Approval of the 2012 Omnibus Incentive Compensation Plan

The board is asking you to approve the 2012 Omnibus Incentive Compensation Plan (2012 Plan) which will replace the 2009 Omnibus Incentive Compensation Plan (2009 Plan). Pursuant to the 2012 Plan, options, stock appreciation rights, restricted stock, restricted stock units, restricted performance shares, restricted performance units and other cash awards can be granted to directors and employees. 27 million shares of common stock have been reserved for issuance under the 2012 Plan, which includes unissued shares that were previously authorized for issuance under previous plans. For more information, see page 63.

Approval of an Amendment to the Discounted Employee Stock Purchase Plan

The board is asking you to approve an amendment to the Discounted Employee Stock Purchase Plan (the DESPP) to increase to 20 million the number of shares of our class A common stock available under the DESPP. The DESPP was approved by shareowners in 2001 and is designed to encourage our employees' interest in our success and provide retention incentives. The amendment to increase the number of shares available under the DESPP is being presented to shareowners for their approval so that the DESPP continues to qualify as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code of 1986. For more information, see page 73.

Vote on a Shareowner Proposal

The board is asking you to vote against a shareowner proposal. For more information about the proposal, see page 76.

2011 Key Compensation Decisions

Our Named Executive Officers are compensated in a manner consistent with our strategy, competitive practice, sound compensation governance principles and shareowner interests.

Key compensation decisions for the Named Executive Officers for 2011 include the following:

Our executive compensation programs were modified effective January 2011 so that all elements of incentive compensation will be performance-based.

Base salaries of the NEOs were increased by an average of 4.8%; the base salary of the CEO was increased by 3.0% which was equivalent to the merit budget for the broader management population in 2011.

Table of Contents

We modified our stock ownership guidelines for the CEO (eight times annualized salary) and the Management Committee (five times annualized salary).

2011 annual incentive awards for the NEOs under the Management Incentive Program were earned at 95% of target. 2011 MIP ownership incentive awards equal to one month's salary were earned by the NEOs.

The 10% potential increase in restricted performance units under the Long-Term Incentive program was not earned for the 2007 grant maturing in 2012, due to below target earnings per share performance.

2011 Long-Term Incentive Performance award tranches were earned at 95% of target based on revenue growth and operating return on invested capital, and the 2011 earnings measurement tranche for the 2009 LTIP was earned at target based on earnings per share achievement.

The Compensation Committee approved a redesigned financial services benefit for executives through which the Company will reimburse fees from financial and tax services providers up to \$15,000 per year per covered executive.

For more information, see page 32.

4 Notice of Annual Meeting of Shareowners and 2012 Proxy Statement

Table of Contents

This proxy statement and proxy card are furnished in connection with the solicitation of proxies to be voted at our annual meeting of shareowners, which will be held at the Hotel du Pont, 11th and Market Streets, Wilmington, Delaware 19801, on May 3, 2012, at 8:00 a.m. On March 12, 2012, we began mailing to shareowners of record either a Notice of Internet Availability of Proxy Materials (Notice) or this proxy statement and proxy card.

Why am I receiving this proxy statement and proxy card?

You have received these proxy materials because our board of directors is soliciting your proxy to vote your shares at the annual meeting. This proxy statement describes issues on which we would like you to vote at our annual meeting of shareowners. It also gives you information on these issues so that you can make an informed decision.

Our board of directors has made this proxy statement and proxy card available to you on the Internet because you own shares of United Parcel Service, Inc. common stock, in addition to delivering printed versions of this proxy statement and proxy card to certain shareowners by mail.

When you vote by using the Internet, by telephone or (if you received your proxy card by mail) by signing and returning the proxy card, you appoint D. Scott Davis and Teri P. McClure as your representatives at the annual meeting. They will vote your shares at the annual meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment. This way, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, we encourage you to vote in advance by using the Internet, by telephone or (if you received your proxy card by mail) by signing and returning your proxy card. If you vote by Internet or telephone, you do not need to return your proxy card.

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, we are permitted to furnish our proxy materials over the Internet to our shareowners by delivering a Notice in the mail. We are sending the Notice to certain record shareowners. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review the proxy statement and annual report over the Internet at www.proxyvote.com. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting these materials contained in the Notice.

Shareowners who receive a printed set of proxy materials will not receive the Notice, but may still access our proxy materials and submit their proxies over the Internet at www.proxyvote.com.

Who is entitled to vote?

Holders of our class A common stock and our class B common stock at the close of business on March 5, 2012 are entitled to vote. March 5, 2012 is referred to as the record date.

In accordance with Delaware law, a list of shareowners entitled to vote at the meeting will be available in electronic form at the place of the annual meeting on May 3, 2012 and will be accessible in electronic form for ten days prior to the meeting at our principal place of business, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328, and at the offices of Morris, Nichols, Arsht &

Table of Contents

Tunnell, 1201 North Market Street, Wilmington, Delaware 19899, between the hours of 9:00 a.m. and 5:00 p.m.

To how many votes is each share of common stock entitled?

Holders of class A common stock are entitled to ten votes per share. Holders of class B common stock are entitled to one vote per share. On the record date, there were 234,712,717 shares of our class A common stock and 723,864,575 shares of our class B common stock outstanding and entitled to vote.

The voting rights of any shareowner or shareowners as a group, other than any of our employee benefit plans, who beneficially own shares representing more than 25% of our voting power are limited so that the shareowner or group may cast only one one-hundredth of a vote with respect to each vote in excess of 25% of the outstanding voting power.

How do I vote?

Shareowners of record may vote by using the Internet, by telephone or (if you received a proxy card by mail) by mail as described below. Shareowners also may attend the meeting and vote in person. If you hold class B shares through a bank or broker, please refer to your proxy card, Notice or other information forwarded by your bank or broker to see which voting options are available to you.

You may vote by using the Internet. The address of the website for Internet voting is www.proxyvote.com. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 2, 2012. Easy-to-follow instructions allow you to vote your shares and confirm that your instructions have been properly recorded.

You may vote by telephone. The toll-free telephone number is noted on your proxy card. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 2, 2012. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

You may vote by mail. If you received a proxy card by mail and choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope.

The method you use to vote will not limit your right to vote at the annual meeting if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the annual meeting. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the annual meeting.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the annual meeting. You may do this by:

submitting a subsequent proxy by using the Internet, by telephone or by mail with a later date;

sending written notice of revocation to our Corporate Secretary at 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328; or

voting in person at the annual meeting.

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Attendance at the meeting will not by itself revoke a proxy.

How many votes do you need to hold the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the annual meeting will constitute a quorum. If a quorum is present, we can hold the annual meeting and conduct business.

6 Notice of Annual Meeting of Shareowners and 2012 Proxy Statement

Table of Contents

On what items am I voting?

You are being asked to vote on five items:

to elect 12 directors nominated by the board of directors and named in the proxy statement to serve until our 2013 annual meeting of shareowners;

to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2012;

to approve the 2012 Plan;

to approve an amendment to the DESPP; and

to vote on a shareowner proposal.

No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

How may I vote in the election of directors, and how many votes must the nominees receive to be elected?

With respect to the election of directors, you may:

vote FOR the 12 nominees for director;

vote AGAINST the 12 nominees for director;

vote FOR certain of the nominees for director and AGAINST certain of the nominees for director; or

ABSTAIN from voting on one or more of the nominees for director.

The UPS Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation") and the UPS Amended and Restated Bylaws (the "Bylaws") provide for majority voting in uncontested director elections. At this annual meeting, a nominee will only be elected if the number of votes cast for the nominee's election is greater than the number of votes cast against that nominee. Abstentions are not considered votes cast for or against the nominee under a majority voting standard.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the board may either:

reduce the number of directors that serve on the board; or

designate a substitute nominee.

If the board designates a substitute nominee, shares represented by proxies voted for the nominee who is unable to stand for election will be voted for the substitute nominee.

How may I vote for the proposal to ratify the appointment of our independent registered public accounting firm, and how many votes must this proposal receive to pass?

With respect to this proposal, you may:

vote FOR the ratification of the accounting firm;

vote AGAINST the ratification of the accounting firm; or

ABSTAIN from voting on the proposal.

In order to pass, the proposal must receive the affirmative vote of a majority of the votes that could be cast at the annual meeting by the holders who are present in person or by proxy. If you abstain from voting on the proposal or your broker is unable to vote your shares, it will have the same effect as a vote against the proposal.

Table of Contents

How may I vote for the approval of the 2012 Plan, and how many votes must the proposal receive to pass?

With respect to the proposal to approve the 2012 Plan, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

The approval of the 2012 Plan must receive the affirmative vote of a majority of the votes that could be cast at the annual meeting by the holders who are present in person or by proxy to pass. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

In addition, New York Stock Exchange (NYSE) rules require that the total votes cast on the proposal to approve the 2012 Plan must represent a majority of the shares entitled to vote on the proposal.

How may I vote for the approval of an amendment to the DESPP, and how many votes must the proposal receive to pass?

With respect to the proposal to approve an amendment to the DESPP, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

The approval of an amendment to the DESPP must receive the affirmative vote of a majority of the votes that could be cast at the annual meeting by the holders who are present in person or by proxy to pass. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

ABSTAIN from voting on the proposal.

The shareowner proposal must receive the affirmative vote of a majority of the votes that could be cast at the annual meeting by the holders who are present in person or by proxy to pass. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

FOR the ratification of the appointment of our independent registered public accounting firm;

FOR the approval of the 2012 Plan;

FOR the approval of an amendment to the DESPP; and

What happens if I sign and return my proxy card but do not provide voting instructions?

If you return a signed card but do not provide voting instructions, your shares will be voted as follows:

FOR all 12 director nominees;

Table of Contents

FOR the ratification of the appointment of our independent registered public accounting firm;

FOR the approval of the 2012 Plan;

FOR the approval of an amendment to the DESPP; and

AGAINST the shareholder proposal.

Will my shares be voted if I do not vote by using the Internet, by telephone or by signing and returning my proxy card?

If you own class A shares and you do not vote by using the Internet, by telephone or (if you received a proxy card by mail) by signing and returning your proxy card, then your class A shares will not be voted and will not count in deciding the matters presented for shareowner consideration at the annual meeting. If your class A shares are held pursuant to The UPS Stock Fund in the UPS Savings Plan and you do not vote by using the Internet, by telephone or by signing and returning your proxy card, the trustee will vote your shares for each proposal in the same proportion as the shares held pursuant to that plan for which voting instructions were received.

If your class B shares are held in street name through a bank or broker, your bank or broker may vote your class B shares under certain limited circumstances if you do not provide voting instructions before the annual meeting, in accordance with NYSE rules that govern the banks and brokers. These circumstances include voting your shares on routine matters, such as the ratification of the appointment of our independent registered public accountants described in this proxy statement. With respect to this proposal, therefore, if you do not vote your shares, your bank or broker may vote your shares on your behalf or leave your shares unvoted.

The remaining proposals are not considered routine matters under NYSE rules relating to voting by banks and brokers. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. Broker non-votes that are represented at the annual meeting will be counted for purposes of establishing a quorum, but not for determining the number of shares voted for or against the non-routine matter.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

What do I need to show to attend the annual meeting in person?

You will need proof of your share ownership (such as a recent brokerage statement or letter from your broker showing that you owned shares of United Parcel Service, Inc. common stock as of March 5, 2012) and a form of government-issued photo identification. If you do not have proof of ownership and valid photo identification, you may not be admitted to the annual meeting. All bags, briefcases and packages will be held at registration and will not be allowed in the meeting.

Can I receive future proxy materials and annual reports electronically?

Yes. This proxy statement and the 2011 Annual Report to Shareowners are available on our investor relations website located at www.investors.ups.com. Instead of receiving paper copies in the mail, shareowners can elect to receive an email that provides a link to our future annual reports and proxy materials on the Internet. Opting to receive your proxy materials electronically will save us the cost of producing and mailing documents to your home or business, will reduce the environmental impact of our annual meetings, and will give you an automatic link to the proxy voting site.

Table of Contents

The following sections provide an overview of our corporate governance structure and processes. Among other topics, we describe how we select directors, how we consider the independence of our directors and key aspects of our board operations.

Selecting Nominees for Director

Our board has delegated to the Nominating and Corporate Governance Committee the responsibility for reviewing and recommending to the board nominees for director. In accordance with our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee, in evaluating director candidates, considers factors such as personal character, values and disciplines, ethical standards, diversity, other outside commitments, professional background and skills, all in the context of an assessment of the needs of the board at the time. In addition, each director candidate is expected to ensure that other existing and planned future commitments will not materially interfere with his or her responsibilities as a director.

The Nominating and Corporate Governance Committee's objective is to maintain a board of individuals of the highest personal character, integrity and ethical standards, and that reflects a range of professional backgrounds and skills relevant to our business. For each of the nominees to the board, the biographies shown above highlight the experiences and qualifications that were among the most important to the Nominating and Corporate Governance Committee in concluding that the nominee should serve as a director of the Company. The Nominating and Corporate Governance Committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in experience and skills relevant to the board's performance of its responsibilities in the oversight of a complex global business.

The Nominating and Corporate Governance Committee is responsible for recommending nominees for election to the board at each annual meeting of shareowners and for identifying one or more candidates to fill any vacancies that may occur on the board. Under our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee may use a variety of sources in order to identify new candidates. New candidates may be identified through recommendations from independent directors or members of management, search firms, discussions with other persons who may know of suitable candidates to serve on the board, and shareowner recommendations. Evaluations of prospective candidates typically include a review of the candidate's background and qualifications by the Nominating and Corporate Governance Committee, interviews with the committee as a whole, one or more members of the committee, or one or more other board members, and discussions of the committee and the full board. The Committee then recommends candidates to the full board, with the full board selecting the candidates to be nominated for election by the shareowners or to be elected by the board to fill a vacancy.

The Nominating and Corporate Governance Committee will consider director candidates proposed by shareowners on the same basis as recommendations from other sources. Any shareowner who wishes to recommend a prospective candidate for the board of directors for consideration by the Nominating and Corporate Governance Committee may do so by submitting the name and qualifications of the prospective candidate in writing to the following address: Corporate Secretary, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328. Any such submission should also describe the experience, qualifications, attributes and skills that make the prospective candidate a suitable nominee for the board of directors. Our Bylaws set forth the requirements for direct nomination by a shareowner of persons for election to the board of directors. These requirements are described under "Other Business" at the end of this proxy statement.

Director Independence

Our Corporate Governance Guidelines include categorical standards adopted by the board to determine director independence that meet the listing standards set forth by the NYSE. Our Corporate Governance Guidelines are available on the governance section of our investor relations website at www.investors.ups.com.

Table of Contents

Pursuant to the Corporate Governance Guidelines, the board undertook its annual review of director independence in February 2012. As part of this review, the board considered whether there were any relationships between each director or any member of his or her immediate family and UPS. The board also examined whether there were any relationships between an organization of which a director is a partner, shareholder or executive officer and UPS. The purpose of this review was to determine whether any such relationships were inconsistent with a determination that a director is independent. The board also evaluated the categorical standards that form a part of our Corporate Governance Guidelines.

As a result of this review, the board affirmatively determined that the following directors are independent directors: Duane Ackerman, Michael Burns, Stuart Eizenstat, Bill Johnson, Candace Kendle, Ann Livermore, Rudy Markham, Sandy Randt, John Thompson and Carol Tomé. Accordingly, 10 of our 12 directors are independent, and all directors on the following committees are independent:

Audit Committee;

Compensation Committee; and

Nominating and Corporate Governance Committee.

In determining the independence of Stuart Eizenstat, Bill Johnson, Ann Livermore, John Thompson and Carol Tomé, our board considered ordinary course relationships between UPS and the companies that employed these directors during 2011.

Executive Sessions of our Non-Management Directors

Our non-management directors hold executive sessions without management present as frequently as they deem appropriate. The presiding director for these meetings rotates among the chairpersons of the independent board committees, currently the Audit, Compensation and Nominating and Corporate Governance Committees. The presiding director determines the agenda for the session and, after the session, acts as a liaison between the non-management directors and the Chairman and Chief Executive Officer. The presiding director may invite the Chairman and Chief Executive Officer to join the session for certain discussions, as he or she deems appropriate. If the non-management directors include in the executive sessions any directors who are not independent directors, then at least once a year there will be an executive session including only the independent directors.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board will include a majority of independent directors, and the Guidelines and our Bylaws provide that our Chief Executive Officer will serve as Chairman of the Board. Accordingly, Scott Davis has served as Chairman of the Board since he was appointed Chief Executive Officer on January 1, 2008. Having our Chief Executive Officer serve as Chairman of the Board is consistent with the historical practice of UPS, as all nine of our previous Chief Executive Officers have also served as Chairman of the Board.

As described above under Director Independence, 10 of our 12 directors are independent. In addition, all of the directors on each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are independent directors. Each of these committees is led by a committee chair who sets the agenda for the committee and reports to the full board on the committee's work. We do not have a lead director, but our Corporate Governance Guidelines provide that our non-management directors will meet in executive session without management present as frequently as they deem appropriate, typically at the time of each regular board meeting. The chairs of the independent board committees rotate as presiding director, and the presiding director acts as a liaison between the non-management directors and the Chairman and Chief Executive Officer in connection with each regular meeting.

Our company has employed this leadership structure of having a combined Chairman and Chief Executive Officer for many years, and we believe

Table of Contents

that this leadership structure has been effective for the Company. We believe that having a combined Chairman and Chief Executive Officer, a board with a majority of independent directors who meet regularly in executive session, and independent chairs for the board's Audit, Compensation, and Nominating and Corporate Governance committees provides the best form of leadership for the Company and its shareowners. We have a single leader for our company and he is seen by our employees, customers, business partners, shareowners and other stakeholders as providing strong leadership for the Company, in our industry and in the communities in which we operate.

Board's Role in Risk Oversight

Our board is responsible for overseeing our risk management. Under its charter, the Audit Committee is responsible for discussing with management policies with respect to financial risk assessment and enterprise risk management, including guidelines to govern the process by which major financial and accounting risk assessment and management is undertaken by the Company. The Audit Committee also oversees our corporate compliance programs, as well as the internal audit function. The Board's other independent committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. In addition to the committees' work in overseeing risk management, our full board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed, and the board receives reports on risk management from senior officers of the Company and from the committee chairs. The board reviews periodic assessments from the Company's ongoing enterprise risk management process that are designed to identify potential events that may affect the achievement of the Company's objectives.

