The person named in the proxy will vote in accordance with the instructions of the shareholder executing the proxy, or in the absence of any such instruction, for or against on each matter in accordance with the recommendations of the Board set forth in the proxy.

Univest's Board of Directors recommends a vote:

1. FOR the election of three Class III Directors each for a three-year term expiring in 2017 and until their successors are elected and qualified.

Section 16 (a) Beneficial Ownership Reporting Compliance

Section 16 (a) of the Securities Exchange Act of 1934 requires the Corporation's Directors and Executive Officers, and persons who own more than ten percent of a registered class of the Corporation's equity securities, to file with the Securities and Exchange Commission (the SEC) initial reports of ownership and reports of changes in ownership of Common Shares and other equity securities of the Corporation. Officers, Directors and greater than ten percent shareholders are required by SEC regulations to furnish the Corporation with copies of all Section 16 (a) forms they file.

To the Corporation's knowledge, based solely on a review of the copies of such reports furnished to the Corporation and written representations that no other reports were required during the fiscal year ended December 31, 2013, all Section 16 (a) reports by its Officers, Directors and greater than ten percent beneficial owners were timely filed, except that five reports on Form 4 by Thomas Scannapieco for the purchases of a total 17,480 shares of Common Stock in five transactions on dates from March 12, 2013 through April 10, 2013 were inadvertently filed late.

The Board, the Board's Committees and Their Functions

The Corporation's Board met ten (10) times during 2013. All of the Directors attended at least 75% of the meetings of the Board and of the committees of which they were members. Our Board of Directors determined that all directors, with the exception of Mr. Aichele and Mr. Schweitzer, are independent within the meaning of the listing standards of the NASDAQ Stock Market and SEC regulations. The Board has determined that a lending relationship resulting from a loan made by the Bank to a director would not affect the determination of independence if the loan complies with Regulation O under the federal banking laws. The Board also determined that maintaining with the Bank a deposit, savings or similar account by a director or any of the director's affiliates would not affect the determination of independence if the account is maintained on the same terms and conditions as those available to similarly situated customers.

Effective December 31, 2013, Mr. Aichele retired as CEO of the Corporation. Mr. Aichele will continue serving as Chairman of the Corporation and Chairman of the Bank. For more information, see Related-Party Transactions.

There are no family relationships among our directors or executive officers.

The Board re-approved the Audit Committee Charter in January 2014. At the January 2014 meeting of the Audit Committee, the Committee re-approved the Audit and Non-Audit Services Pre-Approval Policy. Ratification of the Appointment of Independent Registered Public Accounting Firm

The audit committee of our board has appointed KPMG LLP as our independent registered public accounting firm for 2014. KPMG LLP was first engaged as our independent registered public accounting firm in 2004 and has audited our financial statements for 2013.

Although shareholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required by our bylaws or otherwise, our board has decided to afford our shareholders the opportunity to express their opinions on the matter of our independent registered public accounting firm. Even if the selection is ratified, the audit committee at its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Corporation and our shareholders. If our shareholders do not ratify the appointment, the audit committee will take that fact into consideration, together with such other facts as it deems relevant, in determining its next selection of an independent registered public accounting firm.

A representative from KPMG, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The principal objective of the Corporation is to maximize shareholder value through the development and enhancement of the Corporation's business operations. To further that objective, the Corporation's executive compensation program is designed to:

Attract and retain employees in leadership positions in the Corporation by recognizing the importance of these individuals in carrying out the Corporation's Mission Statement, Core Values and Vision Statement: To be the best integrated financial solutions provider in the market. These key statements are critical in keeping us focused on our short-term and long-term goals for the success of the Corporation.

Support strategic performance objectives through the use of compensation programs. The goal of the executive compensation program is to provide the executive with a total compensation package competitive with the market and industry in which the Corporation operates, and to promote the long-term goals, stability and performance of the Corporation. By doing this, we will align the interests of management with those of our shareholders.

Support the Corporation's management development and succession plans.

Create a mutuality of interest between executive officers and shareholders through compensation structures that share the rewards and risks of strategic decision-making.

Require executives to acquire substantial levels of ownership of the Corporation's stock in order to better align the executives' interests with those of the shareholders through a variety of plans.

