Pierre Brondeau

President and

Chief Executive Officer

March 19, 2010

Dear Stockholder:

It is my pleasure to invite you to attend the Company's 2010 Annual Meeting of Stockholders. The meeting will be held on Tuesday, April 27, 2010, at 2:00 p.m. local time at the Top of the Tower, 1717 Arch Street, 50th Floor, Philadelphia, Pennsylvania. The Notice of Annual Meeting and Proxy Statement accompanying this letter describe the business to be conducted at the meeting.

During the meeting, I will report to you on the Company's earnings, results and other achievements during 2009 and on our outlook for 2010. We welcome this opportunity to have a dialogue with our stockholders and look forward to your comments and questions.

Your vote is important. **Please vote your proxy promptly so your shares can be represented.** Please see your proxy card for specific instructions on how to vote.

If you plan to attend the meeting, please send written notification to the Company's Investor Relations Department, 1735 Market Street, Philadelphia, Pennsylvania 19103, so that your name can be put on an admission list held at the registration desk at the entrance to the meeting. If your shares are held by a bank, broker or other intermediary and you plan to attend, you must enclose with your notification evidence of your ownership, such as a letter from the bank, broker or intermediary confirming your ownership or a bank or brokerage firm account statement. If you wish to vote at the meeting, please refer to the section of this proxy statement entitled "How to Vote" for specific instructions.

I look forward to seeing you on April 27th.

Sincerely,

Table of Contents

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

Tuesday, April 27, 2010

2:00 p.m.

Top of the Tower

50th Floor

1717 Arch Street

Philadelphia, Pennsylvania 19103

March 19, 2010

Dear Stockholder:

You are invited to the Annual Meeting of Stockholders of FMC Corporation. We will hold the meeting at the time and place noted above. At the meeting, we will ask you to:

- Elect four directors: Pierre Brondeau, Dirk A. Kempthorne, Robert C. Pallash and William G. Walter in Class III, each for a term of three years.
- Ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2010.
- Vote on any other business properly brought before the meeting.

MANAGEMENT RECOMMENDS A VOTE FOR BOTH OF THE PROPOSALS.

Your vote is important. To be sure your vote counts and assure a quorum, please vote, sign, date and return the enclosed proxy card whether or not you plan to attend the meeting; or if you prefer, please follow the instructions on the enclosed proxy card for voting by Internet or by telephone whether or not you plan to attend the meeting in person.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON APRIL 27, 2010:

- **The proxy statement and the annual report to security holders are available at www.fmc.com.**

By order of the Board of Directors,

Andrea E. Utecht

Vice President,

General Counsel and Secretary

I. Information About Voting

Solicitation of Proxies The Board of Directors of FMC Corporation (the Company or FMC) is soliciting proxies for use at the Company's 2010 Annual Meeting of Stockholders and any adjournments of that meeting. The Company first mailed this proxy statement, the accompanying form of proxy and the Company's Annual Report for 2009 on or about March 19, 2010.

Agenda Items The agenda for the Annual Meeting is to:

1. Elect four directors;
2. Ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2010; and
3. Conduct other business properly brought before the meeting.

Who Can Vote You can vote at the Annual Meeting if you are a holder of the Company's common stock, par value of \$0.10 per share (Common Stock), on the record date. The record date is the close of business on March 2, 2010. You will have one vote for each share of Common Stock. As of March 2, 2010, there were 72,803,933 shares of Common Stock outstanding.

How to Vote You may vote in one of four ways:

- You can vote by signing and returning the enclosed proxy card. If you do, the individuals named on the card will vote your shares in the way you indicate;
- You can vote by Internet;
- You can vote by telephone; or
- You can cast your vote at the Annual Meeting.

If you plan to cast your vote at the meeting, please send written notification to the Company's Investor Relations Department, 1735 Market Street, Philadelphia, Pennsylvania 19103, so that your name can be put on an admission list held at the registration desk at the entrance to the meeting. In addition, if you hold your shares through a broker or bank and you wish to vote at the Annual Meeting, you must obtain a legal proxy from them authorizing you to vote at the Annual Meeting. We will be unable to accept a vote from you at the Annual Meeting without that authorization. If you are a registered stockholder and wish to vote at the Annual Meeting, in addition to the above attendance notification, you must provide proper identification as the stockholder of record at the registration desk, but no additional authorization will be required in order to cast your vote.

Use of Proxies Unless you tell us on the proxy card to vote differently, we plan to vote signed and returned proxies **FOR** the Board nominees for director and **FOR** the ratification of KPMG LLP. We do not now know of any other matters to come before the Annual Meeting. If they do, proxy holders will vote the proxies according to their best judgment.

Quorum Requirement We need a quorum of stockholders to hold a valid Annual Meeting. A quorum will be present if the holders of at least a majority of the outstanding Common Stock entitled to vote at the meeting either attend the Annual Meeting in person or are represented by proxy at the Annual Meeting. Abstentions, broker non-votes (described below) and votes withheld are counted as present for the purpose of establishing a quorum.

Edgar Filing: FMC CORP - Form DEF 14A

Vote Required for Action Effective January 1, 2009, FMC's Board of Directors amended the Company's By-laws to provide that directors shall be elected by a majority of the votes cast in an uncontested election. These actions reflect FMC's dedication to maintaining the highest quality corporate governance practices and commitment to address stockholder concerns. Because the number of nominees properly nominated for the Annual Meeting is the same as the number of directors

Table of Contents

to be elected at the Annual Meeting, the election of directors is a non-contested election. As a result, any nominee who receives a majority of the votes cast with respect to his or her election at the Annual Meeting will be elected to the Board (or re-elected, in the case of any nominee who is an incumbent director). Incumbent nominees have tendered a contingent resignation which would become effective if (i) the nominee does not receive a majority of the votes cast with respect to his or her election at the Annual Meeting and (ii) the Board of Directors accepts such resignation. Other actions require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote at the meeting.

Abstentions or Lack of Instructions to Banks, Brokers, or Employee Benefit Plan Trustees Abstentions will not be counted as votes cast for the election of directors, and thus will have no effect on the election of directors. With respect to the ratification of the appointment of the independent registered public accounting firm, abstentions will have the effect of a vote against such proposal.

A broker non-vote occurs when a bank, broker or other nominee holding shares on behalf of a stockholder does not receive voting instructions from the stockholder with respect to a non-routine matter to be voted on at the Annual Meeting by a specified date before the Annual Meeting. Banks, brokers and other nominees may vote undirected shares on matters deemed routine in accordance with New York Stock Exchange rules, but they may not vote undirected shares on matters deemed non-routine in accordance with such rules. For this purpose, the ratification of the appointment of the independent registered public accounting firm is considered a routine matter and the election of directors is considered a non-routine matter. Nevertheless, in the event of a broker non-vote on any of the proposals at the Annual Meeting, the broker non-vote will not have any effect on any of the proposals inasmuch as broker non-votes are not counted as votes cast or as shares present and entitled to be voted with respect to any matter on which the broker has expressly not voted.

If you are entitled to vote shares held under an employee benefit plan and you either do not direct the trustee by April 23, 2010 how to vote your shares, or if you vote on some but not all matters that come before the Annual Meeting, the trustee will, in the case of shares held in the FMC Corporation Savings and Investment Plan, vote your undirected shares in proportion to the votes received from other participants, and in the case of the Company's other employee plans, vote your shares in the trustee's discretion, except to the extent that the plan or applicable law provides otherwise.

Revoking a Proxy You may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

- Sending a written notice to the Corporate Secretary of FMC;
- Delivering a properly executed, later-dated proxy;
- Attending the Annual Meeting and voting in person, provided that you comply with the conditions set forth in the section of this proxy statement above entitled "How to Vote"; or
- If your shares are held through an employee benefit plan, your revocation must be received by the trustee by April 23, 2010.

II. The Proposals To Be Voted On

Election of Directors

The Company has three classes of directors, each having a term of three years. Class terms expire on a rolling basis so that, in general, one class of directors is elected each year. The Company's By-laws require that any increase in the number of directors be apportioned among the classes so as to

Table of Contents

maintain the number of directors in each class as nearly equal as possible. Further, any additional director of any class elected to fill a vacancy resulting in an increase in that class holds office for a term that coincides with the remaining term of that class.

Nominees for Director The nominees for director this year are Pierre Brondeau, Dirk A. Kempthorne, Robert C. Pallash and William G. Walter. Messrs. Brondeau, Kempthorne, Pallash and Walter are incumbent directors who are members of Class III, each of whose term expires at the 2010 Annual Meeting, and they have been nominated for re-election to Class III. If re-elected, the Class III directors' next term will expire at the 2013 Annual Meeting, although as previously announced, Mr. Walter will retire from the Board effective September 30, 2010. Information about the nominees and the continuing directors is contained in the section of this proxy statement entitled "Board of Directors."

The Board of Directors expects that all of the nominees will be able and willing to serve as directors. If any nominee becomes unavailable, the proxies may be voted for another person nominated by the Board of Directors to fill the vacancy, or the size of the Board of Directors may be reduced.

The Board of Directors recommends a vote FOR the election of Pierre Brondeau, Dirk A. Kempthorne, Robert C. Pallash and William G. Walter.

Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has approved KPMG LLP continuing to serve as the Company's independent registered public accounting firm for 2010. For the years 2008 and 2009, KPMG's fees, all of which were approved by the Audit Committee, were as follows:

	(\$000)	
	2009	2008
· Audit Fees (1)	2,562	2,664
· Audit Related Fees (2)	300	252
· Tax Fees (3)	574	609
· All Other Fees (4)	290	281
· TOTAL	3,726	3,806

- (1) Fees for professional services performed by KPMG LLP for the integrated audit of the Company's annual consolidated financial statements and review of financial statements included in the Company's Form 10-Q filings, and other services that are normally provided in connection with statutory and regulatory filings or engagements.
- (2) Fees for services performed by KPMG that are reasonably related to the performance of the audit or review of the Company's financial statements. This includes employee benefit and compensation plan audits, any acquisition-related audit work, and attestations by KPMG that are required by statute or regulation.
- (3) Fees for professional services performed by KPMG with respect to tax compliance, tax advice and tax planning. This includes preparation of original and amended tax returns for the Company and its consolidated subsidiaries, refund claims, payment planning, and tax audit assistance.
- (4) Fees for other permissible work performed by KPMG that does not fall within the categories set forth above. For the years listed above, this work consists of tax filings for individual employees involved in the Company's expatriate program.

Pre-Approval of Independent Registered Public Accounting Firm Services The Committee has adopted a Pre-Approval Policy with respect to audit and non-audit services performed by its independent registered public accounting firm. The following is a summary of the Policy.

Prior to the commencement of services for a given year, the Audit Committee will grant pre-approvals of expected services and estimated fees, as presented by the independent registered public accounting firm. The independent registered public accounting firm will routinely update the Committee during the year in which the services are performed as to the actual services provided and related fees pursuant to the Pre-Approval

Policy.

Table of Contents

Unexpected services not captured under the Pre-Approval Policy, or where actual fees exceed pre-approved amounts, will require specific approval before the services may be rendered. Requests or applications to provide such services that require specific approval by the Audit Committee will be submitted to the Chairman of the Audit Committee and to the Company's Chief Financial Officer or his designate by the independent registered public accounting firm.

The request or application must include a statement as to whether, in the view of both the independent registered public accounting firm and the Chief Financial Officer or his designate, such request or application is consistent with the rules of the Securities and Exchange Commission (SEC) regarding auditor independence. Authority to grant approval for such services has been delegated to the Chairman of the Audit Committee, subject to a \$100,000 limit for each request, and provided that any such approval would then be reviewed by the full Committee at the next regularly scheduled meeting. Any such request exceeding that amount would require the approval of the full Audit Committee.

The Audit Committee has determined that the independence of KPMG LLP has not been adversely impacted as a result of the non-audit services performed by such accounting firm.

We expect a representative of KPMG LLP to attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires and also will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2010.

Table of Contents

III. Board of Directors

Nominees for Director

Class III New Term Expiring in 2013

Pierre Brondeau

Principal Occupation: President and Chief Executive Officer, FMC Corporation

Age: 52

Director Since: 2010

Before joining the Company in January 2010, Mr. Brondeau served as President and Chief Executive Officer, Dow Advanced Materials Division, until his retirement in September 2009. Prior to Dow's acquisition of Rohm and Haas Company in April 2009, he was President and Chief Operating Officer of Rohm and Haas from May 2008. Mr. Brondeau held numerous executive positions during his tenure at Rohm and Haas from 1989 through May 2008. He is also a member of the Board of Directors of Tyco Electronics. Mr. Brondeau's current role as President and CEO of the Company and his former senior executive positions in the chemical industry make him an important contributor to the Board.

Dirk A. Kempthorne

Principal Occupation: President, The Kempthorne Group, a consulting firm

Age: 58

Director Since: 2009

Secretary Kempthorne was appointed the 49th United States Secretary of the Interior in June 2006 and served in that capacity until January 2009. From January 1999 until his appointment as Secretary of the Interior, Secretary Kempthorne served as the Governor of Idaho. He was also a United States Senator representing the State of Idaho from 1993 to 1999 and was the Mayor of Boise, Idaho from 1986 to 1993. Secretary Kempthorne has been Chairman of the National Governors Association, Chairman of the Western Governors Association and President of the Council of State Governments. He also served as a member of the Homeland Security Task Force. Secretary Kempthorne's lengthy experience in government, both on the federal and state level, makes him well qualified to serve as a director of the Company, which interfaces with numerous regulatory agencies in several facets of its operations.

Table of Contents

Robert C. Pallash

Principal Occupation: President, Global Customer Group and Senior Vice President of Visteon Corporation, an automotive parts manufacturer

Age: 58

Director Since: 2008

Mr. Pallash has served as President, Global Customer Group and Senior Vice President of Visteon Corporation, an automotive parts manufacturer, since January 2008. From August 2005 to January 2008, Mr. Pallash was Senior Vice President, Asia Customer Group for Visteon. He joined Visteon in September 2001 as Vice President, Asia Pacific. Prior to that time, Mr. Pallash served as President of TRW Automotive Japan from 1999. Mr. Pallash serves on the Board of Directors of Halla Climate Controls in South Korea, a majority-owned subsidiary of Visteon Corporation. Mr. Pallash's international experience, particularly in Asia where the Company seeks to grow its business, enables him to bring significant value as a member of the Board.

