NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held On June 22, 2012

Dear Stockholders:

You are cordially invited to attend our 2012 Annual Meeting of Stockholders to be held on Friday, June 22, 2012, at 9:00 a.m. local time, at the Company's headquarters located at 2071 Stierlin Court, Mountain View, California 94043. We are holding the meeting for the following purposes:

1. To elect the one Class II member of our Board of Directors named herein to serve for a three-year term;
2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2012; and
3. Transact any other business that may properly come before the meeting.

If you owned our common stock at the close of business on April 24, 2012, you may attend and vote at the meeting. A list of stockholders eligible to vote at the meeting will be available for review during our regular business hours at our headquarters in Mountain View, California for the ten days prior to the meeting for any purpose related to the meeting.

We are pleased to continue to take advantage of the U.S. Securities and Exchange Commission rule that allows companies to furnish proxy materials to their stockholders over the Internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of this proxy statement and our 2011 Annual Report. We believe that this process allows us to provide our stockholders with the information they need in a timelier manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2011 Annual Report and a form of proxy card or voting instruction card. All stockholders who have previously requested a paper copy of our proxy materials will continue to receive a paper copy of the proxy materials by mail.

Your vote is important. Whether or not you plan to attend the meeting, I hope that you will vote as soon as possible. You may vote your shares via a toll-free telephone number or over the Internet. If you received a proxy card or voting instruction card by mail, you may submit your proxy card or voting instruction card by completing, signing, dating and mailing your proxy card or voting instruction card in the envelope provided. Any stockholder attending the meeting may vote in person, even if the stockholder has already returned a proxy card or voting instruction card.

Sincerely,

/s/ A. W. Homan

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

Our Board of Directors (the **Board**) is soliciting proxies for our 2012 Annual Meeting of Stockholders (the **2012 Annual Meeting**) to be held on Friday, June 22, 2012, at 9:00 a.m. local time, at our Mountain View headquarters, which is our principal executive offices, located at 2071 Stierlin Court, Mountain View, California 94043. Our telephone number is (650) 943-2800.

The proxy materials, including this proxy statement, proxy card or voting instruction card and our Annual Report on Form 10-K for our fiscal year 2011, are being made available on or about April 30, 2012. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the **SEC**), we have elected to provide to most of our stockholders access to our proxy materials over the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the **Notice**) will be mailed on or about May 4, 2012 to most of our stockholders who owned our common stock at the close of business on the record date, April 24, 2012. Stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request a printed set of the proxy materials be sent to them by following the instructions in the Notice.

The Notice will also provide instructions on how you can elect to receive future proxy materials electronically or in printed form by mail. If you choose to receive future proxy materials electronically, you will receive an email next year with instructions containing a link to the proxy materials and a link to the proxy voting site. Your election to receive proxy materials electronically or in printed form by mail will remain in effect until you terminate such election.

Choosing to receive future proxy materials electronically will allow us to provide you with the information you need in a timelier manner, will save us the cost of printing and mailing documents to you and will conserve natural resources.

We will bear the expense of soliciting proxies. In addition to these proxy materials, our directors and employees (who will receive no compensation in addition to their regular salaries) may solicit proxies in person, by telephone or email. We will reimburse banks, brokers and other custodians, nominees and fiduciaries for reasonable charges and expenses incurred in forwarding soliciting materials to their clients.

QUESTIONS AND ANSWERS

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors of Complete Genomics, Inc. is soliciting your proxy to vote at the 2012 Annual Meeting, including at any adjournments or postponements of the 2012 Annual Meeting. You are invited to attend the 2012 Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the 2012 Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to distribute this proxy statement and accompanying proxy card on or about May 4, 2012 to all stockholders of record entitled to vote at the 2012 Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 24, 2012 will be entitled to vote at the 2012 Annual Meeting. On this record date, there were 33,885,734 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, at the close of business on April 24, 2012, your shares were registered directly in your name with Complete Genomics' transfer agent, Wells Fargo Shareholder Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the 2012 Annual Meeting or vote by proxy. Whether or not you plan to attend the 2012 Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, at the close of business on April 24, 2012, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the 2012 Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent how to vote the shares in your account. You are also invited to attend the 2012 Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the 2012 Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

You are being asked to vote on two (2) proposals, as follows:

Proposal 1 To elect one Class II member of our Board (Andrew E. Senyei, M.D.) to serve for a three-year term; and

Proposal 2 To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2012.

We will also consider any other business that properly comes before the meeting. As of the record date, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly brought before the meeting, one of the individuals named in the enclosed proxy card or voter instruction card will vote the shares he represents using his best judgment.

Table of Contents

How do I vote?

For Proposal 1, you may either vote For the nominee to the Board of Directors or you may Withhold your vote for that nominee.

For Proposal 2, you may either vote For or Against or abstain from voting.
The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the 2012 Annual Meeting, vote by proxy using the proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the 2012 Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the 2012 Annual Meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the 2012 Annual Meeting and we will give you a ballot when you arrive. If you need directions to the meeting, please visit [http:// www.completegenomics.com](http://www.completegenomics.com)

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the 2012 Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free (800) 560-1965 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 12:00 p.m., Central Time, on June 21, 2012 to be counted.

To vote on the Internet, go to <http://www.eproxy.com/gnom> to complete an electronic proxy card. You will be asked to provide the company number and control number from the proxy card. Your vote must be received by 12:00 p.m., Central Time, on June 21, 2012 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, dealer or other similar organization, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Complete Genomics, Inc. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or other agent. To vote in person at the 2012 Annual Meeting, you must obtain a valid proxy from your broker or other agent. Follow the instructions from your broker or other agent included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Can I vote my shares by filling out and returning the Notice?

No. The Notice will, however, provide instructions on how to vote by Internet, by telephone, by requesting and returning a paper proxy card or voting instruction card, or by submitting a ballot in person at the meeting.

How many votes do I have?

Edgar Filing: COMPLETE GENOMICS INC - Form DEF 14A

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 24, 2012.

Table of Contents

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of one nominee for director (Proposal 1) and For the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2012 (Proposal 2). If any other matter is properly presented at the 2012 Annual Meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokers and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the 2012 Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to Complete Genomics Secretary at Complete Genomics, Inc., 2071 Stierlin Court, Mountain View, California, 94043.

You may attend the 2012 Annual Meeting and vote in person. Simply attending the 2012 Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or other agent, you should follow the instructions provided by your broker or agent.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares are present at the 2012 Annual Meeting. On the record date, there were 33,885,734 shares outstanding and entitled to vote. Thus, the holders of 16,942,868 shares must be present at the 2012 Annual Meeting to have a quorum. Your shares will be counted as present at the meeting if you:

are present and entitled to vote in person at the meeting; or

have properly submitted a proxy card or voting instruction card, or voted by telephone or over the Internet.

Abstentions and broker non-votes (as described below) will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the 2012 Annual Meeting to another date.

Edgar Filing: COMPLETE GENOMICS INC - Form DEF 14A

Please see **How many votes are needed to approve the proposals?** below for more information regarding the number of votes needed to approve or ratify the proposed action.

Table of Contents

How are votes counted?

Votes will be counted by the Inspector of Election appointed for the 2012 Annual Meeting, who will separately count For and (with respect to Proposal 2) Against votes, abstentions and broker non-votes. In addition, with respect to the election of the director, the Inspector of Election will count the number of withheld votes received for the nominee. If your shares are held by your broker or other agent as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker or other agent to vote your shares. If you do not give instructions to your broker or other agent, your broker or other agent can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. See **What are broker non-votes?** and **Which ballot measures are considered routine or non-routine ?** below for more information regarding discretionary and non-discretionary matters.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or other agent holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or other agent holding the shares. If the beneficial owner does not provide voting instructions, the broker or other agent can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. In the event that a broker or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through broker or other agent, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered routine or non-routine ?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2012 (Proposal 2) is considered routine under applicable rules. A broker or other agent may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2. The election of director (Proposal 1) is a matter considered non-routine under applicable rules. A broker or other agent cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal 1.