The Company's Senior Vice President of Legal, Compliance and Public Affairs, General Counsel and Corporate Secretary reports directly to our Chairman and Chief Executive Officer, providing him with visibility into the Company's risk profile. The head of the Company's compliance and internal audit functions regularly reports to the Audit Committee, and each of the General Counsel and the compliance and internal audit department manager have regularly scheduled private sessions with the Audit Committee. The board of directors believes that the work undertaken by the committees of the board, together with the work of the full board of directors and the Chairman and Chief Executive Officer, enables the board of directors to effectively oversee the Company's risk management function.

We believe that our leadership structure, as described above, supports the risk oversight function of the board. While we have a combined Chief Executive Officer and Chairman of the Board, strong independent directors chair the various committees involved with risk oversight and there is open communication between management and directors with respect to risk oversight.

Corporate Governance Guidelines, Committee Charters and Code of Business Conduct

Our Corporate Governance Guidelines are available on the governance section of our investor relations website at www.investors.ups.com. The charters for each of the Audit, Compensation and Nominating and Corporate Governance Committees also are available on our investor relations website.

We have a long-standing commitment to conduct our business in accordance with the highest ethical principles. Our Code of Business Conduct is applicable to all the representatives of our enterprise, including our executive officers and all other employees and agents of our company and our subsidiary companies, as well as to our directors. A copy of our code is available on the governance section of the investor relations website.

In 2011, the Nominating and Corporate Governance Committee held four meetings. Each member of our Nominating and Corporate Governance Committee meets the independence requirements of the NYSE.

Executive Committee. The Executive Committee may exercise all powers of the board of directors in the management of our business and affairs, except for those powers expressly reserved to the board under Delaware law or otherwise limited by the board of directors. In 2011, the Executive Committee held no meetings.

Compensation Committee Interlocks and Insider Participation

Duane Ackerman, Stuart Eizenstat, Ann Livermore and John Thompson were members of the Compensation Committee of our board of directors during 2011. None of these directors are employees or former employees of UPS. None of the members of the Compensation Committee has any direct or indirect material interest in or relationship with us outside of his position as a non-employee director. None of our executive officers serves as a member of a board of directors or compensation committee of any entity that has one or more executive officers who serves on our board of directors or Compensation Committee.

Compensation Practices and Risk Management

We believe our compensation practices provide a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics which mitigate excessive risk-taking that could harm our value.

Considering multiple performance measures under our annual and long-term incentive

award programs serves as an internal check-and-balance so as not to put emphasis solely on one measure of performance;

Permitting the Compensation Committee discretion in making final award determinations under the MIP program in order to take into account changing market conditions allows our executives to focus on the long-term health of our company rather than an all or nothing approach to achieving short-term goals;

Using both restricted performance units and stock options for equity awards balances risk incentives;

Annual and long-term incentive awards to executive officers are limited to a fixed maximum;

The performance measures considered under our annual and long-term incentive plans include company-wide metrics; we believe that the inclusion of company-wide metrics encourages decision-making that is in the best long-term interests of our shareowners;

Vesting requirements over a minimum of three years for our equity awards ensures that our executives' interests align with those of our shareowners over the long term;

Incentive awards to our executive officers are subject to the clawback policy contained in the 2009 Plan; and

All executive officers are subject to robust stock ownership guidelines.

Meetings of the Board of Directors and Attendance at the Annual Meeting

Our board of directors held five meetings during 2011. Each of our directors attended at least 75% of the total number of meetings of the board and any committees of which he or she was a member. It is the board's policy that our directors attend the annual meeting. All but one of the directors who were serving on the board at our 2011 annual meeting attended the meeting.

Majority Voting for Directors and Director Resignation Policy

Our Certificate of Incorporation and Bylaws provide for majority voting in uncontested director elections. Under the majority voting standard, directors are elected by a majority of the votes cast, which means that the number of shares voted for a director must exceed the number of shares voted against that director.

Under our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee has established procedures for any director who is not elected to tender his or her offer to resign. Upon receiving the director's offer to resign, the Nominating and Corporate Governance Committee will recommend to the board whether to accept or reject the offer to resign, or whether other action should be taken. In determining whether or not to recommend that the board accept any resignation offer, the Nominating and Corporate Governance Committee may consider all factors believed relevant by the Committee's members. If a majority of the members of the Nominating and Corporate Governance Committee were required to tender their offers of resignation as provided above, the independent directors on the board who were not required to tender their offers of resignation will act as a committee to consider the offers and recommend to the board whether or not to accept them.

The board will act on the Nominating and Corporate Governance Committee's recommendation within 90 days following certification of the election results. In deciding whether or not to accept the offer to resign as well as, if applicable, the effective date of the board's acceptance of the offer to resign and any other conditions, the board will consider the factors considered by the Nominating and Corporate Governance Committee

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

and any additional information and factors that the board believes to be relevant. Any director who offers to resign is expected to recuse himself or herself from the board vote unless the number of independent

directors who were successful incumbents is fewer than three. Thereafter, the board will promptly publicly disclose its decision regarding any offer to resign (including the reason(s) for rejecting the resignation offer, if applicable). If the board determines to accept a director's offer to resign pursuant to this process, the Nominating and Corporate Governance Committee will recommend to the board and the board will thereafter determine whether and when to fill such vacancy or reduce the size of the board.

Related Person Transactions

In accordance with our Audit Committee charter, our Audit Committee is responsible for overseeing our written Code of Business Conduct, which includes policies relating to conflicts of interest. The Code requires that all of our employees and directors avoid conflicts of interest, defined as situations where the person's private interests conflict, or even appear to conflict, with the interests of UPS as a whole.

At least annually, each director and executive officer completes a detailed questionnaire that inquires about any business relationship that may give rise to a conflict of interest and all transactions in which UPS is involved and in which the executive officer, a director or a related person has a direct or indirect material interest. We also conduct a review, at least annually, of our financial systems to identify potential conflicts of interest and related person transactions.

The Nominating and Corporate Governance Committee, which includes only independent directors, conducts an annual review of the information from the questionnaire and financial systems review, evaluates related person transactions (if any) involving the directors and their related persons and makes recommendations to the board of directors regarding the independence of each board member.

If a transaction arises during the year that may require disclosure as a related person transaction, information about the transaction would be provided to the Audit Committee and the Nominating and Corporate Governance Committee, as applicable, for review, approval or ratification of the transaction.

We have not entered into any related person transactions that meet the requirements for disclosure in this proxy statement.

We have purchase, finance and other transactions and relationships in the normal course of business with companies with which our directors are associated, but which are not material. The Nominating and Corporate Governance Committee has reviewed these transactions and relationships and believes they were entered into on terms that are both reasonable and competitive. Additional transactions and relationships of this nature may be expected to take place in the ordinary course of business in the future.

Communicating with our Board of Directors

Any shareowners or interested parties who wish to communicate directly with our board of directors, with our non-management directors as a group or with the presiding director of our non-management directors may do so by writing to the Corporate Secretary, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328. Report of the Audit Committee

The Audit Committee of our board of directors is responsible for, among other things, reviewing with Deloitte & Touche LLP, our independent registered public accounting firm, the scope and results of their audit engagement. In connection with the 2011 audit, the Audit Committee has:

Reviewed and discussed with management UPS's audited financial statements, including management's report on internal controls over financial reporting, included in our Annual Report on Form 10-K for the year ended December 31, 2011;

Discussed with Deloitte & Touche the matters required by Statement of Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU § 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and

Received from and discussed with Deloitte & Touche the communications from Deloitte & Touche required by the Public Company Accounting Oversight Board regarding their independence.

Based on the review and the discussions described in the preceding bullet points, the Audit Committee recommended to the board of directors that the audited financial statements and management's report on internal controls over financial reporting be included in our Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the Securities and Exchange Commission.

The Audit Committee has adopted a charter and a process for pre-approving services to be provided by Deloitte & Touche.

The members of the Audit Committee have been determined to be independent in accordance with the requirements of Section 303.01(B)(2)(a) and (3) of the New York Stock Exchange listing standards and the requirements of Section 10A(m)(3) of the Exchange Act.

All Other Fees	0	0
Total Fees	\$ 14,203,000	\$ 15,010,000

(1) Includes fees for the audit of our annual financial statements, Sarbanes-Oxley Section 404 attestation procedures, statutory audits of foreign subsidiary financial statements and services associated with securities filings.

(2) Includes fees for employee benefit plan audits, SSAE No. 16 independent service auditors' reports and accounting consultations.

(3) Includes fees for tax compliance work and tax planning and advice services.

The Audit Committee has considered whether the provision of audit-related and other non-audit services by Deloitte & Touche is compatible with maintaining Deloitte & Touche's independence.

Our Audit Committee has established a policy requiring the pre-approval of all audit and non-audit services provided to us by Deloitte & Touche. The policy provides for pre-approval of audit, audit-related and tax services specifically described by the Audit Committee. The Audit Committee has delegated to its chair authority to pre-approve permitted services between the Audit Committee's regularly scheduled meetings, and the chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting for review by the Audit Committee. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve permitted services of our independent registered public accounting firm.

Table of Contents

We provide both cash and equity awards to our non-employee directors. Our employee directors do not receive any compensation for service as a director. Directors are reimbursed for their expenses related to board membership.

In 2011, our non-employee directors received an annual cash retainer of \$90,000. The chairs of the Compensation and Nominating and Corporate Governance Committees received an additional annual cash retainer of \$15,000, and the chair of the Audit Committee received an additional annual cash retainer of \$20,000. Cash retainers are paid on a quarterly basis. Under the UPS Deferred Compensation Plan, non-employee directors may defer retainer fees quarterly, but we do not make any company contributions under this plan. There are no preferential or above-market earnings in the UPS Deferred Compensation Plan.

In addition, in 2011 non-employee directors received an annual restricted stock unit grant in the amount of \$150,000 that will be settled in shares of class A common stock (rounded down to the nearest whole share). RSUs are required to be held until the director separates from the UPS board of directors. The annual equity grant is prorated based on the portion of the year that a director serves on the board. There is no additional equity award for new non-employee directors who join the board.

Table of Contents

Restricted stock units (RSUs) are bookkeeping units, the value of each of which corresponds to one share of UPS class A common stock. We grant RSUs to our non-employee directors.

Phantom stock units are bookkeeping units, the value of each of which corresponds to one share of UPS class A common stock. Dividends paid on UPS common stock are added to the director s phantom stock unit balance. Upon termination of the individual s service as a director, amounts represented by phantom stock units will be distributed in cash over a time period elected by the recipient.

Restricted performance units (RPU s) are bookkeeping units, the value of each of which corresponds to one share of UPS class A common stock. We grant RPUs to the Named Executive Officers under two programs, the Management Incentive Program and the Long-Term Incentive Performance Award Program.

Stock option deferral shares are shares held for the individual in a rabbi trust within the UPS Deferred Compensation Plan. Each individual elected to defer the receipt of these shares rather than acquiring them directly upon the exercise of a stock option.

Other deferred compensation plan shares are amounts within the UPS Deferred Compensation Plan allocated to UPS common stock. These represent the non-employee directors retainer fees that have been deferred and invested in UPS stock.

D. Scott Davis	Chairman and Chief Executive Officer

Executive Summary

Business Environment

UPS had record earnings per share in 2011, despite the challenges faced by global markets, and continued to strengthen our standing as the leading enabler of commerce around the world. Throughout the year, we sought to expand our service offerings and maintain the high quality service and value our customers have come to expect from UPS, while continuing our efforts to effectively manage our costs. In our U.S. Domestic segment, we had strong revenue growth and significant margin expansion. In our International segment, we had record revenue on volume growth that outpaced the market. In our Supply Chain & Freight segment we upgraded our capabilities and had strong operating profit, with contributions from all business units.

We continued to make strategic investments in healthcare capabilities, global infrastructure, service alliances, technology and new products and services. For example, in 2011, we acquired an Italian healthcare distribution company and expanded our Cologne Air Hub.

Superior execution and employee commitment across all business units enhanced our ability to provide solutions that create value for our customers. Revenue, operating profit and earnings per share improved during 2011 as we managed our operations well, attracted and retained business and maintained focus on the long-term health of the Company, specifically:

We achieved a 7.2% increase in our 2011 consolidated revenue.

Our 2011 consolidated diluted earnings per share increased by 15.3%.

We continued to generate strong free cash flow in 2011.

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Our 2011 total shareholder return was 3.88%, which compared favorably to the Dow Jones Transportation Average (which was flat) and the Standard & Poor's 500 Index (which was 2.12%).

We expanded our Asia Air network, Chengdu, Guam, Tokyo to Taipei and Guangzhou, and added Hong Kong to Europe direct flights.

We formed a new alliance in Colombia, and increased our air network capacity in South America.

We expanded our healthcare logistics business.

We added new services, including UPS My Choice, UPS Returns Exchange and UPS Returns Pack and Collect. We believe UPS has the global network, infrastructure, management team and portfolio of technological capabilities to provide an unparalleled array of customer solutions.

Summary of 2011 Compensation Actions

Key compensation decisions for the Named Executive Officers for 2011 include the following:

Our executive compensation programs were modified effective January 2011 so that all elements of equity compensation will be performance-based.

Base salaries of the NEOs were increased by an average of 4.8%; the base salary of the CEO was increased by 3.0% which was equivalent to the merit budget for the broader management population in 2011.

We modified our stock ownership guidelines for the CEO (eight times annualized salary), the Management Committee (five times annualized salary) and the board of directors (five times annualized retainer).

2011 annual incentive awards for the NEOs under the Management Incentive Program were earned at 95% of target. 2011 MIP ownership incentive awards equal to one month's salary were earned by the NEOs.

The 10% potential increase in restricted performance units under the Long-Term Incentive program was not earned for the 2007 grant maturing in 2012, due to below target earnings per share performance.

2011 Long-Term Incentive Performance award tranches were earned at 95% of target based on revenue growth and operating return on invested capital and the 2011 earnings measurement tranche for the 2009 LTIP was earned at target based on earnings per share achievement.

The Compensation Committee approved a redesigned financial services benefit for executives through which the Company will reimburse fees from financial and tax services providers up to \$15,000 per year per covered executive.

Compensation and Governance Practices

We believe that our compensation programs encourage executive decision-making that is aligned with the long-term interests of our shareowners by tying a significant portion of pay to company performance over a multi-year period and by promoting our long-standing owner-manager culture. Other compensation and governance practices that support these principles, each of which is described in more detail in this Compensation Discussion and Analysis, include the following:

We do not have employment agreements with any of our executive officers.

We do not have a separate change in control or severance agreement with any of our executive officers.

Our compensation practices provide a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics which mitigate excessive risk-taking.

Our 2009 Plan and the proposed 2012 Plan include a clawback provision that permits us to recover awards granted to executive officers if the financial results used to determine the amount of the award are materially restated and the executive officer engaged in fraud or intentional misconduct.

Our 2009 Plan and the proposed 2012 Plan generally require a double trigger both a change in control and a termination of employment to accelerate the vesting of unvested awards.

Table of Contents

We have robust stock ownership guidelines that include a target ownership of eight times annual salary for the Chief Executive Officer and five times annual salary for the other executive officers.

Executive officers and directors are prohibited from purchasing or selling derivative securities relating to UPS stock and from purchasing financial instruments that are designed to hedge or offset any decrease in the market value of UPS securities.

Since equity award programs can have a dilutive impact on shareowner value, we regularly evaluate our overhang ratio and our annual grant rate, and we believe that our low overhang (7.21%) and grant rate (0.89%) percentages demonstrate our objective to effectively and responsibly manage equity usage.

Compensation Decisions Process and Inputs

Executive Compensation Strategy

The UPS executive compensation programs are designed to:

Drive organizational performance by tying a significant portion of pay to company performance;

Retain and motivate talent by fairly compensating executive officers; and

Encourage long-term stock ownership and careers with UPS, linking executives to long-term value creation.

Our compensation programs are designed to emphasize strong annual performance and foster long-term operational performance and success. We believe that a majority of total compensation (base salary, annual incentives and long-term incentives) that can be earned by the Named Executive Officers should be at risk, meaning that the compensation is only earned by meeting annual or long-term performance goals. The 2011 compensation elements with at risk components are approximately 75% of the 2011 target compensation opportunity for all of the Named Executive Officers, and approximately 78% for our Chief Executive Officer.

Below are charts that demonstrate, for the CEO and for the NEOs as a group, the portion of target compensation that is at risk.

Roles and Responsibilities

The UPS executive compensation program is administered by the Compensation Committee of the board of directors. Each of the four non-employee directors on the Compensation Committee meets the independence requirements of the NYSE. The Compensation Committee has sole authority to engage and terminate outside advisors and consultants to assist the Compensation Committee in carrying out its responsibilities. In 2011, the Committee retained Frederic W. Cook & Co. (Cook). Cook reports directly to the Chair of the Compensation Committee. Cook provides no additional services to UPS.

Market Data

While the Compensation Committee considers market data in making compensation decisions, it does not target compensation at a particular percentile or within any targeted range based solely on competitive data. The data is one of a variety of factors considered by the Compensation Committee when considering base salary, annual and long-term equity awards and total compensation levels, and is generally considered as a market check.

Each year, we review general compensation survey data from sources such as Towers Watson to provide the Compensation Committee with information about our compensation levels relative to comparable sized companies. In addition, we look at pay practices and levels for a peer group of companies that typically have global operations, a diversified business and annual sales and market capitalizations comparable to UPS. The 2011 peer group consisted of the following 19 companies:

Boeing Co.	Dell Inc.	Lowes Companies Inc.	Target Corp.
Caterpillar Inc.	FedEx Corporation	McDonald's Corp.	United Technologies Corp.
Coca-Cola Co.	Johnson & Johnson	PepsiCo Inc.	Walgreen Co.
Coca-Cola Enterprises Inc.	Kroger Co.	Procter & Gamble	Xerox Corp.
Costco Wholesale Corp.	Lockheed Martin	Sysco Corp.	

Internal Equity

In addition to market data, the Compensation Committee considers the differentials between executive officer compensation and other UPS positions, and the additional responsibilities of the Chief Executive Officer compared to the other executive officers. Internal comparisons are made between executive officers and their direct reports in an effort to ensure that compensation paid to executive officers is reasonable compared to that of others with whom they work.

Annual Performance Reviews

Each year the Chief Executive Officer provides the Compensation Committee with a subjective assessment of the Named Executive Officers. The Compensation Committee undertakes a comprehensive review each year of the Chief Executive Officer's performance and the full board meets in executive session to review the Chief Executive Officer's performance. Factors considered include the Chief Executive Officer's strategic vision and leadership, execution of our business strategy and achievement of our business goals, his demonstrated ability to make long-term decisions that create competitive advantage and his overall effectiveness as a leader and role model.