William G. Walter

Principal Occupation: Chairman, FMC Corporation

Age: 64

Director Since: 2000

Mr. Walter is the Chairman of the Board of Directors of the Company. Until December 31, 2009, Mr. Walter was also President and Chief Executive Officer of the Company, having been elected to those positions, as well as Chairman, in 2001. He had been Executive Vice President of the Company since 2000. Mr. Walter joined the Company in 1974 as a Business Planner in corporate headquarters. He became General Manager of the Company's former Defense Systems International Division in 1986, Director of Commercial Operations of the Company's Agricultural Chemicals Group in 1991, General Manager of the Company's Alkali Chemicals Division in 1992 and Vice President and General Manager of the Company's Specialty Chemicals Group in 1997. He is a member of the Boards of Directors of the American Chemistry Council, the National Association of Manufacturers, International Paper Company and New York Life Insurance Company. Mr. Walter's lengthy experience in managing the Company's business makes him uniquely qualified for continued service as a director. In connection with his resignation as President and Chief Executive Officer of the Company, Mr. Walter announced his intention to resign from the Board effective September 30, 2010. Accordingly, if Mr. Walter is elected at the Annual Meeting, he will serve until his resignation on September 30, 2010.

Table of Contents

Directors Continuing in Office

Class II Term Expiring in 2012

Patricia A. Buffler

Principal Occupation: Dean Emerita and Professor of Epidemiology, School of Public Health, University of California, Berkeley

Age: 71

Director Since: 1994

Dr. Buffler served as Dean of the School of Public Health, University of California, Berkeley, from 1991 to 1998 and has been a Professor since 1991. She received her BSN from Catholic University of America in 1960, and a master's degree in health administration and epidemiology and a Ph.D. in epidemiology from the University of California, Berkeley in 1965 and 1973, respectively. She has served as an advisor to the World Health Organization, the National Institutes of Health, the U.S. Public Health Service Centers for Disease Control and Prevention, the U.S. Environmental Protection Agency, the U.S. Department of Energy, the U.S. Department of Defense, and the National Research Council. She was elected as a Fellow of the American Association for the Advancement of Science in 1992 and served as an officer for the Medical Sciences section from 1994-2000. She has served as President for the Society for Epidemiological Research (1986), the American College of Epidemiology (1992), and the International Society for Environmental Epidemiology (1992-1993). In 1994, she was elected to the Institute of Medicine, National Academy of Sciences. Currently, Dr. Buffler serves as Vice President for Research and a member of the Board of the Lovelace Respiratory Research Institute, Treasurer and a member of the Executive Committee of the International Epidemiological Association, and a member of the Board and Executive Committee of the National Board of Public Health Examiners. Dr. Buffler's significant academic achievements in epidemiology, and her role as an advisor on environmental health and safety and work-related exposures, allow her to bring an important perspective to the Board, given the nature of the Company's business as a chemical manufacturer.

G. Peter D Aloia

Principal Occupation: Former Senior Vice President and Chief Financial Officer of Trane, Inc., a diversified supplier of air conditioning systems and related services

Age: 65

Director Since: 2002

From February 2000 until June 2008, Mr. D Aloia served as Senior Vice President and Chief Financial Officer of Trane, Inc. (formerly American Standard Companies, Inc.). Prior to that, he was employed by AlliedSignal Inc. (now known as Honeywell), a diversified industrial company, most recently serving as Vice President-Strategic Planning and Business Development. He spent 28 years with AlliedSignal Inc. in diverse management positions, including Vice President-Taxes, Vice President and Treasurer, Vice President and Controller, and Vice President and Chief Financial Officer for the Engineered Materials sector. He is a member of the Boards of Directors of AirTran Airways and Wabco, Inc.

Edgar Filing: FMC CORP - Form DEF 14A

Mr. D Aloia's significant financial and business experience resulting from senior executive and financial roles in large manufacturing operations, and service as a director of other public companies, make him eminently qualified to be a director of the Company and to serve as a financial expert on the Audit Committee.

Table of Contents

C. Scott Greer

Principal Occupation: Principal, Greer and Associates, a private investment management firm

Age: 59

Director Since: 2002

Since June 2006, Mr. Greer has been a principal in Greer and Associates, a private investment management firm. Until June 2005, he was Chairman of Flowserve Corporation, a manufacturer of industrial flow management equipment. He served as Chairman from April 2000, and as its Chief Executive Officer from January 2000. Mr. Greer joined Flowserve Corporation in 1999 as President and Chief Operating Officer. Prior to that, he was President of UT Automotive, a subsidiary of United Technologies Corporation, a supplier of automotive systems and components, from 1997 to 1999. He was President and a director of Echlin, Inc., an automotive parts supplier, from 1990 to 1997, and its Chief Operating Officer from 1994 to 1997. Mr. Greer served on the Board of Directors of Washington Group from 2002 to 2007. He was also a member of the Board of Directors of eMedicalFiles, Inc. Mr. Greer's experience in senior executive roles, including as Chairman and CEO of a publicly-traded global manufacturing operation, as well as his service as a director of other public companies, enable him to make a significant contribution as a director of the Company.

Paul J. Norris

Principal Occupation: Retired Chairman and Chief Executive Officer of W. R. Grace & Co., a manufacturer of specialty chemicals

Age: 62

Director Since: 2006

Until May 2005, Mr. Norris served as Chairman and Chief Executive Officer of W. R. Grace & Co., a manufacturer of specialty chemicals. Mr. Norris was actively engaged in W. R. Grace's businesses for the six years prior to his retirement as Chief Executive Officer. He resigned as a member of W. R. Grace's Board of Directors in February 2010. Mr. Norris joined W.R. Grace as President and CEO in November 1998 and became Chairman in January 1999. W. R. Grace filed for bankruptcy protection under Chapter 11 of the U.S. Bankruptcy Code in April 2001. Prior to joining W.R. Grace, Mr. Norris was at AlliedSignal Inc. (now known as Honeywell) for nine years and served as Senior Vice President and President, Specialty Chemicals, from 1997 to 1998; President, AlliedSignal Polymers Division from 1994 to 1997; and President, AlliedSignal Chemicals & Catalysts (formerly Fluorine Products Division) from 1989 to 1994. From 1981 to 1989, Mr. Norris served in various executive capacities with Engelhard Corporation, including President of Catalysts and Chemicals, Senior Vice President and General Manager of Catalysts, and Vice President and Business Director for Petroleum Catalysts. Mr. Norris has previously served on the Board of Directors of Borden Chemicals, Inc. He is a director of Nalco Holding Company, the Non-Executive Chairman of the Board of Directors of Sealy Corporation, and performs advisory services for Kohlberg Kravis Roberts & Co., currently the majority shareholder of Sealy Corporation. As the former Chairman and CEO of a specialty chemical company and with over 30 years in the chemical industry, Mr. Norris has significant business experience relevant to the Company which makes him well qualified to serve as a director.

Table of Contents

Directors Continuing in Office

Class I Term expiring in 2011

Edward J. Mooney

Principal Occupation: Retired Chairman and Chief Executive Officer, Nalco Chemical Company

Age: 68

Director Since: 1997

From March 2000 to March 2001, Mr. Mooney served as Délégué Général North America, Suez Lyonnaise des Eaux. He was Chairman and Chief Executive Officer of Nalco Chemical Company from 1994 to 2000. He serves as a director of The Northern Trust Company, FMC Technologies, Inc., Cabot Microelectronics Corporation, PolyOne Corporation, and Commonwealth Edison Company (a wholly-owned subsidiary of Exelon Corporation). Mr. Mooney's prior role as Chairman and CEO of a publicly-traded chemical company, as well as his service on a number of other public company boards, have provided him with valuable experience facing issues relevant to the Company.

Enrique J. Sosa

Principal Occupation: Former President, BP Amoco Chemicals

Age: 69

Director Since: 1999

Mr. Sosa was President of BP Amoco Chemicals from January 1, 1999 to April 1999. From 1995 to 1998, he was Executive Vice President of Amoco Corporation. Prior to joining Amoco, Mr. Sosa served as Senior Vice President of The Dow Chemical Company, President of Dow North America and a member of its Board of Directors. Mr. Sosa has previously served on the Board of Directors of Electronic Data Systems, Dow Corning Corporation and Destec Energy, Inc. He also served as a member of the Executive Committee of the American Plastics Council, a member of the Executive Committee of the American section of the Society of Chemical Industry, and a member of the American Chemical Council. Mr. Sosa is currently a director of MEDNAX and The Northern Trust Company. He also served on the Board of Amtrak. Mr. Sosa's senior executive roles in a number of chemical manufacturing companies, both in the U.S. and internationally, as well as service on several public company boards, enable him to provide valuable insight into the business and operations of the Company.

Table of Contents

Vincent R. Volpe, Jr.

Principal Occupation: Chief Executive Officer and President of Dresser-Rand Group, Inc., an industrial equipment supplier

Age: 52

Director Since: 2007

Mr. Volpe is the Chief Executive Officer, President and a director of Dresser-Rand Group, Inc., a leading supplier of rotating equipment solutions to the worldwide oil, gas, petrochemical and process industries. He has served in those positions since his election in September 2000. Previously he served as Chief Operating Officer of Dresser-Rand Group, Inc. from 1999 until September 2000. Since joining Dresser-Rand in 1981, Mr. Volpe has held several diverse management positions. Most recently, he served as President, Turbo Products Division from 1997-1999; President-Europe from 1996-1997; Vice President and General Manager, Turbo Products Division-European Operations from 1993-1996; Executive Vice President, European Operations from 1992-93; Vice President, Marketing and Engineering, Steam & Turbo Products-European Operations. Mr. Volpe is currently a Trustee of St. Bonaventure University, a member of the Board of Directors of the New York State Business Council, and a member of the Board of Directors of Archbishop Walsh High School (Olean, NY). In his current role as the CEO of a large manufacturing company and with his significant international experience, Mr. Volpe has the experience necessary to provide valuable oversight to the Company in the conduct of its business.

Table of Contents

IV. Information about the Board of Directors and Corporate Governance

Meetings

During 2009, the Board of Directors held five regular meetings. All incumbent directors attended at least 75% of the total number of meetings of the Board and all committees on which they served.

Committees and Independence of Directors

The Board of Directors has five standing committees: an Audit Committee, a Compensation and Organization Committee, a Nominating and Corporate Governance Committee, an Executive Committee, and a Public Policy Committee.

The Audit Committee, Compensation and Organization Committee, and Nominating and Corporate Governance Committee are all composed of non-employee directors each of whom has been determined by the Board to be independent, on the basis set forth below. With the exception of the Chief Executive Officer and the Chairman of the Board, no director or nominee is currently, or was within the past three years, employed by the Company, its subsidiaries or affiliates.

The Board has affirmatively determined that none of the non-employee directors has any material business, family or other relationship with the Company, its subsidiaries or affiliates other than as a director, and that they all qualify as independent. Specifically, the independent directors are Dr. Buffler and Messrs. D Aloia, Greer, Kempthorne, Mooney, Norris, Pallash, Sosa, and Volpe. In order to be considered independent by the Board, a director or nominee must meet the requirements set forth in the SEC and New York Stock Exchange (NYSE) rules regarding independence.

Mr. Volpe is an executive officer of an entity that makes sales to the Company. The Board has determined that none of these transactions, individually or in the aggregate, were material to either the Company or the other entity, and that the transaction amounts involved fall well below the thresholds established by the NYSE for determining independence. FMC's purchases from Dresser-Rand Group, Inc. were \$234,889 in 2007, \$92,374 in 2008 and \$1,476,891 in 2009. There were no FMC sales to Dresser-Rand Group, Inc. during that three-year period. On that basis, the Board has concluded that Mr. Volpe meets the independence standards applied by the Board.

Audit Committee

The Board of Directors has adopted a written charter that outlines the duties of the Audit Committee, including conducting an annual self-assessment. A copy of the Charter is posted on the Company's website, as described in the section below entitled Corporate Governance Documents. The principal duties of this Committee, among other things, include:

- Review the effectiveness and adequacy of the Company's internal controls

- Review the annual report, proxy statement and periodic SEC filings such as the Company's reports on Form 10K and 10Q, including Management's Discussion and Analysis, and ensure that the Company's financial reports fairly represent its operations

- Review the effectiveness, scope and performance of activities of the independent registered public accounting firm and the internal auditor function

- Review significant changes in accounting policies

- Select the independent registered public accounting firm and confirm its independence

- Review potentially significant litigation

Table of Contents

- Review federal income tax issues
- Review the Company's policies with respect to risk assessment and risk management
- Review with management the Company's earnings releases
- Monitor the Company's compliance with legal and regulatory requirements

- Pre-approve audit and non-audit services provided by the independent registered public accounting firm

Members: Mr. D. Aloia (Chair), Mr. Mooney, Mr. Pallash, and Mr. Volpe. The Board of Directors has determined that Mr. D. Aloia meets the SEC requirements for an audit committee financial expert and all current members of the committee are financially literate as required by the NYSE. The Board has also determined that no current committee member sits on the audit committee of more than three public companies.

Number of Meetings in 2009: 6

Compensation and Organization Committee

The Board of Directors has adopted a written charter that outlines the duties of the Compensation and Organization Committee, including conducting an annual self-assessment. A copy of the Charter is posted on the Company's website, as described in the section below entitled "Corporate Governance Documents".

The principal duties of this Committee are discussed more fully in the Compensation Discussion and Analysis, and include, among other things:

- Review and approve compensation policies and practices for senior executives
- Establish the total compensation for the Chief Executive Officer
- Review and approve major changes in the Company's employee benefit programs
- Approve Annual Incentive awards and equity awards and grants made under the Company's Incentive Compensation and Stock Plan
- Review the Compensation Discussion and Analysis and based on such review, recommend to the Board of Directors that it be included in the annual proxy statement
- Review significant organizational changes and management succession planning
- Recommend to the Board of Directors candidates for officers of the Company
- Evaluate the Chief Executive Officer and oversee evaluation of management performance

Edgar Filing: FMC CORP - Form DEF 14A

Members: Mr. Mooney (Chair), Mr. Greer, Mr. Norris and Mr. Sosa.

