Proxy Statement
For the Annual Meeting of Shareholders
To Be Held on April 25, 2013

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Mercantile Bank Corporation (we, our or Mercantile). The proxies are being solicited for use at the annual meeting of shareholders to be held on Thursday, April 25, 2013 at 9:00 a.m., local time, at Kent Country Club, 1600 College Avenue NE, Grand Rapids, Michigan 49505, and at any and all adjournments of the meeting. An annual report that consists of our Annual Report on Form 10-K for the year ended December 31, 2012 and other information is first being mailed or made available to shareholders, along with these proxy materials, on or about March 15, 2013.

Information About the Annual Meeting and Voting

What is the purpose of the annual meeting?

At our annual meeting, shareholders will act upon the matters outlined in the accompanying notice of the meeting and described in this proxy statement. These matters include the election of directors, the ratification of the selection of our independent registered public accounting firm, an advisory (non-binding) vote on the compensation of our named executive officers disclosed in this proxy statement and an advisory vote on the frequency of advisory approval of the compensation of our named executive officers.

Please read this proxy statement carefully. You should consider the information contained in this proxy statement when deciding how to vote your shares at the annual meeting.

Who is entitled to vote?

The Board of Directors has set March 1, 2013 as the record date for the annual meeting. If you were a shareholder of record at the close of business on the record date, March 1, 2013, you are entitled to receive notice of the meeting and to vote your shares at the meeting. Holders of Mercantile common stock are entitled to one vote per share.

What is the difference between a shareholder of record and a street name holder?

These terms describe how your shares are held. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are a shareholder of record. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the voting instructions provided by it.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting.

Table of Contents

What is a proxy?

A proxy is your designation of another person to vote on your behalf. The other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. When you designate a proxy, you also may direct the proxy how to vote your shares. We sometimes refer to this as your proxy vote. By completing and returning the enclosed proxy card, or voting by internet or telephone, you are giving the persons appointed as proxies by our Board of Directors the authority to vote your shares.

What is a proxy statement?

A proxy statement is a document that we are required to give you, or provide you access to, in accordance with regulations of the Securities and Exchange Commission (the SEC), when we ask you to designate proxies to vote your shares of our common stock at a meeting of our shareholders. The proxy statement includes information regarding the matters to be acted upon at the meeting and certain other information required by regulations of the SEC and rules of The Nasdaq Stock Market (Nasdaq).

How many shares must be present to hold the meeting?

At least a majority of the shares of our common stock outstanding on the record date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum. Your shares are counted as present at the meeting if:

you are present and vote in person at the meeting; or

you have properly submitted a proxy by mail, telephone or internet.

As of the record date, 8,705,251 shares of our common stock were outstanding and entitled to vote. Proxies that are received and voted as withholding authority, abstentions, and broker non-votes (where a bank, trust, broker or other nominee does not exercise discretionary authority to vote on a matter) will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote my shares?

If you are a shareholder of record as of the record date, you can give a proxy to be voted at the meeting in any of the following ways:

over the telephone by calling a toll-free number;

electronically, using the internet; or

by completing, signing and mailing the printed proxy card.

The telephone and internet voting procedures have been set up for your convenience. We encourage you to reduce corporate expense by submitting your vote by telephone or internet. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a shareholder of record and you would like to submit your proxy by telephone or internet, please refer to the specific instructions provided on the enclosed proxy card. If you wish to submit your proxy by mail, please return your signed proxy card to us before the annual meeting.

If the shares you own are held in street name, your broker, bank, trust or other nominee, as the record holder of your shares, is required to vote your shares according to your instructions. Your broker, bank, trust or other nominee is required to send you directions on how to vote those shares. If you do not give instructions to your broker, bank, trust or other nominee, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. In the case of non-discretionary items, the shares that do not receive voting instructions will be treated as broker non-votes.

Table of Contents

If, as of the record date, you are a shareholder of record and you attend the meeting, you may vote in person at the meeting. Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting. If you are a street name holder, you may vote your shares in person at the meeting only if you obtain a signed letter or other document from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting. If you have questions about attending or would like directions to the annual meeting, please write to the Secretary, Mercantile Bank Corporation, 310 Leonard Street NW, Grand Rapids, Michigan 49504 or call 616-726-1601.

What does it mean if I receive more than one proxy card or voting instruction form?

If you receive more than one proxy card or voting instruction form, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, sign and return each proxy card, or if you submit your proxy vote by telephone or internet, vote once for each proxy card or voting instruction form you receive.

What if I do not specify how I want my shares voted?

If you submit a signed proxy card or submit your proxy by telephone or internet and do not specify how you want to vote your shares, the proxies will vote your shares:

FOR the election of all of the eleven nominees for director;

FOR the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for 2013;

FOR the advisory approval of the compensation of our named executive officers disclosed in this proxy statement;

FOR One Year with regard to the advisory vote on the frequency of advisory approval of the compensation of our named executive officers; and

In the discretion of the persons named as proxies as to all other matters that may be properly presented at the annual meeting.

Can I change my proxy after submitting my proxy?

Yes, you may revoke your proxy and change your vote at any time before your proxy is voted at the annual meeting. If you are a shareholder of record, you may revoke your proxy and change your vote by submitting a later-dated proxy by telephone, internet or mail, by voting in person at the meeting, or by delivering to our Secretary a written notice of revocation. Attending the meeting will not revoke your proxy unless you specifically request to revoke it.

If you hold your shares in street name, contact your broker, bank, trust or other nominee regarding how to revoke your proxy and change your vote.

What is the vote required to approve each matter?

Election of Directors. The affirmative vote of the holders of a plurality of the votes cast on the election of directors at the meeting is required for nominees to be elected as directors. Votes withheld and broker non-votes are not counted toward a nominee's total.

Independent Registered Public Accounting Firm. The affirmative vote of a majority of the common stock present in person or by proxy at the meeting and voting on the matter is necessary to approve the ratification of our independent registered public accounting firm. For purposes of counting votes on this matter, abstentions and broker non-votes will not be counted as shares voted on the matter.

Advisory approval of compensation of our named executive officers. Because this is an advisory vote, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. For purposes of counting votes on this matter, abstentions and broker non-votes will not be counted as shares voted on the matter.

Advisory vote on the frequency of advisory approval of the compensation of our named executive officers. Because this is an advisory vote, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. For purposes of counting votes on this matter, abstentions and broker non-votes will not be counted as shares voted on the matter.

Are there other matters to be voted on at the meeting?

As of the date of this proxy statement, our Board of Directors does not know of any matters which may come before the meeting, other than the matters described in this proxy statement. Should any other matter requiring a vote of the shareholders arise and be properly presented at the annual meeting, the proxy gives the persons named in the proxy and designated to vote the shares discretionary authority to vote or otherwise act with respect to any such matter in accordance with their best judgment.

How does the Board recommend that I vote?

The Board of Directors recommends that you vote:

FOR the election of all of the eleven nominees for director;

FOR the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for 2013;

FOR the advisory approval of the compensation of our executives disclosed in this proxy statement; and

FOR One Year with regard to the advisory vote on the frequency of advisory approval of the compensation of our named executive officers.

Who pays for this proxy solicitation?

All costs of soliciting proxies will be borne by us. Our directors, officers, and other employees, and employees of our subsidiary, Mercantile Bank of Michigan (the "Bank"), may, without compensation other than their regular compensation, solicit proxies by further mailing or personal conversation, or by telephone, facsimile or electronic means. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding soliciting material to the beneficial owners of our common stock.

Election of Directors

Our articles of incorporation and bylaws provide that our Board of Directors will consist of between six and fifteen directors, with the exact number of directors determined from time to time by our Board of Directors. Our Board of Directors currently has eleven members. Our directors are elected annually to one-year terms.

Our Board of Directors has nominated Kirk J. Agerson, David M. Cassard, Edward J. Clark, John F. Donnelly, Michael D. Faas, Doyle A. Hayes, Susan K. Jones, Robert B. Kaminski, Jr., Calvin D. Murdock, Michael H. Price, and Timothy O. Schad, as directors for election at this year's annual meeting for one-year terms expiring at the 2014 annual meeting. Each of the nominees is presently a director whose term expires at this year's annual meeting.

Our Board of Directors recommends that you vote FOR each of the eleven nominees named above. Unless otherwise instructed, the persons named as proxies intend to vote all proxies received for the election of the eleven nominees.

All of the nominees have indicated their willingness to continue to serve. If any nominee should become unwilling or unavailable to serve, our Board of Directors may select a substitute nominee, and in that event the proxies intend to vote all proxies for the person selected, as well as the other nominees. If a substitute nominee is not selected, the proxies intend to vote for the election of the remaining nominees. Our Board of Directors has no reason to believe that any of the nominees will become unavailable.

On January 22, 2013, Lawrence W. Larsen retired from our Board of Directors. Mr. Larsen had served as a director since 1997. We thank him for his service on our Board.

