Risk factors

Investing in the notes involves risks. You should carefully consider the risk factors described in the Risk Factors section in our Annual Report on Form 10-K for the fiscal year ended June 30, 2013, filed on August 8, 2013, and in our other reports filed from time to time with the SEC, which are incorporated by reference into this prospectus supplement and the accompanying prospectus, as the same may be amended, supplemented or superseded from time to time by our filings under the Exchange Act. See Where you can find more information and Incorporation by reference in this prospectus supplement and the accompanying prospectus. You should carefully consider the risks described below, and the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus before investing in our voting common stock. The risks described below are not the only risks applicable to us. Additional risks not currently known to us or that we currently consider immaterial also may impair our business.

Risks relating to the notes

There is currently no public market for the notes, and an active trading market may not develop for the notes.

There is currently no established trading market for the notes. We do not intend to apply for the notes to be listed on a national securities exchange or to arrange for quotation on any automated dealer quotation systems. The underwriters have advised us that they intend to make a market in the notes as permitted by applicable laws and regulations; however, the underwriters are not obligated to make a market in the notes, and, if commenced, they may, in their sole discretion, discontinue their market-making activities at any time without notice. Therefore, we cannot assure you as to the development or liquidity of any market for the notes, your ability to resell any of your notes or the price at which you may be able to resell your notes. If an active trading market for the notes were to develop, the notes could trade at prices that might be lower than their original offering price as a result of many factors, including prevailing interest rates, our operating performance and financial condition, our prospects or the prospects for companies in our industry generally, the interest of securities dealers in making a market in our notes, our credit ratings with major credit rating agencies and the market for similar securities.

We are a holding company, and our only material source of cash is dividends and distributions from our subsidiaries.

The Issuer is a holding company with no material business operations of its own. Its principal assets are the capital stock of its subsidiaries and it conducts virtually all of its business operations through its subsidiaries. As a result, its only material sources of cash are dividends and distributions with respect to its ownership interests in its subsidiaries that are derived from the earnings and cash flow they generate. The Issuer's ability to pay principal and interest on the notes depends in part on the ability of its subsidiaries to declare and distribute dividends or to advance money to the Issuer. The earnings of the Issuer's subsidiaries will depend on their respective financial and operating results, which will be affected by prevailing economic and competitive conditions and by financial, business, and other factors beyond the Issuer's and its subsidiaries control. Accordingly, if the Issuer's and its subsidiaries' financial condition and operating results were to deteriorate, the Issuer may encounter difficulty in meeting its debt obligations. The ability of the Issuer's subsidiaries to pay dividends and make distributions or other payments to the Issuer may be restricted by, among other things, applicable laws and regulations and by the terms of the agreements in which they have entered.

Table of Contents

As a result of the Issuer's holding company structure, in the event of the insolvency, liquidation, reorganization, dissolution or other winding-up of any of its subsidiaries, all of such subsidiaries' creditors would be entitled to payment in full out of its assets before the Issuer, as shareholder, would be entitled to any payment.

The notes will be unsecured and rank behind any future secured creditors to the extent of the value of the collateral securing their claims.

Holders of any future secured indebtedness will have claims that are prior to your claims as holders of the notes to the extent of the value of the assets securing such indebtedness. In the event of any distribution or payment of our assets in any foreclosure, dissolution, winding-up, liquidation, reorganization or other bankruptcy proceeding, holders of our secured indebtedness will have prior claim to our assets that constitute their collateral. If any of these events occurs, the secured lenders could sell those of our assets in which they have been granted a security interest, to your exclusion, even if an event of default exists under the indenture governing the notes at such time. Only when our secured debt obligations are satisfied in full will the proceeds of the collateral securing such indebtedness be available, subject to other permitted liens, to satisfy obligations under the notes. Holders of the notes will participate ratably with all holders of the Issuer's unsecured indebtedness that is deemed to rank equally with the notes, based upon the respective amount owed to each creditor. Upon the occurrence of any of the aforementioned events, because the notes will not be secured by any of the Issuer's assets, it is possible that its remaining assets might be insufficient to satisfy your claims in full. As of August 8, 2013, the Issuer did not have any secured indebtedness.

The notes will be structurally junior to the indebtedness and other liabilities of our subsidiaries.

You will not have any claim as a creditor against our subsidiaries, and all existing and future indebtedness and other liabilities, including trade payables and preferred stock, whether secured or unsecured, of those subsidiaries will be structurally senior to the notes. Furthermore, in the event of any bankruptcy, liquidation or reorganization of any of our subsidiaries, the rights of the holders of notes to participate in the assets of such subsidiary will rank behind the claims of that subsidiary's creditors, including trade creditors and preferred stockholders (except to the extent we have a claim as a creditor of such subsidiary). As a result, the notes are structurally subordinated to the outstanding indebtedness and other liabilities, including trade payables and preferred stock, of our subsidiaries. As of June 30, 2013, our subsidiaries had approximately \$510 million in liabilities and no outstanding preferred stock.

In addition, the indenture permits these subsidiaries to incur additional indebtedness and does not contain any limitation on the amount of other liabilities, such as trade payables, that may be incurred by these subsidiaries.

We may be unable to generate sufficient cash to service our debt obligations and make payments on the notes.

Our ability to pay our expenses and to pay the principal and interest on the notes and our other debt depends on our ability to generate positive cash flows in the future. Our operations may not generate cash flows in an amount sufficient to enable us to pay the principal and interest on our debt, including the notes, or to fund our other liquidity needs. If we do not have sufficient cash flows from operations, we may be required to incur additional indebtedness, refinance all or part of our existing debt, including the notes, or sell assets. Any inability to generate sufficient cash flows or refinance our debt on favorable terms could significantly and adversely affect our

financial condition, the value of the notes and our ability to pay the principal and interest on our debt, including the notes. In addition, the terms of our other debt agreements or applicable law may limit our ability to repurchase the notes for cash.

We may not be able to repurchase all of the notes upon a change of control repurchase event, and there is a possibility that this covenant may be unenforceable under certain circumstances

We may not be able to repurchase all of the notes upon a change of control repurchase event, and there is a possibility that this covenant may be unenforceable under certain circumstances. As described under Description of notes Purchase of notes upon a change of control repurchase event we will be required to make an offer to repurchase the notes upon the occurrence of a change of control repurchase event, which means that a change of control has occurred and, within 60 days thereafter, the notes were to cease to be rated investment grade. We may not have sufficient funds to repurchase the notes in cash at that time or have the ability to arrange necessary financing on acceptable terms.

Under clause (4) of the definition of change of control described under Description of notes Purchase of notes upon a change of control repurchase event, a change of control will occur when a majority of the Issuer's directors are not continuing directors. The Court of Chancery of Delaware has suggested that the occurrence of a change of control under a similar indenture provision may nevertheless be avoided, if the existing directors were to approve the slate of new director nominees (who would constitute a majority of the new board) as continuing directors solely for purposes of avoiding the triggering of such change of control clause, provided the incumbent directors give their approval in the good faith exercise of their fiduciary duties. The Court also suggested that there may be a possibility that an issuer's obligation to repurchase its outstanding debt securities upon a change of control triggered by a failure to have a majority of continuing directors may be unenforceable on public policy grounds.

Use of proceeds

We expect the net proceeds from this offering to be approximately \$395,184,000 after deducting underwriters' discounts and the estimated expenses of the offering payable by us. We intend to use the net proceeds from this offering to repay the outstanding indebtedness under our senior credit facility. At August 13, 2013, we had approximately \$400 million of term loans outstanding under our senior credit facility. Our senior credit facility matures on September 22, 2016 and bears interest at an annual rate of 125 basis points over the London Interbank Offered Rate, or LIBOR. Affiliates of certain of the underwriters in this offering are lenders under our senior credit facility and will receive a portion of the proceeds from this offering. See Underwriting (conflicts of interest) Conflicts of interest.

Table of Contents**Ratio of earnings to fixed charges**

As we intend to use the net proceeds from this offering to repay the outstanding indebtedness under our senior credit facility, and the ratio of earnings to fixed charges would change by ten percent or more, the table below sets forth our ratio of earnings to fixed charges on a consolidated basis for each of the periods indicated:

	Fiscal year ended June 30,					Pro forma fiscal year ended June 30, 2013(2)
	2013	2012	2011	2010	2009	
Ratio of earnings to fixed charges(1)	12.5x	8.1x	11.5x	15.2x	13.8x	8.8x

- (1) We have calculated our ratio of earnings to fixed charges by dividing earnings by fixed charges. For the purpose of computing the above ratios of earnings to fixed charges, earnings consist of income from continuing operations before income taxes excluding income or loss from equity investees, plus those fixed charges (excluding capitalized interest) that were charged against income, amortization of capitalized interest and distributions from equity investees. Fixed charges consist of interest expense, capitalized interest and the portion of rental expense (net of rental income from subleased properties) that is considered to be representative of the interest factors in the leases.
- (2) The pro forma ratio of earnings to fixed charges reflects the pro forma effects on earnings and fixed charges, as defined in footnote (1) above, depicting the application of the use of proceeds and the estimated impact of incremental interest expense attributable to this offering. See Use of proceeds and Capitalization.

Description of notes

Selected provisions of the notes are summarized below. This summary supplements and, to the extent inconsistent with, replaces the description of the debt securities under the caption "Description of Debt Securities" in the accompanying prospectus. You should read the following information in conjunction with the statements under "Description of Debt Securities" in the accompanying prospectus.

The notes will be issued under an indenture dated May 29, 2007 (the "base indenture") between Broadridge Financial Solutions, Inc. ("Broadridge") and U.S. Bank National Association, as trustee (the "trustee"), as supplemented, and as further supplemented to reflect certain terms of the notes by a second supplemental indenture to be dated as of August 21, 2013 (the "second supplemental indenture" and, together with the base indenture, the "indenture"). The following summary of provisions of the indenture and the 3.950% Senior Notes due 2020 (the "notes") does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the indenture, including definitions therein of certain terms and provisions made a part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). This summary may not contain all the information that you may find useful. You should read the indenture and the notes, copies of which are available from Broadridge upon request. The indenture is an exhibit to the registration statement of which the prospectus attached to this prospectus supplement is a part. Capitalized terms used and not defined in this description of notes have the meanings specified in the indenture. References to "Broadridge" or "the Issuer" in this section of this prospectus supplement are, unless the context otherwise indicates, only to Broadridge Financial Solutions, Inc. and not to any of its subsidiaries.