Number of Meetings in 2009: 3

Nominating and Corporate Governance Committee

The Board of Directors has adopted a written charter that outlines the duties of the Nominating and Corporate Governance Committee, including conducting an annual self-assessment. A copy of the Charter is posted on the Company's website, as described in the section below entitled Corporate Governance Documents. The principal duties of this Committee, among other things, include:

- Review and recommend candidates for director
- Recommend Board of Directors meeting formats and processes

12

Table of Contents

- Oversee corporate governance, including an annual review of governance principles
- Review and approve director compensation policies, including the determination of director compensation
- Oversee Board of Directors and Committee evaluation procedures
- Determine director independence
- Recommend whether to accept or reject a director resignation or take other action, where a director has failed to receive a majority of votes cast in an uncontested director election
Members: Mr. Greer (Chair), Dr. Buffler, Mr. D Aloia, Mr. Kempthorne and Mr. Volpe.

Number of Meetings in 2009: 4

Executive Committee

The Executive Committee acts in place of the Board of Directors when the full Board of Directors is not in session.

Members: Mr. Walter (Chair), Mr. Brondeau, Mr. D Aloia and Mr. Mooney.

The Executive Committee did not meet during 2009.

Public Policy Committee

The Board of Directors has adopted a written charter that outlines the duties of the Public Policy Committee. The principal duties of this Committee, among other things, include:

- Review the Company's government and legislative programs and relations
- Report to the Audit Committee on the Company's legal compliance efforts
- Review the Company's public relations initiatives and its environmental, occupational safety and process safety compliance
Members: Dr. Buffler (Chair), Mr. Kempthorne, Mr. Norris, Mr. Pallash, and Mr. Sosa.

Number of Meetings in 2009: 1

Director Who Presides Over Executive Sessions

In accordance with the FMC Corporation Statement of Governance Principles, Policies and Procedures, the non-employee members of the Board of Directors meet in regularly scheduled executive sessions without management. The Chair of the Compensation and Organization Committee, Mr. Mooney, presides over these sessions. In addition to this responsibility, Mr. Mooney acts as a liaison between the non-employee directors and the CEO and Chairman. See the section below entitled "Communicating with the Board" for procedures for communicating with Mr. Mooney.

Director Compensation

Edgar Filing: FMC CORP - Form DEF 14A

The table below shows the total compensation paid to each director who served on the Board during 2009.

Compensation Policy The Company maintains the FMC Corporation Non-Employee Directors Compensation Policy (formerly the FMC Corporation Compensation Plan for Non-Employee Directors)

Table of Contents

to provide for the compensation described in the table below. The Nominating and Corporate Governance Committee is responsible for reviewing and approving director compensation. The CEO and the Chairman are the only employees who are also directors; however, Mr. Brondeau receives no additional compensation for his role as a director, nor did Mr. Walter prior to relinquishing his titles as CEO and President. In 2010, Mr. Walter is being compensated for services to the Company during the transition period and as Chairman of the Board. For the period from January 1, 2010 through September 30, 2010, Mr. Walter will receive compensation in the amount of \$65,000 per month for his continued services to the Company. For the 12 months following his retirement from the Board, Mr. Walter will serve as a consultant to the Company and will continue to assist in the integration of his successor and to otherwise provide support on legacy matters relating to his prior period of employment. During this consulting period, Mr. Walter will be paid a \$50,000 monthly retainer.

Retainer and Fees Effective May 1, 2009, each non-employee director is paid an annual retainer of \$70,000 or a pro rata amount for any portion of a year served. At least \$25,000 of the annual retainer is paid in fully vested restricted stock units. The remainder is paid in quarterly installments in cash, or, at his/her election, the director may be compensated in additional restricted stock units. Restricted stock units paid in respect of the annual retainer are subject to forfeiture on a pro rata basis if the director does not serve for the full year in respect of which the retainer is paid. The forfeiture condition is waived in the event of a change in control of the Company or if the director's service ceases due to his or her death or disability. Each non-employee director also receives \$1,500 for each Board of Directors Committee meeting attended, and each director is reimbursed for reasonable incidental expenses. Each director who chairs a Committee is paid an additional \$8,000 per year except the Chairman of the Audit Committee, who is paid \$12,500 per year and the Chairman of the Compensation and Organization Committee, who is paid \$10,000 per year. Audit Committee members also receive an additional \$5,000 annual retainer. The Board of Directors reviews director compensation annually. Director compensation is formally benchmarked against the market biennially.

Annual Grant of Restricted Stock Units Effective May 1, 2009, each director also receives an annual grant of restricted stock units having a value of \$70,000 on the date of grant. These restricted stock units vest at the Annual Meeting of Stockholders held in the year following the date of grant or, if sooner, upon a change in control of the Company. In addition, these restricted stock units will vest on a pro rata basis if the director dies before the Annual Meeting at which the units would have otherwise vested.

Payment of Vested Restricted Stock Units A director is permitted to specify, prior to the year in which the restricted stock units are credited, the date upon which he/she wishes to receive payment in Common Stock of the fully vested restricted stock units. The director's ability to sell any distributed shares remains subject to the restrictions of the Company's Director Stock Ownership Policy, which policy is described below.

Other Compensation Non-employee directors receive dividend equivalent rights on all restricted stock units awarded as part of their annual retainers and on any vested restricted stock units awarded as an annual grant. Such dividend equivalent rights are credited in the form of additional restricted stock units equal in value to the cash dividends paid to shareholders. No other remuneration is paid to non-employee directors for services as a director of the Company. Non-employee directors do not participate in the Company's nonqualified deferred compensation plan or employee benefit plans, including, but not limited to, the qualified and nonqualified pension plans. The Company supports the charitable donations of directors under its matching gifts plan that provides a dollar-for-dollar match of gifts up to \$10,000 per year, to certain educational institutions and arts and cultural organizations.

Director Stock Ownership Policy The Company has established guidelines setting expectations for the ownership of Company stock by directors. This policy provides that directors may not sell shares of

Table of Contents

Company stock at any time they do not hold at least five times the value of the director's annual restricted stock unit grant (\$70,000). For this purpose, undistributed shares underlying restricted stock units (both vested and non-vested) are considered held by a director. Directors are not permitted to sell shares of Company stock, other than to satisfy tax liabilities triggered by Company equity grants, until they are within 5 years from mandatory retirement (a director's mandatory retirement date is the date of the Company's first Annual Meeting that occurs on or after the director's attainment of age 72). If they have less than 5 years until mandatory retirement but at least 4 years, they may sell up to 20% of their shares of Company stock in excess of the five times threshold (their excess shares). If they have less than 4 years until mandatory retirement but at least 3 years, they may sell up to 40% of the excess shares they then hold. If they have less than 3 years until mandatory retirement but at least 2 years, they may sell up to 60% of the excess shares they then hold. Finally, if they have less than 2 years until mandatory retirement, they may sell any excess shares they then hold. The policy ceases to apply to a director once he or she ceases to serve as a director, and exceptions may be granted by the disinterested members of the Nominating and Corporate Governance Committee on a case by case basis. Two such exceptions for long-service directors Mr. Mooney and Dr. Buffler were granted for sales to be made in 2010 in connection with retirement planning requirements.

Director Compensation Table 2009

Name	Fees Earned or Paid in Cash	Stock Awards	Option Awards	Non-Equity Incentive Plan Compensation	Change		Total
					in Pension Value and Nonqualified Deferred Compensation Earnings	All Other Compensation	
(a)	(\$)(1)	(\$)(2)	(\$)(3)	(\$)	(\$)	(\$)(4)	(\$)
(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)
Patricia A. Buffler	51,500	95,058				5,229	151,787
G. Peter D Aloia	59,000	95,058				3,132	157,190
C. Scott Greer	56,500	95,058				2,696	154,254
Dirk A. Kempthorne (5)	27,000	95,058				128	122,186
Edward J. Mooney	68,000	95,058				4,851	167,909
Paul J. Norris	10,750	140,034				13,915	164,698
Robert C. Pallash	18,500	140,034				944	159,478
Enrique J. Sosa	16,250	140,034				12,413	168,697
Vincent R. Volpe, Jr.	52,500	95,058				10,543	158,101

- (1) The amounts in Column (b) include two special Search Committee meetings held in September 2009. Messrs. D Aloia, Greer, Mooney and Sosa were each paid \$1,500 for each meeting.
- (2) The amounts in Column (c) reflect the grant date fair value of directors' stock awards for 2009 computed in accordance with FASB ASC Topic 718. The grant date for all directors was May 1, 2009 and the number of shares granted was based on a closing price of \$49.10 as of that date. The aggregate number of restricted stock units outstanding at fiscal year end for each non-employee director is as follows: Dr. Buffler, 1,601; Mr. D Aloia, 1,554; Mr. Greer, 1,544; Mr. Kempthorne 514; Mr. Mooney, 1,593; Mr. Norris, 9,082; Mr. Pallash, 3,102; Mr. Sosa, 2,510; and Mr. Volpe, 1,495.
- (3) No stock options have been awarded to non-employee directors since 1999. There are no stock options outstanding.
- (4) This total includes the value of dividend equivalent rights, as well as Company charitable donations under their matching gifts plans, which are limited to \$10,000 per director per year. Such matching gifts included: for Mr. Norris, \$10,000; for Mr. Sosa, \$7,500; and for Mr. Volpe, \$10,000.
- (5) Mr. Kempthorne joined the Board of Directors on April 28, 2009.

Corporate Governance

Communicating with the Board Stockholders and any interested parties may communicate with the Board of Directors, the Chair of the Compensation and Organization Committee (who presides over executive sessions of the Board) or any individual member of the Board as follows: Communications must be in writing, sent care

Table of Contents

of the Corporate Secretary, FMC Corporation, 1735 Market Street, Philadelphia, Pennsylvania 19103. All communications with the Board, the Chair of the Compensation and Organization Committee or any individual director will be delivered as addressed.

Director Nomination Process The Nominating and Corporate Governance Committee and other members of the Board identify candidates for consideration by the Nominating and Corporate Governance Committee. An executive search firm may also be utilized to identify qualified candidates for consideration. The Nominating and Corporate Governance Committee evaluates candidates based on the qualifications for director described in its Charter. These qualifications include, among other things, integrity, business experience, stature in their field of endeavor, diversity of perspective, ability to reach thoughtful, independent and logical judgments on difficult and complex issues, and whether the candidate meets the independence standard described in the section above entitled "Committees and Independence of Directors". In seeking candidates who possess diversity of perspective, the Nominating and Corporate Governance Committee considers candidates whose diversity is based on race, gender, industry experience, type of position held, or other board experience. The Nominating and Corporate Governance Committee then presents qualified candidates to the full Board of Directors for consideration and selection. The Nominating and Corporate Governance Committee will consider nominees for election to the Board that are recommended by stockholders, applying the same criteria for candidates as discussed above, provided that a description of the nominees' qualifications for the directorship, experience and background, a written consent by a nominee to act as such, and other information specified in the By-Laws, accompany the stockholder's recommendation. In accordance with the Company's By-Laws, any stockholder nominations for election as directors at the 2011 Annual Meeting must be delivered to the Company at the address set forth below, not later than January 27, 2011. All nominations must be sent to the Nominating and Corporate Governance Committee, care of the Corporate Secretary, FMC Corporation, 1735 Market Street, Philadelphia, Pennsylvania 19103. Directors appointed by the Board to fill a vacancy outside of the Annual Meeting are required, regardless of the term remaining in the class to which such director is assigned, to agree prior to such appointment to resign and stand for election by the stockholders at the Annual Meeting following the appointment.

Attendance at Annual Meetings The Company expects all directors to attend the Annual Meeting of Stockholders. All incumbent directors, other than Pierre Brondeau, who was not a director of the Company at that time, attended the 2009 Annual Meeting.

Stockholder Proposals for the 2011 Annual Meeting Stockholders may make proposals to be considered at the 2011 Annual Meeting. In order to make a proposal for consideration at the 2011 Annual Meeting, a stockholder must deliver notice to the Company at the address set forth below, containing certain information specified in the By-Laws, not less than 60 or more than 90 days before the date of the meeting. However, if the Company provides less than 70 days' notice of public disclosure of the date of the 2011 Annual Meeting, then the deadline for the stockholder's notice and other required information is 10 days after the date of the Company's notice or public disclosure of the date of the Annual Meeting.

In addition to being able to present proposals for consideration at the 2011 Annual Meeting, stockholders may also be able to have their proposals included in the Company's proxy statement and form of proxy for the 2011 Annual Meeting. In order to have a stockholder proposal included in the proxy statement and form of proxy, the proposal must be delivered to the Company at the address set forth below not later than November 19, 2010, and the stockholder must otherwise comply with applicable SEC requirements. If the stockholder complies with these requirements for inclusion of a proposal in the Company's proxy statement and form of proxy, the stockholder need not comply with the notice requirements described in the preceding paragraph.

Table of Contents

A copy of the Company's By-Laws may be obtained by writing to the Corporate Secretary, and all notices referred to above must be sent to the Corporate Secretary, FMC Corporation, 1735 Market Street, Philadelphia, Pennsylvania 19103.

Corporate Governance Documents The Company's website is located at www.fmc.com. The following corporate governance documents are posted on the Investor Relations page of the website:

Audit Committee Charter

Compensation and Organization Committee Charter

FMC Statement of Governance Principles, Policies and Procedures (This document includes both the Nominating and Corporate Governance Committee Charter and the Company's Corporate Governance Principles.)

Board Leadership Structure Currently the positions of Chairman of the Board and Chief Executive Officer of the Company are separate. Due to the transition in 2010 to a new Chief Executive Officer from outside the Company, the Board requested that the prior Chief Executive Officer remain as Chairman of the Board for a limited period of time until his retirement (effective September 30, 2010) to aid with the transition. The Board believes that this will provide needed continuity of management and is in the best interest of the Company at this time. It is expected that upon Mr. Walter's retirement, Mr. Brondeau will be elected Chairman. However, the Board has also adopted a policy such that if at any time in the future the positions of Chairman and Chief Executive Officer are not separate, a lead independent director will be appointed.