Set forth below is information about the nominees for election as directors. The factual information about each nominee and director has been provided by that person. The particular experience, qualifications, attributes or skills that led our Board of Directors to conclude that each should serve on our Board, in light of our business and structure, was determined by our Board or its Governance and Nominating Committee. Each nominee and continuing member of our Board of Directors is also a director of the Bank. There are no family relationships among any of our directors, nominees for director and executive officers, except that Mr. Agerson's son, and Mr. Cassard's daughter, are married to each other.

Mr. Hayes is Past Chair of Small Business Association of Michigan, and was formerly a Corporate Director of First Michigan Bank Corporation. We determined that Mr. Hayes should be a member of our Board based on a number of factors. He has extensive experience managing various manufacturing concerns and demonstrated leadership ability on numerous non-profit boards. Also, as an African American deeply involved in the business community, he brings us perspectives that allow us to serve our diverse communities in a better way.

Table of Contents**Corporate Governance****Director Independence**

Applicable Nasdaq rules require that a majority of our Board of Directors be independent. In January of 2013, our Board of Directors reviewed the independence of our directors and determined that each of the directors, including those nominated for election at the annual meeting, are independent as defined by applicable Nasdaq rules, with the exception of Messrs. Price and Kaminski. In making this determination, our Board of Directors has concluded that none of the independent directors has a relationship that in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Board Meetings

During 2012, our Board of Directors held a total of twelve meetings. During 2012, each director attended at least 75% of the total number of meetings of our Board and its committees on which he or she then served, except Michael D. Faas, who attended 65% of the total number of meetings of our Board and its committees on which he served.

Our Board of Directors has a policy of encouraging members of the Board of Directors to attend the annual meetings of the shareholders. All of our directors then serving on our Board attended last year's annual meeting.

Board Committees

Our Board of Directors has, and appoints members to, three standing committees: the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee. The membership of these committees, as of March 1, 2013, was as follows:

Audit Committee	Compensation Committee	Governance and Nominating Committee
David M. Cassard*	David M. Cassard	Kirk J. Agerson
John F. Donnelly	Edward J. Clark	Edward J. Clark
Calvin D. Murdock	Michael D. Faas	Doyle A. Hayes*
Timothy O. Schad**	Susan K. Jones	Susan K. Jones
	Calvin D. Murdock*	

* Committee chairperson

** Committee vice chairperson

Each of the members of these committees is an independent director as defined by applicable Nasdaq rules. Each of these committees has a charter that has been approved by our Board of Directors and is available on our website, www.mercbank.com.

Audit Committee. The Audit Committee has four members and met five times in 2012. The Audit Committee assists our Board of Directors in overseeing our financial reporting process, internal controls and audit functions, and is directly responsible for the appointment, evaluation, retention and compensation of our independent registered public accounting firm. Our Board of Directors has determined that Messrs. Cassard, Murdock and Schad, who are members of the Audit Committee, are qualified as audit committee financial experts, as that term is defined in the rules of the SEC. Each Audit Committee member is independent, as independence for audit committee members is defined in the Nasdaq listing standards and the rules of the SEC. More information about the Audit Committee is included below under the heading **Audit Committee Report**.

Table of Contents

Compensation Committee. The Compensation Committee has five members and met five times in 2012. The Compensation Committee assists our Board of Directors in carrying out its responsibilities relating to compensation and benefits for our directors, officers and employees. The Compensation Committee's responsibilities and authority include:

reviewing and approving the goals and objectives relating to the compensation of our executive officers, and evaluating their performance;

determining, or recommending to our Board for determination, all elements of compensation for our executive officers;

reviewing compensation and guidelines for directors' ownership of our stock;

recommending or making changes in cash compensation for directors; and

administering and making awards under our stock-based incentive plans for directors, officers and employees, to the extent provided for in the plans.

From January 1, 2012 through June 6, 2012 – the portion of 2012 that we participated in the Treasury's Capital Purchase Program of the Troubled Asset Relief Program (Capital Purchase Program) – the Compensation Committee's responsibilities and authority also included:

reviewing and evaluating our senior executive officer and employee compensation plans in relation to any risks they pose, and limiting those risks, as required in connection with our participation in the Capital Purchase Program; and

providing the disclosures and certifications required in relation to our senior executive officer and employee compensation plans, risks they pose, perquisites, and compensation consultants, as required in connection with our participation in the Capital Purchase Program.

The Compensation Committee charter grants the Compensation Committee the authority, in its discretion, to delegate appropriate matters to subcommittees of the Compensation Committee. The Compensation Committee may confer with our Chairman, President and Chief Executive Officer regarding his compensation, and receives recommendations from him regarding the compensation for our other executive officers.

In 2012, we did not use a compensation consulting firm. No fees were paid to any compensation consulting firm in 2012.

Governance and Nominating Committee. The Governance and Nominating Committee had six members from January 1 through April 12, 2012, at which time Donald Williams Sr. retired from the Board of Directors and the committee. From that point through the end of 2012, the Committee had five members. Mr. Larsen retired from the Board of Directors and the Governance and Nominating Committee on January 22, 2013. The Governance and Nominating Committee met three times in 2012. The Governance and Nominating Committee advises our Board of Directors regarding corporate governance principles and practices, and recommends candidates to the Board for election as directors. It also makes recommendations to our Board of Directors regarding the composition, leadership and duties of the Board's committees.

The Governance and Nominating Committee will consider as potential nominees persons recommended by shareholders. Recommendations should be submitted to the Governance and Nominating Committee in care of the Secretary, Mercantile Bank Corporation, 310 Leonard Street NW, Grand Rapids, Michigan 49504. Each recommendation should include a personal biography of the suggested nominee, an indication of the background or experience that qualifies the person for consideration, and a statement that the person has agreed to serve if nominated and elected.

Table of Contents

The Governance and Nominating Committee has used an informal process to identify potential candidates for nomination as directors. Candidates for nomination have been recommended by an executive officer or director, and considered by the Governance and Nominating Committee and the Board of Directors. Generally, candidates have been members of the West Michigan community who have been known to one or more of our Board members. The Governance and Nominating Committee has not adopted specific minimum qualifications that it believes must be met by a person it recommends for nomination as a director. In evaluating candidates for nomination, the Governance and Nominating Committee will consider the factors it believes to be appropriate. These factors would generally include the candidate's personal and professional integrity, business judgment, relevant experience and skills, and potential to be an effective director in conjunction with the rest of our Board of Directors in collectively serving the long-term interests of our shareholders. We do not have a specific policy relating to the consideration of diversity in identifying director candidates. However, the Governance and Nominating Committee does consider the diversity of our Board when identifying director candidates. The amount of consideration given to diversity varies with the Governance and Nominating Committee's determination of whether we would benefit from expanding the Board's diversity in a particular area. We believe that the composition of our Board has consistently demonstrated diversity as defined by race, gender, viewpoint, background and professional experience.

Although the Governance and Nominating Committee has the authority to retain a search firm to assist it in identifying director candidates, there has to date been no need to employ a search firm. The Governance and Nominating Committee does not evaluate potential nominees for director differently based on whether they are recommended by a shareholder.

Shareholders who themselves wish to effectively nominate a person for election to the Board of Directors, as contrasted with recommending a potential nominee to the Governance and Nominating Committee for its consideration, are required to comply with the advance notice and other requirements set forth in our articles of incorporation.

Board Leadership Structure

Our Board is led by Michael H. Price, our Chairman of the Board, President and Chief Executive Officer. The decision as to who should serve as Chairman of the Board, and who should serve as Chief Executive Officer, and whether those offices should be combined or separate, is properly the responsibility of our Board. The members of our Board possess considerable experience and unique knowledge of the challenges and opportunities we face, and are in the best position to evaluate our needs and how best to organize the capabilities of the directors and senior officers to meet those needs. The Board believes that the most effective leadership structure for us now is for Mr. Price to serve as both Chairman of the Board and Chief Executive Officer. Mr. Price was our founding President and Chief Operating Officer, and has been our Chairman of the Board and Chief Executive Officer since July 1, 2007; as such the Board of Directors believes that he is uniquely qualified through his experience and expertise to be the person who generally sets the agenda for, and leads discussions of, strategic issues for our Board. Mr. Price was one of the key individuals behind our formation in 1997 and his leadership was instrumental in the drafting and implementing of our strategic plan as well as our mission and vision statements. Mr. Price's leadership, in both his Chairman of the Board and Chief Executive Officer roles, continues to ensure that we remain dedicated to and focused on our mission. Our Board believes that this dedication and focus is particularly important as we emerge from the difficult economic climate of the past several years into a period of anticipated growth for the company. Our Board believes that we and our shareholders can be most advantaged by leaving these roles combined.

Unlike many companies, our Board of Directors does not have an executive committee through which a chief executive officer and chairman of the board is able to undertake decisions without the participation

of the full Board of Directors. Instead, our Board of Directors accomplishes most of its corporate governance role, including new director and succession planning, through its committees which are chartered to undertake significant activities and are made up entirely of independent directors.

