The Board of Directors has determined that all shareholders of record as of the close of business on July 9, 2010 (the Record Date) will be entitled to receive notice of and to vote at the Meeting. Those shareholders so desiring may be represented by proxy at the Meeting. The Proxy, and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy thereof, must be deposited either at the office of the Registrar and Transfer Agent of the Company, Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, or at the Corporate Headquarters of the Company at Building C, 2454 McMullen Booth Road, Clearwater, Florida 33759-1343 not less than 48 hours, Saturdays and holidays excepted, prior to the time of the holding of the Meeting or any adjournment thereof.

Votes cast by proxy or in person at the Meeting will be tabulated by the inspector of elections appointed for the Meeting, who will also determine whether a quorum is present for the transaction of business. The Company's Articles provide that a quorum is present if two or more shareholders of the Company are present in person (or represented by proxy) holding an aggregate of at least 33-1/3% of the total issued and outstanding shares of the Company as of the Record Date for the Meeting. Abstentions will be counted as shares that are present and entitled to vote for purposes of determining whether a quorum is present. Shares held by nominees for beneficial owners will also be counted for purposes of determining whether a quorum is present if the nominee has the discretion to vote on at least one of the matters presented, even though the nominee may not exercise discretionary voting power with respect to other matters and even though voting instructions have not been received from the beneficial owner (a broker non-vote). Neither abstentions nor broker non-votes are counted in determining whether a proposal has been approved. The vote required for each proposal set forth herein, including the election of directors, is set forth under the discussion herein of such proposal.

Shareholders are urged to indicate their votes in the spaces provided on the Proxy. Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. Except as indicated below in connection with the election of directors, where no instructions are indicated signed Proxies will be voted FOR each proposal listed in the Notice of the Meeting and set forth more completely herein. Returning your completed Proxy will not prevent you from voting in person at the Meeting should you be present and wish to do so.

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are nominee, or non-registered, shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of the person (the Non-Registered Holder) but which are registered either: (a) in the name of a intermediary (an Intermediary) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP s, RRIF s, RESP s and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) (CDS) of which the Intermediary is a participant. In accordance with the requirements as set out in National Instrument 54-101 (formerly National Policy Statement No. 41) of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Proxy (collectively, the Meeting Materials) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Material will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a faxed, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it with the Company s Registrar and Transfer Agent as provided above; or

- (b) more typically, be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a proxy authorization form) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page preprinted form. Sometimes instead of the one page preprinted form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions, which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares, which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the Management Proxyholders named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered. Please note that brokers or other nominees who hold shares for Non-Registered Holders no longer have the discretionary authority to vote uninstructed shares in the election of directors.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors recommends each of the nominees set forth below for election as a Director and urges each shareholder to vote FOR each of the nominees. Proxies in the accompanying form will be voted at the Meeting, unless authority to do so is withheld, in favor of the election as a Director of each of the nominees named below. Brokers or other nominees who hold shares for a Non-Registered Holder no longer have the discretionary authority to vote uninstructed shares in the election of directors.

The Company's Board of Directors currently consists of five members divided into three classes, with the members of each class serving three-year terms expiring at the third Annual General Meeting of Shareholders after their election. The Company's Board of Directors, upon the recommendation of the Nominating/Corporate Governance Committee, has nominated each of Peter L. Vosotas and Ralph T. Finkenbrink to stand for re-election as a Director at the Meeting, to hold office for a term of three years expiring at the 2013 Annual General Meeting of Shareholders, and until his successor has been duly elected and qualified. No other person has been nominated by the Board to stand for election as a director at the Meeting. Assuming a quorum is present, the election of each of Mr. Vosotas and Mr. Finkenbrink as a Director requires that a plurality of the total votes cast with respect to Common shares present, or represented, and entitled to vote at the Meeting vote in favor of his election. (Please note that brokers or other nominees who hold shares for you no longer have the discretionary authority to vote your uninstructed shares in the election of directors.) In the event Mr. Vosotas or Mr. Finkenbrink is unable to serve, the persons designated as proxies will cast votes for such other person in their discretion as a substitute nominee. The Board of Directors has no reason to believe that the nominees will be unavailable, or if elected, will decline to serve. Mr. Vosotas and Mr. Finkenbrink are residents of the United States. Certain information is set forth below for each of the nominees for Director, as well as for each Director whose term of office will continue after the Meeting.

