We are pleased to take advantage of the U.S. Securities and Exchange Commission rule that allows companies to furnish proxy materials to their stockholders over the Internet. As a result, on or about April 26, 2013, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) instead of a paper copy of our proxy materials, which include this notice of annual meeting, our proxy statement, our annual report and a proxy card or voting instruction card. We believe that this process will allow us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this notice of annual meeting, our proxy statement, our annual report and a form of proxy card or voting instruction card.

Your vote is important. Whether or not you plan to attend the meeting, we hope that you will vote as soon as possible. You may vote your shares via a toll-free telephone number or over the Internet. If you received a proxy card or voting instruction card by mail, you may submit your proxy card or voting instruction card by completing, signing, dating and mailing your proxy card or voting instruction card in the envelope provided. Any stockholder attending the meeting may vote in person, even if you have already returned a proxy card or voting instruction card.

INFORMATION CONCERNING SOLICITATION AND VOTING

The Board of Directors (the **Board**) of Gevo, Inc. (the **Company**) is soliciting proxies for our 2013 Annual Meeting of Stockholders (the **Annual Meeting**) to be held on Thursday, June 6, 2013 at 3:00 p.m. local time at our offices located at 345 Inverness Drive South, Building C, Suite 310, Englewood, Colorado 80112. Our telephone number is (303) 858-8358.

The proxy materials, including this proxy statement, our annual report and a proxy card or voting instruction card, are being distributed and made available on or about April 26, 2013. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the **SEC**), we have elected to provide our stockholders access to our proxy materials over the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the **Notice**) will be mailed on or about April 26, 2013 to stockholders who owned our common stock at the close of business on April 8, 2013, the record date for the Annual Meeting (the **Record Date**). Stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request that a printed set of the proxy materials be sent to them by following the instructions in the Notice.

Stockholders will also have the ability to request to receive proxy materials in printed form by mail or electronically on an ongoing basis. If you choose to receive future proxy materials electronically, you will receive an email next year with instructions containing a link to the proxy materials and a link to the proxy voting site. Your election to receive proxy materials electronically or in printed form by mail will remain in effect until you terminate such election.

Choosing to receive future proxy materials electronically will allow us to provide you with the information you need in a more timely manner, will save us the cost of printing and mailing documents to you and will conserve natural resources.

QUESTIONS AND ANSWERS

Q: Who may vote at the meeting?

A: Our Board has fixed April 8, 2013 as the record date for the Annual Meeting. Only stockholders of record at the close of business on April 8, 2013 will be entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. As of April 8, 2013, there were 44,046,929 shares of our common stock outstanding and entitled to vote at the meeting.

Q: What proposals will be voted on at the meeting?

A: There are five proposals scheduled to be voted on at the meeting:

election of the three Class III nominees to our Board named herein to serve for a three-year term (Proposal 1);

approval of an amendment to our Amended and Restated Certificate of Incorporation (Certificate of Incorporation) to increase the number of authorized shares of our common stock from 100,000,000 to 150,000,000 and the number of authorized shares of our preferred stock from 5,000,000 to 10,000,000 (Proposal 2);

approval of the amendment and restatement of the Gevo, Inc. 2010 Stock Incentive Plan (the 2010 Plan) (Proposal 3);

ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 (Proposal 4); and

approval, on an advisory (non-binding) basis, of the compensation of our named executive officers, as presented in the proxy statement accompanying this notice (Proposal 5).

We will also consider any other business that properly comes before the meeting. As of the Record Date, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly brought before the meeting, the persons named in the enclosed proxy card or voter instruction card will vote the shares they represent using their best judgment.

Q: What is the quorum requirement for the meeting?

A: A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of our outstanding shares of common stock are represented in person at the Annual Meeting or by proxy. At the close of business on April 8, 2013, the record date for the Annual Meeting, there were 44,046,929 shares of common stock outstanding. Thus, a total of 44,046,929 shares are entitled to vote at the Annual Meeting and holders of common stock representing at least 22,023,465 votes must be represented at the Annual Meeting in person or by proxy to have a quorum. The inspector of election appointed for the meeting by our Board will count the votes cast in person or by proxy at the Annual Meeting to determine whether or not a quorum is present.

