PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights selected information about us. It may not contain all the information that may be important to you in deciding whether to invest in our common stock. You should read this entire prospectus supplement and the accompanying prospectus, together with the information incorporated by reference, including the risk factors, financial data and related notes, before making an investment decision.

Our Company

Invesco Mortgage Capital Inc. is a Maryland corporation primarily focused on investing in, financing and managing residential and commercial mortgage-backed securities and mortgage loans. We invest in residential mortgage-backed securities for which a U.S. government agency or a federally chartered corporation guarantees payments of principal and interest on the securities, or Agency RMBS. In addition, we invest in residential mortgage-backed securities that are not issued or guaranteed by a U.S. government agency or a federally chartered corporation, or non-Agency RMBS, commercial mortgage-backed securities, or CMBS, and residential and commercial mortgage loans. We generally finance our Agency RMBS, non-Agency RMBS and CMBS through repurchase agreement financing. We are externally managed and advised by Invesco Advisers, Inc., a Delaware corporation and an indirect, wholly-owned subsidiary of Invesco Ltd., an independent global investment company listed on the New York Stock Exchange (NYSE: IVZ). We refer to Invesco Advisers, Inc. as our Manager.

We have elected to be taxed as a REIT for federal income tax purposes and we intend to continue to be taxed as a REIT. To assist us in maintaining our qualification as a REIT, shareholders are generally restricted from owning (or being treated as owning under applicable attribution rules) more than 9.8% by value or number of shares, whichever is more restrictive, of our outstanding shares of common stock. See **Restrictions on Ownership and Transfer** in the accompanying prospectus.

Our principal offices are located at 1555 Peachtree Street, NE, Atlanta, Georgia 30309, and our telephone number at that address is (404) 892-0896. Our website is located at <http://www.invescomortgagecapital.com>. The information contained on our website is not part of, and is not incorporated or deemed to be incorporated by reference in, this prospectus supplement or the accompanying prospectus.

Recent Developments

Management has made a preliminary estimate of our book value as of December 31, 2012. This preliminary estimate is subject to revision as we prepare our financial statements, including all disclosures required by US GAAP, as of and for the year ended December 31, 2012 and as our auditors conduct their audit of these financial statements. Factors that could cause this preliminary estimate to differ include, but are not limited to: (i) additional adjustments in the calculation of our book value as of December 31, 2012, (ii) discovery of new information that alters expectations about year-end results or impacts valuation methodologies underlying these results, (iii) errors in the assessment of portfolio value, and (iv) accounting changes required by US GAAP.

We estimate that, when finally determined, our book value per share as of December 31, 2012 will be in the range of \$20.80 to \$20.90.

On December 14, 2012, our board of directors authorized and we declared a dividend of \$0.65 per share of common stock for the fourth quarter of 2012. The dividend is scheduled to be paid on January 28, 2013 to shareholders of record as of the close of business on December 24, 2012 and therefore, investors in this offering will not be entitled to receive this dividend.

Also on December 14, 2012, our board of directors authorized and we declared a dividend of \$0.4844 per share of 7.75% Series A Cumulative Redeemable Preferred Stock, or the Series A Preferred Stock, for the fourth quarter of 2012. The dividend is scheduled to be paid on January 25, 2013 to shareholders of record as of the close of business on January 1, 2013.

For the period from October 1, 2012 to January 18, 2013, we issued an aggregate of (i) 779,378 shares of common stock at an average price of \$20.85 under the share purchase feature of our Dividend Reinvestment and Share Purchase Plan for net proceeds of approximately \$16.3 million, and (ii) 1,936 shares of restricted stock pursuant to the 2009 Equity Incentive Plan to our non-executive directors. As of January 18, 2013, we had 116,195,500 shares of common stock outstanding.

The Offering

Common stock offered by us ⁽¹⁾ 15,000,000 shares.

Common stock outstanding after this offering ⁽¹⁾ shares.

Use of Proceeds

Our net proceeds from the sale of the common stock will be approximately \$ million, after deducting estimated offering expenses. If the underwriters' option to purchase additional shares is exercised in full, our net proceeds from the offering will be approximately \$ million, after deducting estimated offering expenses. We plan to use the net proceeds from this offering to purchase assets within our target asset classes, subject to our investment guidelines and to the extent consistent with maintaining our REIT qualification, and other general corporate purposes. Our Manager will make the final determinations as to the percentage of our equity that will be invested in, as well as the appropriate amounts of leverage that we maintain in respect of, each of our target assets and asset classes. Our Manager's determinations will depend upon then prevailing market conditions and may change over time in response to opportunities available in different interest rate, economic and credit environments. Until appropriate assets can be identified, our Manager may use the net proceeds to pay off our short-term debt or invest the net proceeds in interest-bearing short-term investments, including funds which are consistent with our REIT election. These investments are expected to provide a lower net return than we seek to achieve from our target assets.

Distribution Policy

We intend to continue to make regular quarterly distributions to holders of our common stock in an amount that, together with distributions made to holders of our preferred stock, is equal to at least 90% of our taxable income. Our common stock ranks junior to our Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up; therefore, any distributions we make to holders of our common stock will be conditioned upon our ability to first make applicable distributions to holders of our Series A Preferred Stock. U.S. federal income tax law generally requires that a REIT distribute annually at least 90% of its REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains, and that it pay tax at regular corporate rates on its undistributed taxable income.