General

The notes will have the following basic terms:

the notes will be senior unsecured obligations of Broadridge and will rank equally in right of payment with all other existing and future unsecured and unsubordinated debt obligations of Broadridge;

the notes are obligations exclusively of Broadridge and are not guaranteed by any of its subsidiaries;

the notes initially will be limited to \$400 million aggregate principal amount (subject to the rights of Broadridge to issue additional notes as described under "Further issuances" below);

the notes will accrue interest at a rate of 3.950% per year;

interest will accrue on the notes from the most recent interest payment date to or for which interest has been paid or duly provided for (or if no interest has been paid or duly provided for, from the issue date of the notes), payable semiannually in arrears on March 1 and September 1 of each year, beginning on March 1, 2014;

the notes will mature on September 1, 2020 unless redeemed or repurchased prior to that date;

Broadridge may redeem the notes, in whole or in part, at any time at its option as described under "Optional redemption" below;

Broadridge may be required to repurchase the notes in whole or in part at the option of the holders in connection with the occurrence of a change of control repurchase event as described under "Purchase of notes upon a change of control repurchase event" below;

Table of Contents

the notes will be issued in registered form in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof;

the notes will be represented by one or more global notes registered in the name of a nominee of DTC (as defined below), but in certain circumstances may be represented by notes in definitive form (see Book-entry; delivery and form; global notes below); and

the notes will be exchangeable and transferable at the office or agency of Broadridge maintained for such purposes (which initially will be the corporate trust office of the trustee).

Interest on each note will be paid to the person in whose name that note is registered at the close of business on February 15 or August 15, as the case may be, immediately preceding the relevant interest payment date. Interest on the notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

If any interest or other payment date of a note falls on a day that is not a business day, the required payment of principal, premium, if any, or interest will be due on the next succeeding business day as if made on the date that the payment was due, and no interest will accrue on that payment for the period from and after that interest or other payment date, as the case may be, to the date of that payment on the next succeeding business day. The term *business day* means, with respect to any note, any day other than a Saturday, a Sunday or a day on which banking institutions or trust companies in New York City are authorized or required by law, regulation or executive order to close.

The notes will not be subject to any sinking fund.

Broadridge may, subject to compliance with applicable law, at any time purchase notes in the open market or otherwise.

Payment and transfer or exchange

Principal of and premium, if any, and interest on the notes will be payable, and the notes may be exchanged or transferred, at the office or agency maintained by Broadridge for such purpose (which initially will be the corporate trust office of the trustee located at 21 South Street, 3rd Floor, Morristown, New Jersey 07960). Payment of principal of and premium, if any, and interest on a global note registered in the name of or held by The Depository Trust Company (DTC) or its nominee will be made in immediately available funds to DTC or its nominee, as the case may be, as the registered holder of such global note. If any of the notes are no longer represented by a global note, payment of interest on certificated notes in definitive form may, at the option of Broadridge, be made by (i) check mailed directly to holders at their registered addresses or (ii) upon request of any holder of at least \$1,000,000 principal amount of notes, wire transfer to an account located in the United States maintained by the payee. See Book-entry; delivery and form; global notes below.

A holder may transfer or exchange any certificated notes in definitive form at the office or agency of Broadridge maintained for such purposes (which initially will be at the same location set forth in the preceding paragraph). No service charge will be made for any registration of transfer or exchange of notes, but Broadridge may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith. Broadridge is not required to transfer or exchange any note selected for redemption during a period of 15 days before mailing of a notice of redemption of notes to be redeemed.

Table of Contents

The registered holder of a note will be treated as the owner of that note for all purposes.

All amounts of principal of and premium, if any, and interest on the notes paid by Broadridge that remain unclaimed two years after such payment was due and payable will be repaid to Broadridge, and the holders of such notes will thereafter look solely to Broadridge for payment.

Ranking

The notes will be senior unsecured obligations of Broadridge and will rank equally in right of payment with all existing and future unsecured and unsubordinated obligations of Broadridge. As of June 30, 2013, Broadridge had approximately \$525 million of senior unsecured indebtedness outstanding.

The notes will effectively rank junior in right of payment to all existing and future secured indebtedness of Broadridge to the extent of the assets securing such indebtedness, and to all existing and future liabilities of its subsidiaries, including indebtedness and trade payables. As of June 30, 2013, Broadridge did not have any outstanding secured indebtedness.

Broadridge is a holding company with no material assets and derives substantially all of its operating income and cash flow from its subsidiaries. Therefore, Broadridge's ability to make payments when due to the holders of the notes is dependent upon the receipt of sufficient funds from its subsidiaries. In addition, Broadridge Business Process Outsourcing, LLC, a wholly owned subsidiary of Broadridge, is a registered broker-dealer and is therefore subject to the SEC's net capital rule, which specifies minimum net capital requirements for registered broker-dealers and prohibits payments of dividends if such payment would reduce the broker-dealer's net capital below required levels. The net capital rule could restrict Broadridge's ability to withdraw capital from its broker-dealer subsidiary which in turn could limit its ability to pay make payments when due to holders of the notes. Further, claims of creditors of Broadridge's subsidiaries generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of Broadridge's creditors, including holders of the notes. Accordingly, the notes will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of Broadridge's subsidiaries. As of June 30, 2013, Broadridge's subsidiaries had approximately \$510 million of outstanding liabilities and no preferred stock.

Optional redemption

Broadridge may redeem the notes at its option at any time, either in whole or in part upon at least 30 days, but not more than 60 days, prior notice given by mail to the registered address of each Holder of the notes to be redeemed. If Broadridge elects to redeem the notes, it will pay a redemption price equal to the greater of the following amounts, plus, in each case, accrued and unpaid interest thereon to, but not including, the redemption date:

100% of the aggregate principal amount of the notes to be redeemed on the redemption date; or

the sum of the present values of the Remaining Scheduled Payments.

In determining the present values of the Remaining Scheduled Payments, Broadridge will discount such payments to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus 0.30%.

Table of Contents

The following terms are relevant to the determination of the redemption price.

Treasury Rate means, with respect to any redemption date for a series of the notes:

the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue; provided that if no maturity is within three months before or after the maturity date for such series of notes, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis rounding to the nearest month; or

if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

The Treasury Rate will be calculated on the third business day preceding the redemption date.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

Independent Investment Banker means one of J.P. Morgan Securities LLC, Mitsubishi UFJ Securities (USA), Inc. or Morgan Stanley & Co. LLC, Wells Fargo Securities, LLC, or their respective successors, as may be appointed from time to time by Broadridge.

Comparable Treasury Price means, with respect to any redemption date, (1) the arithmetic average of three Reference Treasury Dealer Quotations for such redemption date after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the trustee obtains fewer than five Reference Treasury Dealer Quotations, the arithmetic average of all Reference Treasury Dealer Quotations for such redemption date.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the arithmetic average, as determined by the trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed, in each case, as a percentage of its principal amount) quoted in writing to the trustee by such Reference Treasury Dealer as of 5:00 p.m., New York City time, on the third business day preceding such redemption date.

Reference Treasury Dealer means each of (1) J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC, or their affiliates, and their respective successors, (2) one primary U.S. Government securities dealer in New York City (a primary treasury dealer) selected by each of Mitsubishi UFJ Securities (USA), Inc. and Wells Fargo Securities, LLC, and their respective successors, and (3) one other primary treasury dealer selected by Broadridge and its successor; provided, however, that if any of the foregoing shall cease to be a primary treasury dealer, we shall substitute therefor another primary treasury dealer.

Table of Contents

Remaining Scheduled Payments means, with respect to any note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such note, the amount of the next scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date.

A partial redemption of the notes may be effected by such method as the trustee may deem fair and appropriate and may provide for the selection for redemption of portions (equal to the minimum authorized denomination for the notes or any integral multiple thereof) of the principal amount of notes of a denomination larger than the minimum authorized denomination for the notes.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. Once notice of redemption is mailed, the notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to the redemption date.

Unless Broadridge defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the notes, or portions thereof, called for redemption. On or before the redemption date, Broadridge will deposit with a paying agent (or the trustee) money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on that date. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by the trustee by a method the trustee deems to be fair and appropriate.

Purchase of notes upon a change of control repurchase event

If a change of control repurchase event occurs, unless Broadridge has exercised its right to redeem the notes as described above, Broadridge will be required to make an offer to each holder of the notes to repurchase all or any part (in excess of \$2,000 and in integral multiples of \$1,000) of that holder's notes at a repurchase price in cash equal to 101% of the aggregate principal amount of the notes repurchased plus any accrued and unpaid interest on the notes repurchased to, but not including, the date of repurchase. Within 30 days following any change of control repurchase event or, at the option of Broadridge, prior to any change of control, but after the public announcement of the change of control, Broadridge will mail a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the change of control repurchase event and offering to repurchase the notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the change of control, state that the offer to purchase is conditioned on a change of control repurchase event occurring on or prior to the payment date specified in the notice. Broadridge will comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a change of control repurchase event. To the extent that the provisions of any securities laws or regulations conflict with the change of control repurchase event provisions of the notes, Broadridge will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the change of control repurchase event provisions of the notes by virtue of compliance with such securities laws or regulations.

Table of Contents

On the repurchase date following a change of control repurchase event, Broadridge will, to the extent lawful:

- (1) accept for payment all the notes or portions of the notes properly tendered pursuant to its offer;
- (2) deposit with the paying agent an amount equal to the aggregate purchase price in respect of all the notes or portions of the notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted, together with an officers certificate stating the aggregate principal amount of notes being purchased by Broadridge.

The paying agent will promptly mail to each holder of notes properly tendered the purchase price for the notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any notes surrendered.

Broadridge will not be required to make an offer to repurchase the notes upon a change of control repurchase event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by Broadridge and such third party purchases all notes properly tendered and not withdrawn under its offer.

The change of control repurchase event feature of the notes may in certain circumstances make more difficult or discourage a sale or takeover of Broadridge and, thus, the removal of incumbent management. The change of control repurchase event feature is a result of negotiations between Broadridge and the underwriters. Broadridge has no present intention to engage in a transaction involving a change of control, although it is possible that Broadridge could decide to do so in the future. Subject to the limitations discussed below, Broadridge could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a change of control under the indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure of Broadridge or credit ratings of the notes. Restrictions on the ability of Broadridge to incur liens, enter into sale and leaseback transactions and consolidate, merge or sell assets are contained in the covenants as described under Certain covenants Limitation on liens , Certain covenants Limitation on sale and leaseback transactions and Certain covenants Limitation on consolidation, merger and sale of assets. Except for the limitations contained in such covenants and the covenant relating to repurchases upon the occurrence of a change of control repurchase event, the indenture will not contain any covenants or provisions that may afford holders of the notes protection in the event of a decline in the credit quality of Broadridge or a highly leveraged or similar transaction involving Broadridge.

