Item 7.01 Regulation FD Disclosure

On August 1, 2011, the Massachusetts Department of Public Utilities (MDPU) issued an Order (the Order) approving increases of \$3.3 million and \$3.7 million in annual distribution revenues for the electric and gas divisions, respectively, of Fitchburg Gas and Electric Light Company (Fitchburg or the Company), Unitil Corporation s Massachusetts electric and natural gas utility subsidiary. The MDPU also approved revenue decoupling mechanisms and a return on equity of 9.2% for both the electric and gas divisions of the Company. The rate increase for Fitchburg s electric division included the recovery of \$11.4 million of previously deferred emergency storm restoration costs associated with the December 2008 ice storm, which costs are to be amortized and recovered over seven (7) years without carrying costs.

Based on the MDPU Order, the Company expects to recognize a non-recurring pre-tax charge of \$2.0 million in the third quarter of 2011, related to the December 2008 Ice Storm. The impact on 2011 earnings of this one time charge is \$0.11 per share. The Order provides resolution to the open regulatory matters concerning the ratemaking treatment and cost recovery related to the December 2008 Ice Storm event.
