Item 2.03. Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.

On January 15, 2014, Marriott International, Inc. (together with its consolidated subsidiaries, Marriott or we), issued a press release announcing plans for a second EDITION hotel in New York City currently projected to open in 2017. On January 14, 2014, in conjunction with Marriott entering into a management agreement with the ownership group of this EDITION hotel and the ownership group obtaining acquisition financing and entering into agreements concerning future construction financing for the mixed use project (which includes the EDITION hotel and retail space), we agreed to provide credit support to Starwood Property Trust, Inc. and iStar Financial Inc. (the Lenders of this construction loan) through a Put Option agreement. Under this Put Option agreement, the Lenders have the right, upon an uncured event of default by the ownership group under, and acceleration of, the mortgage loan, to require Marriott, subject to certain conditions, to purchase the hotel component of the property for \$315 million during the first two years after opening (which period may be extended by the lenders for up to three years to complete foreclosure if the loan has been accelerated and certain other conditions are met). While we cannot assure you that the Lenders will not exercise this Put Option, we believe that the likelihood of any exercise is remote. Marriott does not have an ownership interest in this EDITION hotel.

A copy of Marriott's press release is attached as Exhibit 99 and is incorporated by reference.
