As a result, we are sending the Notice of Internet Availability of Proxy Materials to our shareholders rather than a full paper set of the proxy materials. The Notice of Internet Availability of Proxy Materials contains instructions on how to access our proxy materials on the Internet, as well as instructions on how shareholders may obtain a paper copy of our proxy materials. This process substantially reduces the costs associated with printing and distributing our proxy materials. To make it easier for you to vote, Internet and telephone voting are available. The instructions on the Notice of Internet Availability of Proxy Materials or, if you requested a paper copy of the proxy materials, the proxy card you will receive describe how to use these convenient services.

If you request printed versions of these materials be sent to you by mail, these materials will also include a proxy card or voting instruction form for the Annual Meeting.

Why did I receive a one-page notice in the mail regarding the Internet availability of the proxy materials instead of a full set of the proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (**SEC**), the Company has elected to provide access to its proxy materials over the Internet. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request a printed set of our proxy materials, including a proxy card. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice of Internet Availability of Proxy Materials. We encourage you to take advantage of the availability of the proxy materials on the Internet in order to help reduce our costs and the environmental impact of the Annual Meeting.

How can I get electronic access to the proxy materials?

The Notice of Internet Availability of Proxy Materials provides you with instructions regarding how to view the proxy materials for the Annual Meeting on the Internet and how to instruct the Company to send future proxy materials, including the Notice of Internet Availability of Proxy

Edgar Filing: TYSON FOODS INC - Form DEF 14A

Materials, to you electronically by email. The Company's proxy materials are also available on the website at <http://ir.tyson.com>.

Table of Contents

If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials electronically will remain in effect until you terminate it.

What items will be voted on at the Annual Meeting?

To consider and act upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

What are the Board's voting recommendations?

The Board recommends that you vote your shares:

FOR approval of the amendment and restatement of the Tyson Foods, Inc. 2000 Stock Incentive Plan;

FOR approval of the amendment and restatement of the Tyson Foods, Inc. Employee Stock Purchase Plan; and

FOR ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending September 28, 2013.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are registered directly in your name with the Company's transfer agent, Computershare, Inc., you are considered the shareholder of record with respect to those shares, and the Notice of Internet Availability of Proxy Materials was sent directly to you by the Company. If you request printed copies of the proxy materials by mail, you will receive the proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice of Internet Availability of Proxy Materials was forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. If you request printed copies of the proxy materials by mail, you will receive a voting instruction form from the organization holding your shares.

Table of Contents

OUTSTANDING STOCK AND VOTING RIGHTS

Generally. As of December 3, 2012, the outstanding shares of the Company's capital stock consisted of 288,462,438 shares of Class A Common Stock, \$0.10 par value (Class A Common Stock), and 70,015,755 shares of Class B Common Stock, \$0.10 par value (Class B Common Stock). The holders of record of the shares of Class A Common Stock and Class B Common Stock outstanding at the close of business on December 3, 2012, the record date for the Annual Meeting, will vote together as a single class on all matters hereby submitted to shareholders and such other matters as may properly come before the Annual Meeting and any adjournments or postponements thereof. Each share of Class A Common Stock will entitle the holder to one vote on all such matters and each share of Class B Common Stock will entitle the holder to ten votes on all such matters.

Quorum. A majority of votes represented by the holders of the Company's outstanding Class A Common Stock and Class B Common Stock, treated as a single class, must be present in person or represented by proxy to hold the Annual Meeting.

Approval Standard. A majority of the votes cast at the Annual Meeting is required to elect any director and to ratify the selection of PricewaterhouseCoopers LLP (PwC) as the independent registered public accounting firm for the Company for the fiscal year ending September 28, 2013. Pursuant to the rules of the New York Stock Exchange (NYSE), a majority of votes cast (provided that the total vote cast on each proposal represents over 50% in interest of all securities entitled to vote thereon) is required to approve the amendment and restatement of the Tyson Foods, Inc. 2000 Stock Incentive Plan (Stock Incentive Plan) and to approve the amendment and restatement of the Tyson Foods, Inc. Employee Stock Purchase Plan (Employee Stock Purchase Plan).

The form of proxy provides a method for shareholders to vote for, against or to abstain from voting with respect to (i) each director nominee, (ii) the approval of the amendment and restatement of the Stock Incentive Plan, (iii) the approval of the amendment and restatement of the Employee Stock Purchase Plan, and (iv) the ratification of the selection of PwC as the Company's independent registered public accounting firm.

Broker Non-Votes and Abstentions. Under the rules of the NYSE, brokers, banks or other similar organizations holding shares in street name for customers who are beneficial owners of such shares are prohibited from giving a proxy to vote such customers' shares on non-routine matters in the absence of specific instructions from such customers. This is commonly referred to as a broker non-vote. Broker non-votes will be counted for quorum purposes but will not be counted as votes cast either for or against a proposal. In other words, broker non-votes are not considered votes cast. The election of directors, the approval of the amendment and restatement of the Stock Incentive Plan and the approval of the amendment and restatement of the Employee Stock Purchase Plan are considered non-routine matters under applicable NYSE rules and, therefore, if you hold your shares through a bank, broker or other similar organization, the organization may not vote your shares on these matters absent specific instructions from you. As such, there may be broker non-votes with respect to these matters. However, broker non-votes will have no impact on the outcome of these matters because, as stated above, they are not considered votes cast for voting purposes. On the other hand, the ratification of the selection of PwC as the Company's independent registered public accounting firm is considered a routine matter under the current rules of the NYSE, therefore, the organization that holds your shares may vote on this matter without instructions from you and no broker non-votes will occur with respect to this matter.

Abstentions are counted for quorum purposes and, in accordance with NYSE rules, will have the effect of a vote against the proposals to approve the amendment and restatement of the Stock Incentive Plan and the amendment and restatement of the Employee Stock Purchase Plan. Abstentions, on the other hand, are not counted as votes cast with respect to the election of directors or the ratification of the selection of PwC as the Company's independent registered public accounting firm and will have no effect on the outcome of these matters.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS**

Title of Class	Name and Address of Beneficial Owner	Amount And Nature of Beneficial Ownership	Percent of Class
Class B Common Stock	Tyson Limited Partnership

	New York, NY 10022	16,771,588(4)	5.81%

- (1) 70,000,000 shares of Class B Common Stock and 3,000,000 shares of Class A Common Stock are owned of record by the Tyson Limited Partnership, a Delaware limited partnership ("TLP"). The Tyson 2009 Family Trust is a limited partner and has a 53.4881% interest in the TLP, and the Randal W. Tyson Testamentary Trust is a limited partner and has a 45.2549% interest in the TLP. The descendants of Don Tyson, including Mr. John Tyson, Chairman of the Board of the Company, are the sole beneficiaries of the Tyson 2009 Family Trust. Ms. Barbara A. Tyson, the widow of Randal W. Tyson and a director of the Company, is the sole income beneficiary of and has limited dispositive power with respect to the Randal W. Tyson Testamentary Trust. Mr. John Tyson is one of the contingent beneficiaries of the Randal W. Tyson Testamentary Trust. The general partners of the TLP, who in the aggregate have a 1.257% interest in the TLP, are Mr. John Tyson, Ms. Tyson, Mr. Harry C. Erwin, III and the Tyson Partnership Interest Trust ("TPIT"), whose trustees are Mr. Erwin, Mr. Thomas B. Schueck and Mr. Leland E. Tollett. A managing general partner of the TLP has the exclusive right, subject to certain restrictions, to do all things on behalf of the TLP necessary to manage, conduct, control and operate the TLP's business, including the right to vote all shares or other securities held by the TLP, as well as the right to mortgage, pledge or grant security interests in any assets of the TLP. However, the TLP has no managing general partner at this time. Until a new managing general partner is selected, the management rights of the managing general partner may be exercised by a majority of the percentage interests of the general partners, which no single general partner currently possesses. The percentage of general partnership interests of the TLP are as follows: TPIT (44.44%); Mr. John Tyson (33.33%); Ms. Tyson (11.115%); and Mr. Erwin (11.115%). The TPIT terminates on December 31, 2016. Upon termination, the general partnership interests held by the TPIT will transfer to the Donald J. Tyson Revocable Trust of which Mr. John Tyson, Mr. Schueck and Mr. Erwin are the trustees. The TLP terminates December 31, 2040. Additionally, the TLP may be dissolved upon the occurrence of certain events, including (i) a written determination by the managing general partner that the projected future revenues of the TLP will be insufficient to enable payment of costs and expenses, or that such future revenues will be such that continued operation of the TLP will not be in the best interest of the partners, (ii) an election to dissolve the TLP by the managing general partner that is approved by the affirmative vote of a majority in percentage interest of all general partners, or (iii) the sale of all or substantially all of the TLP's assets and properties. The withdrawal of the managing general partner or any other general partner (unless such partner is the sole remaining general partner) will not cause the dissolution of the TLP. Upon dissolution of the TLP, each partner, including all limited partners, will receive in cash or otherwise, after payment of creditors, loans from any partner,

and return of capital account balances, their respective percentage interests in the TLP assets.

The TLP owns 99.98% of the outstanding Class B Common Stock and 1.04%% of the outstanding Class A Common Stock, which results in the TLP controlling 71.11% of the aggregate vote of Class A Common Stock and Class B Common Stock. When combined with the total ownership of directors and executive officers as a group, the aggregate voting percentage increases to 71.89%. The TLP and its ownership of such stock are further described in Footnote 1 to the table titled "Security Ownership of Certain Beneficial Owners" in this Proxy Statement.

ELECTION OF DIRECTORS

The number of directors that will serve on the Board for the ensuing year is currently set at nine but may be changed from time to time in the manner provided in the Company's by-laws. Directors are elected for a term of one year or until their successors are duly elected and qualified. Our by-laws provide that no person shall be nominated to serve as a director after he or she has passed his or her 70th birthday (the Retirement Age By-law), unless the Board has voted, on an annual basis, to waive or continue to waive the Retirement Age By-law for a nominee.

Set forth below is biographical information for each director nominee chosen by the Board to stand for election at the Annual Meeting. The slate consists of seven independent directors and two non-independent directors. Each of the director nominees is currently serving as a director of the Company and was elected at the 2012 Annual Meeting of Shareholders (2012 Annual Meeting). The Board recommends that each director nominee be elected at the Annual Meeting.

Through his leadership experience gained as a recent Chief Executive Officer of the Company, Mr. Tyson provides the Board with critical insight into the Company's business. In addition, Mr. Tyson, through his association with the TLP, has a substantial personal interest in the Company. The Board believes that Mr. Tyson's leadership experience and knowledge of the Company acquired through his years of service to the Company and his personal stake in its success qualify him to serve on the Board.

Ms. Bader has been a member of the Board since August 3, 2011. The Board believes Ms. Bader's extensive leadership experience, including her exposure to commodities and international business, qualifies her to serve on the Board.

The Board believes that Mr. Sauer's diverse management experience qualifies him to serve on the Board.

He also has an extensive public service career, which includes various presidential appointments. The Board believes that Mr. Zapanta's broad management and leadership experiences, in both the private and public sectors, allow him to understand the Company's challenges in a global marketplace and qualify him to serve on the Board. In consideration of these qualities and Mr. Zapanta's tenure on the Board, the Board waived the Retirement Age By-law and nominated him to serve on the Board for the coming year.

Family and Other Relationships. Ms. Tyson is the aunt of Mr. Tyson. There are no other family relationships among the director nominees. By reason of its beneficial ownership of the Company's common stock, the TLP is deemed to be a controlling person of the Company. Other than the TLP, none of the companies or organizations listed in the director nominees' biographies above is a parent, subsidiary or affiliate of the Company.

Director Independence. After reviewing all relevant relationships of the directors, the Board has determined that each of Ms. Bader, Mr. Banister, Mr. Kever, Mr. McNamara, Mr. Sauer, Mr. Thurber and Mr. Zapanta qualify as independent directors in accordance with the NYSE corporate governance rules. In making its independence determinations, the Board considered all relevant transactions, relationships or arrangements disclosed in this Proxy Statement under the section titled "Certain Transactions" and the following:

Each of Mr. Tyson, Mr. Kever and Mr. McNamara has an investment in a privately held company for which Mr. Kever is a director. Neither Mr. Tyson nor Mr. McNamara has any business relationship with, and neither Mr. Tyson nor Mr. McNamara serve as a director or officer of, this company. Based on the foregoing facts, the Board has determined that this relationship does not affect Mr. Kever's independence.

Mr. Sauer is Executive Vice President, 3M Industrial Business Group, one of five business groups of 3M Company. During fiscal years 2012, 2011 and 2010, the Company paid 3M Company \$1,357,772, \$1,327,648 and \$1,596,291 for direct purchases of lab-related supplies and materials, which in each year was less than two percent (2%) of 3M Company's gross revenues. Under the NYSE rules, a director may be considered independent if payments made to an entity with which the director is affiliated are less than the greater of \$1,000,000 or two percent (2%) of the affiliated entity's gross revenues in any of the last three fiscal years. Mr. Sauer did not personally benefit from any of the purchases. Based on the foregoing facts, the Board has determined that Mr. Sauer did not have a direct or indirect material interest in the transactions and this relationship does not affect Mr. Sauer's independence.

Information Regarding the Board and its Committees

Board Meetings. The Board held four meetings and took action by written consent in lieu of a meeting one time during fiscal year 2012. All directors attended all of the Board and committee meetings they were eligible to attend during fiscal year 2012. The Company expects all directors to attend each annual meeting of shareholders. All directors attended the 2012 Annual Meeting.

Executive Session; Lead Independent Director. Independent directors meet in executive session without management present each time the Board holds its regularly scheduled quarterly meetings, and Mr. Kever, who

Table of Contents

has been designated by the Board as the Lead Independent Director, presides over these sessions. Executive sessions occurred four times during fiscal year 2012.

Leadership Structure. The Board's current leadership structure consists of a Chairman of the Board and a Lead Independent Director. Pursuant to the Company's Corporate Governance Principles, the Board is permitted to either separate or combine the positions of Chief Executive Officer and Chairman of the Board as it deems appropriate from time to time. Since 2006, these positions have been held by separate individuals. The Lead Independent Director is annually selected by the Board from among the independent directors. The Lead Independent Director is a member of the Executive Committee of the Board. The Board reviews the continued appropriateness and effectiveness of this leadership structure at least annually. At the present time, the Board believes that separation of the positions of Chief Executive Officer and Chairman of the Board, combined with the role of the Lead Independent Director, improves the ability of the Board to exercise its oversight role over management, provides multiple opportunities for discussion and evaluation of management decisions and the direction of the Company, and ensures a significant role for non-management directors in the oversight and leadership of the Company. The Board understands that maintaining qualified independent and non-management directors on the Board is an integral part of effective corporate governance. Accordingly, it believes the current board leadership structure strikes an appropriate balance between independent directors and directors affiliated with the TLP, the Company's controlling shareholder, which allows the Board to effectively represent the best interests of the Company's entire shareholder base.

Risk Oversight. Management has the primary responsibility for identifying and managing the risks facing the Company, subject to the oversight of the Board. The Board's committees assist in discharging its risk oversight role by performing the subject matter responsibilities outlined below in the descriptions of each committee. The Board retains full oversight responsibility for all subject matters not specifically assigned to a committee, including risks presented by the Company's business strategy, competition, regulation, general industry trends and capital structure and allocation. On a periodic basis, management conducts an enterprise risk assessment as well as an evaluation and alignment of its risk mitigation activities. Management reviews the results of this periodic assessment with the appropriate committees of the Board.

The Board's administration of its risk oversight function has not specifically affected the Board's leadership structure. In establishing the Board's current leadership structure, risk oversight was one factor among many considered by the Board, and the Board believes that the current leadership structure is conducive to and appropriate for its risk oversight function. As stated above, the Board regularly reviews its leadership structure and evaluates whether it, and the Board as a whole, is functioning effectively. If in the future the Board believes that a change in its leadership structure is required to, or potentially could, improve the Board's risk oversight function, it may make any change it deems appropriate.

Audit Committee. The Board has an Audit Committee (Audit Committee) whose primary function is to assist the Board in fulfilling its responsibilities through regular review and oversight of the Company's financial reporting, audit and accounting processes. See the section titled Report of the Audit Committee in this Proxy Statement. During fiscal year 2012, the Audit Committee consisted of independent directors Mr. Kever, who serves as Chairman of the Audit Committee, Ms. Bader, Mr. McNamara and Mr. Sauer. Each of these individuals qualifies as an independent director under the regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002 and the NYSE listing standards relating to audit committees. The Board has determined each member of the Audit Committee is knowledgeable and qualified to review financial statements. In addition, the Board has determined that Messrs. Kever and McNamara each qualify as an audit committee financial expert within the meaning of the regulations of the SEC. The Audit Committee held five meetings and took action by written consent in lieu of a meeting one time in fiscal year 2012.

Compensation Committee. The Board has a Compensation Committee (Compensation Committee) whose primary functions are to (i) establish the Company's compensation policies and (ii) oversee the administration of the Company's employee benefit plans. The Company qualifies as a controlled company due to the ownership by

Table of Contents

the TLP of shares allowing it to cast more than 50% of votes eligible to be cast for the election of directors. Therefore, the Company has elected not to implement NYSE corporate governance rules that provide that the Compensation Committee has the power to determine the compensation of the Chief Executive Officer. However, the Compensation Committee has approved the employment contracts and total compensation for our Chief Executive Officer since 2003. For more information regarding the duties of the Compensation Committee, see the subsection titled *How We Determine Compensation Role of the Compensation Committee* in this Proxy Statement under the section titled *Compensation Discussion and Analysis*. During fiscal year 2012, the Compensation Committee consisted of independent directors Mr. McNamara, who served as Chairman, Mr. Sauer and Mr. Thurber. The Compensation Committee held five meetings and took action by written consent in lieu of a meeting one time in fiscal year 2012.

Governance Committee. The Board has a Governance Committee (*Governance Committee*) whose primary functions are to (i) review and recommend to the Board Corporate Governance Principles applicable to the Company; (ii) review and recommend to the Board a Code of Conduct applicable to the Company; and (iii) oversee and review related party and other special transactions between the Company and its directors, executive officers or their affiliates. During fiscal year 2012, the Governance Committee consisted of independent directors Mr. Thurber, who served as Chairman of the Governance Committee, Mr. Banister, Mr. Kever and Mr. Zapanta. The Governance Committee held four meetings during fiscal year 2012.

Nominating Committee. The Board has a Nominating Committee (*Nominating Committee*) whose primary function is to identify, evaluate, and recommend individuals qualified to be directors of the Company for either appointment to the Board or to stand for election at a meeting of the shareholders. While the Company has not established minimum qualifications for director nominations, the Company has established, and the Nominating Committee charter contains, criteria by which the Nominating Committee is to evaluate candidates for recommendation to the Board. In evaluating candidates, the Nominating Committee takes into account the applicable requirements for directors under the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder and the listing standards of the NYSE. The Nominating Committee may also take into consideration the factors and criteria set forth in the Company's Corporate Governance Principles and such other factors or criteria that the Nominating Committee deems appropriate in evaluating a candidate, including but not limited to the applicable requirements for members of committees of the Board. While the Nominating Committee does not have a formal policy on diversity with regard to its consideration of nominees, it considers diversity in its selection process and seeks to nominate candidates that have a diverse range of views, backgrounds, leadership and business experience.

The Nominating Committee may (but is not required to) consider candidates suggested by management or other members of the Board. In addition, the Nominating Committee may (but is not required to) consider shareholder recommendations for candidates to the Board. In order to recommend a candidate to the Board, shareholders should submit the recommendation to the Chairman of the Nominating Committee in the manner described in the section of this Proxy Statement titled *Shareholder Communications*. Shareholders who wish to nominate a candidate to the Board must submit the name of the proposed candidate to the then current Board on or before September 30 of any year in accordance with the Company's by-laws. During fiscal year 2012 the Nominating Committee consisted of Mr. Zapanta, who served as Chairman of the Nominating Committee, Mr. Kever and Mr. Thurber. The Nominating Committee held one meeting and took action by written consent in lieu of a meeting one time during fiscal year 2012.