Your shares will be counted as present at the meeting if you:

are present and entitled to vote in person at the meeting; or

have properly submitted a proxy card or voting instruction card, or voted by telephone or over the Internet.

Both abstentions and broker non-votes (as described below) will be included in the calculation of the number of shares considered to be present at the meeting for the purpose of determining the presence of a quorum. Abstentions will have no effect on Proposal 1. With respect to Proposals 2, 3, 4 and 5, abstentions will be treated as shares present and entitled to vote and will therefore have the same effect as a vote against such proposal. Each proposal identifies the votes needed to approve or ratify the proposed action. In the event we are unable to obtain a quorum, a majority of the shares present at the Annual Meeting may adjourn the Annual Meeting to another date.

Q:

Edgar Filing: Gevo, Inc. - Form DEF 14A

Why did I receive a Notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

- A:** We are pleased to take advantage of the SEC rule that allows companies to furnish their proxy materials over the Internet. Accordingly, we have sent to our stockholders of record and beneficial owners a Notice regarding the Internet availability of proxy materials. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the Notice. In addition, stockholders may request to

receive proxy materials in printed form by mail or electronically on an ongoing basis. A stockholder's election to receive proxy materials by mail or electronically by email will remain in effect until the stockholder terminates such election.

Q: What is the frequency of the Company's Say-on-Pay advisory vote?

A: At our 2011 annual meeting of stockholders (the 2011 Annual Meeting), we held our first advisory vote on executive compensation of our named executive officers and on the frequency of holding future advisory votes on executive compensation of our named executive officers. At the 2011 Annual Meeting, our stockholders approved the proposal to hold advisory votes on executive compensation for our named executive officers once every two years. Consistent with the preference expressed by our stockholders, Proposal 5 provides for a say-on-pay advisory vote at this Annual Meeting.

Q: What does it mean if I receive more than one Notice or package of proxy materials?

A: If you received more than one Notice or more than one package of proxy materials, this means that you have multiple accounts holding shares of our common stock. These may include accounts with our transfer agent, American Stock Transfer & Trust Company, and accounts with a broker, bank or other holder of record. Please vote all proxy cards and voting instruction cards that you receive with each Notice or package of proxy materials to ensure that all of your shares are voted.

Q: How can I get electronic access to the proxy materials?

A: You can view the proxy materials on the Internet at the website referred to in your Notice. Please have your control number available. Your control number can be found on your Notice. If you received a paper copy of your proxy materials, your control number can be found on your proxy card or voting instruction card.

Q: Can I vote my shares by filling out and returning the Notice?

A: No. The Notice will, however, provide instructions on how to vote by Internet, by telephone, by requesting and returning a paper proxy card or voting instruction card, or by submitting a ballot in person at the meeting.

Q: How may I vote my shares in person at the meeting?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote in person at the meeting. If your shares are held in an account at a brokerage firm, bank, dealer or other similar organization, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you are also invited to attend the meeting. However, since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from your broker, bank or other agent that holds your shares, giving you the right to vote the shares at the meeting.

The meeting will be held at our offices located at 345 Inverness Drive South, Building C, Suite 310, Englewood, Colorado 80112. You can find directions to our offices on our website at <http://www.gevo.com/contact>.

Q: How can I vote my shares without attending the meeting?

Edgar Filing: Gevo, Inc. - Form DEF 14A

- A:** Whether you hold shares directly as a registered stockholder of record or beneficially in street name, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held beneficially in street name, by submitting voting instructions to your broker, bank or other agent. In most cases, you will be able to do this by telephone, by using the Internet or by mail if you received a printed set of the proxy materials.

By Telephone or Internet If you have telephone or Internet access, you may submit your proxy by following the instructions provided in the Notice, or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card.

By Mail If you received printed proxy materials, you may submit your proxy by mail by signing your proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your broker, bank or other agent, and mailing it in the enclosed envelope. If you provide specific voting instructions, your shares will be voted as you have instructed.

Votes submitted via the Internet or by telephone must be received by 11:59 p.m. Eastern Daylight Time on June 5, 2013. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to submit your proxy to vote your shares in advance of the Annual Meeting.