Ensure, to the extent possible, that compensation has been and will continue to be tax deductible. Executive Compensation provides for laddered payouts based on actual results compared to Target and by Officer Category as detailed in the table below. Category 1 is the CEO of the Corporation, Category 2 is the CEO of the Bank and the President and Chief Operating Officer of the Corporation, Category 3 is the Senior Executive Vice President of the Corporation and Category 4 is any Executive Vice President of the Corporation or Bank.

An executive's total incentive compensation is composed of three primary components: base salary, annual incentive compensation, and long-term incentive compensation. Each component is based on individual and group performance factors, which are measured objectively and subjectively by the Compensation Committee. Although there are no formal guidelines with respect to the amount of each named executive officer's compensation that is in the form of base salary, annual incentive compensation and long-term incentive compensation, in general the compensation program results in the approximate following payouts:

	Base Salary	Annual Incentive Compensation	Long-Term Incentive Compensation	Total Compensation
Category 1	50.0%	25.0%	25.0%	100.0%
Category 2	50.0%	20.0%	30.0%	100.0%
Category 3	50.0%	20.0%	30.0%	100.0%
Category 4	65.0%	15.0%	20.0%	100.0%

As a result of the annual incentive paid for 2013 being above target, the actual payout of total compensation to the named executive officers for 2013, consisting of base salary, annual incentive compensation and long-term incentive stock option and restricted stock grants, differed only slightly from the table above and was as follows:

	Base Salary	Annual Incentive Compensation	Long-Term Incentive Compensation	Total Compensation
Category 1	48.0%	24.7%	27.3%	100.0%
Category 2	50.7% - 53.2%	20.9% - 22.0%	24.8% - 28.4%	100.0%
Category 3	53.4%	21.3%	25.3%	100.0%
Category 4	66.0% - 68.4%	17.0% - 17.7%	13.9% - 17.0%	100.0%

Payouts under the Annual Incentive Compensation plan are generally made in cash, although they may be made in stock, and long-term incentive compensation awards are normally in the form of restricted stock and/or stock options.

BASE SALARY COMPENSATION

The Compensation Committee's approach is to offer competitive salaries in comparison with market practices. The Committee annually examines market compensation levels and trends observed in the labor market. For its purposes,

the Compensation Committee has defined the labor markets as the pool of executives who are currently employed in similar positions in companies with similar asset size, with special emphasis placed on salaries paid by companies that constitute the banking industry. Market information is used as a frame of reference for annual salary adjustments and starting salaries.

The Compensation Committee makes salary decisions in a structured annual review. The Compensation Committee considers decision-making responsibilities, experience, work performance and achievement of key goals, and team-building skills of each position as the most important measurement factors in its annual reviews. To help quantify these measures, the committee has enlisted the assistance of an independent compensation consultant. Base salaries are determined by considering the experience and responsibilities of the individual executive officer with a target of paying at the median (50%) level of our peer group adjusted for overall performance of the individual executive. Base salaries are adjusted annually and are in effect for the period January 1 through December 31.

During 2013, the Corporation engaged Mosteller & Associates to accumulate comparative data on the Corporation's peer group which the Compensation Committee utilized in adjusting the base salary of its executive group. The Corporation's peer group, eighteen (18) institutions of similar asset size and regional location, consists of: Beneficial Mutual Bancorp, Inc.; Independent Bank Corp.; S&T Bancorp, Inc.; WSFS Financial Corporation; Sandy Spring Bancorp, Inc.; Tompkins Financial Corporation; Washington Trust Bancorp, Inc.; Lakeland Bancorp, Inc.; Metro Bancorp, Inc.; First Defiance Financial Corp.; OceanFirst Financial Corp.; Peoples Bancorp, Inc.; ESB Financial Corporation; Arrow Financial Corp.; First United Corporation; Alliance Financial Corp.; Eagle Bancorp, Inc.; Bryn Mawr Bank Corporation; and Financial Institutions, Inc.

In November 2013, the Compensation Committee met and reviewed the performance of the named executive officers with the Chief Executive Officer to determine increases in base salary compensation for 2014. The Committee also met in executive session without the Chief Executive Officer designee (Mr. Schweitzer) to discuss his base salary for 2014. Increases in base salary compensation for 2014 were based on individual performance and the selected peer group compensation review along with market analysis, which provides a broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Below outlines the increases in base salary compensation for 2014 approved by the Compensation Committee:

Executive	2014 Base Salary	2013 Base Salary	% Increase
William S. Aichele	\$ N/A	\$ 475,000	N/A
Jeffrey M. Schweitzer	450,000	320,000	40.63%
K. Leon Moyer	335,000	325,000	3.08%
Kenneth D. Hochstetler	268,000	259,000	3.47%
Michael S. Keim	270,000	240,000	12.50%

Effective December 31, 2013, Mr. Aichele retired as CEO of the Corporation. Mr. Aichele will continue serving as Chairman of the Corporation and Chairman of the Bank. Effective January 1, 2014, Mr. Schweitzer was promoted to CEO of the Corporation.