Executive Committee. The Board has an Executive Committee (*Executive Committee*) whose primary function is to act on behalf of the Board during intervals between regularly scheduled meetings of the Board. The Executive Committee may exercise all powers of the Board, except as otherwise provided by law and the Company's by-laws; however, its actions are typically ministerial, such as approving (i) the sale or purchase of property, (ii) the opening and closing of bank accounts, and (iii) amendments to benefit plans for which Compensation Committee approval is not required. All actions taken by the Executive Committee between meetings of the Board are reviewed for ratification by the Board at the following Board meeting. The members of

the Executive Committee are Mr. Tyson, Mr. Kever and Ms. Tyson. The Executive Committee took action by written consent in lieu of a meeting four times during fiscal year 2012.

Corporate Governance Principles; Committee Charters; Code of Conduct. The Board has adopted Corporate Governance Principles, and each of the Audit Committee, Compensation Committee, Governance Committee and Nominating Committee has adopted a written charter. The Board has also adopted a Code of Conduct applicable to all directors, officers and employees. Copies of these corporate governance documents are available on the Company's Investor Relations website at <http://ir.tyson.com> and in print to any shareholder who sends a request to Tyson Foods, Inc., Attention: Secretary, 2200 Don Tyson Parkway, Mail Stop CP004, Springdale, Arkansas 72762-6999.

Compensation Committee Interlocks and Insider Participation

At the end of fiscal year 2012, the Compensation Committee consisted of Mr. McNamara (Chairman), Mr. Sauer and Mr. Thurber. All members of the Compensation Committee during fiscal year 2012 were independent directors, and no member was an officer or employee of the Company or a former officer or employee of the Company. No member of the Compensation Committee serving during fiscal year 2012 was party to a transaction, relationship or arrangement requiring disclosure under Item 404 of Regulation S-K. During fiscal year 2012, none of our executive officers served on the compensation committee (or its equivalent) or board of directors of another entity whose executive officer served on our Compensation Committee or Board.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE SLATE OF DIRECTORS NOMINATED BY THE BOARD.

PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR EACH COMPANY NOMINEE UNLESS SHAREHOLDERS SPECIFY A CONTRARY VOTE.

Vote Required

Approval of a nominee for director requires the affirmative vote of a majority of the votes cast at the Annual Meeting, with the holders of shares of Class A Common Stock and Class B Common Stock voting together as a single class.

Shareholders are not entitled to cumulate voting with respect to the election of directors. The Board contemplates that all of the director nominees will be able to stand for election, but should any director nominee become unavailable for election, all proxies will be voted for the election of a substitute nominated by the Board (unless the Board chooses to reduce the number of directors on the Board). If the Board identifies or nominates substitute nominees before the meeting, we will file an amended proxy statement that (1) identifies the substitute nominees, (2) discloses whether such nominees have consented to being named in the revised proxy statement and to serve if elected and (3) includes the disclosure required by Items 5(b) and 7 of Schedule 14A with respect to such nominees.

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE
TYSON FOODS, INC. 2000 STOCK INCENTIVE PLAN**

Shareholders are being asked to approve the amendment and restatement of the Stock Incentive Plan. The purpose of amending and restating the Stock Incentive Plan is to incorporate all prior amendments to the Stock Incentive Plan since it was last amended and restated effective November 19, 2004, as well as to increase the number of shares of Class A Common Stock available for issuance under the Stock Incentive Plan by 29,340,000 to 90,000,000. The Stock Incentive Plan, as amended and restated, has been approved by the Compensation Committee and the Board.

The following description of the Stock Incentive Plan is qualified in its entirety by reference to the applicable provisions of the plan document, which is attached as Appendix A.

Purpose

The purpose of the Stock Incentive Plan is to attract and retain highly qualified persons to serve as directors, officers and employees, thereby more closely aligning their interest with that of the Company's shareholders. The Stock Incentive Plan also provides for grants of stock-based awards to consultants and other service providers; however, no such grants are currently outstanding.

The Board believes that the successful continuation of the Company's business strategy depends upon attracting and retaining able executives, managers and other key employees. The Board believes that additional shares must be reserved for issuance under the Stock Incentive Plan to facilitate the Company's attraction and retention of capable personnel. Consequently, the Board has approved an amendment to the Stock Incentive Plan, subject to shareholder approval of this proposal, to increase by 29,340,000, the number of shares of Class A Common Stock available for issuance under the Stock Incentive Plan. That number is subject to future adjustment as provided in the Stock Incentive Plan for certain changes in the Company's capital structure.

General Description of the Stock Incentive Plan

The Stock Incentive Plan was originally approved by the shareholders of the Company on January 12, 2001, was amended and restated on November 19, 2004, and was amended on February 2, 2007, August 13, 2007 and November 20, 2009. The Stock Incentive Plan has an indefinite term.

The Stock Incentive Plan permits awards of a variety of equity-based incentives, including stock awards, options to purchase shares of Class A Common Stock, stock appreciation rights, dividend equivalent rights, performance unit awards and phantom shares to purchase or acquire shares of Class A Common Stock (collectively, "Stock Incentives").

Prior to the amendment to the Stock Incentive Plan represented by this proposal, the number of shares of Class A Common Stock reserved for issuance under the Stock Incentive Plan was 60,660,000, of which approximately 5,945,000 were available as of December 3, 2012 for future grants thereunder. As of December 3, 2012, the market value for Class A Common Stock was \$19.22 per share. If amendment and restatement of the Stock Incentive Plan is approved by shareholders, the number of shares of Class A Common Stock available for future grants would increase by 29,340,000.

The number of shares of Class A Common Stock as to which any Stock Incentive is granted and the persons to whom any Stock Incentive are granted is determined by the Compensation Committee, subject to the provisions of the Stock Incentive Plan. To the extent not inconsistent with the terms of the Stock Incentive Plan, the Compensation Committee may establish the terms of any Stock Incentive, including exercise or settlement price and terms of forfeiture. Stock Incentives generally are not transferable or assignable during a holder's lifetime, subject to such terms as may be established by the Compensation Committee.

Table of Contents

No eligible employee may be granted during any single calendar year rights to shares of Class A Common Stock under performance-based Stock Incentives which, in the aggregate, exceed 1,000,000 shares of Class A Common Stock, subject to future adjustment as provided in the Stock Incentive Plan for certain changes in the Company's capital structure.

Eligibility

Officers, employees, directors, consultants and other service providers of the Company and its subsidiaries are eligible for awards under the Stock Incentive Plan. However, only employees of the Company and its subsidiaries will be eligible to receive incentive stock options under the Stock Incentive Plan. As of December 3, 2012, there were approximately 1,500 officers, employees and directors that were approved by the Compensation Committee to receive awards under the Stock Incentive Plan. Because consultants and other service providers may not be directly employed by the Company, it is not possible to approximate the number of such consultants and other service providers that are eligible to participate in the Stock Incentive Plan.

Performance Criteria

Under the Stock Incentive Plan, at the time a Stock Incentive is granted, the Compensation Committee may establish performance measures, if any, attributable to the payment, vesting or other settlement of the Stock Incentive. Performance measures will be established by the Compensation Committee under an objective formula or standard consisting of one or any combination of the following criteria:

earnings per share and/or growth in earnings per share in relation to target objectives, excluding the effect of extraordinary or nonrecurring items;

operating cash flow and/or growth in operating cash flow in relation to target objectives;

cash available in relation to target objectives;

net income and/or growth in net income in relation to target objectives, excluding the effect of extraordinary or nonrecurring items;

revenue and/or growth in revenue in relation to target objectives;

total shareholder return (measured as the total of the appreciation of, and dividends declared on, Class A Common Stock) in relation to target objectives;

return on invested capital in relation to target objectives;

return on shareholder equity in relation to target objectives;

return on assets in relation to target objectives;

return on common book equity in relation to target objectives;

Edgar Filing: TYSON FOODS INC - Form DEF 14A

operating income in relation to target objectives;

EBIT, EBITDA or EBITDAR or any adjusted version thereof in relation to target objectives;

Company stock price performance as compared against a peer group of companies selected by the Compensation Committee; or

any combination of the foregoing.

The Compensation Committee may amend or adjust the performance measures of an outstanding award in recognition of unusual or nonrecurring events affecting the Company or its financial statements, such as changes in the business, operations or corporate or capital structure of the Company, changes in law or changes in accounting principles, except where such action would result in the loss of a tax deduction to the Company under Section 162(m) of the Internal Revenue Code.

Table of Contents

The Compensation Committee may, but is not required to, structure any Stock Incentive so as to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

Federal Income Tax Consequences

The following discussion outlines generally the federal income tax consequences of participation in the Stock Incentive Plan. Individual circumstances may vary and each participant should rely on his or her own tax counsel for advice regarding federal income tax treatment under the Stock Incentive Plan.

Incentive Stock Options. A participant who exercises an incentive stock option will not be taxed at the time he or she exercises his or her option or a portion thereof. Instead, the participant will be taxed at the time he or she sells the shares of Class A Common Stock purchased pursuant to the incentive stock option. The participant will be taxed on the difference between the price he or she paid for the Class A Common Stock and the amount for which he or she sells the Class A Common Stock. If the participant does not sell the shares of Class A Common Stock prior to two years from the date of grant of the incentive stock option and one year from the date the stock is transferred to him or her, any subsequent gain on sale of the shares will be capital gain and the Company will not receive a corresponding deduction. If the participant sells the shares of stock at a gain prior to that time, the difference between the amount the participant paid for the Class A Common Stock and the lesser of fair market value on the date of exercise or the amount for which the stock is sold will be taxed as ordinary income, and the Company will receive a corresponding deduction. If the participant sells the shares of Class A Common Stock for less than the amount he or she paid for the stock prior to the one- or two-year period indicated, no amount will be taxed as ordinary income and the loss will be taxed as a capital loss. Exercise of an incentive stock option may subject a participant to, or increase a participant's liability for, the alternative minimum tax.

Nonqualified Stock Options. A participant will not recognize income upon the grant of a nonqualified option without a readily ascertainable market value or at any time prior to the exercise of the option or a portion thereof. At the time the participant exercises a nonqualified option or portion thereof, he or she will recognize compensation taxable as ordinary income in an amount equal to the excess of the fair market value of the Class A Common Stock on the date the option is exercised over the price paid for the stock, and the Company will then be entitled to a corresponding deduction.

Depending upon the time period shares of Class A Common Stock are held after exercise, the sale or other taxable disposition of shares acquired through the exercise of a nonqualified option generally will result in a short- or long-term capital gain or loss equal to the difference between the amount realized on such disposition and the fair market value of such shares when the nonqualified option was exercised.

Special rules apply to a participant who exercises a nonqualified option by paying the exercise price, in whole or in part, by the transfer of shares of Class A Common Stock to the Company.

Other Stock Incentives. A participant will not recognize income upon the grant of a stock appreciation right, dividend equivalent right, performance unit award or phantom share (collectively, the "Other Equity Incentives"). Generally, at the time a participant receives payment under any Other Equity Incentive, he or she will recognize compensation taxable as ordinary income in an amount equal to the cash or fair market value of the Class A Common Stock received (less the grant price in the case of a stock appreciation right), and the Company will then be entitled to a corresponding deduction.

A participant will not be taxed upon the grant of a stock award if such award is subject to a substantial risk of forfeiture, as defined in the Internal Revenue Code. When the shares of Class A Common Stock that are subject to the stock award are no longer subject to a substantial risk of forfeiture; however, the participant generally will recognize compensation taxable as ordinary income in an amount equal to the fair market value of the stock subject to the award, less any amount paid for such stock, and the Company will then be entitled to a corresponding deduction. If a participant so elects at the time of receipt of a stock award, he or she may include

Table of Contents

the fair market value of the stock subject to the award, less any amount paid for such stock, in income at that time and the Company will also be entitled to a corresponding deduction at that time.

Withholding Taxes

A participant may be liable for federal, state and local tax withholding obligations as a result of the grant, exercise, vesting or settlement of a Stock Incentive. The tax withholding obligations may be satisfied by payment in the form of cash, certified check, previously-owned shares of the Company's Class A Common Stock or, if a participant elects with the permission of the Compensation Committee, by a reduction in the number of shares to be received by the participant under the award.

These are the same amounts as would have been paid pursuant to the Stock Incentive Plan if shareholders had approved the amendment and restatement of the Stock Incentive Plan prior to fiscal year 2012. Future benefits to be received by a person or group under the Stock Incentive Plan are not fully determinable at this time and will depend on individual and corporate performance and other determinations to be made by the Compensation Committee during fiscal year 2013.

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE
TYSON FOODS, INC. EMPLOYEE STOCK PURCHASE PLAN**

Shareholders are being asked to approve the amendment and restatement of the Tyson Foods, Inc. Employee Stock Purchase Plan (the "Stock Purchase Plan") to ensure compliance with New York Stock Exchange listing standards. The Stock Purchase Plan, as amended and restated, has been approved by the Compensation Committee and the Board. The Stock Purchase Plan was amended and restated on October 1, 2008 and was amended on December 27, 2009. The purpose of amending and restating the Stock Purchase Plan is to incorporate the 2009 amendment to the plan, as well as to increase the number of shares that may be sold under the plan.

The following description of the Stock Purchase Plan is qualified in its entirety by reference to the applicable provisions of the plan document, which is attached as Appendix B.

General Description of the Stock Purchase Plan

The Stock Purchase Plan permits eligible employees of the Company and designated affiliates to purchase shares of the Company's Class A Common Stock in a convenient manner through payroll deductions, receive a percentage match from the Company when eligible, and thereby allow such employees to share in the success of the Company and to encourage them to remain in the service of the Company or its subsidiaries. The Stock Purchase Plan authorizes the committee administering the Stock Purchase Plan to purchase shares of the Company's Class A Common Stock either directly from the Company or in the open market at the prevailing market price in such amount as is necessary to satisfy the purchases made under the Stock Purchase Plan.

Terms of the Stock Purchase Plan

Administration. The Stock Purchase Plan is administered by the Company which has appointed a committee (the "Administrative Committee") to exercise the authority of the Company as the plan administrator.

Term. The Stock Purchase Plan has an indefinite term, but the Board may discontinue the Stock Purchase Plan at any time without shareholder approval. The Stock Purchase Plan also will terminate automatically if this amendment and restatement is not approved by the shareholders.

Shares. The number of shares of Class A Common Stock to be sold under the Stock Purchase Plan will not exceed 50,000,000. This number will be proportionately adjusted for any nonreciprocal transaction between the Company and its shareholders that causes the per share value of the Class A Common Stock to change, such as a stock dividend, stock split, spin-off, rights offering, or recapitalization through a large, nonrecurring cash dividend. No fractional shares will be issued or optioned in making any such adjustments. As of December 3, 2012, the market value for Class A Common Stock was \$19.22 per share.

Eligibility. Under the Stock Purchase Plan, all employees who have completed three (3) full calendar months of service with the Company or a participating affiliate (the "Eligible Employees") are eligible to participate, beginning with the first payday that falls on or after the first day of the immediately succeeding month. However, any employee who is a member of a collective bargaining unit and who is covered by a collective bargaining agreement which does not provide for coverage of such employee under the Stock Purchase Plan is not an Eligible Employee. As of September 29, 2012, approximately 87,000 employees were eligible to purchase Class A Common Stock under the Stock Purchase Plan.

Employee Participation and Contributions. Participation by Eligible Employees in the Stock Purchase Plan is voluntary. An Eligible Employee may elect to purchase shares of the Company's Class A Common Stock under the Stock Purchase Plan by authorizing his or her employer to withhold from the employee's compensation the amount specified to purchase shares of the Company's Class A Common Stock under the Stock Purchase Plan. The employee must elect either (i) a specified percentage (not less than 1% nor more than 20%) of his or her base earnings to be withheld or (ii) a specified dollar amount (not less than \$1.00 per week nor more than \$25.00 per week). Such percentage or amount may be increased or decreased by any multiple of one percent or

Table of Contents

one dollar, respectively, at such times as permitted by the Administrative Committee. In no event, however, may an employee contribute, in any one year, more than 20% of his or her base earnings or \$25.00 per week depending on the contribution method chosen.

Employer Contributions. Each participant who has completed at least one year of continuous service with the Company or a participating affiliate is entitled to employer matching contributions on that participant's employee contributions, if any, made following completion of the first year of service. Matching contributions are equal to a percentage, not to exceed 50%, of the first 10% of the amount contributed by each eligible participant pursuant to his or her employee contribution elections. The Board has the discretion to determine the level of contributions to be made. The matching contributions are made directly to a matching account under the Stock Purchase Plan.

Purchases of Common Stock. All participant contributions plus the employer's matching contributions are used to make purchases of the shares of the Company's Class A Common Stock on the open market or directly from the Company. Shares of the Company's Class A Common Stock are purchased at reasonable intervals on an aggregate basis with the aggregate amount of funds available used to buy whole shares of the Company's Class A Common Stock or multiples thereof. No interest is payable by the Company on accumulated payroll deductions.

Stock Certificates. A participant may request delivery of a stock certificate representing the number of shares of the Company's Class A Common Stock purchased on his behalf, not more frequently than twice monthly, subject to certain limitations described in the Stock Purchase Plan.

Dividends. All cash dividends received with respect to shares of the Company's Class A Common Stock purchased under the Stock Purchase Plan while the shares are held by a brokerage firm will be used to purchase additional shares of the Company's Class A Common Stock for participants in proportion to their specified interest in the shares upon which dividends were paid.

Transfer Restrictions. The purchase rights under the Stock Purchase Plan are not transferable by a participant. When shares of the Company's Class A Common Stock are acquired under the Stock Purchase Plan by an executive officer of the Company such shares may be re-offered or resold only pursuant to a registration statement or an available exemption from registration, including Rule 144 under the Securities Act of 1933. This restriction also applies to re-offers and resales by persons who become executive officers after their acquisition of shares under the Stock Purchase Plan. Additionally, such persons may be subject to further restrictions on transactions under the Stock Purchase Plan (including sales of shares, withdrawals, and changes in contributions) under the reporting and short-swing profits provisions of Rule 16b-3 of the Securities Exchange Act of 1934.

Cessation of Participation. A participant may choose to withdraw from the Stock Purchase Plan by giving the Company written or electronic notice no later than the Friday before a new pay period for which the withdrawal is to be effective. A participant who withdraws may renew participation in the Stock Purchase Plan by giving notice to the Company. Distributions from the Stock Purchase Plan after a voluntary withdrawal are subject to the rules described above in the section titled "Stock Certificates."

Withdrawals will occur automatically when and if a participant ceases to be an eligible employee. As soon as practicable following the withdrawal, the Company will issue to the participant a stock certificate and a check for the sum of the uninvested funds held to the participant's credit under the Stock Purchase Plan. At that time, all of the participant's purchase rights under the Stock Purchase Plan will terminate.

Expenses. The Company intends to bear all costs of maintaining records and executing transfers of Class A Common Stock. Brokerage expenses incurred in the purchase of shares will be included as part of the cost of shares purchased by the participants.

Amendment or Discontinuance of the Stock Purchase Plan. The Board may amend or discontinue the Stock Purchase Plan at any time without shareholder approval. No amendment will be effective without the approval of the Company's shareholders where such approval is deemed necessary under applicable law.

Federal Income Tax Consequences

The Stock Purchase Plan is not intended to be a qualified plan under Section 401 or any other provision of the Internal Revenue Code. Accordingly, amounts withheld from a participant's compensation, as well as a participant's share of the Company's matching contributions credited under the Stock Purchase Plan, are immediately taxable to the participant for federal income tax purposes and may also be taxable under applicable state and local laws. Such taxable amount determines the participant's cost basis in the shares of the Company's Class A Common Stock purchased under the Stock Purchase Plan. Upon a disposition of the shares purchased under the Stock Purchase Plan, any gain or loss which may be realized will be treated for federal income tax purposes as long-term or short-term capital gain or loss.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis provides information regarding the compensation paid to our Chairman of the Board, Chief Executive Officer, Chief Financial Officer and certain other executive officers who were the most highly compensated in fiscal year 2012. These individuals, referred to as named executive officers or NEOs, are identified below:

John Tyson, Chairman of the Board (Chairman)

Donnie Smith, President and Chief Executive Officer (CEO)

Dennis Leatherby, Executive Vice President and Chief Financial Officer (CFO)

Donnie King, Senior Group Vice President, Poultry and Prepared Foods

James V. Lochner, Chief Operating Officer (COO)

Noel White, Senior Group Vice President, Fresh Meats

Our Board recognizes the fundamental interest our shareholders have in the compensation of our executive officers. At the 2011 Annual Meeting, our shareholders approved, on an advisory basis, the compensation of our named executive officers. Based upon the results of such advisory vote and our review of our compensation policies and decisions, we believe that our existing compensation policies and decisions are consistent with our compensation philosophy and objectives discussed below and adequately align the interests of our named executive officers with the long term goals of the Company.