We provide Internet and telephone proxy voting with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet and telephone access, such as usage charges from Internet access providers and telephone companies.

Q: What happens if I do not give specific voting instructions?

A: Registered Stockholder of Record If, at the close of business on April 8, 2013, you are a registered stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

Beneficial Owners of Shares Held in Street Name If, at the close of business on April 8, 2013, you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of The NASDAQ Stock Market LLC (NASDAQ), the organization that holds your shares may generally vote at its discretion on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting assuming that a quorum is obtained.

Q: Which ballot measures are considered routine or non-routine?

A: Proposal 4, the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013, is considered a routine matter under applicable rules. A broker, bank or other holder of record may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 4. Proposal 1, regarding the election of Class III directors, Proposal 2, regarding the amendment of our Certificate of Incorporation, Proposal 3 regarding the amendment and restatement of the 2010 Plan, and Proposal 5 regarding the advisory vote on executive compensation, are considered non-routine matters under applicable rules. A broker, bank or other agent cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 2, 3 and 5.

If you hold your shares in street name and you do not instruct your bank, broker, or other agent how to vote your shares on Proposals 1, 2, 3 and 5, no votes will be cast on your behalf on these proposals. Therefore, it is critical that you indicate your vote on these proposals if you want your vote to be counted.

Q: How can I revoke my proxy and change my vote after I return my proxy card?

A: You may revoke your proxy and change your vote at any time before the final vote at the meeting. If you are a stockholder of record, you may do this by signing and submitting a new proxy card with a later date; by voting by telephone or by using the Internet, either of which must be completed by 11:59 p.m. Eastern Daylight Time on June 5, 2013 (your latest telephone or Internet proxy will be counted); or by attending the meeting and voting in person. Attending the meeting alone will not revoke your proxy unless you specifically request your proxy to be revoked. If you hold shares through a broker, bank or other agent, you must contact that broker, bank or other agent directly to revoke any prior voting instructions.

Q: Who will pay the costs of this proxy solicitation?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to our stockholders. We and our directors, officers and regular employees may solicit proxies by mail, personally, by telephone or by other appropriate means. No additional compensation will be paid to directors, officers or other regular employees for such services. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock in their names for others to send proxy materials to and obtain proxies from the beneficial owners of such shares, and we may reimburse them for their costs in forwarding the solicitation materials to such beneficial owners.

Q: Where can I find the voting results of the meeting?

A: The preliminary voting results will be announced at the meeting. The final voting results will be reported in a current report on Form 8-K, which will be filed with the SEC within four business days after the meeting. If our final voting results are not available within four business days after the meeting, we will file a current report on Form 8-K reporting the preliminary voting results and subsequently file the final voting results in an amendment to the current report on Form 8-K within four business days after the final voting results are known to us.

PROPOSAL 1

ELECTION OF DIRECTORS

Overview

The Company's Board presently has nine members and is divided into three classes, designated Class I, Class II and Class III. Each class consists of one-third of the total number of directors constituting the entire Board and each class has a three-year term. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election.

Our Certificate of Incorporation provides that the authorized number of directors may be changed only by resolution of the Board. Directors may be removed only for cause by the affirmative vote of the holders of at least a majority of the votes that all our stockholders would be entitled to cast in an annual election of directors. Any vacancy on our Board, including a vacancy resulting from an enlargement of our Board, may be filled only by vote of a majority of our directors then in office, even if less than a quorum. Each director so chosen shall hold office until the next election of the class for which such director shall have been chosen and until his or her successor shall have been duly elected and qualified.

At this Annual Meeting, the terms of the following Class III directors will expire: Shai Weiss, Gary W. Mize and Bruce A. Smith.

The nominating and corporate governance committee of our Board (the Nominating and Corporate Governance Committee) has recommended that each of Messrs. Shai Weiss, Gary W. Mize and Bruce A. Smith be elected to serve as Class III directors at the Annual Meeting. Mr. Weiss has served on the Board since 2007 and was originally elected as the designee of Virgin Green Fund I, L.P. (Virgin Green Fund) pursuant to the terms of our Certificate of Incorporation, as in effect at that time. Mr. Weiss was appointed Chairman of the Board on September 9, 2010. Mr. Weiss stands for election at this Annual Meeting. Mr. Mize's appointment to the Board was approved by a majority of our directors then in office, effective September 15, 2011, and he stands for election at this Annual Meeting. Mr. Bruce Smith was appointed to the Board, effective June 20, 2010, upon the approval of a majority of the common stockholders and stands for re-election at this Annual Meeting.