Board's Role in Overseeing the Risk Management Process As part of the Company's risk management process, the Board regularly discusses with management the Company's major risk exposures, their potential financial impact on the Company, and the steps the Company takes to manage them. The Board also approves the designation of the management person or entity responsible for managing such risks, and evaluates the steps being taken to mitigate the risks. The Board's monitoring role is carried out by either the full Board or a Committee that reports to the Board, depending on the risk in question. The Board has determined that a separate Risk Committee is not warranted at this time.

Code of Ethics and Business Conduct Policy The Company has a Code of Ethics and Business Conduct Policy that applies to all directors, officers (including its Chief Executive Officer, Chief Financial Officer and Controller) and employees. It is posted on the Investor Relations page of the Company website at www.fmc.com. The Company intends to post any amendments to, or waivers from, the Policy required to be disclosed by either SEC or NYSE regulations on its website.

Compensation Committee Interlocks and Insider Participation The members of the Compensation and Organization Committee (Committee) are: Messrs. Mooney, Greer, Norris and Sosa. All members of the Committee are non-employee directors, each of whom has been determined by the Board to be independent on the basis described in the above section entitled Committees and Independence of Directors. No member of the Committee has been an officer or employee of the Company, and no executive officer of the Company has served on any board of directors or compensation committee of any other company for which any of the Company's directors served as an executive officer at any time during 2009.

Related Party Transactions Policy The Board of Directors' Statement of Policy with respect to Related Party Transactions sets forth the Company's position and procedures with respect to review, approval or ratification of related party transactions, including the types of transactions addressed by the Policy, and the corporate function responsible for applying the Policy and related procedures.

Table of Contents

Under the Policy, related parties are defined to include executive officers and directors of the Company and their immediate family members, a shareholder owning in excess of 5% of the Company, and entities in which any of the foregoing have a substantial ownership interest or control. With respect to any transaction where a related party receives a benefit in excess of a de minimis amount of \$5,000, the Policy requires that the transaction be pre-approved (or, if less than \$120,000, ratified) by the Audit Committee and disclosed where required by SEC rules. The Policy also provides that any related party who is presented with a corporate opportunity within the Company's line of business, must first offer that opportunity to the Company.

Notwithstanding the foregoing, in the case of an ordinary course business transaction between the Company and an entity of which a director of the Company is an executive officer or significant shareholder, provided the director does not otherwise have a material interest in the transaction, the Policy provides a different standard for the review and approval of transactions that involve payments in any year to or from the Company in excess of either: (i) 1% of the Company's annual consolidated revenue or (ii) the greater of \$1 million and 1% of the other entity's consolidated revenue. If the transaction does not exceed the above-mentioned thresholds (and the director does not have a material interest in the transaction), the transaction will be reviewed by the Nominating and Corporate Governance Committee as part of its review of director independence. If the director does have a material interest in the transaction, regardless of whether the above-mentioned thresholds are exceeded, the transaction must be approved or ratified by the Audit Committee in accordance with the preceding paragraph.

In the event of an ordinary course business transaction that exceeds the above-mentioned thresholds where the director does not have a material interest, the transaction is not required to be pre-approved by the Audit Committee. Instead, the Audit Committee will review the transaction as soon as possible and will determine whether to either ratify or disallow the transaction. In the case of any such transaction associated with prospective directors, review and approval by the Audit Committee must occur prior to the director's election. After approval or ratification, in each case the director will provide updated information at least annually on the aggregate payments involved in the transaction. This information will be reviewed by the Nominating and Corporate Governance Committee in connection with its review of directors' independence. If the aggregate amounts involved in the transaction exceed the thresholds noted above, the Audit Committee shall be required again to review and ratify the transaction.

There were no related party transactions required to be approved or ratified by the Audit Committee under the Policy or disclosed pursuant to SEC rules. Notwithstanding the foregoing, please see information relating to non-material transactions between the Company and the organization of which Mr. Volpe is an executive officer within the past three years, in the above section entitled Committees and Independence of Directors. In addition until April 2009, Mr. Brondeau served as an executive officer of Rohm and Haas Company, and after its acquisition by The Dow Chemical Company, as an executive officer of Dow until September 2009. From time to time, the Company has engaged in routine transactions involving sales and purchases of various products with Dow and Rohm and Haas. These transactions were entered into in the ordinary course of business on terms negotiated at arms length and without the involvement of Mr. Brondeau. For the year ended December 31, 2009, the Company made sales to Dow and Rohm and Haas of \$5,466,371 and \$2,251,766 respectively, and made purchases from Dow and Rohm and Haas of \$2,494,417 and \$47,325 respectively.

Table of Contents**V. Security Ownership of FMC Corporation****Management Ownership**

The following table shows, as of December 31, 2009, the number of shares of Common Stock beneficially owned by each current director or nominee for director, the executive officers named in the Summary Compensation Table, and all current directors, nominees for director and executive officers as a group. With the exception of Mr. Walter, each director or nominee and each executive officer named in the Summary Compensation Table beneficially owns less than one percent of the Common Stock.

Name	Beneficial Ownership on December 31, 2009 FMC Common Stock	Percent of Class
Pierre Brondeau (1)	0	*
Patricia A. Buffler (2)	14,906	*
Theodore H. Butz (3)	170,843	*
G. Peter D Aloia (2)	23,450	*
W. Kim Foster (3)	110,020	*
C. Scott Greer (2)	19,986	*
Dirk A. Kempthorne (2)	514	*
Edward J. Mooney (2)	37,128	*
Paul J. Norris (2)	9,082	*
Robert C. Pallash (2)	3,102	*
Enrique J. Sosa (2)	36,719	*
Milton Steele (3)	188,335	*
Vincent R. Volpe, Jr. (2)	2,858	*
William G. Walter (3) (4)	814,226	1.1%
D. Michael Wilson (3)	111,423	*
All current directors, nominees and executive officers as a group 18 persons (2)(3)	1,706,721	2.3%

* Less than one percent of class

- (1) Mr. Brondeau was appointed President and Chief Executive Officer of FMC Corporation and named to the Board of Directors effective January 1, 2010. On January 1, 2010 he was granted 53,803 restricted stock units and on February 8, 2010, he purchased 18,500 shares of the Company's Common Stock.
- (2) Includes vested restricted stock units credited to individual accounts of non-employee directors (see section above entitled "Director Compensation"). The number of restricted stock units credited to directors included in the table above is as follows: Dr. Buffler, 1,601; Mr. D Aloia, 1,554; Mr. Greer, 1,544; Mr. Kempthorne, 514; Mr. Mooney, 1,593; Mr. Norris, 9,082; Mr. Pallash, 3,102; Mr. Sosa, 2,510; and Mr. Volpe, 1,495. Directors have no power to vote or dispose of shares represented by restricted stock units until the shares are distributed and, until such distribution, directors have only an unsecured claim against the Company. The holders of these restricted stock units will be credited with additional restricted stock units having a value equal to the amount of any dividends paid by the Company on its Common Stock.
- (3) Shares beneficially owned include: (i) shares owned by the individual; (ii) shares held by the FMC Corporation Savings and Investment Plan for the account of the individual as of December 31, 2009; (iii) shares of restricted stock and restricted stock units; and (iv) shares subject to options that are exercisable within 60 days of December 31, 2009. Item (iii) includes restricted stock units which the holder has no power to vote or dispose of, but in respect of which the holder is entitled to a cash payment equal to the amount of any dividends paid by the Company on its Common Stock. These units, first granted in 2008, are: 30,169 for Mr. Walter, 8,050 for Mr. Foster, 6,825 for Mr. Butz, 7,142 for Mr. Steele, and 6,825 for Mr. Wilson. Item (iv) includes options to purchase 608,850 shares for Mr. Walter; options to purchase 27,322 shares for Mr. Foster; options to purchase 50,868 shares for Mr. Steele; options to purchase 118,538 shares for Mr. Butz; options to purchase 43,890 shares for Mr. Wilson; and options to purchase 885,910 shares for all current executive officers as a group.

Edgar Filing: FMC CORP - Form DEF 14A

- (4) Includes 3,463 shares held by Mr. Walter's spouse and 87,000 shares held in two trusts.

Table of Contents**Other Security Ownership**

Based on available information, the persons listed below beneficially own more than five percent of the Company's outstanding shares of Common Stock as of December 31, 2009:

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
FMR LLC 82 Devonshire Street Boston, MA 02109, USA	6,409,703 shares (1)	8.8%
BlackRock, Inc. 40 East 52 nd Street New York, NY 10022, USA	6,017,947 shares (2)	8.3%

- (1) Based on a Schedule 13G filing dated February 12, 2010, as of December 31, 2009, FMR LLC had sole voting power as to 829,154 of such shares and sole dispositive power as to all the shares.
- (2) Based on a Schedule 13G filing dated January 20, 2010, as of December 31, 2009, BlackRock, Inc. had sole voting power and sole dispositive power as to all the shares.

VI. Executive Compensation**Compensation Discussion and Analysis****Overview of Executive Compensation Philosophy*****Compensation and Organization Committee***

The Compensation and Organization Committee (Committee), composed entirely of independent directors, is guided by its charter to review and approve executive compensation policies and practices and to oversee their administration.

Committee Charter

The Committee's Charter describes its duties, responsibilities and procedures. The charter is available on-line at www.fmc.com under Corporate Governance. The Committee's membership is determined by the Nominating and Corporate Governance Committee. In 2009, the Committee met three times.

The Committee establishes total compensation for the president and chief executive officer (CEO) annually at its February meeting. The Committee reviews and evaluates the performance of the CEO and develops base salary and incentive payment recommendations for the review and approval of the full Board of Directors. This year, the Committee also developed for the review and approval of the full Board of Directors the terms of Mr. Walter's retirement, including the compensation for his service as Chairman and his post-termination consulting service. Neither Mr. Walter nor Mr. Brondeau participate in Committee or Board discussions regarding his own compensation.

The Committee, with the input of the CEO, also establishes compensation for all the other named executive officers listed in Column (a) of the Summary Compensation Table (all named executive officers listed in the Summary Compensation Table, the NEOs). Specifically, the CEO evaluates the performance of the other NEOs annually and makes recommendations to the Committee each February regarding the compensation of those other NEOs. The CEO's input is particularly important in connection with base salary adjustments, the issuance of Key Manager Awards

Edgar Filing: FMC CORP - Form DEF 14A

and the determination of API ratings as part of our Annual Incentive program, each as further described below. In each of these instances, the process starts with the CEO's recommendation and that recommendation is afforded great weight by the Committee. The CEO participates in Committee

20

Table of Contents

discussions regarding other NEOs' compensation. The Committee views the CEO's significant role in the compensation process for other NEOs, and the deference afforded to his recommendations, as appropriate in light of his greater familiarity with the day-to-day performance of his direct reports and the importance of incentive compensation in driving the execution of managerial initiatives developed and led by the CEO.

During the Company's leadership transition in 2010, the CEO's role in the compensation process for other NEOs is expected to also reflect the input of Mr. Walter, our current Chairman and former CEO. In particular, Mr. Brondeau and the Committee will look to Mr. Walter for his evaluation of the 2009 performance of other NEOs. Following this, it is expected that Mr. Brondeau will liaise with the Committee independently.

The Committee Chairman provides a full accounting of the Committee's decisions to the Board of Directors following each Committee meeting. All new Committee members are provided a comprehensive executive compensation guide to facilitate their transition to the Committee by enhancing their understanding of the Company's executive compensation policies and practices.

The Committee recognizes its responsibility to maintain a competitive executive compensation program that will ensure the Company's ability to attract, motivate and retain top talent while at the same time aligning the financial interests of the executives with shareholders. Pay for performance and market based compensation are important elements of the Company's compensation philosophy. The Company considers several measures of corporate performance, job performance and labor market dynamics in the design and administration of the NEO compensation arrangements described later in this section.

Compensation Consultant

Hewitt Associates (Hewitt) has been engaged by the Committee as its expert advisor on matters of executive compensation. At the time it engaged Hewitt, the Committee acknowledged that Hewitt had for many years provided, and would continue to provide in the future, actuarial and other pension administrative services to the Company. Hewitt also provided consulting services to the Company in 2009 evaluating and designing elements of the executive compensation program. Hewitt's executive compensation consultant attended three meetings of the Committee in 2009. Beginning in 2010, Meridian Compensation Partners will serve as the Committee's compensation consultant.

Hewitt provided the Committee with advice and counsel on a broad range of executive compensation matters. The scope of their services included, but was not limited to, the following:

- Apprising the Committee of compensation-related trends and developments in the marketplace
- Informing the Committee of regulatory developments relating to executive compensation practices
- Providing the Committee with an assessment of the market competitiveness of the Company's executive compensation
- Assessing the relationship between executive compensation and corporate performance
- Recommending changes to the executive compensation program to maintain competitiveness and ensure consistency with business strategies, good governance practices and alignment with shareholder interests.

All executive compensation related services are performed on a fee for service basis and are paid for by the Company. In 2009, the Company remitted \$139,701 to Hewitt for executive compensation services. In addition, the Company engaged Hewitt for actuarial and other pension administrative services in the amount of \$1,931,000.

Table of Contents

Compensation Philosophy

As previously stated, the Company's compensation program for NEOs is designed to attract, motivate and retain top talent, to pay for performance and to align the financial interests of the NEOs with those of the Company's shareholders. In designing compensation arrangements for NEOs, the Committee has considered the importance of:

- Balancing variable compensation components so that appropriate focus is put on achieving both short and long-term operating and strategic objectives
- Motivating the NEOs to achieve desired financial and operational results using sound business judgment and risk appropriate behavior
- Ensuring that the achievement of key financial goals and strategic objectives is financially rewarding for the NEO.

In addition, the Committee believes that subjecting a significant percentage of total direct compensation (TDC) to performance conditions helps focus the executive on achieving certain key objectives that are important to delivering the performance expected by shareholders.

Notwithstanding the foregoing, the Committee has determined, based on an assessment of the Company's executive compensation programs by its consultant, that its compensation policies and programs do not give rise to risks that are reasonably likely to have a material adverse effect on the Company.

Components of Executive Compensation

The components of the Company's compensation program with respect to NEOs include base salary, an annual incentive and a long-term incentive. Together, these three elements comprise the NEOs' TDC.