These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Management is required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. During each of the fiscal years ended March 31, 2010 and 2009, respectively, all services were pre-approved by the Audit Committee in accordance with this policy.

BOARD OF DIRECTORS

Committees of the Board of Directors and Meeting Attendance

The Company has not adopted a formal policy that each Director must attend each annual general meeting of shareholders, although Directors are encouraged to do so. The Company expects all members of the Board to attend the Meeting barring other significant commitments or special circumstances. All of the Company's Board members attended the Company's 2009 Annual General Meeting of Shareholders. During the Company's fiscal year ended March 31, 2010, there were four meetings of the Board, and each incumbent Director attended at least 75% of the aggregate number of Board meetings and meetings of all committees of the Board on which he served.

The Board of Directors of the Company has the standing committees listed below.

Audit Committee. The Board of Directors has established an Audit Committee. From April 1, 2004 until June 30, 2005, the Audit Committee was comprised of two members, namely Messrs. Neal (Chair) and Bragin. Effective June 30, 2005, the size of the Audit Committee was expanded from two to three members, and Mr. Fink was added to the Audit Committee. The Audit Committee held four meetings during the fiscal year ended March 31, 2010. The Board has determined that Messrs. Neal, Bragin and Fink satisfy the independence requirements of current Securities and Exchange Commission rules and NASDAQ Global Market listing standards. The Board also has determined that Mr. Fink qualifies as an audit committee financial expert as defined under these rules and listing standards.

The Audit Committee assists the Board of Directors with its responsibilities by (A) overseeing the Company's accounting and financial reporting processes and the audits of the Company's consolidated financial statements and (B) monitoring (i) the Company's compliance with legal, risk management and regulatory requirements, (ii) the Company's independent auditors' qualifications and independence, (iii) the performance of the Company's audit function and independent auditors, and (iv) the Company's systems of internal control with respect to the integrity of financial records, adherence to its policies and compliance with legal requirements. The Audit Committee: has sole responsibility to retain and terminate the Company's independent auditors, subject to shareholder ratification; has sole authority to pre-approve all audit and non-audit services performed by the Company's independent auditors and the fees and terms of each engagement; reviews the scope and results of each annual internal audit; and reviews the Company's audited consolidated financial statements and related public disclosures, earnings press releases and other financial information and earnings guidance provided to analysts or rating agencies. The Audit Committee is governed by a written charter, which sets forth the specific functions and responsibilities of the Audit Committee. A copy of the current Audit Committee charter is included as Appendix A to this Proxy Statement and Information Circular. The Audit Committee charter is not currently available on the Company's web site.

Compensation Committee. On June 30, 2005, the Board of Directors established a Compensation Committee, which is comprised of three directors, namely Messrs. Bragin, Fink and Neal (Chair). The Compensation Committee held one meeting during the fiscal year ended March 31, 2010. The Board has determined that Messrs. Bragin, Fink and Neal satisfy the independence requirements of current NASDAQ Global Market listing standards.

The principal responsibilities of the Compensation Committee are to evaluate the performance and approve the compensation of the Company's Chief Executive Officer and other executive officers; prepare an annual report on executive compensation for inclusion in proxy statements of the Company; and oversee the Company's compensation and benefit plans for key employees and non-employee directors.

The Compensation Committee reviews and approves corporate goals and objectives relevant to the Company's Chief Executive Officer's compensation, evaluates the Chief Executive Officer's performance in light of these goals and objectives and establishes his compensation levels based on its evaluation. This Committee is also responsible for administration of the Nicholas Financial, Inc. Equity Incentive Plan, the Nicholas Financial, Inc. Employee Stock Option Plan and the Nicholas Financial, Inc. Non-Employee Director Stock Option Plan. The specific functions and responsibilities of the Compensation Committee are set forth in its written charter. A copy of the current Compensation Committee charter is included as Appendix B to this Proxy Statement and Information Circular. The Compensation Committee charter is not currently available on the Company's web site.