Elements of UPS Compensation

The components of the compensation program for our Named Executive Officers are:

Base salary;

Annual incentive awards delivered in both cash and equity;

Long-term equity incentive awards; and

Benefits and perquisites.

Base Salary

The Compensation Committee considers a number of factors in determining the annual base salaries of the Named Executive Officers. While company performance is the most important factor, scope of responsibility, leadership, market data and internal equity comparisons are all considered by the Compensation Committee when determining annual salary adjustments.

In 2011, as part of an initiative to simplify compensation, the half-month bonus program was discontinued as a separate payment and incorporated into monthly salaries. The half-month bonus was a cash bonus historically awarded in the fourth quarter to eligible salaried employees in the U.S., including the Named Executive Officers.

Table of Contents

In addition, base salaries of the NEOs were increased by an average of 4.8%. The base salary of the CEO was increased by 3.0% which was equivalent to the merit budget for the broader management population in 2011. Base salary increases were to reward performance and, for certain Named Executive Officers, to bring their compensation more in line with market rates.

Annual Incentives

MIP Award Overview

The MIP award is designed to align pay with annual company performance. In 2011, the following changes were made to the program to strengthen the link between incentive compensation and company performance and to ensure that such awards satisfy the performance-based requirements for tax deductible compensation.

The performance period changed from October 1 through September 30 to January 1 to December 31 to be consistent with our fiscal year and business plan.

Time-vested restricted performance units, or RPUs, under the Long-Term Incentive program have been eliminated beginning in 2012 and the value is included in the MIP opportunity, which is 100% performance-based.

Based on the formula approved by the Compensation Committee for 2011, executive officer MIP awards are targeted at a pool of 0.5% of net income in total; the CEO's maximum is 20% of the pool and each other NEO's maximum is 7.25% of the pool. The same performance measure and maximum allocation were approved by the Compensation Committee for 2012.

The maximum incentive pool approach for the executive officers is intended to align pay with actual company performance in a manner that also provides compensation that is exempt from the \$1 million annual deduction limit of Section 162(m) of the Internal Revenue Code. The awards are granted under the 2009 Plan. Company net income performance will fund the pool to a maximum level, but the actual awards are determined based on the Compensation Committee's discretion. The Committee may approve awards that are less than the maximum but may not exceed the funded maximum amount for each NEO.

The primary factors considered by the Committee in exercising its discretion include:

Overall company performance, including the 2011 MIP Evaluation Metrics listed on the next page.

Business environment and economic trends.

Target opportunity for each executive.

MIP factor (percent of target) applied to the non-executive MIP participants to determine MIP awards.

Although the Compensation Committee will consider the awards earned by employees under the broad MIP plan, it is just one input to their determination.

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

The target opportunity for MIP was increased in 2011 to include the value of time-based RPU's historically provided in the Long-Term Incentive program. This change increases the amount of performance-based compensation fully at risk based on company performance. The change continues to support our emphasis on stock ownership and long-term performance because the award is provided two-thirds in RPU's and one-third in cash. As set forth in the terms and conditions approved by the Compensation Committee, MIP RPU's vest 20% per year over a five year period.

We determine the number of RPU's granted by calculating the dollar value of the portion of the MIP award allocated to RPU's and dividing by the applicable closing price of our class B common stock on the NYSE. In light of the five year vesting schedule, we do not maintain additional holding period requirements for our employees after vesting. When dividends are paid on UPS common stock, an equivalent value is credited to the participant's bookkeeping account in additional RPU's.

Table of Contents*2011 MIP Performance Incentive Award Results*

For 2011, the Company's net income as shown on the company's 2011 audited statements of consolidated net income was \$3.804 billion which results in a maximum incentive pool for executive officers of \$19.020 million. The maximum for the CEO is therefore \$3.804 million and \$1.379 million for the other Named Executive Officers. In exercising their discretion to more closely align executive officer MIP performance incentive awards with company performance, the Committee considered a number of factors including, but not limited to, company performance relative to target objectives for the executive officers detailed in the accompanying table (the 2011 MIP Evaluation Metrics), the level at which the MIP award was earned by non-executive employees (95%), the general macro-economic environment and the Company's overall performance.

The 2011 MIP Performance Incentive Evaluation Metrics and actual results considered by the Committee are shown in the following table.

2011 Evaluation Metrics	Target	Actual
Consolidated Revenue Growth	8.0%	7.2%
Adjusted Consolidated Earnings Per Share Growth	19.0%	18.8%
Consolidated Package Average Daily Volume Growth	3.8%	1.4%

A specific weight was not assigned to any of the aspects of performance listed above. The Committee uses its judgment to determine final awards based on the Company's success in implementing the business plan and the challenges of the economic and competitive market in which UPS operated during the year.

Summarized in the table below are the NEOs' maximum funded MIP performance incentive award based on the net income formula, target MIP performance incentive award, and the actual MIP performance incentive award based on the Committee's discretion.

MIP Ownership Incentive Award

To reward management employees for maintaining significant ownership of UPS equity securities, all MIP participants are eligible for an additional incentive award up to the equivalent of one month's salary. The MIP ownership incentive award is paid in the same proportion of cash and RPU's as the MIP award.

The amount of the award is equal to the participant's equity ownership multiplied by an ownership incentive award percentage, which is

1.25% for the Chief Executive Officer and 1.50% for the other Named Executive Officers. The maximum award that can be earned is one month's salary.

Ownership levels for the 2011 awards were determined by totaling the number of UPS shares in the participant's family group accounts and the participant's unvested restricted units and deferred compensation shares, and then multiplying the sum by the closing price of a class B share on

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

the NYSE on December 30, 2011 (the last trading day of the year). All of the Named Executive Officers earned the maximum MIP ownership incentive award of one month's salary.

Table of Contents***Long-Term Incentives***

Our long-term incentive programs provide participants with grants of equity-based incentives that are intended to reward performance over a multi-year period. For 2011, our equity programs included the Long-Term Incentive (LTI) program and the Long-Term Incentive Performance (LTIP) award program. All awards under the programs were granted under the 2009 Plan.

2011 LTI Grants

2011 LTI awards for the Named Executive Officers were granted 75% in restricted performance units and 25% in stock options. The number of stock options granted is determined by dividing 25% of the target award value by the Black-Scholes value of a UPS stock option on the date of grant. The number of restricted performance units granted is determined by dividing 75% of the target award value by the NYSE closing price of UPS stock on the date of grant. The number of stock options and restricted performance units granted to the Named Executive Officers on May 4, 2011 is shown in the Grants of Plan-Based Awards for 2011 table.

Stock Options

The Compensation Committee believes that stock options provide a significant link to company performance and maximize shareowner value, as the option holder receives value only if our stock price increases. Stock options also have retention value, as the option holder will not receive value from the options unless he or she remains our employee during the vesting period of the award (except in the case of retirement, death or disability during the vesting period).

Stock options granted during and after 2008 vest 20% per year over five years and expire ten years from the date of grant. In light of the five year duration of the vesting schedule, we do not maintain additional holding period requirements for our employees after vesting. Grants do not include dividend equivalents or any reload grant features.

Restricted Performance Units

RPUs are bookkeeping units, the value of which corresponds to one share of class A common stock. The decision by the Compensation Committee to use restricted performance units is based on two goals for the award:

Maintain the long-term nature of the award and its impact on retention; and

Align management with shareowner interests by utilizing an award linked to share price performance.

Restricted performance units granted under the LTI program after 2007 vest 20% per year over five years. Upon vesting of restricted performance units, the individual receives shares of UPS class A common stock. In light of the five year duration of the vesting schedule, we do not maintain additional holding period requirements for our employees after vesting. When dividends are paid on UPS common stock, an equivalent value is automatically credited to the participant's bookkeeping account in additional restricted performance units.

The restricted performance units granted under the LTI program prior to 2008 provided that the number of restricted performance units ultimately earned would increase by 10% if we attain a performance measure, such as adjusted diluted earnings per share, for the five-year performance period. Beginning in 2008, the restricted performance units no longer include this provision.

Long-Term Incentive Performance Award Program Overview

The LTIP award program is designed to further strengthen the performance component of our executive compensation package and enhance retention of key talent. Approximately 500 members of our senior management team, including the Named Executive Officers, participate in this program.

The program has a three-year award cycle. A target award of RPUs is granted to executive officers and certain other eligible managers at the beginning of the three-year period. Ninety percent of the total target award is divided into three substantially equal performance tranches, one for each calendar year in the three-year award cycle. The remaining 10% is based upon achievement of a diluted earnings per share target for the third year. Performance measures, such as revenue growth, operating return on invested capital (ROIC), and diluted earnings per share, are set by the Compensation Committee at the beginning of each calendar year in the three-year award cycle.

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

The actual number of RPU's that the management employee will receive is determined once the payment percentage for a particular tranche has been approved by the Compensation Committee, based on achievement of performance goals for the applicable calendar year.

Notice of Annual Meeting of Shareowners and 2012 Proxy Statement 41

Table of Contents*LTIP Target Award Values*

The Compensation Committee approved 2011 target award values for the three-year 2011 LTIP awards at 675% of base salary for the Chief Executive Officer, 575% of base salary for the Chief Operating Officer, 300% of base salary for the Chief Financial Officer and 250% of base salary for the other executive officers. For other management employees, targets range from 50% to 200% of base salary. Target award values are based on internal pay equity considerations and market data regarding total compensation of comparable positions at similarly sized companies. Differences in the target award values are based on increasing levels of responsibility amongst the management team. The maximum LTIP award that can be earned is 150% of target.

The threshold, target and maximum number of RPU's that can be earned by the Named Executive Officers under the 2011 LTIP is shown in the Grants of Plan-Based Awards for 2011 table.

Total 2011 Long-Term Equity Incentive Award Target Values

Shown in the table is the total long-term incentive opportunity granted to the Named Executive Officers in 2011, based upon a percentage of annualized base salary.

LTI Restricted Performance Units Results

For the restricted performance units issued in 2007 under the LTI program, an adjusted earnings per share goal of \$7.11 per diluted share for 2011 was established. Because the adjusted diluted earnings per share goal was not met in 2011, the 10% increase in restricted performance units will not be earned for the 2007 awards that will vest in May 2012.

LTIP Performance Targets and Results

Performance targets and actual results for the completed performance periods for the 2009 LTIP, 2010 LTIP and 2011 LTIP are described below. Where the three-year LTIP cycles overlap, the performance goals for individual years are the same. The underlying units are earned based on actual performance as compared to pre-established performance criteria for each period over the three-year cycle of the award. The tranches based on 2011 performance, and the related Committee decisions, are shaded in the chart below.

	Percent of Total LTIP Award	Performance Goals	Actual Results	Percent of LTIP Tranche Earned
2009 LTIP Award				
2009 Performance Tranche	30%	revenue growth flat	revenue growth (12.2)%	55%
2010 Performance Tranche	30%	operating ROIC 18.7% revenue growth 8.0%	operating ROIC, as adjusted 15.0% revenue growth 9.4%	120%
2011 Performance Tranche	30%	operating ROIC 18.5% revenue growth 8.0%	operating ROIC, as adjusted 21.6% revenue growth 7.2%	95%
2011 Earnings Measurement Tranche	10%	operating ROIC 24.0% 2011 earnings per share \$3.94	operating ROIC, as adjusted 24.3% 2011 earnings per share, as adjusted \$4.23	100%
2010 LTIP Award				
2010 Performance Tranche	30%	revenue growth 8.0%	revenue growth 9.4%	120%
2011 Performance Tranche	30%	operating ROIC 18.5% revenue growth 8.0%	operating ROIC, as adjusted 21.6% revenue growth 7.2%	95%
2011 LTIP Award				
2011 Performance Tranche	30%	operating ROIC 24.0% revenue growth 8.0%	operating ROIC, as adjusted 24.3% revenue growth 7.2%	95%
		operating ROIC 24.0%	operating ROIC, as adjusted 24.3%	

As shown in the table above, based on actual performance, 95% of the 2011 performance tranche was earned for each of the outstanding LTIP awards. In addition, the 2011 earnings measurement tranche for the 2009 LTIP award was earned at target. The RPU's for 2011 are now earned based on performance, meaning the amount of the award for the 2011 performance period has been determined, but will not vest until January 31 following the third year of the cycle, provided the participant remains employed as of the vesting date. For example, units earned under the 2009 LTIP award vested January 31, 2012 and units earned under the 2011 LTIP award will not vest until January 31, 2014. Special vesting rules apply to terminations by reason of death, disability or retirement. A participant's earned RSU and RPU account will be adjusted quarterly for dividends paid on class A common stock. Awards that vest will be distributed in the form of class A common stock.

Benefits and Perquisites

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Consistent with our culture, the benefits and perquisites offered to the Named Executive Officers are the same or similar to programs offered to the entire UPS management team, with the exception of a financial planning service and executive health services. Additional information on these benefits can be found in the program descriptions below.

The UPS Savings Plan

The UPS Savings Plan is a 401(k) plan offered to all U.S.-based employees who are not subject to a collective bargaining agreement and who are not eligible to participate in another savings plan sponsored by UPS or one of its subsidiaries. We provided a matching contribution to those UPS employees who made elective deferrals to the UPS Savings Plan. The Company matches 50% of up to 5% of eligible pay contributed to the UPS Savings Plan for the Named Executive Officers. The match is paid in shares of class A common stock.

Table of Contents

Qualified and Non-Qualified Pension Plans

Named Executive Officers participate in our qualified retirement program, the UPS Retirement Plan, on the same terms as all other participants. Benefits payable under the plan are subject to the maximum compensation limits and the annual benefit limits for a tax-qualified defined benefit plan as established by the Internal Revenue Service. Amounts exceeding these limits are paid pursuant to the UPS Excess Coordinating Benefit Plan, which is a non-qualified restoration plan designed to replace the amount of benefits limited under the tax-qualified plan. Without the Excess Coordinating Benefit Plan, the Named Executive Officers would receive a lower benefit as a percent of final average earnings than the benefit received by other participants in the UPS Retirement Plan.

Discounted Employee Stock Purchase Plan

To foster our manager-owner philosophy, we have maintained a Discounted Employee Stock Purchase Plan since 2001. The plan provides all U.S.-based employees, including the Named Executive Officers, and some internationally based employees, with the opportunity to purchase up to \$10,000 in our class A common stock annually at a discount to the market price of our stock. The plan has been designed to comply with Section 423 of the Internal Revenue Code. The purchase price at which our class A common stock may be acquired under the plan is equal to 95% of the fair market value of the shares on the last day of each calendar quarter. Share purchases are made on a quarterly basis.

Financial Planning Service

In 2010, our current and former executive officers were eligible for financial planning services provided by the Ayco Company. In 2011, the Compensation Committee approved a redesigned

financial services benefit for current executives through which the Company will reimburse fees from financial and tax services providers up to \$15,000 per year per covered executive, beginning in 2012.

Executive Health Services

UPS's business continuity is best facilitated by avoiding any prolonged or unexpected absences by members of its senior management team. To that end, all Named Executive Officers were provided certain executive health services, including comprehensive physical examinations.

Other Compensation and Governance Policies

Stock Ownership Guidelines

The board has adopted stock ownership guidelines that apply to management and to members of our board of directors. The guidelines further our core philosophy that managers should also be owners of our company. The guidelines are based on our expectation that each executive officer and director will maintain a targeted level of investment in our stock. Compensation programs are designed to foster long-term stock ownership by all of our managers; therefore each executive officer has accumulated a meaningful number of shares of our common stock. As a result, the interests of shareowners and our executive officers are closely aligned, and our executive officers have a strong incentive to provide effective management.

Table of Contents

Target ownership for the Chief Executive Officer is eight times annual salary, and for the other executive officers is five times annual salary. The target for our non-employee directors is five times their annual retainer. Shares of class A common stock, deferred units and vested and unvested RSUs and RPU are considered as owned for purposes of calculating ownership. Managers and directors are expected to reach target ownership within five years of adoption of the guideline or the date that the manager or director became subject to the guideline. The chart below shows the dollar value of the stock ownership guidelines and the value of shares and units owned by each of the NEOs on December 30, 2011.

In addition, all of our non-employee directors who have been subject to the stock ownership guidelines for at least five years exceed their target ownership. Sandy Randt, who joined the board in 2010, and Candace Kendle, who joined the board in 2011, have an additional three and four years, respectively, to achieve target ownership. RSUs are required to be held by the non-employee director until he or she separates from the UPS board of directors.

Clawback Policy

The 2009 Plan provides that if an award is to an executive officer, and the Compensation Committee later determines that financial results used to determine the amount of the award are materially restated and that the executive officer engaged in fraud or intentional misconduct, we will seek repayment or recovery of the award. This clawback applies to all awards granted under the 2009 Plan. The proposed 2012 Plan includes the same clawback provision.

Equity Grant Practices

Grants for all equity programs under the 2009 Plan are approved by the Compensation Committee. Stock options have an exercise price equal to the closing market price on the NYSE on the date of grant.

Table of Contents

Employment or Change in Control Agreements

We do not have employment agreements with any of our executive officers. In addition, we do not have a separate change in control or severance agreement with any of our executive officers.

The 2009 Plan generally requires a double trigger both a change in control and a termination of employment to accelerate the vesting of unvested awards. The proposed 2012 Plan also requires a double trigger. The UPS Incentive Compensation Plan adopted in 1999 (the 1999 Plan) included a provision for an automatic acceleration of unvested awards in the event of a change in control. This provision applies equally to all outstanding equity awards under the 1999 Plan. At the time of the adoption of the 1999 Plan, the accelerated vesting of all outstanding equity awards following a change in control was a customary and reasonable component of an equity incentive program. All of the equity awards granted to the Named Executive Officers prior to May 7, 2009 are subject to the single trigger, while equity awards granted after that date are subject to the double trigger.

Consideration of Say on Pay and Say on Frequency Voting Results

The Compensation Committee considered the results of the shareowner say on pay vote at our 2011 annual meeting of shareowners in making compensation decisions for 2011. Because over 93% of votes cast for or against the proposal approved our compensation program as described in our 2011 proxy statement, the Compensation Committee believes that shareowners support our pay for performance policies. Therefore, the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation for 2011.

The Compensation Committee and the Board considered the results of the shareowner say on frequency vote at our 2011 annual meeting of shareowners in adopting a frequency policy for future say on pay votes. Because a substantial majority (over 70%) of votes cast for a say on pay vote every one, two or three years expressed a preference for having a say on pay vote every three years, and noting the strong support the say on pay vote received, the Board adopted a triennial frequency policy. Therefore, our next say on pay vote will be held at our 2014 annual meeting of shareowners. We welcome the input of our shareowners on our compensation policies and compensation program at any time, and not just in the year where we will conduct a say on pay vote.