Our stockholders will vote for the three Class III nominees listed above to serve until our 2016 annual meeting of stockholders and, in each case, until such director's successor has been elected and qualified, or until such director's earlier death, resignation or removal. The members of our Board who are Class I and Class II directors will be considered for nomination for election in 2014 and 2015, respectively.

Nominees for Election as Class III Directors for a Term Expiring in 2016

Each of the nominees listed below is currently a director of the Company. If elected at the Annual Meeting, each of these nominees would serve until the 2016 annual meeting of stockholders and until his successor is elected and qualified or until such director's earlier death, resignation or removal. There are no family relationships among our directors or executive officers. If any nominee is unable or declines to serve as a director, the Board may designate another nominee to fill the vacancy and the proxy will be voted for that nominee.

Shai Weiss, age 45, has served as a director of the Company since 2007 and was appointed chairman of our Board in September 2010. Mr. Weiss led the formation of Virgin Green Fund, where he has been a partner since 2007. Mr. Weiss holds an M.B.A. from Columbia University and a B.B.A. from City University of New York, Baruch College in business and finance. We believe Mr. Weiss's qualifications to sit on our Board include his extensive experience as a business leader and venture capitalist and his experience in advising growth-focused companies with respect to strategic direction and business transactions.

Gary W. Mize, age 62, has served as a director of the Company since September 2011. Since October 2009, Mr. Mize has held the position of partner and owner at MR & Associates. Mr. Mize served as President of Rawhide Energy LLC, an ethanol company, from April 2007 to April 2009. Mr. Mize also served as non-executive Chairman at Ceres Global AG, a Canadian public company that serves as a vehicle for agribusiness investments, from December 2007 to April 2010. In addition, Mr. Mize has also served Noble Group, Hong Kong, as Global Chief Operating Officer and Executive Director from July 2003 to December 2005 and Non-Executive Director from December 2005 to December 2006. Mr. Mize holds a B.A. in Business and Marketing from Michigan State University. Mr. Mize brings international business experience to the Board having previously held expatriate positions in Switzerland, Brazil and Hong Kong. We believe Mr. Mize's qualifications to sit on our Board include his international experience, coupled with more than 35 years of experience in agribusiness.

Bruce A. Smith, age 69, has served as a director of the Company since June 2010. Since January 2012, Mr. Bruce Smith has also served as a director of Ventech Engineers, Inc., a fully integrated engineering and procurement services company for the petroleum industry. Since December 2011, Mr. Bruce Smith has served as a director and Chief Executive Officer of One Cypress Energy, a private crude logistics and marketing company. Since July 2010, he has also served as a member of the supervisory board of LyondellBasell Industries N.V., a publicly traded independent chemical company. Mr. Bruce Smith served as Chairman of Tesoro Corp. (Tesoro) from 1996 until June 2010, and from 1995 until May 2010 he served as Tesoro's President and Chief Executive Officer. Between 1992 and 1995, Mr. Bruce Smith held positions as Tesoro's Chief Operating Officer, Executive Vice President, Exploration and Production, and Chief Financial Officer. Under Mr. Bruce Smith's leadership, Tesoro went from a small integrated oil company to a Fortune 100 refining and marketing company with a global supply chain and 650,000 barrels per day of production in the western U.S. From March 2002 to February 2008, Mr. Bruce Smith also served as a director of Noble Energy Corp., a publicly traded oil exploration and production company, where he served on the audit, compensation and corporate governance and nominating committees, including service as Chair of the audit committee in 2005 and 2006 and Chair of the compensation committee in 2003 and 2004. Mr. Bruce Smith holds an M.B.A. in finance from the University of Kansas and a B.A. in biology from Westminster College. We believe Mr. Bruce Smith's qualifications to sit on our Board include his extensive senior leadership experience in the refining and marketing industry, his substantial management background and his previous experience serving as a director and chairman of the audit and compensation committees of a publicly traded company.