Based on the advisory vote of our shareholders at the 2011 Annual Meeting, the Board determined that the Company will hold shareholder advisory votes on executive compensation once every three years. The next shareholder advisory vote on executive compensation is scheduled to occur at the Annual Meeting of Shareholders to be held in 2014.

Fiscal Year 2013 Compensation Decisions

During fiscal year 2012, the Compensation Committee undertook a project in which it examined short-term and long-term compensation of executive officers as well as the Company's employment contract structure, with a goal toward implementing any changes after the end of fiscal year 2012. The Compensation Committee, which worked with the Company's compensation consultant, Hay Group, and members of senior management during the project, had an overarching goal that any changes in compensation would be consistent with the Company's compensation philosophy and objectives described below. As part of this process, the Compensation Committee selected a new peer group of companies which they felt more accurately reflected the Company's industry peers. The new peer group, which will first be used in comparative performance in compensation in fiscal year 2013, is made up of Archer-Daniels-Midland Company, Bunge Limited, Campbell Soup Company, ConAgra Foods, Inc., Dean Foods Company, General Mills, Inc., H. J. Heinz Company, Hormel Foods Corporation, Kellogg Company, Kraft Foods Group, Inc., McCormick & Company, Incorporated, Pilgrim's Pride Corporation, Sanderson Farms, Inc., Smithfield Foods, Inc., The Hillshire Brands Company, and The J. M. Smucker Company. During the course of the project, the Company compared the compensation of its executive officers against comparable employees of the new peer group companies, as well as against comparable employees included in the General Industry Data (defined below). The data developed during the project indicated that Company executive officer salaries and target performance incentive amounts were generally at or below the 50th percentile of the comparative data. Long-term incentives, i.e. equity compensation, were generally below the 50th percentile, and the Company's historic mix of equity compensation, namely options and restricted stock (weighted heavily toward options) was considerably different from the new peer group.

Edgar Filing: TYSON FOODS INC - Form DEF 14A

At the conclusion of the project, the Compensation Committee concluded that:

employment contracts should be simplified, with no specific term (i.e., length) for any officer with the exception of the Chairman, the CEO and the COO;

Table of Contents

equity compensation would not be pre-determined by the contract which would instead only set forth eligibility, providing flexibility for the Compensation Committee, with the input of management, to determine actual amounts for NEOs; and

the mix of equity grants for executive officers was changed to provide for two classes of performance stock (40% and 25% of equity compensation, respectively) and stock options (35%).

Because these changes do not relate to compensation earned by or paid to the NEOs during fiscal year 2012, they will be more fully described in the proxy statement for the Annual Meeting of Shareholders to be held in 2014.

Compensation Philosophy and Objectives

Our executive compensation program is designed to provide a competitive level of compensation necessary to attract, motivate and retain talented and experienced executives and to motivate them to achieve short-term and long-term corporate goals that enhance shareholder value. Consistent with this philosophy, the following are the key objectives of our compensation programs.

Shareholder Alignment. One of the primary objectives of our executive compensation philosophy is to ensure that an appropriate relationship exists among executive pay, the Company's financial performance and the creation of shareholder value. We believe that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and shareholder interests.

Attract, Motivate and Retain Key Employees. Our executive compensation program is shaped by the competitive market for management talent in the food industry and at other public and private companies. We believe our executive compensation should be competitive with the organizations with which we compete for talent. As such, it is our goal to provide compensation at levels (both in terms of benefits provided and amounts paid) that attracts, motivates and retains superior executive talent for the long-term.

Link Pay to Performance. We believe that as an executive's responsibility increases, a larger portion of his or her total compensation should be at-risk incentive compensation (both short-term and long-term), subject to corporate, segment, individual, stock price and/or earnings performance measures. Our compensation program links pay to performance by making a substantial portion of total executive compensation variable, or at-risk, through an annual performance incentive program based on Company earnings and performance goals. As performance goals are met or exceeded, executives are rewarded commensurately. The program also includes the granting of long-term incentive equity awards, primarily including stock options and restricted stock.

How We Determine Compensation

Role of the Compensation Committee. In general, the Compensation Committee works with management to set compensation philosophy and objectives and to ensure key executives are compensated in accordance with such philosophy and objectives. More specifically, the Compensation Committee periodically reviews and approves the Company's stated compensation strategy, corporate goals and objectives relevant to management compensation and total compensation policy to ensure they support business objectives, create shareholder value, are consistent with shareholder interests, attract, motivate and retain key executive talent and link compensation to corporate performance. The Compensation Committee also periodically reviews the composition of the peer groups used for competitive pay/performance benchmarking and analyzes total compensation for the Chairman and the CEO and the Company's band level structure as compared to the relevant external benchmarks. A discussion of the peer group and external benchmarks used in establishing compensation is set forth below under the heading

Role of Compensation Consultants/Benchmarking. The Compensation Committee's charter describes additional duties and responsibilities of the Compensation Committee with respect to the administration, oversight and determination of executive compensation. A copy of the Compensation Committee's Charter can be found at the website <http://ir.tyson.com>.

Table of Contents

The Compensation Committee works to ensure that its decisions are consistent with tax regulations, relevant law, and NYSE listing requirements and are handled in a manner that is mutually satisfactory to the Compensation Committee and the Company's principal shareholder. Because the Company meets the definition of a controlled company under NYSE corporate governance rules, the Compensation Committee is not required to determine the compensation of our CEO in its sole discretion. However, the Compensation Committee has approved the employment contracts and total compensation for our CEO since 2003.

Band Structure. Except for our Chairman, CEO and COO, our executive officers and key employees are compensated based on the Company's band structure. Our band structure has nine levels, each of which sets forth amounts for target base salary, target annual cash performance incentive payments, annual stock option grants and restricted stock grants, as well as eligibility to participate in the Tyson Foods, Inc. Supplemental Executive Retirement and Life Insurance Premium Plan (SERP). An executive officer's band level designation is made by the CEO subject to ratification by the Compensation Committee. The designation is based on the individual's level of responsibility and ability to affect shareholder value relative to other executive officers and key employees. Each element of compensation paid or awarded under the band structure is fixed at pre-determined amounts with the exception of base salary and annual cash performance incentive payments. The band structure provides a target amount at each band level for base salary and annual cash performance incentive payments, but actual salary and performance incentive payments can be adjusted above or below such targets based on an individual's responsibility and performance as determined on a case by case basis by such individual's supervisor.

Our current band structure was established in 2004 by our human resources group and senior management based on their collective review of recommendations provided by Hay Group together with market analysis and data regarding general industry trends in executive compensation (General Industry Data). The General Industry Data was selected as the benchmark for the Company's band structure because we believe it served as a stable representation of national pay levels. The Compensation Committee and the Company's human resources group periodically review the band structure and updated market analysis with senior management and suggest modifications as they deem necessary to ensure that our executive officers and key employees are generally compensated in accordance with our compensation philosophies and objectives. For more detailed discussion regarding decisions with respect to each element and amount of compensation provided for in the band structure, see the section below titled Elements of Compensation.

Interaction Between the Compensation Committee and Management. Band level designations for all executive officers, other than our Chairman, CEO and COO, and key employment contract terms are determined by the CEO in consultation with the Company's human resources group. The Company's human resources group presents a summary of the key terms of each executive officer's contract, including band level designations, to the Compensation Committee. The Compensation Committee reviews and discusses the contracts and will meet with the Company's human resources group as it deems necessary to discuss any questions or issues it has regarding these decisions. Once all questions and issues have been addressed to the satisfaction of the Compensation Committee, the Compensation Committee will ultimately ratify these employment contracts and the band level designations.

Table of Contents

Role of Compensation Consultants/Benchmarking. Since fiscal year 2001, the Company has retained Hay Group to periodically provide data and market analyses regarding compensation practices of a certain group of publicly traded companies in the protein and packaged foods industries (which we refer to as the Compensation Peer Group) and the General Industry Data. The following companies made up the Compensation Peer Group for fiscal year 2012:

Campbell Soup Company

ConAgra Foods, Inc.

General Mills, Inc.

H.J. Heinz Company

Hormel Foods Corporation

Kellogg Company

McCormick & Company, Incorporated

Pilgrim s Pride Corporation

Smithfield Foods, Inc.

The Hershey Company

The Hillshire Brands Company (formerly Sara Lee Corporation)

Hay Group furnishes the data and analyses to our human resources group which are then summarized and presented by our human resources group to the Compensation Committee. The Compensation Committee uses this summary information in its review of compensation for executive officers (including the NEOs) and compensation levels within our band structure to determine whether the compensation levels are consistent with our compensation philosophy and our objective of providing competitive compensation that attracts, motivates and retains executive talent. In that regard, the Compensation Committee targets total compensation at or below the 50th percentile of the Compensation Peer Group for our CEO, between the 50th and 75th percentiles of the broader General Industry Data for our COO, and at or below the 50th percentile of the General Industry Data for the other NEOs. The Compensation Committee believes it is necessary to target our CEO s compensation based on the smaller Compensation Peer Group, which is made up exclusively of public companies in the food industry, because these are companies against which we compete for the specialized talents and experience possessed by our CEO. On the other hand, because many of the talents possessed by the other NEOs could transcend a variety of industries, the Compensation Committee believes it appropriate to use the General Industry Data in setting their compensation as it represents a cross section of consumer products and other industries, not just food industry companies. In fiscal year 2012, these data and market analyses and the services described above in the section titled Fiscal Year 2013 Compensation Decisions were the only consulting services provided by Hay Group to the Company. Neither the Compensation Committee nor the Company believes that these services raise any conflict of interest.

The Compensation Committee is expressly authorized in its charter to retain independent legal, accounting or other advisors or experts at the Company s expense. In fiscal year 2012 the Compensation Committee did not retain any independent legal, accounting or other advisors or experts.

How NEOs Are Compensated

It is the Company s practice to enter into employment contracts with its executive officers. Once compensation decisions are made and an employment contract is executed, the officer is entitled to receive the compensation provided for in his or her contract until it is terminated or amended. For a more detailed discussion of each NEO s employment contract, see the section titled Employment Contracts in this Proxy Statement.

Table of Contents

John Tyson. In fiscal year 2011, the Company entered into an employment contract with Mr. Tyson for his role as non-executive chairman of the Board. Mr. Tyson assumed the role of executive chairman of the Board in fiscal year 2012, though an updated employment contract regarding his new position was not entered into until November 25, 2012. As a result, during fiscal year 2012, Mr. Tyson was compensated pursuant to the terms of his non-executive chairman employment contract which did not contain provisions customarily included in the Company's executive officer contracts, such as the possibility for annual base salary increases and equity award grants. Such contract was approved by the Compensation Committee and the compensation payable thereunder was determined based on an evaluation of compensation paid to non-executive chairmen. All elements of compensation payable to Mr. Tyson under this employment contract were fixed except annual cash performance incentive payments. Decisions regarding Mr. Tyson's participation in the Company's cash performance incentive payment programs were made annually by the Compensation Committee. For a more detailed analysis regarding these decisions see the section titled "Elements of Compensation" in this Proxy Statement.

Donnie Smith. For fiscal year 2012, Mr. Smith was compensated in accordance with an employment contract he entered into with the Company on December 16, 2009. The Compensation Committee approved the final terms of this contract before it was executed. The decision to approve this contract and the compensation payable thereunder was based upon:

an evaluation of historical total compensation made to individuals with similar responsibilities at companies in the Compensation Peer Group;

an evaluation of the proposed total compensation in comparison to the Company's other executive officers to ensure that compensation was commensurate with level of responsibility; and

recommendations from the Company's human resources group and advice from compensation consultants engaged by the Company and the Compensation Committee.

All elements of compensation payable to Mr. Smith under this contract were fixed except base salary and annual cash performance incentive payments. Decisions regarding whether to increase Mr. Smith's base salary and his participation in the Company's cash performance incentive payment programs were made annually by the Compensation Committee. For a more detailed analysis regarding these decisions see the section titled "Elements of Compensation" in this Proxy Statement.

For fiscal year 2012, Mr. Smith's target and actual total compensation were below the 50th percentile of the Compensation Peer Group based on the most recently available published information.

James V. Lochner. For fiscal year 2012, Mr. Lochner was compensated in accordance with an employment contract he entered into with the Company on December 16, 2009. The Compensation Committee approved the terms of this contract before it was executed. The decision to approve this contract and the compensation payable thereunder was based upon:

an evaluation of the proposed total compensation in comparison to the Company's other executive officers to ensure that compensation was commensurate with level of responsibility; and

recommendations from the Company's CEO and human resources group and advice from compensation consultants engaged by the Company and the Compensation Committee.

All elements of compensation payable to Mr. Lochner under this employment contract were fixed except base salary and annual cash performance incentive payments. Decisions regarding whether to increase Mr. Lochner's salary were made annually by the CEO and his participation in the Company's cash performance incentive payment programs were made annually by the CEO and the Compensation Committee. For a more detailed analysis regarding these decisions, see the section titled "Elements of Compensation" in this Proxy Statement.

Table of Contents

Mr. Lochner's target total compensation in fiscal year 2012 was between the 50th and 75th percentiles of the General Industry Data based on the most recently available published information.

All Other NEOs. The compensation payable to Messrs. Leatherby, King and White under their respective employment contracts is based on the band level designated to them prior to execution of their respective contracts. In fiscal year 2012, Messrs. King and White were compensated at the first band level and Mr. Leatherby was compensated at the second band level.

With respect to target total compensation in fiscal year 2012, Messrs. Leatherby, King and White were below the 50th percentile of the General Industry Data based on the most recently available published information.

Elements of Compensation

The Company's executive compensation program consists of:

base salary;

annual performance incentive payment;

equity-based compensation;

financial, retirement and welfare benefit plans; and

certain defined perquisites.

Compensation Mix

Because of the ability of executive officers to directly influence the overall performance of the Company, and consistent with our philosophy of linking pay to performance, it is our goal to allocate a significant portion of compensation paid to our executive officers to performance-based, short- and long-term incentive programs. In addition, as an executive officer's responsibility and ability to affect financial results of the Company increases, base salary becomes a smaller component of total compensation and long-term, equity-based compensation becomes a larger component of total compensation, further aligning his or her interests with those of the Company and its shareholders. We strive to allocate total compensation in a manner that is market competitive with our peer groups. The table below illustrates the mix of total compensation for Mr. Smith, individually, and Messrs. Leatherby, King, Lochner, and White, as a group, based on compensation paid in fiscal year 2012. Mr. Tyson is excluded from the table below because for fiscal year 2012 he was compensated under his previous non-executive chairman contract.

Compensation Element	2012 Total Compensation Mix for Mr. Smith	2012 Total Compensation Mix for Messrs. Leatherby, King, Lochner and White
Base Salary	11.47%	15.21%
Performance Incentive Payment	31.86%	32.92%
Equity-Based Compensation	35.64%	25.67%
Financial, Retirement and Welfare Benefit Plans and Perquisites	21.02%	26.20%

Table of Contents*Base Salary*

Base salary is one element of executive compensation used to compensate NEOs for services rendered during the fiscal year. Each NEO's employment contract sets a floor amount for base salary. The Compensation Committee approved such amounts for Messrs. Tyson, Smith and Lochner as part of its process in approving their respective employment contracts. Base salary amounts for all other NEOs are based on each NEO's pre-determined band level. The Company's band structure sets forth a target amount for base salary at each level. The CEO has discretion to set base salary above or below the target amount as he deems appropriate based on each NEO's level of responsibility when employment contracts for these individuals are entered into or amended.

The employment contract effective for each NEO during fiscal year 2012 (other than Mr. Tyson's) states that base salary is subject to annual increases but not decreases. The Compensation Committee has the ability to increase Mr. Smith's base salary annually as it deems appropriate. The CEO has the discretion to make increases to base salaries for the other current NEOs as he deems appropriate. In determining whether to increase an NEO's base salary, the Compensation Committee or the CEO, as applicable, considers (i) the individual's past performance, (ii) the individual's potential for advancement within the Company, (iii) changes in level and scope of responsibility for the individual, and (iv) salaries of persons holding comparably responsible positions at companies represented in the Compensation Peer Group or General Industry Data, as applicable. The Compensation Committee or the CEO also considers cost of living adjustments in determining annual base salary increases. Neither the CEO nor the Compensation Committee assigns a particular weight to any factor. Annual salary merit increases for NEOs that are approved by the CEO are generally consistent with merit increases for other officers and management personnel. For fiscal year 2012, each NEO (other than the Chairman and the CEO) received an annual salary merit increase of approximately 3%. Mr. Smith was eligible to receive a 3% merit increase in fiscal year 2012, however, he declined to accept it.

The table below discloses the base salary in effect for each NEO at the end of fiscal years 2011 and 2012 and the percentage increase in their 2012 base salary from their 2011 base salary.

Name	End of Fiscal Year 2011 Salary	End of Fiscal Year 2012 Salary	Percentage Change

Noel White	\$ 530,000	\$ 548,000	3.4%

Annual Performance Incentive Payments

Employment contracts with our NEOs provide them an opportunity to receive cash performance incentive payment awards each year. In fiscal year 2012, the cash performance incentive payment plan in place for senior executive officers was the Tyson Foods, Inc. Annual Incentive Compensation Plan for Senior Executive Officers (Executive Incentive Plan). This plan is designed to align the interests of management towards the achievement of a common corporate goal. The Executive Incentive Plan is also designed to maximize the Company's ability to deduct for tax purposes performance-based compensation paid to NEOs. Participants in the Executive Incentive Plan are selected each year by the Compensation Committee based on their potential to receive total compensation that may not otherwise be deductible by the Company for tax purposes. An NEO selected to participate in the Executive Incentive Plan is not eligible to participate in other cash performance incentive payment plans maintained by the Company. For fiscal year 2012, the Compensation Committee designated all NEOs as eligible participants under the Executive Incentive Plan.

Cash performance incentive payments under the Executive Incentive Plan are based on performance measures established each year by the Compensation Committee. For fiscal year 2012, the Compensation Committee selected Adjusted EBIT as the performance measure under the plan. EBIT is the Company's

Table of Contents

operating income (which takes into account accruals for performance incentive payments) before interest and taxes, and Adjusted EBIT takes into account any unusual or unique items, such as one-time gains or losses. The Compensation Committee believes Adjusted EBIT is an appropriate measure of Company performance to utilize in making performance-based compensation decisions because senior management uses this same measure, in large part, to evaluate the day-to-day performance of the business. For fiscal year 2012, the Compensation Committee set the target Adjusted EBIT level for 100% of target performance payments at \$1.134 billion and a threshold level of Adjusted EBIT for 30% of target performance incentive payments at \$800 million.

An NEO's target performance incentive payment eligibility, expressed as a percentage of base salary, is established each year by the Compensation Committee. Performance incentive payment eligibility begins at threshold Adjusted EBIT and increases linearly. For fiscal year 2012, Messrs. Tyson, Smith and Lochner were awarded higher performance incentive payment eligibility by the Compensation Committee given their level of responsibility and ability to affect shareholder value relative to the other NEOs.