Nominating/Corporate Governance Committee. On June 30, 2005, the Board of Directors established a Nominating/Corporate Governance Committee, which is comprised of two directors, namely Messrs. Bragin and Neal. The Nominating/Corporate Governance Committee held one meeting during the fiscal year ended March 31, 2010. The Board has determined that Messrs. Bragin and Neal satisfy the independence requirements of current NASDAQ Global Market listing standards. The Nominating/Corporate Governance Committee is governed by a written charter, which will be reviewed on an annual basis. A copy of the current Nominating/Corporate Governance Committee charter is included as Appendix C to this Proxy Statement and Information Circular. The Nominating/Corporate Governance Committee charter is not currently available on the Company's web site.

The principal functions of the Nominating/Corporate Governance Committee are to: identify, consider and recommend to the Board qualified director nominees for election at the Company's annual meeting; review and make recommendations on matters involving the general operation of the Board and its committees and recommend to the Board nominees for each committee of the Board; and develop and recommend to the Board the adoption and appropriate revision of the Company's corporate governance practices.

Nominations of Directors

The entire Board by majority vote selects the Director nominees to stand for election at the Company's annual general meetings of shareholders and to fill vacancies occurring on the Board, based on the recommendations of the Nominating/Corporate Governance Committee. In selecting nominees to recommend to the Board to stand for election as Directors, the Nominating/Corporate Governance Committee will examine each Director nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate. While the Nominating/Corporate Governance Committee does not have a formal policy relating specifically to the consideration of diversity in its process to select and evaluate Director nominees, the Committee does consider diversity as part of its overall evaluation of candidates for Director nominees. Specifically, the Company's Corporate Governance Policies provide that the selection of potential directors should be based on all factors the Nominating/Corporate Governance Committee and the Board consider appropriate, which include issues of diversity, age, background and training, business or administrative experience or skills, dedication and commitment, business judgment, analytical skills, problem-solving abilities and familiarity with regulatory environment. To this end, the Nominating/Corporate Governance Committee believes that the following minimum qualifications must be met by a Director nominee to be recommended to stand for election as Director:

Each Director must display high personal and professional ethics, integrity and values.

Each Director must have the ability to exercise sound business judgment.

Each Director must be highly accomplished in his or her respective field, with broad experience at the executive or policy-making level in business, government, education, technology or public interest.

Each Director must have relevant expertise and experience, and be able to offer advice and guidance based on that expertise and experience.

Each Director must be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value.

Each Director must have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

The Nominating/Corporate Governance Committee may use various sources for identifying and evaluating nominees for Directors, including referrals from the Company's current Directors, management and shareholders. The Nominating/Corporate Governance Committee will review the resume and qualifications of each candidate identified through any of the sources referenced above, and determine whether the candidate would add value to the Board. With respect to candidates that are determined by the Nominating/Corporate Governance Committee to be potential nominees, one or more members of the Committee will contact such candidates to determine the candidate's general availability and interest in serving. Once it is determined that a candidate is a good prospect, the candidate will be invited to meet with the full Committee, which will conduct a personal interview with the candidate. During the interview, the Committee will evaluate whether the candidate meets the guidelines and criteria adopted by the Board as well as exploring any special or unique qualifications, expertise and experience offered by the candidate and how such qualifications, expertise and/or experience may complement that of existing Board members. If the candidate is

approved by the Committee as a result of the Committee's determination that the candidate will be able to add value to the Board and the candidate expresses his or her interest in serving on the Board, the Committee will then review its conclusions with the Board and recommend that the candidate be selected by the Board to stand for election by the shareholders or fill a vacancy or newly created position on the Board.

