of Pre-Split Common Stock shall receive, upon surrender of such certificate(s) unless otherwise instructed by such holder, book-entry shares in lieu of one or more new certificates evidencing and representing the number of whole shares of Post-Split Common Stock to which such person is entitled under the foregoing reclassification and combination.

Further, if the reverse stock split as described in this Proposal Three is approved, and the Board determines to effect the reverse stock split, the amendment to the Company's Certificate of Incorporation to adjust the number of shares of common stock authorized for issuance will also amend section (a) of Article Fourth so that it shall read in one of the following three ways:

In the event of a one-for-three reverse split:

(a) The Corporation is authorized to issue 55,000,000 shares of capital stock, \$0.01 par value. The shares shall be divided into two classes, designated as follows:

Designation of Class	Number of Shares	Par Value
Common Stock	50,000,000	\$ 0.01
Preferred Stock	5,000,000	\$ 0.01
Total	55,000,000	

In the event of a one-for-four reverse split:

Edgar Filing: QUADRAMED CORP - Form PRE 14A

(a) The Corporation is authorized to issue 42,500,000 shares of capital stock, \$0.01 par value. The shares shall be divided into two classes, designated as follows:

Designation of Class	Number of Shares	Par Value
Common Stock	37,500,000	\$ 0.01
Preferred Stock	5,000,000	\$ 0.01
Total	42,500,000	

In the event of a one-for-five reverse split:

(a) The Corporation is authorized to issue 35,000,000 shares of capital stock, \$0.01 par value. The shares shall be divided into two classes, designated as follows:

Designation of Class	Number of Shares	Par Value
Common Stock	30,000,000	\$ 0.01
Preferred Stock	5,000,000	\$ 0.01
Total	35,000,000	

A copy of the proposed amended and restated Certificate of Incorporation, which includes the amendments proposed under this Proposal Three, and which assumes *for illustrative purposes only* a one-for-four reverse stock split, is attached to this proxy statement as Exhibit C.

Possible Effects of the Reverse Stock Split

Once the reverse stock split is implemented, Company common stockholders will own a fewer number of shares than they currently own. Although the Board expects that the reduction in outstanding shares of common stock will result in an increase in the per share price of the Company's common stock, there is no assurance that such a result will occur. Nor is there any assurance that the reverse stock split will result in a permanent increase in the per share price, which can be dependent on several factors.

Should the per share price of our common stock decline upon implementation of the reverse stock split, the percentage decline may be greater than would occur in the absence of the reverse split, due to the smaller number of shares outstanding.

The anticipated resulting increase in per share price of the Company's common stock would encourage interest in the Company's common stock and possibly promote greater liquidity for our stockholders. However, such liquidity could also be adversely affected by the reduced number of shares that would be outstanding after the reverse stock split.

The reverse stock split could be viewed negatively by the market and, consequently, could lead to a decrease in our overall market capitalization.

The primary purpose for the proposed reverse stock split is to secure listing on the NASDAQ Global Market or NASDAQ Capital Market. However, the reverse stock split is a prerequisite for listing and there can be no assurance that the NASDAQ will accept our common stock on these markets. If our common stock fails to list on the NASDAQ Global Market or NASDAQ Capital Market, we intend to remain on AMEX, and our liquidity may be negatively affected.

The number of shares held by each individual stockholder will be reduced if the reverse stock split is implemented. This will increase the number of stockholders who hold less than a round lot, or 100 shares. Typically, the transaction costs to stockholders selling odd lots are higher on a per share basis. Consequently, the reverse stock split could increase the transaction costs to existing stockholders in the event they wish to sell all or a portion of their shares.

Although the number of Series A Preferred Stock shares will remain the same after the reverse stock split, the conversion price for the Series A Preferred Stock will be adjusted to reflect the reverse stock split. As with the common stock, while the Board believes that the reduction in outstanding shares of common stock will likely also result in an increase in the per share price of the Series A Preferred Stock, there is no assurance that such price increase will occur, or, that if it does occur, that such price increase will be

permanent.

Procedures for Effecting the Reverse Stock Split and Filing Amended and Restated Certificate of Incorporation

If the stockholders approve the reverse stock split, the amendment of the Certificate of Incorporation will become effective upon the filing of an Amended and Restated Certificate of Incorporation with the Secretary of

State of the State of Delaware. The actual timing of any such filing will be made by the Board at such time as the Board believes to be most advantageous to the Company and its stockholders.

Payment for Fractional Shares

No fractional shares of common stock would be issued as a result of the reverse stock split, if any. Instead, each stockholder otherwise entitled to a fractional share would be entitled, upon surrender of the applicable stock certificate(s), to receive a cash payment (without interest) in lieu of such fractional share.

Exchange of Pre-Reverse Stock Split Shares with Post-Reverse Stock Split Shares

Upon implementing the reverse stock split, if any, our transfer agent will act as our exchange agent to act for holders of common stock in implementing the exchange of their pre-reverse stock split shares with post-reverse stock split shares.

Registered Book Entry Stockholder. Holders of common stock holding all of their shares electronically in book-entry form with the Company's transfer agent do not need to take any action (the exchange will be automatic) to receive post-reverse stock split shares or cash payment in lieu of any fractional share interest (as described above under "Payment for Fractional Shares"), if applicable.

Registered Certificated Stockholder. Some of our stockholders hold their shares in certificate form or a combination of certificate and book-entry entry form. If any of your shares are held in certificate form, you will receive a transmittal letter from the Company's transfer agent as soon as practicable after the effective date of the reverse stock split. The letter of transmittal will contain instructions on how to surrender your certificate(s) representing your pre-reverse stock split shares to the transfer agent. Upon receipt of your pre-reverse stock split certificate(s), you will be issued the appropriate number of shares electronically in book-entry form under the Direct Registration System (DRS), and if you are entitled to a payment in lieu of any fractional share interest, payment will be made as described above under "Payment for Fractional Shares." No new shares in book-entry form will be issued and no payment in lieu of any fractional share interest will be made to you until you surrender your outstanding pre-reverse stock split certificate(s), together with the properly completed and executed letter of transmittal, to the transfer agent. At any time after receipt of your DRS statement, you may request a stock certificate representing your ownership interest.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL REQUESTED TO DO SO.

Accounting Adjustments

Adjustments to our financial statements to reflect the reverse stock split, if any, are expected to be minimal. If the reverse stock split is approved by the stockholders and effected by the Board, the par value of our common stock will remain \$0.01 per share. As a result, on the effective date of the reverse stock split the stated capital of the common stock on our balance sheet will be reduced to approximately 20% (in a one-for-five split), 25% (in a one-for-four split) or 33% (in a one-for-three split) of its present amount, and the additional paid-in capital account will be increased with the amount by which the stated capital is reduced. Our stockholders' equity, in the aggregate, will remain unchanged. Our historical earnings per share data would also be restated to reflect the reverse stock split. The expected immediate effect of the reverse stock split in the market would be an increase in the trading price per share for our common stock and a decrease in the number of post-reverse stock split

shares of common stock available for trading, as compared to pre-reverse stock split levels.

Certain Material U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following summary of the federal income tax consequences of a reverse stock split, if any, is for general information only. The summary does not address stockholders subject to special rules, such as persons who

acquired shares of the Company's common stock in compensatory transactions, certain financial institutions, tax-exempt entities, regulated investment companies, insurance companies, partnerships or other pass-through entities, persons who are not U.S. citizens or taxed as U.S. resident aliens, persons subject to the alternative minimum tax, traders in securities that elect to use a mark-to-market method of accounting, individual retirement accounts or tax-deferred accounts, dealers in securities or currencies, persons holding shares in connection with a hedging transaction, straddle, conversion transaction or a synthetic security or other integrated transaction, and stockholders whose functional currency is not the U.S. dollar. This summary is based on current law, including the Internal Revenue Code of 1986, as amended (the Code), administrative pronouncements, judicial decisions, existing and proposed Treasury Regulations, and interpretations of the foregoing, all as of March 31, 2008. All of the foregoing authorities are subject to change (possibly with retroactive effect) and any such change may result in U.S. federal income tax consequences to a stockholder that are materially different from those described below. This summary does not address tax considerations under state, local, foreign, and other laws.

Federal Income Tax Consequences to the Company

No gain or loss will be recognized by the Company as a result of the reverse stock split.

Federal Income Tax Consequences to the Stockholders

The reverse stock split is intended to constitute a reorganization within the meaning of section 368 of the Code. Accordingly, a stockholder generally will not recognize gain or loss for U.S. federal income tax purposes on the reverse stock split (except with respect to any cash received in lieu of a fractional share as described below). The aggregate adjusted basis of the post-reverse stock split shares will be the same as the aggregate adjusted basis of the pre-reverse stock split shares exchanged therefor (excluding any portion of the stockholder's basis allocated to fractional share interests), and the holding period(s) of the post-reverse stock split shares received will include the stockholder's respective holding period(s) for the pre-reverse stock split shares exchanged.

Because the cash payment for fractional share interests represents a mere mechanical rounding off incident to the recapitalization, a stockholder who receives cash for fractional shares should generally recognize gain or loss, as the case may be, for U.S. federal income tax purposes measured by the difference between the amount of cash received and the tax basis of such stockholder's pre-reverse stock split shares corresponding to the fractional share interest. Such gain or loss will be capital gain or loss (if such stock was held as a capital asset), and any such capital gain or loss will generally be long-term capital gain or loss to the extent such stockholder's holding period exceeds 12 months. The deductibility of capital losses may be subject to certain limitations.