The Company relies on both industry surveys and analysis of proxy statements from peer companies (the Market) to benchmark the components of its NEO compensation and to validate TDC, including the appropriate mix of cash and equity, as well as NEO benefits and perquisites. Proxy statement data may not be reported for jobs that are direct comparisons to jobs held by the Company's NEOs. In such cases, the Company relies more on the broader survey data to benchmark elements of executive compensation. The Company also believes that internal equity is an important and necessary consideration in valuing jobs. The Company benchmarks TDC so that performance at target delivers compensation at approximately the 50th percentile of the Market. The Company may, as a matter of policy, adjust individual components of TDC to align with its general executive pay philosophy as described in the preceding section. However, the Company does not adjust components of TDC based on the amount of compensation earned by an NEO in any prior period.

Below are peer companies from which proxy data was used in the most recent executive compensation study completed in August 2009:

Albermarle Corporation
Cabot Corporation
Chemtura Corporation
Cytec Industries Inc.
Eastman Chemical Company
Ecolab Inc.
International Flavors and Fragrances, Inc.
The Lubrizol Corporation

Nalco Holding Company
Olin Corporation
PPG Industries, Inc.
Rockwood Holdings, Inc.
Scott's Miracle-GRO Company
The Valspar Corporation
Westlake Chemical Corporation

Table of Contents

The peer group is reviewed for comparability at the time of each biennial executive compensation study.

Base Salary

Salary ranges for NEOs are established based on similar positions in other companies of comparable revenue, size and complexity included in the Market. Performance levels from needs improvement to outstanding are delineated within the salary range structure and provide guidance for the administration of salaries.

The Company establishes base salary range midpoints at the 50th percentile of the Market. Salary ranges are expressed as grades with each grade having a range from 75% to 125% of midpoint. This structure allows the Company to differentiate in the delivery of base salary in accordance with its pay for performance philosophy.

Base salaries of the NEOs (except the CEO) are approximately 36% of TDC for the position. Mr. Walter's base salary is approximately 22% of his TDC, at target, reflecting the greater emphasis of his job being placed on long-term strategic priorities and less on day-to-day operational issues. This weighting of base salary relative to TDC is consistent with the Company's compensation philosophy mentioned above, that emphasizes pay-at-risk for executives who are chiefly responsible for delivering short and long term financial results for shareholders.

Starting salaries are a function of an employee's skills, experience, expertise and expected job performance. Subsequent salary adjustments for the NEOs (except the CEO) are based on job performance as assessed by the CEO who recommends the appropriate base salary to the Committee for their approval. The Committee itself determines any salary adjustment for the CEO. Base salary reviews are part of the broader compensation review that occurs at the February meeting of the Committee.

In 2009, the Committee did not approve base salary increases for the CEO or any NEO based on the uncertainty of the general economic environment.

Annual Incentive

The Incentive Compensation and Stock Plan (ICSP), is a shareholder-approved plan designed to facilitate the grant of both short and long term incentives.

The Annual Incentive is a cash component of the ICSP that rewards NEOs for the achievement of key short-term objectives. It is designed to recognize and reward both individual and team achievement. The Committee reviews and approves the award design, performance measures and objectives. The Committee also reviews and approves the award results and payouts.

Annual Incentive targets are derived from prevailing Market data with consideration for internal equity. The Annual Incentive delivers at target, a cash payout that approximates the 50th percentile of the Market when objectives are met and a maximum of 2x target if objectives are exceeded. Annual Incentive compensation targets vary by position and are expressed as a percentage of base salary. For 2009, the Annual Incentive comprises approximately 20% (at target) of the NEOs' TDC, except the CEO. The CEO's Annual Incentive as a percent of TDC is approximately 22% (again, at target). The Committee believes this percentage provides a meaningful incentive for short-term performance. All NEOs received an Annual Incentive payment for performance in 2009 (see footnote (2) to Column (g) of the Summary Compensation Table). In 2009, Mr. Walter had an Annual Incentive target of 100% of base salary and Mr. Foster had an Annual Incentive target of 55% of base salary. Each of the other NEOs had an Annual Incentive target of 55% of base salary for the first 10 months of the year and (based on the results of the executive compensation study completed in October 2009) 65% of base salary for the last two months of the year.

Table of Contents

The Annual Incentive is comprised of two components, a Business Performance Incentive (BPI) and an Annual Performance Incentive (API).

The BPI component is focused on key financial measure(s) such as net income, earnings before interest and taxes (EBIT) and working capital. The CEO establishes the appropriate financial measure(s) for the corporation and each business unit and recommends the measure(s) to the Committee for approval at the February meeting. BPI performance for the corporation and each business unit is approved by the Committee following its review of year end financial results. Details concerning the specific BPI measures for each NEO in 2009 are provided in the section entitled Annual Incentive Awards of the narrative to the Grants of Plan-Based Awards Table.

The API generally consists of a set of non-financial objectives specific to each NEO. The API factors may, in part, be subjective and may include measures such as the successful execution of strategy and growth initiatives, assessing and responding to changing market conditions, improving operating efficiency and safety performance, talent management, and making timely management changes. An NEO's performance against each objective is graded on a scale of zero to 2.0 (with performance at target levels yielding a rating of 1.0). The relative importance of each of these factors is then weighted based on the importance on the strategic initiatives and operating requirements of each business or function. The resulting weighted index yields an overall API rating between zero and 2.0. The CEO establishes API measures and objectives for other NEOs and evaluates performance against the objectives. API measures for the CEO are approved, and his performance against these measures is evaluated, by the Committee. At the end of each year, each NEO completes a self-assessment on his progress in satisfying each of his API objectives. The relevant evaluators (the CEO in the case of the other NEOs and the Committee in the case of the CEO) are provided by management with these reports as well as such other information as they may require to determine the satisfaction of each API objective. The evaluators will consider the self-assessment reports, but they are in no way bound by them. Ultimately, the evaluators will make their own determinations as to the extent to which each API objective is satisfied. Insofar as an API objective is subjective in nature, the evaluators will apply their own judgment in determining the extent to which it has been satisfied. All NEO Annual Incentive awards are approved during the February meetings of the Committee and the Board. Details concerning Annual Incentive awards for 2009 are provided in the section entitled Annual Incentive Awards of the narrative to the Grants of Plan-Based Awards Table.

Long-Term Incentives

Long-Term Incentive (LTI) awards are also granted under the ICSP. LTI targets are derived from prevailing Market data with consideration for internal equity. The LTI award is designed to motivate, retain and directly link the NEOs' long-term compensation with increases in shareholder value. The LTI target is based on position and is designed to deliver compensation at the 50th percentile of the Market. However, for better-than-Market performance, the LTI award can produce results that are above the LTI target. In 2009, the LTI award value for each NEO was delivered at the 50th percentile of the Market for each position. The Committee has broad discretion to approve the appropriate type(s) of LTI awards. For 2009, LTI compensation, at target, represents approximately 45% of TDC for NEOs other than Mr. Walter. Mr. Walter's LTI is weighted at 55% of TDC. This higher percentage for the CEO reflects the importance of his role in developing long-term strategic direction that creates sustainable shareholder value.

The Committee believes that LTI awards should compensate NEOs, in a meaningful way, for delivering sustainable long-term value to shareholders. LTI awards for the NEOs, except for the CEO, are recommended by the CEO and approved by the Committee. The LTI award for the CEO is recommended by the Committee and approved by the full Board of Directors. All LTI awards are approved during the February meetings of the Committee and the Board.

Table of Contents

There is no set allocation between equity and cash for LTI awards. The Committee determines the allocation on a year-by-year basis. The Committee believes that a mix of equity and performance-based cash directly aligns the financial interests of NEOs and shareholders. In 2009, the LTI award was made up of one-third stock options, one third restricted stock units (paid in Common Stock when vested), and one third performance-based cash. In authorizing this mix of equity and cash, the Committee created incentives for higher levels of business performance (stock options and performance-based cash), and retention and ownership (restricted stock units) for the Company's key executives. (See the Grants of Plan-Based Awards Table and Columns (e), (f) and (g) of the Summary Compensation Table.)

Generally, LTI awards are subject to forfeiture until the applicable vesting conditions are met, and LTI awards require continued service to us for a three year period (or a four year period in the case of a Key Manager Award, as further discussed below). However, participants age 62 and over, who are also eligible for early retirement, will vest in those shares on an accelerated basis at age 62 (or immediately upon grant, if the grant is received after age 62). Nevertheless, such participants are not entitled to receive the shares until they would have otherwise vested, except for an amount necessary to satisfy tax liabilities relating to the grant.

Equity Awards

Annual Stock Option Grants

The Committee is the only party authorized to grant stock options to NEOs. The Committee's practice is to grant stock options as part of the LTI awards to NEOs at its February meeting, subsequent to the release of the Company's earnings for the previous calendar year. In determining the number of options required to meet the compensation level approved by the Committee for an NEO, the Company divides that portion of the LTI award value related to stock options by the fair value of the option based on a Black Scholes calculation using a 30 day average stock price for the period immediately preceding the February meeting of the Committee.

The exercise price of all stock option awards to NEOs is equal to the closing price of the Company's stock on the date of grant, which is the same day the Committee approves the grants. Option grants are not specifically timed to precede or follow the Company's release of material information to the public.

Restricted Stock or Restricted Stock Units

In determining the amount of restricted stock or units required to meet the compensation level approved by the Committee for an NEO, the Company divides that portion of the LTI award value related to restricted stock or restricted stock units determined by the Committee for that year by a 30 day average stock price for the period immediately preceding the February meeting of the Committee.

Special Restricted Stock Grants (Key Manager Awards)

The Key Manager Award (KMA) is a restricted stock grant designed primarily as a recognition and retention program for outstanding management talent. The Committee may also authorize the use of a KMA to attract key talent. Most KMAs are issued in an effort to retain key management talent. The value of the KMA is established at a level that would be meaningful to the executive based on his/her compensation. Typically, these awards are approved for an executive only once during a four-year period. KMAs are generally subject to a four year period of restriction, but in all other respects have the same characteristics as the restricted stock used as part of the LTI award. KMAs are recommended by the CEO. The Committee may recommend a KMA for the CEO for approval by the full Board. No KMAs were granted to NEOs in 2009.

Table of Contents

Performance-Based Cash

The CEO may recommend a performance-based cash component as part of the annual LTI award. When used, performance-based cash is linked to a multi-year corporate performance measure recommended by the CEO. The measure and corresponding objectives are approved by the Committee. Details of the 2009 and previous performance-based cash awards are provided in the subsection entitled "Long-Term Incentive Awards Performance-Based Cash" of the narrative following the Grants of Plan-Based Awards Table.

Potential Benefits Related to Change in Control or NEO Termination

The Company has entered into an executive severance agreement with each NEO that provides certain financial benefits in the event of a change in control. These benefits are triggered by a qualifying event (see section of this proxy statement entitled "Potential Payments Upon Termination or Change in Control") that also results in the executive's termination of employment within 24 months of the event. Mr. Walter's agreement also provided that he may voluntarily terminate his employment in the 13th month following a change in control and be entitled to the benefits of the agreement. The CEO position is most vulnerable following a change in control. This modified trigger for the CEO provides the acquirer and its shareholders with reasonable assurance of executive management stability, thereby protecting the value of the acquisition while transition decisions are implemented. In addition, in the event of a change in control, whether or not accompanied by the termination of an NEO's employment, the NEO's unvested LTI and KMA awards vest immediately. The Committee believes that the long-term interests of shareholders are best served by providing reasonable income protection for NEOs to address situations in which they may otherwise be distracted by their potential loss of employment. In addition, the Committee has approved benefit guidelines applicable to the NEOs in the event of the termination of their employment unrelated to a change in control, which are intended to provide reasonable transition assistance. The details of all such benefits are set forth in the section of this proxy statement entitled "Potential Payments Upon Termination or Change in Control".

Pierre Brondeau Employment Letter

In connection with the hiring of Mr. Brondeau as President and CEO, the Company entered into an employment letter (the "Employment Letter") with him providing for his employment effective January 1, 2010.

The Employment Letter provides for an initial annual base salary of \$900,000, a target Annual Incentive equal to 100% of his base salary and LTI awards valued at \$2,500,000. These LTI awards will be comprised of one-third stock options, one-third restricted stock units and one-third performance-based cash award. The terms of Mr. Brondeau's compensation package are consistent with the Company's approach to all other NEOs as described in the preceding pages.

Upon the commencement of his employment, Mr. Brondeau received a sign-on award of a restricted stock unit grant with respect to a number of shares of FMC Common Stock valued at \$3,000,000 as of January 1, 2010. These restricted stock units will vest on the third anniversary of the grant date, provided Mr. Brondeau remains employed through that date.

If Mr. Brondeau is terminated and such termination is not for cause, Mr. Brondeau will be entitled to receive a severance payment equal to two years of base salary and 12 months of benefit continuation. If Mr. Brondeau is terminated involuntarily or suffers a constructive termination within two years after a change of control, then in lieu of the severance benefits described above, Mr. Brondeau will have severance rights comparable to the change of control severance rights in effect with respect to the Company's other NEOs (provided that Mr. Brondeau's agreement does not include the right to receive a cash payment to cover excise taxes on the benefits to be paid under the agreement).

Table of Contents

Mr. Brondeau will be subject to customary non-disclosure, non-competition and non-solicitation obligations.

Pension Benefits

All NEOs, except the current CEO, Pierre Brondeau, are also eligible for retirement benefits under (i) a qualified defined benefit plan (the Qualified Plan) available to all employees hired before July 2007 on a non-discriminatory basis who meet the service criteria; as well as (ii) a nonqualified defined benefit plan (the Nonqualified Plan), which is designed to restore the benefits that would have been earned under the benefits formula for the Qualified Plan, absent the limits placed by the Internal Revenue Code. The details of these defined benefit plans are set forth in the Pension Benefits Table 2009 and the narrative that follows it.

Stock Ownership Policy

The Company has established guidelines setting expectations for the ownership of Company stock by executive officers. The guidelines for stock ownership are expressed in multiples of two to five times the executive's annual base salary.