Name	2012 Salary	Performance Incentive Payment Eligibility at Target Adjusted EBIT Expressed as Percentage of Base Salary	Performance Incentive Payment Eligibility at Threshold Adjusted EBIT of \$800 million (30% of target performance incentive payment)	Performance Incentive Payment Eligibility at Target Adjusted EBIT of \$1.134 billion (100% of target performance incentive payment)	Performance Incentive Payment Eligibility at Actual Adjusted EBIT of \$1.281 billion (170% of target performance incentive payment)
John Tyson	\$ 500,000	180%	\$ 270,000	\$ 900,000	\$ 1,531,980
Donnie Smith	\$ 900,000	180%	\$ 486,000	\$ 1,620,000	\$ 2,757,564
Dennis Leatherby	\$ 566,500	120%	\$ 203,940	\$ 679,800	\$ 1,157,156
Donnie King	\$ 548,000	132%	\$ 217,008	\$ 723,360	\$ 1,231,303
James V. Lochner	\$ 927,000	180%	\$ 500,580	\$ 1,668,600	\$ 2,840,291
Noel White	\$ 548,000	132%	\$ 217,008	\$ 723,360	\$ 1,231,303

In determining actual performance incentive payment amounts to be paid, the Compensation Committee has the discretion to award performance incentive payments up to the amount of an NEO's performance incentive payment eligibility. Actual Adjusted EBIT for fiscal year 2012 was approximately \$1.281 billion, which resulted in performance incentive payment eligibility for each NEO of approximately 170% of their respective target performance incentive payments. At the end of the fiscal year, the Compensation Committee reviewed performance incentive payment eligibility for NEOs based on this amount and the individual performance of each NEO with our CEO and other members of management and the Board. Based on this review, the Compensation Committee awarded the NEOs the performance incentive payment amounts set forth below.

Name	Performance Incentive Payment Eligibility at Actual Adjusted EBIT of \$1.281 billion	Performance Incentive Payment	Percentage of Performance Incentive Eligibility Paid
John Tyson	\$ 1,531,980	\$ 1,348,200	88.00%
Donnie Smith	\$ 2,757,564	\$ 2,499,562	90.64%
Dennis Leatherby	\$ 1,157,156	\$ 964,296	83.33%
Donnie King	\$ 1,231,303	\$ 1,083,593	88.00%
James V. Lochner	\$ 2,840,291	\$ 2,405,565	84.69%
Noel White	\$ 1,231,303	\$ 1,026,086	83.33%

Equity-Based Compensation

We believe equity-based compensation is an effective long-term incentive for executives and managers to create value for shareholders as the value of such compensation has a strong correlation to appreciation in the Company's stock price. Each NEO's employment contract during fiscal year 2012 (other than Mr. Tyson's) set

Table of Contents

forth the amount of equity-based compensation the NEO will receive during the term of the contract. Because Mr. Tyson's employment contract for fiscal year 2012 related to his service as a non-executive officer, it did not provide for annual equity awards. For Messrs. Smith and Lochner, the amount of annual equity grants was determined by the Compensation Committee. For Messrs. Leatherby, King and White, these amounts were set based on the applicable amount of such awards for their respective band level designation at the time their contracts were executed. The Company's band structure sets forth the number of stock options and the dollar amount of restricted stock and performance stock to be awarded. However, unlike base salary and cash performance incentive payments, these amounts are not subject to adjustment after an employment contract is executed.

The amounts and types of equity-based compensation to be awarded within the band levels are determined by management and/or the Compensation Committee with a view towards aligning the interests of executives and other managers with the interests of the Company's shareholders. In determining these amounts, management and the Compensation Committee review the relationship of long-term compensation to cash compensation and the perceived need of providing additional incentives to executives and managers to increase shareholder value and compare the value of equity-based compensation awarded to NEOs to awards made to executives in similar positions within the peer groups.

Stock Options. Stock options were the primary component of our equity-based compensation for fiscal year 2012. Each NEO's employment contract in effect during fiscal year 2012 (other than Mr. Tyson's) set forth the number of annual stock options the NEO was entitled to receive. The Compensation Committee believes that stock options allow the Company to provide employees with an incentive different from base salary and cash performance incentive payments as options increase in value based on Company share price rather than individual performance. Stock options are typically awarded and approved annually by the Compensation Committee prior to or on a pre-determined grant date. The grant date for fiscal year awards usually occurs four business days after the Company announces fiscal year-end financial results. The exercise price for option awards is the closing price for our Class A Common Stock as reported on the NYSE on the grant date. Option awards expire ten years after the grant date. The Company does not backdate, re-price or grant equity awards retroactively. All stock options awarded prior to fiscal year 2010 vest in annual increments beginning on the second anniversary of the date of the award and become fully vested after five years; however, beginning in fiscal year 2010, the stock options vest in equal annual increments beginning on the first anniversary of the date of the award and become fully vested after three years. The Compensation Committee set the grant date of November 28, 2011 on May 5, 2011 and made final approval of the 2012 fiscal year stock option awards at its meeting held on November 17, 2011. For details regarding stock options granted to the NEOs in fiscal year 2012, see the table titled "Grants of Plan Based Awards During Fiscal Year 2012" in this Proxy Statement.

Restricted Stock. Restricted stock held by NEOs during fiscal year 2012 was awarded in the form of a one-time grant when the NEO entered into his employment contract. The actual number of shares of restricted stock granted was determined by dividing the designated band level dollar value or the dollar value assigned by the Compensation Committee, as applicable, for restricted stock by the closing stock price on the day prior to the date the contract was offered. For example, if the designated dollar value for restricted stock was \$300,000 and the closing stock price on the day prior to the date the contract was offered to the executive is \$15 per share, the employment contract offered to the executive included a grant of 20,000 shares of restricted stock. For details regarding outstanding restricted stock in fiscal year 2012, see the table titled "Outstanding Equity Awards at 2012 Fiscal Year-End" in this Proxy Statement.

Performance Stock. As with stock options, the number of performance stock awards an executive is entitled to receive each year is established when an employment contract is entered. However, beginning in July 2009, new employment contracts did not contain provisions for performance stock awards. The Company's decision not to award performance stock after that date was based on the Compensation Committee's belief that stock options provided NEOs with adequate incentive to achieve results aligned with shareholders' interests. Messrs. Leatherby and King were the only NEOs with outstanding performance stock awards as of

Table of Contents

September 29, 2012. Beginning in fiscal year 2013, the Compensation Committee elected to reinstate performance stock awards as part of NEO compensation along with stock options as part of the Company's program to provide executive officers a more balanced mix of equity compensation.

Performance stock awards represent the right to receive shares of Class A Common Stock if certain performance criteria are met within the time period indicated in the grant. The actual number of shares of performance stock granted is determined by dividing the designated band level dollar value or the dollar value assigned by the Compensation Committee, as applicable, for performance stock by the closing price of the Company's stock on the last trading day of the fiscal year. The grant date for annual performance stock awards historically occurs on the first business day of the fiscal year. The Compensation Committee ratified the fiscal year 2012 performance stock awards at its November 17, 2011 meeting with a grant date of October 3, 2011. Performance criteria are measured three years from the date of grant and, if the performance criteria are achieved, the award vests thereafter. The right to receive Class A Common Stock under a performance stock award is conditioned upon the executive officer remaining continuously in the employment of the Company from the grant date through the vesting date, subject to certain exceptions involving the death, disability or retirement of the executive officer. All performance stock awards are issued under the Stock Incentive Plan.

On an annual basis, the Company's senior management, Compensation Committee and human resources group meet to discuss the performance criteria options and levels to be considered for the following year's grants. A list of eligible criteria available for consideration was approved by shareholders to ensure tax deductibility for performance-based compensation. Through the course of its review and discussions, the Compensation Committee chooses such options that the Compensation Committee reasonably believes provide the appropriate balance between (i) significant performance measures aimed at increasing shareholder value if achieved, and (ii) performance measures that are reasonably attainable so as to motivate the officers to achieve the performance goals.

The performance criteria adopted by the Compensation Committee for performance stock awards granted in fiscal year 2012 compared the Company's stock price performance against the stock price performance of companies making up the Compensation Peer Group. The vesting of performance stock awards granted in fiscal year 2012 is as follows:

33% of such shares vest if the Company's stock outperforms five members of the Compensation Peer Group over a three-year period;

67% of such shares vest if the Company's stock outperforms seven members of the Compensation Peer Group over a three-year period; and

all such shares vest if the Company's stock outperforms nine members of the Compensation Peer Group over a three-year period.

For details regarding performance stock awards granted to the NEOs in fiscal year 2012, see the table titled "Grants of Plan Based Awards During Fiscal Year 2012" in this Proxy Statement.

Financial, Retirement and Welfare Benefit Plans

Our NEOs are eligible to participate in the Company's financial, retirement and welfare benefit plans that are generally available to all employees of the Company. The NEOs are also eligible to participate in certain plans, described below, that are only available to contracted officers and managers. We believe these benefits are a basic component in attracting, motivating and retaining executives and are comparable to the benefits offered by the companies in our peer groups according to market data.

Deferred Compensation. The SERP is a nonqualified deferred compensation plan providing life insurance protection during employment and a subsequent retirement benefit to certain officers of the Company, including all NEOs. The retirement benefit is a lifetime annuity. The primary formula for calculating the amount of such

Table of Contents

benefit is one percent of the average annual compensation paid to the participant for his or her final five years of service multiplied by his or her years of creditable service. The SERP also provides for catch-up accruals for certain grandfathered participants (officers prior to 2002 receive an additional one percent of their final 5 year average annual compensation multiplied by their final five years of creditable service). In addition, participants with at least 20 years of vesting service are generally eligible for a minimum benefit and a tax allowance based on the amount of their executive life insurance premium at the male nonsmoker rate. Participants do not vest in the retirement benefits until attaining age 62, although a participant who attains at least age 55 and whose combination of age and years of vesting service equal or exceed 70 vests on the date that the early vesting rule is satisfied. A participant who vests in his or her retirement benefit prior to age 62 may retire early and receive an actuarially reduced benefit. A participant who terminates employment or becomes ineligible to participate before vesting or a participant who is terminated for cause, even if fully vested, is not entitled to any benefits under the SERP. A participant who terminates prior to vesting because of disability is eligible for a fully vested and unreduced minimum benefit. The Compensation Committee has the discretion to grant early retirement benefits under the plan.

If a participant in the SERP dies, the participant's beneficiaries receive a death benefit under the life insurance portion of the SERP. As of September 29, 2012, the life insurance portion of the SERP provided a death benefit of \$3,000,000 for each of Messrs. Smith and Lochner and \$2,000,000 for each of Messrs. Leatherby, King and White. Mr. Tyson no longer participates in the life insurance portion of the SERP because previous amounts accrued by him were monetized and are being paid in connection with his assuming the role of non-executive chairman in fiscal year 2008, and Mr. Tyson is currently receiving the benefits. Additional information about our SERP is included in the narrative text following the table titled "Pension Benefits for Fiscal Year 2012" in this Proxy Statement.

Retirement Plans. We also provide the following qualified and nonqualified plans to the NEOs:

Employee Stock Purchase Plan;

Retirement Savings Plan;

Executive Savings Plan; and

Executive Long-Term Disability Plan.

The Employee Stock Purchase Plan is a nonqualified benefit plan available to all NEOs and to most employees (some bargaining units do not participate). The purpose of the plan is to offer employees who participate a way to purchase our common stock on terms better than those available to a typical investor. Participants are eligible to participate on the first day of the month following three months of service and can contribute (on an after tax basis) up to 20% of base pay to this plan per pay period. After one year of service the Company will match 25% of the first 10% of base pay contributed. The plan provides for 100% immediate vesting.

The Retirement Savings Plan is a qualified benefit plan (401(k)) available to all NEOs and to most employees (some bargaining units do not participate). The plan allows employees who participate to save money for retirement while deferring income taxes on the amount saved and any earnings on those amounts until the funds are withdrawn. Participants may elect how their accounts are invested from a number of investment options. Participants are eligible to participate on the first day of the month following three months of service and can contribute from 2% to 60% of base pay to this plan per pay period, subject to IRS annual limits on contributions and compensation. After one year of service the Company will match 100% of the first 3% of base pay contributed, plus 50% of the next 2% contributed. This plan provides for 100% immediate vesting.

The Executive Savings Plan is a nonqualified deferred compensation plan available to the NEOs and other highly compensated employees of the Company. The plan is available for those who wish to defer additional dollars over and above the IRS limits for qualified plans. After reaching the annual IRS limits in the Retirement

Table of Contents

Savings Plan, participants can begin deferring up to 100% of base pay into this plan. Participants can also defer up to 100% of the annual performance incentive payment to this plan. All deferrals and payout elections to this plan must be elected by December 31 of the year prior to the deferral year. This plan provides Company matching contributions in the same manner and amount as the Retirement Savings Plan not otherwise matched under the Retirement Savings Plan. Participants may elect how their accounts are invested from the investment options available under the Retirement Savings Plan plus an investment option paying the prime rate as reported in the *Wall Street Journal* plus two percentage points. This plan provides for 100% immediate vesting. Additional information on the Executive Savings Plan can be found in the narrative text following the table titled "Nonqualified Deferred Compensation for Fiscal Year 2012" in this Proxy Statement.

Officers and certain managers of the Company who are party to a written employment contract (including the NEOs) participate in the Executive Long-Term Disability Plan. This plan replaces (tax free) up to 60% of insured earnings to a maximum benefit of \$25,000 per month. Insured Earnings includes salary, annual performance incentive payment and a portion of the current estimated value of restricted stock and stock options. The value of the premiums paid by the Company, plus estimated income taxes thereon, are included in the participant's taxable income.

Welfare Plans. Our NEOs and other executives participate in our broad-based employee welfare plans, including medical, dental, vision and insurance. These plans and benefits are available to all salaried employees. In addition, contracted officers and managers, including our NEOs, have an additional health insurance benefit, known as the Executive Medical Reimbursement Plan (EMRP). The EMRP reimburses contracted officers and certain contracted managers of the Company (including the NEOs) and their covered dependents up to 100% of medical, prescription drug, dental and vision expenses not covered by Company plans. The benefits eligible to be reimbursed include only those expenses allowable as tax deductions for the Company under tax regulations existing at the time of reimbursement. Benefits through this plan are limited to annual maximums which vary based on position with the Company (\$30,000 for each NEO). Each participant is charged a supplemental premium for this benefit.

Perquisites

Pursuant to the employment contracts with the NEOs, we provide certain perquisites that the Compensation Committee believes are reasonable and consistent with our overall compensation program. The Company pays any taxes owed by the NEOs on certain of these perquisites. The value of these perquisites and the estimated income taxes thereon are imputed as income to the executive. The Compensation Committee believes that these personal benefits provide executives with benefits comparable to those they would receive at other companies within our peer groups and are necessary for us to remain competitive in the marketplace. The Compensation Committee reviews the perquisites on a periodic basis to ensure that they are appropriate in light of the Company's total compensation program and market practice. For the last completed fiscal year, Messrs. Tyson, Smith and Lochner were permitted by their employment contracts to personal use of Company-owned aircraft (subject to certain contractual limits), and all NEOs were provided access to event tickets. For fiscal year 2012, Mr. Tyson was entitled to receive the following additional perquisites under the terms of his employment contract:

reimbursement for annual country club dues;

use of, and the payment of all reasonable expenses for, an automobile;

reimbursement for reasonable costs incurred for tax and estate planning advice;

up to 1,500 hours per year in security services (which the Company estimates will cost \$40 per hour); and

reimbursement for the annual premium payment on a \$7,500,000 life insurance policy.

The attributed costs of the perquisites described above for the NEOs for fiscal year 2012 are described in the "All Other Compensation" column of the Summary Compensation Table for Fiscal Years 2012, 2011, and 2010 in this Proxy Statement.

Table of Contents

Employment Contracts

The Company maintained employment contracts with each NEO during fiscal year 2012. A summary description of these contracts is provided below. During fiscal year 2013, the employment contracts described below were terminated and replaced by new employment contracts.

John Tyson. On October 3, 2010, the Company entered into a contract with Mr. Tyson concerning his role as non-executive chairman of the Board for a term expiring on October 3, 2020. Under the contract, Mr. Tyson was required to perform services not to exceed twenty hours per month. The contract provided for a payment of \$500,000 annually to Mr. Tyson and eligibility for annual performance incentive payments at the discretion of the Compensation Committee. Mr. Tyson was also eligible to receive certain perquisites, including personal use of Company-owned aircraft for himself and/or his designated passengers for up to 150 hours annually. Under the terms of the employment contract, the Company agreed to reimburse Mr. Tyson and gross-up any tax liability incurred by Mr. Tyson through his use of Company-owned aircraft and receipt of certain other perquisites. Beginning in April 2008, Mr. Tyson began receiving annual benefit payments under the SERP pursuant to his prior contract. These payments are \$175,196 (which includes a tax allowance), less any required tax withholdings. If the contract was terminated by the Company for Cause or by Mr. Tyson (other than by reason of the Company's breach of the contract), the obligations of the Company under the contract were to cease.

Donnie Smith. Following his promotion to President and CEO on November 19, 2009, the Company and Mr. Smith entered into a three-year employment contract effective as of December 16, 2009, which provided for, among other things, an annual base salary of not less than \$900,000, participation in the Company's annual performance incentive payment programs, participation in Company employee benefit plans, a grant of 400,000 options on each grant date specified by the Company for the grant of options to employees generally that occurred during the term of his contract, a one-time grant of 282,320 options on the date that was four business days after the Company released its earnings for its fiscal first quarter of 2010, and a one-time award of 118,671 shares of restricted stock. Additionally, Mr. Smith was entitled to certain perquisites, including personal use of Company-owned aircraft for up to 50 hours per year during the term of the contract. Under the terms of the employment contract, the Company agreed to reimburse Mr. Smith and gross-up any tax liability incurred by Mr. Smith through his use of Company-owned aircraft.

All Other NEOs. The employment contracts with Messrs. Leatherby, King, Lochner and White, which are described below in more detail, provided for minimum base salary, participation in the Company's annual performance incentive payment programs, participation in Company employee benefit plans and grants of stock options and restricted stock as an incentive to an officer's long term commitment to the Company and the willingness to agree to a one-year non-compete obligation.

On June 6, 2008, Mr. Leatherby entered into a five-year employment contract with the Company upon his promotion to Executive Vice President and Chief Financial Officer. His contract provided for, among other things, a minimum base salary of \$450,000 per year, a grant of 40,000 stock options on each grant date specified by the Company for the grant of stock options to employees generally that occurred during the term of his contract, a one-time award of 41,399 shares of restricted stock, and an award of performance stock having a maximum aggregate value of \$225,000 on the first business day of each of the Company's 2009, 2010, 2011, 2012 and 2013 fiscal years.

On December 9, 2009, Mr. King entered into a three-year employment contract with the Company upon his promotion to Senior Group Vice President, Poultry and Prepared Foods. His contract provided for, among other things, a minimum base salary of \$530,000 per year, a grant of 117,680 stock options on each grant date specified by the Company for the grant of stock options to employees generally that occurred during the term of his contract, and a one-time award of 24,096 shares of restricted stock.

On December 16, 2009, Mr. Lochner entered into a three-year employment contract with the Company in connection with his promotion to COO on November 19, 2009. The contract provided for an annual base salary of not less than \$900,000, a grant of 325,000 stock options on each grant date specified by the

Table of Contents

Company for the grant of options to employees generally that occurred during the term of the contract, a one-time grant of 275,000 stock options on the date that was four business days after the Company released its earnings for its fiscal first quarter of 2010, and a one-time award of 77,136 shares of restricted stock. Additionally, Mr. Lochner was entitled to certain perquisites, including personal use of Company-owned aircraft for up to 50 hours per year during the term of the contract. The Company also agreed to reimburse Mr. Lochner and gross-up any tax liability incurred by him through his use of Company-owned aircraft.

On December 21, 2009, Mr. White entered into a three-year employment contract with the Company upon his promotion to Senior Group Vice President, Fresh Meats. His contract provided for, among other things, a minimum base salary of \$530,000 per year, a grant of 117,680 stock options on each grant date specified by the Company for the grant of stock options to employees generally that occurred during the term of his contract, and a one-time award of 24,096 shares of restricted stock. On February 4, 2011, Mr. White executed an amendment to this contract which extended the term to December 21, 2013. Pursuant to the amendment, Mr. White was paid \$230,000 and issued 5,388 shares of restricted stock.

While the contracts terminated by their terms after three years (except for Mr. Tyson's contract, which terminated in ten years, and Mr. Leatherby's contract, which terminated in five years), the NEO (including Mr. Smith) had the right to terminate their respective contracts, subject to the non-compete obligation, at any time upon ninety days' notice, and the Company had the right to terminate the contract at any time upon written notice subject to the obligation, if terminated without cause, to continue to pay base salary for a period specified in the contract and subject to provisions relating to the early vesting of equity-based compensation upon such termination.