Pursuant to the Nominating/Corporate Governance Committee charter, the Committee will investigate and consider shareholder recommendations for Director nominations submitted in writing by a shareholder (or group of shareholders) owning 5% or more of the Company's outstanding Common shares for at least one year. Recommendations for Director nominees to be considered by the Nominating/Corporate Governance Committee, including recommendations from shareholders of the Company, should be sent in writing, together with a description of each proposed nominee's qualifications and other relevant biographical information concerning such proposed nominee, to the Nominating/Corporate Governance Committee of the Board of Directors, care of the Secretary of the Company, at the Company's headquarters, and must be received at least 120 days prior to the anniversary date of the release of the proxy statement relating to the prior year's Annual General Meeting of Shareholders.

Leadership Structure and Role in Risk Oversight

Mr. Vosotas, the founder of the Company, has served as our Chief Executive Officer, or CEO, and Chairman of the Board, since the Company's inception in 1985. Our Board does not have a policy on whether or not the roles of CEO and chairman should be separate; indeed, the Board has the authority to choose its chairman in any way it deems best for our Company at any given point in time. Accordingly, our Board reserves the right to vest the responsibilities of the CEO and chairman in the same person or in two different individuals, depending upon what it believes is in the best interests of the Company. Our Board currently believes that Mr. Vosotas is uniquely qualified to serve as both our chairman and CEO, given his historical leadership of our Board, his long history with our Company, his significant ownership interest in the Company and the current size of both the Company and our Board. Our Board believes, however, that there is no single Board leadership structure that would be most effective in all circumstances, and therefore the Board retains the authority to modify this structure to best address our Company's and Board's then current circumstances as and when appropriate.

Our Board, and, in particular, the Audit Committee are involved on an ongoing basis in the general oversight of our material identified enterprise-related risks. Each of our CEO and Chief Financial Officer, with input as appropriate from other appropriate management members, reports and provides relevant information directly to either our Board and/or the Audit Committee on various types of identified material financial, reputational, legal and business risks to which we are or may be subject, as well as mitigation strategies for certain key identified material risks. Our Board's and Audit Committee's roles in our risk oversight process have not affected our Board leadership structure.

Communications with Board of Directors

Shareholders may communicate with the full Board or individual Directors by submitting such communications in writing to Nicholas Financial, Inc., Attention: Board of Directors (or the individual Director(s)), Building C, 2454 McMullen Booth Road, Clearwater, Florida 33759. Such communications will be delivered directly to the appropriate Director(s).

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the consolidated financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited consolidated financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with the Company's Independent Auditors, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under standards of the Public Company Accounting Oversight Board. The Audit Committee also discussed with the Company's Independent Auditors matters related to the financial reporting process required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the Audit Committee has received the written disclosures and the letter from the Independent Auditors required by Rule 3526 of the Public Company Accounting Standards Board, as currently in effect, and the Audit Committee discussed with the Independent Auditors that firm's independence and considered the compatibility of nonaudit services with the Independent Auditors' independence.

The Committee discussed with the Company's Independent Auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during the fiscal year ended March 31, 2010.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report for filing with the Commission. The Committee and the Board have also recommended, subject to shareholder approval, the appointment of Dixon Hughes PLLC as the Company's Independent Auditors for the fiscal year ending March 31, 2011.

The foregoing report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates such report by reference therein.

Executive Compensation Discussion and Analysis

Overview of Executive Compensation Philosophy

The primary objectives of the Compensation Committee of the Company's Board of Directors with respect to executive compensation are to attract, motivate and retain the best executive talent available and to align the Company's executive compensation structure with shareholder value creation. More specifically, the Compensation Committee believes that executive compensation should:

- ∩ help attract and retain the most qualified individuals by being competitive with compensation paid to persons having similar responsibilities and duties in other companies in the same and closely related businesses;
- ∩ relate to the value created for shareholders by being directly tied to the financial performance of the Company and the particular executive officer's contribution to such performance;
- ∩ motivate and reward individuals who help the Company achieve its short-term and long-term objectives and thereby contribute significantly to the success of the Company; and
- ∩ reflect the qualifications, skills, experience, and responsibilities of the particular executive officer.