Any distributions we make are at the discretion of our board of directors and depend upon, among other things, our actual results of operations. These results and our ability to continue to pay distributions will be affected by various factors, including the net interest and other income from our portfolio, our operating expenses and any other expenditures.

SUPPLEMENT TO U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain additional U.S. federal income tax considerations with respect to ownership of our common stock. Investors should review the discussion in the accompanying prospectus under the heading "U.S. Federal Income Tax Considerations" for a more detailed summary of the U.S. federal income tax consequences of the purchase, ownership and disposition of our common stock and our election to be treated as a REIT for U.S. federal income tax purposes.

New Tax Rates for U.S. Individuals, Estates and Trusts

In the accompanying prospectus under the heading "U.S. Federal Income Tax Considerations," there are various references to maximum tax rates applicable to U.S. individuals, estates and trusts through the end of 2012, when such reduced rates were scheduled to expire. On January 2, 2013, President Obama signed into law the American Taxpayer Relief Act of 2012, or the 2012 Relief Act, which, among other things, permanently extends most of the reduced rates for U.S. individuals, estates and trusts with respect to ordinary income, qualified dividends and capital gains that had expired on December 31, 2012. The 2012 Relief Act, however, does not extend all of the reduced rates for high-income taxpayers. Beginning January 1, 2013, in the case of married couples filing joint returns with taxable income in excess of \$450,000, heads of households with taxable income in excess of \$425,000 and other individuals with taxable income in excess of \$400,000, the maximum rates on ordinary income will be 39.6% (as compared to 35% prior to 2013) and the maximum rates on long-term capital gains and qualified dividend income will be 20% (as compared to 15% prior to 2013). REIT dividends generally are not treated as qualified dividend income. Estates and trusts have more compressed rate schedules. Prospective shareholders are urged to consult their tax advisors regarding the effect of the new tax rates and other tax provisions in the 2012 Relief Act on an investment in our common stock.

Unearned Income Medicare Tax Goes Into Effect

Under the Health Care and Education Reconciliation Act of 2010, amending the Patient Protection and Affordable Care Act, high-income U.S. individuals, estates, and trusts will be subject to an additional 3.8% tax on net investment income in tax years beginning after December 31, 2012. For these purposes, net investment income includes dividends and gains from sales of stock. In the case of an individual, the tax will be 3.8% of the lesser of the individual's net investment income or the excess of the individual's modified adjusted gross income over \$250,000 in the case of a married individual filing a joint return or a surviving spouse, \$125,000 in the case of a married individual filing a separate return, or \$200,000 in the case of a single individual. U.S. shareholders that are individuals, estates or trusts should consult their tax advisors regarding the effect, if any, of this legislation on their ownership and disposition of our common stock.

Recent Changes in U.S. Federal Income Tax Withholding

After December 31, 2013, withholding at a rate of 30% will be required on dividends in respect of, and after December 31, 2016, withholding at a rate of 30% will be required on gross proceeds from the sale of shares of our common stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury (unless alternative procedures apply pursuant to an applicable intergovernmental agreement between the United States and the relevant foreign government) to report, on an annual basis, information with respect to shares in, and accounts maintained by, the institution to the extent such shares or accounts are held by certain U.S. persons or by certain non-U.S. entities that are wholly or partially owned by U.S. persons. Accordingly, the entity through which our shares are held will affect the determination of whether such withholding is required. Similarly, after December 31, 2013, dividends in respect of, and after December 31, 2016, gross proceeds from the sale of, our shares held by an investor that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any substantial U.S. owners or (ii) provides certain information regarding the entity's substantial U.S. owners, which we will in turn provide to the Secretary of the Treasury. Non-U.S. shareholders are encouraged to consult with their tax advisers regarding the possible implications of these rules on their investment in our common stock.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions of the underwriting agreement, the underwriters named below, through their representatives Credit Suisse Securities (USA) LLC, Morgan Stanley & Co. LLC and Citigroup Global Markets Inc., have severally agreed to purchase from us the following respective number of shares of common stock:

Underwriter	Number of Shares
Credit Suisse Securities (USA) LLC	
Morgan Stanley & Co. LLC	
Citigroup Global Markets Inc.	
 Total	 15,000,000

The underwriting agreement provides that the obligations of the several underwriters to purchase the shares of common stock offered hereby are subject to certain conditions precedent and that the underwriters will purchase all of the shares of common stock offered by this prospectus supplement, other than those covered by the option to purchase additional shares described below, if any of these shares are purchased.

The underwriters have agreed to purchase the shares of common stock from us at a price of \$ per share, which will result in net proceeds to us, after deducting estimated expenses related to this offering, of approximately \$ million assuming no exercise of the underwriters' option to purchase additional shares, and approximately \$ million assuming full exercise of the underwriters' option to purchase additional shares.

The underwriters propose to offer the common shares offered hereby from time to time for sale in one or more transactions on the NYSE, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt of acceptance by them and subject to their right to reject any order in whole or in part. The underwriters may effect such transactions by selling the common shares to or through dealers and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or purchasers of common shares for whom they may act as agents or to whom they may sell as principal. The difference between the price at which the underwriters purchase shares and the price at which the underwriters resell such shares may be deemed underwriting compensation.