In addition, our independent directors participate in at least two executive sessions during the year, in which our Chairman of the Board and Chief Executive Officer does not participate. Any independent director may request additional executive sessions at any meeting. Our executive sessions are led by our executive session facilitator, who is an independent director recommended by our Governance and Nominating Committee and appointed by our Board. Our executive session facilitator is responsible for setting the agenda for executive sessions and leading them. Our current executive session facilitator is Doyle A. Hayes.

Board Role in Risk Oversight

Our Board oversees our risk management practices. In carrying out its responsibilities, our Board appointed a Risk Management Director (our Senior Risk Officer). Our Senior Risk Officer, with supervision from our Board, is responsible for the definition, structure, implementation, and coordination of our risk management plan. Our Senior Risk Officer reports at least monthly to our Board.

Our Senior Risk Officer is the Chairman of our Enterprise Risk Management Committee. This committee is comprised of senior management. Its purpose is to provide high-level attention and coordination to the risk management process and to discuss and address significant risks that we face.

Our Senior Risk Officer meets at least every six months with the Compensation Committee to discuss, evaluate and review our compensation plans. The Senior Risk Officer, with the Compensation Committee, assesses whether our compensation plans encourage taking unnecessary and excessive risks that threaten our value, or encourage the manipulation of reported earnings to enhance the compensation of any employee.

Communications with Directors

Shareholders and other persons may send communications to members of our Board of Directors who serve on the Audit Committee by utilizing the webpage on our website, www.mercbank.com, designated for that purpose. Communications received through the webpage are reviewed by a member of our internal audit staff and the chairperson of the Audit Committee. Communications that relate to functions of our Board of Directors or its committees, or that either of them believe requires the attention of members of our Board of Directors, are provided to the entire Audit Committee and reported to our Board of Directors by a member of the Audit Committee. Directors may review a log of these communications, and request copies of any of the communications.

Code of Ethics

We have adopted a written code of ethics that applies to all our directors, officers and employees, including our chief executive officer and our chief financial and accounting officer. We have posted a copy of the code on our website, www.mercbank.com. In addition, we intend to post on our website all disclosures that are required by law or Nasdaq listing standards concerning any amendments to, or waivers from, any provision of the code.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee during 2012 were David M. Cassard, Edward J. Clark, Michael D. Faas, Susan K. Jones and Calvin D. Murdock. All members of the Compensation Committee are independent directors, and none of them are present or past employees or officers of ours or any of our subsidiaries.

No member of the Compensation Committee has any relationship with us requiring disclosure under Item 404 of SEC Regulation S-K, except Calvin D. Murdock, who is a member of our Board of Directors. Effective as of February 23, 2012, the Bank entered into a lease with SF Supply. Pursuant to the lease, beginning August 1, 2012, the Bank leased to SF Supply approximately 20,800 square feet of warehouse space and 1,200 square feet of office space at 1060 Front Avenue NW in Grand Rapids, Michigan. Mr. Murdock retired as President of SF Supply in 2010, and his son, Chad Murdock, currently serves as President of SF Supply. The initial term of the lease is five years, and SF Supply has an option to extend the lease for an additional five years. The Bank has the right to terminate the lease early on one-year's notice and payment of a pro rata portion of any tenant improvements, subject to a specified cap, if the Bank determines that the property covered by the lease is necessary to the Bank's operations. The rent payable by SF Supply to the Bank during the initial five-year term of the lease is approximately \$5,042 per month, or about \$302,500 in aggregate amount; and if the option to extend the lease for an additional five years is exercised, the rent for the sixth year is 2.5% more, with an additional 2.5% added each year, over the prior year, for the seventh through tenth years. Neither Mr. Murdock, nor his son, have an ownership interest in SF Supply, are a party to the lease, or have an interest in the lease for which there is a dollar value. Our Audit Committee has approved this lease transaction and has determined that its terms are at least as favorable to us as would have been expected if the transaction were with a person who is not related to us.

None of our executive officers has served on the board or compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served on our Board or Compensation Committee, except Michael H. Price, our Chairman of the Board, President and Chief Executive Officer. Mr. Price serves on the Board of Directors of Metro Health Hospital, and the Metro Health Hospital Board's Executive Committee and Finance Committee, and as Treasurer of Metro Health Hospital. Metro Health Hospital's Executive Committee performs compensation committee functions for Metro Health Hospital's Board of Directors. Michael D. Faas is a member of our Board of Directors and its Compensation Committee, and serves as President and Chief Executive Officer of Metro Health Hospital.

Audit Committee Report

Each member of the Audit Committee is independent, as independence for audit committee members is defined in the Nasdaq listing standards and the rules of the SEC. The Audit Committee's primary purpose is to assist the Board of Directors in overseeing:

the accounting and financial reporting process;

audits of financial statements and internal control over financial reporting;

internal accounting and disclosure controls; and

the internal audit functions.

In carrying out its responsibilities, the Audit Committee supervises the relationship between Mercantile and its independent registered public accounting firm, including having direct responsibility for the independent registered public accounting firm's appointment, compensation and retention, and reviewing the scope of its audit services, and approving audit and permissible non-audit services. The Audit Committee reviews and discusses the annual and quarterly financial statements, as well as the internal audit plan.

Management is responsible for the preparation, presentation and integrity of Mercantile's financial statements and for the appropriateness of the accounting principles and reporting policies that are used. Management is also responsible for testing the system of internal controls, and reporting to the Audit Committee on any significant deficiencies or material weaknesses that are found. Our independent registered public accounting firm for 2012, BDO USA, LLP (BDO), is responsible for auditing Mercantile's financial statements and internal control over financial reporting and for reviewing its unaudited quarterly financial statements.

The Audit Committee reviewed with BDO the overall scope and plan of the audit. In addition, the Audit Committee met with BDO, with and without management present, to discuss the results of BDO's audit, its evaluation of Mercantile's internal control over financial reporting, the overall quality of Mercantile's financial reporting and such other matters as are required to be discussed under the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee has also received from, and discussed with, BDO the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees) as amended.

The Audit Committee has discussed with BDO that firm's independence from management and Mercantile, and has received from BDO the written disclosures and the letter required by applicable requirements of the PCAOB regarding BDO's communications with the Audit Committee concerning independence. The Audit Committee has also considered the compatibility of audit related and tax services with BDO's independence.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2012 with both management and our independent registered public accounting firm. The Audit Committee's review included a discussion of the quality and integrity of the accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosures in the financial statements.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

Table of Contents

Additionally, the Audit Committee evaluates the performance of Mercantile's independent registered public accounting firm, including the senior audit engagement team, each year and determines whether to reengage the current independent registered public accounting firm or consider other audit firms. As a threshold matter, the Committee satisfies itself that the most recent PCAOB inspection report pertaining to the current firm does not contain any information that would render inappropriate its continued service as Mercantile's independent public accountants, including consideration of the public portion of the report and discussion in general terms of the types of matters covered in the non-public portion of the report. The Audit Committee also considers: (i) the quality, efficiency and cost-effectiveness of the previous services rendered by the current auditors; (ii) the auditors' technical expertise and knowledge of Mercantile's operations and industry; and (iii) the effectiveness of the auditor's audit plan and communication with management. Based on these considerations, the Audit Committee evaluated and appointed BDO as Mercantile's independent registered public accounting firm for 2013.

Compensation Discussion and Analysis Recommendation

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this proxy statement with management. Based on the review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

Compensation Plans

The compensation plans that one or more of our senior executive officers participated in for the period of January 1, 2012 through June 6, 2012 are our 2000 Employee Stock Option Plan, 2004 Employee Stock Option Plan, Stock Incentive Plan of 2006, 401(k) plan, deferred compensation plan, and Performance Evaluation Plan. Under the 2000 and 2004 plans, options have been issued to our senior executive officers and other employees to acquire shares of our stock. Under our 2006 plan, options and restricted stock have been issued to our senior executive officers and other employees. Options granted under the 2000 and 2004 plans typically were exercisable over a period of ten years. Options granted under the 2006 plan typically fully vest over a two-year period and are exercisable over a period of seven years. Restricted stock granted under the 2006 plan in 2006, 2007, and 2008 vested in full after four years. The restricted stock granted in 2012 vests in full after two years. The exercise price for stock options has been the market price when the options were granted. The awards that have been made under the 2000, 2004 and 2006 plans have not included performance criteria. Contributions to our 401(k) plan and the deferred compensation plan are made by participants from compensation they receive from us. Matching contributions to our 401(k) plan were suspended from the second quarter of 2009 through April of 2011. In May of 2011, we reinstated a 2% 401(k) match, in January of 2012, increased the match to 3% and in October 2012, increased the match to 4%. Amounts contributed to our deferred compensation plan are credited with interest monthly at the prime rate as published in the Wall Street Journal. Our Performance Evaluation Plan is described below.