Backup Withholding

A non-corporate stockholder may be subject to backup withholding at a 28% rate on cash payments received pursuant to the reverse stock split unless such stockholder provides a correct taxpayer identification number to his or her broker or to the Company and otherwise complies with applicable requirements of the backup withholding rules. Backup withholding is not an additional U.S. federal income tax. Rather, any amount withheld under these rules will be creditable against the stockholder's U.S. federal income tax liability, provided the required information is furnished to the Internal Revenue Service.

Our view regarding the tax consequences of the reverse stock split is not binding on the Internal Revenue Service or the courts. ACCORDINGLY, EACH STOCKHOLDER SHOULD CONSULT HIS OR HER TAX ADVISOR TO DETERMINE THE PARTICULAR TAX CONSEQUENCES TO HIM OR HER OF A REVERSE STOCK SPLIT, INCLUDING THE APPLICATION AND EFFECT OF

Edgar Filing: QUADRAMED CORP - Form PRE 14A

FEDERAL, STATE, LOCAL AND/OR FOREIGN INCOME TAX AND OTHER LAWS.

PROPOSAL FOUR

APPROVAL OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The fourth proposal item to be voted on is to approve the appointment of BDO Seidman, LLP as QuadraMed's independent registered public accounting firm for the fiscal year ending December 31, 2008.

The Audit Committee has appointed, and the Board has approved, BDO Seidman, LLP to act as our independent registered public accounting firm for the fiscal year ending December 31, 2008. The Board has directed that such appointment be submitted to our stockholders for ratification. BDO Seidman, LLP has been the Company's independent registered public accounting firm for the preceding six fiscal years.

Stockholder ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm is not required. The Board, however, is submitting the appointment to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the appointment, the Board will reconsider whether or not to retain BDO Seidman, LLP or another firm. Even if the appointment is ratified, the Board, in its discretion, may direct the appointment of a different accounting firm at any time during the 2008 fiscal year if the Board determines that such a change would be in the best interest of the Company and its stockholders.

Representatives of BDO Seidman, LLP are expected to be present at the 2008 Annual Meeting of Stockholders and will have an opportunity to make a statement if they so desire. They will be available to respond to appropriate questions.

The Board of Directors unanimously recommends that you vote FOR this proposal.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors. All members of the Audit Committee meet the independence and knowledge requirements of the Sarbanes-Oxley Act of 2002 and the marketplace rules of the American Stock Exchange. The Audit Committee oversees QuadraMed's financial reporting process on behalf of the Board of Directors. The Audit Committee appoints and retains QuadraMed's independent registered public accounting firm, whose appointment is confirmed and ratified by the Board of Directors. Management has the primary responsibility for overseeing preparation of the financial statements and the overall reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2007 (the "Annual Report") with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee discussed with BDO Seidman, LLP, our independent registered public accounting firm who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, and not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has discussed with BDO Seidman, LLP such firm's independence from management and QuadraMed, and has received and reviewed the written disclosures and letter from BDO

Edgar Filing: QUADRAMED CORP - Form PRE 14A

Seidman, LLP required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as adopted by the Public Company Accounting Oversight Board in Rule 3600T.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements in the Annual Report for filing with the Securities and Exchange Commission. The Audit Committee and the Board of Directors have also recommended the selection of BDO Seidman, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008.

The Audit Committee is required under the provisions of its written charter to pre-approve all audit services and permissible non-audit services as set forth in Section 10A(i) of the 1934 Act. In fiscal year 2007, all audit and audit related services were either pre-approved by the Audit Committee or by the Chairman of the Audit Committee on behalf of the Audit Committee. To determine the number of shares of Common Stock available at any time for the granting of Awards, there shall be deducted from the total number of reserved shares of Common Stock, the number of shares of Common Stock in respect of which Awards have been granted pursuant to the Plan that are still outstanding or have been exercised. The shares of Common Stock to be issued upon the exercise of Awards granted pursuant to the Plan shall be made available from the authorized and unissued shares of Common Stock or shares subsequently acquired by the Company as treasury shares. If for any reason shares of Common Stock as to which an Award has been made are forfeited or otherwise cease to be subject to purchase thereunder, then such shares of Common Stock again shall be available for issuance pursuant to the exercise of Awards pursuant to the Plan.

(b) Subject to Paragraph 6(c), the maximum number of shares that may be covered by Awards granted to any one individual pursuant to Paragraph 7 (relating to Options) or Paragraph 9 (relating to SARs) shall be one million five hundred thousand (1,500,000) shares during any one calendar year period; and the maximum number of shares that may be issued to any one individual in conjunction with the Awards granted pursuant to Paragraph ~~10~~10 (relating to Restricted Stock Awards) shall be seven hundred fifty thousand (750,000) shares during any one calendar year period.

7. Terms and Conditions of Options

(a) Each Option granted pursuant to the Plan shall be evidenced by an Award Agreement in such form as the Committee may approve, which agreement shall be subject to the terms and conditions of this Plan, and shall contain such terms and conditions, as the Committee shall prescribe.

(b) The exercise price per share of Common Stock purchasable under an Option shall be determined by the Committee at the time the Option is granted but will ~~not~~never be less than the Fair Market Value of a share of Common Stock as of the date of the grant of such Options. The number of shares of Common Stock subject to the Option will be fixed in the Award Agreement.

(c) Each Option, subject to the other limitations set forth in the Plan, may extend for a period of up to ten (10) years from the date on which it is granted. The term of each Option shall be determined by the Committee at the time of grant of the Option, provided that if no term is established by the Committee the term of the Option shall be ten (10) years from the date on which it is granted.

(d) The Optionholder's right to exercise the Option shall vest as follows: (i) 25% of the Option shares shall vest upon the Participant's completion of one year of continuous service with the Company; and (ii) the balance of the Option shares shall vest in a series of thirty-six (36) equal successive monthly installments upon the Participant's completion of each additional month of continuous employment. Edgar Filing: QUADRAMED CORP - Form PRE 14A

A-5

other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Committee may deem appropriate. However, in the event of a Change in Control, any Option that is not then fully exercisable, shall become fully exercisable immediately prior to that Change in Control.

(e) Options shall be nontransferable and nonassignable, except that Options may be transferred by testamentary instrument or by the laws of descent and distribution, and shall be exercisable by the Participant during his lifetime only by him. Notwithstanding the foregoing, the Committee may set forth in the Award Agreement at the time of grant or thereafter, that the Option (other than an Incentive Stock Option) may be transferred to Immediate Family Members, to trusts solely for the benefit of such Immediate Family Members, and to partnerships in which such Immediate Family Members and/or trusts are the only partners. Any transfer of Options made under this provision shall not be effective until notice of such transfer is delivered to the Company. In the event an Option is transferred in accordance with the foregoing, the Option shall be exercisable solely by the transferee and shall remain subject to the provisions of the Plan. The Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(f) Upon voluntary or involuntary termination of a Participant's active service with the Company for any reason (including illness or disability), his or her Option and all rights thereunder shall terminate effective ninety (90) days, or two (2) years, in the case of an Insider, after the date the Optionholder ceases active, regular service with the Company, except (i) to the extent previously exercised and (ii) as provided in subparagraphs (g), (h) and (i) of this Paragraph 7-7: provided that in no event may any Option be exercised after the expiration of the term of the Option.

(g) In the event a Participant (i) takes a leave of absence from the Company for personal reasons or as a result of entry into the armed forces of the United States, or any of the departments or agencies of the United States government or (ii) terminates his or her employment or ceases providing services to the Company, by reason of illness, Permanent Disability, voluntary termination with the consent of the Committee, or other special circumstances, the Committee may consider his or her case and may take such action in respect of the related Award Agreement as it may deem appropriate under the circumstances, including accelerating the time previously granted Options may be exercised ~~and extending the time following the Participant's termination of active employment during which the Optionholder is entitled to purchase the shares of Common Stock subject to such Options;~~ provided that in no event may any Option be exercised after the expiration of the term of the Option; provided further that the Committee shall not have the discretion to take any action that would cause the Award or Award Agreement to be subject to an addition to tax pursuant to Section 409A of the Code (including applicable guidance promulgated thereunder).

(h) If a Participant dies during the term of his or her Option without having fully exercised the Option, the Optionholder or the person who inherits the right to exercise the Option by bequest or inheritance, shall have the right at any time following the Participant's death and for a period of one (1) year following the date of the Participant's death, or two (2) years in the case of Insider, to purchase the number of shares of Common Stock that the Optionholder was entitled to purchase at the date of death of the Participant, after which the Option shall lapse, provided that in no event may any Option be exercised after the expiration of the term of the Option. In the event of the death of the transferee of an Option transferred in accordance with Paragraph 7(e), above, the Option shall be exercisable by the executors, administrators, legatees or distributees of the transferee's estate, as the case may be, to the extent such Option was exercisable at the date of death of such transferee, for a period of one (1) year following the date of the transferee's death, or two (2) years in the case of Insider, provided that in no event may the Option be exercised after the expiration of the term of the Option.