How many votes are needed to approve the proposals?

Proposal 1 (the election of our one nominee for director) the nominee receiving the most For votes (from the holders of shares present in person or represented by proxy and entitled to vote on the election of director) will be elected. Only votes For or Withheld will affect the outcome.

Proposal 2 (the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2012) requires the affirmative vote of the holders of a majority of the votes cast in person or by proxy at this meeting. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the 2012 Annual Meeting. Final voting results will be announced by the Company in a Current Report on Form 8-K, filed with the Securities and Exchange Commission, or SEC, on or before June 28, 2012. If final voting results are not available to us in time to file a Current Report on Form 8-K by June 28, 2012, we intend to file a Current Report on Form 8-K to announce preliminary results and, within four business days after the final results are known to us, file an additional Current Report on Form 8-K to publish the final results.

Table of Contents

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 31, 2012, to the Company's Secretary at Complete Genomics, Inc., 2071 Stierlin Court, Mountain View, California 94043. However, if our 2013 Annual Meeting of Stockholders is not held between May 23, 2013 and July 22, 2013, then the deadline will be a reasonable time prior to the time we begin to print and mail our proxy materials.

If you wish to bring a proposal before the stockholders or nominate a director at the 2013 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in next year's proxy materials, you must follow the procedures set forth in our Bylaws and, among other things, notify the Company's Secretary, in writing, not earlier than the close of business on February 22, 2013 and not later than the close of business on March 24, 2013. However, if our 2013 Annual Meeting of Stockholders is not held between May 23, 2013 and July 22, 2013, then the deadline will be not later than the close of business on the 10th day following the date on which the notice of the date of the 2013 Annual Meeting of Stockholders was mailed, or the 10th day following the date on which public disclosure of the date of the 2013 Annual Meeting of Stockholders was made, whichever occurs first. We also advise you to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. The chairman of the 2013 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting.

Why did I receive a Notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

We are pleased to continue to take advantage of the SEC rule that allows companies to furnish their proxy materials over the Internet. Accordingly, we have sent to most of our stockholders of record and beneficial owners a Notice regarding Internet availability of proxy materials. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically on an ongoing basis. A stockholders election to receive proxy materials by mail or electronically by email will remain in effect until the stockholder terminates such election.

Table of Contents

PROPOSAL 1

ELECTION OF DIRECTOR

Our Board of Directors, or our Board, is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons appointed by a majority of the remaining directors. A director appointed by the Board to fill a vacancy in a class, including a vacancy created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is elected and qualified or such director's earlier death, resignation or removal.

Our Board currently has seven members. There is one director in the class whose term of office expires at the 2012 Annual Meeting, Andrew E. Senyei, M.D. There were previously two directors in Class II whose terms of office were to expire at the 2012 Annual Meeting; the other was Alexander E. Barkas, Ph.D., who passed away unexpectedly in November 2011. Following his death, our Board of Directors reduced the size of the Board to the current number of seven directors.

The Nominating and Corporate Governance Committee of the Board recommended to the Board that Dr. Senyei be nominated for election at the 2012 Annual Meeting. Dr. Senyei was previously elected by the stockholders. If elected at the 2012 Annual Meeting, Dr. Senyei would serve until the 2015 Annual Meeting and until his successor is elected and qualified, or, if sooner, until the director's death, resignation or removal. Dr. Senyei has agreed to serve if elected, and our management has no reason to believe he will be unable to serve.

We encourage our directors and nominee for director to attend the Annual Meeting.

There are no family relationships among our directors or executive officers.

Vote Required and Board Recommendation

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of director. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee named below. If the nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by the Company. Abstentions and broker non-votes will not have any effect on the outcome of this Proposal. In tabulating the voting results for the election of director, only FOR and WITHHELD votes are counted.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF DR. SENYEI AS THE CLASS II DIRECTOR

Table of Contents**Our Board of Directors**

The following tables set forth the name and age of the nominee and each of our directors whose term of office will continue after the 2012 Annual Meeting, the principal occupation during the past five years, other directorships held in public companies and relevant experiences, qualifications, attributes or skills of each, and the year each began serving as a director of Complete Genomics:

Andrew E. Senyei, M.D.	Since 1987, Dr. Senyei has served as a Managing Director and a General Partner of Enterprise Partners, a venture capital firm. In 1989, Dr. Senyei co-founded Molecular Biosystems, Inc., a biotechnology company acquired by Alliance Pharmaceutical Corp. in 2000. Prior to joining Enterprise Partners, Dr. Senyei served as a practicing clinician and Adjunct Associate Professor of Obstetrics and Gynecology at the University of California, Irvine. Dr. Senyei has served as Chairman of Genoptix, Inc., a specialized medical laboratory service provider, since April 2000. Dr. Senyei served as a director of Adeza Biomedical Corporation, a healthcare products company, from 1987 until Adeza was acquired by Cytoc Corporation in April 2007. Dr. Senyei has served on the Board of Trustees of Northwestern University since 2005 and on the Advisory Council of the Jacobs School of Engineering at the University of California, San Diego, since 2002. Dr. Senyei received a B.S. from Occidental College and an M.D. from Northwestern University Medical School, and he completed his residency training at the University of California, Irvine, Medical Center. Dr. Senyei's medical and business expertise, including his experience as a venture capitalist building and serving on the board of directors of more than 25 public and private emerging life sciences and healthcare companies, combined with his extensive prior experience as an inventor and practicing clinician, give him valuable insight into our industry. His experience provides the seasoned business judgment and broad strategic vision which enables him to serve as an effective and valuable director and to have the qualifications and leadership and other skills to serve on our Board.	62	March 2006

Additionally, Mr. Wall's service as chairman of the compensation committee of another public company provides our Board with valuable experience and leadership in developing and implementing our compensation policies.</p>	66	September 2010

Table of Contents**Independence of Directors**

As required by The NASDAQ Global Market s (NASDAQ) listing standards, a majority of the members of our Board must qualify as independent, as affirmatively determined by our Board. Our Board consults with our legal counsel to ensure that its determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in the applicable NASDAQ listing standards. Consistent with these considerations, after review of all relevant transactions and relationships between each director, any of his or her family members, the Company, our executive officers and our independent registered public accounting firm, our Board of Directors has determined that all of our directors, other than Dr. Reid, qualify as independent directors in accordance with the NASDAQ listing requirements. Dr. Reid is not considered independent because he is an employee of Complete Genomics.

Meetings of the Board and Committees

During 2011, our Board held 14 meetings and each director attended at least 75% of the meetings of the Board and the committees on which such director served in 2011. During 2011 the independent members of our Board met regularly in executive session in accordance with NASDAQ listing standards.

The following table sets forth the three standing committees of our Board, the members of each committee during 2011, and the number of meetings held by and those committees during 2011:

Name	Audit	Compensation	Nominating and Corporate Governance

Below is a description of each committee of the Board. The Board has determined that each current member of each committee is free of any relationship that would impair his individual exercise of independent judgment with regard to Complete Genomics. Each of our committees has adopted a written charter that is available to stockholders on our website at www.completegenomics.com, under the Investor Relations Corporate Governance tab and are available in print upon a request to Complete Genomics, Inc., Attn: Secretary, 2071 Stierlin Court, Mountain View, California 94043. Table of Contents**Committees of the Board*****Audit Committee***

The Audit Committee's role includes the oversight of our financial, accounting and reporting processes; our system of internal accounting and financial controls; and our compliance with related legal, regulatory and ethical requirements. The Committee oversees the appointment, compensation, engagement, retention, termination and services of our independent registered public accounting firm, including conducting a review of its independence; reviewing and approving the planned scope of our annual audit; overseeing our independent registered public accounting firm's audit work; reviewing and pre-approving any audit and non-audit services that may be performed by our independent registered public accounting firm; reviewing with management and our independent registered public accounting firm the adequacy of our internal financial and disclosure controls; reviewing our critical accounting policies and the application of accounting principles; monitoring the rotation of partners of our independent registered public accounting firm on our audit engagement team as required by regulation and considering and approving or disapproving any related-person transaction as defined under Item 404 of Regulation S-K promulgated by the SEC, after examining each such transaction for potential conflicts of interest and other improprieties. The Committee establishes procedures, as required under applicable regulation, for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and the submission by employees of concerns regarding questionable accounting or auditing matters and the Committee has established a hotline for reporting alleged improprieties. The Committee's role also includes meeting to review our annual audited financial statements and quarterly financial statements with management and our independent registered public accounting firm. The Committee has the authority to obtain independent advice and assistance from internal or external legal, accounting and other advisors, at the Company's expense. See Report of the Audit Committee contained in this proxy statement.