Many employees who are not senior executive officers participate in one or more of the plans identified above, as well as one or more of our Merc Pays Incentive Plan, Mortgage Commission Plan, and Employee Stock Purchase Plan of 2002. Some or all of these plans may be considered employee compensation plans. Our Merc Pays Incentive Plan, Mortgage Commission Plan, Performance Evaluation Plan, and Employee Stock Purchase Plan of 2002 are described below.

The Merc Pays Incentive Plan provides payments to employees ranging from \$10 to \$50 for products and services sold for each customer. The plan is primarily intended to encourage employees to better serve customers, and to help grow our core deposits and consumer customer base. Annual incentives granted to branch employees for 2012 under this plan typically ranged from \$10 to \$1,363 per employee.

The Mortgage Commission Plan applies to our mortgage lenders. It allows for commissions to be paid on mortgages that are closed and sold on the secondary market. Strict underwriting criteria are in place for the mortgages, and intended to encourage sound lending practices. The criteria are included in our internal policies and the requirements for mortgages to be sold to the secondary market. A commission schedule has been established based on mortgages closed each month, and our mortgage lenders are paid basis points in relationship to the dollar volume of mortgages closed. In 2012, the average annual commission payout under the plan for our mortgage lenders was \$101,955.

The Performance Evaluation Plan is used to evaluate employees annually for merit salary increases. The evaluation criteria used under the plan has five performance factors for non-supervisory employees and eight performance factors for supervisory employees. Employees are rated on a scale of 1-10 for each

Table of Contents

performance factor. The total score is applied to a salary grid that determines the merit increase. During 2012, only non-executive officer employees with a title of Vice President or lower were eligible for merit salary increases, and when awarded, typically ranged from 1% to 3%.

The Employee Stock Purchase Plan of 2002 provides a convenient way for employees to purchase our stock through regular payroll deductions. Participation by employees is voluntary. Purchases are made for employees quarterly, at fair market value, using amounts, if any, that they have elected to withhold from their pay during the quarter.

The Compensation Committee has reviewed all of the plans described above, and does not believe that any of them encourage our senior executive officers to take unnecessary or excessive risks that threaten our value. The features of these plans do not make it likely that taking unnecessary or excessive risks that threaten our value will provide greater compensation than actions that involve a prudent level of risk. The equity-based plans encourage our senior executive officers and other employees to focus on increasing shareholder value over a period of years. The deferred compensation and 401(k) plans provide helpful ways for our employees to save for retirement. The Compensation Committee believes that the plans described above do not pose any unnecessary risks, and do not encourage employees to manipulate reported earnings to enhance the compensation of any employee. The features of our Merc Pays Incentive Plan, Mortgage Commission Plan and Performance Evaluation Plan primarily encourage employees to perform their jobs better and increase the value of our business. None of the plans provide compensation that is based on the level of our reported earnings for the period of January 1, 2012 through June 6, 2012.

Committee Certification

For the period of January 1, 2012 through June 6, 2012, the Compensation Committee certifies that:

it has reviewed with our Senior Risk Officer the senior executive officer compensation plans and has made all reasonable efforts to ensure that these plans do not encourage senior executive officers to take unnecessary and excessive risks that threaten our value;

it has reviewed with our Senior Risk Officer our employee compensation plans and has made all reasonable efforts to limit any unnecessary risks that these plans pose to us; and

it has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of our reported earnings to enhance the compensation of any employee.

Executive Compensation

Compensation Discussion and Analysis

Philosophy

Our philosophy in setting compensation policies for executive officers is to align pay with performance, while at the same time providing competitive compensation that will attract and retain executive talent. Our Compensation Committee believes that executive compensation should be directly linked to continuous improvements in corporate performance and increasing shareholder value over the long term. The design of executive compensation programs affects all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect of executive compensation and incentive programs on all our employees.

We believe that the compensation of our executive officers should reflect their performance as a management team and as individuals. By setting key operating objectives, such as growth in revenues, growth of operating earnings and earnings per share, and growth or maintenance of market share, we expect to be successful in providing increasing value to our shareholders. We believe that the performance of our executive officers in managing our business, when considered in light of general economic and specific company, industry and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on short-term results, whether favorable or unfavorable, but rather on long-term operating results which truly reflect the ability of our executives to manage our business. Long-term gains in shareholder value will be reflected in executive compensation through our stock-based compensation and other equity incentive programs.

Our policy for allocating between currently paid and long-term compensation is to provide adequate base compensation to attract and retain personnel, while offering incentives to maximize long-term value for our shareholders. We provide cash compensation in the form of a base salary to meet competitive salary norms and reward good performance on an annual basis, and, in years when the Compensation Committee determines it appropriate, in the form of bonus compensation to reward superior performance against short-term goals. We have provided stock-based compensation to reward superior performance against specific objectives and long-term strategic goals. No stock-based compensation awards were granted from 2009 through 2011 reflecting stressed economic conditions and the resulting impact on our earnings performance and financial condition. Due to improved financial performance, our Compensation Committee granted restricted stock to our executive officers in 2012.

Our Compensation Committee reviews and takes into consideration elements such as the following in setting compensation policies:

peer group comparisons with our financial performance, including net interest margin, efficiency ratio, return on average assets, return on average equity, one and five year total shareholder returns, stock price, stock price to earnings ratios and stock yield;

strategic planning effectiveness and attainment of strategic goals, ability to react to changing markets and conditions, leadership and vision provided to employees and other stakeholders, and succession planning and effectiveness;

regulatory requirements and results of audits and examinations;

amount of time and effort expended by employees for our communities;

rate of employee turnover;

content and effectiveness of our employee training;

results of any customer surveys;

any customer complaints that come to our attention;

level and commitment of our executive officers to our communities;

financial commitment to our communities; and

community support in comparison to that of our competitors.

Our Compensation Committee's goal is to establish salary compensation for the executive officers based upon our operating performance relative to comparable peer companies over a three-year period. In setting base salaries, consideration is given to salary compensation of executive officers with comparable qualification, experience and responsibilities at financial institutions within our peer group. Our peer group consists of ten financial institutions of similar size conducting business in the Midwest. Operating performance and salary compensation information is obtained from the annual SNL Executive Compensation Review for Banks and Thrifts. We also utilize industry compensation studies prepared by the Michigan Bankers Association and an independent public accounting firm, but to a lesser degree. The peer group comparisons are used for guidance purposes only, with the Compensation Committee taking the peer group information into consideration in determining base salaries for the executive officers; however, the Compensation Committee does not utilize benchmarks in establishing our executive officer salary compensation. The Compensation Committee intends to pay base salaries to our executive officers that are commensurate with their qualifications and demonstrated performance that bring continuing and increasing value to our shareholders and the communities that we serve.

In making compensation decisions for 2012, our Compensation Committee took into account our improved financial performance and the fact that we are no longer a participant in the Capital Purchase Program as of June 6, 2012.

Executive Officer Bonus Compensation

For most years, it has been our policy to provide cash bonus awards for eligible executive officers and employees based on predetermined performance goals. We believe that paying such cash awards:

promotes the growth, profitability and expense control necessary to accomplish corporate strategic long-term plans;

encourages superior results by providing a meaningful incentive; and

Edgar Filing: MERCANTILE BANK CORP - Form DEF 14A

supports teamwork among employees.

Stressed economic conditions during the past several years have put significant pressure on our earnings performance and financial condition. Although we recognize the benefits of establishing bonus plans, we neither established a plan, nor paid our executive officers bonuses, for 2010 or 2011, except for the lump sum payments described below that we made to our officers on December 2, 2011. Due to our improved financial performance and in recognition that we are no longer a participant in the Capital Purchase Program, we adopted a bonus plan in 2012 for (a) Mr. Price and (b) Mr. Kaminski and Mr. Christmas, as described below. We have not adopted a bonus plan for 2013. Due to economic and

Table of Contents

market conditions, we have not increased the salaries of our executive officers in 2012 or 2013. The most recent increase in our executive officers' salaries was for 2008.

2012 Bonus Plans

Following our exit from the Capital Purchase Program, on June 28, 2012, our Board of Directors adopted two executive officer bonus plans for 2012. One is the 2012 Mercantile Senior Executive Officer Bonus Plan for Michael H. Price (the Price Plan), which provides for a bonus for Mr. Price. The other is the 2012 Mercantile Senior Executive Officer Bonus Plan for Robert B. Kaminski, Jr. and Charles E. Christmas (the Kaminski Christmas Plan), which provides for a bonus for Mr. Kaminski and Mr. Christmas.

The bonuses under each plan are payable from a shared bonus fund. The bonus fund is available for bonuses under the Price Plan, the Kaminski Christmas Plan, and the 2012 Mercantile Non-Senior Executive Officer Bonus Plan (as amended) (the Three Plans). The shared bonus fund equals the amount, if any, by which (a) the 2012 consolidated net income of Mercantile and its consolidated subsidiaries, before federal income tax expense and excluding any pre-tax bonus expense (2012 Net Income), exceeds 1.68 times (b) 2011 consolidated net income, before federal income tax expense (2011 Net Income). Actual residential mortgage loan sale and referral fee income, and related employee commissions, are excluded from the calculation of 2012 Net Income and 2011 Net Income.