Tax Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code makes compensation paid to certain named executive officers in amounts in excess of \$1 million not tax deductible unless the compensation is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exemptions. For 2011 and 2012, the MIP is administered by the Compensation Committee and the payments under MIP are intended to qualify as performance-based compensation and thus satisfy the performance-based requirements for tax deductible compensation. The Compensation Committee approved an award pool based on net income with a maximum portion set for each Named Executive Officer subject to Section 162(m). The Committee then has the discretion to determine the award based on company and business results. The Compensation Committee believes that the interests of our shareowners are best served by not restricting the Compensation Committee's discretion and flexibility in crafting compensation plans and arrangements. While the Compensation Committee intends to structure awards to comply with Section 162(m), the Compensation Committee may approve elements of compensation for certain executive officers that are not fully deductible, and reserves the right to do so in the future in appropriate circumstances.

Report of the Compensation Committee

The Compensation Committee is responsible for, among other things, reviewing and approving compensation for the executive officers, establishing the performance goals on which the compensation plans are based and setting the overall compensation principles that guide the committee's decision-making. The Compensation Committee has reviewed the Compensation Discussion and Analysis (CD&A) and discussed it with management. Based on the review and the discussions with management, the Compensation Committee recommended to the board of directors that the CD&A be included in the 2012 proxy statement and incorporated by reference in the Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission.

Salary increases generally are effective in April of the relevant fiscal year and therefore account for any variations reflected in this column.
- (2) The values for stock awards in this column represent the aggregate grant date fair value for the stock awards granted in the applicable year, computed in accordance with FASB ASC Topic 718. These awards include LTIP RSUs or RPU, LTI RPU and MIP RSUs. Awards with performance conditions are computed based on the probable outcome of the performance condition as of the grant date for the award. Information about the assumptions used to value these awards can be found in Note 11 Stock-Based Compensation in our 2011 Annual Report on Form 10-K. The amounts reported for these awards may not represent the amounts that the individuals will actually realize, as the amounts, if any, ultimately received will depend on company performance and the change in our stock price over time. An overview of the features of these awards can be found in the Compensation Discussion and Analysis above.

In accordance with SEC rules, we also are required to disclose the grant date fair value for awards with performance conditions assuming maximum performance. The grant date fair value for the 2011 LTIP RPU awards, assuming maximum performance, are as follows: Davis \$11,816,346; Abney \$4,617,919; Kuehn \$2,124,919; Barnes \$1,703,445; and McDevitt \$1,788,528.

The assumptions used to value these awards can be found in Note 11 Stock-Based Compensation in our 2011 Annual Report on Form 10-K. The amounts reported for these awards may not represent the amounts that the individuals will actually realize, as the amounts, if any, ultimately received will depend on the change in our stock price over time. - (5) This column represents an estimate of the annual increase in the actuarial present value of the Named Executive Officer's accrued benefit under our retirement plans for the applicable year, assuming the greater of actual age or a retirement age of 60. In addition, David Abney and David Barnes first became eligible to participate in the UPS Excess Coordinating Benefit Plan in 2010. In the year that an individual first becomes eligible for the UPS Excess Coordinating Benefit Plan, the Change in Pension Value includes the full present value of the individual's accrued benefit in the plan. See 2011 Pension Benefits below for additional information, including the present value assumptions used in this calculation. The change in pension value can be impacted by a number of factors: additional credited service, changes in amounts of compensation covered by the benefit formula, plan amendments, impact of changes in assumptions used to estimate present values, and others. Amounts for 2011 were impacted by the decline in discount rates of 35 basis points for the Retirement Plan and 26 basis points for the UPS Excess Coordinating Benefit Plan. There are no above market or preferential earnings for the UPS Deferred Compensation Plan.

- (1) Reflects the target and maximum values of the cash portion of the 2011 MIP performance incentive award for each Named Executive Officer. Does not include the MIP ownership incentive award, which is equal to one-third of one month's salary: Davis \$28,622; Abney \$13,238; Kuehn \$12,115; Barnes \$11,782; and McDevitt \$12,022. The potential payments for the MIP performance incentive award are performance-based and therefore at risk. The MIP program is described in the Compensation Discussion and Analysis above.
- (2) These columns show the potential number of units that would be awarded under the 2011 LTIP at the end of the applicable three-year performance period if the threshold, target or maximum performance goals are satisfied.
- (3) Represents the number of RPUs granted under the LTI on May 4, 2011.
- (4) This column shows the number of stock options granted under the LTI on May 4, 2011.
- (5) This column shows the grant date fair value of the LTIP RPUs, MIP RSUs, LTI RPUs and LTI stock options under FASB ASC Topic 718 granted to each of the Named Executive Officers in 2011. The grant date fair values are calculated using the NYSE closing price of UPS stock on the date of grant for RSUs and RPUs and the Black-Scholes option pricing model for stock options. The grant date fair value of the units granted under the 2009 LTIP, 2010 LTIP and 2011 LTIP, which have performance conditions, are computed based on the probable outcome of the performance condition for the 2011 performance period and the related earnings measurement tranche. There can

be no assurance that the grant date fair value of stock and option awards will ever be realized.

- (1) Stock options granted on May 1, 2006 and May 9, 2007 vest on May 2, 2011 and May 10, 2012. For these option grants, the options vest five years from the date of grant. For stock options granted on May 7, 2008, May 6, 2009, May 5, 2010 and May 4, 2011, the options vest over a five-year period with 20% of the option vesting at each anniversary date of the grant. All options expire ten years from the date of grant.
- (2) Unvested stock awards in this column include RSUs and RPU's. The units granted as part of MIP vest over a five-year period with approximately 20% of the award vesting at each anniversary date of the grant. Units were granted as part of MIP in 2007, 2008, 2009 and 2010 and will vest on October 15th of each year during the five-year vesting period. The units granted as part of LTIP will vest, if earned, on January 31 of the year following the end of the three-year performance cycle for each grant. The units granted under the LTI in 2007 will vest on May 9, 2012. For units granted under the LTI in 2008, 2009, 2010 and 2011, vesting is over a five-year period with 20% of the award vesting at each anniversary date of the grant. Values were rounded to the closest unit.
- (3) Market value based on NYSE closing price on December 31, 2011 of \$73.19.

For the 2011, 2012 and 2013 performance periods, we have assumed target performance goals will be

met.

- (1) This number is calculated by subtracting the exercise price from the price of our class B common stock on the date of exercise and multiplying the number of shares underlying the options. The amounts in this column may not represent amounts that were actually realized.
- (2) The value in this column represents the 2006 LTI award granted in the form of RPUs that vested on May 1, 2011; approximately 20% of the 2008 LTI award granted in the form of RPUs that vested on May 7, 2011; approximately 20% of the 2009 LTI award granted in the form of RPUs that vested on May 6, 2011; approximately 20% of the 2010 LTI award granted in the form of RPUs that vested on May 5, 2011; the 2008 LTIP award granted in the form of RSUs that vested on January 31, 2011; and approximately 20% of the 2006, 2007, 2008, 2009 and 2010 MIP award granted in the form of RSUs that vested on October 15, 2011. Vested RSU and RPU awards are distributed to participants in an equivalent number of shares of class A common stock.
- (3) The value shown is based on the NYSE closing prices on January 31, 2011, the date the RSUs granted under the 2008 LTIP award vested, of \$71.62 per share; May 5, 2011, the date that the RPUs granted under the 2010 LTI vested, of \$73.96 per share; May 6, 2011, the date the RPUs granted under the 2009 LTI vested, of \$74.10 per share; May 7, 2011, the date the RPUs granted under the 2008 LTI vested, of \$74.10 per share; May 1, 2011, the date the RPUs granted under the 2006 LTI vested, of \$74.97 per share; and October 15, 2011, the date the RSUs granted under MIP vested, of \$68.96 per share. - (1) This column represents years of service as of December 31, 2011 for all plans except for the RPRO. Service used for the RPRO was frozen for Scott Davis at age 57.
- (2) This column represents the total discounted value of the monthly lifetime benefit earned at December 31, 2011 assuming the executive continues in service and retires at age 60 or at the executive's actual age, if later. The present value is not the monthly or annual lifetime benefit that would be paid to the executive. The present values are based on discount rates of 5.62%, 5.72% and 5.62% for the UPS Retirement Plan, Restoration Plan Rollover Option and UPS Excess Coordinating Benefit Plan, respectively, at December 31, 2011. The present values assume no pre-retirement mortality and utilize the RP 2000 mortality tables projected to 2018 using scale AA with no collar adjustments.

The UPS Retirement Plan is noncontributory and includes substantially all eligible employees of participating domestic subsidiaries who are not members of a collective bargaining unit, as well as certain employees covered by a collective bargaining agreement.

UPS also sponsors a non-qualified defined benefit plan, the UPS Excess Coordinating Benefit Plan, for non-union employees whose pay and benefits in the qualified plan are limited by the Internal Revenue Service. An employee must be at least age 55 with 10 years of service to be eligible to participate in this plan. David Abney and Dave Barnes first became eligible to participate in this plan in 2010. John McDevitt is not yet eligible to participate in the plan. In the year that an individual first becomes eligible to participate in the UPS Excess Coordinating Benefit Plan, there is an increase for the participant for that year equal to the full present value of the participant's accrued benefit in the plan.

The Compensation Committee believes that the retirement, deferred compensation and/or savings plans offered at UPS are important for the long-term economic well-being of our employees, and are important elements of attracting and retaining the key talent necessary to compete. The UPS Retirement Plan and UPS Excess Coordinating Benefit Plan provide monthly lifetime benefits to participants and their eligible beneficiaries based on final average compensation at retirement, service with UPS and age at retirement. Participants may choose to receive a reduced benefit payable in an optional form of

54 Notice of Annual Meeting of Shareowners and 2012 Proxy Statement

Table of Contents

annuity that is equivalent to the single lifetime benefit.

The plans provide monthly benefits based on the greatest result from up to four benefit formulas. Participants receive the largest benefit from among the applicable benefit formulas. For all executives except David Abney, the formula that results in the largest benefit is called the grandfathered integrated formula. This formula provides retirement income equal to 58.33% of final average compensation offset by a portion of the Social Security benefit. A participant with less than 35 years of benefit service receives a proportionately lesser amount. For David Abney, the formula that results in the largest benefit is called the integrated account formula. This formula provides retirement income equal to 1.2% of final average compensation plus 0.4% of final average compensation in excess of the Social Security Wage Base times years of benefit service.

Participants earn benefit service for the time they work as an eligible UPS employee. For purposes of the formulas, compensation includes salary and a portion of the MIP award. The average final compensation for each participant in the plans is the average covered compensation of the participant during the five highest consecutive years out of the last ten full calendar years of service.

Benefits payable under the UPS Retirement Plan are subject to the maximum compensation limits and the annual benefit limits for a tax-qualified defined benefit plan as prescribed and adjusted from time to time by the Internal Revenue Service. Eligible amounts exceeding these limits will be paid from the UPS Excess Coordinating Benefit Plan. Under this plan, participants receive the benefit in the form of a life annuity. From 1999 through 2002, certain executives were eligible for the RPRO, which allowed them to receive their benefit in excess of the Retirement Plan in a combination of life annuity and cash lump sum. Under this option, the cash lump sum is based on a projected benefit under the Excess Coordinating Benefit Plan using projected pay and service through the date the executive would have reached age 57.

The plans permit participants with 25 or more years of benefit service to retire as early as age 55 with only a limited reduction in the amount of their monthly benefits. Each of the Named Executive Officers would be eligible to retire at age 60 and receive unreduced benefits from the plans. In addition, the plans allow participants with ten years or more of service to retire at age 55 with a larger reduction in the amount of their benefit. As of December 31, 2011, David Abney, Kurt Kuehn and Dave Barnes were eligible for early retirement with reduced benefits. If they had retired on December 31, 2011, their benefits would be reduced by 11.25%, 8.25% and 10.75%, respectively. Scott Davis is currently eligible for early retirement with unreduced benefits.

- (1) Certain amounts in this column represent salary or bonus contributed by the Named Executive Officer to the plan and was or, if the individual had been a Named Executive Officer, would have been required to be reported in the summary compensation tables in prior years as follows:

Name	(\$)
D. Scott Davis	536,848

There are three deferred compensation vehicles in the UPS Deferred Compensation Plan, and not all of the Named Executive Officers participate in each feature of the UPS Deferred Compensation Plan.

2004 and Before Salary Deferral Feature

Prior to December 31, 2004, contributions could be deferred from executive officers monthly salary and the half-month bonus.

Prior to December 31, 2004, non-employee directors could defer retainer and meeting fees quarterly. Assets from the discontinued UPS Retirement Plan for Outside Directors were transferred to the 2004 and Before Salary Deferral Feature in 2003.

No contributions were permitted after December 31, 2004.

2005 and Beyond Salary Deferral Feature

Executive officers may defer 1 to 35% of their monthly salary and 1 to 100% of the cash portion of the MIP award. They may also defer excess pre-tax contributions if the UPS Savings Plan fails the annual average deferral percentage (ADP) test.

Non-employee directors may defer retainer fees quarterly.

Elections are made annually for the following calendar year.

Stock Option Deferral Feature

Assets are invested solely in shares of UPS stock.

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Non-qualified or Incentive Stock Options which vested prior to December 31, 2004 were deferrable during the annual enrollment period for the following calendar year. Participants deferred receipt of UPS stock that would otherwise be taxable upon the exercise of the stock option.

The shares received upon exercise of these options are deferred into a rabbi trust. The shares held in this trust are classified as treasury stock, and the liability to participating employees is classified as deferred compensation obligations in the shareowners equity section of the balance sheet.

No deferrals of stock options which vest after December 31, 2004 are permitted. However, stock options that vested prior to December 31, 2004 and were deferred but not yet exercised will be deferred into the Stock Option Deferral Feature at the time of exercise, provided no separation from service has occurred.

As a result of the requirements applicable to non-qualified deferred compensation arrangements under Section 409A of the Internal Revenue Code and related guidance, deferral of stock options is no longer offered under the UPS Deferred Compensation Plan for options that vested after December 31, 2004.

Withdrawals and Distributions under the UPS Deferred Compensation Plan

For the 2004 and Before Salary Deferral Feature, participants may elect to receive the funds in a lump sum or up to a 10 year installment (of 120 monthly payments), subject to restrictions if the balance is less than \$20,000. For the Stock Option Deferral Feature, participants may elect to receive shares in a lump sum or up to 10 annual installments, subject to restrictions if the balance is less than \$20,000.

For the 2005 and Beyond Salary Deferral Feature, participants may elect to receive funds in a lump sum or up to a 10 year installment (120 monthly payments), subject to restrictions if the balance, plus the total balance in any other account which must be aggregated with the 2005 and Beyond Salary Deferral Account under Section 409A of the Internal Revenue Code, is less than the Internal Revenue Code Section 402(g) annual limit in effect for qualified 401(k) plans on the date of the participant becomes eligible for a distribution.

The distribution election is irrevocable under the 2005 and Beyond Salary Deferral Feature, but may be changed under the 2004 and Before Salary Deferral Feature and the Stock Option Deferral Feature.

Hardship distributions are permitted under all three features of the UPS Deferred Compensation Plan.

Withdrawals are not permitted under the 2005 and Beyond Salary Deferral Feature, but withdrawals are permitted for 100% of the account under the 2004 and Before Salary Deferral Feature and Stock Option Deferral Feature. However, withdrawals will result in a forfeiture of 10% of the participant's total account balances.

We do not make any company contributions to any of the three features of the UPS Deferred Compensation Plan. The aggregate balances shown in the table above represent amounts that the Named Executive Officers have earned but elected to defer, plus earnings (or less losses). There are no above-market or preferential earnings in the UPS Deferred Compensation Plan. The investment options mirror those in the UPS Savings Plan, our 401(k) plan. Dividends earned on shares of our stock in the UPS Deferred Compensation Plan are earned at the same rate as all other class A and class B shares of common stock. Dividends are added to the participant's deferred compensation balance. Deferral elections made under the UPS Deferred Compensation Plan are irrevocable.

Potential Payments on Termination or Change in Control

We have not entered into any employment agreements with our Named Executive Officers that provide for severance or change in control benefits, nor do we have separate severance or change in control agreements or arrangements with our Named Executive Officers. As described earlier, our Compensation Committee believes that the UPS promotion from within policy has created a culture where long tenure for executives is the norm. As a result, the Named Executive Officers serve without employment contracts, as do most of our other U.S.-based non-union employees.

The equity awards that we have granted to our Named Executive Officers after May 7, 2009 are made pursuant to the 2009 Plan. Awards under the 2009 Plan generally can be granted to any of our employees, employees of our subsidiaries and affiliates, directors and certain consultants. The 2009 Plan and the related award certificates contain provisions that affect outstanding awards to all plan participants, including the Named Executive Officers, under certain circumstances, including a change in control (as defined below) of the Company and a participant's retirement, death or disability. Pursuant to the terms of the 2009 Plan and the related award certificates, upon a participant's retirement, death or disability:

Any restriction periods and restrictions imposed on shares of restricted stock, RSUs or RPU's which are not performance-based lapse; and

Table of Contents

Target payout opportunities attainable under all outstanding awards of performance-based restricted stock, RSUs and RPU are deemed to have been fully earned for the applicable performance periods, and payment of the awards (in cash or stock, as applicable) is paid to the participant based upon an assumed achievement of all relevant targeted performance goals and the length of time within the applicable performance period which has elapsed.

In the event of a change in control, if the successor company continues, assumes or substitutes other grants for outstanding awards and within two years following the change in control, the participant is terminated by the successor without cause or resigns for good reason, then:

Options will become immediately exercisable as of the termination or resignation;

Restrictions imposed on restricted stock or RSUs that are not performance-based will lapse; and

Performance-based awards will vest with respect to each performance measurement tranche completed during the performance period prior to the termination or resignation (or, if the performance period is not divided into separate performance measurement tranches, proportionately based on the portion of the performance period completed prior to such resignation or termination).

In the event of a change in control, if the successor company does not continue, assume or substitute other grants for outstanding awards, or in the case of a dissolution or liquidation of UPS, then options will be fully vested and exercisable and the Compensation Committee will either give a participant a reasonable opportunity to exercise the option before the transaction resulting in the change in control or pay the participant the difference between the exercise price for the option and the consideration provided to other similarly situated shareowners. Other outstanding awards will vest and be paid generally as described in the bullet points above (except, where applicable, timing of payment generally will be tied to such change in control, rather than termination or resignation).