Each member of the Audit Committee meets the independence criteria prescribed by applicable regulation and the rules of the SEC for audit committee membership and is an independent director within the meaning of applicable NASDAQ listing standards. Each Committee member meets NASDAQ's financial literacy requirements, and the Board has further determined that Mr. Shuster (i) is an audit committee financial expert as such term is defined in Item 407(d) of Regulation S-K promulgated by the SEC and (ii) also meets NASDAQ's financial sophistication requirements. The Committee acts pursuant to a written charter, which complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the SEC and NASDAQ, a copy of which can be found on our website at <http://ir.completegenomics.com/governance.cfm>.

Compensation Committee

The Compensation Committee reviews and approves the policies governing all compensation, including cash and non-cash compensation and equity compensation programs, of our executive officers and non-executive employees and consultants, excluding compensation to our President and Chief Executive Officer which is approved by the Board upon recommendation by the Compensation Committee. The Committee is also responsible for making recommendations to the Board concerning Board compensation. The Compensation Committee also oversees equity-based compensation grants to our non-executive officer employees (pursuant to delegations from the Committee) by a committee comprised of our Chief Executive Officer, Chief Financial Officer and Vice President, Human Resources. The Committee is also responsible for oversight of our overall compensation plans and benefit programs. The Committee oversees all matters related to stockholder approval of executive compensation and evaluates the risk-taking incentives and risk management of our compensation policies and practices. The Committee has the authority to engage legal counsel or other experts or consultants at Complete Genomics' expense, as it deems appropriate to carry out its responsibilities. The members of the Committee are all independent directors within the meaning of applicable NASDAQ listing standards, and all of the members are non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the Exchange Act) and outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Committee acts pursuant to a written charter, a copy of which can be found on our website at <http://ir.completegenomics.com/governance.cfm>.

Table of Contents*Risk Analysis of Compensation Plans, Programs, Policies and Arrangements*

The Compensation Committee has reviewed our compensation plans, programs, policies and arrangements applicable to our employees and believes that our compensation plans, programs, policies and arrangements do not encourage excessive and unnecessary risk-taking and are not reasonably likely to have a material adverse effect on us. Our compensation plans, programs, policies and arrangements are designed to encourage our employees to remain focused on both our short-and long-term goals. For example, while our cash bonus plans are intended to measure performance on an annual basis, our equity awards typically vest over a number of years, which we believe encourages our employees to focus on sustained stockholder appreciation and limits the potential value of excessive risk-taking. The Committee believes that the mix of long-term equity incentive, short-term cash incentive bonus and base salary appropriately balances both our short-and long-term performance goals without encouraging excessive risk-related behavior. While the Committee regularly evaluates our compensation plans, programs, policies and arrangements, the Committee believes that our current balance of incentives both adequately compensates our employees and does not promote excessive risk-taking.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's primary purpose is to evaluate candidates for membership on our Board and make recommendations to our Board regarding candidates; make recommendations with respect to the composition of our Board and its committees; review and make recommendations regarding the functioning of our Board as an entity; recommend corporate governance principles applicable to Complete Genomics; and manage periodic review, discussion and evaluation of the performance of our Board and its committees. The Committee also assists our Board in reviewing and assessing management development and succession planning for our executive officers. The Committee has the authority to obtain independent advice and assistance from internal or external legal, accounting and other advisors, at the Company's expense. The members of the Committee are all independent directors within the meaning of applicable NASDAQ listing standards. The Committee operates pursuant to a written charter, a copy of which can be found on our website at <http://ir.completegenomics.com/governance.cfm>.

In carrying out its function to nominate candidates for election to our Board, the Nominating and Corporate Governance Committee considers the Board's mix of skills, experience, character, commitment and diversity—diversity being broadly construed to mean a variety of opinions, perspectives and backgrounds, including gender, race and ethnicity differences, as well as other differentiating characteristics, all in the context of the requirements and needs of our Board at that point in time. The Committee believes that each candidate should be an individual who has demonstrated integrity and ethics in such candidate's personal and professional life, has an understanding of elements relevant to the success of a publicly traded company and has established a record of professional accomplishment in such candidate's chosen field. Each candidate should be prepared to participate fully in Board activities, including attendance at, and active participation in, meetings of the Board, and not have other personal or professional commitments that would, in the Committee's judgment, interfere with or limit such candidate's ability to do so. Each candidate should also be prepared to represent the best interests of all of our stockholders and not just one particular constituency. Additionally, in determining whether to recommend a director for re-election, the Committee also considers such director's past attendance at Board and committee meetings and participation in and contributions to the activities of our Board. The Committee has no stated specific minimum qualifications that must be met by a candidate for a position on our Board. The Committee does, however, believe it appropriate for at least one member of our Audit Committee to meet the criteria for an audit committee financial expert as defined by SEC rules, that at least two members of our Compensation Committee are non-employee directors within the meaning of Rule 16b-3 under the Exchange Act and outside directors for purposes of Section 162(m) of the Code, and that a majority of the members of our Board meet the definition of independent director within the meaning of applicable NASDAQ listing standards.

The Nominating and Corporate Governance Committee's methods for identifying candidates for election to our Board include the solicitation of ideas for possible candidates from a number of sources, including from members of our Board, our executive officers, individuals who our executive officers or Board members believe

Table of Contents

would be aware of candidates who would add value to our Board and through other research. The Committee may also, from time to time, retain for a fee one or more third-party search firms to identify suitable candidates.

Any of our stockholders may nominate one or more persons for election as a director at our annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in our Bylaws. In addition, the notice must include any other information required pursuant to Section 14 of the Exchange Act. Our Bylaws specify additional requirements if stockholders wish to nominate directors at special meetings of stockholders.

The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, and will evaluate each candidate, including incumbents, based on the same criteria.

Communications with the Board

Any stockholder who desires to contact our Board, or specific members of our Board, may do so electronically by sending an email through the following address: <http://ir.completegenomics.com/contactus.cfm>. Alternatively, a stockholder may contact our Board, or specific members of our Board, by writing to: Stockholder Communications, Complete Genomics, Inc., 2071 Stierlin Court, Mountain View, California 94043. All such communications will be initially received and processed by the office of our Secretary. Accounting, audit, internal accounting controls and other financial matters will be referred to the Chair of the Audit Committee. Other matters will be referred to the Board, the non-employee directors or individual directors as appropriate.

Board Leadership Structure

Our Board of Directors is currently chaired by our President and Chief Executive Officer, Dr. Reid. Our Board has combined the positions of Chief Executive Officer and Chairman to help ensure that the Board and management act with a common purpose and to facilitate the flow of information between management and the Board. Our Board believes that the combination of the Chairman and Chief Executive Officer position provides a single, clear chain of command to continue to develop our business and execute our strategy and business plans. In addition, our Board also believes that it is advantageous to have a Chairman with an extensive history with and knowledge of the Company and our industry, as is the case with Dr. Reid, who was one of our founders.