Compensation for group life insurance premiums, hospitalization and medical plans, and other personal benefits are provided to all full-time employees and part-time employees averaging a certain number of hours and do not discriminate in favor of officers of the Corporation or its subsidiaries.

ANNUAL INCENTIVES

Univest established a non-equity annual incentive plan to reward executive officers for achieving annual financial objectives. The weighted financial measures and related targets for the plan are set in the preceding fiscal year by the Compensation Committee. The annual incentive program consists primarily of cash bonuses paid for: 1) individual performance to reinforce the critical focus of our executive officers on certain annual objectives that have significant impact on our long-term performance strategy; and 2) meeting annual Corporation performance goals (annual net income, efficiency ratio, return on average assets, return on average equity or other annual performance targets as set by the Compensation Committee). An executive may receive up to 50% of their annual incentive bonus in shares of the Corporation's stock which the Corporation will match with a restricted stock grant. The restricted stock grant will vest ratably over a five-year period. The purpose of this deferral option is to further align the executive's interests with those of the shareholders, promote retention and keep the executive focused on the long-term viability, performance and stability of the Corporation.

For the year-ended December 31, 2013, based on the projected performance goals, the Threshold was set at a 40% payout, the Target was established at a 100% payout and Optimum was established at a 150% payout; if the projected performance goals are less than the established threshold amounts, there is no payout. For example, if the incentive reward is established at 50% of the executive's annual base salary: the Threshold payout would be 40% of that incentive or 20%; the Target payout would be 100% of that incentive or 50%; and the Optimum payout would be 150% of that incentive or 75%. Understanding that actual results will not equal the Target, Threshold or Optimum goals exactly, the payout under the Annual Incentive Compensation plan will be interpolated based on actual results compared to Threshold, Target and Optimum. Performance above Optimum will be interpolated using one-half the rate of increase used for Target to Optimum.

The Annual Incentive Compensation plan provides for laddered payouts based on actual results compared to Target and by Officer Category as detailed in the table below:

	Threshold	Target	Optimum
Category 1	20.0%	50.0%	75.0%
Category 2	16.0%	40.0%	60.0%
Category 3	14.0%	35.0%	52.5%
Category 4	10.0%	25.0%	37.5%

Note: Above percentages are a percent of base salary.

The payout under the Annual Incentive Compensation plan will occur during February of each year for which a payout is made. The payout for all named executives except Mr. Hochstetler is based 25% on the performance of the individual and their contribution to the Corporation in the particular year and 75% on the achievement of Corporation performance targets for the year. Each individual performance metric will have a None, Threshold, Target and Optimum component. Mr. Hochstetler's Annual Incentive Compensation plan is based 50% on the achievement of the Corporation's performance targets for the year (equally weighted) and 50% based on achievement of revenue and pre-tax income goals for the Corporation's Wealth Management business (equally weighted). Similar to the Corporation's financial targets, the Wealth Management goals have a Threshold, Target and Optimum component

The Corporate performance metrics measured in 2013 each had a 25% weighting and were comprised as follows (in 2014, the return on average equity was removed with the remaining items each having a 33.3% weighting):

Net Income

Return on average assets

Return on average equity

Efficiency ratio

Recognizing that unforeseen events in the economy could have an impact on yearly performance of the Corporation, but still result in the Corporation, through focused and disciplined management, exceeding the performance of its Select Peer Group, as determined by the Board of Directors, which consists of all publicly traded Mid-Atlantic (defined as Pennsylvania, New York, New Jersey, Delaware, Maryland and the District of Columbia) banks, thrifts and savings institutions between \$1 billion and \$5 billion in total assets, the Annual Incentive Compensation Plan also has a Peer Performance Lever. The Compensation Committee has the discretion to pay out at the Threshold level, even if the Corporation's performance does not meet Threshold levels, if the Corporation's performance exceeds 50% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended. Additionally, the Compensation Committee has the discretion to pay out at the Target level, even if the Corporation's performance does not meet Target levels, if the Corporation's performance exceeds 80% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended. Finally, the Compensation Committee has the discretion to not pay out the Annual Incentive Compensation if the Corporation's performance does not exceed 40% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended.