Certain Benefits Upon a Change in Control

Employment Contracts. Each employment contract in effect during fiscal year 2012 between the Company and our NEOs provided for certain benefits payable to the NEO following a change in control of the Company. The Compensation Committee believes these benefits are an important part of the total executive compensation program because they protect the Company's interest in the continuity and stability of the executive group. The Compensation Committee also believes that the change in control benefits are necessary to retain and attract highly qualified executives and advisors and help to keep them focused on minimizing interruptions in business operations by reducing any concerns they may have of being terminated prematurely and without cause during any ownership transition.

Impact of Change in Control on the SERP. No later than thirty days after a change in control of the Company, the grantor trust created under the SERP will be funded with the present value of the higher of (i) the minimum defined benefit or (ii) all accrued benefits for each participant under the SERP. Participants will vest in a benefit equal to the amount calculated under the general provisions of the SERP as of the effective date of the change in control, but without regard to any age or service requirements, if following the change in control the SERP is terminated in a manner that adversely affects a participant or a participant experiences a termination of employment (other than a voluntary resignation without good reason or an involuntary termination for cause). For this purpose, "good reason" means: (i) a substantial adverse change in position, duties, title or responsibilities; (ii) any material reduction in base salary or annual performance incentive opportunity or benefit plan coverages; (iii) any relocation required by the Company to an office or location more than 25 miles from the current location; or (iv) failure by a successor to assume the plan. Payment of the amount calculated as of the effective date of the change in control would begin following termination of employment, regardless of age, on an actuarially adjusted basis.

Executive Life Insurance Program. Following a change in control of the Company, the Company will continue to pay the annual life insurance premiums (plus a tax gross-up based on the withholding rates for supplemental wages) under the Executive Life Insurance Program for active participants on the date of the change in control up to the earlier of termination of employment or age 62.

Severance and change in control information is more particularly described in the sections titled "Potential Payments Upon Termination" and "Potential Payments Upon a Change in Control" in this Proxy Statement.

Tax and Accounting Considerations

Limits on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code generally prevents public corporations from deducting as a business expense that portion of compensation paid to NEOs that exceeds \$1,000,000 unless it qualifies as performance-based compensation under Section 162(m). The goal of the Compensation Committee is to comply with the requirements of Section 162(m), to the extent possible, to avoid losing this deduction. However, the Compensation Committee may elect to provide compensation outside those requirements when necessary to achieve its compensation objectives. For this and other reasons, the Compensation Committee will not necessarily limit executive compensation to the amount deductible under Section 162(m). The Compensation Committee will consider various alternatives to preserve the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives. Compensation paid under the Executive Incentive Plan is intended to be deductible under Section 162(m). Notwithstanding the Executive Incentive Plan, \$96,673 of Mr. Tyson's compensation and \$33,277 of Mr. Lochner's compensation during fiscal year 2012 are not expected to qualify for deduction.

Compensation Expense. The Company accounts for equity-based awards by recognizing the compensation expense of a stock option award to an employee based on the fair value of the award on the grant date. The Company has determined the fair value of these awards based on the assumptions set forth in Note 13 to our fiscal year 2012 audited financial statements included in our most recent Form 10-K for the fiscal year ended September 29, 2012, compensation expense of restricted stock awards to an employee is based on the stock price at grant date, and deferred cash awards are based on the amount of the award. The compensation expense for stock options, stock appreciation rights, restricted stock, phantom stock, performance stock and deferred cash is ratably recognized over the vesting period.

Stock Ownership Program

In 2004, the Company adopted stock ownership and holding requirements that require senior officers (which includes the NEOs) to maintain a minimum equity stake in the Company. The requirements were modified in 2010 and subsequent to the end of fiscal year 2012, ownership and holding requirements were adopted for directors. These requirements were put into place to strengthen the alignment between the interest of the Company's directors and senior officers and the interests of its shareholders.

The program sets forth the minimum amount of shares of Company stock a director and certain officers must own. These ownership requirements are reviewed and modified, if necessary, by the Company at the beginning of the fiscal year of every even numbered fiscal year or after a significant increase or decrease in the share price. Each officer subject to the requirements has five years from the effective date of their current employment contract to achieve the applicable level of ownership. Directors have five years from the later of the Annual Meeting or his or her initial election as director.

The levels are set at a dollar amount for each band level. Officers that are promoted into new bands will be assigned the appropriate ownership levels based on the new contract and will have five years from the date of their new contract to comply with their new ownership requirements. The CEO and COO's initial ownership levels are five times annual salary and the named NEO's levels are two times annual salary. Directors ownership levels are four times their annual cash retainer.

Risk Considerations in our Overall Compensation Program

We believe that the Company's compensation program is structured in such a way as to discourage excessive risk-taking. In making this determination, we considered various aspects of our compensation program, including the mix of fixed and performance-based compensation for management and other key employees. The

Table of Contents

Company's performance-based compensation awards are designed to reward both short- and long-term performance. By linking a portion of total compensation to the Company's long-term performance, we mitigate any short-term risk that could be detrimental to the Company's long-term best interests and the creation of shareholder value. Another aspect we considered is our practice of increasing an individual's equity-based, performance compensation as a percentage of his or her total compensation as his or her responsibility and ability to affect the financial results of the Company increases. Such equity-based performance awards are subject to multi-year vesting periods and derive their value from the Company's total performance, which we believe further encourages decision-making that is in the long-term best interests of the Company and its shareholders. Finally, we considered our stock ownership guidelines for executive officers and directors, who we believe can have the greatest internal influence on the financial performance of the Company. These stock ownership guidelines are designed to strengthen the alignment between the interests of our Board and executive officers and the Company's shareholders. We believe these guidelines discourage any risk-taking that could be detrimental to the long-term interests of the Company, its performance, or our stock price. In conclusion, we believe that the Company's compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company.

- (1) The amounts included in these columns are the aggregate grant date fair values for stock and option awards granted in the fiscal year shown, computed in accordance with the stock-based compensation accounting rules set forth in Financial Accounting Standards Board's Accounting Standards Codification Topic 718. The assumptions used in the calculation of the amounts shown are included in Note 13 to our audited consolidated financial statements, which are included in our Annual Report on Form 10-K for the fiscal year ended September 29, 2012. The grant date fair values of the performance stock awards included in such amounts are based on the probable outcome of those awards as of the grant date, i.e., the probable payout of such awards based on what we have determined, in accordance with the stock-based compensation accounting rules, to be the probable levels of achievement of the performance goals related to those awards. The maximum value for such performance stock awards was \$207,619. The resulting number of shares of performance stock that vest, if any, depends on whether we achieve certain levels of performance with respect to the performance measures tied to the performance stock awards. Our NEOs do not realize the value of equity-based awards until the awards vest. The actual value that an NEO will realize from these awards is determined by the Company's future performance and share price, and may be higher or lower than the amounts indicated in the table, which represent the full grant date fair value of such awards. Descriptions of these awards are provided under Compensation Discussion and Analysis in this Proxy Statement.
- (2) Amounts reflected in this column are cash payments made to NEOs pursuant to the performance measures under the Executive Incentive Plan. For a more detailed discussion, see the subsection titled Elements of Compensation Annual Performance Incentive Payments under the Compensation Discussion and Analysis section of this Proxy Statement.
- (3) The amounts reflected in this column include above market earnings for fiscal years 2012, 2011 and 2010, respectively, on nonqualified deferred compensation as follows: Mr. Tyson - \$0, \$0 and \$0; Mr. Smith - \$35,905, \$5,144 and \$455; Mr. Leatherby - \$13,174, \$2,473 and \$787; Mr. King - \$88, \$22 and \$11; Mr. Lochner - \$98,482, \$23,726 and \$10,095; and Mr. White - \$24,879, \$4,522 and \$1,711. The amounts reflected

in this column also include the change in pension values for fiscal years 2012, 2011 and 2010, respectively, as follows: Mr. Tyson - \$928,699, \$0 and \$0; Mr. Smith - \$1,239,949, \$1,033,337 and \$155,929; Mr. Leatherby - \$547,528, \$420,033 and \$156,484; Mr. King - \$534,791, \$449,223 and \$77,780; Mr. Lochner - \$1,592,653, \$1,404,079 and \$255,160; and Mr. White - \$656,387, \$538,758 and \$106,667. For the assumptions used to determine the change in the pension value, see the table titled "SERP Assumptions" in this Proxy Statement.

- (4) The amounts reflected in this column represent the sum of all other compensation and perquisites received by the NEOs from the Company in fiscal years 2012, 2011 and 2010. Also included in these amounts are matching contributions to the applicable NEOs pursuant to the Executive Savings Plan subsequent to the end of the fiscal years 2012, 2011 and 2010, though attributable to performance in the prior fiscal years, as follows: Mr. Tyson - \$53,928, \$63,300, and \$24,000; Mr. Smith - \$99,982, \$118,772, and \$150,579; Mr. Leatherby - \$38,572, \$48,609, and \$61,347; Mr. Lochner - \$96,223, \$118,772, and \$150,579; and Mr. White - \$41,043, \$58,332, and \$65,028 (a description of the Executive Savings Plan is provided under the heading "Financial, Retirement and Welfare Benefit Plans" in "Compensation Discussion and Analysis" of this Proxy Statement, as well as following the table titled "Nonqualified Deferred Compensation for Fiscal Year 2012" under the heading "Executive Savings Plan"). Mr. King did not receive any contributions from the Company for the fiscal years described. Including post-fiscal year matching contributions is a change from previous years' reporting practice, and the amounts previously reported in this column for fiscal years 2011 and 2010 have been updated in this Proxy Statement according to our revised practice.

- (d) This amount includes \$180,619 for personal use of Company-owned aircraft. This also includes amounts for premiums paid by the Company for the EMRP, for a long term disability policy, event tickets, and for spousal attendance at an event.

The values expressed for personal use of Company-owned aircraft are based on the aggregate incremental cost to the Company using a method that accounts for fuel, maintenance, landing fees, other associated travel costs and charter fees. Messrs. Tyson's, Smith's and Lochner's personal use of Company-owned aircraft is in accordance with their respective employment contracts; moreover, such use must comply with the Company's then existing aircraft policy and not interfere with the Company's use of the aircraft. The values of all perquisites are based on the incremental aggregate cost to the Company and are individually quantified only if they exceed the greater of \$25,000 or 10% of the total amount of perquisites for such NEO.

Pension Benefits for Fiscal Year 2012

Pension benefits are available to our NEOs under the SERP. The SERP is a nonqualified deferred compensation plan providing life insurance protection to executive officers during employment and a cash benefit at retirement. Contributions to the SERP are made entirely by the Company. Retirement benefits under the SERP are paid out of a trust established by the Company in the form of a lifetime annuity. Such benefits are equal to one percent of a participant's final average annual compensation multiplied by his or her years of creditable service.

Compensation for purposes of this calculation includes cash compensation (salary plus non-equity performance incentive plan compensation) paid during the most recently completed calendar year. Final average annual compensation is the average of the cash compensation received by a participant during his or her last five completed calendar years of service. Officers prior to 2002 receive an additional one percent of their final five year average annual compensation multiplied by their final five years of creditable service. The normal retirement age under the SERP is 62, but participants may receive a benefit prior thereto, or in certain cases forfeit benefits, as further explained in the subsection titled "Elements of Compensation Financial, Retirement and Welfare Benefit Plans" under the "Compensation Discussion and Analysis" section of this Proxy Statement. The Company does not sponsor a tax-qualified pension plan that covers NEOs.

Executive Savings Plan

The Company sponsors an Executive Savings Plan available to NEOs and other highly compensated employees of the Company that is intended to provide participants the opportunity to defer up to 100% of their salaries and cash performance incentive payments in excess of the limits of the Internal Revenue Code imposed on the Retirement Savings Plan (the qualified 401(k) plan). Participants must elect to defer their compensation for a year in the year prior to performing services, and deferral elections are generally irrevocable. The Executive Savings Plan also provides a matching contribution by the Company equal to 100% of the first 3% of base pay contributed, plus 50% of the next 2% contributed which is not otherwise matched under the Company's Retirement Savings Plan. Performance incentive payment deferrals are also matched at the same rates. Participants' accounts under the Executive Savings Plan are adjusted for investment gains or losses. Participants may elect how their accounts are invested from the investment options available under the Retirement Savings Plan plus an investment option paying the prime rate as reported in the *Wall Street Journal* plus two percentage points.

For amounts deferred to the Executive Savings Plan on or after January 1, 2005, and any earnings, gains or losses thereon, the following distribution rules apply. Participants must elect the amount of their deferrals and the time and form of their distributions prior to the year their salaries and performance incentive payments to be deferred are earned. Participants may elect to receive distributions in January following termination of employment, in January of a specified calendar year as elected by the participant, or a combination of the foregoing. Participants may apply for an earlier distribution on account of an unforeseen emergency, which is limited to an extraordinary and unforeseeable event. Participants may elect the form of their distributions in either a lump sum payment or annual installments payable over a period not to exceed 15 years from the later of the date the participant terminates employment or attains age 62. Notwithstanding the foregoing, a participant's account will be distributed in a lump sum if it does not exceed the maximum annual contribution limit under the Retirement Savings Plan following termination of employment. Changes are permitted to these elections only in accordance with limited rules of the plan. Certain key employees may be required to delay a distribution payable at termination of employment for six months as required by law. Notwithstanding a participant's distribution election, if a participant dies prior to distribution of the account, the account will be paid to the participant's designated beneficiary in January of the year following the participant's death in five annual installments or in a lump sum if the value of the account does not exceed the maximum annual contribution limit under the Retirement Savings Plan at the time of distribution. If a participant dies after distributions have begun to the participant, the participant's designated beneficiary receives payment in accordance with the participant's distribution election. For account balances prior to January 1, 2005 and earnings, gains and losses thereon, the distribution rules described in the section below titled Retirement Income Plan apply.

Any assets reserved for the payment of benefit obligations under the Executive Savings Plan remain subject to the claims of our creditors. Benefits are currently paid from a grantor trust originally established to pay benefits under the Retirement Income Plan. Assets from this grantor trust can be used to pay benefits under the Executive Savings Plan only if there are sufficient assets remaining in the trust after any such payment to satisfy all benefit obligations under the Retirement Income Plan. The Company currently provides funding for this grantor trust on an ongoing basis.

Table of Contents

Retirement Income Plan

The Company maintains the Retirement Income Plan, which is a nonqualified deferred compensation plan originally maintained by IBP. The Retirement Income Plan is currently frozen, meaning that no further contributions are permitted to be made to the plan. Prior to being frozen, certain employees of IBP could defer their compensation to the Retirement Income Plan and receive matching contributions on their deferrals in excess of limits imposed on qualified plans under the Internal Revenue Code. Accounts under the Retirement Income Plan continue to realize gain or loss. Participants may elect how their accounts are invested from the investment options available under the Retirement Savings Plan plus an investment option paying the prime rate as reported in the *Wall Street Journal* plus two percentage points. The Retirement Income Plan will terminate after all distributions from the plan have been made.

A participant is eligible for a distribution from the Retirement Income Plan at termination or, if the participant elects, while in-service or on account of a hardship. In-service distributions requested by June 30 are paid in January of the year following the request. Distributions requested on account of hardship may be requested at any time and distributed when approved by the plan's administrative committee. Distributions are made in the form elected by the participant from a lump sum payment or annual or biannual installments payable over a period not to exceed 15 years from the later of the date the participant terminates employment or attains age 62. Notwithstanding the foregoing, a participant's account will be distributed in a lump sum if it does not exceed \$50,000 at the time of distribution following termination of employment. If a participant dies prior to distribution of the account, the account will be paid to the participant's designated beneficiary in ten annual installments following the later of the year the participant dies or would have attained age 62, in a lump sum if the value of the account does not exceed \$50,000 at the time of distribution or as the beneficiary elects from the distribution options available to the participant. If a participant dies after distributions have begun to the participant, the participant's designated beneficiary receives payment in accordance with the participant's distribution election.

The assets of the Retirement Income Plan, including NEOs' deferrals, are subject to the claims of our creditors and benefits are paid from a trust we established to secure our obligations under the plan.

Supplemental Executive Retirement and Life Insurance Premium Plan

The Company's SERP is a nonqualified deferred compensation plan. Information on this plan is set forth above in the section titled "Pension Benefits for Fiscal Year 2012" in this Proxy Statement.

Potential Payments Upon Termination

In fiscal year 2006, the Compensation Committee adopted a severance program for officers, including the NEOs. The terms of the severance program are reflected in each new employment contract with officers executed since adoption of the severance program, which was modified in fiscal year 2009. Because Mr. Tyson's employment contract in effect during fiscal year 2012 related to his service as non-executive chairman, his contract did not include these severance terms but did include terms specific to his contract.

Under the program, in the event the Company terminates the employment of Messrs. Smith, Leatherby, King, Lochner or White prior to the expiration of their respective employment contract terms (other than for "egregious circumstances" or by reason of their death or permanent disability), the Company will continue paying, in the case of Messrs. Smith and Lochner, such NEO's then current base salary for a period of three years, and, in the case of Messrs. Leatherby, King and White, such NEO's then current base salary for a period of 18 months. With respect to restricted stock awards held by Messrs. Smith, King, Lochner or White at the date of termination, if such NEO is terminated prior to one year after the award date, no vesting occurs. If such NEO is terminated at least one year after the award date but before the second anniversary of the award date, the award will vest on a pro-rata basis, and for termination occurring after the second anniversary of the award date, the

Table of Contents

award will be 100% vested. With respect to Mr. Leatherby, any restricted stock awards he has held for more than 60% of the vesting period will become 100% vested at the time of such termination. With respect to grants of stock options made to any NEO prior to 2009, such options vest 100% if, on the date of termination, (a) two years have elapsed and an NEO has reached age 55 and the sum of such NEO's age and years of service with the Company equals or exceeds 70, or (b) three years have elapsed from the date of the option grant. For grants of stock options made to any NEO in 2009 and after, such grants will vest 100% at the time of an NEO's termination if at least two years have elapsed since the date of the grant.

If the employment of Messrs. Smith, Leatherby, King, Lochner or White terminates because of his death or disability, the NEO (or his estate) will receive a prorated performance incentive payment in a lump sum payment for the portion of his time worked during the fiscal year in which his termination occurs based on his performance incentive payment received in the fiscal year preceding the year of termination and any unvested options, restricted stock and performance stock (subject to satisfaction of performance criteria) shall vest. If the NEO's employment terminates for egregious circumstances, he is not entitled to any of the foregoing benefits and will receive only his accrued but unpaid compensation as of the date of his termination. The term egregious circumstances means that the NEO engages in misconduct that results in injury to the Company or is convicted of a job-related felony or misdemeanor.

Pursuant to the terms of the employment contract in place for Mr. Tyson during fiscal year 2012, in the event his employment was terminated by the Company, the Company was obligated to continuing paying his base salary until expiration of the term of the contract (fiscal year 2020).

Messrs. Smith, Leatherby, King, Lochner and White would have been entitled to the following estimated payments and benefits from the Company if a termination occurred on September 29, 2012 under the following circumstances. In addition, NEOs may be eligible for payment of their accounts under the Company's qualified retirement plan, the Employee Stock Purchase Plan and nonqualified plans. For the benefits under these plans, see the sections titled Compensation Discussion and Analysis, Pension Benefits for Fiscal Year 2012 and Nonqualified Deferred Compensation for Fiscal Year 2012 of this Proxy Statement.