Vote Required and Board Recommendation

The affirmative vote of a plurality of the votes cast in person or by proxy at the Annual Meeting is required to elect each of Messrs. Shai Weiss, Gary W. Mize and Bruce A. Smith as Class III directors to serve until the 2016 annual meeting of stockholders. A plurality means, with regard to the election of directors that the three nominees for director receiving the greatest number of for votes from the votes cast at the Annual Meeting will be elected. Abstentions and broker non-votes will have no effect on the outcome of this proposal. Proxies cannot be voted for a greater number of persons than three, the number of nominees named above.

**THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR
THE ELECTION OF EACH OF THE CLASS III NOMINEES.**

PROPOSAL 2**AMENDMENT TO THE COMPANY S CERTIFICATE OF INCORPORATION****TO INCREASE THE AUTHORIZED SHARES OF COMMON AND PREFERRED STOCK**

The Board has voted to recommend to the stockholders that the Company amend its Certificate of Incorporation to increase the number of authorized shares of common stock from 100,000,000 to 150,000,000 shares and the number of authorized shares of preferred stock from 5,000,000 to 10,000,000 shares.

The following table reflects the number of authorized, outstanding, reserved and unreserved shares of common stock as of March 31, 2013:

Less: Issued and Outstanding Shares of Common Stock	43,966,309

The Company is currently authorized to issue 5,000,000 shares of preferred stock, \$0.01 par value per share, of which none were issued or reserved as of the Record Date. The Board has the authority, without action by its stockholders, to designate and issue shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof.

Text of the Proposed Amendment

We propose to amend and restate the first paragraph of the FOURTH article of the Certificate of Incorporation to read in its entirety as follows:

The Corporation is authorized to issue two classes of stock to be designated, respectively, Common Stock and Preferred Stock. The total number of shares of all classes of capital stock which the Corporation shall have authority to issue is 160,000,000, of which 150,000,000 shares shall be Common Stock, having a par value of \$0.01 per share (the Common Stock), and 10,000,000 shares shall be Preferred Stock, having a par value of \$0.01 per share (the Preferred Stock).

Purpose of the Proposed Amendment

The Board believes that the proposed increase in the number of authorized shares of common stock is in the best interests of our Company and our stockholders. The Board believes that the authorized common stock should be increased to provide sufficient shares for such corporate purposes as may be determined by the Board.

These purposes may include, among others, the issuance of common stock to (i) facilitate raising capital through the sale of stock, (ii) make Coupon Make-Whole Payments (as defined below) in common stock as allowed under our 7.5% convertible notes due 2022 (the Convertible Notes), (iii) facilitate potential mergers or acquisitions and/or (iv) attract or retain valuable employees through the issuance of stock options. Except as described above or elsewhere in this proxy statement, we have no plans, understandings, commitments, agreements or undertakings concerning the issuance of any such additional shares. The Board, however, considers the authorization of additional shares of common stock advisable to ensure prompt availability of shares for issuance should the occasion arise.

The Board further believes that the increase in the number of authorized shares of preferred stock is also in the best interests of our Company and our stockholders. The Board believes that the authorized preferred stock should be increased to provide sufficient shares for such corporate purposes as may be determined by the Board. These purposes may include, among others, the issuance of preferred stock to facilitate raising capital through the sale of stock and/or potential mergers or acquisitions. Except as described above or elsewhere in this proxy statement, we have no plans, understandings, commitments, agreements or undertakings concerning the issuance of any such additional shares. The Board, however, considers the authorization of additional shares of preferred stock advisable to ensure prompt availability of shares for issuance should the occasion arise.

Potential Effects of the Proposed Amendment

Following the increase in authorized shares, each share of authorized common stock will have the same rights and privileges as each share of existing common stock. The issuance of additional common stock, whether before or after the increase in authorized shares, will decrease the percentage ownership of us by our existing stockholders and, depending upon the price at which such shares are issued, could be dilutive to existing stockholders. The availability of the additional shares resulting from the increase in authorized shares could have an anti-takeover effect by making it more difficult and less desirable for a third party to seek to gain control of the Company.