Edgar Filing: UNIVEST CORP OF PENNSYLVANIA - Form DEF 14A

The Corporation's financial targets set by the Compensation Committee for 2013 for the Annual Incentive Compensation component of executive compensation were as follows:

Performance Metric	Threshold	Target (Plan)	Optimum
Net Income (000 s)	\$ 16,920	\$ 21,150	\$ 25,380
Return on Average Assets	0.76%	0.95%	1.14%
Return on Average Equity	5.92%	7.40%	8.88%
Efficiency Ratio	67.70%	65.20%	62.70%

In January 2014, the Compensation Committee reviewed the Corporation's performance compared to the targets established for 2013. Unvest recorded net income of \$21.2 million, which was between the target and optimum levels; return on average assets of 0.95%, which was at the target level; return on average equity of 7.53%, which was between the target and optimum levels; and an efficiency ratio of 64.59%, which was between the target and optimum levels. Wealth Management's performance for revenue and pre-tax income both came in between the target and optimum levels. As a result, an aggregate cash bonus was paid to the named executive officers of the Corporation for 2013 at 104.62% of the targeted payout level.

LONG-TERM INCENTIVES

Stock-Based Compensation

The long-term incentive program consists primarily of stock options and restricted stock grants, which are granted based on the Corporation's performance compared to its selected peers with respect to certain financial measures. The purpose of the program is to align management's interests with those of our shareholders, promote employee retention and also to ensure management's focus on the long-term stability and performance of the Corporation. The Corporation's target is to pay out incentive compensation, both short-term and long-term, at the median (50%) level of our peer group.

At the Annual Meeting in 2003, the shareholders approved the Unvest 2003 Long-Term Incentive Plan; at the Annual Meeting in 2008, the shareholders approved the Amended and Restated Unvest 2003 Long-term Incentive Plan. The 2003 Long-Term Incentive Plan expired in April 2013. At the Annual Meeting in 2013, the shareholders approved the Unvest 2013 Long-Term Incentive Plan. The purpose of the plan is to enable employees and non-employee directors of the Corporation to: (i) own shares of stock in the Corporation, (ii) participate in the shareholder value which has been created, (iii) have a mutuality of interest with other shareholders and (iv) enable the Corporation to attract, retain and motivate key employees of particular merit. Participation in the 2013 Long-Term Incentive Plan is determined by the Compensation Committee. The plan authorizes the Committee to grant both stock and/or cash-based awards through incentive and non-qualified stock options, stock appreciation rights, restricted stock, and/or long-term performance awards to participants. With respect to these grants, 2,000,000 shares were set aside for these long-term incentives. At the time of an award grant, the Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.).

Upon a change in control: any stock appreciation rights outstanding for at least six months and any stock options awarded which have been held for at least six months shall become fully vested and exercisable; restrictions applicable to any restricted stock award shall lapse and such shares shall be deemed fully vested; the value of all outstanding stock options, stock appreciation rights and restricted stock awards shall be cashed out on the basis of their fair market value; and any outstanding long-term performance awards shall be vested and paid out based on the prorated target results for the performance periods in question.

Long-term incentive compensation consists of a combination of stock options and performance-based restricted stock. The granting of options is anticipated to occur annually, at the discretion of the Compensation Committee, on January 31 and is not contingent on the achievement of annual targets described under *Annual Incentive Compensation*. The number of options to be granted each year will be determined by the Compensation Committee.

On January 31, 2014, the Compensation Committee approved the granting of stock options to the following named executives:

K. Leon Moyer	7,000 shares
Kenneth D. Hochstetler	4,500 shares

Performance-based restricted stock grants are anticipated to be granted each year on January 31 based on the Top Quintile performance as detailed in the chart below. The performance-based restricted stock will vest on February 15th after three years of performance (i.e. restricted stock granted on January 31, 2014 will vest on February 15, 2017) based on the Corporation's performance compared to its Select Peer Group with respect to three-year average Return on Average Assets.