Role of the Compensation Committee

The Compensation Committee is responsible for:

- ∩ evaluating the performance and determining and approving the compensation of the Company's executive officers, including the Chief Executive Officer (the CEO); and

is overseeing the Company's compensation and benefit plans for key employees and non-employee directors, including the Company's equity plans.

Through this process, the Committee reviews and determines all aspects of compensation for the Named Executive Officers (as defined below) of the Company. The Named Executive Officers of the Company are: Mr. Peter L. Vosotas, Chairman of the Board, CEO and President; Mr. Ralph T. Finkenbrink, Senior Vice President, Chief Financial Officer and Secretary; and Douglas W. Marohn, Senior Vice President of Branch Operations.

Process for Determining Executive Compensation

The Compensation Committee is responsible for establishing and monitoring adherence to the Company's compensation programs. When setting executive compensation, the Compensation Committee applies a consistent approach for all Named Executive Officers. It intends that the combination of elements of executive compensation closely aligns the executives' interest with those of the Company's shareholders. Target total compensation is comprised of base salary, annual cash bonus and long-term incentive compensation in the form of equity grants. The Compensation Committee generally reviews and adjusts executive target total compensation levels annually in February and March of each year.

In fiscal 2006, the Board of Directors and Compensation Committee retained an independent compensation consulting firm to perform analyses of competitive performance and compensation levels for the Company's Named Executive Officers. This consulting firm developed recommendations that were reviewed by the Compensation Committee and the Board of Directors in connection with approving executive compensation for fiscal 2007. Neither the Board of Directors nor the Compensation Committee has retained any independent compensation consultants since that time.

The CEO currently initiates the compensation discussions with the Compensation Committee, providing requests and seeking approval from the Compensation Committee and the Board of Directors before finalizing any salary increases, employment contracts, bonus plans or long-term incentive equity awards for Named Executive Officers. In considering the CEO's requests, the Compensation Committee takes into consideration the executive pay for executive officers in comparable positions for companies in the Company's peer group, as well as the level of inherent risk associated with the position, and the specific circumstances of the executive. The Compensation Committee approves the base salary, annual cash bonus and long-term incentive equity awards for the CEO and for each Named Executive Officer below the CEO level, based on the CEO's recommendations.

The Compensation Committee has reviewed the aggregate amounts and mix of all components of the CEO's and the other Named Executive Officer's compensation, including base salary, annual cash bonus, long-term incentive compensation, accumulated (realized and unrealized) stock option and restricted stock gains, the value to the executive and cost to the Company of all perquisites and other personal benefits and the actual projected payout obligations for severance and change-in-control scenarios. A tally sheet setting forth all the above components was prepared affixing dollar amounts under the various payout scenarios for the CEO and the other Named Executive Officer and was reviewed by the Compensation Committee.

Compensation Components

The Company's executive compensation program currently consists of three key elements: base salary, annual incentive bonus and long-term equity compensation.

Base Salary. The Compensation Committee establishes base salaries for the Company's Named Executive Officers based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies in the Company's peer group for similar positions. Generally, the Compensation Committee believes that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions and with similar responsibilities at comparable companies in line with our compensation philosophy.

Base salaries are reviewed annually, and may be adjusted to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

The base salaries for Mr. Vosotas, the Company's CEO, Mr. Finkenbrink, the Company's Chief Financial Officer, and Mr. Marohn, the Company's Senior Vice President of Branch Operations, for the fiscal year ended March 31, 2010 (Fiscal 2010) were \$300,000, \$210,000 and \$150,000, respectively, and for the fiscal year ending March 31, 2011 are \$300,000, \$250,000 and \$175,000, respectively. The Compensation Committee believes that the current base salaries of the Company's Named Executive Officers are generally competitive at the median salary ranges observed at comparable companies.