The Board's Role in Risk Oversight

Risk assessment and oversight are an integral part of our governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings, and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing the Company. Throughout the year, senior management reviews these risks with the Board at regular Board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, our Audit Committee is responsible for overseeing our significant financial and operational risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines and considers and approves or disapproves any related-persons transactions. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending on December 31, 2012, and urges you to vote for ratification of PricewaterhouseCoopers' appointment. PricewaterhouseCoopers has audited our financial statements since 2005. Although we are not required to seek your approval of this appointment, we believe it is good corporate governance to do so. No determination has been made as to what action our Audit Committee would take if stockholders fail to ratify the appointment. Even if the appointment is ratified, the Audit Committee retains discretion to appoint a new independent registered public accounting firm if the Audit Committee concludes such a change would be in the best interests of the Company and its stockholders.

We expect representatives of PricewaterhouseCoopers to be present at the meeting and available to respond to appropriate questions by stockholders. Additionally, the representatives of PricewaterhouseCoopers will have the opportunity to make a statement if they so desire.

Vote Required and Board Recommendation

Stockholder ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of the holders of a majority of the votes cast in person or by proxy at the 2012 Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of this Proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2012

PRINCIPAL ACCOUNTING FEES AND SERVICES

During 2011 and 2010, we retained PricewaterhouseCoopers to provide services in the following categories and amounts:

Fee Category	2011(1)	2010 (2)
Audit Fees	\$ 1,146,300	\$ 1,509,000
Audit-Related Fees		
Tax Fees	72,545	82,361
All Other Fees		
Total	\$ 1,218,845	\$ 1,591,361

(1) Audit Fees in 2011 includes fees of \$209,000 for our follow-on public offering.

(2) Audit Fees in 2010 includes fees of \$964,000 for our initial public offering.

Audit fees consists of fees for the audit of our annual financial statements and review of our quarterly financial statements.

Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements. This category includes fees related to accounting-related consulting services.

Tax fees consist of fees for professional services for tax compliance, tax advice and tax planning.

Table of Contents

All other fees includes all fees for services not otherwise described above.

Our Audit Committee determined that the rendering of non-audit services by PricewaterhouseCoopers is compatible with maintaining the independence of PricewaterhouseCoopers.

**AUDIT COMMITTEE PRE-APPROVAL OF SERVICES PERFORMED BY OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

It is the policy of our Audit Committee to pre-approve all audit and permissible non-audit services to be performed by PricewaterhouseCoopers. Our Audit Committee pre-approves services by authorizing specific projects within the categories outlined above, subject to a budget for each category. Our Audit Committee's charter delegates to a subcommittee when appropriate, or to one or more members of the Audit Committee, the authority to address any requests for pre-approval of services between Audit Committee meetings, and the subcommittee or such member or members must report any pre-approval decisions to our Audit Committee at its next scheduled meeting.

For more information on PricewaterhouseCoopers, please see Report of the Audit Committee.

REPORT OF THE AUDIT COMMITTEE*

The Audit Committee has reviewed and discussed with management and PricewaterhouseCoopers our audited financial statements. We discussed with PricewaterhouseCoopers the overall scope and plans of their audits. We met with PricewaterhouseCoopers, with and without management present, to discuss results of its examinations, its evaluation of Complete Genomics' internal controls, and the overall quality of Complete Genomics' financial reporting.

We have reviewed and discussed with PricewaterhouseCoopers matters required to be discussed pursuant to Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. We have received from PricewaterhouseCoopers the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers' communications with the Audit Committee concerning independence. We have discussed with PricewaterhouseCoopers matters relating to its independence, including a review of both audit and non-audit fees, and considered the compatibility of non-audit services with PricewaterhouseCoopers' independence.

Based on the reviews and discussions referred to above and our review of Complete Genomics' audited financial statements for 2011, we recommended to the Board that Complete Genomics' audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the SEC.

Respectfully submitted,

AUDIT COMMITTEE

Lewis J. Shuster, Chair

Carl L. Gordon, Ph.D., CFA

Andrew E. Senyei, M.D.

Table of Contents**CORPORATE GOVERNANCE****Corporate Governance Guidelines**

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board adopted these Corporate Governance Guidelines in order to ensure that it has the necessary practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board follows with respect to Board and committee composition and selection, Board meetings, Chief Executive Officer performance evaluation and management development and succession planning for senior management, including the Chief Executive Officer position. A copy of our Corporate Governance Guidelines is available on our website at <http://ir.completegenomics.com/governance.cfm>.

Code of Business Conduct and Ethics

We adopted a Code of Business Conduct and Ethics applicable to all of our employees, officers and directors, including those officers responsible for financial reporting as required by applicable NASDAQ listing standards, which is a code of ethics as defined by applicable SEC rules. The Code of Business Conduct and Ethics is publicly available on our website at <http://ir.completegenomics.com/governance.cfm>. The Code of Business Conduct and Ethics includes an enforcement mechanism, and if we make any amendments to the Code of Business Conduct and Ethics other than technical, administrative, or other non-substantive amendments, or grant any waivers, including implicit waivers, from a provision of this Code of Business Conduct and Ethics to our Chief Executive Officer, Chief Financial Officer or certain other finance department executives, we will disclose the nature of the amendment or waiver, its effective date, and to whom it applies, on our website at <http://ir.completegenomics.com/governance.cfm> or in a Current Report on Form 8-K filed with the SEC. There were no waivers of the Code of Business Conduct and Ethics during 2011.

DIRECTOR COMPENSATION

The following table sets forth certain information with respect to compensation awarded to, paid to or earned by each of our non-employee directors during 2011.

Fees Earned or Paid in Cash

Each non-employee director received an annual retainer of \$30,000 for 2011. Our Chairman of the Board is an employee director and does not receive fees for his service. Each board member received committee fees for each committee on which he served, as follows:

Committee	Chair	Members
	(\$) (1)	(\$) (1)
Audit	15,000	5,000
Compensation	10,000	5,000
Nominating and Corporate Governance	10,000	5,000

(1) Amounts shown are for a full year of service.

Our Board retained the same levels of cash compensation for 2012.

Equity Awards

Pursuant to our non-employee director compensation policy, upon initial election or appointment to our Board of Directors, each non-employee director is automatically granted a nonqualified stock option to purchase

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our executive officers and directors, and any person or entity who owns more than 10% of a registered class of our common stock or other equity securities, to file with the SEC certain reports of ownership and changes in ownership of our securities. Executive officers, directors and stockholders who hold more than 10% of our outstanding common stock are required by the SEC to furnish us with copies of all required forms filed under Section 16(a). We prepare Section 16(a) forms on behalf of our executive officers and directors based on the information provided by them.

Based solely on review of this information and written representations by our executive officers and directors that no other reports were required, we believe that, during 2011, no reporting person failed to file the forms required by Section 16(a) of the Exchange Act on a timely basis except for late Form 4 filings to report stock options exercised by Bruce K. Martin, shares acquired under our Employee Stock Purchase Plan by Bruce K. Martin and Ajay Bansal, shares purchased in the open market by Keith Raffel and the vesting of restricted shares by Alexander E. Barkas, Ph.D., C. Thomas Caskey, M.D., Carl L. Gordon, Ph.D., CFA, Andrew E. Senyei, M.D., Lewis J. Shuster, Charles P. Waite, Jr., and Robert T. Wall.

COMPENSATION DISCUSSION AND ANALYSIS

In this section we provide an explanation and analysis of the material elements of the compensation provided to our five executive officers named in the Summary Compensation Table below under the heading *Executive Compensation* (referred to as our *named executive officers*): Clifford A. Reid, Ph.D., President and Chief Executive Officer; Ajay Bansal, Chief Financial Officer; Bruce K. Martin, Senior Vice President of Product Development; Keith Raffel, Senior Vice President and Chief Commercial Officer; and Radoje T. Drmanac, Ph.D., Chief Scientific Officer. The purpose of this discussion is to explain and provide the context for the specific compensation amounts and arrangements paid and provided to our named executive officers, as detailed in the Summary Compensation Table and the other tables and narratives following this discussion and analysis.