In addition, under a recent Delaware Chancery Court interpretation of a change of control repurchase requirement with a continuing director provision, a board of directors may approve a slate of shareholder nominated directors for purposes of the change of control repurchase event feature of the notes without endorsing them at the stockholder meeting or while simultaneously recommending and endorsing its own slate instead. The foregoing interpretation would permit Broadridge's board of directors to approve a slate of directors that included a majority of dissident directors nominated pursuant to a proxy contest, and the ultimate election of such dissident slate would not constitute a change of control repurchase event that would trigger the requirement that Broadridge repurchase the notes as described above.

Table of Contents

Broadridge may not have sufficient funds to repurchase all the notes upon a change of control repurchase event. In addition, even if it has sufficient funds, Broadridge may be prohibited from repurchasing the notes under the terms of its future debt instruments.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

change of control means the occurrence of any of the following: (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of Broadridge and its subsidiaries taken as a whole to any person (as that term is used in Section 13(d) and Section 14(d) of the Exchange Act) other than Broadridge or one of its subsidiaries; (2) the adoption of a plan relating to Broadridge's liquidation or dissolution; (3) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person or group (as those terms are used in Section 13(d)(3) of the Exchange Act), other than Broadridge or its subsidiaries, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 of the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of Broadridge's voting stock or other voting stock into which Broadridge's voting stock is reclassified, consolidated, exchanged or changed, measured by voting power rather than number of shares; (4) the first day on which a majority of the members of the board of directors of Broadridge are not continuing directors; or (5) Broadridge consolidates with, or merges with or into, any person, or any person consolidates with, or merges with or into, Broadridge, in any such event pursuant to a transaction in which any of the outstanding voting stock of Broadridge or such other person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of the voting stock of Broadridge outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the voting stock of the surviving person immediately after giving effect to such transaction.

change of control repurchase event means the occurrence of both a change of control and a ratings event.

continuing directors means, as of any date of determination, any member of the board of directors of Broadridge who (1) was a member of such board of directors on the date of the issuance of the notes; or (2) was nominated for election or elected to such board of directors with the approval of at least a majority of the continuing directors who were members of such board of directors at the time of such nomination or election (either by a specific vote or by our proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

Fitch means Fitch Inc., a subsidiary of Fimalac, S.A., also known as Fitch Ratings, and its successors.

investment grade means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's); a rating of BBB- or better by S&P (or its equivalent under any successor rating categories of S&P); a rating of BBB- or better by Fitch (or its equivalent under any successor rating categories of Fitch); and the equivalent investment grade credit rating from any additional rating agency or rating agencies selected by Broadridge.

Moody's means Moody's Investors Service Inc. and its successors.

Table of Contents

rating agency means (1) each of Moody's, S&P and Fitch; and (2) if any of Moody's, S&P and Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of the control of Broadridge, a nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act, selected by Broadridge (as certified by a resolution of the board of directors of Broadridge) as a replacement for such rating agency.

ratings event means the rating of the notes is lowered by at least two of the three rating agencies and the notes are rated below investment grade by at least two of the three rating agencies on any day during the period (which period will be extended so long as the rating of the notes is under publicly announced consideration for a possible downgrade by any of the rating agencies) commencing on the earlier of the date of the first public occurrence of a change of control or the date of public notice of an agreement that, if consummated, would result in a change of control and ending 60 days following consummation of such change of control.

S&P means Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc., and its successors.

voting stock of any specified person as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Further issuances

Broadridge may from time to time, without notice to or the consent of the holders of the notes, create and issue additional notes having the same terms as, and ranking equally and ratably with, the notes in all respects (except for the issue date and, if applicable, the payment of interest accruing prior to the issue date of such additional notes and the first payment of interest following the issue date of such additional notes). Such additional notes may be consolidated and form a single series with, and will have the same terms as to ranking, redemption, waivers, amendments or otherwise, as the notes and will vote together as one class on all matters with respect to the notes.

Certain covenants

The indenture will contain the following principal covenants:

Limitation on liens

Broadridge will not, and will not permit any Significant Subsidiary to, create, incur, assume or permit to exist any lien on any property or asset (including the capital stock of any subsidiary), to secure any indebtedness of Broadridge, any Significant Subsidiary or any other person without securing the notes equally and ratably with such indebtedness for so long as such indebtedness shall be so secured, subject to certain exceptions. Exceptions include:

liens existing on the date of this prospectus supplement;

liens on assets or property of a person at the time it becomes a subsidiary securing only indebtedness of such person; provided such indebtedness was not incurred in connection with such person or entity becoming a subsidiary and such liens do not extend to any assets other than those of the person becoming a subsidiary;

liens existing on assets created at the time of, or within 18 months after, the acquisition, purchase, lease, improvement or development of such assets to secure all or a portion of the purchase price or lease for, or the costs of improvement or development of, such assets;

Table of Contents

liens to secure any extension, renewal, refinancing or refunding (or successive extensions, renewals, refinancings or refundings), in whole or in part, of any indebtedness secured by liens referred to above or liens created in connection with any amendment, consent or waiver relating to such indebtedness, so long as such lien is limited to all or part of substantially the same property which secured the lien extended, renewed or replaced, the amount of indebtedness secured is not increased (other than by the amount equal to any costs and expenses (including any premiums, fees or penalties) incurred in connection with any extension, renewal, refinancing or refunding) and the indebtedness so secured does not exceed the fair market value (as determined by Broadridge's board of directors) of the assets subject to such liens at the time of such extension, renewal, refinancing or refunding, or such amendment, consent or waiver, as the case may be;

liens in favor of only Broadridge or one or more subsidiaries granted by Broadridge or a subsidiary to secure any obligations owed to Broadridge or a subsidiary of Broadridge;

liens on assets of any subsidiary of Broadridge registered as a broker or a dealer as such terms are defined in Sections 3(a)(4) and (5) of the Exchange Act created or otherwise arising in the ordinary course of such subsidiary's business;

liens on securities deemed to exist under repurchase agreements and reverse repurchase agreements entered into by Broadridge or any Significant Subsidiary in the ordinary course of business;

liens in favor of the trustee granted in accordance with the indenture; and

liens otherwise prohibited by this covenant, securing indebtedness which, together with the value of attributable debt incurred in sale and leaseback transactions permitted under *Limitation on sale and leaseback transactions* below, do not exceed the greater of (i) 15% of Consolidated Net Tangible Assets measured at the date of incurrence of the lien and (ii) \$100 million.

Limitation on sale and leaseback transactions

Broadridge will not, and will not permit any Significant Subsidiary to, enter into any arrangement with any person pursuant to which Broadridge or any Significant Subsidiary leases any property that has been or is to be sold or transferred by Broadridge or the Significant Subsidiary to such person (a sale and leaseback transaction), except that a sale and leaseback transaction is permitted if Broadridge or such Significant Subsidiary would be entitled to incur indebtedness secured by a lien on the property to be leased (without equally and ratably securing the outstanding notes) in an amount equal to the present value of the lease payments with respect to the term of the lease remaining on the date as of which the amount is being determined, discounted at the rate of interest set forth or implicit in the terms of the lease, compounded semi-annually (such amount is referred to as the attributable debt).

In addition, permitted sale and leaseback transactions not subject to the limitation above and the provisions described in *Limitation on liens* above include:

temporary leases for a term, including renewals at the option of the lessee, of not more than three years;

leases between only Broadridge and a subsidiary of Broadridge or only between subsidiaries of Broadridge;

Table of Contents

leases where the proceeds are at least equal to the fair market value (as determined by Broadridge's board of directors) of the property and Broadridge applies within 180 days after the sale of an amount equal to the greater of the net proceeds of the sale or the attributable debt associated with the property to the retirement of long-term secured indebtedness; and

leases of property executed by the time of, or within 12 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Limitation on consolidation, merger and sale of assets

Broadridge may not consolidate or merge with or into another entity, or sell, lease, convey, transfer or otherwise dispose of its property and assets substantially as an entirety to another entity unless:

(1) Broadridge is the surviving or continuing corporation or transferee or (2) the successor entity, if other than Broadridge, is a U.S. corporation, partnership, limited liability company or trust and expressly assumes by supplemental indenture all of Broadridge's obligations under the notes and the indenture;

immediately after giving effect to the transaction, no event of default (as defined below), and no event that, after notice or lapse of time or both, would become an event of default, has occurred and is continuing; and

if, as a result of any consolidation, merger, sale or lease, conveyance or transfer described in this covenant, properties or assets of Broadridge would become subject to any lien which would not be permitted by the lien restriction described above without equally and ratably securing the notes, Broadridge or such successor person, as the case may be, will take the steps as are necessary to secure effectively the notes equally and ratably with, or prior to, all indebtedness secured by those liens as described above.

In connection with any transaction that is covered by this covenant, Broadridge must deliver to the trustee an officer's certificate and an opinion of counsel each stating that the transaction complies with the terms of the indenture.

In the case of any such consolidation, merger, sale, transfer or other conveyance, but not a lease, in a transaction in which there is a successor entity, the successor entity will succeed to, and be substituted for, Broadridge under the indenture and, subject to the terms of the indenture, Broadridge will be released from the obligation to pay principal and interest on the notes and all obligations under the indenture.

Events of default

Each of the following is an event of default under the indenture with respect to the notes:

- (1) a failure to pay principal of or premium, if any, on any note when due at its stated maturity date, upon optional redemption or otherwise;
- (2) a failure by Broadridge to repurchase notes tendered for repurchase following the occurrence of a change of control repurchase event in conformity with the covenant set forth under "Purchase of notes upon a change of control repurchase event";
- (3) a default in the payment of interest on the notes when due, continued for 30 days;

Table of Contents

(4) certain events of bankruptcy, insolvency or reorganization involving Broadridge;

(5) a default in the performance, or breach, of Broadridge's obligations under the Certain covenants Limitation on consolidation, merger and sale of assets covenant described above;

(6) a default in the performance, or breach, of any other covenant, warranty or agreement in the indenture (other than a default or breach pursuant to clause (5) immediately above or any other covenant or warranty a default in which is elsewhere dealt with in the indenture) for 60 days after a Notice of Default (as defined below) is given to Broadridge; and

(7)(a) a failure to make any payment at maturity, including any applicable grace period, on any indebtedness of Broadridge (other than indebtedness of Broadridge owing to any of its subsidiaries) outstanding in an amount in excess of \$75 million or its foreign currency equivalent at the time and continuance of this failure to pay or (b) a default on any indebtedness of Broadridge (other than indebtedness owing to any of its subsidiaries), which default results in the acceleration of such indebtedness in an amount in excess of \$75 million or its foreign currency equivalent at the time without such indebtedness having been discharged or the acceleration having been cured, waived, rescinded or annulled, in the case of clause (a) or (b) above; provided, however, that if any failure, default or acceleration referred to in clauses 7(a) or (b) ceases or is cured, waived, rescinded or annulled, then the event of default under the indenture will be deemed cured.