Annual Incentive Bonus. Annual cash incentive bonuses are intended to compensate the Named Executive Officers for achieving the Company's annual financial goals.

For Fiscal 2010, the Company had in effect an annual incentive bonus program for each of its Named Executive Officers. In addition to his annual base salary, each Named Executive Officer was entitled to receive cash bonuses for Fiscal 2010 based upon the Company's revenues and operating income exceeding certain target percentages. The tables below summarize the cash bonuses payable to each of the Named Executive Officers based upon meeting or exceeding the indicated growth targets:

Revenue Growth Target (% Increase Over Fiscal 2009)*	Cash Bonus Payable to Each Named Executive Officer
3%	\$ 5,000
6% or above	\$20,000

*A prorated cash bonus was payable to each named executive officer in the event revenue growth was between the 3% and 6% targets.

Operating Income Growth Target (% Increase Over Fiscal 2008)*	Cash Bonus Payable to Each Named Executive Officer
4%	\$ 5,000
8% or above	\$20,000

*A prorated cash bonus was payable to each named executive officer in the event operating income growth was between the 4% and 8% targets.

In addition to the foregoing, each of Mr. Vosotas and Mr. Finkenbrink was entitled to a cash bonus in the event the average closing price of the Company's Common Stock for the five trading days immediately preceding March 31, 2010 exceeded the average closing price for the five trading days immediately preceding April 1, 2009. The table below summarizes the cash bonus payable to each of Mr. Vosotas and Mr. Finkenbrink based upon an increase in the Company's stock price over the period indicated:

% Increase in Average Closing Price*	Cash Bonus Payable To Mr. Vosotas	Cash Bonus Payable to Mr. Finkenbrink
50%	\$ 50,000	\$ 20,000
100%	\$ 75,000	\$ 40,000
150%	\$100,000	\$ 40,000

*A prorated cash bonus was payable to Mr. Vosotas in the event the increase in the Company's average closing stock price for the period indicated was between 50% and 150% and to Mr. Finkenbrink in the event the increase in the Company's average closing stock price for the period indicated was between 50% and 100%.

Pursuant to the foregoing awards, Messrs. Vosotas, Finkenbrink and Marohn received aggregate cash bonuses pursuant to the Fiscal 2010 incentive bonus program of \$150,000, \$80,000 and \$40,000, respectively.

The Compensation Committee also has established an annual incentive cash bonus program for each of the Named Executive Officers for the fiscal year ending March 31, 2011 (Fiscal 2011). In addition to his annual base salary, each Named Executive Officer is entitled to receive cash bonuses for Fiscal 2011 based upon the Company's revenues and operating income exceeding certain target percentages. The tables below summarize the cash bonuses payable to each of the named executive officers based upon the Company meeting or exceeding the indicated growth targets:

Revenue Growth Target (% Increase Over Fiscal 2010)*	Cash Bonus Payable to Mr. Vosotas	Cash Bonus Payable to Mr. Finkenbrink	Cash Bonus Payable to Mr. Marohn
5%	\$15,000	\$10,000	\$15,000
10% or above	\$30,000	\$20,000	\$30,000

*A prorated cash bonus is payable to each named executive officer in the event revenue growth falls between the 5% and 10% targets.

Operating Income Growth Target (% Increase Over Fiscal 2010)*	Cash Bonus Payable to Mr. Vosotas	Cash Bonus Payable to Mr. Finkenbrink	Cash Bonus Payable to Mr. Marohn
10%	\$15,000	\$ 5,000	\$10,000
20% or above	\$30,000	\$20,000	\$20,000

*A prorated cash bonus is payable to each named executive officer in the event operating income falls between the 10% and 20% targets.

In addition to the foregoing, Mr. Vosotas is entitled to a cash bonus in the event the average closing price of the Company's Common Stock for the five trading days immediately preceding March 31, 2011 exceeds the average closing price for the five trading days immediately preceding April 1, 2010. The table below summarizes the cash bonus payable to Mr. Vosotas based upon an increase in the Company's stock price over the period indicated:

% Increase in Average Closing Price*	Cash Bonus Payable
25%	\$ 50,000
50%	\$ 75,000
75% or above	\$100,000

*A prorated cash bonus is payable to Mr. Vosotas in the event the increase in the Company's average closing stock price for the period indicated falls between 25% and 75%.