We have granted to the underwriters an option, exercisable not later than 30 days after the date of this prospectus supplement, to purchase up to 2,250,000 additional shares of common stock at a price of \$ per share. To the extent that the underwriters exercise this option, each of the underwriters will become obligated, subject to certain conditions, to purchase approximately the same percentage of these additional shares of common stock as the number of shares of common stock to be purchased by it in the above table bears to the total number of shares of common stock offered by this prospectus supplement. We will be obligated to sell these additional shares of common stock to the underwriters to the extent the option is exercised. If any additional shares of common stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the shares are being offered.

We estimate that our share of the total expenses of this offering will be approximately \$300,000.

We and our operating partnership, IAS Operating Partnership LP, have agreed to indemnify the underwriters against some specified types of liabilities, including liabilities under the Securities Act, and to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

We, each of our directors and executive officers, our Manager and certain officers of our Manager and Invesco Investments (Bermuda) Ltd. have agreed not to offer, sell, contract to sell or otherwise dispose

Table of Contents

of or hedge, or enter into any transaction that is designed to, or could be expected to, result in the disposition of any shares of our common stock or other securities convertible into or exchangeable or exercisable for shares of our common stock or derivatives of our common stock owned by us or any of these persons prior to this offering for a period of 30 days after the date of this prospectus supplement without the prior written consent of Credit Suisse Securities (USA) LLC and Morgan Stanley & Co. LLC. However, each of our directors and executive officers and certain officers of our Manager may transfer or dispose of our shares during this 30-day lock-up period in the case of gifts or for estate planning purposes where the donee agrees to a similar lock-up agreement for the remainder of the 30-day lock-up period. In addition, we may issue shares pursuant to our Dividend Reinvestment and Share Purchase Plan during this 30-day lock-up period.

There are no agreements between Credit Suisse Securities (USA) LLC or Morgan Stanley & Co. LLC and any of our shareholders or affiliates releasing them from these lock-up agreements prior to the expiration of the 30-day lock-up period.

In connection with the offering, the underwriters may purchase and sell shares of our common stock in the open market. These transactions may include short sales, purchases to cover positions created by short sales and stabilizing transactions.

Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares of common stock from us in the offering. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the underwriters' option to purchase additional shares of common stock from us in the offering.

Naked short sales are any sales in excess of the underwriters' option to purchase additional shares of common stock from us in the offering. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if underwriters are concerned that there may be downward pressure on the price of the shares in the open market prior to the completion of the offering.

Stabilizing transactions consist of various bids for or purchases of our common stock made by the underwriters in the open market prior to the completion of the offering.

The underwriters may impose a penalty bid. This occurs when a particular underwriter repays to the other underwriters a portion of the underwriting discount received by it because the representatives of the underwriters have repurchased shares sold by or for the account of that underwriter in stabilizing or short covering transactions.

Purchases to cover a short position and stabilizing transactions may have the effect of preventing or slowing a decline in the market price of our common stock. Additionally, these purchases, along with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the NYSE or otherwise.

A prospectus in electronic format may be made available on websites maintained by one or more underwriters. Other than the prospectus in electronic format, the information on any underwriter's website and any information contained in any other website maintained by an underwriter is not part of this prospectus supplement or the accompanying prospectus.

In the ordinary course of their businesses, the underwriters and/or their respective affiliates may engage in financial transactions with, and perform investment banking, lending, asset management and/or financial advisory services for us and/or our affiliates (and/or Invesco and its affiliates, including our Manager). They receive customary fees and reimbursements of expenses for these transactions and services.

Table of Contents

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and such investment and securities activities may involve our securities and/or instruments.

We have entered into master repurchase agreements and/or interest rate swap agreements with Credit Suisse Securities (USA) LLC, Morgan Stanley & Co. LLC and Citigroup Global Markets Inc. and/or their affiliates, in each case for the financing of our acquisitions of Agency, non-Agency RMBS and CMBS and hedging of interest rate volatility.

Selling Restrictions European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each underwriter has represented and agreed that it has not made and will not make an offer to the public of shares which are the subject of the offering (the Shares) in that Relevant Member State prior to the publication of a prospectus in relation to the Shares which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved by the competent authority in another Relevant Member State and published and passported in accordance with the Prospectus Directive as implemented in that Relevant Member State, except that it may, make an offer to the public in that Relevant Member State of any Shares at any time following exemptions under the Prospectus Directive if they have been implemented in that Relevant Member State:

1. to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
2. to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000 and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts;
3. to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of Credit Suisse Securities (USA) LLC and Morgan Stanley & Co. LLC for any such offer; or
4. in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of shares shall result in a requirement for the publication by us or any underwriter of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of shares to the public in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

In the case of any shares being offered to a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, such financial intermediary will also be deemed to have represented, acknowledged and agreed that the shares acquired by it in the offering have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to persons in circumstances which may give rise to an offer of any shares to the public other than their offer of resale in a Relevant Member State to qualified investors as so defined or in circumstances in which the prior

consent of the underwriters has been obtained to each such proposed offer or resale. We, and the underwriters and their affiliates, and others will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement. Notwithstanding the above, a person who is not a qualified investor and who has notified the underwriters of such fact in writing may, with the consent of the underwriters, be permitted to purchase shares in the offering.

