Report of Independent Auditors

To the Owners of W Chicago Lakeshore

We have audited the accompanying balance sheets of W Chicago Lakeshore (the Hotel), as of December 31, 2011 and 2010, and the related statements of operations, net assets and cash flows for the years then ended. These financial statements are the responsibility of the Hotel's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Hotel's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hotel's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Hotel at December 31, 2011 and 2010, and the results of its operations and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

W Chicago Lakeshore

Notes to Financial Statements

June 30, 2012 (unaudited) and December 31, 2011 and 2010

1. Organization

The financial statements of W Chicago Lakeshore (the Hotel) present the financial position, results from operations and cash flows of the Hotel's operations. The Hotel is a full-service, luxury property with 520 guest rooms located at 644 North Lake Shore Drive in Chicago, Illinois.

The Hotel is owned by Starwood Chicago Lakeshore Realty LLC (the Owner), a wholly owned subsidiary of Starwood Hotels & Resorts, Worldwide Inc. (Parent or Starwood).

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared for purposes of enabling Chesapeake Lodging Trust (see Note 7) to comply with certain requirements of the Securities and Exchange Commission. The financial statements of the Hotel are prepared in conformity with U.S. generally accepted accounting principles (GAAP). The financial statements present the assets, liabilities and results of operations of the Hotel, and not of a legal entity.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the realizability of accounts receivable, useful lives of real estate for purposes of determining depreciation expense and assessments as to whether there is impairment in the value of long-lived assets. Actual results could differ from those estimates.

W Chicago Lakeshore

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)**Real Estate**

Real estate is stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which are as follows:

Classification	Years
Building	40
Building improvements	15
Furniture, fixtures and equipment	3 - 10

Maintenance, minor repairs and replacements are expensed when incurred. Disposals and abandonments, if any, are recognized at occurrence as a charge to depreciation expense.

The Hotel reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposal is less than its carrying amount. Impairment loss, if any, is measured as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No impairment loss has been identified or recorded in the six months ended June 30, 2012, or the years ended December 31, 2011 and 2010.

Cash and Cash Equivalents

Cash and cash equivalents include all cash on hand, cash held in financial institutions and other highly liquid investments with an initial maturity of three months or less when purchased. The cash balance may at times exceed federal depository insurance limits.

W Chicago Lakeshore

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Hotel income represents revenue derived from room, food, beverage, parking and rental income. Room revenue is recognized as room-stays occur. Food, beverage, and parking revenue are recognized when services have been provided. Other revenue includes rental income on service and retail space, which is recognized over the non-cancelable term of each respective lease on a straight-line basis. Deposits received for future services are recorded within accrued expenses and other liabilities and are recognized as revenue when the services are provided. Ongoing credit evaluations are performed and an allowance for potential credit losses is provided against the portion of accounts receivable that is estimated to be uncollectible. The Hotel recorded \$4,881 (unaudited), \$2,923, and \$20,038 as an allowance for doubtful accounts at June 30, 2012, and December 31, 2011 and 2010, respectively, which is included in accounts receivable net on the accompanying balance sheets.

Income Taxes

The Owner is a limited liability company (LLC) and under the existing provisions of the Internal Revenue Code, income and losses of the LLC flow through to the member of the LLC; accordingly, no provision for income taxes has been provided for in the accompanying financial statements of the Hotel.

Risks and Uncertainties

The Company is exposed to the credit worthiness of its guests and tenants. The Company manages these risks, regularly evaluating the risk exposure and taking the appropriate measures to mitigate the risks.

Fair Value of Financial Instruments

As cash equivalents have maturities of less than three months, the carrying value of cash and cash equivalents approximates fair value. The fair values of the Hotel's other financial instruments (including such items in the financial statement captions as accounts receivable, accounts payable and accrued expenses and other liabilities approximate their carrying values based on their nature and terms.