Table of Contents**Potential Payments Upon a Change in Control**

Each employment contract in place between the Company and the NEOs in fiscal year 2012 contained change in control provisions in favor of the NEOs. Each of these contracts provided for the acceleration of vesting of the equity-based compensation awards held by such NEOs upon the occurrence of a change of control of the Company. Under the contracts, change in control was defined as any one of the following: (1) the acquisition by any individual or entity of the Company's voting securities where the acquisition caused the individual or entity to own 25% or more of the combined voting power of the Company's then outstanding voting securities entitled to vote in the election of directors; (2) a merger, consolidation, combination or like transaction involving the Company in which the shareholders of the Company immediately prior to the transaction did not own at least 50% of the voting power of the issued and outstanding capital stock of the Company immediately after the transaction; (3) the sale or transfer by the Company of more than 50% of its assets or by any shareholder or shareholders of the Company of more than 50% of the voting power of the issued and outstanding capital stock of the Company in any one transaction or a series of related transactions occurring within a one year period in which the Company, any corporation controlled by the Company or the shareholders of the Company immediately prior to the transaction did not own at least 50% of the voting power of the issued and outstanding equity securities of the acquirer immediately after the transaction; (4) a majority of the persons who were members of the Board ceased to be directors within any 12-month period; or (5) the dissolution or liquidation of the Company. However, for the purpose of the acceleration of vesting of equity-based compensation awards, a change of control did not include any event as a result of which one or more of the following persons or entities possessed, immediately after such event, over 50% of the combined voting power of the Company or any successor entity: (i) Tyson Limited Partnership, or any successor entity; (ii) individuals related to Don Tyson by blood, marriage or adoption, or the estate of any such individual (including Don Tyson); or (iii) any entity in which one or more individuals or estates described in the preceding clauses (i) and (ii) possessed over 50% of the combined voting power or beneficial interests of such entity. If such a change of control occurred, any stock options, restricted stock or performance stock that had been previously granted to the executive officer were to vest (to the extent not already vested) 60 days after the occurrence of the change of control or upon any earlier date after such change of control if the executive officer is terminated other than for egregious circumstances, as defined in the NEO's contract.

Each NEO would have been entitled to the following estimated payments and benefits from the Company or its successor if a change in control occurred on September 29, 2012.

	Tyson	Smith	Leatherby	King	Lochner	White
Acceleration of vesting of equity-based compensation awards(1)	\$ 0	\$ 2,296,214	\$ 1,329,207	\$ 959,576	\$ 1,570,401	\$ 722,127

(1) The amounts in this row represent the value of the NEOs' unvested stock options, restricted stock and performance stock that are vested on account of the change in control, based on our stock price of \$16.02 as of the last day of fiscal year 2012.

If the Company terminated any NEO following a change in control, the NEO was not entitled to any unique benefit because his termination followed a change in control. Instead, the NEO who was terminated following a change in control would receive the termination benefits described above under the section titled "Potential Payments Upon Termination." The payments available on a change in control are more particularly described under the section titled "Certain Benefits Upon a Change in Control" in the "Compensation Discussion and Analysis" section of this Proxy Statement.

Table of Contents**DIRECTOR COMPENSATION FOR FISCAL YEAR 2012**

The Board adopted a Director Compensation Policy in 2011 which provides that each director who is not an employee of the Company receives (i) an annual retainer of \$80,000 (payable in quarterly installments); (ii) a grant of a deferred stock award for shares of Class A Common Stock having a value of \$125,000 on the date of election or re-election as a director at the Annual Meeting of Shareholders, which award does not become payable until 180 days after termination of his or her service as a director; and (iii) the option to defer any portion of his or her retainer (which would be credited with interest semi-annually) or to take Class A Common Stock in lieu of the cash retainer. CERTAIN TRANSACTIONS

The following list is a summary of transactions occurring during fiscal year 2012, or that are currently proposed, (i) in which the Company was or is to be a participant, (ii) where the annual amount involved exceeds \$120,000, and (iii) in which the Company's NEOs, directors, nominees, principal shareholders and other related parties had a direct or indirect material interest or which the Company has chosen to voluntarily disclose.

1. The Company had an aircraft lease agreement with Tyson Family Aviation, LLC, of which the Donald J. Tyson Revocable Trust (Mr. John Tyson is one of the trustees), Mr. John Tyson and the Randal W. Tyson Testamentary Trust were members during fiscal year 2012. During fiscal year 2012, the Company made aggregate lease payments to Tyson Family Aviation, LLC of \$258,400 plus an amount for personal property taxes. The aircraft is not segregated from other personal property at the aircraft facility for personal property tax purposes; however, the Company estimates the personal property tax for the aircraft is \$108,648. During fiscal year 2012, the plane was sold by Tyson Family Aviation, LLC and the Company now leases the aircraft from the third party buyer who has no affiliation with the Company.

2. The Company has agreements with an entity for the lease of wastewater treatment plants that service chicken processing facilities owned by the Company in Nashville, Arkansas and Springdale, Arkansas. During fiscal year 2012 interests in the lessor entity were owned by the following persons: the Donald J. Tyson Revocable Trust (of which Mr. John Tyson is one of the trustees); Berry Street Waste Water Treatment Plant, LP (of which the Tyson Limited Partnership (TLP) owns 90%); Carla Tyson (sister of Mr. John Tyson), Cheryl Tyson (sister of Mr. John Tyson), and Joslyn J. Caldwell-Tyson (sister of Mr. John Tyson). Aggregate lease payments made by the Company during fiscal year 2012 with respect to the Nashville facility were \$687,500 plus \$12,217 for property taxes attributable to the treatment plant. Aggregate lease payments made by the Company during fiscal year 2012 with respect to the Springdale facility were \$412,500 plus an amount for property taxes; however, for property tax purposes the treatment plant is not segregated from the processing facility and, as such, the amount of property tax attributable to the treatment plant is not known.

All related party transactions described above have been reviewed by the Governance Committee, which has determined that the transactions are fair to the Company. This review typically entails the receipt of appraisals or other information from independent third parties which are utilized in the Governance Committee's determination of fairness. The Board does not have a separate written policy regarding the review and approval of related party transactions. However, our Governance Committee charter requires that the Governance Committee review and approve all transactions with related persons as may be required to be disclosed by the rules of the SEC. The Governance Committee is responsible for determining whether such transactions are fair to the Company. Directors and executive officers are specifically asked to disclose such transactions in our annual Directors and Officers Questionnaire.

In addition to the SEC requirements regarding related party transactions, the Company has agreed that, in connection with the settlement on April 8, 2008 of certain shareholder litigation styled *In re Tyson Foods, Inc. Consolidated Shareholder Litigation*, it will not engage in any new related party transactions with the TLP, Mr. Don Tyson, any spouse, child, grandchild, parent or sibling of Mr. Don Tyson, or any NEO unless prior to entry of any such transaction there has been a unanimous finding by the Governance Committee that either (a) reasonably equivalent transactions on reasonably equivalent terms are not available from third parties who are not related parties, or (b) special or exigent circumstances exist which would not make it practical or desirable under the circumstances to investigate the availability of third party options. These additional requirements do not apply to (a) related party transactions already existing or in place during part or all of calendar year 2007, or (b) renewals of any transactions between the Company and any such related parties already existing or in place during part or all of calendar year 2007.

HOUSEHOLDING OF PROXY MATERIALS

The Company has adopted a procedure called householding, which the SEC has approved. Under this procedure, the Company is permitted to deliver a single copy of the proxy materials to multiple shareholders who share the same address unless the Company has received contrary instructions from one or more of the shareholders. If the Company has not received such contrary instructions, then shareholders receiving a single copy of the Company's proxy materials are deemed to have consented to householding. (2) in the case of a Participant who is an independent contractor engaged by the Service Recipient, a termination of the Participant's service relationship with the Service Recipient where (i) the contract (or in the case of more than one contract, all contracts) under which services are performed for the Service Recipient expires, if the expiration constitutes a good-faith and complete termination of the contractual relationship; or (ii) with respect to amounts payable to the Participant under a Stock Incentive upon the termination of the independent contractor's relationship with the Service Recipient, no amount will be paid to the Participant before a date that is at least twelve (12) months after the day on which the contract expires under which the Participant performs services for the Service Recipient (or, in the case of more than one contract, all such contracts expire) and no amount payable to the Participant on that date will actually be paid to the Participant if, after the expiration of the contract (or contracts) and before that date, the Participant performs services for the Service Recipient as an independent contractor or an employee; or

The Committee will, in its absolute discretion, determine the effect of all matters and questions relating to a Termination of Employment, including, but not by way of limitation, the question of whether a leave of absence constitutes a Termination of Employment.

SECTION 2 THE STOCK INCENTIVE PLAN

2.1 **Purpose of the Plan**. The Plan is intended to (a) provide incentive to officers, employees, directors, consultants and other service providers of the Company and its Affiliates to stimulate their efforts toward the continued success of the Company and to operate and manage the business in a manner that will provide for the long-term growth and profitability of the Company; (b) encourage stock ownership by officers, employees, directors, consultants and other service providers by providing them with a means to acquire a proprietary interest in the Company, acquire shares of Stock, or to receive compensation which is based upon appreciation in the value of Stock; and (c) provide a means of obtaining, rewarding and retaining such key personnel.

2.2 **Stock Subject to the Plan**. Subject to adjustment in accordance with Section 5.2, 90,000,000 shares of Stock (the **Maximum Plan Shares**) are hereby reserved exclusively for issuance pursuant to Stock Incentives, all or any of which may be pursuant to any one or more Stock Incentives, including without limitation, Incentive Stock Options. At no time may the Company have outstanding Stock Incentives and shares of Stock issued in respect of Stock Incentives under the Plan in excess of the Maximum Plan Shares. Shares of Stock shall not be deemed to have been issued pursuant to the Plan with respect to any portion of an award that is settled in cash. The shares of Stock attributable to the nonvested, unpaid, unexercised, unconverted or otherwise unsettled portion of any Stock Incentive that is forfeited or cancelled or expires or terminates for any reason without becoming vested, paid, exercised, converted or otherwise settled in full will again be available for purposes of the Plan. For purposes of determining the number of shares of Stock issued upon the exercise, settlement or grant of a Stock Incentive under this Section, any shares of Stock withheld to satisfy tax withholding obligations or the Exercise Price shall be considered issued under the Plan.

2.3 **Administration of the Plan**.

(a) The Plan is administered by the Committee. The Committee has full authority in its discretion to determine the officers, employees, directors, consultants and service providers of the Company or its Affiliates to whom Stock Incentives will be granted and the terms and provisions of Stock Incentives, subject to the Plan. Subject to the provisions of the Plan, the Committee has full and conclusive authority to interpret the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective Stock Incentive Agreements and to make all other determinations necessary or advisable for the proper administration of the Plan. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, awards under the Plan (whether or not such persons are similarly situated). The Committee's decisions are final and binding on all Participants.

(b) Notwithstanding any other provision of this Plan, the Board of Directors may by resolution authorize one or more officers of the Company and/or the Chairman of the Committee to do one or more of the following: (1) designate individuals (other than officers or directors of the Company or any Affiliate who are subject to Section 16 of the Exchange Act) to receive Stock Incentives under the Plan; (2) determine the number of shares of Stock subject to such Stock Incentives; provided however, that the resolution shall specify the total number of shares of Stock that may be granted subject to such Stock

Table of Contents

Incentives; (3) interpret the provisions of a Stock Incentive Agreement or Stock Incentive Program; and / or (4) determine the treatment of Stock Incentives upon a Termination of Employment or Separation from Service.

2.4 **Eligibility and Limits.** Stock Incentives may be granted only to officers, employees, directors, consultants and other service providers of the Company or any Affiliate of the Company; provided, however, that an Incentive Stock Option may only be granted to an employee of the Company or any Subsidiary. In the case of Incentive Stock Options, the aggregate Fair Market Value (determined as at the date an Incentive Stock Option is granted) of Stock with respect to which stock options intended to meet the requirements of Code Section 422 become exercisable for the first time by an individual during any calendar year under all plans of the Company and its Subsidiaries may not exceed \$100,000; provided further, that if the limitation is exceeded, the Incentive Stock Option(s) which cause the limitation to be exceeded will be treated as Nonqualified Stock Option(s). Notwithstanding any of the foregoing to the contrary, for purposes of delivering Stock Incentives to persons located in the United Kingdom, only an employee who is on the payroll and performs duties as a bona fide employee of a United Kingdom-registered Affiliate shall be eligible to be a Participant hereunder.

SECTION 3 TERMS OF STOCK INCENTIVES

3.1 Terms and Conditions of All Stock Incentives.

(a) The number of shares of Stock as to which a Stock Incentive may be granted will be determined by the Committee in its sole discretion, subject to the provisions of Section 2.2 as to the total number of shares available for grants under the Plan and subject to the limits on Options, Stock Appreciation Rights and other Stock Incentives as described in the following sentence. To the extent required under Section 162(m) of the Code and the regulations thereunder for compensation to be treated as qualified performance-based compensation, the maximum number of shares of Stock with respect to which (1) Options, (2) Stock Appreciation Rights and (3) Other Stock-Based Awards that are not settled in cash (to the extent they are granted with the intent that they qualify as performance-based compensation under Section 162(m) of the Code) may be granted during any calendar year to any employee may not exceed 1,000,000, subject to adjustment in accordance with Section 5.2 and the maximum aggregate dollar amount that may be paid in any calendar year to any employee with respect to Other Stock-Based Awards that are payable in cash may not exceed Five Million Dollars (\$5,000,000). In applying this limitation, if an Option or Stock Appreciation Right, or any portion thereof, granted to an employee is cancelled or repriced for any reason, then the shares of Stock attributable to such cancellation or repricing either shall continue to be counted as an outstanding grant or shall be counted as a new grant of shares of Stock, as the case may be, against the affected employee's 1,000,000 share limit for the appropriate calendar year.

(b) Each Stock Incentive will either be evidenced by a Stock Incentive Agreement in such form and containing such terms, conditions and restrictions as the Committee may determine to be appropriate, including without limitation, Performance Goals or other performance criteria, if any, that must be achieved as a condition to vesting or settlement of the Stock Incentive, or be made subject to the terms of a Stock Incentive Program, containing such terms, conditions and restrictions as the Committee may determine to be appropriate, including without limitation, Performance Goals or other performance criteria, if any, that must be achieved as a condition to vesting or payment of the Stock Incentive. Each Stock Incentive Agreement or Stock Incentive Program is subject to the terms of the Plan and any provisions contained in the Stock Incentive Agreement or Stock Incentive Program that are inconsistent with the Plan are null and void. Performance Goals, if any, shall be established before twenty-five percent (25%) of the Performance Period has elapsed, but in no event later than within ninety (90) days after the first day of a Performance Period. At the time any Performance Goals are established, the outcome as to whether the Performance Goals will be met must be substantially uncertain. If any Performance Goals are established as a condition to vesting or settlement of a Stock Incentive and such Performance Goal is not based solely on the increase in the Fair Market Value of the Stock, the Committee shall certify in writing that the applicable Performance Goals were in fact satisfied before such Stock Incentive is vested or settled, as applicable. Each Stock Incentive

Agreement or Stock Incentive Program is subject to the terms of the Plan and any provisions contained in the Stock Incentive Agreement or Stock Incentive Program that are inconsistent with the Plan are null and void. To the extent a Stock Incentive is subject to Performance Goals with the intent that the Stock Incentive constitute performance-based compensation under Code Section 162(m), the Committee shall comply with all applicable requirements under Code Section 162(m) and the rules and regulations promulgated thereunder in granting, modifying, and settling such Stock Incentive. The Committee may, but is not required to, structure any Stock Incentive so as to qualify as performance-based compensation under Code Section 162(m).

(c) The date a Stock Incentive is granted will be the date on which the Committee has approved the terms and conditions of the Stock Incentive and has determined the recipient of the Stock Incentive and the number of shares covered by the Stock Incentive, and has taken all such other actions necessary to complete the grant of the Stock Incentive.

(d) Any Stock Incentive may be granted in connection with all or any portion of a previously or contemporaneously granted Stock Incentive. Exercise or vesting of a Stock Incentive granted in connection with another Stock Incentive may result in a pro rata surrender or cancellation of any related Stock Incentive, as specified in the applicable Stock Incentive Agreement or Stock Incentive Program.

(e) Unless otherwise permitted by the Committee, Stock Incentives are not transferable or assignable except as provided in this Section. Following a Participant's death, Stock Incentives shall be transferred or assigned to the Designated Beneficiary; or if the Participant does not have a Designated Beneficiary, to the Participant's surviving spouse; or if the Participant is unmarried, to the Participant's estate. Notwithstanding the foregoing, the Committee shall not permit Incentive Stock Options to be transferred or assigned except by will or by the laws of descent and distribution governing the State in which the Participant was domiciled at the time of the Participant's death. Stock Incentives are exercisable, during the Participant's lifetime, only by the Participant or by the legal representative of the Participant. In the event of the death of the Participant, Stock Incentives are only exercisable by the Designated Beneficiary; or if the Participant does not have a Designated Beneficiary, by the Participant's surviving spouse; or if the Participant is unmarried, by the legal representative of the Participant's estate if one is appointed within ninety (90) days of the Participant's death; or if no such legal representative is appointed, by the person(s) taking under the laws of descent and distribution governing the State in which the Participant was domiciled at the time of the Participant's death. For purposes of this Section, the Participant's Designated Beneficiary is the beneficiary of the Participant designated in writing in the manner and within the time frame provided by the Committee.

(f) After the date of grant of a Stock Incentive, the Committee may, in its sole discretion, modify the terms and conditions of a Stock Incentive, except to the extent that such modification would be inconsistent with other provisions of the Plan or would adversely affect the rights of a Participant under the Stock Incentive (except as otherwise permitted under the Plan or Stock Incentive) or would be inconsistent with other provisions of the Plan.

3.2 Terms and Conditions of Options. Each Option granted under the Plan must be evidenced by a Stock Incentive Agreement. At the time any Option is granted, the Committee will determine whether the Option is to be an Incentive Stock Option described in Code Section 422 or a Nonqualified Stock Option, and the Option must be clearly identified as to its status as an Incentive Stock Option or a Nonqualified Stock Option. Incentive Stock Options may only be granted to employees of the Company or any Subsidiary. At the time any Incentive Stock Option granted under the Plan is exercised, the Company will be entitled to legend the certificates representing the shares of Stock purchased pursuant to the Option to clearly identify them as representing the shares purchased upon the exercise of an Incentive Stock Option. An Incentive Stock Option may only be granted within ten (10) years from the earlier of the date the Plan is adopted or approved by the Company's stockholders.

(a) **Option Price.** Subject to adjustment in accordance with Section 5.2 and the other provisions of this Section 3.2, the exercise price (the Exercise Price) per share of Stock purchasable under any Option must

Table of Contents

be as set forth in the applicable Stock Incentive Agreement, but in no event may it be less than the Fair Market Value on the date the Option is granted with respect to an Incentive Stock Option. With respect to each grant of an Incentive Stock Option to a Participant who is an Over 10% Owner, the Exercise Price may not be less than 110% of the Fair Market Value on the date the Option is granted.

(b) **Option Term.** Any Incentive Stock Option granted to a Participant who is not an Over 10% Owner is not exercisable after the expiration of ten (10) years after the date the Option is granted. Any Incentive Stock Option granted to an Over 10% Owner is not exercisable after the expiration of five (5) years after the date the Option is granted. The term of any Nonqualified Stock Option must be as specified in the applicable Stock Incentive Agreement.

(c) **Payment.** Payment for all shares of Stock purchased pursuant to the exercise of an Option will be made in any form or manner authorized by the Committee in the Stock Incentive Agreement or by amendment thereto, including, but not limited to, cash or, if the Stock Incentive Agreement provides, but in any case subject to such procedures or restrictions as the Committee may impose:

(1) by delivery to the Company of a number of shares of Stock owned by the holder having an aggregate Fair Market Value of not less than the product of the Exercise Price multiplied by the number of shares the Participant intends to purchase upon exercise of the Option on the date of delivery;

(2) in a cashless exercise through a broker; or

(3) by having a number of shares of Stock withheld, the Fair Market Value of which as of the date of exercise is sufficient to satisfy the Exercise Price.

In its discretion, the Committee also may authorize (at the time an Option is granted or thereafter) Company financing to assist the Participant as to payment of the Exercise Price on such terms as may be offered by the Committee in its discretion. Payment must be made at the time that the Option or any part thereof is exercised, and no shares may be issued or delivered upon exercise of an option until full payment has been made by the Participant. The holder of an Option, as such, has none of the rights of a stockholder.

(d) **Conditions to the Exercise of an Option.** Each Option granted under the Plan is exercisable by whom, at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee specifies in the Stock Incentive Agreement; provided, however, that subsequent to the grant of an Option, the Committee, at any time before complete termination of such Option, may accelerate the time or times at which such Option may be exercised in whole or in part, including, without limitation, upon a Change in Control and may permit the Participant or any other designated person to exercise the Option, or any portion thereof, for all or part of the remaining Option term, notwithstanding any provision of the Stock Incentive Agreement to the contrary.