INVESCO MORTGAGE CAPITAL INC.

Invesco Mortgage Capital Inc. is a Maryland corporation primarily focused on investing in, financing and managing residential and commercial mortgage-backed securities and mortgage loans. We invest in residential mortgage-backed securities for which a U.S. government agency or a federally chartered corporation guarantees

Table of Contents

payments of principal and interest on the securities. In addition, we invest in residential mortgage-backed securities that are not issued or guaranteed by a U.S. government agency, commercial mortgage-backed securities and mortgage loans. We generally finance our agency and non-agency residential mortgage-backed securities and commercial mortgage-backed securities through repurchase agreement financing. We have also financed our investments in certain non-agency residential mortgage-backed securities, commercial mortgage-backed securities and residential and commercial mortgage loans by contributing capital to a legacy securities public-private investment fund established and managed by our manager or one of its affiliates, which, in turn, invests in our target assets, that received financing under the U.S. government's Public-Private Investment Program. We are externally managed and advised by Invesco Advisers, Inc., a Delaware corporation and an indirect, wholly-owned subsidiary of Invesco Ltd., an independent global investment company listed on the New York Stock Exchange (NYSE: IVZ).

We have elected to be taxed as a real estate investment trust for U.S. federal income tax purposes commencing with our taxable year ended December 31, 2009 and we intend to continue to be taxed as a REIT. To assist us in maintaining our qualification as a real estate investment trust, shareholders are generally restricted from owning more than 9.8% by value or number of shares, whichever is more restrictive, of our outstanding shares of common stock. In addition, our charter contains various other restrictions on the ownership and transfer of our common stock. See [Restrictions on Ownership and Transfer](#).

RISK FACTORS

Investing in our securities involves risks. You should carefully consider the risks described under [Risk Factors](#) in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q (which descriptions are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto before making a decision to invest in our securities. See [Where You Can Find More Information](#), [above](#).

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus and the related accompanying prospectus supplement for the purchase of mortgage-backed securities, mortgage loans and for general corporate purposes. Unless otherwise indicated in an accompanying prospectus supplement, we will not receive any proceeds from the sale of securities by selling securityholders.

RATIO OF EARNINGS TO FIXED CHARGES

DESCRIPTION OF CAPITAL STOCK

The following is a summary of the rights and preferences of our capital stock. While we believe that the following description covers the material terms of our capital stock, the description may not contain all of the information that is important to you. We encourage you to read carefully this entire prospectus, our charter and bylaws and the other documents we refer to for a more complete understanding of our capital stock. Copies of our charter and bylaws are listed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

Table of Contents

General

Our charter provides that we may issue up to 450,000,000 shares of common stock, \$0.01 par value per share, and 50,000,000 shares of preferred stock, \$0.01 par value per share. Our charter authorizes our board of directors to amend our charter to increase or decrease the aggregate number of authorized shares of stock or the number of shares of stock of any class or series without shareholder approval. Under Maryland law, shareholders are not generally liable for our debts or obligations.

Shares of Common Stock

All shares of common stock offered by this prospectus will be duly authorized, validly issued, fully paid and nonassessable. Subject to the preferential rights of any other class or series of shares of stock and to the provisions of our charter regarding the restrictions on ownership and transfer of shares of stock, holders of shares of common stock are entitled to receive dividends on such shares of common stock out of assets legally available therefor if, as and when authorized by our board of directors and declared by us, and the holders of our shares of common stock are entitled to share ratably in our assets legally available for distribution to our shareholders in the event of our liquidation, dissolution or winding up after payment of or adequate provision for all our known debts and liabilities.

The shares of common stock that we are offering will be issued by us and do not represent any interest in or obligation of Invesco or any of its affiliates. Further, the shares are not a deposit or other obligation of any bank, are not an insurance policy of any insurance company and are not insured or guaranteed by the Federal Deposit Insurance Corporation, or FDIC, any other governmental agency or any insurance company. The shares of common stock will not benefit from any insurance guarantee association coverage or any similar protection.

Subject to the provisions of our charter regarding the restrictions on ownership and transfer of shares of stock and except as may otherwise be specified in the terms of any class or series of shares of common stock, each outstanding share of common stock entitles the holder to one vote on all matters submitted to a vote of shareholders, including the election of directors, and, except as provided with respect to any other class or series of shares of stock, the holders of such shares of common stock will possess the exclusive voting power. There is no cumulative voting in the election of our board of directors, which means that the holders of a majority of the outstanding shares of common stock can elect all of the directors then standing for election, and the holders of the remaining shares will not be able to elect any directors.

Holders of shares of common stock have no preference, conversion, exchange, sinking fund or redemption rights, have no preemptive rights to subscribe for any securities of our company and generally have no appraisal rights unless our board of directors determines that appraisal rights apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which holders of such shares would otherwise be entitled to exercise appraisal rights. Subject to the provisions of our charter regarding the restrictions on ownership and transfer of shares of stock, shares of common stock will have equal dividend, liquidation and other rights.

Under the Maryland General Corporation Law, or MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge with another entity, sell or transfer all or substantially all of its assets or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of shareholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter provides that these matters (other than certain amendments to the provisions of our charter related to the removal of directors and the restrictions on ownership and transfer of our shares of stock) may be approved by a majority of all of the votes entitled to be cast on the matter.