Overview

We are a life sciences company that has developed and commercialized a DNA sequencing platform for whole human genome sequencing and analysis. Our goal is to become the preferred solution for whole human genome sequencing and analysis. Our Complete Genomics Analysis Platform combines our proprietary human genome sequencing technology with our advanced informatics and data management software and our innovative, end-to-end, outsourced service model to provide our customers with data that is immediately ready to be used for genome-based research and translational medicine.

2011 Operating Highlights

Despite a very challenging and dynamic environment in our industry, during 2011 we achieved important strategic and operational objectives. Some of our key accomplishments include:

recognizing revenue from approximately 3,000 genomes in 2011, compared to approximately 800 genomes in 2010;

increasing revenue by approximately 105% in 2011, to \$19.3 million from \$9.4 million in 2010;

booking orders for approximately 8,000 genomes, representing aggregate revenue potential of approximately \$39 million;

entering 2012 with a backlog of nearly 5,800 genomes, representing aggregate revenue potential of approximately \$28 million; and

increasing cash, cash equivalents and short-term investments by approximately 20.6%, from \$68.9 million at the end of 2010 to \$83.1 million at the end of 2011.

Commitment to Pay-for-Performance

We believe a significant portion of our named executive officers' compensation should be at-risk and tied directly to our measurable performance. Consistent with this focus, a significant portion of our executive officers' compensation is in the form of performance-based annual cash and long-term equity incentives. For 2011, approximately 77% of our CEO's target total compensation was at-risk pay, in the form of performance-based annual cash (16%) and long-term equity incentive compensation (61%).

Under our annual cash incentive plan (under the 2011 Leadership Incentive Plan), we evaluate our Company performance based on two measures that we believe drive total stockholder return (TSR):

Revenue; and

Cash Balance

The Company is at a stage where stockholder return is dependent on revenue growth and cash management, which is why we chose these drivers of cash incentive opportunities for our named executive officers.

Table of Contents

As is explained below, our minimum revenue target for 2011 was not achieved; therefore, there was no bonus payout for this measure. The Company was within approximately \$4 million of its cash balance target for 2011, so a 58% payout was achieved for this measure. Because the CEO's performance bonus was tied solely to the Company performance objectives, he received a payout of only 17.6% of his target bonus.

Under our long-term equity incentives, the Compensation Committee chose to grant stock options, recognizing that the realizable values of such stock options are tied to our absolute stock performance. We believe that stock options are performance-based because stock options, by their nature, do not deliver any value or return to the holder unless there is appreciation in our stock price. Therefore, we believe stock options align our executive officers' interests with our stockholders' interests by providing the opportunity for executives to realize value only when our stock price increases.

CEO's Realizable Pay Aligned with TSR

The following graph shows our 2011 share price in comparison to our CEO's total pay, both realizable and as determined pursuant to the *Summary Compensation Table*, for 2010 and 2011. Total realizable compensation includes salary paid, annual performance incentive compensation earned and the realizable value of stock options and shares granted during the applicable year as of the end of that year.

Our stock price declined in 2011, and we believe that our compensation programs for our named executive officers, including our CEO, were appropriately aligned with such results. As shown in the graph above, the realizable value of the CEO's compensation declined by approximately 90% during 2011, compared to the share price decline of 61% over the same period, demonstrating the strong link between the CEO's compensation and total shareholder return.

The Company's Stock Price is Volatile and Stock Price Snapshots are Poor Indicators of our Performance

The Company's stock price is extremely volatile due to the fact that we are a one-product company; and, therefore, taking point in time snapshots of our stock price will produce poor indicators of our overall performance. For example, during the four-month period between February 1, 2011 and June 1, 2011, our

Table of Contents

stock price increased by approximately 126% and during the four-month period between June 1, 2011 and October 3, 2011, our stock price decreased by approximately 68%. This volatility has been the result of a number of internal and external factors, including our early stage of market development, the lumpy nature of our revenues and the rapidly changing competitive landscape.

The Objectives and Philosophy of our Executive Compensation Programs

The principal objective of our executive compensation programs is to attract, retain, motivate and reward individuals with the superior ability, experience and managerial talent to lead the Company and increase stockholder value. In order to do this, our executive compensation programs are designed to:

align with corporate strategies, business and financial objectives and the long-term interests of our stockholders;

motivate and reward executives whose knowledge, skills and performance are the foundation for our continued success;

ensure that the elements of compensation, individually and in the aggregate, do not encourage excessive risk-taking; and

ensure that total compensation is fair, reasonable and competitive.

The compensation components described below are designed to fulfill one or more of these objectives.

How We Determined Executive Compensation

The Compensation Committee and/or the Board of Directors Determine Executive Compensation. Our Board of Directors or the Compensation Committee of our Board of Directors (the Committee) determines and approves all compensation for our named executive officers. Prior to November 2011, all named executive officer compensation was approved by our Board (excluding the CEO, with respect to his own compensation) based on recommendations from the Committee. In November 2011, the Board delegated authority to the Committee to determine all compensation for the named executive officers other than the CEO; compensation to the CEO is still determined by the Board (excluding the CEO) based on recommendations from the Committee. Information about the Committee is provided earlier in the proxy statement under the heading Committees of the Board Compensation Committee.

The Committee Utilizes a Compensation Consultant. The Committee annually retains an executive compensation consultant to assist the Committee in making informed decisions on executive compensation. The compensation consultant engaged by the Committee for purposes of establishing fiscal year 2011 executive compensation was Radford, an Aon Hewitt Consulting Company (Radford). Radford was identified and engaged directly by the Committee, and has not provided any other services to the Company (although the Company has participated in and purchased Radford's benchmarking survey products).

Radford was engaged by the Committee to prepare an executive compensation study that would provide objective, third-party advice on both the reasonableness of our executive officer compensation levels compared to that of similarly situated companies and the appropriateness of our executive compensation programs in accomplishing the Committee's objectives. Radford was also asked to provide specific recommendations for consideration by the Committee.

In conducting this compensation study for the Committee, Radford developed two peer groups for compensation purposes due to the Company's unique business model. Radford started with its 2010 Global Life Sciences Survey and 2010 Global Technology Survey, which collected information on compensation, positions and responsibilities of executives at participating companies. From these two Surveys, Radford identified two peer groups of companies for executive compensation comparison purposes. The Life Science Companies peer

Table of Contents

group included medical device/diagnostic, biotechnology and genomics companies engaged in product development, manufacturing and sales of products and services in those areas. The Technology Companies peer group included traditional technology companies in the software, hardware, semiconductor, telecommunications and networking segments. Radford selected companies that it considered to be similar in size (generally below \$300 million in revenues), market capitalization (between \$100 million and \$600 million) and number of employees (less than 500). Our management was given an opportunity to provide input to Radford on the peer group companies, and the Compensation Committee made the final determination on the composition of the peer groups (which may change from year to year). The peer groups identified and used by Radford for executive compensation comparison purposes for fiscal year 2011 were comprised of the following companies:

Life Science Companies

ABIOMED	Fluidigm
Accuray	Genomic Health
Affymetrix	Genoptix
Caliper Life Sciences	Luminex
Celera	Pacific Biosciences
Depomed	Sequenom
DURECT	

Technology Companies

Accelrys	Pericom Semiconductor
Advanced Analogic Technologies	PLX Technology
Advent Software	Quicklogic
Callidus Software	Saba Software
Demandtec	NetSuite
Exar	Pericom Semiconductor
Guidance Software	SuccessFactors
Intevac	Taleo
Magmaa Design Automation	Ultratech
Mindspeed Technologies	Websense
NetSuite	

Each named executive officer was mapped to either the Life Sciences Companies peer group or the Technology Companies peer group based upon the officer's responsibilities at the Company and background. In determining compensation for Mr. Bansal and Dr. Drmanac, the Committee reviewed competitive data from the Life Sciences Companies peer group; and in determining compensation for Dr. Reid and Mr. Martin, the Committee reviewed competitive data from the Technology Companies peer group.

In addition to data from these peer groups, Radford provided and the Committee considered, for certain compensation assessments, Radford's 2010 Global Life Sciences and Global Technology Surveys.

