The section entitled "Selling Shareholders" in the prospectus is superseded in its entirety with the following:

**SELLING SHAREHOLDERS**

The selling shareholders may resell under this prospectus a total of up to 12,133,220 common shares issuable upon the exchange of limited partnership units in the Operating Partnership. The common shares subject to resale pursuant to this prospectus may be offered from time to time, in whole or in part, by the selling shareholders (and their nominees and successors), donees, transferees or other successors-in-interest. Our registration of the resale of the common shares issued or issuable upon the exchange of the limited partnership units does not necessarily mean that the selling shareholders will resell all or any of the common shares issued or issuable upon exchange of their units. In addition, the selling shareholders may have sold, transferred or otherwise disposed of all or a portion of the common shares issued or issuable upon the exchange of their units in transactions exempt from the registration requirements of the Securities Act of 1933 or pursuant to this prospectus.

The table below sets forth information regarding the ownership of our common shares by the selling shareholders who have not resold all of our common shares issued or issuable upon the exchange of units as of February 12, 2013, unless otherwise indicated in the footnotes to the table. The information regarding the selling shareholders' ownership after the resales made pursuant to this prospectus assumes that all of the common shares subject to resale pursuant to this prospectus will have been sold. The information set forth below relating to the number of common shares such shareholder currently owns not subject to resale pursuant to this prospectus and the number of our common shares received or receivable upon exchange of units was provided by or on behalf of the selling shareholders and may change over time.