The bonus amount payable to Mr. Price under the Price Plan is 80% of the salary that is paid to him for the period from July 1, 2012 through December 31, 2012, to the extent that the shared bonus fund is large enough. We limited the amount of Mr. Price's salary taken into account for purposes of the bonus calculation due to the restriction on bonus payments to Mr. Price, our most highly compensated employee, during the period of our participation in the Capital Purchase Program. The bonus amount payable to Mr. Kaminski and Mr. Christmas under the Kaminski Christmas Plan is, for each, 35% of the salary paid to him for the period from January 1, 2012 through December 31, 2012, to the extent that the shared bonus fund is large enough. In the event that the shared bonus fund is not large enough to fully fund all bonuses under the Three Plans, (i) 3.5% of the shared bonus fund would be allocated to the Price Plan, (ii) 4.2% of the shared bonus fund would be allocated to the Kaminski Christmas Plan, and between Mr. Kaminski and Mr. Christmas based on each officer's maximum payout under the plan, and (iii) the bonus otherwise payable to Mr. Price, Mr. Kaminski and Mr. Christmas under the plans would be limited to the allocated amounts.

Our 2012 Net Income was 2.0 times our 2011 Net Income. Based on the amount allocated to the shared bonus fund, Mr. Price received a bonus of \$189,600, which is 80% of the base salary paid to him for the period of July 1, 2012 through December 31, 2012. Mr. Kaminski and Mr. Christmas received a bonus of \$106,750 and \$89,250, respectively, which is 35% of their respective base salaries for January 1, 2012 through December 31, 2012.

Lump Sum Payments Made December 2, 2011

In November of 2011, our Compensation Committee recommended to our Board of Directors that a one-time lump sum payment be made to each of our officers, other than Mr. Price. The lump sum payment, for each officer, was calculated at 5% of the officer's annual salary, as then in effect. Mr. Price was not eligible for a lump sum payment because we participated in the Treasury's Capital Purchase Program in 2011. Under that program, Mr. Price, as our most highly compensated employee, was not permitted to receive a payment of this type. The lump sum payments were approved by our Board, and made on December 2, 2011.

Stock Incentive Plan

The overall objective for our stock-based compensation is to provide an equitable and competitive means to reward our executive and other officers for their contribution to our long-range success. Our goal is to meet the following objectives:

link each participant's remuneration to our long-term success through the appreciation of stock price;

align the interests of our officers with the interests of our shareholders by linking the long-term value of the compensation to shareholder returns;

provide annual long-term incentive awards that are market competitive; and

improve our ability to attract and retain officers.

There is a direct relationship between the value of a stock option and the market price of our common stock. We believe that granting stock options is an effective method of motivating our executive and other officers to manage our business in a manner consistent with the interests of our shareholders. Due to the evolution of regulatory, tax and accounting treatment of stock-based compensation, and the importance of stock-based compensation in retaining and motivating our key employees, we have utilized other forms of stock-based compensation in addition to stock options. In 2006, 2007, 2008 and 2012, we granted restricted stock to our executive officers and other key employees. We believe this is an excellent way to reward them for, and to motivate them toward, superior performance. Restricted stock is an important retention instrument in that it has immediate value to the recipient. Unlike stock option grants that create economic value only if the stock price appreciates above the price at the date of grant, restricted stock provides value and motivation to the recipient even if the stock price declines.

As originally adopted, our Stock Incentive Plan of 2006 provided that restricted stock would be subject to a minimum vesting period of three years. On November 29, 2012, our Board approved an amendment to the 2006 plan which decreased the minimum vesting period to two years. We believe that a two-year vesting period is a sufficiently long retention period that is consistent with our goal to provide value and motivation to our executive officers.

Historically, we have made stock-based awards annually in the Fall in conjunction with the performance review of our executive and other officers. It has been our practice, when awards of stock options and restricted stock are made, to make them to all recipients on the same date. We made no stock-based compensation awards from 2009 through 2011, reflecting the stressed economic conditions and resulting impact on our earnings performance and financial condition, especially during 2009 and 2010.

During 2012, we awarded 56,100 shares of restricted stock to 33 key employees, including 18,000 shares, or 32% of the total, that were granted to our executive officers. The stock-based awards that we made to our executive officers in 2012 had an aggregate grant date fair value ranging from 23% to 28% of their annual base salaries.

We do not have stock ownership requirements or guidelines for our executive officers.

Perquisites

We limit the perquisites that we make available to our executive officers. We believe that providing excessive perquisites to executive officers sends mixed messages to the rest of our employees and can destroy the team effort. Our executive officers are entitled to a few benefits that are not generally available to all of our employees. We do not provide a defined benefit pension plan, post-retirement health coverage, or similar benefits for our executive officers or other employees.

Table of Contents

During 2012, we provided the following perquisites for our executive officers:

in addition to the general health and insurance plan that we maintain for all of our employees, we provided our executive officers with additional life and disability insurance, and long term care insurance; and

one local country club membership was provided for Mr. Price, which he made significant use of in connection with our business.
IRC Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to their chief executive officer or certain other highly compensated officers. Qualifying performance-based compensation is not subject to the deduction limitation if certain requirements are met. We periodically review the potential consequences of Section 162(m) and may structure some or all of the performance-based portion of our executive compensation so that it will not be subject to the deduction limitations of Section 162(m).

We are also subject to a lower threshold on the deduction of executive compensation due to our participation in the Capital Purchase Program for a portion of 2012. This lower threshold is set forth in Internal Revenue Code Section 162(m)(5) and applies while we participate in the program. Section 162(m)(5) generally limits the amount we can deduct for compensation paid to each of our senior executive officers attributable to services performed in a year to \$500,000. In calculating compensation for purposes of this \$500,000 limit, there is no exception for performance-based compensation. For Section 162(m)(5) purposes, a company's senior executive officers are the chief executive officer, chief financial officer and the next three most highly compensated executive officers. Under Section 162(m)(5), compensation that is earned but deferred and paid to a senior executive officer in a later year cannot be deducted in the later year except to the extent of any unused portion of the \$500,000 deduction limit in the year the compensation was earned. We consider the potential impact of Section 162(m)(5) when determining compensation for senior executive officers.

Post-Employment Compensation

We do not provide a defined benefit pension plan or post-retirement health insurance coverage for our executive officers or other employees. Our executive officers and most of our other employees are eligible to participate in our 401(k) plan. Through the first quarter of 2009, we provided for each eligible participant a matching contribution to the 401(k) plan. The matching contribution was dollar for dollar for the first 5% of the participant's contribution to the 401(k) plan. To help reduce our compensation expenses, we suspended our matching contribution on April 1, 2009. In May of 2011 we ended the suspension and commenced a 2% matching contribution, which we increased to 3% in January of 2012 and increased to 4% in October of 2012. We now make a matching contribution that dollar for dollar is equal to the first 4% of each participant's contribution to the 401(k) plan. All our executive officers participated in our 401(k) plan during 2012.

All employees, except our executive officers, are employees-at-will and do not have an employment agreement. The employment agreements that we have with our executive officers are described below under the heading Employment Agreements. We do not provide post-employment health insurance coverage or other benefits to any employee, except those provided for executive officers in their employment agreements.

Overview of the Compensation Process

The composition of compensation for our executive officers can include: salary, cash bonus, stock-based awards, health, disability and life insurance and perquisites. The elements of executive compensation are discussed at the meetings of our Compensation Committee. During the Fall of each year, the Compensation Committee discusses the base salaries and cash bonus plan, if any, for the next year for our executive officers, and makes recommendations to the Board of Directors for its approval. The Board of Directors usually approves the Compensation Committee's recommendations; though if it does not, it could ask the Compensation Committee to prepare revised recommendations. At or about the same time, in years when stock-based awards are to be made, the Compensation Committee grants stock-based awards to our executive and other officers.

As part of the Compensation Committee's process, it meets with our Human Resource Director and reviews the elements of each executive officer's compensation during the preceding three years. Typically, the Human Resource Director makes compensation recommendations to the Compensation Committee for each of our executive officers. The Compensation Committee may accept or reject all or any part of such recommendations. As part of our Human Resource Director's process of formulating her recommendations, she may confer with our Chairman of the Board, President and Chief Executive Officer. Our executive officers are not present when our Human Resource Director makes her recommendations, or during the Compensation Committee's deliberations on the compensation of our executive officers.

Shareholder Advisory Vote on Executive Compensation

At our 2012 annual meeting, our shareholders voted on an advisory proposal to approve the compensation of our executive officers as disclosed in our proxy statement for that annual meeting. Approximately 97% of the 3,954,526 votes cast on the proposal voted in favor of the proposal. While our Compensation Committee considered the result of this vote, and viewed the result as favorable, the Compensation Committee did not change any of its compensation policies or procedures based on the result of the vote.