Effective January 1, 2010, the CEO ownership target is five times his base salary. The CFO has a target of three times his base salary. The other NEOs have ownership targets of two times their base salaries. These ownership guidelines are reviewed and, if necessary, adjusted every other year in conjunction with the formal market study of executive compensation. The most recent review of ownership guidelines occurred in October 2009 as part of the executive compensation study. As a result of this study, ownership targets were increased by the Committee by one multiple of base salary.

Officers of the company, who are subject to ownership targets, have a period of up to five years from the date of their election or appointment to meet the guidelines. All NEOs are in full compliance with current ownership guidelines.

The Director Stock Ownership Policy is on page 14 of this proxy statement.

Table of Contents

- (1) There were no forfeitures of any of these awards during 2009. The amounts in these columns reflect the grant date fair value of stock and option awards computed in accordance with FASB ASC Topic 718 for 2007, 2008 and 2009. See Note (14) to the Consolidated Financial Statements contained in the Company's report on Form 10K for the year ended December 31, 2009 for the assumptions used in the valuations that appear in this column. These awards are comprised of both restricted stock and restricted stock units.
- (2) For 2009, the totals listed in this column include amounts earned under the Incentive Compensation and Stock Plan as follows: (i) with respect to the Annual Incentive for 2009, for Mr. Walter, \$1,226,120; for Mr. Foster, \$307,735; for Mr. Steele, \$372,493; for Mr. Butz, \$263,148; and for Mr. Wilson, \$100,658; and (ii) with respect to the Performance-Based Cash component of the 2007 Long-Term Incentive Award, for Mr. Walter, \$388,631; for Mr. Foster, \$102,206; for Mr. Steele, \$86,738; for Mr. Butz, \$86,738; and for Mr. Wilson, \$86,738. Starting in 2008, the calculation methodology for the Performance-Based Cash component of the Long-Term Incentive Awards was changed. See Long-Term Incentive Awards Performance-Based Cash Award on Page 34.
- (3) For 2009, the amounts listed in this column are attributable to changes in the pension values under the Company's qualified and nonqualified defined benefit plans. Details of these defined benefit plans are set forth in the Pension Benefits Table 2009 and the narrative that follows.
- (4) For 2009, the amounts stated in this column include: (i) with respect to the Company's matching contribution to the FMC Corporation Savings and Investment Plan, for Messrs. Walter, Foster, Steele, Butz and Wilson, \$9,800; (ii) with respect to the Company's matching contribution to the FMC Corporation Non-Qualified Savings and Investment Plan, for Mr. Walter, \$34,172; for Mr. Foster, \$18,559; for Mr. Steele, \$25,784; for Mr. Butz, \$0; and for Mr. Wilson, \$23,009; (iii) with respect to dividends paid on unvested restricted stock and restricted stock units, for Mr. Walter, \$13,053; for Mr. Foster, \$6,666; for Mr. Steele, \$12,273; for Mr. Butz, \$12,155; and for Mr. Wilson, \$12,155. The amounts in this column also include the aggregate incremental costs for the following: for Mr. Walter, financial planning, executive long-term disability insurance, personal use of the Company airplane, a golf club membership, and reserved parking; for Mr. Foster, executive long-term disability insurance, a golf club membership, reserved parking and a nominal benefit credit (for which all employees were eligible); for Mr. Steele, financial planning and executive long-term disability insurance; for Mr. Butz, executive long-term disability insurance, reserved parking, financial planning, commuting expenses prior to relocation in February 2009, relocation expenses (\$54,291), and tax gross-up on a portion of the relocation expenses in accordance with the Company's relocation policy (such gross up provided to all employees who are eligible for relocation) and commuting expenses (\$11,505); and for Mr. Wilson, financial planning, executive long-term disability insurance, a golf club membership, reserved parking, and a nominal benefit credit (for which all employees were eligible). The aggregate incremental cost for each of the foregoing perquisites and personal benefits that were quantified was calculated based on the full amount the Company paid for such benefit times the percentage of personal use not reimbursed to the Company.

The Summary Compensation Table lists all 2007, 2008 and 2009 compensation, as defined by the rules of the SEC, for the Chief Executive Officer, the Chief Financial Officer and each of the three other most highly compensated executive officers. The base salary, Annual Incentives, and Long-Term Incentives (consisting of stock options, restricted stock or restricted stock units, and a performance-based cash component), paid or awarded to these officers were determined by the Compensation and Organization Committee, as described in the Compensation Discussion and Analysis. The material terms of the Annual Incentive and Long-Term Incentive awards are described in the narrative to the Grants of Plan Based Awards Table. The material terms of the qualified and nonqualified defined benefit plans, which are the basis for the accruals reported in Column (h) of the Summary Compensation Table above, are described in the narrative to the Pension Benefits and Nonqualified Deferred Compensation Tables, respectively.

- (1) The actual amount of the Annual Incentive paid to the NEO with respect to 2009 is stated in footnote (2) to Column (g) of the Summary Compensation Table.
- (2) The annual incentive awards, which are denoted by a single asterisk in this table, have possible payouts at any point from zero to the respective maximums shown; therefore no threshold is given. For the performance-based cash component, denoted by a double asterisk in this table, a zero payout is possible, with the first payout thereafter equal to .5 times the target; therefore the threshold shown represents that latter amount, although such amount is not a guaranteed amount. Please see the narrative below for further explanation of the awards and how they are calculated.

Each of the awards contained in the Grants of Plan-Based Awards Table above are granted under the Incentive Compensation and Stock Plan (ICSP), which is administered by the Compensation and Organization Committee (the Committee), in accordance with principles set forth in the Compensation Discussion and Analysis. The ICSP provides for annual, as well as long-term incentive awards. The material terms of these awards are as follows:

Table of Contents**Annual Incentive Awards**

The Annual Incentive, represented by the values marked with a single asterisk (*) in the table above, is a cash award comprised of two components – a Business Performance Incentive (BPI) and an Annual Performance Incentive (API). The BPI is a financial measure focused on key performance objectives such as net income, earnings before interest and taxes (EBIT) and working capital. In 2009, the approved BPI measure for Messrs. Foster and Walter was net income from continuing operations. The corporate net income target for 2009 was \$343 million. Messrs. Butz, Steele and Wilson had BPI measures of EBIT growth for each of the businesses reporting to them and working capital management for some of these businesses. The approved BPI measures for each NEO, the BPI targets for each NEO (with the exception of Mr. Butz and the working capital target for Mr. Steele) and the weighting of each component of BPI are described below in the Business Performance Incentive Table.

Business Performance Incentive Table 2009

Name	BPI Measure	Target Performance (1)	Percent of BPI	Actual Performance (2)	Actual BPI Rating for 2009
William G. Walter	Net Income from Continuing Operations	\$ 343.0M	100%	\$ 302.8M	0.68
W. Kim Foster	Net Income from Continuing Operations	\$ 343.0M	100%	\$ 302.8M	0.68
Milton Steele	Agricultural Products EBIT	\$ 260.0M	75.0%	\$ 287.8M	1.89
	Agricultural Products Working Capital		25.0%		0.00
Theodore H. Butz	BioPolymer EBIT		49.6%		2.00
	BioPolymer Working Capital		12.4%		0.00
	Health Care Ventures EBIT		3.0%		0.00
	Lithium EBIT		28.0%		0.00
	Lithium Working Capital		7.0%		0.00
D. Michael Wilson	Industrial Chemicals EBIT	\$ 174.8M	100%	\$ 111.0M	0.00

- (1) The target performance signifies performance that will yield a BPI rating of 1.0.
- (2) The levels of these BPI measures may differ from the amounts reported in our financial statements because the BPI measures are adjusted to exclude gains or losses attributable to (1) certain extraordinary and/or non-recurring events (such as business acquisitions or dispositions or business restructuring charges), and (2) certain other items not reflective of operating performance (such as the impact of changes in currency exchange rates or changes in accounting principles). In 2009, however, these adjustments did not materially affect the amount of any NEO's Annual Incentive Award.

This information is both confidential and competitively sensitive and is therefore not disclosed.

While we have not disclosed the target and actual levels of certain BPI objectives marked with a single cross () in the table above, these BPI objectives, like all of our BPI objectives, were set such that the relative difficulty of achieving the performance levels was consistent with prior years: that is, the target level was designed to have a 50% probability of achievement, with a significantly greater than 50% probability of achieving a payout below target. Results achieved above target would require extraordinary efforts and result in a payout above target. During the period covered by the Summary Compensation Table, performance levels achieved have been at target, below target and above target, depending on the business units in question.

The API generally consists of a set of non-financial objectives specific to each NEO. The CEO's 2009 APIs, as approved by the Committee, included corporate strategy, certain operational initiatives relating to each of the Company's three business segments, executive succession, and safety and security. Mr. Walter's principal accomplishments against these objectives that formed the basis for his

Table of Contents

API rating in the Annual Incentive Calculation Table set forth below include: safety improvements; successful execution of various strategic initiatives, including site closures and tax strategy; successful execution of operational initiatives, including integration of a recent acquisition in the Specialty Chemicals business segment; and, most significantly, overall good financial performance by the Company in a period of economic downturn. In addition, the CEO established API measures and objectives unique to each NEO as set forth below.

Mr. Foster had five API objectives that comprised his overall API rating. His API objectives consisted of assisting the CEO in both strategy and execution of portfolio initiatives, developing tax strategy, finalizing an enterprise risk management approach, implementing the Company's formal talent management initiative in the finance function, and assisting the CEO in managing in uncertain times. Mr. Foster's principal accomplishments against these objectives that formed the basis for his API rating set forth in the Annual Incentive Calculation Table below include: maintaining a strong liquidity profile in the midst of economic uncertainty with rating agency upgrades and a successful bond financing, implementing tax strategies to use expiring foreign tax credits and the successful completion of tax audits, and progress on enterprise risk management and talent management initiatives.

Mr. Steele's APIs consisted of four objectives related to the Agricultural Products business segment. These objectives consisted of driving the Agricultural Products group's strategy, as measured by the execution of certain strategic initiatives, maintaining and achieving the registration of certain products and identifying growth opportunities; achieving operational improvements, including increases in productivity along with cost reductions; implementing the Company's formal talent management initiative within the segment; and improving safety performance. Mr. Steele's principal accomplishments against these objectives that formed the basis for his API rating set forth in the Annual Incentive Calculation Table below include: executing certain strategic acquisitions and alliances, achieving new product registrations and defending existing registrations, implementing market access initiatives and supply chain enhancements, achieving reductions in cost of goods and an increase in inventory turns, implementation of talent management initiatives, achieving an excellent safety record, and most significantly, the fact that the segment's results matched or outperformed the results of the top competitors in the industry.

Mr. Butz's APIs included initiatives relating to corporate development and corporate safety, as well as certain measures related to the BioPolymer, Health Care Ventures and Lithium businesses of our Specialty Chemicals business segment. The corporate development objective was measured by merger and acquisition activity and the provision of corporate strategy support and business support for each of the business units. Corporate safety initiatives included improvements in incident rates, improving the quality and effectiveness of safety programs, and meeting the American Chemistry Council's Responsible Care requirements.

With respect to the BioPolymer business unit of our Specialty Chemicals business segment, Mr. Butz had objectives such as improving safety performance, improving productivity, implementing acquisition or restructuring plans, improving product line profitability, the assessment and analysis of growth options, the implementation of certain product line marketing strategies, and achieving revenue growth.

Mr. Butz's objectives specifically related to the Health Care Ventures portion of the Biopolymer business unit included improving safety performance; quality initiatives; driving profitable growth through innovation; developing a growth strategy; and focusing, aligning and strengthening the portfolio.

Mr. Butz's objectives related to the Lithium business included improving safety performance, improving the profitability of certain product lines, developing a strategic plan, achieving sustainable growth, and enhancing productivity.

Table of Contents

Mr. Butz's principal accomplishments against the foregoing objectives that formed the basis for his API rating set forth in the Annual Incentive Calculation Table below include: productivity improvements in the Lithium business and development of a strategic plan for Lithium, achievement of growth initiatives and successful integration of an acquisition in the Biopolymer business, achieving profitable growth and strengthening of the portfolio in the Health Care Ventures business, improving overall safety incident rates and the quality and effectiveness of safety programs for the Company, meeting American Chemistry Council Responsible Care requirements, and providing corporate development support to the businesses on numerous projects.

Finally, Mr. Wilson had four API objectives. Mr. Wilson's first API objective consisted of several measures related to the divisions that comprise our Industrial Chemicals business segment and certain other functions for which he is responsible. Specifically, this objective consisted of measures for the Alkali Chemicals division, the Peroxygens division, the Foret division, and the corporate Chemical Engineering Services function, as well as the Technology function for the segment. The objectives for Alkali Chemicals included measures such as improving safety performance, reducing costs, executing commercial measures in response to market conditions, and implementing strategic initiatives.

The objectives for Peroxygens included improving safety performance; achieving cost reductions, cost control and productivity gains; growing specialty products revenue; and executing on strategic initiatives, including manufacturing network optimization.

The objectives for Foret included improving safety and operational performance; executing marketing and sales strategies; and executing strategic measures, as measured by the status of certain site closures; and talent management initiatives.

The objectives for the Chemical Engineering Services function included improving safety performance, achieving certain cost reduction and manufacturing efficiency goals, executing governance and guidance initiatives, providing manufacturing and engineering support and leadership, and facilitating engineering and technology exchanges.

The objectives for the Technology function included managing budget, maintaining safe operations, supporting long range technology plans, completing assessments of market opportunities as well as developing plans to seize such opportunities, and completing the transition of the segment's technology organization.

Mr. Wilson's third API objective consisted of strategic initiatives for the Foret, Peroxygens and Alkali Chemicals divisions of our Industrial Chemicals business segment. This objective included sub-components such as the status of exit plans and the development of future plans for certain facilities, reducing costs, and executing growth plans.

Mr. Wilson's fourth and final API objective was to implement the Company's talent management initiative in the Industrial Chemicals business segment.