Long-Term Equity Compensation. The Compensation Committee believes that stock-based awards promote the long-term growth and profitability of the Company by providing executive officers of the Company with incentives to improve shareholder value and contribute to the success of the Company and by enabling the Company to attract, retain and reward the best available persons for executive officer positions. The Company currently maintains two long-term equity incentive plans for executive officers—the Nicholas Financial, Inc. Equity Incentive Plan (the Equity Plan) and the Nicholas Financial, Inc. Employee Stock Option Plan (the Employee Plan). The Employee Plan was terminated on August 9, 2006, and no new awards will be granted under such plan, although stock options granted under such plan and still outstanding will continue to be subject to all terms and conditions of such plan.

The Compensation Committee may grant awards under the Equity Plan to any officer (including the Named Executive Officers) or other salaried key employee of the Company or its affiliates. As of the Record Date, there were approximately five officers and 100 other salaried key employees (not including officers) eligible to participate in the Equity Plan.

Each of the Company's named executive officers received the following equity awards under the Company's Equity Incentive Plan as part of the Fiscal 2010 incentive bonus program: (i) on March 31, 2009, Mr. Vosotas was awarded 27,500 shares of restricted stock, which shares will vest on the third anniversary following the date of grant; (ii) on March 31, 2009, Mr. Vosotas was granted options to purchase 55,000 shares at an exercise price of \$2.38 per share, which options will vest in equal annual installments over two years following the date of grant; (iii) on April 1, 2009, Mr. Vosotas was awarded 27,500 shares of restricted stock, which shares will vest on the third anniversary following the date of grant; (iv) on April 1, 2009, Mr. Vosotas was granted options to purchase 27,500 shares at an exercise price of \$2.35 per share, which options will vest in equal annual installments over two years following the date of grant; (v) on March 31, 2009, Mr. Finkenbrink was awarded 27,500 shares of restricted stock, which shares will vest on the third anniversary following the date of grant; (vi) on April 1, 2009, Mr. Finkenbrink was awarded 22,000 shares of restricted stock, which shares will vest on the third anniversary following the date of grant; and (vii) on March 31, 2009, Mr. Marohn was awarded 26,400 shares of restricted stock, which shares will vest on the third anniversary following the date of grant. (Please note that the foregoing share grant and pricing information has been restated to reflect the 10% stock dividend completed on December 7, 2009.)

Each of the Company's named executive officers also received the following equity awards under the Company's Equity Incentive Plan as part of the Fiscal 2011 incentive bonus program: (i) on April 15, 2010, Mr. Vosotas was awarded 25,000 shares of restricted stock, which shares will vest on March 31, 2012; (ii) on April 15, 2010, Mr. Finkenbrink was awarded 15,000 shares of restricted stock, which shares will vest on March 31, 2013; and (iii) on April 1, 2010, Mr. Marohn was awarded 8,000 shares of restricted stock, which shares will vest on March 31, 2013.

The Company cannot currently determine the number or type of additional awards that may be granted to eligible participants under the Equity Plan in the future. Such determinations will be made from time to time by the Compensation Committee (or Board).

Change in Control

The Company has change in control provisions in its employment agreements with the Named Executive Officers, the Equity Plan and the Employee Plan. The Company has no additional change in control contracts or arrangements with any of the Named Executive Officers.

The change in control provisions in the plans and employment agreements were designed to make a change in control transaction neutral to the economic interests of employees that might be involved in considering such a transaction. The employees subject to these provisions would likely not be in a position to influence the Company's performance after a change in control or may not be in a position to earn their incentive awards or vest in their equity awards after a change in control. Thus, the provisions are meant to encourage employees that may be involved in considering a change in control transaction to act in the interests of the Company's shareholders rather than their own interests.