Restrictions on Executive Compensation under Federal Law

On May 15, 2009, we sold 21,000 shares of our preferred stock and a warrant to purchase 616,438 shares of our common stock to the United States Department of the Treasury for \$21 million. This sale was made under the Treasury's Capital Purchase Program. Participants in the Capital Purchase Program are subject to a number of limitations and restrictions on executive compensation that are set forth in the Emergency Economic Stabilization Act of 2008, as amended by the American Recovery and Reinvestment Act of 2009 (EESA), and in related rules issued by the Treasury. We repurchased the shares of preferred stock from the Treasury in the second quarter of 2012. As a result of this repurchase, we are no longer participating in the Capital Purchase Program. However, during the portion of 2012 that we participated in the Capital Purchase Program, we were subject to the following requirements, among others:

Our compensation programs could not include incentives for our senior executive officers to take unnecessary and excessive risks that threaten our value. Our senior executive officers are Messrs. Price, Kaminski and Christmas, who are our executive officers named in the Summary Compensation Table below.

We must be entitled to recover any bonus, retention award, or incentive compensation paid to any of our senior executive officers or next 20 most highly compensated employees if the payment is based upon materially inaccurate financial statements or any other materially inaccurate performance metric criteria.

Table of Contents

We were prohibited from making any golden parachute payments to any of our senior executive officers or any of our next five most highly compensated employees. Golden parachute payments include any payments for departure from us for almost any reason, other than death or disability; or any payment due to a change in control.

We were prohibited from paying to any senior executive officer or any of the next 20 most highly compensated employees any tax gross-ups on compensation.

Our compensation programs could not encourage the manipulation of reported earnings to enhance the compensation of our employees.

We could not pay or accrue any bonus, retention award, or incentive compensation to our most highly compensated employee, who is Mr. Price, other than payments made in the form of long-term restricted stock that did not have a value greater than one-third of his total annual compensation, and meet specific vesting and other criteria.

Our shareholders must be given the opportunity to vote on an advisory (non-binding) resolution at our annual meetings to approve the compensation of our executives.

The Compensation Committee must conduct reviews of our senior executive officer and employee compensation plans with our Senior Risk Officer relating to risks of the plans.

We were required to establish a company-wide policy regarding excessive or luxury expenditures. During the period of our participation in the program, our compensation arrangements for executive officers and other employees were intended to comply with the requirements of the Capital Purchase Program.

Table of Contents*Employment Agreements*

The Bank and Mercantile have entered into employment agreements with our executive officers, Messrs. Price, Kaminski and Christmas, that provide for their employment, annual base compensation, and severance, as well as confidentiality and non-compete arrangements. Each agreement establishes an employment period that extends an additional year, each December 31, so that as of each December 31, there are three years remaining in the employment period. The annual extension of the employment period can be avoided by the Bank, Mercantile, or the officer giving notice to the others that the employment period is not to be extended.

The employment agreements provide the officers with annual base salaries for each year in the amounts established from year to year by the Board of Directors of the Bank. The annual base salary for each year may not be less than the amount established for the immediately preceding year. The Board of Directors established the annual base salaries of each of the executive officers for 2012 as follows: for Mr. Price, \$474,000, for Mr. Kaminski, \$305,000, and for Mr. Christmas, \$255,000; and set their salaries at the same amounts for 2013.

In addition to the annual base salary, the employment agreements provide that the officers are entitled to participate in our employee benefit and incentive compensation plans, including health insurance, life and disability insurance, stock option, profit sharing and retirement plans. Under the Price Plan, Mr. Price received a bonus for 2012 of \$189,600, which is 80% of his base salary for the period of July 1, 2012 through December 31, 2012. Under the Kaminski Christmas Plan, Mr. Kaminski and Mr. Christmas received a bonus for 2012 of \$106,750 and \$89,250, respectively, which is 35% of their respective annual base salaries for January 1, 2012 through December 31, 2012.

Additional information regarding the employment agreements, including compensation and benefits payable to the officers on termination of employment and officer confidentiality and non-compete obligations, is included below under the heading Potential Payments Upon Termination or Change In Control.

Salary and Bonus Compared to Total Compensation

We have not established a proportion that salary and bonus should be of an executive officer's total compensation. As indicated in the Summary Compensation Table above, the proportion for 2012 that salary and bonus were of total compensation ranged from approximately 78% to 82% for our executive officers.

Restricted Stock Awards

The stock awards shown in the table above are restricted stock that was awarded to the named executive officers by our Compensation Committee on November 29, 2012, under our Stock Incentive Plan of 2006. The restricted stock is subject to forfeiture and restrictions on transfer until the shares become vested on November 29, 2014. The restricted stock is forfeited if the executive officer ceases to be employed with us prior to the restricted stock vesting; subject to accelerated or prorated vesting as provided for in the applicable restricted stock award agreement in the event of the executive officer's death, disability, retirement, termination other than for cause, a change in control, or exercise of discretion by the Compensation Committee. The executive officers are entitled to receive cash dividends on their restricted stock to the same extent as other holders of our common stock.

Nonqualified Deferred Compensation For 2012

The following table provides information regarding our plan that provides for the deferral of compensation for the named executive officers on a basis that is not tax-qualified.

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)(1)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)(2)

- (1) The earnings consist of interest credited monthly at a rate equal to the prime rate as published in the Wall Street Journal, determined quarterly, as of the first day of each quarter. The above-market portion of this interest of \$12 is reported in the Summary Compensation Table for Mr. Kaminski for 2012. The above-market portion is the amount of the interest that exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under section 1274(d) of the Internal Revenue Code), at the rate that corresponds most closely to the rate established under the deferred compensation plan.
- (2) The amount for Mr. Kaminski that was reported as compensation in the Summary Compensation Tables for previous years is \$3,067.
Executive Deferred Compensation Plan

The information in the table above pertains to our executive officers participation in the Bank's non-qualified deferred compensation plan. Participants in the plan may elect to defer up to 100% of their salary

Table of Contents

and other cash compensation each year. Under the plan, the amount of any compensation deferred is credited with interest monthly at a rate equal to the prime rate as published in the Wall Street Journal, determined quarterly, on the first day of each quarter.

The plan provides that the Bank will pay to each executive officer, from his deferred compensation account, a lump sum payment or installment payments, whichever he elected, after he leaves employment with us due to normal retirement, early termination, disability, or change of control. If the executive officer dies before leaving employment, the Bank will distribute the payments to the executive officer's designated beneficiary in a lump sum, or installments, if installments were elected. If death occurs during the time that payments are being made, the Bank will distribute the remaining payments to the executive officer's designated beneficiary at the same time and in the same amounts that would have been distributed if the executive officer had not died.

The plan was amended in 2008 to provide participating executive officers with additional options to select specified dates for withdrawal. The ability to select specified withdrawal dates applies to amounts already deferred, as well as amounts that are deferred in the future. The plan and the new withdrawal options are subject to Section 409A of the Internal Revenue Code, which specifies requirements that non-qualified deferred compensation plans must meet in order to avoid adverse tax consequences for participants.

Potential Payments upon Termination or Change in Control

We have entered into employment agreements with our executive officers, Messrs. Price, Kaminski and Christmas. Each agreement establishes an employment period that extends an additional year, each December 31, so that as of each December 31, there are three years remaining in the employment period. The annual extension of the employment period can be avoided by giving notice that the employment period is not to be extended. These agreements include provisions that provide compensation and benefits to the executive officers in the event that their employment with us is terminated:

during the employment period, voluntarily by the executive officer for Good Reason, or by us without Cause;

during the employment period, due to disability or death; or

after the employment period and before they reach the age of 65, voluntarily by them if their annual base salary is reduced without Cause, or by us without Cause.

The terms Cause and Good Reason are defined in the employment agreements. Cause includes certain acts of dishonesty and intentional gross neglect, conviction of a felony, and certain intentional breaches of the officer's obligations in the employment agreement relating to confidentiality of our information and not competing with us. Good Reason includes an assignment to the officer of a title or duties that are materially inconsistent with the officer's position, titles, duties or responsibilities, and certain failure by us to comply in a material respect, even after notice to us, with our obligations to the officer under the employment agreement.

Termination During the Employment Period

Each employment agreement provides the executive officer with compensation and benefits in the event that his employment is terminated by us without Cause or the officer elects to terminate his employment for Good Reason during the employment period. In such event, the officer is entitled to receive the greater of (i) his annual base salary through the end of the employment period or (ii) for Mr. Price,

Table of Contents

\$500,000, and for Mr. Kaminski or Mr. Christmas, \$250,000; in either case payable over 18 months. In addition, in the case of such a termination of employment, the officer is entitled to continue his participation in our life, disability and health insurance plans for 18 months, to the extent permitted under the plans, to an assignment of any assignable term life insurance policies owned by us insuring his life, and to \$10,000 for out-placement, interim office and related expenses. We note that in the event a termination had occurred without Cause or for Good Reason while we were a participant in the Capital Purchase Program, the officer would not have been entitled to any compensation or benefits under his employment agreement.