Table of Contents

Power to Reclassify Our Unissued Shares of Stock

Our charter authorizes our board of directors to classify and reclassify any unissued shares of common or preferred stock into other classes or series of shares of stock. Prior to issuance of shares of each class or series, our board of directors is required by Maryland law and by our charter to set, subject to our charter restrictions on ownership and transfer of shares of stock, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Therefore, our board of directors could authorize the issuance of shares of common or preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a change in control or other transaction that might involve a premium price for our shares of common stock or otherwise be in the best interest of our shareholders. No shares of preferred stock are presently outstanding, and we have no present plans to issue any shares of preferred stock.

Power to Increase or Decrease Authorized Shares of Stock and Issue Additional Shares of Common and Preferred Stock

We believe that the power of our board of directors to amend our charter to increase or decrease the number of authorized shares of stock or the number of shares of stock of any class or series that we have authority to issue, to issue additional authorized but unissued shares of common or preferred stock and to classify or reclassify unissued shares of common or preferred stock and thereafter to issue such classified or reclassified shares of stock will provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. The additional classes or series, as well as the shares of common stock, will be available for issuance without further action by our shareholders, unless such action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors does not intend to do so, it could authorize us to issue a class or series that could, depending upon the terms of the particular class or series, delay, defer or prevent a change in control or other transaction that might involve a premium price for our shares of common stock or otherwise be in the best interest of our shareholders.

Transfer Agent and Registrar

The transfer agent and registrar for our shares of common stock is Mellon Investor Services LLC.

Shares of Preferred Stock

The following description sets forth general terms and provisions of the preferred stock to which any prospectus supplement may relate. The statements below describing the preferred stock are in all respects subject to and qualified in their entirety by reference to our charter, our bylaws, as amended and restated, and any articles supplementary to our charter, designating terms of a series of preferred stock. The preferred stock, when issued, will be validly issued, fully paid, and nonassessable. Because our board of directors has the power to establish the preferences, powers and rights of each series of preferred stock, our board of directors may afford the holders of any series of preferred stock preferences, powers and rights, voting or otherwise, senior to the rights of common shareholders.

The rights, preferences, privileges and restrictions of each series of preferred stock will be fixed by the articles supplementary to our charter relating to the series. A prospectus supplement, relating to each series, will specify the terms of the preferred stock, as follows:

the title and stated value of the preferred stock;

the voting rights of the preferred stock, if applicable;

the preemptive rights of the preferred stock, if applicable;

Table of Contents

the restrictions on alienability of the preferred stock, if applicable;

the number of shares offered, the liquidation preference per share and the offering price of the shares;

liability to further calls or assessment of the preferred stock, if applicable;

the dividend rate(s), period(s) and payment date(s) or method(s) of calculation applicable to the preferred stock;

the date from which dividends on the preferred stock will accumulate, if applicable;

the procedures for any auction and remarketing for the preferred stock;

the provision for a sinking fund, if any, for the preferred stock;

the provision for and any restriction on redemption, if applicable, of the preferred stock;

the provision for and any restriction on repurchase, if applicable, of the preferred stock;

any listing of the preferred stock on any securities exchange;

the terms and provisions, if any, upon which the preferred stock will be convertible into common stock, including the conversion price (or manner of calculation) and conversion period;

the terms under which the rights of the preferred stock may be modified, if applicable;

any other specific terms, preferences, rights, limitations or restrictions of the preferred stock;

a discussion of certain material federal income tax considerations applicable to the preferred stock;

the relative ranking and preferences of the preferred stock as to dividend rights and rights upon the liquidation, dissolution or winding-up of our affairs;

any limitation on issuance of any series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividend rights and rights upon the liquidation, dissolution or winding-up of our affairs; and

Edgar Filing: Invesco Mortgage Capital Inc. - Form 424B3

any limitations on direct or beneficial ownership and restrictions on transfer of the preferred stock, in each case as may be appropriate to preserve our qualification as a REIT.

DESCRIPTION OF DEPOSITARY SHARES

General

We may issue depositary shares, each of which would represent a fractional interest of a share of a particular series of preferred stock. We will deposit shares of preferred stock represented by depositary shares under a separate deposit agreement among the company, a preferred stock depositary and the holders of the depositary shares. Subject to the terms of the deposit agreement, each owner of a depositary share will possess, in proportion to the fractional interest of a share of preferred stock represented by the depositary share, all the rights and preferences of the preferred stock represented by the depositary shares.

Depositary receipts will evidence the depositary shares issued pursuant to the deposit agreement. Immediately after the company issues and delivers preferred stock to a preferred stock depositary, the preferred stock depositary will issue the depositary receipts.

Dividends and Other Distributions

The depositary will distribute all cash dividends on the preferred stock to the record holders of the depositary shares. Holders of depositary shares generally must file proofs, certificates and other information and pay charges and expenses of the depositary in connection with distributions.

Table of Contents

If a distribution on the preferred stock is other than in cash and it is feasible for the depositary to distribute the property it receives, the depositary will distribute the property to the record holders of the depositary shares. If such a distribution is not feasible, the depositary, with our approval, may sell the property and distribute the net proceeds from the sale to the holders of the depositary shares.