A default under clause (6) above is not an event of default until the trustee or the holders of not less than 25% in aggregate principal amount of the notes then outstanding notify Broadridge of the default and Broadridge does not cure such default within the time specified after receipt of such notice. Such notice must specify the default, demand that it be remedied and state that such notice is a Notice of Default.

Broadridge shall deliver to the trustee, within 30 days after the occurrence thereof, written notice in the form of an officer's certificate of any event that with the giving of notice or the lapse of time or both would become an event of default, its status and what action Broadridge is taking or proposes to take with respect thereto.

If an event of default (other than an event of default resulting from certain events involving bankruptcy, insolvency or reorganization with respect to Broadridge) shall have occurred and be continuing, the trustee or the registered holders of not less than 25% in aggregate principal amount of the notes then outstanding may declare, by notice to Broadridge in writing (and to the trustee, if given by the holders of the notes) specifying the event of default, to be immediately due and payable the principal amount of all the notes then outstanding, plus accrued but unpaid interest to the date of acceleration. In case an event of default resulting from certain events of bankruptcy, insolvency or reorganization with respect to Broadridge shall occur, such amount with respect to all the notes shall be due and payable immediately without any declaration or other act on the part of the trustee or the holders of the notes. Unless as otherwise provided herein, after any such acceleration, but before a judgment or decree based on acceleration is obtained by the trustee, the registered holders of a majority in aggregate principal amount of notes then outstanding may, under certain circumstances, rescind and annul such acceleration and waive such event of default with respect to the notes if all events of default, other than the nonpayment of accelerated principal, premium or interest with respect to the notes, have been cured or waived as provided in the indenture.

Table of Contents

Subject to the provisions of the indenture relating to the duties of the trustee, in case an event of default shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the notes, unless such holders shall have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Subject to such provisions for the indemnification of the trustee, the holders of a majority in aggregate principal amount of the notes then outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the notes.

No holder of notes will have any right to institute any proceeding with respect to the indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless:

(a) such holder has previously given to the trustee written notice of a continuing event of default,

(b) the registered holders of at least 25% in aggregate principal amount of the notes then outstanding have made written request and offered reasonable indemnity to the trustee to institute such proceeding as trustee, and

(c) the trustee shall not have received from the registered holders of a majority in aggregate principal amount of the notes then outstanding a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days.

However, such limitations do not apply to a suit instituted by a holder of any note for enforcement of payment of the principal of, and premium, if any, or interest on, such note on or after the respective due dates expressed in such note.

The indenture requires Broadridge to furnish to the trustee, within 120 days after the end of each fiscal year, a statement of an officer regarding compliance with the indenture. Upon becoming aware of any default or event of default, Broadridge is required to deliver to the trustee a statement specifying such default or event of default.

Definitions

The indenture contains the following defined terms:

Consolidated Net Tangible Assets means, as of the time of determination, the aggregate amount of the assets of Broadridge and the assets of its consolidated subsidiaries after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount and expense and other intangible assets and (2) all current liabilities, as reflected on the most recent consolidated balance sheet prepared by Broadridge in accordance with GAAP contained in an annual report on Form 10-K or a quarterly report on Form 10-Q timely filed or any amendment thereto (and not subsequently disclaimed as not being reliable by Broadridge) prior to the time as of which *Consolidated Net Tangible Assets* is being determined.

GAAP means generally accepted accounting principles in the United States of America in effect on the date of the indenture.

guarantee means any obligation, contingent or otherwise, of any person directly or indirectly guaranteeing any indebtedness of any other person and any obligation, direct or indirect, contingent or otherwise, of such person (1) to purchase or pay (or advance or supply funds for the purchase or payment of) such indebtedness of such other person (whether arising by virtue of

Table of Contents

partnership arrangements, or by agreement to keep well, to purchase assets, goods, securities or services, to take or pay or to maintain financial statement conditions or otherwise) or (2) entered into for purposes of assuring in any other manner the obligee of such indebtedness of the payment thereof or to protect such obligee against loss in respect thereof (in whole or in part); provided, however, that the term *guarantee* will not include endorsements for collection or deposit in the ordinary course of business. The term *guarantee*, when used as a verb, has a correlative meaning.

incur means issue, assume, guarantee or otherwise become liable for.

indebtedness means, with respect to any person, obligations (other than Non-recourse Obligations) of such person for borrowed money (including, without limitation, indebtedness for borrowed money evidenced by notes, bonds, debentures or similar instruments).

Non-recourse Obligation means indebtedness or other obligations substantially related to the financing of a project involving the development or expansion of properties of Broadridge or any direct or indirect subsidiaries of Broadridge, as to which the obligee with respect to such indebtedness or obligation has no recourse to Broadridge or any direct or indirect subsidiary of Broadridge or such subsidiary's assets other than the assets which were acquired with the proceeds of such transaction or the project financed with the proceeds of such transaction (and the proceeds thereof).

person means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or political subdivision thereof.

Significant Subsidiary has the meaning set forth in Rule 1-02(w) of Regulation S-X under the Exchange Act.

subsidiary means, with respect to any person (the *parent*) at any date, any corporation, limited liability company, partnership, association or other entity of which securities or other ownership interests representing more than 50% of the equity or more than 50% of the ordinary voting power or, in the case of a partnership, more than 50% of the general partnership interests are, as of that date, owned, controlled or held by the parent or one or more subsidiaries of the parent or by the parent and one or more subsidiaries of the parent.

Modification and waiver

Subject to certain exceptions, the indenture may be amended with the consent of the holders of a majority in principal amount of the notes then outstanding (including consents obtained in connection with a tender offer or exchange for the notes). Broadridge and the trustee may, without the consent of any holders, change the indenture for any of the following purposes:

to evidence the succession of another person to Broadridge and the assumption by any such successor of the covenants of Broadridge under the indenture and the notes;

to add to the covenants of Broadridge for the benefit of holders of the notes or to surrender any right or power conferred upon Broadridge;

to add any additional events of default for the benefit of holders of the notes;

to add to or change any of the provisions of the indenture as necessary to permit or facilitate the issuance of notes in bearer form, registrable or not registrable as to principal, and with or without interest coupons, or to permit or facilitate the issuance of notes in uncertificated form;

Table of Contents

to secure the notes;

to add or appoint a successor or separate trustee;

to cure any ambiguity, defect or inconsistency;

to supplement any of the provisions of the indenture as necessary to permit or facilitate the defeasance and discharge of any series of notes, provided that the interests of the holders of the notes are not adversely affected in any material respect;

to make any other change that would not adversely affect the holders of the notes;

to make any change necessary to comply with any requirement of the SEC in connection with the qualification of the indenture or any supplemental indenture under the Trust Indenture Act of 1939 (the "Act"); and

to conform the indenture to this Description of Notes.

Notwithstanding the foregoing, no modification, supplement, waiver or amendment may, without the consent of the holder of each outstanding note:

make any change to the percentage of principal amount of notes the holders of which must consent to an amendment, modification, supplement or waiver;

reduce the rate of or extend the time of payment for interest on any note;

reduce the principal amount or extend the stated maturity of any note;

reduce the redemption or repurchase price of any note, change the date on which any note is subject to redemption or repurchase or add redemption provisions to the notes;

make any note payable in money other than that stated in the indenture or the note;

impair the right to institute suit for the enforcement of any payment on or with respect to the notes; or

make any change in the ranking or priority of any note that would adversely affect the holder of such note.

The holders of at least a majority in principal amount of the outstanding notes may waive compliance by Broadridge with certain restrictive provisions of the indenture with respect to the notes. The holders of at least a majority in principal amount of the outstanding notes may waive any past default under the indenture, except a default not theretofore cured in the payment of principal or interest and certain covenants and provisions of the indenture which cannot be amended without the consent of the holder of each outstanding note.

Defeasance

Broadridge at any time may terminate all its obligations with respect to the notes and the indenture (such termination, legal defeasance), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. Broadridge at any time may also terminate its obligations with respect to the notes under the covenants described under Certain covenants Limitation on liens, Certain covenants Limitation on sale and leaseback transactions, under clause (6) under

S-26

Table of Contents

Events of default and under the provisions described under Purchase of notes upon a change of control repurchase event, which termination is referred to in this prospectus supplement as covenant defeasance. Broadridge may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option.

If Broadridge exercises its legal defeasance option with respect to the notes, payment of the notes may not be accelerated because of an event of default with respect thereto. If Broadridge exercises its covenant defeasance option with respect to the notes, payment of the notes may not be accelerated because of an event of default specified in clauses (2), (6) and (7) under Events of default with respect to the covenants described under Certain covenants and Broadridge will no longer be obligated to make an offer under the Purchase of notes upon a change of control repurchase event provision upon the occurrence of a change of control.

The legal defeasance option or the covenant defeasance option with respect to the notes may be exercised only if:

(a) Broadridge irrevocably deposits in trust with the trustee money or U.S. government securities or a combination thereof, which through the payment of interest thereon and principal thereof in accordance with their terms, will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay principal and interest when due on all the notes being defeased to maturity,

(b) no default or event of default with respect to the notes has occurred and is continuing on the date of such deposit, or, with respect to an event of default involving bankruptcy, at any time in the period ending on the 91st day after the date of deposit,

(c) in the case of the legal defeasance option, Broadridge delivers to the trustee an opinion of counsel stating that:

(1) Broadridge has received from the IRS a ruling, or

(2) since the date of the indenture there has been a change in the applicable U.S. federal income tax law, to the effect, in either case, that and based thereon such opinion of counsel shall confirm that the holders of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same time as would have been the case if such defeasance has not occurred,

(d) in the case of the covenant defeasance option, Broadridge delivers to the trustee an opinion of counsel to the effect that the holders of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred, and

(e) Broadridge delivers to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the notes have been complied with as required by the indenture.

Discharge

When (i) Broadridge delivers to the trustee all outstanding notes (other than notes replaced because of mutilation, loss, destruction or wrongful taking) for cancellation or (ii) all outstanding notes have become due and payable, or are by their terms due and payable within one year

Table of Contents

whether at maturity or are to be called for redemption within one year under arrangements reasonably satisfactory to the trustee, and in the case of clause (ii) Broadridge irrevocably deposits with the trustee funds sufficient to pay at maturity or upon redemption all outstanding notes, including interest thereon, and if in either case Broadridge pays all other sums related to the notes payable under the indenture by Broadridge, then the indenture shall, subject to certain surviving provisions, cease to be of further effect. The trustee shall acknowledge satisfaction and discharge of the indenture with respect to the notes on demand of Broadridge accompanied by an officer's certificate and an opinion of counsel of Broadridge.