(i) If a Participant ceases to actively provide services to the Company due to his or her retirement with the consent of the Company and without his or her Option having been fully exercised, then the Optionholder shall have the right within ninety (90) days of the Participant's termination of employment, or

two (2) years in the case of an Insider, to purchase the number of shares of Common Stock that the Optionholder was entitled to purchase at the date of the Participant's termination, after which the Option shall lapse, provided that in no event may any Option be exercised after the expiration of the term of the Option. The Committee may cancel an Option during the post-termination exercise period referred to in this paragraph, if the Participant engages in Detrimental Activity as defined in subparagraph 1412(a) or otherwise engages in employment or activities contrary, in the opinion of the Committee, to the best interests of the Company. The Committee shall determine in each case whether a termination of employment shall be considered a retirement with the consent of the Company, and, subject to applicable law, whether a leave of absence shall constitute a termination of active service for the Company. Any such determination of the Committee shall be final and binding on all persons, unless overruled by the Board.

(j) Notwithstanding the foregoing, in the event of the termination of a Participant's employment for Cause, all outstanding Options granted to such Participant shall terminate and expire as of the commencement of business on the effective date of such termination.

(k) In addition to the general terms and conditions set forth in the Paragraph 7 in respect of Options granted pursuant to the Plan, Incentive Stock Options granted pursuant to the Plan shall be subject to the following additional terms and conditions:

(i) Incentive Stock Options shall be granted only to individuals who, at the date of grant of the Option, are employees of the Company or a Subsidiary;

(ii) No employee who owns beneficially (or is treated as owning pursuant to the stock attribution rules of Section 424 of the Code and the regulations promulgated thereunder) more than 10% of the total combined voting power of all classes of stock of the Company shall be eligible to be granted an Incentive Stock Option, unless the exercise price per share is at least 110% of the Fair Market Value of the Common Stock subject to the Option on the date of grant of the Option and the Option, by its terms, is not exercisable after the expiration of five years from the date the Option is granted;

(iii) To the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Common Stock ~~is with respect to~~ which ~~an Option is~~ Options are exercisable for the first time by the Participant during any calendar year (and taking into account all incentive stock option plans of the Company) exceeds \$100,000, ~~that number of whole shares for which an Option issued hereunder is exercisable with an aggregate fair market value in excess of this \$100,000 limit shall not be treated as having been granted under an Incentive Stock Option~~ such Options will be bifurcated into Incentive Stock Options for the first \$100,000 of Common Stock and into Nonqualified Stock Options for the excess Common Stock over the \$100,000 limitation; and

(iv) Any other terms and conditions specified by the Board that are not inconsistent with the Plan, except that such terms and conditions must be consistent with the requirements for incentive stock options under Section 422 of the Code.

8. Methods of Exercise of Options

(a) An Optionholder (or other person or persons, if any, entitled to exercise an Option hereunder) desiring to exercise an Option granted pursuant to the Plan as to all or part of the shares of Common Stock covered by the Option shall (i) notify the Company in writing to that effect at its principal executive offices prior to 4:30 p.m. Washington, D.C. time on the day of exercise (which must be a business day at the executive offices of the Company), specifying the number of shares of Common Stock to be purchased and the method of payment therefor, and (ii) make payment for the shares of Common Stock so purchased in accordance with this Paragraph 8. Such written notice may be given by means of a facsimile or other electronic transmission. If a facsimile or other electronic transmission is used, the Optionholder should mail the original

Edgar Filing: QUADRAMED CORP - Form PRE 14A

executed copy of the written notice to the Company promptly thereafter.

(b) Payment shall be made by delivery to the Company at the address set forth in subparagraph 8(a) by the Optionholder of either (i) United States currency in an amount equal to the aggregate purchase price of

A-7

the shares of Common Stock as to which such exercise relates or (ii) at the discretion of the Committee, and to the extent permitted by applicable statutes and regulations, shares of other Common Stock then held by the Optionholder that are owned free and clear of any liens, claims, encumbrances or security interests and that are valued at Fair Market Value on the date of exercise. Subject to any restrictions on Insiders pursuant to Section 13(k) of the Exchange Act (and rules and regulations promulgated thereunder), the Committee may permit the exercise of the Award and payment of any applicable withholding tax in respect of an Award by delivery of notice, subject to the Company's receipt from a third party of payment (or commitment to make payment) in full in cash for the exercise price and the applicable withholding taxes prior to issuance of Common Stock, in the manner and subject to the procedures as may be established by the Committee.

(c) Holders of Nonqualified Stock Options shall be entitled, at or prior to the time the written notice provided for in subparagraph 8(a) is delivered to the Company, to elect to deliver previously owned shares of Common Stock upon exercise of the Option to satisfy any withholding taxes attributable to the exercise of the Option. If the Committee does not include any provisions relating to this withholding feature in its resolutions granting the Option or in the Award Agreement, however, the maximum amount that an Optionholder may elect to have withheld from the shares of Common Stock otherwise deliverable upon exercise or the maximum number of previously owned shares an Optionholder may deliver shall be equal to the minimum federal and state withholding. Notwithstanding the foregoing provisions, the Committee may include in the Award Agreement relating to any such Option provisions limiting or eliminating the Optionholder's ability to pay his withholding tax obligation with shares of Common Stock or, if no such provisions are included in the Award Agreement but in the opinion of the Committee such withholding would have an adverse tax, accounting or other effect on the Company, at or prior to exercise of the Option, the Committee may so limit or eliminate the Optionholder's ability to pay his or her withholding tax obligation with shares of Common Stock. Notwithstanding the foregoing provisions, a holder of a Nonqualified Stock Option may not elect any of the methods of satisfying his withholding tax obligation in respect of any exercise if, in the opinion of counsel to the Company, such method would not be in compliance with all applicable laws and regulations.

(d) An Optionholder at any time may elect in writing to abandon an Option in respect of all or part of the number of shares of Common Stock as to which the Option shall not have been exercised.

(e) An Optionholder shall have none of the rights of a stockholder of the Company until the shares of Common Stock covered by the Option are issued to him or her upon exercise of the Option.

9. Stock Appreciation Rights

The Committee may grant SARs pursuant to the Plan, which shall be evidenced by Award Agreements in such form as the Committee shall, from time to time, approve. SARs shall be subject to such terms and conditions as the Committee shall impose, including the following:

(a) The per share exercise price of any SAR under the Plan shall be determined by the Committee at the time of the grant of the SAR, but shall not be less than the Fair Market Value of a share of Common Stock as of the date of the grant of such SAR.

(b) A SAR shall be exercisable on such date or dates, during such period and for such number of shares of Common Stock as shall be determined by the Committee and set forth in the Agreement evidencing the SAR. In the event of a Change in Control, any SAR that is not then fully exercisable, shall become fully exercisable immediately prior to that Change in Control.

(c) A SAR shall entitle the Participant to receive from the Company that number of shares of Common Stock having an aggregate value equal to (or, in the discretion of the Committee, less than) the excess of the Fair Market Value of one share of Common Stock on the exercise date over

Edgar Filing: QUADRAMED CORP - Form PRE 14A

(iv) If the Common Stock is not at the time traded on any Stock Exchange, is not reported on the Nasdaq National Market or a successor system, and is not otherwise publicly traded, then the Fair Market Value shall be established by the Committee acting in good faith and taking into consideration all factors which it deems appropriate, including, without limitation, recent sale or offer prices for the Common Stock in private arms-length transactions, but without regard to any restriction other than a restriction which, by its terms, will never lapse (as defined in Treasury Regulations section 1.83.3(h)), and subject to the applicable requirements, if any, of Section 409A of the Code.

(n) The term Immediate Family Member shall mean a Participant's spouse, parents, children, stepchildren, grandchildren and legal dependents.

(q) The term Nonqualified Stock Option shall mean any Option granted pursuant to the Plan that is not an Incentive Stock Option.

However, solely for purposes of the Non-Employee Director Option Grant Program, **Permanent Disability** or **Permanently Disabled** shall mean the inability of the non-employee Board member to perform his or her usual duties as a Board member by reason of any medically determinable physical or mental impairment expected to result in death or to be of continuous duration of twelve (12) months or more.

(v) The term **Plan** shall mean the QuadraMed Corporation 2004 Stock Compensation Plan, as the same may be amended from time to time.

(w) The **Prior Plan** shall mean the QuadraMed Corporation 1996 Stock Incentive Plan and the QuadraMed Corporation 1999 Supplemental Stock Option Plan, as applicable.

(x) The term **Restricted Stock** means shares of Common Stock awarded under the Plan that are subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service or achievement of performance or other objectives, as determined by the Committee pursuant to Paragraph 10 of the Plan.

(y) The term **Restricted Stock Unit** shall mean an Award payable in cash or Common Stock and represented by a bookkeeping credit where the amount represented by the bookkeeping credit of each Restricted Stock Unit equals the Fair Market Value of a share of Common Stock on the date of grant and which amount shall be subsequently increased or decreased to reflect the Fair Market Value of a share of Common Stock on any date from the date of grant up to the date the Restricted Stock Unit is paid to the Participant in cash or Common Stock. Restricted Stock Units are not outstanding shares of Common Stock and do not entitle a Participant to voting or other rights with respect to Common Stock; provided, however, that an Award of Restricted Stock Units may provide for the crediting of additional Restricted Stock Units based on the value of dividends paid on Common Stock while the Award is outstanding.