Radford's written report to the Committee included a review of our existing executive compensation programs, practices, levels and arrangements, each named executive officer's compensation relative to the comparative data, and our equity grant practices for all employees (not just for the named executive officers) relative to the comparative data. The report also included an analysis of the Company's near- and long-term financial performance compared to the peer group companies. Radford's report also provided recommendations on changes that might be made to our executive compensation programs generally, and to each named executive officer's compensation. Radford provided its written report in advance of a Committee meeting, at which the lead Radford consultant presented an oral report and responded to questions from members of the Committee.

Table of Contents

In connection with advising the Committee on executive compensation for 2011, the lead Radford consultant met with our CEO, our CFO and our Vice President, Human Resources (after she joined the Company in May 2011), to solicit input on our executive compensation programs.

The CEO Makes Recommendations. Our CEO delivered to the Committee his recommendations on executive compensation programs, objectives and levels for the named executive officers other than himself. The Committee relied on our CEO, based on his experience, to provide to the Committee an evaluation of the other named executive officers. That evaluation was given in the context of the Company's performance and focused on each named executive officer's skills, leadership qualities, performance, responsibilities, current compensation arrangements and longer-term potential to enhance stockholder value. Following completion of fiscal year 2011, the CEO also provided his assessment of the performance of those named executive officers generally, and with specific reference to the operational objectives previously established by the Committee.

The Role of Stockholder Say-on-Pay Votes. At the Company's annual meeting of stockholders in June 2011, the stockholders were given the opportunity to cast an advisory vote on executive compensation (a say-on-pay proposal). A substantial majority of the votes cast on that say-on-pay proposal were voted in favor of the proposal. The Committee believes this affirms stockholders' support of the Company's approach to executive compensation. The Committee will continue to consider the outcome of the Company's say-on-pay votes and other stockholder communications when making future compensation decisions for the named executive officers.

The Committee and the Board Make Final Compensation Decisions. The Committee determined its recommended compensation for the named executive officers for fiscal year 2011 at the beginning of that year, after receiving Radford's report and recommendations, receiving the CEO's recommendations on compensation for the named executive officers other than himself, and deliberating in executive session. The Committee's recommendations were then made to the Board of Directors; the Board then deliberated and determined (in executive session, without the CEO present) the CEO's compensation arrangements for 2011.

After completion of fiscal year 2011 and receiving the CEO's report and recommendations on the individual performance of the other named executive officers, the Committee made its final determinations on the cash incentive compensation earned by the named executive officers (other than the CEO) for 2011 and its recommendations on the cash incentive compensation that should be paid to the CEO for 2011, which were approved by the Board (excluding the CEO) after deliberations in executive session (without the CEO present).

Executive Compensation for 2011

The four primary components of our executive compensation programs are:

base salaries;

annual cash performance bonuses;

long-term equity incentives; and

post-termination benefits.

We view each of these components as related but distinct, reviewing them each individually, as well as collectively, to ensure that the total compensation paid to our named executive officers meets the objectives as set forth above. Historically, we have not adopted any formal or informal policies or guidelines for allocating compensation among base salaries, annual cash-based performance bonuses and long-term equity incentives, or between cash and non-cash compensation. Our philosophy is to provide each of our executive officers with a combination of a competitive base salary, an annual cash bonus plan and an appropriate amount of stock options to ensure that a meaningful amount of the executive officer's compensation is linked to stockholder returns.

Table of Contents

Each of the primary elements of our executive compensation is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our objectives.

Base Salaries. Base salaries are intended to compensate our named executive officers for serving as the senior members of our management team, regardless of stockholder returns or Company performance relative to financial objectives. Salaries are also considered an important element of compensation necessary to hire and retain the named executive officers in a competitive marketplace. The Committee annually reviews and, if appropriate, adjusts base salaries.

In determining recommended base salaries for 2011, the Committee considered the competitive data provided by Radford, which showed that each of the named executive officers (other than Mr. Raffel, who joined the Company in June 2011) ranged from well below the 25th percentile to below the 50th percentile of the competitive market data. The Committee also made subjective assessments of each named executive officer's position, experience, responsibilities and overall performance, as well as internal pay equity. The Committee also considered the Company's cash position. Finally, the Committee considered that certain of the named executive officers (Dr. Reid and Dr. Drmanac) had not received a salary adjustment in two years. After all of these considerations, the increases in base salaries recommended by the Committee and approved by the Board for our named executive officers ranged from 6% to 20%, which resulted in base salaries that ranged from around the 25th to below the 60th percentiles of Radford's comparative data.

Dr. Reid and Dr. Drmanac received the largest (20%) increases, because their base salaries were lowest relative to the comparative data. Even with those increases, they both remained around the 25% percentile of the comparative data, but the Committee considered it appropriate (in part because of the Company's cash position) to move them toward the 50th percentile over several years rather than all at once. Mr. Banjal's base salary was adjusted by 6% in order to maintain him near the 25th percentile of the comparative data. Mr. Martin was adjusted by 14%, putting him just under the 60th percentile, which the Committee considered appropriate given certain of the subjective factors described above, in particular the importance of his operational responsibilities.

Mr. Raffel's starting base salary when he joined the Company in June 2011 was determined by the Committee after considering the subjective factors described above and reviewing Radford's 2010 Global Life Sciences Survey for similarly-situated positions. That starting base salary was at approximately the 25th percentile of the comparative data.

Annual Cash Performance Bonuses. Annual cash bonuses under our 2011 Leadership Incentive Plan are intended principally to motivate executive officers to achieve pre-determined annual financial and operational improvement objectives to promote achievement of our business strategies and drive increases in stockholder value. Whether a named executive officer receives an annual cash bonus, and if so the amount of that bonus, depends on how well the Company and the executive officer perform relative to those financial and individual objectives. The Committee believes that broader financial objectives are appropriate to ensure all of the named executive officers are working together toward those goals, and that individual operational objectives are appropriate to measure and reward different contributions of the executives toward achievement of those goals. These cash awards are described under the heading Executive Compensation Grants of Plan-Based Awards.

In determining the recommended amount of the targeted annual cash bonus for each named executive officer, the Committee considered for each executive officer Radford's comparative data for annual cash bonuses and total annual cash compensation. The Committee considered and compared against the 50th percentile of the comparative data for total annual cash compensation (base salary plus annual cash bonus) for comparable positions, although it did not necessarily target that 50th percentile. Rather, the Committee considered the

Table of Contents

position, experience, responsibilities and performance of each named executive officer, along with the Radford reference data. As a result, the named executive officers' targeted annual cash compensation ranged from below the 25th percentile to below the 50th percentile for comparable positions.

Targeted annual cash bonuses are expressed as a percentage of annual base salary. For fiscal year 2011, the CEO's targeted cash bonus was 75% of his base salary, and the other named executive officers' targeted cash bonuses were 40% of their respective base salaries. The maximum cash bonus that could have been earned by the CEO was 112.5% of base salary, and the maximum cash bonuses that could have been earned by the other named executive officers was 60% of base salary. The Committee recommended a higher target and maximum bonus opportunity for the CEO, relative to the other named executive officers, because of his position and responsibilities, as well as the comparative data supplied by Radford. The Committee recommended using the same bonus opportunities (as a percentage of base salary) for all other named executive officers because it felt that there was comparability in their positions, experience and responsibilities.

Annual cash bonuses earned by each named executive officer were made dependent upon (1) the Company's performance relative to pre-determined financial targets established by the Committee, and (2) in the case of executive officers other than the CEO, the executive officer's performance relative to pre-determined individual operational objectives established by the CEO. For the named executive officers other than the CEO, the Company's performance relative to the financial targets was weighted to account for 75% of their annual cash bonus, with the other 25% to depend on their performance relative to their individual objectives. The Committee recommended that the CEO's bonus opportunity should be driven 100% by the financial measures and targets in order to ensure his focus on these objectives.