Same-day settlement and payment

The notes will trade in the same-day funds settlement system of DTC until maturity or until Broadridge issues the notes in certificated form. DTC will therefore require secondary market trading activity in the notes to settle in immediately available funds. Broadridge can give no assurance as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

Book-entry; delivery and form; global notes

The notes will be represented by one or more global notes in definitive, fully registered form without interest coupons. Each global note will be deposited with the trustee as custodian for DTC and registered in the name of a nominee of DTC in New York, New York for the accounts of participants in DTC.

Investors may hold their interests in a global note directly through DTC if they are DTC participants, or indirectly through organizations that are DTC participants. Except in the limited circumstances described below, holders of notes represented by interests in a global note will not be entitled to receive their notes in fully registered certificated form.

DTC has advised as follows: DTC is a limited-purpose trust company organized under New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of institutions that have accounts with DTC (participants) and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (which may include the initial purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's book-entry system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, whether directly or indirectly.

Ownership of beneficial interests

Upon the issuance of each global note, DTC will credit, on its book-entry registration and transfer system, the respective principal amount of the individual beneficial interests represented by the global note to the accounts of participants. Ownership of beneficial interests in each global note will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in each global note will be shown on, and the transfer of those ownership

Table of Contents

interests will be effected only through, records maintained by DTC (with respect to participants' interests) and such participants (with respect to the owners of beneficial interests in the global note other than participants).

So long as DTC or its nominee is the registered holder and owner of a global note, DTC or such nominee, as the case may be, will be considered the sole legal owner of the notes represented by the global note for all purposes under the indenture, the notes and applicable law. Except as set forth below, owners of beneficial interests in a global note will not be entitled to receive certificated notes and will not be considered to be the owners or holders of any notes under the global note. Broadridge understands that under existing industry practice, in the event an owner of a beneficial interest in a global note desires to take any actions that DTC, as the holder of the global note, is entitled to take, DTC would authorize the participants to take such action, and that participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them. No beneficial owner of an interest in a global note will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the indenture. Because DTC can only act on behalf of participants, who in turn act on behalf of others, the ability of a person having a beneficial interest in a global note to pledge that interest to persons that do not participate in the DTC system, or otherwise to take actions in respect of that interest, may be impaired by the lack of physical certificate of that interest.

All payments on the notes represented by a global note registered in the name of and held by DTC or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner and holder of the global note.

Broadridge expects that DTC or its nominee, upon receipt of any payment of principal, premium, if any, or interest in respect of a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global note as shown on the records of DTC or its nominee. Broadridge also expects that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for accounts for customers registered in the names of nominees for such customers. These payments, however, will be the responsibility of such participants and indirect participants, and neither Broadridge, the underwriters, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in any global note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or the relationship between such participants and the owners of beneficial interests in the global note.

Unless and until it is exchanged in whole or in part for certificated notes, each global note may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

Broadridge expects that DTC will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a global note are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction.

Table of Contents

Although Broadridge expects that DTC will agree to the foregoing procedures in order to facilitate transfers of interests in each global note among participants of DTC, DTC is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither Broadridge, the underwriters, nor the trustee will have any responsibility for the performance or nonperformance by DTC or their participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated securities may be issued in exchange for beneficial interests in the global notes under certain circumstances, including (i) if an event of default shall have occurred and be continuing with respect to the notes, (ii) if DTC is at any time unwilling or unable to continue as a depository for the global notes and a successor depository is not appointed by us within 90 days or (iii) at any time Broadridge determines, in its sole discretion, that the notes or portions thereof issued or issuable in the form of one or more global notes shall no longer be represented by such global note. These certificated notes will be registered in such name or names as DTC shall instruct the trustee. It is expected that such instructions may be based upon directions received by DTC from participants with respect to ownership of beneficial interests in global securities.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Broadridge believes to be reliable, but Broadridge does not take responsibility for its accuracy.

Euroclear and Clearstream, Luxembourg

If the depository for a global security is DTC, you may hold interests in the global notes through Clearstream Banking, *société anonyme*, which is referred to as Clearstream, Luxembourg, or Euroclear Bank SA/NV, as operator of the Euroclear System, which is referred to as Euroclear, in each case, as a participant in DTC. Euroclear and Clearstream, Luxembourg will hold interests, in each case, on behalf of their participants through customers' securities accounts in the names of Euroclear and Clearstream, Luxembourg on the books of their respective depositories, which in turn will hold such interests in customers' securities in the depositories' names on DTC's books.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the notes made through Euroclear or Clearstream, Luxembourg must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. Broadridge has no control over those systems or their participants, and it takes no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, Luxembourg, on the one hand, and other participants in DTC, on the other hand, would also be subject to DTC's rules and procedures.

Investors will be able to make and receive through Euroclear and Clearstream, Luxembourg payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the notes through these systems and wish, on a particular day, to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need

Table of Contents

to act before the expiration date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream, Luxembourg may need to make special arrangements to finance any purchase or sales of their interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

Governing law

The indenture and the notes will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the trustee

U.S. Bank National Association is the trustee under the indenture and has also been appointed by Broadridge to act as registrar, transfer agent and paying agent for the notes.

Certain United States federal income tax considerations

To ensure compliance with Internal Revenue Service Circular 230, you are hereby notified that any discussion of tax matters set forth in this offering memorandum was written in connection with the promotion or marketing of the transactions or matters addressed herein and was not intended or written to be used, and cannot be used by any prospective investor, for the purpose of avoiding tax-related penalties under the United States Internal Revenue Code of 1986, as amended. Each prospective investor should seek advice based on its particular circumstances from an independent tax advisor.

The following is a summary of certain United States federal income tax consequences of the purchase, ownership and disposition of the notes. This summary deals only with notes held as capital assets (within the meaning of section 1221 of the Internal Revenue Code of 1986, as amended (the "Code")) by persons who purchase the notes for cash upon original issuance at their issue price (the first price at which a substantial amount of the notes is sold for money to investors, excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriter, placement agent or wholesaler).

As used herein, a "U.S. holder" means a beneficial owner of the notes that is, for United States federal income tax purposes, any of the following:

an individual who is a citizen or resident of the United States;

a corporation that is organized under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to United States federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

As used herein, the term "non-U.S. holder" means a beneficial owner of the notes that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust that is not a U.S. holder.

If any entity classified as a partnership for United States federal income tax purposes holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner in a partnership considering an investment in the notes, you should consult your own tax advisors.

This summary does not represent a detailed description of the United States federal income tax consequences applicable to you if you are a person subject to special tax treatment under the United States federal income tax laws, including, without limitation:

a dealer in securities or currencies;

a financial institution;

a regulated investment company;

a real estate investment trust;

Table of Contents

- a tax-exempt entity;

- an insurance company;

- a person holding the notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;

- a trader in securities that has elected the mark-to-market method of accounting for your securities;

- a person liable for alternative minimum tax;

- a partnership or other pass-through entity (or an investor in such an entity);

- a U.S. holder whose functional currency is not the U.S. dollar;

- a controlled foreign corporation ;

- a passive foreign investment company ; or

a United States expatriate.

This summary is based on the Code, United States Treasury regulations, administrative rulings and judicial decisions as of the date hereof. Those authorities may be changed, possibly on a retroactive basis, so as to result in United States federal income and estate tax consequences different from those summarized below. We have not and will not seek any rulings from the Internal Revenue Service (IRS) regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the purchase, ownership or disposition of the notes that are different from those discussed below.

This summary does not represent a detailed description of the United States federal income consequences to you in light of your particular circumstances and does not address the effects of any United States federal tax consequences other than United States federal income tax consequences (such as estate and gift taxes and the Medicare tax on certain investment income) and does not address state, local or non-United States tax laws. It is not intended to be, and should not be construed to be, legal or tax advice to any particular purchaser of notes.

If you are considering the purchase of notes, you should consult your own tax advisors concerning the particular United States federal income tax consequences to you of the purchase, ownership and disposition of the notes, as well as the consequences to you arising under other United States federal tax laws and the laws of any other taxing jurisdiction.

Certain tax consequences to U.S. holders

Stated interest. Stated interest on the notes generally will be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on such holder's method of accounting for United States federal income tax purposes.

Sale, exchange, retirement, redemption or other taxable disposition of notes. Upon the sale, exchange, retirement, redemption, or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference between the amount realized upon such disposition (less any amount attributable to accrued and unpaid stated interest, which will be taxable as interest income as discussed above) and the adjusted tax basis of the note. Your

Table of Contents

adjusted tax basis in a note will, in general, be your cost for that note. Any gain or loss will be capital gain or loss. Capital gains of non-corporate holders derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Information reporting and backup withholding. In general, information reporting requirements will apply to payments of stated interest on the notes and the proceeds of the sale or other taxable disposition (including a retirement or redemption) of a note paid to you (unless you are an exempt recipient such as a corporation). Backup withholding may apply to any payments described in the preceding sentence if you fail to provide a taxpayer identification number or a certification that you are not subject to backup withholding.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS.

Certain tax consequences to non-U.S. holders

United States federal withholding tax. Subject to the discussion below regarding backup withholding, the 30% United States federal withholding tax will not apply to any payment of interest on the notes under the portfolio interest rule, *provided that*:

interest paid on the notes is not effectively connected with your conduct of a trade or business in the United States;

you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock;

you are not a controlled foreign corporation that is related to us through actual or constructive stock ownership;

you are not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code; and

either (1) you provide your name and address on an IRS Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (2) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to a 30% United States federal withholding tax, unless you provide us with a properly executed:

IRS Form W-8BEN (or other applicable form) certifying an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or

IRS Form W-8ECI (or other applicable form) certifying that interest paid on the notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under United States federal income tax).

The 30% United States federal withholding tax generally will not apply to any gain that you realize on the sale, exchange, retirement, redemption or other taxable disposition of a note.

United States federal income tax. If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), then you will be subject to United States federal income tax on that interest on a net income basis in generally the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or a lower applicable income tax treaty rate) of your effectively connected earnings and profits, subject to adjustments. If interest received with respect to the notes is effectively connected income (whether or not a treaty applies), the 30% withholding tax described above will not apply, *provided* the certification requirements discussed above in United States federal withholding tax are satisfied.