(z) The term **Stock Appreciation Right** or **SAR** shall mean a right to receive, either in cash or Common Stock, as determined by the Committee, the excess of the Fair Market Value of a share of Common Stock on the exercise date over the exercise price of the SAR, which right is granted pursuant to Paragraph 9 hereof and subject to the terms and conditions contained herein.

(aa) The term **Stock Exchange** shall mean the American Stock Exchange, the New York Stock Exchange, the Boston Stock Exchange or any other national securities exchange within the meaning of the Exchange Act.

This Plan shall become effective upon stockholder approval, provided that such approval is received before the expiration of one year from the date this Plan is approved by the Board, and provided further that the Board may make Awards pursuant to the Plan prior to such stockholder approval if such Awards by their terms are contingent upon subsequent stockholder approval of this Plan.

4. Administration

(a) The Plan shall be administered by the Committee.

(b) The Committee may establish, from time to time and at any time, subject to the limitations of the Plan as set forth herein, such rules and regulations and amendments and supplements thereto, as it deems necessary to comply with applicable law and regulation and for the proper administration of the Plan. A majority of the members of the Committee shall constitute a quorum. The vote of a majority of a quorum shall constitute action by the Committee.

(c) Notwithstanding the provisions of this Paragraph 4, the Chief Executive Officer of the Company, shall have authority to grant to any person, other than an Insider, an annual Award or Awards up to an aggregate of 50,000 shares of Common Stock per Participant; and any such Award or Awards shall, for purposes of this Plan, be considered as the action of the Committee.

(d) Awards shall be granted by the Company and shall become effective only after prior approval of the Committee, and upon the execution of an Award Agreement between the Company and the recipient of the Award.

(e) An employee that is granted an Award is required, no later than the date as of which the value of the grant first becomes includible in the employee's gross income for U.S. federal income tax purposes, to pay to the Company, or to make arrangements satisfactory to the Company regarding payment of all applicable taxes required by law to be withheld by the Company with respect to the Award grant. The obligations of the Company under the Plan are conditional on the employee's making of such payments or arrangements, and the Committee may condition the delivery of any shares or other benefits under the Plan on satisfaction of the applicable withholding obligations. The Committee, in its discretion, and subject to such requirements as the Committee may impose prior to the occurrence of such withholding, may permit such withholding obligation to be satisfied through cash payments, through the surrender of shares of Common Stock which the participant already owns, or through the surrender of shares of Common Stock to which the Participant is otherwise entitled under the Plan.

(f) The Committee's interpretation and construction of the provisions of the Plan and the rules and regulations adopted by the Committee shall be final and binding on all persons, unless otherwise determined by the Board. No member of the Committee or the Board shall be liable for any action taken or determination made, in respect of the Plan, in good faith.

(g) The Committee may impose such other terms and conditions, as it deems advisable, including, without limitation, restrictions and requirements relating to (i) the registration, listing or qualification of the Common Stock, (ii) the grant or exercise of purchase rights under the Plan, or (iii) the shares of Common Stock acquired under the Plan.

(h) Notwithstanding any other provisions of the Plan, the Company shall have no obligation to deliver any shares of Common Stock under the Plan or make any other distribution of any benefit under the Plan unless such delivery or distribution would comply with all applicable laws and the applicable requirements of the Exchange Act or any securities exchange or similar entity.

5. Participation in the Plan

Edgar Filing: QUADRAMED CORP - Form PRE 14A

(a) Participation in the Plan shall be limited to the employees of the Company (including prospective employees conditioned on their becoming employees) and any advisor, consultant, director or other person providing services to the Company who shall be designated by the Committee.

(b) No member of the Committee shall participate in deliberations concerning the granting of, and the terms and conditions of, his or her own Award.

B-4

6. Stock Subject to the Plan

(a) The amount of Common Stock which may be made subject to Awards under this Plan shall be 4,536,369 shares, which is the amount of shares of Common Stock available for, and not made subject to, grants of options or other awards under the Prior Plans as of March 29, 2004, subject to adjustment based upon grants under the Prior Plans between March 29, 2004 and the Effective Date of the Plan. To determine the number of shares of Common Stock available at any time for the granting of Awards, there shall be deducted from the total number of reserved shares of Common Stock, the number of shares of Common Stock in respect of which Awards have been granted pursuant to the Plan that are still outstanding or have been exercised. The shares of Common Stock to be issued upon the exercise of Awards granted pursuant to the Plan shall be made available from the authorized and unissued shares of Common Stock or shares subsequently acquired by the Company as treasury shares. If for any reason shares of Common Stock as to which an Award has been made are forfeited or otherwise cease to be subject to purchase thereunder, then such shares of Common Stock again shall be available for issuance pursuant to the exercise of Awards pursuant to the Plan.

(b) Subject to Paragraph 6(c), the maximum number of shares that may be covered by Awards granted to any one individual pursuant to Paragraph 7 (relating to Options) or Paragraph 9 (relating to SARs) shall be one million five hundred thousand (1,500,000) shares during any one calendar year period; and the maximum number of shares that may be issued to any one individual in conjunction with the Awards granted pursuant to Paragraph 10 (relating to Restricted Stock Awards) shall be seven hundred fifty thousand (750,000) shares during any one calendar year period.

(c) In the event of a recapitalization, stock split, reverse stock split, stock dividend, combination of shares of Common Stock, share exchange or any similar corporate transaction or event in respect of the Common Stock, the Plan will be appropriately adjusted in the number and class of shares reserved for the granting of Awards. Awards granted pursuant to the Plan but not then exercised will be proportionately adjusted to reflect such event; provided that the aggregate exercise price of the adjusted Award will not be less than the aggregate exercise price of the Award prior to such event. The Board shall make such adjustments, and its determination shall be final, binding and conclusive.

7. Terms and Conditions of Options

(a) Each Option granted pursuant to the Plan shall be evidenced by an Award Agreement in such form as the Committee may approve, which agreement shall be subject to the terms and conditions of this Plan, and shall contain such terms and conditions, as the Committee shall prescribe.

(b) The exercise price per share of Common Stock purchasable under an Option shall be determined by the Committee at the time the Option is granted but will never be less than the Fair Market Value of a share of Common Stock as of the date of the grant of such Options. The number of shares of Common Stock subject to the Option will be fixed in the Award Agreement.

(c) Each Option, subject to the other limitations set forth in the Plan, may extend for a period of up to ten (10) years from the date on which it is granted. The term of each Option shall be determined by the Committee at the time of grant of the Option, provided that if no term is established by the Committee the term of the Option shall be ten (10) years from the date on which it is granted.

(d) The Optionholder's right to exercise the Option shall vest as follows: (i) 25% of the Option shares shall vest upon the Participant's completion of one year of continuous service with the Company; and (ii) the balance of the Option shares shall vest in a series of thirty-six (36) equal successive monthly installments upon the Participant's completion of each additional month of continuous employment. The Committee may, however, provide in the Award Agreement that the right to exercise each Option for the number of shares subject to each Option shall vest in the

Edgar Filing: QUADRAMED CORP - Form PRE 14A

Optionholder over any other shorter or longer period, or in periodic installments that may, but need not, be equal; and the Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on

B-5

performance or other criteria) as the Committee may deem appropriate. However, in the event of a Change in Control, any Option that is not then fully exercisable, shall become fully exercisable immediately prior to that Change in Control.

(e) Options shall be nontransferable and nonassignable, except that Options may be transferred by testamentary instrument or by the laws of descent and distribution, and shall be exercisable by the Participant during his lifetime only by him. Notwithstanding the foregoing, the Committee may set forth in the Award Agreement at the time of grant or thereafter, that the Option (other than an Incentive Stock Option) may be transferred to Immediate Family Members, to trusts solely for the benefit of such Immediate Family Members, and to partnerships in which such Immediate Family Members and/or trusts are the only partners. Any transfer of Options made under this provision shall not be effective until notice of such transfer is delivered to the Company. In the event an Option is transferred in accordance with the foregoing, the Option shall be exercisable solely by the transferee and shall remain subject to the provisions of the Plan. The Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(f) Upon voluntary or involuntary termination of a Participant's active service with the Company for any reason (including illness or disability), his or her Option and all rights thereunder shall terminate effective ninety (90) days, or two (2) years, in the case of an Insider, after the date the Optionholder ceases active, regular service with the Company, except (i) to the extent previously exercised and (ii) as provided in subparagraphs (g), (h) and (i) of this Paragraph 7; provided that in no event may any Option be exercised after the expiration of the term of the Option.

(g) In the event a Participant (i) takes a leave of absence from the Company for personal reasons or as a result of entry into the armed forces of the United States, or any of the departments or agencies of the United States government or (ii) terminates his or her employment or ceases providing services to the Company, by reason of illness, Permanent Disability, voluntary termination with the consent of the Committee, or other special circumstances, the Committee may consider his or her case and may take such action in respect of the related Award Agreement as it may deem appropriate under the circumstances, including accelerating the time previously granted Options may be exercised; provided that in no event may any Option be exercised after the expiration of the term of the Option; provided further that the Committee shall not have the discretion to take any action that would cause the Award or Award Agreement to be subject to an addition to tax pursuant to Section 409A of the Code (including applicable guidance promulgated thereunder).