In addition, the 1999 Plan provides for tax gross-up payments to plan participants upon a change in control if the plan participants would be subject to certain excise taxes imposed as a result of the amounts paid to the participant pursuant to the treatment of the awards as a result of the event. The tax gross-ups are payable as an additional lump sum cash payment. The 2009 Plan does not provide for the payment of tax gross-ups.

Table of Contents

The following table shows the potential payments to the Named Executive Officers upon a termination of employment under various circumstances. In preparing the table, we assumed the termination occurred on December 31, 2011. The closing price per share of our common stock on December 31, 2011 was \$73.19. With respect to the tax gross-ups, we assumed an excise tax rate under 280G of the Internal Revenue Code of 20%, a 35% federal income tax rate, a 1.45% Medicare tax rate and a 6% state income tax rate. In addition, as of December 31, 2011, Scott Davis, David Abney, Kurt Kuehn and Dave Barnes were eligible for early retirement.

- (1) Represents the value of accelerated vesting of stock options, RSUs and RPU's in accordance with the terms of the 1999 Plan, the 2009 Plan and the applicable award certificates.
- (2) Represents the actuarial present value of the incremental non-qualified amounts payable upon change in control, early retirement, death and disability from the UPS Excess Coordinating Benefit Plan. For information about the UPS Excess Coordinating Benefit Plan, see the 2011 Pension Benefits table and related narrative. The same assumptions were used to calculate the present value of the amounts in this table that were used for the 2011 Pension Benefits table except that benefits are assumed to be payable immediately as of December 31, 2011 (or age 55 if later) instead of as of age 60. Only individuals eligible for early retirement (55 with 10 years of service) who are not yet age 60 will have an early retirement value in the table. Only individuals not yet eligible for early retirement (55 with 10 years of service) will have a change in control, death or disability value in the table.
- (3) In accordance with the terms of the 1999 Plan, we are required to provide tax gross-ups in connection with the accelerated vesting of the equity awards granted under the plan in the event of a change in control. Tax gross-ups are not provided for awards made under the 2009 Plan.

Other Amounts

The tables above do not include payments and benefits to the extent they are generally provided on a non-discriminatory basis to salaried employees not subject to a collective bargaining agreement upon termination of employment. These include:

Life insurance upon death in the amount of 12 times the employee's monthly base salary, with a December 31, 2011 maximum benefit payable of \$1 million;

A death benefit in the amount of three times the employee's monthly salary;

Disability benefits; and

Accrued vacation amounts.

The tables above also do not include amounts to which the executives would be entitled to receive that are already described in the compensation tables that appear earlier in this proxy statement, including:

The value of equity awards that are already vested;

Amounts payable under defined benefit pension plans; and

Amounts previously deferred into the deferred compensation plan.

Definition of a Change in Control

A change in control is deemed to have occurred as a result of any one of the following events:

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

The consummation of a reorganization, merger, share exchange or consolidation, in each case, where persons who were the shareowners immediately prior to such event do not, immediately thereafter, own more than 50% of the combined voting power of the reorganized, merged, surviving or consolidated company's then outstanding securities entitled to vote generally in the election of directors; or

The board members as of May 7, 2009 or board members whose elections or nominations are approved by a majority of such board members cease for any reason to constitute at least an 80% majority of the board of directors.

Deloitte & Touche LLP audited our consolidated financial statements for the year ended December 31, 2011. Our Audit Committee has appointed Deloitte & Touche LLP, independent registered public accounting firm, to audit our consolidated financial statements for the year ending December 31, 2012 and to prepare a report on this audit, subject to ratification by our shareowners.

This proposal asks you to ratify the selection of Deloitte & Touche, LLP as your independent registered public accounting firm. Although we are not required to obtain such ratification from our shareowners, the board of directors believes it is good practice to do so. If the appointment of Deloitte & Touche is not ratified, the Audit Committee may reconsider the appointment.

A representative of Deloitte & Touche will be present at the annual meeting of shareowners, will have the opportunity to make a statement and will be available to respond to appropriate questions by shareowners.

Table of Contents

The board of directors has adopted, and recommends that the shareowners approve, the United Parcel Service, Inc. 2012 Omnibus Incentive Compensation Plan, or 2012 Plan. The 2012 Plan permits the grant of options, stock appreciation rights, restricted stock, restricted stock units, restricted performance shares, restricted performance units and cash awards (collectively, awards). Shareowner approval of the 2012 Plan is required by NYSE rules and is intended to permit the performance-based awards discussed below to qualify for deductibility under Section 162(m) of the Internal Revenue Code. If we receive shareowner approval, the 2012 Plan will become effective on May 3, 2012. If we do not receive shareowner approval, the 2012 Plan will not go into effect.

A summary of the material terms of the 2012 Plan is provided below, but is qualified in its entirety by reference to the full text of the 2012 Plan that is included as Annex A to this proxy statement.

Key Features of the 2012 Plan

The maximum number of shares that can be issued pursuant to awards under the 2012 Plan is 27,000,000.

Individuals eligible to receive awards under the 2012 Plan include employees of, and consultants, agents or other service providers to, UPS or a subsidiary or affiliate of UPS, and directors of UPS.

The types of awards available under the 2012 Plan include: stock options; stock appreciation rights; restricted stock and restricted stock units; restricted performance units and restricted performance shares; and share and cash awards.

For awards under the 2012 Plan to qualify as performance-based compensation, there are limitations on the number of awards participants may be granted in any calendar year.

The 2012 Plan does not permit repricing of options without shareholder approval.

The 2012 Plan includes clawback provisions whereby UPS will seek repayment or recovery of an award paid to an executive officer (or to his or her spouse or beneficiary) if the Compensation Committee later determines that financial results used to determine the amount of that award are materially restated and that the executive officer engaged in fraud or intentional misconduct.

Shares Available for Issuance

The shares issuable pursuant to awards granted under the 2012 Plan will be shares of class A common stock. The maximum number of shares that may be issued pursuant to awards granted under the 2012 Plan (the share reserve) is 27,000,000, which includes unissued shares that were previously authorized for issuance under the United Parcel Service, Inc. 2009 Omnibus Incentive Compensation Plan or the United Parcel Service, Inc. Incentive Compensation Plan, as amended (the prior plans). No further grants will be made under the prior plans if the 2012 Plan is approved by shareowners. The share reserve is subject to adjustment as described below.

In the event UPS engages in a recapitalization, reorganization, merger, consolidation, combination, exchange of shares, spin-off, acquisition or other business transaction with another organization (the acquired organization) and the terms of such business transaction require UPS or an affiliate to assume a plan of the acquired organization (the acquired plan), any shares of stock of the acquired organization available under the

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

acquired plan (as adjusted and converted into shares in accordance with the terms of the business transaction) may become available for awards under the Plan, subject to applicable shareowner approval and stock exchange requirements, depending on the terms of the business transaction.

The maximum number of shares that can be issued upon the exercise of incentive stock options is 27,000,000.

Each share issued pursuant to an award under the 2012 Plan or a prior plan will reduce the share reserve by one share. To the extent that a distribution pursuant to an award is made in cash, the share reserve will be reduced by the number of

Table of Contents

shares (if any) subject to the exercised or distributed portion of the award.

The share reserve will not be reduced for awards that may be settled solely in cash or for any shares issued in connection with awards issued in substitution for or the assumption of awards outstanding under an acquired plan.

If any shares subject to an award under the 2012 Plan or a prior plan are forfeited or any award under the 2012 plan or a prior plan otherwise expires, terminates or is cancelled without the issuance of the shares in full, the shares covered by such awards again will be available for use under the 2012 Plan and added to the share reserve.

Shares tendered or withheld under an award under the 2012 Plan, a prior plan, or an acquired plan will be deemed to have been delivered but will be available for use under the 2012 Plan if withheld to pay taxes (other than under an option or stock appreciation right) or to pay the exercise price of an award (other than an option or stock appreciation right).

The share reserve is subject to further adjustment as discussed below under Adjustments.

Award Limits

For awards designed to qualify as performance-based compensation (as discussed below), no participant may be granted in any one calendar year:

options to purchase more than 600,000 shares;

stock appreciation rights with respect to more than 600,000 shares;

restricted stock in excess of 600,000 shares and restricted stock units with a payout of more than 600,000 shares;

restricted performance shares or restricted performance units with a payout of more than 600,000 shares;

cash awards with a payout greater than the value of 600,000 shares;

any other award (other than an option, stock appreciation right, restricted stock, restricted stock unit, restricted performance share or restricted performance unit) in excess of 600,000 shares.

The award limits are subject to the provisions discussed below under Adjustments.

Adjustments

If UPS effects a subdivision or consolidation of shares of stock or other capital adjustment, the maximum number and class of shares that may be awarded under the 2012 Plan, the number and class of and/or price of shares subject to outstanding awards, and the annual award limits will be adjusted in the same manner and to the same extent as all other shares.

If there are material changes in the capital structure of UPS resulting from the payment of a special dividend, a spin-off, the sale of a substantial portion of UPS's assets; a merger or consolidation in which UPS is not the surviving entity, or other extraordinary non-recurring event affecting

the capital structure and the value of shares, the Compensation Committee will make equitable adjustments in the maximum number and class of shares that may be awarded under the 2012 Plan, the number and class of and/or price of shares subject to outstanding awards, and the annual award limits, to prevent the dilution or enlargement of the rights of award recipients.

Administration and Eligibility

The 2012 Plan is administered by the Compensation Committee, except that the Board administers the 2012 Plan with respect to non-employee directors of UPS. The Board also may at any time take on the powers, authority and duties of the Compensation Committee. The Compensation Committee generally may delegate its power, authority and duties under the 2012 Plan, except the power and authority to grant awards to persons required to file reports with respect to the Company pursuant to Section 16(b) of the Securities Exchange Act of 1934, as amended (Exchange Act), or as prohibited by law.

Table of Contents

The Compensation Committee determines who among those eligible to participate in the 2012 Plan will be granted awards, determines the amounts and types of awards to be granted, determines the terms and conditions of all awards, and construes and interprets the terms of the 2012 Plan. Determinations of the Committee are final, binding, and conclusive.

Individuals eligible to receive awards under the 2012 Plan include employees of UPS or a subsidiary or affiliate of UPS, consultants, agents or other service providers to UPS or a subsidiary or affiliate of UPS, and directors of UPS. As of February 1, 2011, there were 12 directors and approximately 35,000 employees who are eligible to receive awards under the 2012 Plan.

Type of Awards

Stock Options

Stock options may be either nonqualified stock options or incentive stock options. The exercise price of any stock option must be equal to or greater than the fair market value of a share on the date the option is granted. The term of a stock option cannot exceed ten years.

A stock option's terms and conditions, including the number of shares to which the option pertains, exercise price, vesting and expiration of the option, are determined by the Compensation Committee and set forth in an award document.

Payment for shares purchased upon exercise of a stock option must be made in full at the time of purchase. The exercise price may be paid (a) in cash or its equivalent, (b) by tendering previously acquired shares having an aggregate value at the time of exercise equal to the total exercise price, (c) through a reduction in the number of shares received through the exercise of the option, or (d) by a combination of (a), (b) and (c).

Stock Appreciation Rights (SARs)

Freestanding and tandem SARs, or any combination of these forms of SAR, may be granted to participants. A freestanding SAR means a SAR that is granted independently of any stock options. A tandem SAR means a SAR that is granted in connection with a related option, the exercise of which requires forfeiture of the right to purchase a share under the related option (and when a share is purchased under the option, the tandem SAR similarly is canceled). Each SAR grant will be set forth in an award document that will specify the grant price, the term of the SAR and such other provisions as the Compensation Committee determines. The term of a SAR cannot exceed ten years.

The grant price of a freestanding SAR will be at least equal to the fair market value of a share on the date of grant. The grant price of a tandem SAR will equal the exercise price of the related stock option.

Upon exercise of a SAR, a participant will be entitled to receive payment in an amount determined by multiplying the difference between the fair market value of a share on the date of exercise over the grant price, by the number of shares with respect to which the SAR is exercised. At the discretion of the Compensation Committee, the payment upon SAR exercise may be in cash, in shares of equivalent value, or in some combination of cash and shares.

Restricted Stock and Restricted Stock Units (RSUs)

Restricted stock or RSUs may be granted to participants in such amounts, upon such terms and

at such times as determined by the Compensation Committee. Each RSU will have an initial value at the time of grant equal to the fair market value of a share on the date of grant. The Compensation Committee will impose such other conditions and/or restrictions on restricted stock or RSUs as it may deem advisable, including restrictions based upon the achievement of specific performance goals and time-based restrictions on vesting following the attainment of the performance goals. Restricted stock or RSUs will be forfeited to the extent that a participant fails to satisfy the applicable conditions or restrictions during the period of restriction. Each grant of restricted stock or RSUs will be evidenced by an award document specifying the terms of the award.

Table of Contents

Except as otherwise provided in the award document, shares of restricted stock will become freely transferable by the participant as soon as practicable after the end of the applicable period of restriction, and RSUs will be paid in a single lump sum following the end of the applicable period of restriction in the form of cash or in shares (or in a combination of cash and shares) as determined by the Compensation Committee and as set forth in the award document.

Unless otherwise provided in the award document, participants holding restricted stock will have the right to vote the shares during the period of restriction and will be credited with and will be paid regular cash dividends paid with respect to the underlying shares, but stock dividends or other non-cash distributions will be subject to the same restrictions as the restricted stock. Participants awarded RSUs are not entitled to similar voting rights or dividends. If the grant or vesting of restricted stock or RSUs is subject to performance conditions, including conditions intended to comply with the requirements of performance-based compensation, dividends or dividend equivalents declared with respect to such restricted Stock or RSUs will be subject to the same performance conditions as the underlying restricted stock or RSUs.

Restricted Performance Units (RPU) and Restricted Performance Shares (RPS)

Each RPU or RPS will have an initial value equal to the fair market value of a share on the date of grant. The Compensation Committee will set performance goals, and achievement of the performance goals will determine the number and/or value of RPUs and RPSs that are paid to the participant; provided, however, that the value of an RPU or RPS will not exceed the value of a share on the date as of which the RPU or RPS is paid. RPUs or RPSs may be granted following the satisfaction of certain performance goals and may be subject to such other restrictions, for example, service restrictions, as the Compensation Committee determines. RPUs and RPSs will be forfeited to the extent that the applicable performance goals are not satisfied during the performance period.

Each RPU or RPS will be evidenced by an award document specifying the terms of the award. Except as otherwise provided in the award document, payment of earned RPUs or RPSs will be made in a single lump sum following the close of the applicable performance period in the form of cash or in shares (or in a combination thereof) as determined by the Compensation Committee and set forth in the award document, with an aggregate fair market value equal to the value of the earned RPUs or RPSs at the close of the performance period. At the discretion of the Compensation Committee, participants may be entitled to receive dividends or dividend equivalents declared with respect to shares payable with respect to RPUs or RPSs not yet distributed to participants and be entitled to exercise voting rights with respect to RPSs. If the grant or vesting of RPUs or RPSs is subject to performance conditions, including conditions intended to comply with the requirements of performance-based compensation, dividends or dividend equivalents declared with respect to such RPUs or RPSs will be subject to the same performance conditions as the underlying RPUs or RPSs.

Share and Cash Awards

Shares (other than restricted stock and RPSs) may be granted and cash may be paid to or for the benefit of participants in such amounts, upon such terms and at such times as determined by the Compensation Committee.

Provisions Applicable to All Awards

Award Documents

Each award will be evidenced by an award document that will specify the award terms, including the type of the award, the exercise price or grant price, if any, the number of shares subject to the award, the duration of the award and such other provisions as the Compensation Committee determines.

Termination of Employment/Directorship/Other Relationship

Each award document will set forth the extent to which the participant will have any rights with respect to the award following termination of the participant's employment or directorship or other

Table of Contents

relationship with UPS and its subsidiaries and affiliates. Such provisions will be determined in the sole discretion of the Compensation Committee, will be included in the award document, need not be uniform among all awards, and may reflect distinctions based on the reasons for termination.

Nontransferability of Awards

Except as otherwise provided in the applicable award document for awards other than incentive stock options, no award may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

Restrictions on Share Transferability

The Compensation Committee may impose such restrictions on any shares acquired pursuant to an award as it may deem advisable, including, without limitation, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such shares.

Section 162(m) and Performance Measures

Pursuant to Section 162(m) of the Internal Revenue Code, UPS ordinarily may not deduct compensation of more than \$1 million that is paid to certain covered employees (*i.e.*, any individual who, on the last day of the taxable year, is either UPS's principal executive officer or an employee whose total compensation for the tax year is required to be reported to shareholders because he or she is among the three highest compensated officers for the tax year, other than the principal executive officer or principal financial officer). The limitation on deductions does not apply, however, to qualified performance-based compensation. Certain awards under the 2012 Plan may constitute qualified performance-based compensation and, as such, would be exempt from the \$1 million limitation on deductible compensation.

Under the 2012 Plan, any performance goals applicable to awards, other than options and SARs, intended to qualify as performance-based compensation under Section 162(m) will be based on one or more of the following measures:

Earnings per share;

Net income (before or after taxes);

Return measures, including, but not limited to, return on assets, return on equity, return on operating capital, return on invested capital, and return on sales;

Cash flow return on investments which equals net cash flows divided by owners' equity;

Earnings before or after taxes, interest and depreciation;

Gross revenues;

Share price;

Shareowner return;

Pretax profit;

Economic value added;

Volume growth;

Package flow technology;

Successfully integrating acquisitions;

Reducing non-operations expenses;

Other operating efficiency measures or ratios;

Operating income;

Return on capital;

Return on capital employed; and/or

Pre-tax income margin.

Table of Contents

In determining attainment of performance goals, the Compensation Committee will exclude the effect of unusual or infrequently occurring items, charges for restructurings (employee severance liabilities, asset impairment costs, and exit costs), discontinued operations, extraordinary items and the cumulative effect of changes in accounting treatment, and may determine no later than ninety (90) days after the commencement of any applicable performance period (or such earlier time as specified in the 2012 Plan) to exclude the effect of other items, each determined in accordance with GAAP (to the extent applicable) and as identified in the financial statements, notes to the financial statement or discussion and analysis of management.

Awards which are intended to qualify a performance-based compensation may not be adjusted upward, but the Compensation Committee will retain the discretion to adjust such awards downward.