Timing of the Proposed Amendment

If the proposed amendment to increase the number of authorized shares of our common and preferred stock is approved by our stockholders, it will become effective immediately upon the filing of a Certificate of Amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware, which we expect to file promptly after the Annual Meeting. If the proposed amendment is not approved by our stockholders, the number of authorized shares of common and preferred stock will remain unchanged.

Convertible Debt

In July 2012, we sold \$45.0 million in aggregate principal amount of Convertible Notes, with net proceeds of \$40.9 million. The Convertible Notes bear interest at 7.5% which is to be paid semi-annually in arrears on January 1 and July 1 of each year commencing on January 1, 2013. The Convertible Notes will mature on July 1, 2022, unless earlier repurchased, redeemed or converted.

The Convertible Notes are convertible at an initial Conversion Rate of 175.6697 shares of our common stock per \$1,000 principal amount of Convertible Notes, subject to adjustment in certain circumstances as described in the indenture governing our Convertible Notes (the Indenture). This is equivalent to an initial Conversion Price of approximately \$5.69 per share of common stock. Holders may convert the Convertible Notes at any time prior to the close of business on the third business day immediately preceding the maturity date of July 1, 2022.

If a holder elects to convert its Convertible Notes after January 1, 2013 but prior to July 1, 2017, such holder shall be entitled to receive, in addition to the shares of common stock due upon such conversion, a payment (the

Coupon Make-Whole Payment) equal to the sum of the present values of the lesser of: (a) eight semi-annual interest payments; or (b) the number of semi-annual interest payments that would have been payable on the Convertible Notes that a holder has elected to convert from the last day through which interest was paid, or the issue date if no interest has been paid, to but excluding July 1, 2017, computed using a discount rate of 2%. We may pay any Coupon Make-Whole Payment either in cash or in shares of our common stock at our election. If we elect to pay in common stock, the stock will be valued at 90% of the average of the daily volume weighted average prices of our common stock for the 10 trading days preceding the date of conversion. Our agreements governing our secured indebtedness with TriplePoint Capital Partners LLC (TriplePoint) prohibit us from paying, repurchasing or redeeming the Convertible Notes or making cash payments in respect of the Coupon Make-Whole Payment upon a conversion. Hence, we may be unable to make such payment in cash in periods when we have indebtedness outstanding with TriplePoint. At December 31, 2012, total principal and final payments outstanding to TriplePoint were \$25.6 million.

Subsequent to December 31, 2012, certain holders of the Convertible Notes elected to convert bonds totaling \$9.5 million, reducing the outstanding principal balance of the Convertible Notes to \$35.5 million. Upon conversion of the \$9.5 million principal amount of Convertible Notes, the holders of such Convertible Notes received 1,661,827 shares of common stock. In addition, such holders also received 1,577,154 shares of common stock in settlement of the \$2.7 million of Coupon Make-Whole Payments due in accordance therewith.

If a Make-Whole Fundamental Change (as defined in the Indenture) occurs and a holder elects to convert its Convertible Notes prior to July 1, 2017, the Conversion Rate will increase based upon reference to the table set forth in Schedule A of the Indenture. In no event will the Conversion Rate increase to more than 202.0202 per \$1,000 principal amount of Convertible Notes. If a Fundamental Change (as defined in the Indenture) occurs, at any time, then each holder will have the right to require us to repurchase all of such holder's Convertible Notes, or any portion thereof that is an integral multiple of \$1,000 principal amount, for cash at a repurchase price of 100% of the principal amount of such Convertible Notes plus any accrued and unpaid interest through the repurchase date. Additionally, on July 1, 2017, each holder will have the right to require us to repurchase all of such holder's Convertible Notes, or any portion thereof that is an integral multiple of \$1,000 principal amount, for cash at a repurchase price of 100% of the principal amount of Convertible Notes plus any accrued and unpaid interest through the repurchase date.