(h) If a Participant dies during the term of his or her Option without having fully exercised the Option, the Optionholder or the person who inherits the right to exercise the Option by bequest or inheritance, shall have the right at any time following the Participant's death and for a period of one (1) year following the date of the Participant's death, or two (2) years in the case of Insider, to purchase the number of shares of Common Stock that the Optionholder was entitled to purchase at the date of death of the Participant, after which the Option shall lapse, provided that in no event may any Option be exercised after the expiration of the term of the Option. In the event of the death of the transferee of an Option transferred in accordance with Paragraph 7(e), above, the Option shall be exercisable by the executors, administrators, legatees or distributees of the transferee's estate, as the case may be, to the extent such Option was exercisable at the date of death of such transferee, for a period of one (1) year following the date of the transferee's death, or two (2) years in the case of Insider, provided that in no event may the Option be exercised after the expiration of the term of the Option.

(i) If a Participant ceases to actively provide services to the Company due to his or her retirement with the consent of the Company and without his or her Option having been fully exercised, then the Optionholder shall have the right within ninety (90) days of the Participant's termination of employment, or two (2) years in the case of an Insider, to purchase the number of shares of Common Stock that the Optionholder was entitled to purchase at the date of the Participant's termination, after which the Option shall lapse, provided that in no event may any Option be exercised after the expiration of the term of the

Option. The Committee may cancel an Option during the post-termination exercise period referred to in this paragraph, if the Participant engages in Detrimental Activity as defined in subparagraph 12(a) or otherwise engages in employment or activities contrary, in the opinion of the Committee, to the best interests of the Company. The Committee shall determine in each case whether a termination of employment shall be considered a retirement with the consent of the Company, and, subject to applicable law, whether a leave of absence shall constitute a termination of active service for the Company. Any such determination of the Committee shall be final and binding on all persons, unless overruled by the Board.

(j) Notwithstanding the foregoing, in the event of the termination of a Participant's employment for Cause, all outstanding Options granted to such Participant shall terminate and expire as of the commencement of business on the effective date of such termination.

(k) In addition to the general terms and conditions set forth in the Paragraph 7 in respect of Options granted pursuant to the Plan, Incentive Stock Options granted pursuant to the Plan shall be subject to the following additional terms and conditions:

(i) Incentive Stock Options shall be granted only to individuals who, at the date of grant of the Option, are employees of the Company or a Subsidiary;

(ii) No employee who owns beneficially (or is treated as owning pursuant to the stock attribution rules of Section 424 of the Code and the regulations promulgated thereunder) more than 10% of the total combined voting power of all classes of stock of the Company shall be eligible to be granted an Incentive Stock Option, unless the exercise price per share is at least 110% of the Fair Market Value of the Common Stock subject to the Option on the date of grant of the Option and the Option, by its terms, is not exercisable after the expiration of five years from the date the Option is granted;

(iii) To the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Common Stock with respect to which Options are exercisable for the first time by the Participant during any calendar year (and taking into account all incentive stock option plans of the Company) exceeds \$100,000, such Options will be bifurcated into Incentive Stock Options for the first \$100,000 of Common Stock and into Nonqualified Stock Options for the excess Common Stock over the \$100,000 limitation; and

(iv) Any other terms and conditions specified by the Board that are not inconsistent with the Plan, except that such terms and conditions must be consistent with the requirements for incentive stock options under Section 422 of the Code.

8. Methods of Exercise of Options

(a) An Optionholder (or other person or persons, if any, entitled to exercise an Option hereunder) desiring to exercise an Option granted pursuant to the Plan as to all or part of the shares of Common Stock covered by the Option shall (i) notify the Company in writing to that effect at its principal executive offices prior to 4:30 p.m. Washington, D.C. time on the day of exercise (which must be a business day at the executive offices of the Company), specifying the number of shares of Common Stock to be purchased and the method of payment therefor, and (ii) make payment for the shares of Common Stock so purchased in accordance with this Paragraph 8. Such written notice may be given by means of a facsimile or other electronic transmission. If a facsimile or other electronic transmission is used, the Optionholder should mail the original executed copy of the written notice to the Company promptly thereafter.

Edgar Filing: QUADRAMED CORP - Form PRE 14A

(b) Payment shall be made by delivery to the Company at the address set forth in subparagraph 8(a) by the Optionholder of either (i) United States currency in an amount equal to the aggregate purchase price of the shares of Common Stock as to which such exercise relates or (ii) at the discretion of the Committee, and to the extent permitted by applicable statutes and regulations, shares of other Common Stock then held by the Optionholder that are owned free and clear of any liens, claims, encumbrances or security interests and that are valued at Fair Market Value on the date of exercise. Subject to any restrictions on Insiders pursuant to Section 13(k) of the Exchange Act (and rules and regulations promulgated thereunder), the Committee

B-7

may permit the exercise of the Award and payment of any applicable withholding tax in respect of an Award by delivery of notice, subject to the Company's receipt from a third party of payment (or commitment to make payment) in full in cash for the exercise price and the applicable withholding taxes prior to issuance of Common Stock, in the manner and subject to the procedures as may be established by the Committee.

(c) Holders of Nonqualified Stock Options shall be entitled, at or prior to the time the written notice provided for in subparagraph 8(a) is delivered to the Company, to elect to deliver previously owned shares of Common Stock upon exercise of the Option to satisfy any withholding taxes attributable to the exercise of the Option. If the Committee does not include any provisions relating to this withholding feature in its resolutions granting the Option or in the Award Agreement, however, the maximum amount that an Optionholder may elect to have withheld from the shares of Common Stock otherwise deliverable upon exercise or the maximum number of previously owned shares an Optionholder may deliver shall be equal to the minimum federal and state withholding. Notwithstanding the foregoing provisions, the Committee may include in the Award Agreement relating to any such Option provisions limiting or eliminating the Optionholder's ability to pay his withholding tax obligation with shares of Common Stock or, if no such provisions are included in the Award Agreement but in the opinion of the Committee such withholding would have an adverse tax, accounting or other effect on the Company, at or prior to exercise of the Option, the Committee may so limit or eliminate the Optionholder's ability to pay his or her withholding tax obligation with shares of Common Stock. Notwithstanding the foregoing provisions, a holder of a Nonqualified Stock Option may not elect any of the methods of satisfying his withholding tax obligation in respect of any exercise if, in the opinion of counsel to the Company, such method would not be in compliance with all applicable laws and regulations.

(d) An Optionholder at any time may elect in writing to abandon an Option in respect of all or part of the number of shares of Common Stock as to which the Option shall not have been exercised.

(e) An Optionholder shall have none of the rights of a stockholder of the Company until the shares of Common Stock covered by the Option are issued to him or her upon exercise of the Option.

9. Stock Appreciation Rights

The Committee may grant SARs pursuant to the Plan, which shall be evidenced by Award Agreements in such form as the Committee shall, from time to time, approve. SARs shall be subject to such terms and conditions as the Committee shall impose, including the following:

(a) The per share exercise price of any SAR under the Plan shall be determined by the Committee at the time of the grant of the SAR, but shall not be less than the Fair Market Value of a share of Common Stock as of the date of the grant of such SAR.

(b) A SAR shall be exercisable on such date or dates, during such period and for such number of shares of Common Stock as shall be determined by the Committee and set forth in the Agreement evidencing the SAR. In the event of a Change in Control, any SAR that is not then fully exercisable, shall become fully exercisable immediately prior to that Change in Control.

(c) A SAR shall entitle the Participant to receive from the Company that number of shares of Common Stock having an aggregate value equal to (or, in the discretion of the Committee, less than) the excess of the Fair Market Value of one share of Common Stock on the exercise date over the exercise price per share specified in the Award Agreement evidencing the SAR times the number of shares called for by the Award Agreement evidencing the SAR. The Committee shall be entitled to cause the Company to settle its obligation, arising out of the exercise of a SAR, by the payment of cash equal to the aggregate Fair Market Value of the shares of Common Stock which the Company would otherwise be obligated to deliver, or partly by the payment of cash and partly by the delivery of Common Stock.

(d) Except as otherwise provided in an applicable Award Agreement, during the lifetime of a Participant, each SAR granted to a Participant shall be exercisable only by the Participant and no SAR shall

B-8

be assignable or transferable otherwise than by will or by the laws of descent and distribution. The Committee may, in any applicable Award Agreement evidencing a SAR, permit a Participant to transfer all or some of the SAR to (i) the Participant's Immediate Family Members, or (ii) a trust or trusts solely for the exclusive benefit of such Immediate Family Member and to partnerships in which such Immediate Family Members and/or trusts are the only partners.

(e) Unless otherwise provided in an applicable Award Agreement, in the event that the employment of a Participant with the Company shall terminate for any reason other than retirement with the consent of the Company, Cause, Permanent Disability or death (i) SARs granted to such Participant, to the extent that they were exercisable at the time of such termination, shall remain exercisable until the expiration of 90 days after such termination, or two (2) years after such termination in the case of an Insider, on which date they shall expire, and (ii) SARs granted to such Participant, to the extent that they were not exercisable at the time of such termination, shall expire at the close of business on the date of such termination; *provided, however*, that no SAR shall be exercisable after the expiration of its term.