For 2011, the Committee recommended two financial measures—Revenue and Cash Balance (defined as cash and cash equivalents plus short-term investments and restricted cash)—as the financial performance measures that would determine 75% of the annual cash bonuses for the named executive officers other than the CEO, and 100% of the annual cash bonus for the CEO. The Committee recommended these measures in order to ensure the closest possible alignment with what the Committee considered the most important drivers of stockholder return—growth and cash management. Revenue was weighted 70% and Cash Balance was weighted 30%, reflecting the Committee's view of their relative importance to the Company's success.

The Committee recommended specific targets for Revenue and Cash Balance, as well the minimum (threshold) levels required to earn any bonus and the levels that would earn a maximum bonus. These minimum, target and maximum levels were as follows:

	Minimum	Target	Maximum
Revenue	\$ 25.4M	\$ 33.9M	\$ 40.7M
Cash Balance	\$ 80.9M	\$ 86.9M	\$ 86.9M

The Committee determined these recommended minimum, target and maximum levels based on the targeted Revenue and Cash Balance in the Company's annual operating plan (as approved by the Board), which plan established levels that would require significant improvement from the prior year. The Committee felt that the targeted levels of Revenue and Cash Balance would be a stretch to achieve.

The individual performance objectives for the named executive officers other than the CEO—which were weighted to account for 25% of their annual cash bonuses—varied by named executive officer and were aligned with that officer's position, responsibilities and opportunities to contribute meaningfully to operational objectives important to the Company's success. Those individual performance objectives for Mr. Bansal related to completing Company financings as well as financial reporting and planning; for Mr. Martin related to progress on certain development projects and operational improvements; for Mr. Raffel related to improving sales, marketing and business development; and for Dr. Drmanac related to progress on certain strategic research projects as well as business development through publications and conference engagements. These individual performance objectives were set at a level that would require significant effort on the part of the named executive officer to achieve and would not be achieved with average or below performance.

Table of Contents

The actual achieved level of Revenue for 2011, \$19.34 million, was below the minimum level for a payout. The actual achieved level of Cash Balance for 2011, \$83.6 million, resulting in a 58.7% payout for this performance measure. These two results weighted together resulted in a combined payout level of 17.6% of target. Accordingly, the annual cash bonus earned by our CEO for 2011 was only 17.6% of his targeted bonus.

Based on an assessment and recommendation by the CEO on the other named executive officers' individual performance relative to their pre-determined operational objectives (which were to account for 25% of their annual cash bonus), the Committee determined that each had earned a full payout for those achievements of their respective individual objectives. When weighted with the 17.6% payout earned on the Revenue and Cash Balance performance measures, the annual cash bonus earned by each of these other named executive officers for 2011 was 38.2% of his targeted annual cash bonus.

Long-Term Equity Incentives. Long-term incentive compensation is an important element of our executive compensation program that we use primarily to motivate our named executive officers to increase stockholder value, and secondarily to retain executive officers. The Committee believes that long-term incentive compensation also encourages our executives to identify, pursue and invest in appropriate long-term strategies for increasing stockholder value.

With limited exceptions (prior to 2011), our long-term incentives have been in the form of stock options (a combination of incentive stock options and nonqualified stock options) under our stockholder-approved 2010 Equity Incentive Award Plan. We use stock options because it directly links named executive officer compensation to increases in the price of our common stock, which reflects increased stockholder value. All stock options are granted with an exercise price equal to or greater than the market price of our stock on the grant date, and require continued employment for four years in order to vest fully. Stock options therefore compensate our named executive officers only if our stock price increases after the date of grant and the executive officer remains employed for the periods required for the stock option to become exercisable. The Committee thus considers stock options a particularly effective incentive and retention tool because it motivates our executive officers to increase stockholder value and remain with the Company.

In determining the recommended total long-term equity incentive compensation targeted for each named executive officer, the Committee considered for each the 50th-60th percentiles of Radford's comparative data for total long-term incentive compensation and total targeted compensation (annual cash compensation plus total long-term incentive compensation), although the Committee did not specifically target the 50th-60th percentiles. Rather, the Committee determined the size of each named executive officer's annual stock option award after subjective consideration of other compensation elements (base salaries and annual cash bonus opportunities), the executive officer's relative position, experience, responsibilities and performance, the size of considered awards as a percentage of total shares outstanding, and Radford's comparative data for total long-term incentive compensation and total targeted compensation (targeted annual cash plus targeted long-term compensation).

We are sensitive to the dilutive impact and accounting expense of stock options. Therefore, in determining the recommended number of stock options to grant to the named executive officers, the Committee considered various stock dilution analyses, assessed share usage and equity compensation practices of Radford's peer group companies, estimated accounting expenses, and considered other forms of equity-based incentive compensation. The Committee also assessed the named executive officers' individual and collective equity ownership in our stock (including stock options) relative to the peer group data.

In some cases, the Committee considers it appropriate to supplement annual stock option grants with additional grants during the year. For example, in June 2011, the Committee recommended that the Board approve an additional stock option award to Dr. Dramanc in recognition of his critical research on next-generation, cutting-edge science, and the importance of retaining and continuing to encourage research that would drive future stockholder value. In December 2011, the Committee approved an additional stock option award to Mr. Raffel in order to increase the retention value of the grants held by Mr. Raffel and ensure his continued dedication to the Company.

Table of Contents

Stock Option and Restricted Stock Unit Approval and Grant Practices and Procedures. All stock option and restricted stock unit awards are approved by either our Board of Directors (in the case of the CEO), the Committee (since November 2011, in the case of executive officers other than the CEO) or a Stock Committee (in the case of non-executive officer employees). The Stock Committee is currently comprised of our CEO, Chief Financial Officer and Vice President, Human Resources, and is delegated with certain authority, subject to certain limitations (including individual and aggregate share amount, pricing and grant terms), to award stock options and restricted stock units to non-officer employees. Except in the case of a newly-hired or promoted executive officer, stock options granted to executive officers are generally approved and made annually at the same time that annual grants are made to other employees. All stock options are required to be granted not earlier than the date of approval and with an exercise price that is not less than the fair market value (as defined our 2010 Equity Incentive Award Plan) on the date of grant.

Severance Arrangements. Based on recommendations from the Committee, the Board has approved for the named executive officers certain post-termination severance arrangements, having determined that such arrangements are necessary to retain those named executive officers. Our termination benefits are intended and designed to partially alleviate the financial impact of an involuntary termination, as a retention tool. In determining the recommended severance benefits payable under those arrangements, the Committee relied on competitive market data on those types of severance arrangements.

We have also entered into change in control arrangements with each of our named executive officers. These double-trigger agreements provide certain severance benefits in the event of certain terminations of employment following a change in control of the Company (as described below under the heading *Executive Compensation Change of Control and Termination*). The Committee and our Board believe that the prospect of such a change in control would likely result in our named executive officers facing personal uncertainties and distractions from how a change in control might affect them. The Committee therefore recommended and our Board determined that providing change in control agreements to our named executive officers that would allow them to focus solely on the best interests of our stockholders in the event of a possible, threatened or pending change in control, and encourage them to remain with the Company despite the possibility that a change in control might affect them adversely. These change in control agreements therefore serve as an important retention tool and ensure that personal uncertainties do not dilute our executive s complete focus on promoting stockholder value.