Change in Control

In the event of a change in control in UPS, if the successor company continues, assumes or substitutes other grants for outstanding awards and within two years following the change in control (as defined in the 2012 Plan), the participant is terminated by the successor without cause or resigns for good reason (as defined in the 2012 Plan), then (unless otherwise specifically provided in the applicable award document):

options and SARs will become immediately exercisable as of the termination or resignation;

restrictions imposed on restricted stock, RSUs, RPSs or RPU that are not performance-based will lapse. RSUs or RPU (to the extent restrictions were not performance-based) will be paid in cash or stock (as provided in the award document), with payment of RSUs or RPU that are exempt from Section 409A of the Internal Revenue Code (" Section 409A ") made within 30 days after the termination or resignation, and payment of RSUs or RPU that are subject to Section 409A made within the 30-day period following the 6-month anniversary of the participant ' s separation from service (as defined in regulations under Section 409A); and

performance-based awards will vest with respect to each performance measurement tranche completed during the performance period prior to the termination or resignation (or, if the performance period is not divided into separate performance measurement tranches, proportionately based on the portion of the performance period completed prior to such resignation or termination), with payment to be made, based on actual performance, in cash or shares at such time following the performance period as otherwise specified in the award document.

In the event of a change in control of UPS, if the successor company does not continue, assume or substitute other awards for outstanding awards, or in the case of a dissolution or liquidation of UPS:

options and SARs will become immediately exercisable and the Compensation Committee will either give a participant a reasonable opportunity to exercise the option and SAR before the transaction resulting in the change in control or pay the participant the difference between the exercise price for the option or grant price of the SAR and the consideration provided to other similarly situated shareowners. In either case, the option or SAR will be cancelled, and the Compensation Committee is not obligated to treat all options and SARs in the same manner;

restrictions imposed that are not performance-based will lapse. RSUs or RPU that are not subject to performance-based restrictions will be paid in cash or stock (as provided in the award document), with payment of RSUs or RPU that are exempt from Section 409A made within 30 days after the change in control and payment of RSUs or RPU that are subject to Section 409A made within the 30-day period following the 6-month anniversary of the change in control (as defined in regulations under Section 409A) or if the change in control is not a change in control

Table of Contents

within the meaning of Section 409A, RSUs or RPU's will be paid as of the earlier of the time specified in the award document or one day after the 6-month anniversary of the date the participant has a separation from service (as defined in regulations under Section 409A); and

performance-based awards will vest with respect to each performance measurement tranche completed during the performance period prior to the change in control or dissolution or liquidation (or, if the performance period is not divided into separate performance measurement tranches, proportionately based on the portion of the performance period completed prior to such change in control or dissolution or liquidation), with payment to be made, based on actual performance, in cash or shares at such time following the performance period as otherwise specified in the award document.

Clawback of Awards

If an award has been paid to an executive officer or to his or her spouse or beneficiary, and the Compensation Committee later determines that financial results used to determine the amount of that award are materially restated and that the executive officer engaged in fraud or intentional misconduct, UPS will seek repayment or recovery of the award.

Amendment and Termination

Except for an amendment or termination of the provisions related to change in control and as otherwise provided in the 2012 Plan, the Compensation Committee has the right to amend or terminate the 2012 Plan at any time; provided that, (1) no amendment or termination of the 2012 Plan may adversely affect in any material way any award previously granted without the award holder's consent, (2) without the prior approval of our shareowners, the 2012 Plan may not be materially amended if shareowner approval is required by law or applicable stock exchange listing requirement, if the amendment would increase the number of shares available for awards under the 2012 Plan, or if the amendment would permit options, SARs or other stock-based awards encompassing rights to purchase shares to be repriced, replaced, or regranted through cancellation, or by lowering the exercise or purchase price of a previously granted award (except for certain adjustments and award substitutions authorized under other provisions of the 2012 Plan). Therefore, the 2012 Plan does not permit repricing without shareowner approval. The 2012 Plan provisions related to change in control generally may not be amended after a change in control to affect adversely any award theretofore granted without the award holder's consent. In any event, no awards may be granted under the 2012 Plan on or after May 2, 2022.

Federal Income Tax Consequences

The rules concerning the federal income tax consequences with respect to awards made pursuant to the 2012 Plan are technical, and reasonable persons may differ on the proper interpretation of the rules. Moreover, the applicable statutory and regulatory provisions are subject to change, as are their interpretations and applications, which may vary in individual circumstances. The following discussion is designed to provide only a brief, general summary description of the U.S. federal income tax consequences associated with the awards, based on a good faith interpretation of the current U.S. federal income tax laws, regulations (including applicable proposed regulations) and judicial and administrative interpretations. The following discussion does not set forth any federal tax consequences other than U.S. federal income tax consequences or any state, local or foreign tax consequences that may apply.

Incentive Stock Options (ISOs). An optionee does not recognize taxable income upon the grant or upon the exercise of an ISO (although the exercise of an ISO may in some cases trigger liability for the alternative minimum tax). Upon the sale of ISO shares, the optionee recognizes income in an amount equal to the excess, if any, of the fair market value of those shares on the date of sale over the exercise price of the ISO shares. The income is taxed at the long-term capital gains rate if the optionee has not disposed of the stock within two years after the date of the grant of the ISO and

Table of Contents

has held the shares for at least one year after the date of exercise (the two-year and one-year periods are referred to as holding periods), and we are not entitled to a federal income tax deduction. ISO holding period requirements are waived when an optionee dies.

If an optionee sells ISO shares before completion of the holding periods, the optionee recognizes ordinary income to the extent of the lesser of: (a) the gain realized upon the sale; or (b) the excess of the fair market value of the shares on the date of exercise over the exercise price of the ISO shares. Any additional gain is treated as long-term or short-term capital gain depending upon how long the optionee has held the ISO shares prior to disposition. In the year of any such disposition, we will receive a federal income tax deduction in an amount equal to the ordinary income that the optionee recognizes, if any, as a result of the disposition.

Nonqualified Stock Options (NQSOs). An optionee does not recognize taxable income upon the grant of an NQSO. Upon the exercise of an NQSO, the optionee recognizes ordinary income to the extent the fair market value of the shares received upon exercise of the NQSO on the date of exercise exceeds the exercise price of the NQSO shares. We will receive an income tax deduction in an amount equal to the ordinary income that the optionee recognizes upon the exercise of the NQSO.

Restricted Stock or RPSs. A participant who receives an award of restricted stock or RPSs does not generally recognize taxable income at the time of the award. Instead, the participant recognizes ordinary income to the extent and in the first taxable year in which his or her interest in the shares subject to the award becomes either (a) freely transferable; or (b) no longer subject to substantial risk of forfeiture. The amount of U.S. federal taxable income is equal to the fair market value of the shares less the cash, if any, paid for the shares.

A participant may elect to recognize U.S. federal taxable income at the time of grant of restricted stock or RPSs in an amount equal to the fair market value of the shares subject to the award (less any cash paid for the shares) on the date the award is granted by filing an election under Code Section 83(b) within thirty days of the award.

We will receive a U.S. federal income tax deduction in an amount equal to the ordinary income recognized by the participant in the taxable year in which the shares become either (a) freely transferable; or (b) no longer subject to substantial risk of forfeiture (or in the taxable year of the award if, at that time, the participant had filed a timely election under Code Section 83(b) to accelerate recognition of income).

SARs. A participant who exercises an SAR will recognize ordinary income upon the exercise equal to the amount of cash and the fair market value of any shares received on as a result of the exercise. We will receive a U.S. federal income tax deduction in an amount equal to the ordinary income that the participant recognizes upon the exercise of the SAR.

RSUs, RPU's or Cash. A participant who receives an award of RSUs or RPSs does not generally recognize taxable income at the time of the award. In the case of an award of RSUs, RPU's or cash, the participant would generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date the award is paid. In that taxable year, we would receive a U.S. federal income tax deduction in an amount equal to the ordinary income that the participant has recognized.

Shares. A participant who receives shares will recognize ordinary income in the first taxable year in which his or her interest in the shares becomes either (a) freely transferable or (b) no longer subject to substantial risk of forfeiture. The amount of U.S. federal income is equal to the fair market value of the shares less the cash, if any, paid for the shares.

A participant, including an officer or director of UPS, may elect to recognize U.S. federal income when the shares are received in an amount equal to the fair market value of the shares (less any cash paid for the shares) on the date the shares are transferred to the participant by filing an election under Section 83(b) of the Code within thirty days of the date of the Award.

Table of Contents

We will receive a U.S. federal income tax deduction in an amount equal to the ordinary income recognized by the participant in the taxable year in which the shares become either (a) freely transferable or (b) no longer subject to substantial risk of forfeiture (or in the taxable year of the award if, at that time, the participant had filed a timely election under Code Section 83(b) to accelerate recognition of income).

Any gain or loss realized by the participant from a later sale of the shares will be reportable as a long-term or short-term capital gain or loss.

Officers and Directors. In the case of an officer or director of UPS who is subject to the provisions of Section 16(b) of the Exchange Act, the recognition of income in connection with the receipt of shares under an award, the sale of which would be restricted by the Exchange Act, will be deferred until the date that the restriction lapses or 6 months from the date the award is granted, whichever is earlier. In addition, the amount of such income will be measured for U.S. federal income tax purposes by the value of the shares on the earlier of the date the restriction under the Exchange Act lapses or 6 months from the date the award is granted, rather than on the date of receipt. However, such an officer or director may elect to recognize U.S. federal income on the date the shares are received and to measure the U.S. federal income by the value of the shares on that date by filing an election under Section 83(b) of the Code within thirty days of the date the shares are received.

Section 409A. Section 409A of the Internal Revenue Code provides special tax rules applicable to programs that provide for a deferral of compensation. Failure to comply with those requirements will result in accelerated recognition of U.S. federal income tax purposes along with an additional tax equal to 20% of the amount included in U.S. federal income, and interest on deemed underpayments in certain circumstances. While certain awards under the 2012 Plan could be subject to Section 409A, the 2012 Plan and awards have been drafted to comply with the requirements of Section 409A, where applicable.

2012 Plan Benefits

Because benefits under the 2012 Plan will depend on the Compensation Committee's actions and the fair market value of the shares at various future dates, it is not possible to determine the benefits that will be received by directors, executive officers and other employees if the 2012 Plan is approved by the shareowners.

Table of Contents**Equity Compensation Plans**

The following table sets forth information as of December 31, 2011 concerning shares of our common stock authorized for issuance under all of our equity compensation plans.

- (1) Includes the 1999 Plan, the 2009 Plan and the Discounted Employee Stock Purchase Plan, each of which has been approved by our shareowners. Effective with the authorization of the 2009 Plan that was approved by our shareowners in May 2009, no additional securities may be issued under the 1999 Plan. The 2009 Plan uses a fungible share pool approach to account for authorized shares. The 2009 Plan will be replaced with the 2012 Plan if approved by our shareowners. Under the 2009 Plan, with respect to stock options and SARs, the number of shares available for awards is reduced by one share for each share covered by such award or to which the award relates, and with respect to awards other than stock options and SARs, the number of shares available for awards is reduced by 2.76 shares for each share covered by such award or to which such award relates. Awards that do not entitle the holder to receive or purchase shares and awards that are settled in cash are not counted against the aggregate number of shares available for awards under the 2009 Plan.
- (2) In addition to grants of options, warrants or rights, includes up to 36,989,383 shares of common stock or other stock-based awards that may be issued under the 2009 Plan, and up to 1,763,654 shares of common stock that may be issued under the Discounted Employee Stock Purchase Plan. Does not include shares under the 1999 Plan because no new awards may be made under that plan.

The board of directors has adopted, and recommends that the shareowners approve, an amendment to the Discounted Employee Stock Purchase Plan, or DESPP, to increase the number of shares available under the DESPP to 20 million shares of our class A common stock. The DESPP was approved by shareowners in 2001 and is designed to encourage ownership of our class A common stock by eligible employees of UPS and certain UPS subsidiaries of which we own at least 50% of the total combined voting power. We believe that ownership of our common stock encourages their interest in our success and provides incentives for them to remain with us.

The DESPP is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code. The amendment to increase the number of shares available is being presented to shareowners for their approval so that the DESPP continues to qualify as an employee stock purchase plan within the meaning of Section 423.

Shares Available under the DESPP

The proposed amendment will increase to 20,000,000 the number of shares of our class A common stock available under the DESPP. The number of shares under the DESPP will be adjusted by our board of directors for any change in the number of outstanding shares of class A common stock resulting from a subdivision or consolidation of shares, from the payment of dividends in the form of class A common stock or from any other increase or decrease in the number of shares of class A common stock effected without receipt of consideration by UPS.

Eligibility and Participation

To be eligible to participate in the DESPP, an employee must:

have been employed by us, or by a participating subsidiary, continuously for at least 6 months;

not be prohibited under applicable foreign law from participating in the DESPP; and

not own 5% or more of the total combined voting power or value of all of our common stock.

Employees may elect to participate in the DESPP for the purchase period (a calendar quarter) by properly completing and filing a subscription form with the administrator at any time during the calendar quarter immediately preceding the purchase period.

Purchase of Shares

A subscription to purchase shares of our class A common stock will be in effect until it is amended by the employee or until the employee's status as an eligible employee terminates. An employee, as part of his or her election to participate in the DESPP, will authorize us to withhold an amount, which may not exceed \$10,000 for a calendar year, of his or her base salary or regular hourly wages paid during the purchase period. Each employee's payroll deductions will be credited to a subscription account established for him or her by the recordkeeper. An employee may not make any contribution under the DESPP except through payroll deductions unless the employee is prohibited under applicable foreign or commonwealth law (as determined by the administrator) from participating in the DESPP via payroll deductions.

On the last day of the purchase period, the balance credited to an employee's subscription account automatically will be used to purchase from us shares of class A common stock at the purchase price (as defined below), up to the maximum number of shares permitted under the DESPP. The

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

maximum number of shares that may be purchased under the DESSP (or under any other employee stock purchase plan (within the meaning of Code Section 423)) in any purchase period is determined by dividing

\$6,250 (a figure based on limitations imposed under Section 423 of the Internal Revenue Code) by

Table of Contents

the closing price of our class B common stock on the NYSE on the first day of the purchase period.

The maximum amount that can be purchased during any purchase period also may be limited by the number of authorized shares remaining for sale under the DESPP. If an employee's subscription account has a cash balance remaining at the end of a purchase period for any reason, including a limitation on the number of authorized shares, this balance will be refunded to the employee in cash (without interest) after the purchase period. The shares of class A common stock to be purchased under the DESPP may be authorized but unissued shares, or shares that have been reacquired by us.

An employee may amend his or her subscription once during a purchase period to increase, reduce or stop payroll deductions. If an employee's subscription account has a cash balance remaining when he or she stops deductions, this balance will be retained in the employee's subscription account and used to purchase shares at the end of the then-current purchase period.

Purchase Price

The purchase price for shares of class A common stock under the DESPP is 95% of the closing price of our class B common stock on the NYSE on the last day of the purchase period.

Termination of Employment

If an individual's eligibility status terminates for any reason before the last day of the purchase period, the termination will cause payroll deductions to cease immediately. If the employee's subscription account has a cash balance remaining when he or she terminates, this balance will be retained in the employee's subscription account and used to purchase shares at the end of the then-current purchase period.

Transferability of Shares

No shares of class A common stock acquired by an employee under the DESPP may be assigned, encumbered, alienated, transferred, pledged, or otherwise disposed of in any way (other than by will or the laws of descent and distribution) for a period of two years following the acquisition of the shares by the employee, subject to certain hardship exemptions that may be granted by the administrator.

No employee may assign, transfer or otherwise dispose of the balance credited to his or her subscription account, or his or her right to purchase class A common stock pursuant to the DESPP.

Administration

The DESPP is administered by the Salary Committee of our board of directors. The administrator may delegate its administrative functions as it deems appropriate under the circumstances.

Amendment and Termination of Plan

The DESPP may be amended from time to time by our board of directors. Certain amendments may be subject to the approval of our shareowners to the extent this approval is required by Section 423 of the Internal Revenue Code, the laws of the State of Delaware or the rules of the NYSE. The board of directors may terminate the DESPP or any purchase period at any time. Upon the effective date of termination, all subscriptions will be void, no further payroll deductions will be made and each employee's subscription account balance will be distributed to him or her in cash (without interest) as soon as practicable.

Federal Income Tax Consequences

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

The rules concerning the federal income tax consequences with respect to awards made pursuant to the DESPP are technical, and reasonable persons may differ on the proper interpretation of the rules. Moreover, the applicable statutory and regulatory provisions are subject to change, as are their interpretations and applications, which may vary in individual circumstances. The following discussion is designed to provide only a brief, general summary description of the U.S. federal income tax

consequences associated with the DESPP, based on a good faith interpretation of the current U.S. federal income tax laws, regulations (including applicable proposed regulations) and judicial and administrative interpretations. The following discussion does not set forth any federal tax consequences other than U.S. federal income tax consequences or any state, local or foreign tax consequences that may apply. This summary assumes that the DESPP satisfies the requirements of Section 423 of the Internal Revenue Code.

The amounts deducted from an employee's pay to purchase shares of our class A common stock will be U.S. federal taxable income to the employee. These amounts must be included in gross income for U.S. federal income tax purposes in the year in which the amounts otherwise would have been paid to the employee. An employee will not be required to recognize any income for U.S. federal income tax purposes upon the purchase of shares. However, the employee will determine his or her U.S. federal taxable income for the year in which he or she sells or otherwise disposes of shares purchased under the DESPP in accordance with the following paragraphs.

The U.S. federal income tax consequences of a sale or disposition of shares of class A common stock acquired under the DESPP depend in part on the length of time the shares are held by an employee. If an employee sells or otherwise disposes of shares acquired under the DESPP (other than any transfer resulting from death) within two years after the first day of the purchase period for the shares, the employee must recognize ordinary income for U.S. federal income tax purposes in the year of the sale or disposition. This ordinary income will be recognized in an amount equal to the fair market value of the shares on the date they were purchased less the purchase price. This amount of ordinary income is recognized by the employee even if the fair market value of the shares has decreased since the date the shares were purchased. This ordinary income recognized is added to the employee's basis in the shares. After increasing the basis by the amount of the ordinary income recognized, any gain realized on the sale or disposition in excess of the basis in the shares will be taxed as capital gain, and any loss realized will be a capital loss. Whether the capital gain or loss will be long-term or short-term will depend on how long the shares were held.

If an employee sells or otherwise disposes of shares of class A common stock acquired under the DESPP after holding the shares for two years after the first day of the purchase period for the shares, or the employee dies, he or she must include as ordinary income for U.S. federal income tax purposes in the year of sale (or the taxable year ending with his or her death) an amount equal to the lesser of

5% of the fair market value of the shares on the last day of the purchase period, or

the fair market value of the shares on the date he or she sells or otherwise disposes of the shares, or on the date of death, less the purchase price.