(f) Unless otherwise provided in an applicable Award Agreement, in the event that the employment of a Participant with the Company shall terminate on account of the death or Permanent Disability of the Participant (i) SARs granted to such Participant, to the extent that they were exercisable at the time of such termination, shall remain exercisable until the expiration of one (1) year after such termination, or two (2) years in the case of an Insider, on which date they shall expire, and (ii) SARs granted to such Participant, to the extent that they were not exercisable at the time of such termination, shall expire at the close of business on the date of such termination; *provided, however*, that no SAR shall be exercisable after the expiration of its term.

(g) In the event of the termination of a Participant's employment for Cause, all outstanding SARs granted to such Participant shall expire as of the commencement of business on the effective date of such termination.

10. Terms and Conditions of Restricted Stock and Restricted Stock Unit Awards

(a) Each Award of Restricted Stock or Restricted Stock Units under the Plan shall be evidenced by an Award Agreement between the Participant and the Company in such form as the Committee may approve, which agreement shall be subject to the terms and conditions of this Plan and shall contain such terms and conditions as the Committee shall prescribe.

(b) Restricted Stock may be sold or awarded under the Plan for such consideration as the Committee may determine, including (without limitation) cash, cash equivalents, full-recourse promissory notes, past services and future services; *provided, however*, that to the extent that an Award consists of newly issued Restricted Stock, the Participant shall furnish consideration with a value not less than the par value of such Restricted Stock in the form of cash equivalents or past services rendered to the Company, as the Committee may determine.

(c) Each award of Restricted Stock or Restricted Stock Units will be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Award Agreement. During any restricted period, the Participant shall not be permitted to sell, transfer, pledge or assign any Restricted Stock awarded under this Plan. In the event of the Participant's retirement, Permanent Disability or death, or in cases of special circumstances, the Committee in its sole discretion may waive, in whole or in part, any or all remaining restrictions with respect to such Participant's Restricted Stock. Notwithstanding the foregoing, each Award Agreement shall provide that all Restricted Stock and Restricted Stock Units subject to the agreement shall become fully vested in the event that a Change in Control occurs.

(d) The Committee shall establish the criteria upon which the restriction period shall be based. Restrictions may be based upon either the continued employment of the Participant or upon the attainment by the Company of one or more measures of operating performance, including,

but not limited to: revenue, net income, EBITDA, cash flow and financial return ratios.

B-9

The Committee shall establish the specific targets for the selected criteria. These targets may be set at a specific level or may be expressed as relative to the comparable measure at comparison companies or a defined index. Performance objectives may be established in combination with restrictions based upon the continued employment of the Participant. These targets may be based upon the total Company or upon a defined business unit.

In cases where objective performance criteria are established, the Committee shall determine the extent to which the criteria have been achieved and the corresponding level to which restrictions will be removed from the Award or the extent to which a Participant's right to receive an Award should be lapsed in cases where the performance criteria have not been met and shall certify these determinations in writing. The Committee may provide for the determination of the attainment of such restrictions in installments where deemed appropriate.

(e) The amount payable to a Participant upon vesting of a Restricted Stock Unit shall be the amount of the bookkeeping credit with respect to such Restricted Stock Unit as of the date of vesting. Such amount shall be paid in cash or in Common Stock to the Participant at the time of vesting; provided that, in the discretion of the Committee, such amount may be paid after vesting in accordance with the Company's regular payroll practices as long as the payment is not made later than the 15th day of the third calendar month following the vesting date.

(f) The holders of Restricted Stock awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. An Award Agreement, however, may require (i) that dividends be in the form of additional Restricted Stock subject to the same conditions and restrictions as the Restricted Stock with respect to which the dividends are paid or (ii) that any cash dividends be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

(g) When an Award of Restricted Stock is granted hereunder, the Company shall issue uncertificated shares in book entry form in respect of such Restricted Stock, which shall be registered in the name of the Participant and shall be accompanied by an appropriate restrictive transfer instruction and stop transfer order on the books of the Company's transfer agent similar to the following:

The transferability of these shares is subject to the terms and conditions (including forfeiture) of a Restricted Stock Agreement entered into between the registered owner and QuadraMed Corporation. A copy of such agreement is on file in the offices of the Secretary of the Corporation.

(h) Upon the request of the Participant, certificate or certificates shall be issued in respect of such Restricted Stock, which shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award similar to the following:

The transferability of the shares represented by this certificate is subject to the terms and conditions (including forfeiture) of a Restricted Stock Agreement entered into between the registered owner and QuadraMed Corporation. A copy of such agreement is on file in the offices of the Secretary of the Corporation.

(i) In order to enforce the restrictions, terms and conditions that may be applicable to a Participant's shares of Restricted Stock, the Committee may require the Participant (i) upon the receipt of uncertificated shares in book entry form, or at any time thereafter, to permit the shares to be held at the Company's transfer agent in book entry form, or (ii) upon the receipt of a certificate or certificates representing such shares, or at any time thereafter, to deposit such certificate or certificates, together with stock powers and other instruments of transfer, appropriately endorsed in blank, with the Company or an escrow agent designated by the Company under an escrow agreement in such form as by the Committee shall prescribe.

11. Non-Employee Director Option Grant Program

1. *Grant Dates.* Nonqualified Stock Option grants under the Non-Employee Director Option Grant Program shall be made on the dates specified below:

A. Each individual who is first elected or appointed as a non-employee Board member at any time shall automatically be granted, on the date of such initial election or appointment, a Nonqualified Stock Option to purchase 46,000 shares of Common Stock (the Initial Grant), provided, that the individual has not previously been in the employ of the Company or any Subsidiary or Affiliate.

B. 2. *Exercise Price.*

A. The exercise price per share shall be equal to one hundred percent (100%) of the Fair Market Value per share of Common Stock as of the grant date.

B. The exercise price shall be payable in one or more of the alternative forms authorized under Paragraph 8. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the exercise date.

3. *Option Term.* Each Option shall have a term of ten (10) years measured from the Option grant date.

4. *Exercise and Vesting of Options.* The right of a non-employee Board Member to exercise each initial 46,000-share Option grant shall vest as follows: (i) one-half of the Option shares shall vest upon the Participant's completion of one (1) year of Board service measured from the Option grant date and (ii) the balance of the Option shares shall vest upon the Participant's completion of his or her second year of Board service measured from such grant date. The right of a non-employee Board Member to exercise a 12,000-share Option grant shall vest in a series of 12 successive equal monthly installments over the Participant's period of Board service.

5. *Termination of Board Service.* The following provisions shall govern the exercise of any Options held by the Participant at the time the Participant ceases to serve as a Board member:

Edgar Filing: QUADRAMED CORP - Form PRE 14A

A. The Participant shall have a two (2)-year period following the date of the Participant's cessation of Board service in which to exercise each such option for the number of vested shares of Common Stock for which the Option is exercisable at the time of the Participant's cessation of Board service.

B. In no event shall the Option remain exercisable after the expiration of the Option term. Upon the expiration of the post-termination exercise period or (if earlier) upon the expiration of the Option term, the Option shall terminate and cease to be outstanding for any vested shares for which the Option has not been exercised. However, the Option shall, immediately upon the Participant's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding to the extent the Option is not otherwise at that time exercisable for vested shares.

B-11

(b) Change In Control

In connection with any Change in Control, the shares of Common Stock at the time subject to each outstanding Option but not otherwise vested shall automatically vest in full so that each such Option shall, immediately prior to the effective date of the Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such Option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such Option shall remain exercisable for such fully-vested Option shares until the expiration or sooner termination of the Option.

(c) Remaining Terms.

The remaining terms of each Option granted under the Non-Employee Director Option Grant Program shall be the same as the relevant terms in effect for Option grants made under Paragraphs 7 and 8.

12. Cancellation and Rescission of Awards

(a) Unless the Award Agreement specifies otherwise, the Committee may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired or unpaid Awards at any time if the Participant is not in compliance with all applicable provisions of the applicable Award Agreement and the Plan, or if the Participant engages in any Detrimental Activity. Detrimental Activity shall include: (i) the rendering of services for any organization or engaging directly or indirectly in any business which is or becomes competitive with the Company or any Subsidiary or Affiliate, or which organization or business, or the rendering of services to such organization or business, is or becomes otherwise prejudicial to or in conflict with the interests of the Company or any Subsidiary or Affiliate; (ii) the disclosure to anyone outside the Company or any of its Subsidiaries and Affiliates, or the use in other than the Company's business, without prior written authorization from the Committee, of any confidential information or material, relating to the business of the Company or any of its Subsidiaries and Affiliates, acquired by the Participant either during or after his period of service with the Company; (iii) the failure or refusal to disclose promptly and to assign to the Company, all right, title and interest in any invention or idea, patentable or not, made or conceived by the Participant while employed by or otherwise performing services for the Company, relating in any manner to the actual or anticipated business, research or development work of the Company or any Subsidiary or Affiliate or the failure or refusal to do anything reasonably necessary to enable the Company or any Subsidiary or Affiliate to secure a patent where appropriate in the United States and in other countries; (iv) activity that results in termination of the Participant's employment for Cause (either as defined herein or in the Participant's employment agreement with the Company); (v) any attempt directly or indirectly to induce any employee or other person performing services for the Company or any Subsidiary or Affiliate to be employed or perform services elsewhere or any attempt directly or indirectly to solicit the trade or business of any current or prospective customer, supplier or partner of the Company or any Subsidiary or Affiliate; or (vi) any other conduct or act determined to be injurious, detrimental or prejudicial to any interest of the Company or any Subsidiary or Affiliate.