(e) **Termination of Incentive Stock Option.** With respect to an Incentive Stock Option, in the event of Termination of Employment of a Participant, the Option or portion thereof held by the Participant which is unexercised will expire, terminate, and become unexercisable no later than the expiration of three (3) months after the date of Termination of Employment; provided, however, that in the case of a holder whose Termination of Employment is due to death or Disability, one (1) year will be substituted for such three (3) month period; provided, further that such time limits may be exceeded by the Committee under the terms of the grant, in which case, the Incentive Stock Option will be a Nonqualified Stock Option if it is exercised after the time limits that would otherwise apply. For purposes of this Subsection (e), Termination of Employment of the Participant will not be deemed to have occurred if the Participant is employed by another corporation (or a parent or subsidiary corporation of such other corporation) which has assumed the Incentive Stock Option of the Participant in a transaction to which Code Section 424(a) is applicable.

(f) **Special Provisions for Certain Substitute Options.** Notwithstanding anything to the contrary in this Section 3.2, any Option issued in substitution for an option previously issued by another entity, which substitution occurs in connection with a transaction to which Code Section 424(a) is applicable, may

Table of Contents

provide for an exercise price computed in accordance with such Code Section and the regulations thereunder and may contain such other terms and conditions as the Committee may prescribe to cause such substitute Option to contain as nearly as possible the same terms and conditions (including the applicable vesting and termination provisions) as those contained in the previously issued option being replaced thereby.

(g) No Reload Grants. Options shall not be granted under the Plan in consideration for and shall not be conditioned upon the delivery of shares of Stock to the Company in payment of the exercise price and/or tax withholding obligation under any other option held by a Participant.

(h) No Repricing. Except as provided in Section 5.2, without the approval of the Company's stockholders the Exercise Price of an Option may not be reduced, directly or indirectly, after the grant of the Option, including any surrender of the Option in consideration of, or in exchange for: (1) the grant of a new Option having an Exercise Price below that of the Option that was surrendered; (2) Stock; (3) cash; or (4) any other Stock Incentive.

3.3 Terms and Conditions of Stock Appreciation Rights. Each Stock Appreciation Right granted under the Plan must be evidenced by a Stock Incentive Agreement. A Stock Appreciation Right entitles the Participant to receive the excess of (1) the Fair Market Value of a specified or determinable number of shares of the Stock at the time of payment or exercise over (2) a specified or determinable price which, in the case of a Stock Appreciation Right granted in connection with an Option, may not be less than the Exercise Price for that number of shares subject to that Option. A Stock Appreciation Right granted in connection with a Stock Incentive may only be exercised to the extent that the related Stock Incentive has not been exercised, paid or otherwise settled.

(a) Settlement. Upon settlement of a Stock Appreciation Right, the Company must pay to the Participant the appreciation in cash or shares of Stock (valued at the aggregate Fair Market Value on the date of payment or exercise) as provided in the Stock Incentive Agreement or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Exercise. Each Stock Appreciation Right granted under the Plan is exercisable or payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee specifies in the Stock Incentive Agreement; provided, however, that subsequent to the grant of a Stock Appreciation Right, the Committee, at any time before complete termination of such Stock Appreciation Right, may accelerate the time or times at which such Stock Appreciation Right may be exercised or paid in whole or in part.

(c) No Repricing or Buyouts. Except as provided in Section 5.2, without the approval of the Company's stockholders, the price of a Stock Appreciation Right may not be reduced, directly or indirectly, after the grant of the Stock Appreciation Right, including any surrender of the Stock Appreciation Right in consideration of, or in exchange for: (1) the grant of a new Stock Appreciation Right having a price below that of the Stock Appreciation Right that was surrendered; (2) Stock; (3) cash, or (4) any other Stock Incentive.

3.4 Terms and Conditions of Other Stock-Based Awards. An Other Stock-Based Award shall entitle the Participant to receive, at a specified future date, payment of an amount equal to all or a portion of any of the following: (i) a number of, or the value of, a specified or determinable number of shares of Stock granted by the Committee, (ii) a percentage or multiple of the value of a specified number of shares of Stock determined by the Committee, or (iii) dividend equivalents on a specified, or a determinable number, or a percentage or multiple of a specified number, of shares of Stock determined by the Committee. At the time of the grant, the Committee must determine the specified number of shares of Stock or the percentage or multiple of the specified number of shares of Stock, as may be applicable; and the Performance Goals or other performance criteria, if any, applicable to the determination of the ultimate payment value of the Other Stock-Based Award. The Committee may provide for an alternate percentage or multiple under certain specified conditions.

(a) Payment. Payment in respect of Other Stock-Based Awards may be made by the Company in cash or shares of Stock (valued at Fair Market Value as of the date payment is owed) as provided in the applicable Stock Incentive Agreement or Stock Incentive Program or, in the absence of such provision, as the Committee may determine.

Table of Contents

(b) Conditions to Payment. Each Other Stock-Based Award granted under the Plan shall be payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee may specify in the applicable Stock Incentive Agreement or Stock Incentive Program; provided, however, that subsequent to the grant of an Other Stock-Based Award, the Committee, at any time before complete termination of such Other Stock-Based Award, may accelerate the time or times at which such Other Stock-Based Award may be paid in whole or in part.

3.5 Treatment of Awards Upon Termination of Service. Except as otherwise provided by Plan Section 3.2(e), any award under this Plan to a Participant who has experienced a Termination of Employment, Separation from Service, or termination of some other service relationship with the Company and its Affiliates may be cancelled, accelerated, paid or continued, as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, or, in the absence of such provision, as the Committee may determine. The portion of any award exercisable in the event of continuation or the amount of any payment due under a continued award may be adjusted by the Committee to reflect the Participant's period of service from the date of grant through the date of the Participant's Termination of Employment, Separation from Service, or termination of some other service relationship or such other factors as the Committee determines are relevant to its decision to continue the award.

SECTION 4 RESTRICTIONS ON STOCK

4.1 Escrow of Shares. Any certificates representing the shares of Stock issued under the Plan will be issued in the Participant's name, but, if the applicable Stock Incentive Agreement or Stock Incentive Program so provides, the shares of Stock will be held by a custodian designated by the Committee (the "Custodian"). Each applicable Stock Incentive Agreement or Stock Incentive Program providing for transfer of shares of Stock to the Custodian may require a Participant to complete an irrevocable stock power appointing the Custodian or the Custodian's designee as the attorney-in-fact for the Participant for the term specified in the applicable Stock Incentive Agreement or Stock Incentive Program, with full power and authority in the Participant's name, place and stead to transfer, assign and convey to the Company any shares of Stock held by the Custodian for such Participant, if the Participant forfeits the shares under the terms of the applicable Stock Incentive Agreement or Stock Incentive Program. During the period that the Custodian holds the shares subject to this Section, the Participant is entitled to all rights, except as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, applicable to shares of Stock not so held. Any dividends declared on shares of Stock held by the Custodian must as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, be paid directly to the Participant or, in the alternative, be retained by the Custodian or by the Company until the expiration of the term specified in the applicable Stock Incentive Agreement or Stock Incentive Program and shall then be delivered, together with any proceeds, with the shares of Stock to the Participant or to the Company, as applicable.

4.2 Restrictions on Transfer. The Participant does not have the right to make or permit to exist any disposition of the shares of Stock issued pursuant to the Plan except as provided in the Plan or the applicable Stock Incentive Agreement or Stock Incentive Program. Any disposition of the shares of Stock issued under the Plan by the Participant not made in accordance with the Plan or the applicable Stock Incentive Agreement or Stock Incentive Program will be void. The Company will not recognize, or have the duty to recognize, any disposition not made in accordance with the Plan and the applicable Stock Incentive Agreement or Stock Incentive Program, and the shares so transferred will continue to be bound by the Plan and the applicable Stock Incentive Agreement or Stock Incentive Program.

SECTION 5 GENERAL PROVISIONS

5.1 **Withholding.** The Company must deduct from all cash distributions under the Plan any taxes required to be withheld by federal, state or local government. Whenever the Company proposes or is required to issue or transfer shares of Stock under the Plan or upon the vesting of any Stock Incentive, the Company has the right to require the recipient to remit to the Company an amount sufficient to satisfy any federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such shares or the vesting of such Stock Incentive pursuant to such procedures as the Committee may establish. A Participant may satisfy the withholding tax in cash, cash equivalents, or, if and to the extent the applicable Stock Incentive Agreement, Stock Incentive Program, or Committee procedure so provides, a Participant may elect to have the number of shares of Stock he is to receive reduced by, or tender back to the Company, the smallest number of whole shares of Stock which, when multiplied by the Fair Market Value of the shares of Stock, is sufficient to satisfy federal, state and local, if any, tax withholding obligation arising from exercise or payment of a Stock Incentive.

5.2 **Changes in Capitalization; Merger; Liquidation.**

(a) The number and kind of shares of Stock reserved for the grant of Options, Stock Appreciation Rights and Other Stock-Based Awards; the number and kind of shares of Stock reserved for issuance upon the exercise, settlement, vesting, grant, or payment as applicable, of each outstanding Option, Stock Appreciation Right, and Other Stock-Based Award; the Exercise Price of each outstanding Option; the specified number and kind of shares of Stock to which each outstanding Stock Appreciation Right and Other Stock-Based Award pertains; the total number of shares of Stock that may be subject to Stock Incentives granted by one or more officers of the Company and/or the Chairperson of the Committee; the maximum number of shares as to which Options, Stock Appreciation Rights, and other Stock Incentives may be granted to an employee during any calendar year; and the threshold price of each Stock Appreciation Right, shall be proportionately adjusted for any nonreciprocal transaction between the Company and the holders of capital stock of the Company that causes the per share value of the shares of Stock underlying a Stock Incentive to change, such as a stock dividend, stock split, spinoff, rights offering, or recapitalization through a large, nonrecurring cash dividend (each, an Equity Restructuring).

(b) In the event of a merger, consolidation, reorganization, extraordinary dividend, sale of substantially all of the Company's assets, other change in capital structure of the Company, tender offer for shares of Stock, or a Change in Control, that in each case does not constitute an Equity Restructuring, the Committee may make such adjustments with respect to Stock Incentives and take such other action as it deems necessary or appropriate, including, without limitation, the substitution of new stock incentives by the Company or by a third party, the settlement of any Stock Incentive in cash or cash equivalents, the acceleration of Stock Incentives, the removal of restrictions on outstanding Stock Incentives, other adjustments to outstanding Stock Incentives or the termination of outstanding Stock Incentives in exchange for the cash value, if any, determined in good faith by the Committee of the vested and/or unvested portion of the Stock Incentives, all as may be provided in the applicable Stock Incentive Agreement or Stock Incentive Program or, if not expressly addressed therein, as the Committee subsequently may determine in its sole discretion. The Committee may also use the Plan to assume stock incentives not originally granted under the Plan. Any adjustment pursuant to this Section 5.2 may provide, in the Committee's discretion, for the elimination without payment therefor of any fractional shares that might otherwise become subject to any Stock Incentive, but except as set forth in this Section may not otherwise diminish the then value of the Stock Incentive.

(c) Notwithstanding any other provision of this Plan to the contrary, in taking any action pursuant to Subsection (a) or (b) with respect to a Nonqualified Stock Option or a Stock Appreciation Right, the Committee shall consider any provisions of Code Section 409A and the regulations thereunder that are required to be followed as a condition of the Nonqualified Stock Option and the Stock Appreciation Right not being treated as the grant of a new Option or Stock Appreciation Right or a change in the form of payment. Any adjustment described in the preceding sentence may include a substitution in whole or in part of other equity securities of the issuer in lieu of the shares of Stock that are subject to the Stock Incentive.

Table of Contents

(d) The existence of the Plan and the Stock Incentives granted pursuant to the Plan shall not affect in any way the right or power of the Company to make or authorize any adjustment, reclassification, reorganization or other change in its capital or business structure, any merger or consolidation of the Company, any issue of debt or equity securities having preferences or priorities as to the Stock or the rights thereof, the dissolution or liquidation of the Company, any sale or transfer of all or any part of its business or assets, or any other corporate act or proceeding.

5.3 Stock Incentives to Non-U.S. Employees. The Committee shall have the power and authority to determine which Affiliates shall be covered by this Plan and which employees outside the United States of America shall be eligible to participate in the Plan. The Committee may adopt, amend or rescind rules, procedures or sub-plans relating to the operation and administration of the Plan to accommodate the specific requirements of local laws, procedures, and practices. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules, procedures and sub-plans with provisions that limit or modify rights on death, disability or retirement or on Separation from Service or Termination of Employment; available methods of exercise or settlement of a Stock Incentive; payment of income, social insurance contributions and payroll taxes; the withholding procedures and handling of any stock certificates or other indicia of ownership which vary with local requirements. The Committee may also adopt rules, procedures or sub-plans applicable to particular Affiliates or locations.

5.4 Cash Awards. The Committee may, at any time and in its discretion, grant to any holder of a Stock Incentive the right to receive, at such times and in such amounts as determined by the Committee in its discretion, a cash amount which is intended to reimburse such person for all or a portion of the federal, state and local income taxes imposed upon such person as a consequence of the receipt of the Stock Incentive or the exercise of rights thereunder.

5.5 Compliance with Code.

(a) Code Section 422. All Incentive Stock Options to be granted hereunder are intended to comply with Code Section 422, and all provisions of the Plan and all Incentive Stock Options granted hereunder must be construed in such manner as to effectuate that intent.

(b) Code Section 409A. Except to the extent provided otherwise by the Committee, Stock Incentives under the Plan are intended to satisfy the requirements of Section 409A of the Code (and the Treasury Department guidance and regulations issued thereunder) so as to avoid the imposition of any additional taxes or penalties under Code Section 409A. If the Committee determines that a Stock Incentive, Stock Incentive Agreement, Stock Incentive Program, payment, distribution, deferral election, transaction or any other action or arrangement contemplated by the provisions of the Plan would, if undertaken, cause a Participant to become subject to any additional taxes or other penalties under Code Section 409A, then unless the Committee provides otherwise, such Stock Incentive, Stock Incentive Agreement, Stock Incentive Program, payment, distribution, deferral election, transaction or other action or arrangement shall not be given effect to the extent it causes such result and the related provisions of the Plan, Stock Incentive Agreement, and / or Stock Incentive Program will be deemed modified, or, if necessary, suspended in order to comply with the requirements of Code Section 409A to the extent determined appropriate by the Committee, in each case without the consent of or notice to the Participant.

5.6 Right to Terminate Employment or Service Relationship. Nothing in the Plan or in any Stock Incentive Agreement confers upon any Participant the right to continue as an officer, employee, director or service provider of the Company or any of its Affiliates or affect the right of the Company or any of its Affiliates to terminate the Participant's employment or service relationship at any time.

5.7 Non-alienation of Benefits. Other than as specifically provided with regard to the death of a Participant, no benefit under the Plan may be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge; and any attempt to do so shall be void. No such benefit may, prior to receipt by the Participant, be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the Participant.

Table of Contents

5.8 Restrictions on Delivery and Sale of Shares; Legends. Each Stock Incentive is subject to the condition that if at any time the Committee, in its discretion, shall determine that the listing, registration or qualification of the shares covered by such Stock Incentive upon any securities exchange or under any state or federal law is necessary or desirable as a condition of or in connection with the granting of such Stock Incentive or the purchase or delivery of shares thereunder, the delivery of any or all shares pursuant to such Stock Incentive may be withheld unless and until such listing, registration or qualification shall have been effected. If a registration statement is not in effect under the Securities Act of 1933 or any applicable state securities laws with respect to the shares of Stock purchasable or otherwise deliverable under Stock Incentives then outstanding, the Committee may require, as a condition of exercise of any Option or as a condition to any other delivery of Stock pursuant to a Stock Incentive, that the Participant or other recipient of a Stock Incentive represent, in writing, that the shares received pursuant to the Stock Incentive are being acquired for investment and not with a view to distribution and agree that the shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall have received an opinion of counsel that such disposition is exempt from such requirement under the Securities Act of 1933 and any applicable state securities laws. The Company may include on certificates representing shares delivered pursuant to a Stock Incentive such legends referring to the foregoing representations or restrictions or any other applicable restrictions on resale as the Company, in its discretion, shall deem appropriate.

5.9 Listing and Legal Compliance. The Committee may suspend the exercise or payment of any Stock Incentive so long as it determines that securities exchange listing or registration or qualification under any securities laws is required in connection therewith and has not been completed on terms acceptable to the Committee.

5.10 Termination and Amendment of the Plan. The Board of Directors at any time may amend or terminate the Plan without stockholder approval; provided, however, that the Board of Directors may condition any amendment on the approval of stockholders of the Company if such approval is necessary or advisable with respect to tax, securities or other applicable laws. No such termination or amendment without the consent of the holder of a Stock Incentive may adversely affect the rights of the Participant under such Stock Incentive.

5.11 Stockholder Approval. The Plan must be submitted to the stockholders of the Company for their approval within twelve (12) months before or after the adoption of the Plan by the Board of Directors of the Company. If such approval is not obtained, any Stock Incentive granted hereunder will be void.

5.12 Choice of Law. The laws of the State of Delaware govern the Plan, to the extent not preempted by federal law, without reference to the principles of conflict of laws.

IN WITNESS WHEREOF, the Company has executed this Plan on this day of , 2013.

TYSON FOODS, INC.

EMPLOYEE STOCK PURCHASE PLAN

(As Amended and Restated as of February 1, 2013)

PURPOSE OF THE PLAN

The purpose of the Tyson Foods, Inc. Employee Stock Purchase Plan (the "Plan") is to provide the employees of Tyson Foods, Inc. ("Tyson") and its Participating Affiliates a convenient way to acquire shares of Tyson's Class A Common Stock through periodic investment and thus maintain and stimulate employee interest in the growth and profitability of Tyson by means of an opportunity to share in a proprietary interest in Tyson. The purpose of this amendment and restatement of the Plan is to incorporate all prior amendments to the Plan since it was last amended and restated as effective October 1, 2008. This amendment and restatement is effective as of February 1, 2013, subject to the approval by the shareholders of Tyson at the meeting scheduled on the same date. In the event this restatement is not approved by the shareholders of Tyson at such meeting, the Plan will continue in effect as prior to this restatement.

ARTICLE I

Definitions

1.1 **Affiliate**. Affiliate shall include all wholly-owned subsidiaries of Tyson and any other entity which may be designated from time to time as such by the Board of Directors of Tyson.

1.2 **Base Earnings**. Base Earnings means the amount of regular salary or wages, including overtime payments and commission payments, but does not include discretionary and non-discretionary performance incentive payments or other irregular payments made by an Employer to a Participant.

1.3 **Committee**. Committee shall mean the administrative committee appointed by the Board of Directors of Tyson to carry out the purposes of the Plan as set forth in Section 5.1 below.

1.4 **Effective Date**. The Effective Date of this Plan, as amended and restated, is February 1, 2013.

1.5 **Eligible Employee**. Eligible Employee means any person (including a corporate officer) who is employed as a common law employee and classified as working in the regular service of Tyson or a Participating Affiliate; provided, however, such term shall not include any person who is a member of a collective bargaining unit and who is covered by a collective bargaining agreement which does not provide for coverage of such person under this Plan.

1.6 **Employer**. Employer means Tyson and all Participating Affiliates.

1.7 **Leave of Absence**. Leave of Absence means absence from the active service with Tyson or an Affiliate, with the permission of the Employer, by reason of illness, military service, or for any other reason as approved or allowed by the Employer's personnel policies. Such Leave of Absence will not terminate an Eligible Employee's Service, provided he returns to active employment at the expiration of his leave in accordance with his Employer's policy with respect to permitted absences. An Eligible Employee whose Service is terminated and who is subsequently re-employed by Tyson or an Affiliate will, for all purposes of the Plan, be considered a new employee as of the effective date of his reemployment.

Table of Contents

1.8 **Pay Period, Payday.** Pay Period means the interval of a time for which an Eligible Employee regularly receives his compensation, and Payday means the day on which the Eligible Employee regularly receives his compensation for the Pay Period.