Warrants

In January 2008, prior to our initial public offering on February 14, 2011, we issued warrants to purchase shares of preferred stock to our affiliate, Virgin Green Fund, in conjunction with entering into a bridge financing agreement. Upon the closing of our initial public offering, the preferred stock warrants were automatically converted to warrants to purchase common stock. The warrants have an expiration date of February 13, 2014. As of the Record Date, Virgin Green Fund holds 28,786 warrants with an exercise price of \$5.48 per share.

On September 18, 2009, we formed Gevo Development, LLC (Gevo Development) to finance and develop biorefineries through joint venture, tolling arrangements or direct acquisition. Gevo Development became a wholly owned subsidiary of Gevo, Inc. on September 22, 2010. In connection with the formation of Gevo Development, we granted CDP Gevo, LLC, the then sole owner of the Class B interests in Gevo Development, 858,000 warrants to purchase shares of our common stock with an exercise price of \$2.70 per share. The warrants have an expiration date of September 21, 2016. As of the Record Date, 812,771 of these warrants remain outstanding.

Upon entering into various secured debt arrangements with TriplePoint, we issued warrants to purchase shares of our common stock in the following amounts:

in August 2010, we issued TriplePoint 199,999 warrants to purchase shares of our common stock in connection with our borrowing of \$5 million and TriplePoint's commitment to provide a borrowing

facility of \$12.5 million for the purpose of acquiring an ethanol facility in Luverne, Minnesota. The warrants have an exercise price of \$9.00 per share and an expiration date of August 5, 2017; and

in October 2011, we issued TriplePoint 188,442 warrants to purchase shares of our common stock in connection with our borrowing up to a total of \$15 million for the retrofit of the Agri-Energy Facility to isobutanol production. The warrants have an exercise price of \$7.96 and an expiration date of October 20, 2018.

Vote Required and Board Recommendation

Approval of this amendment to our Certificate of Incorporation will require the affirmative vote of the holders of a majority of the common stock issued and outstanding and entitled to vote as of the Record Date. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF AN AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 100,000,000 TO 150,000,000 AND THE NUMBER OF AUTHORIZED SHARES OF PREFERRED STOCK FROM 5,000,000 TO 10,000,000.

PROPOSAL 3

AMENDMENT AND RESTATEMENT OF THE 2010 PLAN

The Board believes that the future success of the Company depends, in large part, upon our ability to attract, retain and motivate key employees and that the granting of stock options serves as an important factor in retaining key employees. On March 15, 2013, our Board approved, subject to stockholder approval, the amendment and restatement of the 2010 Plan to increase the number of shares reserved for issuance under the 2010 Plan from 2,571,286 to 5,571,286 shares. As of March 31, 2013 there were 10,596 shares available for issuance under the 2010 Plan. The Board also approved, subject to stockholder approval, improvements to language and the following additional material changes to the 2010 Plan: modification of the Plan's vesting limitations provision and additional permissible performance measures for performance-based awards.

The Board believes the current number of shares remaining available for issuance under the 2010 Plan is insufficient. Based on our current rate of option grants, including contracted minimum grants contained in employment agreements of certain of our executive officers representing a fair value of \$465,000 per year, as well as our anticipated hiring of new employees, the Board believes the existing share reserve will be exhausted within the next three months. Without the ability to provide equity compensation, we may be unable to attract and retain key employees. If this proposal is approved, we intend to continue to provide equity incentives to existing key employees as well to certain newly hired employees and outside directors. If this proposal is approved, we expect to have sufficient shares available under the 2010 Plan for the next two to three years.

The proposed increase of 3,000,000 shares was determined with the assistance of our independent compensation consultant, Hodak Value Advisors, by comparing our past option grants to key employees and newly hired employees to our current hiring and retention plan, planned grants to certain key employees as a retention tool and contracted fair value amounts included in the employment agreements of certain of our executive officers. The proposed increase in the number of shares reserved from 2,571,286 to 5,571,286, which when combined with outstanding options under our predecessor 2006 Omnibus Securities and Incentive Plan (the "2006 Plan") under which no further shares have been granted since the adoption of the 2010 Plan, would increase our overhang from 8% to 15%. Our burn rate, net of forfeited and expired shares, has averaged 1% per year over the past three fiscal years. As of March 31, 2013 there were 1,903,239 shares outstanding under the 2006 Plan. The Board believes that the increase in the number of shares available for issuance under the 2010 Plan is in the best interests of our Company and our stockholders.