Except in the case of a transfer as a result of death, the amount of the ordinary income recognized by the employee is added to his or her basis in the shares. The basis of shares transferred as a result of the death of an employee will not be increased as a result of the ordinary income recognized by the deceased employee. After increasing the basis in the shares by the ordinary income recognized, any gain realized on the sale or disposition in excess of the employee's basis will be taxed as a long-term capital gain. Any loss realized will be treated as a long-term capital loss.

We do not receive any U.S. federal income tax deduction as a result of issuing shares pursuant to the DESPP, except upon a sale or disposition of shares by an employee prior to the expiration of the two year holding period. In this event, we, or a participating subsidiary, generally will be entitled to a U.S. federal income tax deduction equal to the amount of ordinary income recognized by the employee with respect to the sale or disposition of the shares.

Walden Asset Management has advised us that it intends to submit the proposal set forth below for consideration at the annual meeting:

Shareowner Proposal

Whereas, businesses, like individuals, have a recognized legal right to express opinions to legislators and regulators on public policy matters.

It is important that our company's lobbying positions, as well as processes to influence public policy, are transparent. Public opinion is skeptical of corporate influence on Congress and public policy and questionable lobbying activity may pose risks to our company's reputation when controversial positions are embraced. Hence, we believe full disclosure of UPS's policies, procedures and oversight mechanisms is warranted.

Resolved, the shareholders of United Parcel Service, Inc. (UPS) request the Board authorize the preparation of a report, updated annually, disclosing:

1. Company's policy and procedures governing the lobbying of legislators and regulators, including that done on our company's behalf by trade associations. The disclosure should include both direct and indirect lobbying as well as grassroots lobbying communications.
2. A listing of payments (both direct and indirect, including payments to trade associations) used for direct lobbying as well as grassroots lobbying communications, including the amount of the payment and the recipient.
3. Membership in and payments to any tax-exempt organization that writes and endorses model legislation.
4. Description of the decision making process and oversight by the management and Board for
 - a. direct and indirect lobbying contribution or expenditure; and
 - b. payment for grassroots lobbying expenditure.

For purposes of this proposal, a grassroots lobbying communication is a communication directed to the general public that (a) refers to specific legislation, (b) reflects a view on the legislation and (c) encourages the recipient of the communication to take action with respect to the legislation.

Both direct and indirect lobbying and grassroots lobbying communications include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee of the Board or other relevant oversight committees of the Board and posted on the company's website.

Supporting Statement

As shareholders, we encourage transparency and accountability in the use of staff time and corporate funds to influence legislation and regulation both directly and indirectly. We believe such disclosure is in shareholders' best interests. Absent a system of accountability, company

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

assets could be used for objectives contrary to UPS' s long-term interests.

UPS spent approximately \$14 million in 2009 and 2010 on direct federal lobbying activities, according to disclosure reports. (*U.S. Senate Office of Public Records*). In 2010, UPS also spent at least \$384,279 in 4 states that require lobbying expenditure disclosure (according to state disclosure reports). These figures may not include grassroots lobbying to influence legislation by mobilizing public support or opposition. Also, not all states require disclosure of lobbying expenditures to influence legislation or regulation. And UPS does not disclose contributions to tax-exempt organizations that write and endorse model legislation, such as the company' s \$25,000 contribution to ALEC' s annual meeting (<http://thinkprogress.org/politics/2011/08/05/288823/alec-exposed-corporations-funding/>).

Such expenditures and contributions can potentially involve the company in controversies posing reputational risks.

We encourage our Board to require comprehensive disclosure related to direct, indirect and grassroots lobbying.

Table of Contents

The board of directors recommends that shareowners vote AGAINST the proposal. Our response to the shareowner proposal appears below.

Response of UPS

UPS engages with public policymakers at the federal, state and local levels when we believe it will serve the best interests of our company and our shareowners. The board recommends that shareowners vote AGAINST this proposal because UPS already has effective policies for the appropriate disclosure and oversight of the Company's lobbying and political activities. For example:

UPS Has Independent Board Oversight: Independent oversight of UPS lobbying and political contributions and expenditures already exists. UPS's Public Affairs Manager regularly reports to the board of directors concerning its lobbying and political activities. Moreover, all lobbying activities are conducted only with the prior approval of the Company's Public Affairs department, which works with senior management to focus our involvement at all levels of government on furthering the Company's business objectives and our goal of protecting and enhancing shareowner value.

UPS is a Leader in Political Accountability and Disclosure: UPS was named in 2011 as one of the top 10 companies for political transparency and accountability by the Center for Political Accountability-Zicklin Index of Corporate Political Disclosure and Accountability.

UPS Complies with Legal Obligations: UPS complies with all federal, state and local reporting requirements governing the Company's political contributions and lobbying activities. UPS files a publicly available federal Lobbying Disclosure Act Report each quarter as required by law. This Report provides information on activities associated with influencing legislation through communications with any member or employee of a legislative body or with any covered executive branch official. It also provides disclosure on expenditures for the quarter, describes the specific pieces of legislation that were the topic of communications, and identifies the individuals who lobbied on behalf of the Company. These reports are available at <http://lobbyingdisclosure.house.gov/> and http://www.senate.gov/legislative/Public_Disclosure/LDA_reports.htm. UPS files similar periodic reports with state agencies reflecting state lobbying activities which are also publicly available.

UPS Has Not Engaged in Grassroots Lobbying: In recent years, the Company has not engaged in any communications directed to the general public that (a) refer to specific legislation, (b) reflect a view on the legislation and (c) encourage the recipient of the communication to take action with respect to the legislation (defined by the proponent as grassroots lobbying communications).

UPS Provides Additional Disclosure: UPS publishes on its website (www.investors.ups.com) a semi-annual report disclosing the amounts and recipients of all federal and state political contributions and expenditures made by the Company in the United States. For these reasons, the board recommends that shareowners vote AGAINST this proposal.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and persons who own beneficially more than 10% of either our class A or class B common stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file with the SEC. To our knowledge, each of our directors and executive officers complied during 2011 with all applicable Section 16(a) filing requirements, except for a late Form 4 filing for Duane Ackerman, one of our directors, and a late Form 5 filing for Alan Gershenhorn, one of our executive officers, both due to an administrative error.

Solicitation of Proxies

We will pay our costs of soliciting proxies. Directors, officers and other employees, acting without special compensation, may solicit proxies by mail, email, in person or by telephone. We will reimburse brokers, fiduciaries, custodians and other nominees for out-of-pocket expenses incurred in sending our proxy materials and Notice to, and obtaining instructions relating to the proxy materials and Notice from, beneficial owners. In addition, we have retained Georgeson to assist in the solicitation of proxies for the 2012 annual meeting at a fee of approximately \$10,000, plus associated costs and expenses.

Householding

We have adopted a procedure approved by the SEC called *householding* under which multiple shareowners who share the same last name and address and do not participate in electronic delivery will receive only one copy of the annual proxy materials or Notice. If you wish to opt out of *householding* and continue to receive multiple copies of the proxy materials or Notice at the same address, or if you wish to participate in *householding*, you may do so by notifying us in writing or by telephone at: UPS Investor Relations, 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328, (404) 828-6059. You also may request additional copies of the proxy materials or Notice by notifying us in writing or by telephone at the same address or telephone number.

Shareowner Proposals or Shareowner Nominations for Director at 2013 Annual Meeting

Shareowners who, in accordance with Rule 14a-8 of the Exchange Act, wish to present proposals for inclusion in the proxy materials to be distributed in connection with the 2013 annual meeting of shareowners must submit their proposals so that they are received by our Corporate Secretary at 55 Glenlake Parkway, N.E., Atlanta, Georgia 30328 no later than the close of business on November 12, 2012. Any proposal also will need to comply with SEC regulations regarding the inclusion of shareowner proposals in company-sponsored material.

Shareowners who wish to propose business or nominate persons for election to the board of directors at the 2013 annual meeting of shareowners must provide a notice of shareowner business or nomination in accordance with Section 10.1 of our Bylaws. The Share Reserve shall not be reduced for Awards that may be settled solely in cash or for any Shares issued in connection with Awards issued in substitution for or the assumption of awards outstanding under an Acquired Plan pursuant to Section 19.9.
- 4.5 Adjustments in Authorized Shares.** If the Company effects a subdivision or consolidation of shares of stock or other capital adjustment, the number and class of Shares which may be delivered under Section 4.1, the number and class of and/or price of Shares subject to outstanding Awards granted under the Plan, and the Award limits set forth in Sections 4.2 and 4.3, shall be adjusted in the same manner and to the same extent as all other Shares. If there are material changes in the capital structure of the Company resulting from the payment of a special dividend (other than regular quarterly dividends) or other distributions to shareowners without receiving consideration therefore; the spin-off of a subsidiary; the sale of a substantial portion of the Company's assets; in the event of a merger or consolidation in which the Company is not the surviving entity; or other extraordinary non-recurring events affecting the Company's capital structure and the value of Shares, the Committee shall make equitable adjustments in the number and class of Shares which may be delivered under Section 4.1, the number and class of and/or price of Shares subject to outstanding Awards granted under the Plan,

and the Award limits set forth in Sections 4.2 and 4.3, to prevent the

dilution or enlargement of the rights of Award recipients. Following any such adjustment, the number of Shares subject to any Award shall always be a whole number. Notwithstanding the foregoing provisions of this Section 4.5, no adjustment shall be made to an Option or SAR to the extent that it causes such Option or SAR to provide for a deferral of compensation subject to Code § 409A and the 409A Guidance.

4.6 Increase to Share Reserve. If any Shares subject to an Award are forfeited before vesting or any Award otherwise expires, terminates or is cancelled without the issuance of such Shares in full to a Participant, such Shares, to the extent of any such forfeiture, expiration, termination or cancellation, shall again be available for grant under the Plan and be added to the Share Reserve. If, after the Effective Date, any Shares subject to an award under a Prior Plan are forfeited or such award otherwise expires, terminates or is cancelled without the issuance of Shares in full, then to the extent of such forfeiture, expiration, termination or cancellation, any Shares not issued under such Prior Plan award shall be available for grant under the Plan and be added to the Share Reserve.

Shares tendered or withheld under an Award or an award under a Prior Plan or an Acquired Plan shall be deemed to have been delivered but shall be added to the Share Reserve in the following circumstances:

- (a) Shares withheld to pay taxes other than Shares withheld to pay taxes under an Option or SAR or under an award made under a Prior Plan or an Acquired Plan that is a stock option or a stock appreciation right.
- (b) Shares tendered or withheld to pay the exercise price of an Award or an award under a Prior Plan or an Acquired Plan other than Shares tendered or withheld to pay the exercise price of an Option or SAR or an award under a Prior Plan or an Acquired Plan that is a stock option or a stock appreciation right.

Article 5. Eligibility and Participation

5.1 Eligibility. Persons eligible to participate in this Plan include all Employees, Directors and Key Persons.

5.2 Actual Participation. Subject to the provisions of the Plan,

- (a) the Committee may from time to time select from all eligible Employees, Directors and Key Persons, those to whom Awards shall be granted and shall determine the nature and amount of each Award, and
- (b) Awards may be granted to Participants at any time and from time to time as shall be determined by the Committee, including in connection with any other compensation program established by the Company.

Article 6. Options

6.1 Grant of Options. Options may be granted to Participants in such number, upon such terms, and at such times as determined by the Committee; provided, however, that ISOs may be granted only to Participants who are Employees of the Company or a Subsidiary that is a subsidiary of the Company within the meaning of Code § 424(f).

6.2 Award Document. The Award Document for each Option shall specify whether the Option is intended to be an ISO or a NQSO.

6.3

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Option Price. The Option Price for each Option shall be at least equal to one hundred percent (100%) of the Fair Market Value of a Share on the date as of which the Option is granted. In addition, the Option Price of any ISO which is granted to an individual who owns more than ten percent (10%) of the voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company (within the meaning of Code § 424(e) and (f)) (a 10% Owner) may not be less than one hundred ten percent (110%) of the Fair Market Value of a Share on the date the Option is granted.

A-10

Table of Contents

6.4 Duration of Options. Each Option shall expire at such time as the Committee shall determine at the time of grant; provided, however, that no Option shall be exercisable later than the tenth (10th) anniversary date of its grant (and no ISO granted to a 10% Owner shall be exercisable later than the fifth (5th) anniversary of its grant).

6.5 Exercise of Options. Options shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

6.6 Payment. Options shall be exercised by the delivery of notice of exercise to the Company (in accordance with the procedures established by the Committee), setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

Unless otherwise provided under the terms of an Award Document, the Option Price shall be payable to the Company in full either: (a) in cash or its equivalent, (b) by tendering previously acquired Shares having an aggregate value at the time of exercise equal to the total Option Price, (c) through a reduction in the number of Shares received through the exercise of the Option, or (d) by a combination of (a), (b) and (c). Subject to any governing rules or regulations, as soon as practicable after receipt of notification of exercise and full payment, the Company shall transfer Shares in an appropriate amount based upon the number of Shares purchased under the Option(s).

6.7 Nontransferability of Options. Each ISO shall be exercisable during the Participant's lifetime only by the Participant; provided, however, that in the event the Participant is incapacitated and unable to exercise his or her ISO, such ISO may be exercised by such Participant's legal guardian, legal representative, or other representative whom the Committee deems appropriate based on applicable facts and circumstances. NQSOs shall be subject to the same rule except as otherwise provided in the applicable Award Document. The determination of incapacity of a Participant and the determination of the appropriate representative of the Participant who shall be able to exercise the Option if the Participant is incapacitated shall be determined by the Committee in its sole and absolute discretion.

Article 7. Stock Appreciation Rights (SARs)

7.1 Grant of SARs. SARs may be granted to Participants in such number, upon such terms and at such times as determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SAR. The grant price of a Freestanding SAR shall be at least equal to the Fair Market Value of a Share on the date of grant of the SAR. The grant price of a Tandem SAR shall equal the Option Price of the related Option.

7.2 Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable. Upon exercise of a Tandem SAR as to all or some of the Shares subject to such Award, the related Option shall be automatically canceled to the extent of the number of Shares subject to the exercise. Conversely, if the related Option is exercised as to some or all of the Shares subject to such Award, the Tandem SAR shall automatically be canceled to the extent of the number of Shares subject to the exercise of the related Option.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR shall not exceed one hundred percent (100%) of the difference between the Option Price of the underlying ISO and the Fair Market Value of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares subject to the ISO exceeds the Option Price of the ISO.

7.3 Exercise of Freestanding SARs. Subject to Section 7.1, Freestanding SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon them.

Table of Contents

7.4 Duration of SARs. The term of a SAR shall be determined by the Committee, in its sole discretion; provided, however, that such term shall not exceed ten (10) years.

7.5 Payment of SAR Amount. Upon exercise of a SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying

(a) the difference between the Fair Market Value of a Share on the date of exercise over the grant price, by

(b) the number of Shares with respect to which the SAR is exercised.

At the discretion of the Committee, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof. The Committee's determination regarding the form of SAR payout shall be set forth in the Award Document pertaining to the grant of the SAR.

Article 8. Restricted Stock and Restricted Stock Units (RSUs)

8.1 Grant of Restricted Stock or RSUs. Restricted Stock or RSUs may be granted to Participants in such amounts, upon such terms and at such times as determined by the Committee.

8.2 Value of RSU. Each RSU shall have an initial value at the time of grant equal to the Fair Market Value of one Share on the date of grant.

8.3 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on Restricted Stock or RSUs as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock, restrictions based upon the achievement of specific performance goals and time-based restrictions on vesting following the attainment of the performance goals. Restricted Stock or RSUs shall be forfeited to the extent that a Participant fails to satisfy the applicable conditions or restrictions during the Period of Restriction.

The Company may retain possession of Shares of Restricted Stock until such time as all conditions and/or restrictions applicable to such Shares have been satisfied.

8.4 Voting Rights. Participants holding Restricted Stock shall have the right to exercise full voting rights with respect to Restricted Stock during the Period of Restriction, unless otherwise provided in the Award Document.

8.5 Dividends. Unless otherwise provided in a Participant's Award Document, during the Period of Restriction, (a) Participants holding Restricted Stock granted hereunder shall be credited with and shall be paid regular cash dividends paid with respect to the underlying Shares while they are so held, but stock dividends or other non-cash distributions shall be subject to the same restrictions as the Restricted Stock, and (b) Participants awarded RSUs shall not be entitled to any dividends or dividend equivalents declared with respect to Shares. The Committee may apply any additional restrictions to dividends and dividend equivalents that the Committee deems appropriate. Without limiting the generality of the preceding sentence, if the grant or vesting of Restricted Stock or RSUs is subject to performance conditions, including conditions intended to comply with the requirements of the Performance-Based Exception, such dividends or dividend equivalents declared with respect to such Restricted Stock or RSUs shall be subject to the same performance conditions as the underlying Restricted Stock or RSUs.

8.6

Lapse of Restrictions, Payment of RSUs. Except as otherwise provided in the Award Document, Shares subject to a Restricted Stock Award shall become freely transferable by the Participant as soon as practicable after the end of the applicable Period of Restriction. RSUs shall be paid in a single lump sum following the end of the applicable Period of Restriction in the form of cash or in Shares (or in a combination thereof) as determined by the Committee and set forth in the Award Document.

Article 9. Restricted Performance Shares and Restricted Performance Units (RPU)s

- 9.1 Grant of Restricted Performance Shares or RPU)s.** Restricted Performance Shares and RPU)s may be granted to Participants in such amounts, upon such terms and at such time as determined by the Committee.
- 9.2 Value of Restricted Performance Shares and RPU)s.** Each Restricted Performance Share and RPU shall have an initial value equal to the Fair Market Value of a Share on the date of grant. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the number and/or value of Restricted Performance Shares or RPU)s that will be paid out to the Participant; provided, however, that the value of a Restricted Performance Share or an RPU shall not exceed the value of a Share on the date as of which the Restricted Performance Share or RPU is paid. Restricted Performance Shares or RPU)s may be granted following the satisfaction of certain performance goals and may be subject to such other restrictions, for example, service restrictions, as the Committee shall determine.
- 9.3 Earning of Restricted Performance Shares and RPU)s.** Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Restricted Performance Shares or RPU)s shall be entitled to receive a payment based on the number and value of Restricted Performance Shares or RPU)s earned by the Participant over the Performance Period to be determined as a function of the extent to which the corresponding performance goals or other conditions applicable to such Award have been achieved. Restricted Performance Shares or RPU)s shall be forfeited to the extent that a Participant fails to satisfy the applicable performance goals or other conditions during the Performance Period.
- 9.4 Form and Timing of Payment.** Except as otherwise provided in the Award Document, payment of earned Restricted Performance Shares or RPU)s shall be made in a single lump sum following the close of the applicable Performance Period in the form of cash or in Shares (or in a combination thereof) as determined by the Committee and set forth in the Award Document which have an aggregate Fair Market Value equal to the value of the earned Restricted Performance Shares or RPU)s at the close of the applicable Performance Period. Such Shares may be granted subject to any restrictions deemed appropriate by the Committee.
- 9.5 Dividends.** At the discretion of the Committee and as provided in the Award Document, Participants may be entitled to receive dividends or dividend equivalents declared with respect to Shares payable with respect to Restricted Performance Shares or RPU)s not yet distributed to Participants. Without limiting the generality of the preceding sentence, if the grant or vesting of Restricted Performance Shares or RPU)s is subject to performance conditions, including conditions intended to comply with the requirements of the Performance-Based Exception, such dividends or dividend equivalents declared with respect to such Restricted Performance Shares or RPU)s, shall be subject to the same performance conditions as the underlying Restricted Performance Shares or RPU)s.
- 9.6 Voting Rights.** Participants may, at the discretion of the Committee and as provided in the Award Document, be entitled to exercise their voting rights with respect to Restricted Performance Shares.