For a termination by us during the employment period to be with Cause, it must be done within 90 days of our learning of the Cause. For a termination by the officer during the employment period to be with Good Reason, it must be done by the officer within 90 days of the officer learning of the Good Reason.

If an executive officer becomes disabled or dies during the employment period, he is entitled to compensation and benefits under his employment agreement. In the event of disability, the officer continues to receive his then current annual base salary through the end of the employment period, and any disability benefits payable under disability plans that we provide. The officer also continues to participate in our life, disability, and health insurance plans, through age 65, to the extent permitted under the plans. If the officer dies during the employment period, we are obligated to pay the officer's legal representative a death benefit. The death benefit for Mr. Price is \$250,000. The death benefit for Mr. Kaminski and Mr. Christmas is \$100,000. In addition, if we own any life insurance insuring the life of the officer, the proceeds of the policies are payable to the named beneficiaries.

In general, stock options granted under the 2000 Employee Stock Option Plan, 2004 Employee Stock Option Plan and Stock Incentive Plan of 2006 that are vested at the time employment terminates may be exercised by the executive officer within three months after his termination of employment. However, if his employment terminates due to death or disability, his vested stock options may be exercised within 12 months after the date of termination, but not later than the expiration date of the option.

Under the employment agreements, in the event that an officer's employment is terminated for Cause, the officer is not entitled to any accrued rights that he may then have under any of our stock option plans. In addition, the Stock Incentive Plan of 2006 provides that all outstanding options granted under the plan are forfeited if an officer's employment is terminated for cause, whether or not the options are vested.

If an executive officer terminates employment due to death or disability, then restricted stock granted to him under the Stock Incentive Plan of 2006 will be partially vested. Also, if an executive officer terminates employment due to retirement, or we terminate his employment other than for cause, then restricted stock granted to him under the plan will be partially vested. We note that partial vesting would have been disallowed under the employment agreements in the event a termination had occurred while we were a participant in the Capital Purchase Program.

The number of shares that will be vested is equal to the number of shares granted to the executive officer multiplied by the number of months that have elapsed since the grant date divided by the number of months in the vesting period. Our Compensation Committee also has discretion to accelerate the vesting of restricted stock.

Each executive officer will also receive a distribution of his account under the deferred compensation plan upon his termination of employment. Distributions will generally be delayed for six months after the termination of employment, to the extent required by Section 409A of the Internal Revenue Code. However, if employment is terminated due to cause, or if an executive officer is subject to a final removal or prohibition order issued by a federal banking agency, then the executive officer will only receive a distribution of his own deferrals, without any interest credits.

Table of Contents

Termination After the Employment Period

The employment agreements provide compensation and benefits in the event that after the employment period and prior to the officer reaching the age of 65, the officer's employment is terminated by us without Cause or the officer's annual base salary is reduced without Cause, and the officer terminates his employment within 90 days of the reduction. In such event, the officer is entitled to receive an amount, for Mr. Price of \$500,000, and for Mr. Kaminski or Mr. Christmas of \$125,000; payable over 18 months. In addition, in the case of such a termination of employment, the officer is entitled to continue his participation in our life, disability and health insurance plans for 18 months, to the extent permitted under the plans, to an assignment of any assignable term life insurance policies owned by us insuring his life, and to \$10,000 for out-placement, interim office and related expenses. We note that the compensation and benefits described in this paragraph would have been disallowed in the event a termination had occurred while we were a participant in the Capital Purchase Program.

Obligations of Executive Officers

Under the employment agreements, the officers agree not to disclose, except as required by law, any confidential information relating to our business or customers, or use any confidential information in any manner adverse to us. In addition, each has agreed that for 18 months following his employment with us, he will not be employed by, or act as a director or officer of, any business engaged in banking within a 50 mile radius of Grand Rapids, Michigan that solicits customers of the Bank.

The employment agreements also provide that any bonus, retention award or incentive compensation paid to the officers while we were a participant in the Capital Purchase Program was subject to recovery, or clawback, from the officers if the payment is based on statements of earnings, revenues, gains or other criteria that are later found to be materially inaccurate. Our employment agreement with Mr. Price also includes a provision confirming that we would not pay or accrue any bonus, retention award or incentive compensation to or for him, while we were a participant in the Capital Purchase Program that would violate the applicable provision of EESA.

The provisions of the employment agreements that restricted our ability to make payments or provide other benefits to our executive officers based on our participation in the Capital Purchase Program automatically terminated on June 6, 2012, the date on which we exited the Capital Purchase Program.

Table of Contents*Table of Potential Payments Upon Termination of Employment*

The following table provides information regarding compensation and benefits payable to Messrs. Price, Kaminski and Christmas under the employment agreements or the Stock Incentive Plan of 2006 upon termination of their employment. The amounts shown assume that termination of employment was effective as of December 31, 2012, the last business day of our 2012 fiscal year, and include estimates of the amounts that would be paid. The actual amounts would only be determined upon an officer's termination of employment. The value of restricted stock that would have become vested due to death or disability is based on the closing stock price of \$16.50 on December 31, 2012.

- (6) Includes the value of restricted shares that would have become vested at retirement. The amounts are calculated as though the officer had reached 65 years of age as of December 31, 2012.

Change in Control

The employment agreements do not contain provisions that provide payments based on the occurrence of a change in control of Mercantile. Options granted under the Stock Incentive Plan of 2006, according to their terms when granted, become fully vested upon a change in control and are exercisable during their remaining term, even if an executive officer's employment terminates during the option term. According to their terms when awarded, shares of restricted stock awarded under the Stock Incentive Plan of 2006 become fully vested upon a change in control. However, while we were a participant in the Capital Purchase Program, we were subject to restrictions that preclude accelerated vesting of options or restricted stock upon a change in control. These restrictions applied to options and restricted stock held by our executive officers and our next five most highly compensated employees. A change in control is defined in the Stock Incentive Plan of 2006 as (a) the failure of the continuing directors to constitute a majority of the Board of Directors; (b) the acquisition by any person of ownership of 40% or more of the outstanding common stock of Mercantile; (c) a reorganization, merger or consolidation after which the Mercantile shareholders do not own at least 50% of the value and voting power of the outstanding capital stock of the entity surviving the transaction; (d) a liquidation or dissolution of Mercantile, or a sale of all or substantially all of its assets; or (e) any other change in control transaction that is reportable to the SEC under Item 6(e) of Schedule 14A of Regulation 14A issued under the Securities Exchange Act of 1934.

Each executive officer will receive a distribution of his account under the deferred compensation plan, if his employment terminates within 12 months after a change in control. The value of each officer's account as of December 31, 2012 is shown above in the table under the heading Nonqualified Deferred Compensation For 2012.

Potential Payments Upon a Change in Control

The following table provides information regarding the value of benefits that would be provided to Messrs. Price, Kaminski and Christmas in the event of a change in control of Mercantile. While we do not have specific change in control agreements, under our Stock Incentive Plan of 2006 there are provisions regarding a change in control. The amounts shown assume that the change in control occurred as of December 31, 2012, the last business day of our 2012 fiscal year, and include estimates of the value of restricted stock that would be vested upon a change in control. The actual amounts would only be determined upon a change in control.

- (2) Refer to Note 9, Stock-Based Compensation, in the Notes to our Consolidated Financial Statements included in our Annual Report to the SEC on Form 10-K for the year ended December 31, 2012, for the relevant assumptions used to determine the valuation of the stock awards.

As of December 31, 2012, our non-employee directors held the following option awards to acquire our common stock: Mr. Cassard, Mr. Clark, Mr. Hayes, Mrs. Jones, Mr. Larsen, Mr. Murdock, and Mr. Williams, two option awards each, covering for each an aggregate of 1,184 shares.

Compensation Arrangements for Non-employee Directors

Bank. For 2012, our non-employee directors of the Bank were paid an annual retainer of \$12,000, and a fee of \$750 for each meeting of the Board of Directors of the Bank that they attended, except for meetings that focus on loans for which the fee is \$700. In addition, non-employee directors were paid a meeting fee of \$700 for each meeting of the Audit Committee, \$600 for each meeting of the Compensation Committee and the Governance and Nominating Committee, and \$400 for each meeting of other committees of the Board of Directors of the Bank that they attended. Non-employee directors were also paid fees of the same amount for meetings of Mercantile's Board of Directors and its committees, when for Board meetings there was not also a meeting of the Board of Directors of the Bank on the same day, and for committee meetings when there was not also a meeting of a committee of the Board of Directors of the Bank having the same name or function on the same day. For meetings that were held by telephone or other remote communications equipment, the meeting fees were the lesser of one-half the amount described above or \$350. One annual retainer fee was also paid to each director who served as Chairman of the Audit Committees, the Compensation Committees and the Governance and Nominating Committees of Mercantile's and the Bank's Boards of Directors. The annual retainer was, for the Chairman of the Audit Committees \$7,000, for the Chairman of the Compensation Committees \$5,000, and for the Chairman of the Governance and Nominating Committees \$5,000. The director who serves as Facilitator for executive sessions of our Board of Directors receives a meeting fee of \$400 for each executive session of the Board for which the director serves as Facilitator.