Mr. Wilson's principal accomplishments against the foregoing objectives that formed the basis for his API rating set forth in the Annual Incentive Calculation Table below include: excellent safety results, execution of commercial initiatives in response to changing market conditions and progress on strategic alliances in the Alkali Chemicals division; improved operational performance and successful site closures in Foret; cost reductions and expense control, achieving growth platform milestones and optimizing the peroxygen manufacturing network in the Peroxygens division; completing engineering standards for international use, implementing training in various manufacturing programs, and helping to identify manufacturing improvements in the Chemicals Engineering Services function; completing test work to capture new product opportunities and completing the transition of the segment's technology organization in the Technology function; and successfully implementing talent management in the segment.

Table of Contents

The overall API rating for each NEO consists of a weighted average of the results of his rating on each of his individual API objectives, and the resulting weighted index yields an overall API rating between zero and 2.0. As discussed above, each NEO had numerous API objectives which generally were comprised of several components, and, in any given case, no individual API component was weighted to determine more than 10% of an NEO's total Annual Incentive award. Based on the evaluators' determinations, as described above, in 2009, Mr. Walter achieved an overall API rating of 2.0; Mr. Foster achieved a 1.35; Mr. Steele achieved a 1.45; Mr. Butz achieved a 1.35; and Mr. Wilson achieved a 1.40.

The weighting of the API and BPI components varies from one business unit or functional area to another, reflecting the relative emphasis on business results vs. individual performance. Target payouts vary by position as a percentage of base salary. Specifically, in 2009, the Annual Incentive target for Mr. Walter was 100% of base salary, with a weighting of 60% BPI and 40% API. Mr. Foster's Annual Incentive target was 55% of base salary with a weighting of 50% BPI and 50% API. Each of the other NEOs also had an Annual Incentive target of 55% of base salary for the first 10 months of the year, and (based on the results of the executive compensation study completed in October 2009) 65% of base salary for the last two months of the year with a weighting of 70% BPI and 30% API. By design, each NEO's maximum potential Annual Incentive is limited to two times the target payment.

The actual Annual Incentive amounts earned in 2009 by the NEOs appear in footnote (2) to Column (g) of the Summary Compensation Table. Calculations of the Annual Incentive payouts are provided below for each NEO in 2009.

Annual Incentive Calculations 2009

Name	(1) BPI Weighting	(2) BPI Rating	(3) API Weighting	(4) API Rating	(5)	(6)
					Target Incentive	Actual Incentive ((1x2) + (3x4) x 5)
William G. Walter	60%	.68	40%	2.00	\$ 1,015,000	\$ 1,226,120
W. Kim Foster	50%	.68	50%	1.35	\$ 303,188	\$ 307,735
Milton Steele	70%	1.42	30%	1.45	\$ 260,667	\$ 372,493
Theodore H. Butz	70%	.99	30%	1.35	\$ 239,661	\$ 263,148
Michael Wilson	70%	0	30%	1.40	\$ 239,661	\$ 100,658

Long Term Incentive Awards*Stock Option Awards*

Stock options are a component of the LTI awards. They are nonqualified options which do not vest until the end of a prescribed period, which in general is approximately three years, at which time they vest in their entirety. The options have a term of ten years. Options are not transferable or assignable other than by will or the laws of descent in the event of death. Unvested options generally expire upon cessation of employment, except in certain circumstances. (See the section of this proxy statement entitled "Potential Payments Upon Termination or Change in Control" for additional detail on the treatment of options subsequent to the cessation of employment.)

Restricted Stock or Restricted Stock Unit Awards

Restricted stock or restricted stock unit awards, when used as a component of the LTI awards, generally vest after three years. The recipient is entitled to receive dividend payments at a non-preferential rate during this period of restriction. Once the restriction expires, the shares, less any shares used to satisfy statutory tax withholding obligations, become freely transferable by the NEO. Unvested restricted stock or restricted stock units are generally cancelled upon cessation of employment, except in certain circumstances. (See the section of this proxy statement entitled

Table of Contents

Potential Payments Upon Termination or Change in Control for additional detail on the treatment of restricted stock subsequent to the cessation of employment.)

Performance-Based Cash

Performance-based cash is also used as a component of the LTI awards. The performance-based cash component of an LTI award covers a three year cycle and will be paid out at the end of such cycle, provided performance targets are met and the NEO remains an employee of the Company for the entire performance period, except where cessation of employment is due to a change in control, death, disability, retirement on or after the age of 62, or termination not for cause. (See Potential Payments Upon Termination or Change in Control starting on page 39 for additional detail.)

For the three-year period covered by the performance-based cash component for the 2007-2009 award, payout is based on a Total Shareholder Return (TSR) measure, determined with reference to an industry comparator group comprised of more than 50 companies identified by the Committee's independent executive compensation consultant. (This comparator group includes peer group companies used for purposes of compensation comparison, which are listed in the Compensation Discussion and Analysis, as well as other companies, so that there is a group large enough to enable meaningful and credible differentiation in performance.) The TSR performance is calculated for each of the three calendar years, as well as for the three-year period as a whole. Each of these four measurement periods carries a weight of 25% in calculating the final payout due. When the performance measure has been met for a particular calendar year during the three-year period of the award, that portion of the payout is banked, but is not considered earned and will not be paid until the three-year period has concluded and the payment approved. The performance threshold for these awards is the 25th percentile, a target payout occurs at the 50th percentile, and the maximum payout is at the 80th percentile and higher.

Details concerning the calculation of the payment for the 2007-2009 award cycle are set forth below:

Total Shareholder Return Table 2007-2009

Measurement Periods	TSR Performance	Rank in Peer Group	Target			TSR Rating
			0.0	1.0	2.0	
1 Year TSR 2007	47.70%	82.30%	25.00%	50.00%	80.00%	2.00
1 Year TSR 2008	-18.54%	73.90%	25.00%	50.00%	80.00%	1.80
1 Year TSR 2009	23.01%	40.90%	25.00%	50.00%	80.00%	0.64
3 Year TSR 2007-2009	53.59%	90.00%	25.00%	50.00%	80.00%	2.00
4 Point Average						1.61

Thus, based on the TSR performance during the cycle, payment for this award period was approved by the Committee at 161% of target.

This method of calculation was used for the first two award cycles under the LTI program (2006-2008 and 2007-2009) so that the specific three-year period that began the LTI program would not have a disproportionate effect. For subsequent periods (including the 2008-2010, 2009-2011 and 2010-2012 cycles currently in progress), TSR performance is determined solely with reference to TSR performance over the full three-year cycle. Accordingly, for these subsequent award cycles, no portion of the award is banked or earned with respect to the Company's TSR performance for any individual year in the three-year award cycle.

The values marked with a double asterisk (**) in the Grants of Plan-Based Awards Table above, are based on the Company achieving a relative performance measure of TSR at or above the 35th percentile (the threshold). For performance at the 35th percentile a payment equal to 40% of target will be made (no payment is made for performance at less than the 35th percentile). For performance at the

Table of Contents

50th percentile (the target) a payout of one times target is made, and for performance at the 80th percentile or higher, a maximum payout of two times target is made.

Outstanding Equity Awards At Fiscal Year-End Table 2009

	Nonqualified Plan	12.2	431,467	0

(1) All credited years of service are the actual years of service under the relevant plan.

Pension Plans

The FMC Salaried and Nonunion Hourly Employees Retirement Plan (the "Qualified Plan") is a non-contributory defined benefit plan that is intended to meet the requirements of Section 401(a) of the Internal Revenue Code of 1986, as amended (the "IRC"), as a tax-qualified plan. All NEOs participate in this plan.

Table of Contents

Under the Qualified Plan, an employee's pension benefit is calculated based on credited company service and a final average year earnings (FAYE) formula. FAYE is determined using earnings from the highest 60 consecutive months out of the last 120 calendar months that immediately precede the employee's retirement date. Eligible compensation includes base salary (see Column (c) of the Summary Compensation Table), Annual Incentive pay (see footnote (2) to Column (g) of the Summary Compensation Table) and certain other performance payments and is subject to a statutory cap of \$195,000 for 2009. However, not included are stock option gains, other equity awards and long-term performance-based cash.

Normal retirement age is 65. Benefits at normal retirement are calculated using the formula described below.

The retirement formula is 1.0% of FAYE up to the Social Security covered compensation base plus 1.5% of FAYE in excess of the Social Security covered compensation base times years of credited service (up to 35 years) plus 1.5% of FAYE times years of credited service in excess of 35. The actual benefit amount depends on the form of payment selected by the employee, i.e. individual life annuity, joint and survivor annuity or level income option. All benefits under the Qualified Plan are paid as an annuity. The amounts reflected for the Qualified Plan in the Pension Table are actuarial present values of the single life annuity that would be payable at age 62 which is the earliest age an NEO can retire without a benefit reduction. There is no Social Security offset.

Early retirement is defined as retirement from active service when an employee reaches age 55 with a minimum of ten years credited service. Messrs. Walter, Foster and Steele meet the age and service requirements to qualify for early retirement benefits as of December 31, 2009. Employees who elect early retirement receive an actuarially reduced pension. This reduction is 4% per year for each year prior to age 62. The maximum reduction is 28% (62-55 x .04) of the age 65 benefit calculation. At age 62 and older, there is no actuarial reduction in the benefit. Messrs. Foster and Steele both were under the age of 62 as of December 31, 2009 and would have received a reduced pension benefit as outlined above. Mr. Walter's early retirement pension benefit would not have been subjected to any reduction as he reached age 62 in 2007.

The IRC limits the annual benefits that may be paid from a tax-qualified retirement plan as noted above, and the compensation that may be taken into account in calculating those benefits. The Company has adopted supplemental arrangements to restore the benefits earned under the qualified plan formula described above, but which could not be paid under the Qualified Plan due to the IRC limits.

The Salaried Employees Equivalent Plan (the Nonqualified Plan) is a non-contributory retirement restoration plan. This plan represents an unfunded liability and all amounts listed in the table above are unsecured and therefore not guaranteed to be fully paid in the event of the Company's insolvency or bankruptcy. All NEOs are participants in the Nonqualified Plan. These supplemental benefits are calculated using the same formula described above without regard to the IRC limits, less amounts payable under the Qualified Plan. The Nonqualified Plan amounts reflected in the Pension Benefits Table above are paid in a lump sum, six months following the employee's retirement. There is no annuity option.

Actuarial assumptions used to determine the present value of the accumulated benefits under the Qualified Plan and Nonqualified Plan as of December 31, 2009 are as follows:

- Present value of Qualified Plan benefit calculated as amount payable at the first unreduced age (62) using 12/31/09 FAS87 disclosure assumptions (5.9%, RP2000CH projected to 2010) and reflecting discounting of present value back to 12/31/09 using FAS87 interest only (5.9%)

Table of Contents

- Present value of Nonqualified Plan benefit calculated as amount payable at first unreduced age (62) using 12/31/09 FAS87 lump sum assumptions (4.4%, 417e2010) and reflecting discounting of present value back to 12/31/09 using FAS87 interest only (5.9%)

Nonqualified Deferred Compensation Table 2009

Name	Executive	Registrant	Aggregate Earnings	Aggregate	Aggregate
	Contributions	Contributions	in Last	Withdrawals/	Balance
	in Last FY	in Last FY	FY	Distributions	at Last
	(\$)(1)	(\$)(2)	(\$)	(\$)	(\$)(3)
(a)	(b)	(c)	(d)	(e)	(f)
William G. Walter	50,750	34,172	603,639		3,006,641
W. Kim Foster	27,563	18,559	220,918		1,205,241
Milton Steele	44,480	25,784	474,117		2,554,873
Theodore H. Butz	0	0	120,208		498,121
D. Michael Wilson	87,534	23,009	439,063		2,120,574

- (1) The amounts listed in this column are reported as compensation in the amounts stated in Column (c), Salary, of the Summary Compensation Table.
- (2) The amounts listed in this column are reported as compensation in the amounts stated in Column (i), All Other Compensation, of the Summary Compensation Table.
- (3) The amounts listed in this column include the following amounts which were reported in the Summary Compensation Table in previous years: for Mr. Walter, \$953,936, for Mr. Foster, \$226,042; for Mr. Steele, \$822,545; for Mr. Butz, \$154,471; and for Mr. Wilson, \$1,461,512, plus earnings on those amounts.

The FMC Nonqualified Savings and Investment Plan (the Nonqualified Savings Plan) is a voluntary deferred compensation plan available to employees whose annual compensation exceeds \$140,000. The Nonqualified Savings Plan mirrors the FMC Corporation Savings and Investment Plan (the Qualified Savings Plan), which is a tax-qualified savings plan under Section 401(k) of the IRC.

Participants in the Qualified Savings Plan are subject to certain contribution and earnings limits set under Sections 402(g) and 401(a)(17) of the IRC. The Nonqualified Savings Plan is used to facilitate the continuation of these contributions beyond the limits allowed under the Qualified Savings Plan. Employees may defer 1% to 50% of their base salaries and up to 100% of their annual incentive compensation. In 2009, the Company's matching contribution under both plans was 80% of the amount deferred up to a maximum of 5% of eligible earnings, i.e. base salary and annual incentive paid in fiscal year 2009.

Compensation deferred under the Nonqualified Savings Plan is deemed invested by the participant in his or her choice of more than 20 investment choices offered to all participants. All investments, except for the FMC Stock Fund, are mutual funds, and all investments may be exchanged by the participant at any time. Earnings on investments are market earnings. There are no programs or provisions for guaranteed rates of return. Distributions under the Nonqualified Savings Plan must occur at the earlier of separation of service plus six months or at a designated time or interval set by the participant. Distributions may be in lump sum or installments as determined by the participant's distribution election.

The Nonqualified Savings Plan is subject to certain disclosure and procedural requirements of ERISA, but as a top hat plan is not subject to the eligibility, vesting, accrual, funding, fiduciary responsibility and similar requirements of ERISA. This plan represents an unfunded liability and all amounts listed in the table above are unsecured and therefore not guaranteed to be fully paid in the event of the Company's insolvency or bankruptcy.