Employee Benefits. Our named executive officers are eligible to participate in the same benefits programs, on the same terms, as our other full-time U.S. employees, including group health, disability and life insurance programs, our employee stock purchase plan and our 401(k) plan. We do not provide any perquisites or other benefits to our named executive officers that are not provided to all other full-time U.S. employees.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, generally disallows a tax deduction for compensation in excess of \$1 million paid to our named executive officers, other than our Chief Financial Officer. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, our Board or the Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Narrative to Summary Compensation Table and Grants of Plan-based Award Table**Equity Compensation**

As described under "Compensation Discussion and Analysis" above, the Compensation Committee approved equity compensation awards in the form of stock options to Mr. Bansal, Mr. Martin and Dr. Drmanac. Concurrently, our Board of Directors approved equity compensation awards in the form of stock options to Dr. Reid. In connection, with joining the Company, Mr. Raffel was granted stock options as specified in his offer letter. Dr. Drmanac was granted an additional stock option in connection with his contribution to the Company's success. In December 2011, Mr. Raffel was granted an additional stock option for retention purposes. For more information regarding the equity compensation awards and our equity award practices, please see the section titled "Compensation Discussion and Analysis - Long-Term Equity Incentives" above. In addition, the named executive officers' equity compensation awards may, under certain circumstances, be subject to accelerated vesting in the event that a named executive officer is terminated or in the event of a change of control of the

NONQUALIFIED DEFERRED COMPENSATION

We do not have any nonqualified deferred compensation plans.

Change of Control and Termination**Severance Arrangements**

In accordance with our Executive Change in Control and Severance Plan that became effective in May 2011, we entered into severance arrangements with each of the named executive officers. These arrangements set forth the terms of each named executive officer's severance in the event of his termination of employment under specified circumstances.

If Dr. Reid is terminated at any time without cause or he experiences a constructive termination (as each term is defined in the Executive Change in Control and Severance Plan), the Company will provide continuation of his base salary for twelve months following the termination date. In addition, severance benefits would include reimbursement for group health continuation coverage premiums for him and his eligible dependents under the

Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, for twelve months. If Dr. Reid is terminated during the period of time commencing sixty days prior to a Change in Control and ending twelve months following the Change in Control (as defined in the Executive Change in Control and Severance Plan), the Company will provide continuation of his base salary for eighteen months following the termination date, eighteen months of his targeted cash bonus over that period and all stock options, restricted stock and other equity awards outstanding automatically vest in full and become fully exercisable. In addition, severance benefits would include reimbursement for group health continuation coverage premiums for him and his eligible dependents under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, for eighteen months.

If Mr. Bansal, Mr. Martin, Mr. Raffel or Dr. Drmanac is terminated at any time without cause or he experiences a constructive termination (as each term is defined in the Executive Change in Control and Severance Plan), the Company will provide continuation of his base salary for nine months following the termination date. In addition, severance benefits would include reimbursement for group health continuation coverage premiums for him and his eligible dependents under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, for nine months. If Mr. Bansal, Mr. Martin, Mr. Raffel or Dr. Drmanac is terminated during the period of time commencing sixty days prior to a Change in Control and ending twelve months following the Change in Control (as defined in the Executive Change in Control and Severance Plan), the Company will provide continuation of his base salary for twelve months following the termination date, twelve months of his targeted cash bonus over that period and all stock options, restricted stock and other equity awards outstanding automatically vest in full and become fully exercisable. In addition, severance benefits would include reimbursement for group health continuation coverage premiums for him and his eligible dependents under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, for twelve months.

The named executive officer must provide a general release of claims against our Company in order to be eligible for any severance payments.

Potential Payments upon Termination

The following table illustrates the potential payments to each of our named executive officers in connection with:

the named executive officer's termination without cause outside the context of a Change in Control of the Company, assuming such termination occurred on December 31, 2011;

the named executive officer's termination without cause, or constructive termination, within the period commencing sixty days prior to a Change in Control of the Company and ending twelve months following the Change in Control, assuming such change in control occurred on December 31, 2011 and his options were assumed or substituted by the acquiring entity; and

the acceleration of the named executive officer's equity awards in connection with a Change in Control of the Company, where the potential acquiring entity does not assume or substitute the options held by the executive and the executive's employment is continued with the Company and/or the acquiring entity, assuming such Change in Control occurred on December 31, 2011.

COMPENSATION COMMITTEE INTERLOCKS

AND INSIDER PARTICIPATION

The members of our Compensation Committee for fiscal year 2011 were Messrs. Waite and Wall, Dr. Barkas until his death in November 2011, and Dr. Senyei from his appointment in December 2011. No members of the Committee were officers or employees of Complete Genomics or any of our subsidiaries during 2011. No members of the Committee were formerly officers of Complete Genomics or had any relationship otherwise requiring disclosure hereunder. During 2011, no interlocking relationships existed between any of our executive officers or members of our Board or Compensation Committee, on the one hand, and the executive officers or members of the board of directors or compensation committee of any other entity, on the other hand.

TRANSACTIONS WITH RELATED PERSONS

Review, Approval or Ratification of Transactions with Related Persons

Complete Genomics Code of Business Conduct and Ethics requires that all employees and directors avoid conflicts of interests that interfere with the performance of their duties or are not in the best interests of Complete Genomics.

In addition, pursuant to its written charter, the Audit Committee considers and approves or disapproves any related person transaction as defined under Item 404 of Regulation S-K promulgated by the SEC, after examining each such transaction for potential conflicts of interest and other improprieties. The Audit Committee considers each transaction pursuant to our related party transaction policy and in light of the specific facts and circumstances presented.

Transactions with Related Persons

Our Board of Directors has adopted a written related person transaction policy to set forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, where the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person.

Consulting Agreement

In November 2007, we entered into a consulting agreement with Mrs. Drmanac, the wife of Dr. Drmanac, our Chief Scientific Officer and one of our founders. Mrs. Drmanac provides research and development services related to our sequencing technology as an independent contractor. Mrs. Drmanac is compensated at a rate of \$150 per hour for her services. In 2011, Mrs. Drmanac was paid approximately \$151,000 for her services pursuant to the consulting agreement. The consulting agreement is for a term of five years and can be terminated by either party with ten days written notice.

OTHER INFORMATION

HOUSEHOLDING OF PROXY MATERIALS

We have adopted a procedure approved by the SEC known as householding. This procedure allows multiple stockholders residing at the same address the convenience of receiving a single copy of our Notice, 2011 Annual Report and proxy materials, as applicable, unless we have received contrary instructions from one or more of the stockholders. This allows us to save money by reducing the number of documents we must print and mail, and helps reduce the environmental impact as well.

Table of Contents

Householding is available to both registered stockholders and beneficial owners of shares held in street name.

Registered Stockholders

If you are a registered stockholder and have consented to our mailing of proxy materials and other stockholder information to only one account in your household, as identified by you, we will deliver or mail a single copy of our Notice, 2011 Annual Report and proxy materials, as applicable, for all registered stockholders residing at the same address. Your consent will be perpetual unless you revoke it, which you may do at any time by contacting us at Complete Genomics either by calling 1-650-943-2800, or by writing to Complete Genomics, Inc., c/o Director of Investor Relations, 2071 Stierlin Court, Mountain View, CA 94043. If you revoke your consent, we will begin sending you individual copies of future mailings of these documents within 30 days after we receive your revocation notice. If you received a householding mailing this year, and you would like to have additional copies of our Notice, 2011 Annual Report and proxy materials, as applicable, mailed to you, please submit your request to Complete Genomics which will promptly deliver the requested copies.

Registered stockholders who have not consented to householding will continue to receive copies of our Notice, Annual Reports and proxy materials, as applicable, for each registered stockholder residing at the same address. As a registered stockholder, you may elect to participate in householding and receive only a single copy of annual reports or proxy statements for all registered stockholders residing at the same address by contacting Complete Genomics as outlined above.

Street Name Holders

Stockholders who hold their shares through a brokerage may elect to participate in householding or revoke their consent to participate in householding by contacting their respective brokers.

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

Stockholder proposals may be included in our proxy statement for an annual meeting so long as they are provided to us on a timely basis and satisfy the other conditions set forth in SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting to be held in 2013, we must receive the proposal at our principal executive offices, addressed to the Secretary, no later than December 31, 2012. In addition, a stockholder proposal that is not intended for inclusion in our proxy statement under Rule 14a-8 may be brought before the 2013 annual meeting so long as we receive information and notice of the proposal in compliance with the requirements set forth in our Bylaws, addressed to the Secretary at our principal executive offices, not later than March 25, 2013 nor earlier than February 22, 2013.

Sincerely,

/s/ A. W. Homan