The change in control provisions in the employment agreements with Named Executive Officers are described starting on page 30 under Potential Payments Upon Termination or a Change-In-Control. Generally, the Company's equity compensation plans provide that restricted stock will vest in full, and options to purchase Common shares will become immediately exercisable, either upon a change in control or upon termination of employment within one year after a change in control. The Compensation Committee believes that the provisions provided for under both our employment agreements and equity compensation plans are appropriate since an employee's position could be adversely affected by a change in control even if he is not terminated. These plans provide, however, that the Compensation Committee may determine in advance of the change in control event that the provisions would not apply and therefore no accelerated vesting would occur.

Other Compensation

Consistent with the Compensation Committee's pay-for-performance compensation philosophy, the Company intends to continue to maintain modest executive benefits and perquisites for executive officers; however, the Compensation Committee, in its discretion, may revise, amend or add to the officer's executive benefits and perquisites if it deems it advisable. The Compensation Committee believes these benefits and perquisites are currently at or below median competitive levels for companies in the Company's peer group. The Compensation Committee has no current plans to make changes to either the employment agreements (except as required by law or as required to clarify the benefits to which the executive officers are entitled as set forth herein) or levels of benefits and perquisites provided under the employment agreements. In this regard it should be noted that the Company does not provide pension arrangements, post-retirement health coverage, or similar benefits for its executives or employees.

The following table generally illustrates the benefit plans and perquisites that the Company does and does not provide and identifies those employees who may be eligible to receive them. Perquisites for the Named Executive Officers are detailed within the footnotes of the summary compensation table.

Participants can contribute up to 60% of their pretax compensation to the 401(k) Plan annually, subject to certain legal limitations. Policy Regarding Retroactive Adjustments

Section 304 of the Sarbanes-Oxley Act of 2002 authorizes a company to claw back certain incentive-based compensation and stock profits of the Chief Executive Officer and Chief Financial Officer if the company is required to prepare an accounting restatement due to the material noncompliance of the company, as a result of misconduct, with any financial reporting requirement under the securities laws. The Compensation Committee does not otherwise have a formal policy regarding whether the Committee will make retroactive adjustments to, or attempt to recover, cash or share-based incentive compensation granted or paid to executive officers in which the payment was predicated upon the achievement of certain financial results that are subsequently the subject of a restatement. The Committee may seek to recover any amount determined to have been inappropriately received by the individual executive to the extent permitted by applicable law.

Tax, Accounting and Other Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits the Company's deduction of annual compensation paid to the Named Executive Officers to \$1 million per employee, unless the compensation meets certain specific requirements to qualify as performance-based compensation. The Compensation Committee has considered the Company's ability to deduct from taxable income certain performance based compensation under Section 162(m) of the Code. At the current compensation levels in effect for the Named Executive Officers, tax deductibility under Section 162(m) was not a determinative factor in the design of the Company's compensation program.

Section 280G of the Code limits the Company's ability to take a tax deduction for certain excess parachute payments (as defined in Code Section 280G) paid in connection with a change in control transaction, and Section 4999 of the Code imposes excise taxes on certain executives who receive excess parachute payments. The Compensation Committee considers the adverse tax liabilities imposed by Code Sections 280G and 4999, as well as other competitive factors, when it designs and implements arrangements that may be triggered upon a change in control for all potentially affected employees, including the Company's Named Executive Officers.

Various rules under generally accepted accounting principles determine the extent to which and the manner in which the Company accounts for grants under its long term equity incentive plans in its financial statements. The Compensation Committee takes into consideration the accounting treatment under Financial Accounting Standards Board (FASB) Accounting Standards Classification (ASC) Topic 718, Stock Compensation (formerly, FAS 123(R) (ASC Topic 718)), when determining the types of and value of grants under its long term equity incentive plans for all employees, including the Company's Named Executive Officers. The accounting treatment of such grants, however, is not determinative of the type, timing, or amount of any particular grant of equity-based compensation to the Company's employees.