Any gain realized on the sale or other taxable disposition of a note generally will not be subject to United States federal income tax unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), in which case, you will be subject to U.S. federal income tax on that gain on a net income basis in generally the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of your effectively connected earnings and profits, subject to adjustments; or

you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met, in which case, unless an applicable income tax treaty provides otherwise, you will be subject to a flat 30% U.S. federal income tax on the gain derived from the sale, which may be offset by certain U.S.-source capital losses.

Information reporting and backup withholding. Generally, we must report to the IRS and to you the amount of interest paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest on the notes that we make to you *provided* that we do not have actual knowledge or reason to know that you are a United States person as defined under the Code, and we have received from you the required certification that you are a non-U.S. holder described above in the fifth bullet point under Certain tax consequences to non-U.S. holders United States federal withholding tax.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other taxable disposition (including a retirement or redemption) of notes within the United States or conducted through certain United States-related financial intermediaries, unless you certify to the payor under penalties of perjury that you are a non-U.S. holder (and the payor does not have actual knowledge or reason to know that you are a United States person as defined under the Code), or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability *provided* the required information is timely furnished to the IRS.

Certain ERISA considerations

The following is a summary of certain considerations associated with the purchase of the notes by employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (ERISA), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Internal Revenue Code of 1986, as amended (the Code) or provisions under any other federal, state, local, non-U.S. or other laws or regulations that are similar to such provisions of the Code or ERISA (collectively, Similar Laws), and entities whose underlying assets are considered to include plan assets of any such plan, account or arrangement (each, a Plan).

General fiduciary matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an ERISA Plan) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the notes of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Laws relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited transaction issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engaged in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engaged in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of notes by an ERISA Plan with respect to which the Issuer or the underwriters is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the U.S. Department of Labor has issued prohibited transaction class exemptions, or PTCEs, that may apply to the acquisition and holding of the notes. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide relief from the prohibited transaction provisions

Table of Contents

of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any ERISA Plan involved in the transaction and provided further that the ERISA Plan pays no more than adequate consideration in connection with the transaction. There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Because of the foregoing, the notes should not be purchased or held by any person investing plan assets of any Plan, unless such purchase and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or a violation of any applicable Similar Laws.

THE FOREGOING DISCUSSION IS GENERAL IN NATURE AND IS NOT INTENDED TO BE ALL INCLUSIVE. DUE TO THE COMPLEXITY OF THESE RULES AND THE PENALTIES THAT MAY BE IMPOSED UPON PERSONS INVOLVED IN NON-EXEMPT PROHIBITED TRANSACTIONS, IT IS PARTICULARLY IMPORTANT THAT FIDUCIARIES, OR OTHER PERSONS CONSIDERING PURCHASING THE NOTES ON BEHALF OF, OR WITH THE ASSETS OF, ANY PLAN, CONSULT WITH THEIR COUNSEL REGARDING THE POTENTIAL APPLICABILITY OF ERISA, SECTION 4975 OF THE CODE AND ANY SIMILAR LAWS TO SUCH INVESTMENT AND WHETHER AN EXEMPTION WOULD BE APPLICABLE TO THE PURCHASE AND HOLDING OF THE NOTES.

Table of Contents**Underwriting (conflicts of interest)**

Subject to the terms and conditions of the underwriting agreement dated the date of this prospectus supplement, the underwriters named below, for whom J.P. Morgan Securities LLC, Mitsubishi UFJ Securities (USA), Inc., Morgan Stanley & Co. LLC and Wells Fargo Securities, LLC are acting as representatives, have severally agreed to purchase from us, and we have agreed to sell, the principal amount of notes listed opposite their names below at the public offering price less the underwriting discount set forth on the cover page of this prospectus supplement:

Underwriters	Principal amount of notes
J.P. Morgan Securities LLC	\$ 76,000,000
Mitsubishi UFJ Securities (USA), Inc.	76,000,000
Morgan Stanley & Co. LLC	76,000,000
Wells Fargo Securities, LLC	76,000,000
Merrill Lynch, Pierce, Fenner & Smith	
Incorporated	28,000,000
U.S. Bancorp Investments, Inc.	28,000,000
BNP Paribas Securities Corp.	12,000,000
Mizuho Securities USA Inc.	12,000,000
TD Securities (USA) LLC	12,000,000
The Williams Capital Group, L.P.	4,000,000
Total	\$ 400,000,000

The underwriting agreement provides that the obligations of the several underwriters to purchase the notes offered hereby are subject to certain conditions and that the underwriters will purchase all of the notes offered by this prospectus supplement if any of these notes are purchased.

We have been advised by the underwriters that the underwriters propose to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession not in excess of 0.500% of the principal amount of the notes. The underwriters may allow, and such dealers may reallow, a concession not in excess of 0.250% of the principal amount of the notes to certain other dealers. After the initial public offering of the notes, the underwriters may change the offering price and other selling terms.

The following table shows the underwriting discount that Broadridge will pay to the underwriters in connection with this offering:

	Paid by
	Broadridge
Per note	0.800%
Total	\$ 3,200,000

We estimate that our expenses of this offering, excluding the underwriting discount, will be approximately \$1.1 million.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, and to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

Table of Contents

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or quoted on any automated dealer quotation system. The underwriters may make a market in the notes after completion of the offering but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes or that an active trading market for the notes will develop. If an active trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

In connection with the offering, the underwriters may engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the underwriters create a short position in the notes in connection with the offering, i.e., if they sell more notes than are listed on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position may cause the price of the note to be higher than it might be in the absence of these purchases.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriters in stabilizing or short covering transactions.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

In the ordinary course of their various business activities, some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings with Broadridge and its affiliates, for which they have received or may receive customary fees and commissions.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Issuer. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Affiliates of J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mitsubishi UFJ Securities (USA), Inc. and Wells Fargo Securities, LLC are lenders under our senior credit facility, for which these underwriters and affiliates have been paid customary fees. We intend to use the net proceeds from the sale of the notes to repay the outstanding indebtedness under our senior credit facility. Because more than 5% of the net proceeds of the offering will be paid to affiliates of J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mitsubishi UFJ Securities (USA), Inc. and Wells Fargo Securities, LLC participating in the distribution of the notes, this offering is being made in compliance with FINRA Rule 5121, as administered by FINRA. Since the notes being offered hereby are rated investment grade, pursuant to FINRA Rule 5121, the appointment of a qualified independent underwriter is not necessary in connection with this offering. J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mitsubishi UFJ Securities (USA), Inc. and Wells Fargo Securities, LLC will not make sales to discretionary accounts without the prior written consent of the customer.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State it has not made and will not make an offer of notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant dealer or dealers nominated by the Issuer for any such offer; or

in any other circumstances falling within Article 3(2) of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

United Kingdom

Each underwriter has represented and agreed that:

it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the Financial Services and Markets Act 2000 does not apply to us; and

it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Settlement

We expect that the delivery of the notes will be made against payment therefor on or about August 21, 2013, which is the fifth business day following the date hereof (such settlement cycle being referred to as T+5). Pursuant to Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Purchasers of the notes who wish to trade the notes on the date of pricing and the next succeeding business day should consult their own advisors.

Factors that could cause actual results to differ materially from those contemplated by the forward-looking statements include:

declines in participation and activity in the securities markets;

any material breach of our security affecting our clients' customer information;

USE OF PROCEEDS

We will use the net proceeds we receive from the sale of the securities offered by this prospectus for general corporate purposes, unless we specify otherwise in the applicable prospectus supplement.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for each of the fiscal years in the five year period ended June 30, 2013.

	Fiscal Year Ended June 30,				
	2013	2012	2011	2010	2009
	12.5x	8.1x	11.5x	15.2x	13.8x

We have calculated our ratio of earnings to fixed charges by dividing earnings by fixed charges. For the purpose of computing the above ratios of earnings to fixed charges, earnings consist of income from continuing operations before income taxes excluding income or loss from equity investees, plus those fixed charges (excluding capitalized interest) that were charged against income, amortization of capitalized interest and distributions from equity investees. Fixed charges consist of interest expense, capitalized interest and the portion of rental expense (net of rental income from subleased properties) that is considered to be representative of the interest factors in the leases.

References to Broadridge in this section of this prospectus are, unless the context otherwise indicates, only to Broadridge Financial Solutions, Inc. and not to any of its subsidiaries.

The debt securities will be direct obligations of Broadridge and will rank equally and ratably in right of payment with other indebtedness of Broadridge that is not subordinated. The debt securities will be issued under an indenture between us and U.S. Bank National Association, as trustee, a copy of which has been filed with the registration statement of which this prospectus is a part.

The discussion of the material provisions of the indenture and the debt securities set forth below and the discussion of the material terms of a particular series of debt securities set forth in the applicable prospectus supplement are subject to and are qualified in their entirety by reference to all of the provisions of the indenture, which provisions of the indenture (including defined terms) are incorporated in this description of debt securities by reference.

The indenture does not limit the aggregate principal amount of debt securities that may be issued under it. Unless otherwise provided in the terms of a series of debt securities, a series may be reopened, without notice to or consent of any holder of outstanding debt securities, for issuances of additional debt securities of that series. The terms of each series of debt securities will be established by or pursuant to a resolution of our board of directors and set forth or determined in the manner provided in an officer's certificate or by a supplemental indenture. The following description of debt securities summarizes certain general terms and provisions of the series of debt securities to which any prospectus supplement may relate. The particular terms of each series of debt securities offered by a prospectus supplement or prospectus supplements will be described in the prospectus supplement or prospectus supplements relating to that series.

Unless otherwise indicated, currency amounts in this prospectus and any prospectus supplement are stated in United States dollars.

General

We will set forth in a prospectus supplement, to the extent required, the following terms of the series of debt securities in respect of which the prospectus supplement is delivered:

the issue price (expressed as a percentage of the aggregate principal amount of the debt securities) at which the debt securities will be issued,

the title of the series of the debt securities,

any limit on the aggregate principal amount of the debt securities,

the issue date,

whether the debt securities will be issued in the form of definitive debt securities or global debt securities and, if issued in the form of global debt securities, the identity of the depositary for such global debt security or debt securities,

the date or dates on which we will pay the principal,

the rate or rates at which the debt securities will bear interest or, if applicable, the method used to determine such rate or rates,

Edgar Filing: BROADRIDGE FINANCIAL SOLUTIONS, INC. - Form 424B5

the date or dates from which interest will accrue, the date or dates on which interest will commence and be payable and any record date for the interest payable on any interest payment date,

the place or places where principal of and any premium and interest on the debt securities of the series will be payable,

any optional redemption provisions and any change of control provisions,

any events of default in addition to those provided in the indenture,

any other specific terms, rights or limitations of, or restrictions on, the debt securities, and any terms that may be required or advisable under applicable laws or regulations, and

any covenants relating to us with respect to the debt securities of a particular series if not set forth in the indenture.