Table of Contents**Potential Payments Upon Termination or Change in Control**

Change in Control Not Involving a Termination In the event of a change in control (as described below) of the Company not accompanied by the termination of an NEO's employment, the NEO's unvested LTI awards (restricted stock and restricted stock units, stock options, and performance-based cash components) and KMAs (restricted stock) immediately vest. The market values for each NEO's unvested restricted stock, restricted stock units and stock option awards as of year-end 2009 are set forth in the relevant section of Column (b) of the table below. A value for each NEO's unvested performance-based cash component as of year-end 2009 is also set forth in the relevant section of Column (b) of the table below, calculated as provided in footnote (13) to the table. In addition, if, upon a change in control, the NEO's Annual Incentive is not yet fully earned and calculable, the Compensation and Organization Committee (the "Committee") will determine the amount to be paid, which payment shall be made in a lump sum and shall not exceed the maximum payout for such Annual Incentive. As of December 31, 2009, each NEO's 2009 Annual Incentive would already have been fully earned; such amounts are set forth in footnote (2) to Column (g) of the Summary Compensation Table.

Change in Control Involving a Termination Under Executive Severance Agreements in effect in 2009 with each of the NEOs, if a change in control (as described below) of the Company occurred and if, within two years of that change of control one of the following qualifying events occurred: (1) the employment of an NEO (including Mr. Walter) were terminated without cause or an NEO were to voluntarily terminate his employment because his duties, location, salary, compensation or benefits were substantially changed or reduced; or (2) in the case of Mr. Walter only, he would voluntarily terminate his employment in the thirteenth month following a change in control or his employment would otherwise cease prior to such thirteenth month due to death or disability; pursuant to an Agreement between the Company and each NEO, in addition to the benefits described in the preceding paragraph, the NEO would be entitled to the other payments or benefits set forth in Column (b) of the table below. If all or any part of the benefits set forth in Column (b) were to be subject to an excise or similar tax under Section 4999 of the IRC, the Company would pay to the NEO an additional cash amount to cover all such excise taxes.

In general, the following are considered to be changes in control: (a) a third party's acquisition of twenty percent or more of the Company's Common Stock; (b) a change in the majority of the Board of Directors; (c) completing certain reorganization, merger, or consolidation transactions or a sale of all or substantially all of the Company's assets; or (d) the complete liquidation or dissolution of the Company.

Termination not for Cause Under Executive Severance Guidelines The Company maintains Executive Severance Guidelines as approved and adopted by the Committee regarding the termination of NEOs and the payment of benefits to an NEO who is terminated for reasons other than death, disability, retirement, change in control or for cause. In the event of such a termination covered by the Guidelines, the NEO would be entitled to the payments or benefits set forth in Column (c) of the table below. Deviations from the Guidelines must be reviewed and approved by the Committee. Any NEO receiving payments or benefits pursuant to the Guidelines must sign a non-solicitation, non-compete and confidentiality agreement as a condition to the payment of any benefit under the Guidelines.

Termination in the Event of Retirement The table below also describes the benefits that an NEO would have received had he retired on December 31, 2009, provided such NEO were eligible to retire as of such date.

Termination Under Certain Other Circumstances

Death or Disability In the event of termination upon death or disability, an NEO is eligible for benefits in programs available to US salaried employees generally, as well as a supplemental disability benefit

Table of Contents

(in the event of disability) and a surviving spouse benefit under the nonqualified deferred compensation plan (in the event of death). The supplemental disability benefit is an insured product intended to provide NEOs with additional disability benefits above the benefit level provided under the Company's group disability plan. The supplemental plan, in conjunction with the Company's group plan, will yield up to 70% of an NEO's annual salary with a maximum monthly benefit of \$25,000. In addition, such NEO's outstanding unvested equity awards (restricted stock, restricted stock units and stock options) would vest immediately, with the stock option awards expiring no later than five years after such death or disability. The market value for each NEO's unvested restricted stock, restricted stock units and stock option awards as of year-end 2009 is set forth in the relevant section of Column (b) of the table below. Further, any outstanding performance-based cash awards would remain in force, with payment contingent upon the applicable performance measures being met. A value for each NEO's unvested performance-based cash component as of year-end 2009 is also set forth in the relevant section of Column (b) of the table below, calculated as follows: (i) for outstanding awards granted prior to 2008, based on the performance measures met as of December 31, 2009 and (ii) for outstanding awards granted beginning in 2008, assuming a payout at target.

Resignation or Termination for Cause In the event of the resignation of an NEO or termination for cause, all outstanding unvested equity awards (restricted stock, restricted stock units and stock options) and performance-based cash awards would be cancelled. If the NEO is terminated for cause, the vested stock option awards would expire immediately.

Table of Contents

- (1) With respect to base salary and annual incentive, the amount shown is equal to three times the sum of base salary plus annual incentive, calculated by using the higher of the target annual incentive award or the average of the actual annual incentive awards in the previous two years.
- (2) With respect to base salary and annual incentive, the amount shown is equal to the sum of fifteen months of base salary plus target annual incentive.
- (3) On December 31, 2009, Mr. Walter would be eligible for early retirement with an unreduced pension benefit (for those age 62 and older) and Messrs. Foster and Steele would be eligible for early retirement with a reduced pension benefit (for those age 55 through 61). Messrs. Butz and Wilson would not be eligible to retire.
- (4) The transition benefits consist of outplacement (\$40,000), earned and accrued vacation (assuming one year's entitlement accrued).
- (5) The amount shown is the market value of the unvested restricted stock/units based on the stock price on December 31, 2009.
- (6) A prorated number of shares in respect of unvested restricted stock/unit awards vests based on the amount of time left in the vesting period as of the date of termination and the amount shown is the market value of these restricted stock/units based on the stock price on December 31, 2009.
- (7) Upon normal retirement or early retirement at age 62 or older, all unvested restricted stock/units remain in force, except unvested Key Manager Awards, which are cancelled. The amount shown is the market value of the unvested restricted stock/units based on the stock price at December 31, 2009. Only Mr. Walter was eligible for such early retirement as of December 31, 2009.
- (8) Upon early retirement prior to age 62, all unvested restricted stock/units are cancelled.
- (9) All unvested options vest immediately. The amount shown is the market value of the unvested stock options based on the difference between the exercise price and the stock price at December 31, 2009. Please note, however, that the ultimate value of the foregoing options will depend on the stock price on the date of exercise.
- (10) The NEO has the right to retain stock options that would have vested on their own terms within one year from the date of termination, with the right to exercise such options until twelve months after they vest, as well as the right to exercise vested options until twelve months after termination. The amount shown is the market value of these unvested options based on the difference between the exercise price and the stock price at December 31, 2009. Please note, however, that the ultimate value will depend on the stock price on the date of exercise.
- (11) Upon normal retirement or early retirement at age 62 or older, all unvested options remain in force. Vested options expire depending on when granted all vested options granted prior to April 1997 remain exercisable until the expiration date; those granted after April 1997, as well as any unvested options, remain exercisable until the earlier of the expiration date or five years following retirement. The amount shown is the market value of the outstanding unvested stock options based on the difference between the exercise price and the stock price at December 31, 2009. Please note, however, that the ultimate value will depend on the stock price on the date of exercise.
- (12) Upon early retirement prior to age 62, all unvested options are cancelled. Vested options expire depending on when granted all vested options granted prior to April 1997 remain exercisable until the expiration date; those granted after April 1997 remain exercisable until the earlier of the expiration date or five years following early retirement.
- (13) The unvested performance-based cash is payable in a lump sum calculated as follows: (i) for outstanding awards granted prior to 2008, based on the performance measures met as of December 31, 2009; and (ii) for outstanding awards granted beginning in 2008, assuming a payout at target.

Edgar Filing: FMC CORP - Form DEF 14A

- (14) Upon termination under the Executive Severance Guidelines, normal retirement, or early retirement at age 62 or older, a prorated portion of the performance-based cash awards vests. The value for this prorated portion is determined by the period of time left in the three year cycle as of the date of termination and calculated as follows: (i) for outstanding awards granted prior to 2008, based on the performance measures met as of December 31, 2009; and (ii) for outstanding awards granted beginning in 2008, assuming a payout at target. In both cases this amount will be paid in a lump sum after the end of the normal three year cycle.

- (15) Upon early retirement prior to age 62, all unvested performance-based cash awards are cancelled.

- (16) Welfare benefits of health care, life insurance and disability insurance continue for three years. The amounts shown are the estimated cost to the Company for such benefits during the period.

- (17) Welfare benefits of health care, life insurance and disability insurance continue for 15 months. The amounts shown are the estimated cost to the Company for such benefits during the period.

- (18) Three additional age/service years are credited under the Nonqualified Plan. The amounts shown are valued on an early retirement basis in cases where the NEO is not yet eligible for normal retirement.

- (19) The Rule of 65 is applied under the Executive Severance Guidelines when termination is the result of a job elimination in connection with an organizational change. It provides that when age plus years of service total 65, provided he has at least five years of service, the NEO is entitled to an early retirement benefit equal to his normal retirement benefit reduced by 4% for each year his actual age is less than 62. A value is provided in this column with respect to the Rule of 65 benefit only for Mr. Butz, because Messrs. Walter, Foster and Steele are already early retirement eligible and therefore would not need to take advantage of such Rule given their respective ages and service credits as of December 31, 2009, and Mr. Wilson would not reach a total of 65 under the Rule given his age and service credits.

Table of Contents

In addition to the foregoing, each NEO would retain his vested options set forth in Column (b) of the Outstanding Equity Awards at Fiscal Year-End Table 2009, subject to the expiration provisions set forth in footnotes (10-12) above. Each NEO would also be paid his Annual Incentive for 2009 (see footnote (2) to Column (g) of the Summary Compensation Table), and the aggregate benefits accrued by the NEO in the nonqualified defined contribution plan set forth in Column (f) of the Nonqualified Deferred Compensation Table, payable in a lump sum or installments commencing six months after cessation of employment, or at a designated time or interval specified by the NEO. Further, the NEO would be entitled to his accumulated benefit under the nonqualified defined benefit plan, payable in a lump sum at the later of six months after cessation of employment or attainment of age 55. For Mr. Walter, who is eligible for early retirement with an unreduced pension benefit, and Messrs. Foster and Steele, who are eligible for early retirement with a reduced pension benefit, the present value of this benefit (assuming cessation of employment on December 31, 2009 and payment of the lump sum on July 1, 2010) is \$14,995,048 for Mr. Walter, \$4,724,608 for Mr. Foster and \$4,022,118 for Mr. Steele. For Messrs. Butz and Wilson, who are not currently eligible for early retirement, the present value of this benefit (assuming cessation of employment on December 31, 2009 and payment of the lump sum upon attainment of age 55) is \$587,271 for Mr. Butz and \$301,692 for Mr. Wilson. These are the same nonqualified pension benefits disclosed above in the table entitled Pension Benefits Table 2009, the amounts described in this paragraph differ from the present values reflected in Column (d) of the Pension Benefits Table because, under applicable SEC rules, the Pension Benefits Table values are calculated using different interest rates and without regard to early retirement adjustments otherwise applicable under the plan.

Although SEC rules require the inclusion of Mr. Walter in the table above, as noted previously, Mr. Walter relinquished his positions as President and CEO of the Company effective December 31, 2009. He will continue as Chairman until his retirement from the Board effective September 30, 2010. Effective January 1, 2010, Mr. Walter's compensation arrangement is as follows: For the period from January 1, 2010 through September 30, 2010, Mr. Walter will receive compensation in the amount of \$65,000 per month for his continued services to the Company. For the 12 months following his retirement from the Board, Mr. Walter will serve as a consultant to the Company and will continue to assist in the integration of his successor and to otherwise provide support on legacy matters relating to his prior period of employment. During this consulting period, Mr. Walter will be paid a \$50,000 monthly retainer.

Compensation and Organization Committee Report

This Compensation and Organization Committee Report shall not be deemed to be incorporated by reference into any filing made by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, notwithstanding any general statement contained in any such filing incorporating this proxy statement by reference, except to the extent the Company incorporates such Report by specific reference.

The Committee has reviewed and discussed the Compensation Discussion and Analysis with the management of the Company. Based on this review and these discussions, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and the Company's proxy statement.

The preceding report has been furnished by the following members of the Compensation and Organization Committee:

Edward J. Mooney, Chairman

C. Scott Greer

Paul J. Norris

Enrique J. Sosa

Table of Contents

VII. Other Matters

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of the Company's Common Stock, to file with the SEC, initial reports of ownership and reports of changes in beneficial ownership of Common Stock. Executive officers, directors and greater than ten percent shareholders (collectively, the Reporting Persons) are additionally required to furnish the Company with copies of all Section 16(a) forms they file.

Based on a review of forms filed with the SEC and information provided by Reporting Persons to the Company, it is believed that all Section 16(a) requirements were fully met by all Reporting Persons with respect to the year ended December 31, 2009, with the exception of one late report for Messrs. Foster, Butz, Steele, Wilson, Thomas Deas, Graham Wood, and Ms. Andrea Utecht, each of whom had a small portion of a restricted stock award withheld for taxes upon vesting. In each case, the delay was the result of administrative error and was not caused by the officers.

Audit Committee Report

The Audit Committee Report that follows shall not be deemed to be incorporated by reference into any filing made by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, notwithstanding any general statement contained in any such filing incorporating this proxy statement by reference, except to the extent the Company incorporates such Report by specific reference.

During the past year, the Audit Committee met six times, including telephonic meetings, to discuss quarterly results and other matters. In carrying out its duties, the Committee has:

- Reviewed and discussed the audited consolidated financial statements with management and KPMG, the company's independent registered public accounting firm;
- Discussed with KPMG the matters required to be discussed by auditing standards that govern communications with audit committees;
- Discussed various matters with KPMG related to the Company's consolidated financial statements, including all critical accounting policies and practices used, all alternative treatments for material items that have been discussed with Company management, and all other material written communications between KPMG and management;
- Received the written disclosures and the letter from KPMG as required by The Public Company Accounting Oversight Board, and has confirmed with KPMG its independence.

In reliance upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

The preceding report has been furnished by the following members of the Audit Committee:

G. Peter D. Aloia, Chairman

Edward J. Mooney

Robert C. Pallash

Vincent R. Volpe, Jr.

Expenses Relating to this Proxy Solicitation

The Company will pay all expenses relating to this proxy solicitation. In addition to this solicitation by mail, Company officers, directors, and employees may solicit proxies by telephone or personal call without extra compensation for that activity. The Company also expects to reimburse banks, brokers and other persons for reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of Company stock and obtaining the proxies of those owners. The Company has not engaged a solicitation firm in connection with this proxy solicitation.