The Board believes that the other material changes to the 2010 Plan likewise are in the best interests of our Company and our stockholders. They will provide our Company with additional flexibility going forward to fulfill the purposes of the 2010 Plan: attracting, retaining, and motivating key employees.

First, awards under the 2010 Plan vest on a pro rata basis over a period of not less than three years, or, for performance awards, a period of not less than one year from the commencement of the performance evaluation period. Currently, awards that result in the total issuance of up to 10% of the shares available (as adjusted under certain other plan provisions) may be granted without vesting limitations. The proposed increase of this exception to 15% provides us with added flexibility to grant awards with shorter vesting periods, as appropriate, making such awards more useful as a recruiting, retention, and motivational tool. To date, the Company has granted 235,377 awards in reliance on the 10% provision, of which 35,838 remain outstanding at March 31, 2013.

Second, the current permissible performance measures encompass most, but not all, of the measures we believe we may wish to employ in capturing the performance of key employees and our Company. For the existing performance measures (basic, diluted or adjusted earnings per share; sales or revenue; earnings before interest, taxes and other adjustments; basic or adjusted net income; returns on equity, assets, capital, revenue or similar measure; economic value added; working capital; total stockholder return; product development; product market share; research; licensing; litigation; human resources; information services; and mergers, acquisitions

and sales of assets or business units), the proposed changes would permit any form of income or profit to be utilized, not just basic, diluted, or adjusted earnings per share; expand basic or adjusted net income to include gross margin or similar income or profit measures; and broaden economic value added to include economic profit or other similar measures of residual income. The proposed changes also would add the following new categories: cash usage; costs; technology development; and securement of intellectual property rights. Finally, the proposed changes incorporate some clarifying revisions as well: making clear that the measure for earnings before interest, taxes, and/or other adjustments (EBITDA) may or may not include other adjustments, and that measures concerning returns on equity, assets, capital, or revenue includes only similar return measures, not similar measures generally. These changes provide better opportunity for us to base award vesting on a more dynamic potential universe of performance measures and to respond to changing Company needs.

In sum, the Board believes that each of the proposed changes to the 2010 Plan is in the best interests of our Company and our stockholders, and recommends a vote for this proposal.

Interest of Certain Persons in This Proposal

On March 14, 2013, the Board approved the appointment of Samir Kaul to the Board. Upon his appointment to the Board, Mr. Kaul received an initial equity grant valued at \$125,000, half of which will be paid by the issuance of an option to purchase shares of the Company's common stock and half of which will be paid in restricted shares of the Company's common stock. Such awards were granted subject to approval by the Company's stockholders of this Proposal 3, to increase the number of shares of common stock available for issuance under the 2010 Plan. The option will not be exercisable and no restricted shares will be delivered to Mr. Kaul unless the Company's stockholders approve this Proposal 3.

Vote Required and Board Recommendation

Approval of this amendment will require the affirmative vote of the holders of a majority of the common stock present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

**THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE
AMENDMENT AND RESTATEMENT OF THE 2010 PLAN.**

Significant Historical Award Information

Our 2006 Plan was adopted by our Board, and approved by our stockholders, in January 2006. The 2006 Plan was last amended on June 2, 2010. The 2006 Plan provided for the grant of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), to our employees and any parent or subsidiary corporations' employees, and for the grant of non-statutory stock options, restricted and unrestricted stock awards, stock appreciation rights, performance stock awards and other stock awards to our employees, directors and consultants and any parent or subsidiary corporations' employees, directors and consultants.

After the adoption of our 2010 Plan in February 2011, no further option grants were or will be made under the 2006 Plan and, to the extent outstanding awards under the 2006 Plan are forfeited or lapse unexercised, the shares of common stock subject to such awards will be available for future issuance under the 2010 Plan. However, our 2006 Plan will continue to govern the terms and conditions of outstanding awards granted thereunder.

Effective as of March 31, 2013, we had 1,903,239 shares outstanding under our 2006 Plan and 1,416,211 shares outstanding under our 2010 Plan.