The debt securities will be issuable only in fully registered form, without coupons, or in the form of one or more global debt securities. The debt securities will be issued only in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess thereof, unless otherwise specified in the prospectus supplement.

Unless otherwise indicated in the applicable prospectus supplement, principal of and interest and premium, if any, on the debt securities will be payable at our office or agency maintained for this purpose within New York City, or, at our option, payment of interest on the debt securities may be made by check mailed to the holders of the debt securities at their respective addresses set forth in the register of holders of debt securities. Unless otherwise indicated in the prospectus supplement, the trustee initially will be a paying agent and registrar under the indenture. We may act as paying agent or registrar under the indenture.

Unless otherwise indicated in the applicable prospectus supplement, interest will be computed on the basis of a 360-day year of twelve 30-day months. If a payment date is not a business day, payment may be made on the next succeeding day that is a business day, and interest will not accrue for the intervening period.

Certain Covenants

The indenture governing the terms of the debt securities will contain the following principal covenants:

Limitation on Liens

Broadridge will not, and will not permit any Significant Subsidiary to, create, incur, assume or permit to exist any lien on any property or asset (including the capital stock of any subsidiary), to secure any indebtedness of Broadridge, any Significant Subsidiary or any other person without securing the debt securities of each series equally and ratably with such indebtedness for so long as such indebtedness shall be so secured, subject to certain exceptions. Exceptions include:

liens existing on the date of the creation of the debt securities of such series;

liens on assets or property of a person at the time it becomes a subsidiary securing only indebtedness of such person; *provided* such indebtedness was not incurred in connection with such person or entity becoming a subsidiary and such liens do not extend to any assets other than those of the person becoming a subsidiary;

liens existing on assets created at the time of, or within 18 months after, the acquisition, purchase, lease, improvement or development of such assets to secure all or a portion of the purchase price or lease for, or the costs of improvement or development of, such assets;

liens to secure any extension, renewal, refinancing or refunding (or successive extensions, renewals, refinancings or refundings), in whole or in part, of any indebtedness secured by liens referred to above or liens created in connection with any amendment, consent or waiver relating to such indebtedness, so long as such lien is limited to all or part of substantially the same property which secured the lien extended, renewed or replaced, the amount of indebtedness secured is not increased (other than by the amount equal to any costs and expenses (including any premiums, fees or penalties) incurred in connection with any extension, renewal, refinancing or refunding) and the indebtedness so secured does not exceed the fair market value (as determined by Broadridge's board of directors)

of the assets subject to such liens at the time of such extension, renewal, refinancing or refunding, or such amendment, consent or waiver, as the case may be;

liens on property incurred in permitted sale and leaseback transactions;

liens in favor of only Broadridge or one or more subsidiaries granted by Broadridge or a subsidiary to secure any obligations owed to Broadridge or a subsidiary of Broadridge;

liens on assets of any subsidiary of Broadridge registered as a broker or a dealer as such terms are defined in Sections 3(a)(4) and (5) of the Exchange Act of 1934 (herein referred to as the Exchange Act) created or otherwise arising in the ordinary course of such subsidiary's business;

liens in favor of the trustee granted in accordance with the indenture; and

liens otherwise prohibited by this covenant, securing indebtedness which, together with the value of attributable debt incurred in sale and leaseback transactions permitted under Limitation on Sale and Leaseback Transactions below, do not exceed the greater of (i) 15% of Consolidated Net Tangible Assets measured at the date of incurrence of the lien and (ii) \$50 million.

Limitation on Sale and Leaseback Transactions

Broadridge will not, and will not permit any Significant Subsidiary to, enter into any arrangement with any person pursuant to which Broadridge or any Significant Subsidiary leases any property that has been or is to be sold or transferred by Broadridge or the Significant Subsidiary to such person (a sale and leaseback transaction), except that a sale and leaseback transaction is permitted if Broadridge or such Significant Subsidiary would be entitled to incur indebtedness secured by a lien on the property to be leased (without equally and ratably securing the outstanding debt securities of any series) in an amount equal to the present value of the lease payments with respect to the term of the lease remaining on the date as of which the amount is being determined, discounted at the rate of interest set forth or implicit in the terms of the lease, compounded semi-annually (such amount is referred to as the attributable debt).

In addition, permitted sale and leaseback transactions not subject to the limitation above and the provisions described in Limitation on Liens above include:

temporary leases for a term, including renewals at the option of the lessee, of not more than three years;

leases between only Broadridge and a subsidiary of Broadridge or only between subsidiaries of Broadridge;

leases where the proceeds are at least equal to the fair market value (as determined by Broadridge's board of directors) of the property and Broadridge applies within 180 days after the sale of an amount equal to the greater of the net proceeds of the sale or the attributable debt associated with the property to the retirement of long-term secured indebtedness; and

leases of property executed by the time of, or within 12 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Limitation on Consolidation, Merger and Sale of Assets

Broadridge may not consolidate or merge with or into another entity, or sell, lease, convey, transfer or otherwise dispose of its property and assets substantially as an entirety to another entity unless:

Edgar Filing: BROADRIDGE FINANCIAL SOLUTIONS, INC. - Form 424B5

(1) Broadridge is the surviving or continuing corporation or transferee or (2) the successor entity, if other than Broadridge, is a U.S. corporation, partnership, limited liability company or trust and expressly assumes by supplemental indenture all of Broadridge's obligations under the debt securities of all series and the indenture;

immediately after giving effect to the transaction, no event of default (as defined below), and no event that, after notice or lapse of time or both, would become an event of default, has occurred and is continuing; and

Table of Contents

if, as a result of any consolidation, merger, sale or lease, conveyance or transfer described in this covenant, properties or assets of Broadridge would become subject to any lien which would not be permitted by the asset lien restriction described above without equally and ratably securing the debt securities of each series, Broadridge or such successor person, as the case may be, will take the steps as are necessary to secure effectively the debt securities of such series equally and ratably with, or prior to, all indebtedness secured by those liens as described above.

In connection with any transaction that is covered by this covenant, Broadridge must deliver to the trustee an officer's certificate and an opinion of counsel each stating that the transaction complies with the terms of the indenture.

In the case of any such consolidation, merger, sale, transfer or other conveyance, but not a lease, in a transaction in which there is a successor entity, the successor entity will succeed to, and be substituted for, Broadridge under the indenture and, subject to the terms of the indenture, Broadridge will be released from the obligation to pay principal and interest on the debt securities and all obligations under the indenture.

Events of Default

Each of the following is an event of default under the indenture with respect to the debt securities of any series:

- (1) a failure to pay principal of or premium, if any, on the debt securities of such series when due at its stated maturity date, upon optional redemption or otherwise;
- (2) a default in the payment of interest on the debt securities of such series when due, continued for 30 days;
- (3) certain events of bankruptcy, insolvency or reorganization involving Broadridge;
- (4) a default in the performance, or breach, of Broadridge's obligations under the Limitation on Consolidation, Merger and Sale of Assets covenant described above;
- (5) a default in the performance, or breach, of any other covenant, warranty or agreement in the indenture (other than a default or breach pursuant to clause (4) immediately above or any other covenant or warranty a default in which is elsewhere dealt with in the indenture) for 60 days after a Notice of Default (as defined below) is given to Broadridge; and
- (6) (a) a failure to make any payment at maturity, including any applicable grace period, on any indebtedness of Broadridge (other than indebtedness of Broadridge owing to any of its subsidiaries) outstanding in an amount in excess of \$75 million or its foreign currency equivalent at the time and continuance of this failure to pay or (b) a default on any indebtedness of Broadridge (other than indebtedness owing to any of its subsidiaries), which default results in the acceleration of such indebtedness in an amount in excess of \$75 million or its foreign currency equivalent at the time without such indebtedness having been discharged or the acceleration having been cured, waived, rescinded or annulled, in the case of clause (a) or (b) above; *provided, however*, that if any failure, default or acceleration referred to in clauses 6(a) or (b) ceases or is cured, waived, rescinded or annulled, then the event of default under the indenture will be deemed cured.

No event of default with respect to a single series of debt securities issued under the indenture necessarily constitutes an event of default with respect to any other series of debt securities.

A default under clause (5) above is not an event of default until the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series notify Broadridge of the default and Broadridge does not cure such default within the time specified after receipt of such notice. Such notice must specify the default, demand that it be remedied and state that such notice is a Notice of Default.

Table of Contents

Broadridge shall deliver to the trustee, within 30 days after the occurrence thereof, written notice in the form of an officer's certificate of any event that with the giving of notice or the lapse of time or both would become an event of default, its status and what action Broadridge is taking or proposes to take with respect thereto.

If an event of default (other than an event of default resulting from certain events involving bankruptcy, insolvency or reorganization with respect to Broadridge) shall have occurred and be continuing, the trustee or the registered holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series may declare, by notice to Broadridge in writing (and to the trustee, if given by the holders of the debt securities) specifying the event of default, to be immediately due and payable the principal amount of all the outstanding debt securities of such series, plus accrued but unpaid interest to the date of acceleration. In case an event of default resulting from certain events of bankruptcy, insolvency or reorganization with respect to Broadridge shall occur, such amount with respect to all the outstanding debt securities of such series shall be due and payable immediately without any declaration or other act on the part of the trustee or the holders of the outstanding debt securities of such series. Unless as otherwise provided herein, after any such acceleration, but before a judgment or decree based on acceleration is obtained by the trustee, the registered holders of a majority in aggregate principal amount of outstanding debt securities of such series then outstanding may, under certain circumstances, rescind and annul such acceleration and waive such event of default with respect to the outstanding debt securities of such series if all events of default, other than the nonpayment of accelerated principal, premium or interest with respect to the outstanding debt securities of such series, have been cured or waived as provided in the indenture.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an event of default shall occur and be continuing with respect to a series of debt securities, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the debt securities of such series, unless such holders shall have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Subject to such provisions for the indemnification of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of such series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of such series.

No holder of debt securities of any series will have any right to institute any proceeding with respect to the indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless:

- (a) such holder has previously given to the trustee written notice of a continuing event of default,
- (b) the registered holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding have made written request and offered reasonable indemnity to the trustee to institute such proceeding as trustee, and
- (c) the trustee shall not have received from the registered holders of a majority in aggregate principal amount of the debt securities of such series then outstanding a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days.

However, such limitations do not apply to a suit instituted by a holder of any debt securities for enforcement of payment of the principal of, and premium, if any, or interest on, such debt securities on or after the respective due dates expressed in such debt securities.