Withdrawal of Stock

Unless we have previously called the underlying preferred stock for redemption or the holder of the depositary shares has converted such shares, a holder of depositary shares may surrender them at the corporate trust office of the depositary in exchange for whole or fractional shares of the underlying preferred stock together with any money or other property represented by the depositary shares. Once a holder has exchanged the depositary shares, the holder may not redeposit the preferred stock and receive depositary shares again. If a depositary receipt presented for exchange into preferred stock represents more shares of preferred stock than the number to be withdrawn, the depositary will deliver a new depositary receipt for the excess number of depositary shares.

Redemption of Depositary Shares

Whenever we redeem shares of preferred stock held by a depositary, the depositary will redeem the corresponding amount of depositary shares with funds it receives from us for the preferred stock. The depositary will notify the record holders of the depositary shares to be redeemed not less than 30 days nor more than 60 days before the date fixed for redemption at the holders' addresses appearing in the depositary's books. The redemption price per depositary share will be equal to the applicable fraction of the redemption price and any other amounts payable with respect to the preferred stock. If we intend to redeem less than all of the underlying preferred stock, we and the depositary will select the depositary shares to be redeemed on as nearly a *pro rata* basis as practicable without creating fractional depositary shares or by any other equitable method determined by us that preserves our REIT status.

On the redemption date:

all dividends relating to the shares of preferred stock called for redemption will cease to accrue;

we and the depositary will no longer deem the depositary shares called for redemption to be outstanding; and

all rights of the holders of the depositary shares called for redemption will cease, except the right to receive any money payable upon the redemption and any money or other property to which the holders of the depositary shares are entitled upon redemption.

Voting of the Preferred Stock

When a depositary receives notice regarding a meeting at which the holders of the underlying preferred stock have the right to vote, it will mail that information to the holders of the depositary shares. Each record holder of depositary shares on the record date may then instruct the depositary to exercise its voting rights for the amount of preferred stock represented by that holder's depositary shares. The depositary will vote in accordance with these instructions. The depositary will abstain from voting to the extent it does not receive specific instructions from the holders of depositary shares. A depositary will not be responsible for any failure to carry out any instruction to vote, or for the manner or effect of any vote, as long as any action or non-action is in good faith and does not result from negligence or willful misconduct of the depositary.

Liquidation Preference

In the event of our liquidation, dissolution or winding up, a holder of depositary shares will receive the fraction of the liquidation preference accorded each share of underlying preferred stock represented by the depositary share.

Table of Contents

Conversion of Preferred Stock

Depository shares will not themselves be convertible into common stock or any other securities or property of the company. However, if the underlying preferred stock is convertible, holders of depository shares may surrender them to the depository with written instructions to convert the preferred stock represented by their depository shares into whole shares of common stock, other shares of our preferred stock or other shares of stock, as applicable. Upon receipt of these instructions and any amounts payable in connection with a conversion, we will convert the preferred stock using the same procedures as those provided for delivery of preferred stock. If a holder of depository shares converts only part of its depository shares, the depository will issue a new depository receipt for any depository shares not converted. We will not issue fractional shares of common stock upon conversion. If a conversion will result in the issuance of a fractional share, we will pay an amount in cash equal to the value of the fractional interest based upon the closing price of the common stock on the last business day prior to the conversion.

Amendment and Termination of a Deposit Agreement

The company and the depository may amend any form of depository receipt evidencing depository shares and any provision of a deposit agreement. However, unless the existing holders of at least two-thirds of the applicable depository shares then outstanding have approved the amendment, we and the depository may not make any amendment that:

would materially and adversely alter the rights of the holders of depository shares; or

would be materially and adversely inconsistent with the rights granted to the holders of the underlying preferred stock.

Subject to exceptions in the deposit agreement and except in order to comply with the law, no amendment may impair the right of any holders of depository shares to surrender their depository shares with instructions to deliver the underlying preferred stock and all money and other property represented by the depository shares. Every holder of outstanding depository shares at the time any amendment becomes effective who continues to hold the depository shares will be deemed to consent and agree to the amendment and to be bound by the amended deposit agreement.

We may terminate a deposit agreement upon not less than 30 days prior written notice to the depository if:

the termination is necessary to preserve our REIT status; or

a majority of each series of preferred stock affected by the termination consents to the termination.

Upon a termination of a deposit agreement, holders of the depository shares may surrender their depository shares and receive in exchange the number of whole or fractional shares of preferred stock and any other property represented by the depository shares. If we terminate a deposit agreement to preserve our status as a REIT, then we will use our best efforts to list the preferred stock issued upon surrender of the related depository shares on a national securities exchange.

In addition, a deposit agreement will automatically terminate if:

we have redeemed all underlying preferred stock subject to the agreement;

a final distribution of the underlying preferred stock in connection with any liquidation, dissolution or winding up has occurred, and the depository has distributed the distribution to the holders of the depository shares; or

each share of the underlying preferred stock has been converted into other capital stock of the company not represented by depositary shares.

Expenses of a Preferred Stock Depositary

We will pay all transfer and other taxes and governmental charges and expenses arising in connection with a deposit agreement. In addition, we will generally pay the fees and expenses of a depositary in connection with the performance of its duties. However, holders of depositary shares will pay the fees and expenses of a depositary for any duties requested by the holders that the deposit agreement does not expressly require the depositary to perform.