Directors are eligible to receive stock-based awards under our Stock Incentive Plan of 2006 that was approved by our shareholders at their 2006 annual meeting. The stock awards shown in the table above are restricted stock that was awarded to the directors by our Compensation Committee on November 29, 2012, under our Stock Incentive Plan of 2006. Each director received a grant of 1,000 shares of restricted stock in 2012. The restricted stock is subject to forfeiture and restrictions on transfer until the shares become vested on November 29, 2014. The restricted stock is forfeited if the director ceases to be a director with us prior to the restricted stock vesting; subject to accelerated or prorated vesting as provided for in the applicable restricted stock award agreement in the event of the director's death, disability, mandatory retirement from the Board at age 75, removal from the Board other than for cause, a change in control, or exercise of discretion by the Compensation Committee. The directors are entitled to receive cash dividends on their restricted stock to the same extent as other holders of our common stock.

The Compensation Committee of our Board of Directors reviews director compensation at least annually, and recommends to our Board of Directors for approval any changes that the Compensation Committee deems appropriate. The fees for non-employee directors were increased on January 1, 2012, based on a recommendation of our Compensation Committee and approval of our Board of Directors.

Director Deferred Compensation Plan

Directors are eligible to participate in the Bank's non-qualified deferred compensation plan for directors. Directors who participate in the plan may elect to defer up to 100% of their annual retainer and meeting fees. Under the plan, the amount of any director's fees that are deferred is credited with interest quarterly at a rate equal to the prime rate as published in the Wall Street Journal, determined quarterly, on the first day of each quarter.

The plan provides that the Bank will pay to each director, from his or her deferred compensation account, a lump sum payment, or installment payments, whichever is elected, after the director's term of office as a director ends. If installment payments are elected, the maximum payment period is ten years. In the event that a director dies before his or her term of office ends, the Bank will distribute the payments to the director's designated beneficiary in a lump sum, or installments, if installments were elected. If death

Table of Contents

occurs during the time that payments are being made, the Bank will distribute the remaining payments to the director's designated beneficiary at the same time and in the same amounts that would have been distributed if the director had not died.

The plan was amended in 2008 to provide participating directors with additional options to select specified dates for withdrawal. The ability to select specified withdrawal dates applies to amounts already deferred, as well as amounts that are deferred in the future. The plan and the new withdrawal options are subject to Section 409A of the Internal Revenue Code, which specifies requirements that non-qualified deferred compensation plans must meet in order to avoid adverse tax consequences for participants.

Transactions with Related Persons

We have a written policy requiring that our Audit Committee review and approve related person transactions that involve us and are of the type that are required to be disclosed in our proxy statement by SEC rules. A transaction may be a related person transaction if any of our directors, executive officers, owners of more than 5% of our common stock, or their immediate family have a material interest in the transaction and the amount involved exceeds \$120,000. The policy authorizes the Audit Committee to approve a related person transaction if it determines that the transaction is at least as favorable to us as would have been expected if the transaction had been with a person who is not related to us, or is in our best interest. The policy does not cover loan transactions described in the next paragraph, which are generally subject to approval by the Bank's Board of Directors to the extent required by applicable banking laws and regulations.

The Bank has had, and expects in the future to have, loan transactions in the ordinary course of business with our directors, executive officers, or their immediate family, or companies they have a material interest in, on substantially the same terms as those prevailing for comparable transactions with others. All such transactions (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank, and (iii) did not involve more than the normal risk of collectability or present other unfavorable features.

Information about a lease transaction involving the Bank and a company one of our directors has a relation to, is set forth under the heading Compensation Committee Interlocks and Insider Participation in this proxy statement, and is incorporated here by reference.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of our common stock, to file reports of ownership and changes in ownership with the SEC. Based on a review of filings, we believe that all reports required to be filed under Section 16(a) for 2012 were timely filed.

Although ratification is not required by our bylaws or otherwise, our Board is submitting the selection of BDO to our shareholders for ratification as a matter of good corporate practice.

Representatives of BDO plan to attend the annual meeting of shareholders, will have the opportunity to make a statement if they desire to do so, and will respond to appropriate questions by shareholders.

Our Board of Directors recommends that you vote FOR ratification of the appointment of BDO as our independent registered public accounting firm for 2013. Unless otherwise instructed, the persons named as proxies intend to vote all proxies received for ratification of the appointment of BDO.

In the event shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in our best interest and the best interest of our shareholders.

Principal Accountant Fees and Services

The following table shows the fees for audit and other professional services provided to us by BDO for 2012 and 2011.

	2012	2011
Audit Fees (1)	\$ 254,371	\$ 255,418
Audit-Related Fees (2)	16,646	16,580
Tax Fees	0	0
All other fees	0	0

(1) Includes the fees billed for professional services rendered for the audit of our annual financial statements and internal control over financial reporting, review of financial statements included in our quarterly reports on Form 10-Q and accounting-related consultations.

(2) Principally related to audit of employee benefit plan for 2012 and 2011.

The Audit Committee's policy is to pre-approve all audit services and non-audit services that are to be performed for us by our independent auditor. Under the Audit Committee's policy, authority to pre-approve permitted services has been delegated to two members of the Audit Committee, either of whom can act alone, for circumstances when pre-approval is not obtained from the full Audit Committee. Any pre-approval by the delegated authority is required to be reported to the Audit Committee at its next meeting. All of the services described in the table above were pre-approved by the Audit Committee.

Proposal #3**Advisory Vote on Executive Compensation**

Our executive compensation program is intended to attract, motivate, reward and retain the senior management talent required to achieve our corporate objectives and increase shareholder value. Our philosophy in setting compensation policies for executive officers is to align pay with performance, while at the same time providing competitive compensation. We believe that our compensation policies and procedures are aligned with the long-term interests of our shareholders.

Table of Contents

As required by Section 14A of the Exchange Act, this proposal seeks a shareholder advisory vote on the approval of compensation of our named executive officers as disclosed pursuant to Item 402 of Regulation S-K through the following resolution:

RESOLVED, that the shareholders approve the compensation of Mercantile Bank Corporation's executives, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure contained in the proxy statement.

Our Board of Directors urges you to endorse the compensation program for our executive officers by voting FOR the above resolution. The Compensation Committee of the Board of Directors believes that the executive compensation for 2012 is reasonable, appropriate and justified by Mercantile's performance.

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Our Board of Directors recommends that you vote FOR approval of our executive compensation program as described in the Compensation Discussion and Analysis and the compensation tables and otherwise in this proxy statement. Unless otherwise instructed, the persons named as proxies intend to vote all proxies received for approval of our executive compensation program.

Proposal #4

Advisory Vote on the Frequency of Advisory Approval of the Compensation of our Named Executive Officers

We are asking shareholders to vote, in an advisory manner, on how frequently they would like to cast an advisory vote on the compensation of our named executive officers, such as Proposal No. 3 immediately above. This advisory vote on frequency is required pursuant to Section 14A of the Exchange Act. By voting on this Proposal No. 4, shareholders may indicate whether they would prefer holding an advisory vote on executive compensation every one, two or three years. Shareholders who have no preference may also abstain from voting.

The appropriate frequency of an advisory vote on executive compensation is the subject of diverging opinions and views, and we believe there is reasonable basis for each of the three options. Less frequency would encourage a more long-term, rather than short-term, analysis of our executive compensation programs and would avoid the burden that annual votes would impose on shareholders required to evaluate the compensation programs of a large number of companies each year. On the other hand, greater frequency provides shareholders the opportunity to react promptly to emerging trends in compensation and gives the Board of Directors and the Compensation Committee the opportunity to evaluate individual compensation decisions and compensation program changes each year in light of the timely feedback from shareholders.

After careful consideration, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for Mercantile at this time. We understand that our shareholders may have different views as to what is the best approach for the Mercantile and we look forward to hearing from you on this proposal.

Although the shareholders' vote is advisory and is not binding on the Board of Directors, the Board of Directors will take into account the outcome of the vote when considering how frequently to hold say-on-pay votes. Notwithstanding the Board's recommendation and the outcome of the shareholder vote, the Board of Directors may in the future decide to alter the frequency of advisory votes and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to compensation programs. As required by the law as currently in effect, the Board of Directors will put the frequency issue before the shareholders for a new advisory vote at least once every six years.

Our Board of Directors recommends that shareholders select **One Year when voting on the frequency of advisory votes to approve the compensation of our named executive officers.**