The indenture requires Broadridge to furnish to the trustee, within 120 days after the end of each fiscal year, a statement of an officer regarding compliance with the indenture. Upon becoming aware of any default or event of default, Broadridge is required to deliver to the trustee a statement specifying such default or event of default.

Table of Contents

Definitions

The indenture contains the following defined terms:

Consolidated Net Tangible Assets means, as of the time of determination, the aggregate amount of the assets of Broadridge and the assets of its consolidated subsidiaries after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount and expense and other intangible assets and (2) all current liabilities, as reflected on the most recent consolidated balance sheet prepared by Broadridge in accordance with GAAP contained in an Annual Report on Form 10-K or a Quarterly Report on Form 10-Q timely filed or any amendment thereto (and not subsequently disclaimed as not being reliable by Broadridge) prior to the time as of which Consolidated Net Tangible Assets is being determined.

GAAP means generally accepted accounting principles in the United States of America in effect on the date of the indenture.

guarantee means any obligation, contingent or otherwise, of any person directly or indirectly guaranteeing any indebtedness of any other person and any obligation, direct or indirect, contingent or otherwise, of such person (1) to purchase or pay (or advance or supply funds for the purchase or payment of) such indebtedness of such other person (whether arising by virtue of partnership arrangements, or by agreement to keep well, to purchase assets, goods, securities or services, to take or pay or to maintain financial statement conditions or otherwise) or (2) entered into for purposes of assuring in any other manner the obligee of such indebtedness of the payment thereof or to protect such obligee against loss in respect thereof (in whole or in part); provided, however, that the term *guarantee* will not include endorsements for collection or deposit in the ordinary course of business. The term *guarantee*, when used as a verb, has a correlative meaning.

incur means issue, assume, guarantee or otherwise become liable for.

indebtedness means, with respect to any person, obligations (other than Non-recourse Obligations) of such person for borrowed money (including, without limitation, indebtedness for borrowed money evidenced by notes, bonds, debentures or similar instruments).

Non-recourse Obligation means indebtedness or other obligations substantially related to the financing of a project involving the development or expansion of properties of Broadridge or any direct or indirect subsidiaries of Broadridge, as to which the obligee with respect to such indebtedness or obligation has no recourse to Broadridge or any direct or indirect subsidiary of Broadridge or such subsidiary's assets other than the assets which were acquired with the proceeds of such transaction or the project financed with the proceeds of such transaction (and the proceeds thereof).

person means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or political subdivision thereof.

Significant Subsidiary has the meaning set forth in Rule 1-02(w) of Regulation S-X under the Securities Act.

subsidiary means, with respect to any person (the *parent*) at any date, any corporation, limited liability company, partnership, association or other entity of which securities or other ownership interests representing more than 50% of the equity or more than 50% of the ordinary voting power or, in the case of a partnership, more than 50% of the general partnership interests are, as of that date, owned, controlled or held by the parent or one or more subsidiaries of the parent or by the parent and one or more subsidiaries of the parent.

Modification and Waiver

Subject to certain exceptions, the indenture may be amended with the consent of the holders of a majority in principal amount of the outstanding debt securities of all series affected by such amendment (including consents

Table of Contents

obtained in connection with a tender offer or exchange for the debt securities of such series). Broadridge and the trustee may, without the consent of any holders, change the indenture for any of the following purposes:

to evidence the succession of another person to Broadridge and the assumption by any such successor of the covenants of Broadridge under the indenture and the debt securities;

to add to the covenants of Broadridge for the benefit of holders of the debt securities or to surrender any right or power conferred upon Broadridge;

to add any additional events of default for the benefit of holders of the debt securities;

to add to or change any of the provisions of the indenture as necessary to permit or facilitate the issuance of debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons, or to permit or facilitate the issuance of debt securities in uncertificated form;

to secure the debt securities;

to add or appoint a successor or separate trustee;

to cure any ambiguity, defect or inconsistency;

to supplement any of the provisions of the indenture as necessary to permit or facilitate the defeasance and discharge of any series of debt securities, *provided* that the interests of the holders of such debt securities are not adversely affected in any material respect;

to make any other change that would not adversely affect the holders of the debt securities of such series;

to make any change necessary to comply with any requirement of the SEC in connection with the qualification of the indenture or any supplemental indenture under the Trust Indenture Act of 1939, as amended; and

to conform the indenture to this Description of Debt Securities.

Notwithstanding the foregoing, no modification, supplement, waiver or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

make any change to the percentage of principal amount of debt securities the holders of which must consent to an amendment, modification, supplement or waiver;

reduce the rate of or extend the time of payment for interest on any debt securities;

reduce the principal amount or extend the stated maturity of any debt securities;

reduce the redemption price of any note or add redemption provisions to the debt securities;

make any debt securities payable in money other than that stated in the indenture or the debt securities;

impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities; or

make any change in the ranking or priority of any debt securities that would adversely affect the holder of such debt securities. The holders of at least a majority in principal amount of the outstanding debt securities may waive compliance by Broadridge with certain restrictive provisions of the indenture with respect to the debt securities. The holders of at least a majority in principal amount of the outstanding debt securities may waive any past default under the indenture, except a default not theretofore cured in the payment of principal or interest and certain covenants and provisions of the indenture which cannot be amended without the consent of the holder of each outstanding debt security.

Defeasance

Broadridge at any time may terminate all its obligations with respect to the debt securities of any series (such termination, legal defeasance), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the debt securities of such series, to replace mutilated, destroyed, lost or stolen debt securities and to maintain a registrar and paying agent in respect of the debt securities of such series. Broadridge at any time may also terminate its obligations with respect to the debt securities of any series under the covenants described under Certain Covenants Limitation on Liens, Certain Covenants Limitation on Sale and Leaseback Transactions, and under clause (5) under Events of Default which termination is referred to in this prospectus as covenant defeasance. Broadridge may exercise its legal defeasance option with respect to any series of debt securities notwithstanding its prior exercise of its covenant defeasance option with respect to such series of debt securities.

If Broadridge exercises its legal defeasance option with respect to the debt securities of any series, payment of the debt securities of such series may not be accelerated because of an event of default with respect thereto. If Broadridge exercises its covenant defeasance option with respect to the debt securities of any series, payment of the debt securities of such series may not be accelerated because of an event of default specified in clauses (5) and (6) under Events of Default.

The legal defeasance option or the covenant defeasance option with respect to the debt securities of any series may be exercised only if:

(a) Broadridge irrevocably deposits in trust with the trustee money or U.S. government securities or a combination thereof, which through the payment of interest thereon and principal thereof in accordance with their terms, will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay principal and interest when due on all the debt securities being defeased to maturity,

(b) no default or event of default with respect to the debt securities of such series has occurred and is continuing on the date of such deposit, or, with respect to an event of default involving bankruptcy, at any time in the period ending on the 91st day after the date of deposit,

(c) in the case of the legal defeasance option, Broadridge delivers to the trustee an opinion of counsel stating that:

(1) Broadridge has received from the IRS a ruling, or

(2) since the date of the indenture there has been a change in the applicable U.S. federal income tax law, to the effect, in either case, that and based thereon such opinion of counsel shall confirm that the holders of the debt securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same time as would have been the case if such defeasance has not occurred,

(d) in the case of the covenant defeasance option, Broadridge delivers to the trustee an opinion of counsel to the effect that the holders of the debt securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred, and

(e) Broadridge delivers to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the debt securities of any series have been complied with as required by the indenture.

Table of Contents

Discharge

When (i) Broadridge delivers to the trustee all outstanding debt securities of any series (other than debt securities replaced because of mutilation, loss, destruction or wrongful taking) for cancellation or (ii) all outstanding debt securities of any series have become due and payable, or are by their terms due and payable within one year whether at maturity or are to be called for redemption within one year under arrangements reasonably satisfactory to the trustee, and in the case of clause (ii) Broadridge irrevocably deposits with the trustee funds sufficient to pay at maturity or upon redemption all outstanding debt securities of such series, including interest thereon, and if in either case Broadridge pays all other sums related to the debt securities of such series payable under the indenture by Broadridge, then the indenture shall, subject to certain surviving provisions, cease to be of further effect with respect to such series. The trustee shall acknowledge satisfaction and discharge of the indenture with respect to the debt securities of such series on demand of Broadridge accompanied by an officer's certificate and an opinion of counsel of Broadridge.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

through agents;

through dealers; or

through a combination of any of the foregoing methods of sale.

We may sell the debt securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, with respect to any resale of the debt securities. A prospectus supplement will describe the terms of any sale of debt securities we are offering hereunder. Direct sales may be arranged by a securities broker-dealer or other financial intermediary.

The applicable prospectus supplement will name any underwriter involved in a sale of debt securities. Underwriters may offer and sell debt securities at a fixed price or prices, which may be changed, or from time to time at market prices or at negotiated prices. Underwriters may be deemed to have received compensation from us from sales of debt securities in the form of underwriting discounts or commissions and may also receive commissions from purchasers of debt securities for whom they may act as agent. Underwriters may be involved in any at the market offering of debt securities by or on our behalf.

Underwriters may sell debt securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions (which may be changed from time to time) from the purchasers for whom they may act as agent.

Unless we state otherwise in the applicable prospectus supplement, the obligations of any underwriters to purchase debt securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the debt securities if any are purchased.

The applicable prospectus supplement will set forth whether or not underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the debt securities at levels above those that might otherwise prevail in the open market, including, for example, by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids.

We will name any agent involved in a sale of debt securities, as well as any commissions payable by us to such agent, in a prospectus supplement. Unless we state otherwise in the applicable prospectus supplement, any such agent will be acting on a reasonable efforts basis for the period of its appointment.

If we utilize a dealer in the sale of the debt securities being offered pursuant to this prospectus, we will sell the debt securities to the dealer, as principal. The dealer may then resell the debt securities to the public at varying prices to be determined by the dealer at the time of resale.

Underwriters, dealers and agents participating in a sale of the debt securities may be deemed to be underwriters as defined in the Securities Act, and any discounts and commissions received by them and any profit realized by them on resale of the debt securities may be deemed to be underwriting discounts and commissions, under the Securities Act. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, and to reimburse them for certain expenses.

Any person participating in the distribution of debt securities registered under the registration statement that includes this prospectus will be subject to applicable provisions of the Securities Exchange Act of 1934, as

amended (the Exchange Act), and the applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of our debt securities by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of our debt securities to engage in market-making activities with respect to our debt securities. These restrictions may affect the marketability of our debt securities and the ability of any person or entity to engage in market-making activities with respect to our debt securities.