Article 10. Share and Cash Awards

Shares (other than Restricted Stock described in Article 8 and Restricted Performance Shares described in Article 9) may be granted and cash may be paid to or for the benefit of Participants in such amounts, upon such terms and at such times as determined by the Committee.

Article 11. Provisions Applicable to All Awards

- 11.1 Award Document.** Each Award shall be evidenced by an Award Document that shall specify the terms of the Award, including without limitation, the type of the Award, the Option Price or grant price, if any, the number of Shares subject to the Award, the duration of the Award and such other provisions as the Committee shall determine.

Table of Contents

- 11.2 Termination of Employment/Directorship/Other Relationship.** Each Award Document shall set forth the extent to which the Participant shall have any rights with respect to such Award following termination of the Participant's employment or directorship or other relationship with the Company and its Subsidiaries and Affiliates. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Document, need not be uniform among all Awards, and may reflect distinctions based on the reasons for termination.
- 11.3 Nontransferability of Awards.** Except as otherwise provided in the applicable Award Document for Awards other than ISOs, no Award may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.
- 11.4 Restrictions on Share Transferability.** The Committee may impose such restrictions on any Shares acquired pursuant to an Award as it may deem advisable, including, without limitation, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such Shares.

Article 12. Performance-Based Exception Awards

- 12.1 Purpose.** If the Committee deems it appropriate to make an Award that is intended to qualify for the Performance-Based Exception, then any such Award shall satisfy the requirements of this Article 12 and requirements of Code §162(m) and Treas. Reg. §1.162-27(e). Such Awards, in the Committee's discretion, may be made in connection with any other compensation program established by the Company. Notwithstanding the preceding sentence, the grant of an Option or SAR is not subject to this Article 12.
- 12.2 Objective Performance Goals.** The compensation attributable to an Award subject to this Article 12 must be paid solely on account of the attainment of one or more preestablished, objective performance goals in accordance with Code §162(m) and the regulations thereunder. A performance goal will be considered preestablished if it is established in writing by the Committee not later than ninety (90) days after the commencement of the Performance Period; provided that the outcome is substantially uncertain at the time the Committee actually establishes the goal or goals. In no event, however, will a performance goal be considered to be preestablished if it is established after twenty-five percent (25%) of the performance period has elapsed. A performance goal is objective if a third party having knowledge of the relevant facts could determine whether the goal is met.
- Performance goals must be based on one or more of the performance measures set forth in Section 12.3 that apply to the Participant, a business unit, a Subsidiary or the Company as a whole.
- 12.3 Performance Measures.** One or more of the following performance measure(s) must be used to establish performance goals for Awards which are intended to qualify for the Performance-Based Exception:
- (a) Earnings per share;
 - (b) Net income (before or after taxes);
 - (c) Return measures, including, but not limited to:
 - (1) Return on assets;

- (2) Return on equity;
 - (3) Return on operating capital;
 - (4) Return on invested capital; and
 - (5) Return on sales;
- (d) Cash flow return on investments which equals net cash flows divided by owners equity;
- (e) Earnings before or after taxes, interest and depreciation;

- (f) Gross revenues;
- (g) Share price;
- (h) Shareowner return;
- (i) Pretax profit;
- (j) Economic Value Added;
- (k) Volume growth;
- (l) Package flow technology;
- (m) Successfully integrating acquisitions;
- (n) Reducing non-operations expenses;
- (o) Other operating efficiency measures or ratios;
- (p) Operating income;
- (q) Return on capital;
- (r) Return on capital employed; and/or
- (s) Pre-tax income margin.

In determining attainment of performance goals, the Committee will exclude the effect of unusual or infrequently occurring items, charges for restructurings (employee severance liabilities, asset impairment costs, and exit costs), discontinued operations, extraordinary items and the cumulative effect of changes in accounting treatment, and may determine no later than ninety (90) days after the commencement of any applicable performance period (or such earlier time as specified in Section 12.2) to exclude the effect of other items, each determined in accordance with GAAP (to the extent applicable) and as identified in the financial statements, notes to the financial statement or discussion and analysis of management.

12.4 Committee Certification. The Committee must certify in writing prior to payment of, or such other event that results in the inclusion of income (for example, the vesting of Restricted Stock) from, an Award intended to qualify for the Performance-Based Exception that the performance goals and any other material terms of the Award were in fact satisfied. Awards which are intended to qualify for the

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Performance-Based Exception may not be adjusted upward, but the Committee shall retain the discretion to adjust such Awards downward. Approved written minutes of the Committee meeting in which the certification is made shall be treated as a written certification.

- 12.5 Compliance with Code §162(m).** The Committee shall have full and absolute discretion to determine whether an Award granted under this Plan is intended to comply with the requirements of Code §162(m) and the regulations thereunder. In addition, in the event that changes are made to Code §162(m) to permit greater flexibility with respect to any Awards, the Committee may make any adjustments to the process described in this Article 12 it deems appropriate.

Article 13. Rights of Employees/Directors/Key Persons

- 13.1 Employment and Performance of Services.** Nothing in the Plan shall interfere with or limit in any way the right of the Company, a Subsidiary or an Affiliate to terminate any Participant's employment at any time, nor confer upon any Participant any right to continue in the employ of the Company, a Subsidiary or an Affiliate. Nothing in this Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's services at any time, nor confer upon any Participant any right to continue performing services for the Company, a Subsidiary or an Affiliate.
- 13.2 Participation.** No Employee, Director or Key Person shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

Table of Contents**Article 14. Change in Control**

14.1 Continuation, Assumption or Substitution of Awards. In the event of a Change in Control, any or all outstanding Awards may be continued or assumed by the continuing or successor (as the case may be) organization (the Successor), or the Successor may substitute equivalent awards. If an Award is continued, assumed or substituted by the Successor and within two (2) years following a Change in Control the Participant (a) is terminated by the Successor (or an affiliate thereof) without Cause or (b) resigns for Good Reason, the following rules shall apply to the continued, assumed or substituted Awards, unless otherwise specifically provided in the applicable Award Document:

- (a) **Vesting of Options and SARs.** Any and all such Options and SARs shall become immediately exercisable as of the termination or resignation.
- (b) **Lapse of Restrictions that are not Performance-Based.** Any restrictions imposed on Restricted Stock, RSUs, Restricted Performance Shares or RPU's that are not performance-based shall lapse. RSUs or RPU's (to the extent restrictions were not performance-based) shall be paid in cash or stock as provided in the Award Document (as adjusted, if applicable, pursuant to Section 4.5). If such RSUs or RPU's are exempt from the requirements of Code § 409A, the RSUs or RPU's shall be paid within thirty (30) days following the termination or resignation. If such RSUs or RPU's are subject to the requirements of Code § 409A, then the RSUs or RPU's shall be paid within the thirty (30) day period following the six (6) month anniversary of the Participant's separation from service (within the meaning of the 409A Guidance) (a Separation from Service). If a Participant's termination or resignation is not a Separation from Service, RSUs or RPU's subject to the requirements of Code § 409A shall be paid as of the earlier of the time specified in the Award Document or one day after the six (6) month anniversary of the date the Participant has a Separation from Service following such Change in Control.
- (c) **Vesting, Payment and Achievement of Performance-Based Awards.** Performance-based Awards shall vest with respect to each performance measurement tranche completed during the Performance Period prior to the termination or resignation (or, if the Performance Period is not divided into separate performance measurement tranches, proportionately based on the portion of the Performance Period completed prior to such resignation or termination), with payment to be made, based on actual performance, in cash or Shares (as adjusted, if applicable, pursuant to Section 4.5) at such time following the Performance Period as otherwise specified in the Award Document.
- (d) **Transfer.** A transfer among the Successor and its affiliates shall not be deemed a termination or resignation of employment.

14.2 No Continuation, Assumption or Substitution of Awards. In the event of a Change in Control, any outstanding Awards that are not continued, assumed, or substituted with equivalent awards by the Successor, or in the case of a dissolution or liquidation of the Company, all Awards, shall be subject to the following rules:

- (a) **Options and SARs.** All such Options and SARs shall be fully vested and exercisable and the Committee shall either (1) give a Participant a reasonable opportunity to exercise the Option and SAR before the transaction resulting in the Change in Control or (2) pay the Participant the difference between the Option Price for the Option or grant price of the SAR and the consideration provided to other similarly situated shareowners in such Change in Control. In either case, such Option or SAR shall be cancelled. The Committee shall not be obligated to treat all Options and SARs subject to this Section 14.2(a) in the same manner.
- (b) **Lapse of Restrictions that are not Performance-Based.** Any restrictions imposed that are not performance-based shall lapse. RSUs or RPU's that are not subject to performance-based restrictions shall be paid in cash or Shares as provided in the Award Document (as adjusted, if applicable, pursuant to Section 4.5). If such RSUs or RPU's are exempt from the requirements of

Edgar Filing: UNITED PARCEL SERVICE INC - Form DEF 14A

Code § 409A, then the RSUs or RPU's shall be paid within thirty (30) days following the Change in Control. If such RSUs or RPU's are subject to the requirements of Code § 409A,

A-16

then the time of payment will depend on whether the Change in Control is a distribution event under Treasury Regulation §1.409A-3(a)(5) (a 409A Change in Control). If the Change in Control is a 409A Change in Control, then the RSUs or RPUs subject to the requirements of Code § 409A shall be paid within the thirty (30) day period following the six (6) month anniversary of the Change in Control. If the Change in Control is not a 409A Change in Control, RSUs or RPUs subject to the requirements of Code § 409A shall be paid as of the earlier of the time specified in the Award Document or one day after the six (6) month anniversary of the date the Participant has a Separation from Service following such Change in Control.

- (c) **Vesting, Payment and Achievement of Performance-Based Awards.** Awards subject to performance-based restrictions shall vest with respect to each performance measurement tranche completed during the Performance Period prior to the Change in Control or dissolution or liquidation (or, if the Performance Period is not divided into separate performance measurement tranches, proportionately based on the portion of the Performance Period completed prior to such Change in Control or dissolution or liquidation), with payment to be made, based on actual performance, in cash or Shares (as adjusted, if applicable, pursuant to Section 4.5) at such time following the Performance Period as otherwise specified in the Award Document.

14.3 Termination, Amendment and Modification of Change in Control Provisions. Notwithstanding any other provision of this Plan or any Award Document provision to the contrary, the provisions of this Article 14 may not be terminated, amended, or modified on or after the date of a Change in Control to affect adversely any Award theretofore granted under the Plan without the prior written consent of the Participant to whom the Award was made or the Participant's proper assignee; provided, however, that the Committee shall retain the power to amend any provision of this Article 14 to comply with changes in the Code, the Exchange Act or other applicable law or stock exchange rule after the date of a Change in Control and further provided that the Committee may terminate, amend, or modify this Article 14 and Section 2.10 hereof at any time and from time to time prior to the date of a Change in Control, except that no action shall be permitted under this Section 14.3 that would impermissibly accelerate or postpone payment of an Award subject to Code § 409A and the 409A Guidance.

Article 15. Amendment, Modification and Termination

15.1 Amendment, Modification and Termination. Subject to the terms of the Plan, the Committee may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; provided, however, that without the prior approval of the Company's shareowners, no material amendment shall be made if shareowner approval is required by law, regulation or applicable listing requirement of any stock exchange upon which the Company's Class B common stock is then listed; provided, further, however, that notwithstanding any other provision of the Plan or any Award Document, no such alteration, amendment, suspension or termination shall be made without the approval of the shareowners of the Company if the alteration, amendment, suspension or termination would:

- (a) increase the number of Shares available for Awards under the Plan, except as provided in Article 4 hereof; or
- (b) except as provided in Section 4.5 and Section 19.9, permit Options, SARs or other stock-based Awards encompassing rights to purchase Shares to be repriced, replaced, or regranted through cancellation, or by lowering the Option Price of a previously granted Option or the grant price of a previously granted SAR, or the purchase price of any other stock-based Award.

15.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. Subject to Article 14 and this Article 15, the Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.5 hereof) affecting the

Table of Contents

Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

15.3 Awards Previously Granted. Except for the Committee's right pursuant to Section 14.3 hereof to terminate, amend, or modify Article 14 and Section 2.10 hereof at any time and from time to time prior to the date of a Change in Control, no termination, amendment, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the prior written consent of the Participant to whom the Award was made or the Participant's proper assignee.

15.4 Section 409A and Performance-Based Exception Compliance. Notwithstanding any other provision of this Article 15, no adjustment described in Section 15.2 (unless the Committee determines otherwise at the time such adjustment is considered) and no termination, amendment, or modification of the Plan shall (a) cause an Award intended to satisfy the Performance-Based Exception to fail to satisfy such Performance-Based Exception, (b) impermissibly accelerate or postpone payment of an Award subject to Code § 409A and the 409A Guidance, (c) cause an Option or SAR to provide for a deferral of compensation subject to Code § 409A and the 409A Guidance, or (d) apply to any Award that otherwise is intended to satisfy the requirements of Code § 409A and the 409A Guidance to the extent such action would cause compensation deferred under the applicable Award (and applicable earnings) to be included in income under Code § 409A.

Article 16. Withholding

16.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company as a condition precedent for the fulfillment of any Award, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

16.2 Share Withholding. Whenever Shares are to be issued or cash paid to a Participant upon the grant, exercise or vesting of an Award, the Company shall have the right to require the Participant to remit to the Company, as a condition to the grant, exercise or vesting of the Award, an amount sufficient to satisfy federal, state and local withholding tax requirements at the time of such grant, exercise or vesting. Shares withheld by the Company for taxes for any Award under this plan shall be limited to the number sufficient to satisfy federal, state and local tax withholding requirements at the time of exercise.

Article 17. Indemnification

Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company (to the extent permissible under applicable law) against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any bona fide claim, action, suit, or proceeding against such person or against the Company and in which he or she may be involved by reason of any action taken or failure to act by him or her under the Plan in his or her capacity as a member of the Committee or of the Board and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Article 18. Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company.

Article 19. Miscellaneous

- 19.1 Number.** Except where otherwise indicated by the context, the plural shall include the singular and the singular shall include the plural.
- 19.2 Severability.** In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
- 19.3 Requirements of Law.** The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.
- 19.4 Securities Law Compliance.** With respect to Insiders, transactions under this Plan are intended to comply with all applicable conditions or Rule 16b-3(b)(3) of the Exchange Act or its successors. To the extent any provision of the plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.
- 19.5 Governing Law.** To the extent not preempted by federal law, the Plan, and all agreements, instruments or other documents hereunder, shall be construed in accordance with and governed by the internal laws of the state of Georgia.
- 19.6 Plan Document Controls.** In the event of any conflict between the provisions of an Award Document and the Plan, the Plan shall control, and the conflicting provisions of the Award Document shall be null and void *ab initio*.
- 19.7 Unfunded Arrangement.** The Plan shall not be funded, and except for reserving a sufficient number of authorized Shares to the extent required by law to meet the requirements of the Plan, the Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any grant under the Plan.
- 19.8 Custody of Awards Paid in Shares.** Shares issued under the Plan shall be held by a custodian chosen by the Committee. Each recipient of Shares may elect to have the custodian continue to hold the Shares as custodian without cost or may elect to have the Shares delivered to him or her. The custodian shall register Shares held by it for a recipient in the custodian's name and shall sell or otherwise dispose of the Shares only pursuant to the instructions of the recipient. Dividends and other distributions on Shares held by the custodian shall be promptly remitted by the custodian to recipients owning such Shares. Recipients owning Shares held by the custodian shall receive periodic statements of the number of Shares held for their account and of dividends paid on such Shares. Notice of any regular or special meeting of Company shareowners shall be forwarded to recipients owning Shares held in custody by the custodian, which shall furnish such recipients a proxy permitting the recipient to vote the number of Shares held for him or her by the custodian.
- 19.9 Awards Granted in Substitution.** Notwithstanding any contrary provision, in the event the Company engages in a recapitalization, reorganization, merger, consolidation, combination, exchange of shares, spin-off, acquisition or other business transaction with an Acquired Organization, the Committee in its absolute discretion may (a) grant Awards under the Plan in substitution and cancellation of options, stock appreciation rights, restricted stock, restricted stock units, performance shares or performance units awarded to an individual by such Acquired Organization or (b) assume the options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units, or other awards made to an individual by such Acquired Organization as if the Company had granted such awards under the Plan. Awards made under this Section 19.9 in substitution for awards canceled as a result of such business transaction may have an Option Price or grant price less than one hundred percent (100%) of the Fair Market Value of a Share on the date such award is granted and such other terms and conditions as consistent with such canceled awards; provided that no Option

19.10 Repayment of Awards as a Result of Certain Improper Conduct. If an Award has been paid to an Executive Participant or to his or her spouse or beneficiary, and the Committee later determines that financial results used to determine the amount of that Award are materially restated and that the Executive Participant engaged in fraud or intentional misconduct, the Company will seek repayment or recovery of the Award, as appropriate, notwithstanding any contrary provision of the Plan.

19.11 Section 409A Compliance. It is intended that the Awards are either exempt from the requirements of Code § 409A and the 409A Guidance or will satisfy the requirements of Code § 409A and the 409A Guidance (in form and operation) so that compensation deferred under an applicable Award (and applicable earnings) shall not be included in income under Code § 409A, and the Plan will be construed to that effect. If an Award is subject to Code § 409A and the 409A Guidance, the Award Document will incorporate and satisfy the written documentation requirement of Code § 409A and the 409A Guidance either directly or by reference to other documents.