(b) Upon exercise, payment or delivery pursuant to an Award, the Participant shall certify in a manner acceptable to the Committee that he or she is in compliance with the terms and conditions of the Plan. In the event a Participant fails to comply with the provision of paragraphs (a)(i)-(vi) of this Paragraph 12 prior to, or during the six months after, any exercise, payment or delivery pursuant to an Award, such exercise, payment or delivery may be rescinded within two years thereafter. In the event of any such rescission, the Participant shall pay to the Company the amount of any gain realized or payment received as a result of the rescinded exercise, payment or delivery, in such manner and on such terms and conditions as may be required, and the Company shall be entitled to set-off the amount of any such gain against any amount owed to the Participant by the Company.

13. Repurchase of Shares

(a) Unless and to the extent a different repurchase right or obligation is specified in a separate agreement with the Participant, the Common Stock acquired in connection with an Award issued under this Plan shall be subject to a right (but not an obligation) of repurchase by the Company as described in this Paragraph 13. If the Participant transfers any shares of Common Stock, then this Paragraph 13 shall apply to the transferee to the same extent as to the Participant.

(b) If the Company exercises the right of repurchase, it shall pay the Participant an amount equal to the Fair Market Value for each of the shares of Common Stock being repurchased.

14. Amendments and Discontinuance of the Plan; Modification of Awards

(a) The Board shall have the right at any time and from time to time to amend, modify, or discontinue the Plan; provided, however, that, except as provided in subparagraph 6(c), no such amendment, modification, or discontinuance of the Plan shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirement of Section 422 of the Code, Section 162(m) of the Code, or any Nasdaq or Stock Exchange listing requirements.

(b) Subject to the terms and conditions of, and within the limitations of the Plan, the Committee may modify, extend or renew Awards under the Plan; provided, however, that the Committee shall not have the authority to (i) amend any Option or SAR to reduce the exercise price of the Option or SAR, (ii) accept the surrender or cancellation of any Options or any SARs and grant new Options or SARs in substitution therefore at an exercise price that is less than the exercise price of the Options or SARs surrendered or cancelled or (iii) otherwise reprice any outstanding Option or SAR. Subject to the foregoing, no amendment of any Award shall be effective to revoke or alter the terms of any valid Award previously granted pursuant to the Plan without the consent of the Participant.

15. Plan Subject to Governmental Laws and Regulations

The Plan and the grant and exercise of Awards pursuant to the Plan shall be subject to all applicable governmental laws and regulations. Notwithstanding any other provision of the Plan to the contrary, the Board may in its sole and absolute discretion make such changes in the Plan as may be required to conform the Plan to such laws and regulations, including but not limited to Section 409A of the Code and all applicable guidance promulgated thereunder.

16. Exclusion From Retirement and Fringe Benefit Computation

No portion of any Award under this Plan shall be taken into account as wages, salary or compensation for any purpose, whether in determining eligibility, benefits or otherwise, under (i) any pension, retirement, profit sharing or other qualified or non-qualified plan of deferred compensation, (ii) any employee welfare or fringe benefit plan including, but not limited to, group insurance, hospitalization, medical, disability and severance programs, or (iii) any form of extraordinary pay including but not limited to bonuses, sick pay, vacation pay, termination indemnities or the like.

17. Non-Guarantee of Employment

Nothing in the Plan or in any Award granted pursuant to the Plan shall be construed as a contract of employment between the Company or any Subsidiary or Affiliate, and selection of any person as a Participant in the Plan will not give that person the right to continue in the employ of the Company or any Subsidiary or Affiliate, the right to continue to provide services to the Company or any Subsidiary or Affiliate or as a limitation of the right of the Company or any Subsidiary or Affiliate to discharge any Participant or any other person at any time.

B-13

18. Liability Limited; Indemnification

(a) To the maximum extent permitted by Delaware law, neither the Company, the Board or the Committee nor any of its members, shall be liable for any action or determination made with respect to this Plan.

(b) In addition to such other rights of indemnification that they may have, the members of the Board and the Committee shall be indemnified by the Company to the maximum extent permitted by Delaware law against any and all liabilities and expenses incurred in connection with their service in such capacity.

19. Miscellaneous

(a) The headings in this Plan are for reference purposes only and shall not affect the meaning or interpretation of the Plan.

(b) This Plan shall be governed by, and construed in accordance with, the laws of the Commonwealth of Virginia, without regard to principles of conflict of laws of any jurisdiction.

(c) All notices and other communications made or given pursuant to this Plan shall be in writing and shall be sufficiently made or given if delivered or mailed, addressed to the Participant at the address contained in the records of the Company or to the Company at the principal executive offices of the Company.

20. Duration of the Plan

No Award shall be granted pursuant to the Plan after the tenth anniversary of the date the Plan was originally approved by the stockholders of the Company.

(Proposal Three)**FOURTH AMENDED AND RESTATED****CERTIFICATE OF INCORPORATION****OF****QUADRAMED CORPORATION**

FIRST. The name of the corporation is QuadraMed Corporation (the Corporation).

SECOND. The address of its registered office in the State of Delaware is 2711 Centerville Road, Suite 400, in the City of Wilmington 19808, County of New Castle. The name of its registered agent at such address is Corporation Service Company.

THIRD. The purpose of the Corporation is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of Delaware.

FOURTH. (a) The Corporation is authorized to issue 42,500,000 shares of capital stock, \$0.01 par value. The shares shall be divided into two classes, designated as follows:

Designation of Class	Number of Shares	Par Value
Common Stock	37,500,000	\$ 0.01
Preferred Stock	5,000,000	\$ 0.01
Total	42,500,000	

(b) The Preferred Stock may be issued from time to time in one or more series. The Board of Directors is expressly authorized, in the resolution or resolutions providing for the issuance of any wholly unissued series of Preferred Stock, to fix, state and express the powers, rights, designations, preferences, qualifications, limitations and restrictions thereof, including without limitation: the rate of dividends upon which and the times at which dividends on shares of such series shall be payable and the preference, if any, which such dividends shall have relative to dividends on shares of any other class or classes or any other series of stock of the Corporation; whether such dividends shall be cumulative or noncumulative, and if cumulative, the date or dates from which dividends on shares of such series shall be cumulative; the voting rights, if any, to be provided for shares of such series; the rights, if any, which the holders of shares of such series shall have in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation; the rights, if any, which the holders of shares of such series shall have to convert such shares into or exchange such shares for shares of stock of the Corporation, and the terms and conditions, including price and rate of exchange of such conversion or exchange; the redemption rights (including sinking fund provisions), if any, for shares of such series; and such other powers, rights, designations, preferences, qualifications, limitations and restrictions as the Board of Directors may desire to so fix. The Board of Directors is also expressly authorized to fix the number of shares constituting such series and to increase or decrease the number of shares of any series prior to the issuance of shares of that series and to increase or decrease the number of shares of any series subsequent to the issuance of shares of that series, but not to decrease such number below the number of shares of such series then outstanding.

Edgar Filing: QUADRAMED CORP - Form PRE 14A

In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series.

(c) Reverse Stock Split. As of 12:01 A.M. (Eastern Time) on [], 2008 (the Effective Time), each issued and outstanding share of the Company's Common Stock, par value \$0.01 per share, (the Pre-Split Common Stock) shall be, and hereby is, automatically reclassified as and changed into one-fourth (1/4) of a share of Common Stock, par value \$0.01 per share (the Post-Split Common Stock). No fractional shares shall be issued. Stockholders who, immediately prior to the Effective Time, own a number of shares Pre-Split Common Stock which is not evenly divisible by four shall, with respect to such fractional interest, be entitled to

C-1

receive cash from the Company in lieu of fractions of shares of Post-Split Common Stock as provided below. The Corporation shall, as determined by the Board of Directors, arrange for the disposition of fractional interests by those otherwise entitled thereto, by the mechanism of having the exchange agent of the Company aggregate all fractional shares collectively held by Company stockholders into whole shares and arrange for them to be sold on the open market. Stockholders otherwise entitled to fractional shares will receive a cash payment in lieu thereof in an amount equal to the stockholder's pro rata share of the total net proceeds of these sales. Stockholders will not be entitled to receive interest for the period of time between the effective date of the reverse stock split and the date the stockholder receives his or her cash payment. Each certificate that, prior to the Effective Time, represented shares of Pre-Split Common Stock shall, from and after the Effective Time, represent that number of whole shares of Post-Split Common Stock into which the shares of Pre-Split Common Stock represented by such certificate shall have been reclassified and combined; provided, that each person holding of record one or more stock certificates that represented shares of Pre-Split Common Stock shall receive, upon surrender of such certificate(s) unless otherwise instructed by such holder, book-entry shares in lieu of one or more new certificates evidencing and representing the number of whole shares of Post-Split Common Stock to which such person is entitled under the foregoing reclassification and combination.