1.9 **Participant.** Participant means an Eligible Employee who has elected to participate in the Plan in accordance with Article II until the Participant withdraws from the Plan and receives a complete distribution of Stock and cash credited to his Plan account.

1.10 **Participating Affiliate.** Participating Affiliate means an Affiliate that has adopted the Plan with the consent of the Board of Directors of Tyson. If an organization which is or has become an Affiliate ceases to be an Affiliate, such organization shall be deemed to have withdrawn from participation in the Plan.

1.11 **Payroll Deduction Authorization.** The Payroll Deduction Authorization shall be in a form specified by the Plan Administrator and shall direct the Employer to withhold from a Participant's paycheck a specified dollar amount or a specified percentage of his Base Earnings to be used for the purchase of Stock under this Plan.

1.12 **Plan Administrator.** The Plan Administrator shall be responsible for the administration of the Plan and, in lieu of any designation by the Board of Directors of Tyson to the contrary, Tyson shall serve as the Plan Administrator and shall act through the Committee as its representative.

1.13 **Prevailing Market Price.** The term Prevailing Market Price shall mean:

(a) the actual purchase price if purchased in the open market; or

(b) if treasury shares are purchased:

(i) if the Stock is not at the time listed or admitted to trading on a stock exchange or in the over-the-counter market under the National Association of Securities Dealers, Inc. Automated Quotation System (NASDAQ), the Prevailing Market Price shall be the mean between the lowest reported bid price and highest reported asked price of the Stock on the date in question in the over-the-counter market, as such prices are reported in a publication of general circulation selected by Tyson and regularly reporting the market price of the Stock in such market; or

(ii) if the Stock is at the time listed or admitted to trading in the over-the-counter market under NASDAQ or on any stock exchange, then the Prevailing Market Price shall be the reported closing sale price of the Stock on the date in question on the principal exchange on which the Stock is then listed or admitted to trading. If no reported sale of Stock takes place on the date in question, then the reported closing asked price of the Stock on such date shall be determinative of Prevailing Market Price; or

(c) if a combination of treasury shares and shares purchased in the open market are utilized, then the Prevailing Market Price shall be determined by the actual purchase(s).

1.14 **Service.** Service means that period of continuous uninterrupted employment with Tyson or any one or more of its Affiliates from an Eligible Employee's first day of employment until his date of termination of employment with all Affiliates. However, in the case of an Affiliate which has been acquired by Tyson through the acquisition of substantially all of the assets or all of the stock of the Affiliate, Service shall include employment prior to the date on which such Affiliate is designated as a Participating Affiliate on such terms as the Board of Directors of Tyson may expressly provide. Service with two or more Affiliates during consecutive periods shall be considered continuous service with one Affiliate.

1.15 **Stock.** All references herein to Stock shall mean shares of Class A Common Stock of Tyson.

1.16 **Termination of Service.** Termination of Service means any absence from the employment of Tyson or any Affiliate (including, but not limited to, absences by reason of discharge or resignation) which is not deemed a Leave of Absence as defined herein.

ARTICLE II

Eligibility to Participate

Except as provided below, each Eligible Employee of Tyson or of a Participating Affiliate who has completed three full calendar months of Service shall be eligible to participate in the Plan commencing on the first Payday that falls on or after the first day of the immediately succeeding month.

ARTICLE III

Employee Participation and Contributions

3.1 **Voluntary, Non-Discriminatory Plan.** Participation in this Plan shall be voluntary and all Participants shall have the same rights and privileges under the Plan, except to the extent the terms of the Plan otherwise provide.

3.2 **How an Employee Elects to Participate.** Except as provided in Sections 3.9 and 4.2 below, an Eligible Employee may elect to participate in the Plan by executing or otherwise authorizing a Payroll Deduction Authorization (within the time period prescribed by the Plan Administrator) prior to the Payday on which the Eligible Employee will begin participation. By confirming a Payroll Deduction Authorization, an Eligible Employee also affirms his acceptance of the terms of this Plan.

3.3 **Limits on Contribution.** The minimum payroll deduction shall be one dollar (\$1.00) per week and the maximum shall be twenty-five dollars (\$25.00) per week, as the Participant shall elect, or, in the alternative, the minimum payroll deduction shall be one percent (1%) of Base Earnings and the maximum shall be twenty percent (20%) of Base Earnings. At such times as permitted by the Plan Administrator, a Participant may increase or decrease his contribution under the Plan by any multiple of one dollar (\$1.00) or one percent (1%); however, no Eligible Employee may contribute, in any one year, more than twenty percent (20%) of his Base Earnings or, if he elects a payroll deduction of a specific dollar amount, twenty-five dollars (\$25.00) per week.

3.4 **Voluntary Withdrawal from the Plan.** A Participant who remains employed by an Employer may withdraw from the Plan by submitting a notice of cancellation of his Payroll Deduction Authorization in the manner and to the person determined by the Plan Administrator from time to time, but no later than prior to the Payday for which the cancellation is to be effective. Any Participant who so withdraws from the Plan may renew his participation in the Plan as soon as administratively practicable and will be entitled to withdraw his Stock from the Plan only in accordance with Section 6.2.

3.5 **Termination of Service Means Withdrawal from Plan.** Upon a Participant's Termination of Service, the Participant will be deemed to have withdrawn from the Plan as of his last regular Payday.

3.6 **Effect of Participant's Withdrawal from Plan.** On and after the effective date of a Participant's withdrawal from the Plan, no further contribution under the Plan shall be permitted by or made for the Participant, except as may be provided pursuant to this Section 3 and Section 4.2 below.

3.7 **Bookkeeping Accounts.** All payroll deductions made for a Participant shall be credited to the Participant's Plan account. Such payroll deductions shall be commingled with the general assets of Tyson and no separate fund shall be established. Participant accounts are kept solely for bookkeeping purposes.

3.8 **Distributions from Plan Upon Termination of Service.** Upon a Participant's Termination of Service for any reason other than death, the Committee shall obtain a share certificate representing the number of shares of Stock to which the Participant is entitled and shall send the share certificate and a check for the sum of uninvested funds held to the credit of such Participant, by ordinary mail or other mode of delivery deemed appropriate by the Committee, to the Participant's mailing address last known to the Employer. Upon the death of a Participant and upon receipt by the Employer of proof of identity and existence at the Participant's death of a

Table of Contents

validly designated beneficiary under the Plan, the Committee shall obtain and forward the share certificate and check for uninvested funds in the manner provided above to such beneficiary. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such death, any Stock and cash credited to the Participant under the Plan shall be payable to the spouse to whom the Participant was legally married at the time of his or her death and, if the deceased Participant is not survived by a spouse to whom he or she was legally married at the time of the Participant's death, any such Stock and cash shall be payable to the executor or administrator of the estate of the Participant. No beneficiary shall, prior to the death of the Participant by whom he or she has been designated, acquire any interest in the Stock or cash credited to the Participant under the Plan. Following a Termination of Service, a Participant (or beneficiary) shall have the continuing obligation of keeping the Plan Administrator apprised of his or her current mailing address.

3.9 Repurchases. Prior to the date that a Participant experiences a Termination of Service and for a limited period of time following a Termination of Service, as established by the Plan Administrator from time to time pursuant to procedures uniformly applied, a Participant may sell shares of Stock purchased under the Plan to Tyson at the Prevailing Market Price pursuant to such further procedures and conditions as may be established by the Plan Administrator from time to time

3.10 Liquidation of Participant Accounts. The Committee may liquidate the account of a Participant who has not made contributions pursuant to Article III for an extended period of time as determined pursuant to such administrative procedures as may be adopted from time to time and applied consistently.

ARTICLE IV

Employer Contributions

4.1 Employer Matching Contributions.

(a) Each Participant who has completed at least one year of Service (as defined above) with Tyson or a Participating Affiliate shall be entitled to Employer matching contributions on that Participant's contributions, if any, made following completion of the first year of Service in the amount and manner as determined in Subsections (b) and (d) of this Section.

(b) Contributions made pursuant to this Section 4.1 shall match only a portion of the Participant contributions made pursuant to Section 3.2 above. Such matching contributions shall be equal to a percentage, not to exceed fifty percent (50%), of the first ten percent (10%) of Base Earnings deferred by an eligible Participant under Section 3.2 of the Plan. The Board of Directors of Tyson (or any committee of the Board of Directors) shall determine from time to time on a prospective basis the level of contributions to be made pursuant to this Section 4.1(b), consistent with the general parameters set forth in the immediately preceding sentence. The Committee shall advise eligible Participants of any change in the level of matching contributions as soon as administratively practicable.

(c) Matching contributions generally will be made at or about the same time as the payroll deductions for the Participant contributions to which they relate.

(d) Notwithstanding any other provisions of the Plan to the contrary, matching contributions shall be allocated to otherwise eligible Participants in accordance with the following provisions:

(i) Participants who otherwise are entitled to matching contributions under this Plan shall have such contributions made to a matching account under the Plan.

(ii) Tyson retains the discretion to suspend for any specific or indefinite periods of time the making of matching contributions hereunder to otherwise eligible Participants as may from time to time be determined to be in the best interests of Tyson by its Board of Directors (or any committee thereof). Any such suspension of matching contributions may be applied to all eligible Participants or to one or more identifiable classes of employees and may be implemented at any time. Participants

Table of Contents

affected by any such suspension shall be notified of the implementation, and lifting, of the suspension, in each case as soon as administratively practicable. Any affected Participant shall not be entitled to matching contributions for the Pay Periods (or other periods of time) during which the suspension is effective, as determined by the Board of Directors of Tyson (or any committee thereof).

4.2 Employer Discretionary Non-matching Contributions. In addition to Employer matching contributions made pursuant to Section 4.1, Tyson, in the sole discretion of its Board of Directors, or any other Employer may from time to time make non-matching contributions of cash or shares of Stock to the Plan for allocation to certain Participants in the Plan or to certain other Eligible Employees who are not enrolled in the Plan. Such contributed shares shall be held for the account of the Participant (or combined with any existing account of the Participant) and administered pursuant to all provisions of the Plan. If directed by the Plan Administrator, the Committee shall cause shares of Stock purchased with such discretionary contributions to bear appropriate legends referring to the terms, conditions and restrictions, if any, applicable to such contributions or necessary to permit the Employer to comply with all applicable securities laws. All of such contributed shares at all times shall remain the property of the Participant and shall remain subject to any legal or contractual restrictions to which the shares may have been subject at the time of the contribution

ARTICLE V

Administration of the Plan

5.1 Administrative Committee. To carry out the purposes of the Plan, the Plan Administrator exercises its authority through the Committee, which shall consist of not less than three members who may be officers and/or directors of Tyson. The Plan Administrator may remove members from or add members to the Committee at any time, within its discretion, and may fill vacancies on the Committee. An individual member of the Committee may not participate in any decision exclusively affecting his own participation in the Plan. The Committee shall select one of its members as Chairman, and shall hold meetings at such times and places as it may determine. Acts of a majority of the Committee at which a quorum is present, or acts reduced to or approved in writing by a majority of the members of the Committee, shall be valid acts of the Committee. The Committee shall have the sole authority, in its absolute discretion, to adopt, amend and rescind such rules and regulations as, in its opinion, may be advisable in the administration of the Plan; to construe and interpret the Plan, the rules and regulations; and to make all other determinations deemed necessary or advisable for the administration of the Plan. All decisions, determinations, and interpretations of the Committee shall be binding on all Participants. The Committee may employ such legal counsel, consultants and agents as it may deem desirable for the administration of the Plan and may rely upon any opinion received from any such counsel or consultant and any computation received for any such consultant or agent. Expenses incurred by the Plan Administrator or the Committee in the engagement of such counsel, consultant or agent shall be paid by Tyson. No member or former member of the Committee or of the Board of Directors of Tyson shall be liable for any action or determination made in good faith with respect to the Plan or any awards granted hereunder. The Committee, in its sole discretion, may delegate all or any portion of its duties hereunder to other individuals or entities.

5.2 Employer Contributions of Cash and Dividends. Each Employer shall remit the funds deducted from payrolls under this Plan, plus any Employer contributions of cash and dividends received on Stock held by the Plan, to the brokerage firm or firms designated by the Committee.

5.3 Investment in Tyson Stock.

(a) As soon as practicable after receipt of funds remitted under the Plan, the Committee or its designated representative shall purchase, on behalf of Participants, shares of Stock either directly from Tyson or in the open market at Prevailing Market Prices. The Committee shall purchase the maximum number of shares purchasable with such funds. Such shares shall be purchased on an aggregate basis rather than on a per Participant basis. The number of shares to be purchased is to be determined by the aggregate amount of funds available to buy a whole share or multiple thereof.

Table of Contents

(b) The shares of Stock to be sold to Participants under the Plan shall not exceed Fifty Million (50,000,000) shares, subject to adjustment as provided in Article VIII. If the total number of shares of Stock to be purchased for any payroll period exceeds the number of shares of Stock then available under the Plan, the Committee shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall determine to be equitable.

(c) While no fractional shares will be acquired or distributed under the Plan under any circumstance, a Participant's interest in the Plan will be accounted for to include, and will reflect, the fractional share, if any, which could have been acquired with the funds allocable to him if fractional shares were purchased.

5.4 No Interest to be Paid. No interest shall be credited to Plan accounts for any reason.

5.5 Dividends to be Used to Purchase Additional Shares. All cash dividends received with respect to shares of Stock registered in the name of the brokerage firm shall be used by it to purchase additional shares for Participants in proportion to their specified interest in the shares upon which the dividends were paid. Stock dividends, warrants and rights of any kind received with respect to such shares shall be held and distributed in the manner provided in Sections 3.8 or 6.2, herein, as applicable; provided, however, that the Committee, in its sole discretion, may elect to pay dividends received which are attributable to Stock allocable to Participants who have withdrawn from the Plan (pursuant to Section 3.4 above) directly to such Participants on an annual basis.

5.6 Not Transferable. Neither payroll deductions credited to a Participant's Plan account nor a Participant's rights to acquire shares of Stock or his undivided interest in the shares of Stock registered in the name of the broker may be assigned, sold, pledged, or alienated except by testate or intestate succession, and any attempt to do so shall be void. In addition, such credits, rights and undivided interests may not be encumbered by lien or security interest of any kind and shall not be liable for the debts of a Participant or subject to attachment, or to any judgment rendered against the Participant or to the process of any court in aid or execution of any judgment so rendered.

5.7 Voting Rights. Unless the Committee determines otherwise from time to time, Participants shall have the power to vote all shares held in the name of the broker in any and all matters which shall be the subject of a vote by the shareholders.

5.8 Costs of the Plan. The costs of maintaining records and executing transfers under the Plan shall be paid by Tyson or allocated to and paid by Participating Affiliates, as the Board of Directors of Tyson may direct.

5.9 Brokerage Costs. Brokerage expenses incurred in the purchase of shares shall be included as part of the cost of shares of Stock to Participants.

5.10 Indemnification. Neither Tyson, the Committee and its delegates, nor any broker through whom purchase orders are executed pursuant to this Plan shall have any responsibility or liability for any action or determination in good faith including, without limiting the generality of the foregoing, any action with respect to price, time, quantity or other conditions and circumstances of the purchase of shares of Stock under the terms of the Plan. Tyson shall indemnify and hold harmless any officer, employee, agent, delegee or representative who incurs damage or loss, including the expense of defense thereof, in connection with the performance of the duties specified herein.

ARTICLE VI

Reports and Delivery of Share Certificates

6.1 Quarterly Reports. The Committee shall make quarterly reports to each Participant, specifying the status of his interest in the Plan through the last day of each calendar quarter.

Table of Contents

6.2 Delivery of Share Certificates.

All shares of Stock purchased under the Plan from contributions made by Participants, contributions made by an Employer or dividends received by the Plan, will be issued to Participants pursuant to the following rules:

- (a) [Reserved.]
- (b) Only upon receipt by the Committee of a request from the Participant setting forth the amount of shares requested to be issued.
- (c) Distributions of Stock will be limited to twice monthly and will be made as soon as administratively feasible following the date the request was made.
- (d) Distributions of Stock purchased from contributions made by Participants may not exceed the amount of such Stock set forth on their last quarterly statement.
- (e) Distributions of Stock purchased from Employer contributions may not exceed the amount of such Stock set forth on their last report from the immediately preceding calendar year.
- (f) Distributions of dividends shall be available on the same basis as the contributions to which they relate, except to the extent the Plan Administrator determines otherwise.
- (g) The order in which shares of Stock are withdrawn from a Participant's accounts shall be determined pursuant to rules and regulations to be adopted by the Committee.

ARTICLE VII

Amendment and Termination of the Plan

The Board of Directors of Tyson or its delegate may, at any time and in its discretion, alter, amend, suspend or terminate the Plan or any part thereof. The cash balances and shares of Stock credited to Participants' accounts shall be delivered to Participants as soon as administratively practicable after the Plan's termination, except to the extent the Board of Directors of Tyson expressly determines otherwise. Notice of any material amendment, suspension or termination of the Plan, in whole or in part, shall be given to each Participant as soon as practicable after such action is taken.

ARTICLE VIII

Adjustments Upon Changes in Stock

The number of shares of Stock reserved for issuance under the Plan pursuant to Section 5.3(b) shall be proportionately adjusted for any nonreciprocal transaction between Tyson and the holders of Stock that causes the share value of the shares of Stock to change, such as a stock dividend, stock split, spin-off, rights offering, or recapitalization through a large, nonrecurring cash dividend. No fractional shares shall be issued or optioned in making any such adjustments. All adjustments made by the Committee under this paragraph shall be conclusive.

In the event of (1) a dissolution or liquidation of Tyson, (2) a merger or a consolidation in which Tyson is not the surviving corporation, or a reverse merger in which Tyson is the surviving corporation but the shares of Stock by virtue of the merger are converted into other property, whether in the form of securities, cash or otherwise, or (3) any other capital reorganization in which more than fifty percent (50%) of the shares of Tyson entitled to vote are exchanged, the Plan shall terminate, unless another corporation assumes the responsibility of continuing the operation of the Plan or the Plan Administrator determines in its discretion that the Plan shall nevertheless continue in full force and effect. If the Plan Administrator elects to terminate the Plan, the Committee shall send to each Participant a stock certificate representing the number of whole shares of Stock to which the Participant is entitled. In addition, the Committee shall send checks drawn on the Plan's account to each Participant in an amount equal to the sum of the uninvested funds held to the credit of each Participant in the manner provided in Section 3.8 above.

Table of Contents

Any issue by Tyson of any class of preferred stock, or securities convertible into shares of common stock or preferred stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to the number or price of shares of Stock subject to any grant except as specifically provided otherwise in this Article VIII.

The grant of any right to a person pursuant to the Plan shall not affect in any way the right or power of Tyson to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge or to consolidate or to dissolve, liquidate or sell, or transfer all or any part of its business or assets.

ARTICLE IX

Miscellaneous Provisions

9.1 **No Contract of Employment Intended.** The granting of any right to a person pursuant to this Plan shall not constitute an agreement or understanding, express or implied, on the part of Tyson or any Affiliate to employ such person for any specified period.

9.2 **Information Available.** If required by law, the offered shares of Tyson shall be registered under the Securities Act of 1933 on Form S-8, or such other form as shall be specified by the Securities and Exchange Commission, and Tyson shall deliver to each Participant a copy of the prospectus or such other information as may be required from time to time as required.

9.3 **Securities Laws Restrictions.** The Plan Administrator reserves the right to place an appropriate legend on any certificate representing shares of Stock issuable under the Plan with any such legend reflecting restrictions on the transfer of the shares as may be necessary to assure the availability of any applicable exemptions under federal and state securities laws to which Tyson or the Plan Administrator deem appropriate.

9.4 **Waiver.** No liability whatever shall attach to or be incurred by Tyson or any Affiliates, or by any of their past, present or future shareholders, officers, employees or directors, under or by reason of any of the terms, conditions or agreements contained in this Plan or implied therefrom, and any and all liabilities of, and any and all rights and claims against, Tyson or any Affiliate, or any such shareholder, officer, employee or director, whether arising at common law or in equity or created by statute or constitution or otherwise, pertaining to this Plan, are hereby expressly waived and released by each Participant as a part of the consideration for any benefits provided by an Employer under this Plan.