Resignation and Removal of Depositary

A depositary may resign at any time by delivering to us notice of its election to resign. We may also remove a depositary at any time. Any resignation or removal will take effect upon the appointment of a successor depositary. We will appoint a successor depositary within 60 days after delivery of the notice of resignation or removal. The successor must be a bank or trust company with its principal office in the U.S. and have a combined capital and surplus of at least \$50 million.

Miscellaneous

The depositary will forward to the holders of depositary shares any reports and communications from us with respect to the underlying preferred stock.

Neither the depositary nor the company will be liable if any law or any circumstances beyond their control prevent or delay them from performing their obligations under a deposit agreement. The obligations of the company and a depositary under a deposit agreement will be limited to performing their duties in good faith and without negligence and, in regard to voting of preferred stock, gross negligence or willful misconduct. Neither the company nor a depositary must prosecute or defend any legal proceeding with respect to any depositary shares or the underlying preferred stock unless they are furnished with satisfactory indemnity.

The company and any depositary may rely on the written advice of counsel or accountants, or information provided by persons presenting shares of preferred stock for deposit, holders of depositary shares or other persons they believe in good faith to be competent, and on documents they believe in good faith to be genuine and signed by a proper party.

In the event a depositary receives conflicting claims, requests or instructions from us and any holders of depositary shares, the depositary will be entitled to act on the claims, requests or instructions received from us.

We may issue warrants for the purchase of common stock, preferred stock, depository shares, debt securities, other securities or any combination of these securities. Securities warrants may be issued independently or together with any other securities offered by this prospectus and any accompanying prospectus supplement and may be attached to or separate from such other securities. Each issuance of the warrants will be issued under a separate securities warrant agreement to be entered into by us and a bank or trust company, as securities warrant agent, all as set forth in the prospectus supplement relating to the particular issue of offered warrants. Each issue of warrants will be evidenced by warrant certificates. The securities warrant agent will act solely as an agent of ours in connection with the securities warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holder of securities warrant certificates or beneficial owners of warrants.

If we offer warrants pursuant to this prospectus in the future, the applicable prospectus supplement will describe the terms of such warrants, including the following, where applicable:

the offering price at which we will issue the warrants;

the total number of warrants;

any applicable anti-dilution provisions to adjust the number of shares to be delivered upon exercise of warrants to purchase common stock;

the designation and terms of the securities with which the warrants are being offered, if any, the number of the warrants being offered with each security, and the number of shares purchasable upon exercise of the warrants;

the price at which investors may purchase the underlying securities purchasable upon exercise of the warrants, as well as related adjustment provisions affecting that exercise price;

the date on and after which the warrants and any related securities will be transferable separately;

the dates on which the right to exercise the warrants shall commence and expire;

federal income tax considerations; and

any other material terms of the warrants.

Prior to the exercise of their warrants, holders of warrants exercisable for debt securities will not have any of the rights of holders of the debt securities purchasable upon the exercise and will not be entitled to payments of principal (or premium, if any) or interest, if any, on the debt securities purchasable upon the exercise. Prior to the exercise of their warrants, holders of warrants exercisable for shares of preferred stock, common stock or for depository shares will not have any rights of holders of the preferred stock, common stock or depository shares purchasable upon the exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock, common stock or depository shares purchasable upon the exercise.

We may issue, as a dividend at no cost, to holders of record of our securities or any class or series thereof on the applicable record date, rights to purchase shares of our common stock or preferred stock, warrants, units or other securities. In this prospectus, we refer to such rights as shareholder rights. If shareholders rights are so issued to existing holders of securities, each shareholder right will entitle the registered holder thereof to purchase the securities issuable upon exercise of the rights pursuant to the terms set forth in the applicable prospectus supplement.

If shareholder rights are issued, the applicable prospectus supplement will describe the terms of such shareholder rights, including the following where applicable:

record date;

subscription price;

Prior to the exercise of their shareholder rights, holders of shareholder rights exercisable for debt securities will not have any of the rights of holders of the debt securities purchasable upon the exercise and will not be entitled to payments of principal (or premium, if any) or interest, if any, on the debt securities purchasable upon the exercise. Prior to the exercise of their shareholder rights, holders of shareholder rights exercisable for shares of preferred stock, common stock or for depositary shares will not have any rights of holders of the preferred stock, common stock or depositary shares purchasable upon the exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock, common stock or depositary shares purchasable upon the exercise.

DESCRIPTION OF DEBT SECURITIES

General

The following description of the terms of our senior debt securities and subordinated debt securities, together, referred to as the debt securities, sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. Unless otherwise noted, the general terms and provisions of our debt securities discussed below apply to both our senior debt securities and our subordinated debt securities. Our debt securities may be issued from time to time in one or more series. The particular terms of any series of debt securities and the extent to which the general provisions may apply to a particular series of debt securities will be described in the prospectus supplement relating to that series.