FIFTH. In furtherance and not in limitation of the powers conferred by statute, the Board of Directors is authorized to make, alter or repeal any or all of the Bylaws of the Corporation; provided, however, that any Bylaw amendment adopted by the Board of Directors increasing or reducing the authorized number of Directors shall require the affirmative vote of a majority of the total number of Directors which the Corporation would have if there were no vacancies. In addition, new Bylaws may be adopted or the Bylaws may be amended or repealed by the affirmative vote of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class. Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, change, amend, repeal or adopt any provision inconsistent with, this Article FIFTH.

SIXTH. (a) Any action required or permitted to be taken by the stockholders of the Corporation must be effected at an annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing of such stockholders.

(b) Special meetings of stockholders of the Corporation may be called only (i) by the Chairman of the Board of Directors, (ii) by the Chairman or the Secretary at the written request of a majority of the total number of Directors which the Corporation would have if there were no vacancies upon not fewer than 10 nor more than 60 days' written notice, or (iii) by the holders of shares entitled to cast not less than 10 percent of the votes at such special meeting upon not fewer than 10 nor more than 60 days' notice. Any request for a special meeting of stockholders shall be sent to the Chairman and the Secretary and shall state the purposes of the proposed meeting. Special meetings of holders of the outstanding Preferred Stock may be called in the manner and for the purposes provided in the resolutions of the Board of Directors providing for the issue of such stock. Business transacted at special meetings shall be confined to the purpose or purposes stated in the notice of meeting.

(c) Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, change, amend, repeal or adopt any provision inconsistent with, this Article SIXTH.

SEVENTH. (a) The number of Directors which shall constitute the whole Board of Directors of this corporation shall be as specified in the Bylaws of this corporation, subject to this Article SEVENTH.

(b) The directors shall be elected at the annual meeting of stockholders by such stockholders as have the right to vote on such election. Each director shall serve for a term ending on the date of the first annual meeting

following such director's election; provided, that the term of each Director shall continue until his successor is duly elected and qualified and shall be subject to his earlier death, resignation or removal.

(c) Any Director or the entire Board of Directors may be removed by the affirmative vote of the holders of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

(d) Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, change, amend, repeal or adopt any provision inconsistent with, this Article SEVENTH.

EIGHTH. (a) 1. In addition to any affirmative vote required by law, any Business Combination (as hereinafter defined) shall require the affirmative vote of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class (for purposes of this Article EIGHTH, the Voting Shares). Such affirmative vote shall be required notwithstanding the fact that no vote may be required, or that some lesser percentage may be specified by law or in any agreement with any national securities exchange or otherwise.

2. The term Business Combination as used in this Article EIGHTH shall mean any transaction which is referred to in any one or more of the following clauses (A) through (E):

(A) any merger or consolidation of the Corporation or any Subsidiary (as hereinafter defined) with or into (i) any Interested Stockholder (as hereinafter defined) or (ii) any other corporation (whether or not itself an Interested Stockholder) which is, or after such merger or consolidation would be, an Affiliate (as hereinafter defined) or Associate (as hereinafter defined) of an Interested Stockholder; or

(B) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of related transactions) to or with, or proposed by or on behalf of, any Interested Stockholder or any Affiliate or Associate of any Interested Stockholder, of any assets of the Corporation or any Subsidiary constituting not less than five percent of the total assets of the Corporation, as reported in the consolidated balance sheet of the Corporation as of the end of the most recent quarter with respect to which such balance sheet has been prepared; or

(C) the issuance or transfer by the Corporation or any Subsidiary (in one transaction or a series of related transactions) of any securities of the Corporation or any Subsidiary to, or proposed by or on behalf of, any Interested Stockholder or any Affiliate or Associate of any Interested Stockholder in exchange for cash, securities or other property (or a combination thereof) constituting not less than five percent of the total assets of the Corporation, as reported in the consolidated balance sheet of the Corporation as of the end of the most recent quarter with respect to which such balance sheet has been prepared; or

(D) the adoption of any plan or proposal for the liquidation or dissolution of the Corporation, or any spin-off or split-up of any kind of the Corporation or any Subsidiary, proposed by or on behalf of an Interested Stockholder or any Affiliate or Associate of any Interested Stockholder; or

(E) any reclassification of securities (including any reverse stock split), or recapitalization of the Corporation, or any merger or consolidation of the Corporation with any of its Subsidiaries or any similar transaction (whether or not with or into or otherwise involving an Interested

Edgar Filing: QUADRAMED CORP - Form PRE 14A

Stockholder) which has the effect, directly or indirectly, of increasing the percentage of the outstanding shares of (i) any class of equity securities of the Corporation or any Subsidiary or (ii) any class of securities of the Corporation or any Subsidiary convertible into equity securities of the Corporation or any Subsidiary, represented by securities of such class which are directly or indirectly owned by any Interested Stockholder or any Affiliate or Associate of any Interested Stockholder.

C-3

(b) The provisions of section (a) of this Article EIGHTH shall not be applicable to any particular Business Combination, and such Business Combination shall require only such affirmative vote as is required by law and any other provision of this Certificate of Incorporation, if such Business Combination has been approved by two-thirds of the whole Board of Directors.

(c) For the purposes of this Article EIGHTH:

1. A person shall mean any individual, firm, corporation or other entity.

2. Interested Stockholder shall mean, in respect of any Business Combination, any person (other than the Corporation or any Subsidiary) who or which, as of the record date for the determination of stockholders entitled to notice of and to vote on such Business Combination, or immediately prior to the consummation of any such transaction

(A) is or was, at any time within two years prior thereto, the beneficial owner, directly or indirectly, of 15% or more of the then outstanding Voting Shares, or

(B) is an Affiliate or Associate of the Corporation and at any time within two years prior thereto was the beneficial owner, directly or indirectly, of 15% or more of the then outstanding Voting Shares, or

(C) is an assignee of or has otherwise succeeded to any shares of capital stock of the Corporation which were at any time within two years prior thereto beneficially owned by any Interested Stockholder, if such assignment or succession shall have occurred in the course of a transaction, or series of transactions, not involving a public offering within the meaning of the Securities Act of 1933, as amended.

3. A person shall be the beneficial owner of any Voting Shares

(A) which such person or any of its Affiliates and Associates (as hereinafter defined) beneficially own, directly or indirectly, or

(B) which such person or any of its Affiliates or Associates has (i) the right to acquire (whether such right is exercisable immediately or only after the passage of time), pursuant to any agreement, arrangement or understanding or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise, or (ii) the right to vote pursuant to any agreement, arrangement or understanding, or

(C) which are beneficially owned, directly or indirectly, by any other person with which such first mentioned person or any of its Affiliates or Associates has any agreement, arrangement or understanding for the purposes of acquiring, holding, voting or disposing of any shares of capital stock of the Corporation.

Edgar Filing: QUADRAMED CORP - Form PRE 14A

4. The outstanding Voting Shares shall include shares deemed owned through application of paragraph 3 above but shall not include any other Voting Shares which may be issuable pursuant to any agreement, or upon exercise of conversion rights, warrants or options, or otherwise.

5. Affiliate and Associate shall have the respective meanings given those terms in Rule 12b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as in effect on the date of adoption of this Certificate of Incorporation (the Exchange Act).

6. Subsidiary shall mean any corporation of which a majority of any class of equity security (as defined in Rule 3a11-1 of the General Rules and Regulations under the Exchange Act) is owned, directly or indirectly, by the Corporation; provided, however, that for the purposes of the definition of Interested Stockholder set forth in paragraph 2 of this section (c) the term Subsidiary shall mean only a corporation of which a majority of each class of equity security is owned, directly or indirectly, by the Corporation.

(d) A majority of the directors shall have the power and duty to determine for the purposes of this Article EIGHTH on the basis of information known to them, (1) whether a person is an Interested Stockholder, (2) the

C-4

number of Voting Shares beneficially owned by any person, (3) whether a person is an Affiliate or Associate of another, (4) whether a person has an agreement, arrangement or understanding with another as to the matters referred to in paragraph 3 of section (c) or (5) whether the assets subject to any Business Combination or the consideration received for the issuance or transfer of securities by the Corporation or any Subsidiary constitutes not less than five percent of the total assets of the Corporation.

(e) Nothing contained in this Article EIGHTH shall be construed to relieve any Interested Stockholder from any fiduciary obligation imposed by law.

(f) Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least 66-2/3% of the combined voting power of all shares of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, change, amend, repeal or adopt any provision inconsistent with, this Article EIGHTH.

NINTH. This Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred on stockholders herein are granted subject to this reservation.

TENTH. A Director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a Director, except for liability i) for any breach of the Director's duty of loyalty to the Corporation or its stockholders, ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, iii) under Section 174 of the General Corporation Law of Delaware or iv) for any transaction from which the Director derived any improper personal benefit. If the General Corporation Law of Delaware is hereafter amended to authorize, with the approval of a corporation's stockholders, further reductions in the liability of a corporation's directors for breach of fiduciary duty, then a Director of the Corporation shall not be liable for any such breach to the fullest extent permitted by the General Corporation Law of Delaware as so amended. Any repeal or modification of the foregoing provisions of this Article TENTH by the stockholders of the Corporation shall not adversely affect any right or protection of a Director of the Corporation existing at the time of such repeal or modification.
