Caution Concerning Forward Looking Statements

This document contains information that may constitute forward-looking statements. Forward-looking statements by their nature address matters that are, to different degrees, uncertain. Generally, the words anticipate, estimate, expect, project, intend, plan, believe, target and similar expressions identify forward-looking statements, which generally not historical in nature. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking.

These forward-looking statements include, but are not limited to, statements about the separation of Xylem Inc. (the Company) from ITT Corporation in 2011, capitalization of the Company, future strategic plans and other statements that describe the Company s business strategy, outlook, objectives, plans, intentions or goals, and any discussion of future operating or financial performance. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future including statements relating to orders, sales, operating margins and earnings per share growth, and statements expressing general views about future operating results are forward-looking statements.

Caution should be taken not to place undue reliance on any such forward-looking statements because they involve risks, uncertainties and other factors that could cause actual results to differ materially from those expressed or implied in, or reasonably inferred from, such statements. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Company s historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, those set forth in Item 1A of our Annual Report on Form 10-K, and those described from time to time in subsequent reports filed with the Securities and Exchange Commission.