The senior debt securities will be issued under an indenture between us and a Senior Indenture Trustee, referred to as the senior indenture. The subordinated debt securities will be issued under an indenture between us and a Subordinated Indenture Trustee, referred to as the subordinated indenture and, together with the senior indenture, the indentures. The Senior Indenture Trustee and the Subordinated Indenture Trustee are both referred to, individually, as the Trustee. The senior debt securities will constitute our unsecured and unsubordinated obligations and the subordinated debt securities will constitute our unsecured and subordinated obligations. A detailed description of the subordination provisions is provided below under the caption Ranking and Subordination Subordination. In general, however, if we declare bankruptcy, holders of the senior debt securities will be paid in full before the holders of subordinated debt securities will receive anything.

The statements set forth below are brief summaries of certain provisions contained in the indentures, which summaries do not purport to be complete and are qualified in their entirety by reference to the indentures, which are filed as exhibits to the registration statement of which this prospectus forms a part. Terms used herein that are otherwise not defined shall have the meanings given to them in the indentures. Such defined terms shall be incorporated herein by reference.

Table of Contents

The indentures will not limit the amount of debt securities that may be issued under the applicable indenture, and debt securities may be issued under the applicable indenture up to the aggregate principal amount that may be authorized from time to time by us. Any such limit applicable to a particular series will be specified in the prospectus supplement relating to that series.

The prospectus supplement relating to any series of debt securities in respect of which this prospectus is being delivered will contain the following terms, among others, for each such series of debt securities:

the designation and issue date of the debt securities;

the date or dates on which the principal amount of the debt securities is payable;

the rate or rates (or manner of calculation thereof), if any, per annum at which the debt securities will bear interest, if any, the date or dates from which interest will accrue and the interest payment date or dates for the debt securities;

any limit upon the aggregate principal amount of the debt securities which may be authenticated and delivered under the applicable indenture;

the period or periods within which, the redemption price or prices or the repayment price or prices, as the case may be, at which, and the terms and conditions upon which, the debt securities may be redeemed at the issuing company's option or the option of the holder of such debt securities;

the obligation, if any, of the issuing company to purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder of such debt securities and the period or periods within which, the price or prices at which and the terms and conditions upon which such debt securities will be purchased, in whole or in part, pursuant to such obligation;

if other than denominations of \$1,000 and any integral multiple thereof, the denominations in which the debt securities will be issuable;

provisions, if any, with regard to the conversion or exchange of the debt securities, at the option of the holders of such debt securities or the issuing company, as the case may be, for or into new securities of a different series, common stock or other securities;

if other than U.S. dollars, the currency or currencies or units based on or related to currencies in which the debt securities will be denominated and in which payments of principal of, and any premium and interest on, such debt securities shall or may be payable;

if the principal of (and premium, if any) or interest, if any, on the debt securities are to be payable, at the election of the issuing company or a holder of such debt securities, in a currency (including a composite currency) other than that in which such debt securities are stated to be payable, the period or periods within which, and the terms and conditions upon which, such election may be made;

if the amount of payments of principal of (and premium, if any) or interest, if any, on the debt securities may be determined with reference to an index based on a currency (including a composite currency) other than that in which such debt securities are stated to

be payable, the manner in which such amounts shall be determined;

provisions, if any, related to the exchange of the debt securities, at the option of the holders of such debt securities, for other securities of the same series of the same aggregate principal amount or of a different authorized series or different authorized denomination or denominations, or both;

the portion of the principal amount of the debt securities, if other than the principal amount thereof, which shall be payable upon declaration of acceleration of the maturity thereof as more fully described under the section Events of Default, Notice and Waiver below;

Table of Contents

if the debt securities will be guaranteed, the terms and conditions of such guarantees and provisions for the accession of the guarantors to certain obligations under the applicable indenture;

with respect to subordinated debt securities only, the amendment or modification of the subordination provisions in the subordinated indenture with respect to the debt securities; and

any other specific terms.

We may issue debt securities of any series at various times and we may reopen any series for further issuances from time to time without notice to existing holders of securities of that series.

Some of the debt securities may be issued as original issue discount debt securities. Original issue discount debt securities bear no interest or bear interest at below-market rates. These are sold at a discount below their stated principal amount. If we issue these securities, the prospectus supplement relating to such series of debt securities will describe any special tax, accounting or other information which we think is important. We encourage you to consult with your own tax and financial advisors on these important matters.

Unless we specify otherwise in the applicable prospectus supplement relating to such series of debt securities, the covenants contained in the indentures will not provide special protection to holders of debt securities if we enter into a highly leveraged transaction, recapitalization or restructuring.

Unless otherwise set forth in the prospectus supplement relating to such series of debt securities, interest on outstanding debt securities will be paid to holders of record on the date that is 15 days prior to the date such interest is to be paid or, if not a business day, the next preceding business day. Unless otherwise specified in the prospectus supplement, debt securities will be issued in fully registered form only. Unless otherwise specified in the prospectus supplement, the principal amount of the debt securities will be payable at the corporate trust office of the Trustee in New York, New York. The debt securities may be presented for transfer or exchange at such office unless otherwise specified in the prospectus supplement, subject to the limitations provided in the applicable indenture, without any service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charges payable in connection therewith.

Ranking and Subordination

General

The subordinated debt securities and the related guarantees will effectively rank junior in right of payment to any of our or the guarantors' current and future secured obligations to the extent of the value of the assets securing such obligations. The debt securities and the guarantees will be effectively subordinated to all existing and future liabilities, including indebtedness and trade payables, of our non-guarantor subsidiaries.