Post-Retirement Plans

Univest provides a qualified pension plan to all employees hired prior to December 7, 2009, and non-qualified pension plans for certain executive officers. The Defined Benefit Pension Plan (DBPP) is a nondiscriminatory retirement plan which qualifies under the Internal Revenue Code. The DBPP is a noncontributory defined benefit retirement plan covering substantially all employees of the Corporation and its wholly owned subsidiaries. To be eligible for the DBPP, employees must complete one year of service (defined as working more than 1,000 hours) and attain age 21. The DBPP is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The DBPP is administered by a Pension Committee appointed by the Board of Directors of the Corporation. The Pension Committee has appointed Univest Bank and Trust Co., a wholly owned subsidiary of the Corporation, as trustee of the DBPP. Employer contributions are based on amounts required to be funded under the provisions of ERISA. No contributions are required or permitted by the participants. Entrance into the DBPP was frozen to new entrants as of December 7, 2009.

On June 24, 2009, the Compensation Committee of the Board of Directors of the Corporation resolved that effective December 31, 2009, the benefits under the DBPP, in its current form, would be frozen and the current plan would be amended and converted to a cash balance plan under which employees would continue to receive future benefits in accordance with the provisions of the cash balance plan.

The normal retirement date is the first day of the month in which the participant's 65th birthday occurs and he/she has completed five years of credited service. Prior to December 31, 2009, the normal annual retirement benefit amount accrued as 1.5% of average earnings for each year of credited service up to 20 years plus 0.5% of average earnings for each year of credited service in excess of 20, plus 0.25% of average earnings in excess of the average Social Security wage base for each year of credited service up to 35 years.

Benefits under the cash balance plan will be credited to the employees' account based on the following formula:

Years of Service	Annual Benefit Credited
0 - 10	3% of salary
11 - 20	5% of salary
21 +	7% of salary

Additionally, annually the employees' accounts will be credited with a guaranteed return of the ten year Treasury note rate plus 1% not to exceed the 30 year Treasury note rate. To not penalize long-term employees of the Corporation, for employees over the age of 55 with over 20 years of service on December 31, 2009, the annual retirement benefit is guaranteed to be the higher of the benefit attributable to the formula under the DBBP or the new cash benefit account.

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to the participant's normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. Prior to the cash balance plan conversion, the early retirement benefit is based on credited service and average earnings at the early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. Benefits are reduced from that retirement date by 1/15th per year for the first five years and 1/30th per year thereafter to age 55.

Participants are not vested in the benefits accrued up to December 31, 2009 until they have completed five years of service, at which time they become fully vested in the benefits accrued up to December 31, 2009 in the DBPP. Participants are not vested in the benefits accrued after December 31, 2009, under the cash balance portion of the plan, until they have completed three years of service, at which time they become fully vested in the benefits accrued under the cash balance portion of the plan.

A vested participant who dies before the annuity starting date and who has a surviving spouse shall have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death.

While the Corporation has not expressed any intent to do so, the DBPP/cash balance plan may be discontinued at any time, subject to the provisions of ERISA. In the event such discontinuance results in termination of the DBPP/cash balance plan, the DBPP/cash balance plan provides that the net assets of the plan shall be allocated among the participants in the order provided for in ERISA. To the extent there are unfunded vested benefits other than benefits becoming vested by virtue of termination of the DBPP/cash balance plan, ERISA provides that such benefits are payable to participants by the Pension Benefit Guaranty Corporation (PBGC) up to specified limitations.

Should the DBPP/cash balance plan terminate at some future time, its assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

The non-qualified plans include a Supplemental Retirement Plan and a Supplemental Non-Qualified Pension Plan inclusive of a Medical Reimbursement Plan and Split-Dollar Life Insurance. These non-qualified plans generally provide an additional retirement benefit paid to the employee beginning at age 65 for a term between 10 and 15 years, plus death benefits. An employee, upon attaining the age of 60, may elect early retirement and be entitled to receive this benefit based upon the employee's accrual balance as of the early retirement date.

The Supplemental Retirement Plan (SERP) was established in 1994 for employees whose date of hire was prior to January 1, 1994, were a current participant in the qualified pension plan for at least five years and whose benefit under the qualified pension plan was affected by the changes made to the Internal Revenue Code Section 401(a)(17) as enacted in the Omnibus Budget Reconciliation Act of 1993. The SERP establishes a payment to the participant that equates to the difference between: the payment amount of the qualified plan retirement benefit to which the participant would have been entitled under the qualified plan if such benefit were computed subject to Code Section 401(a)(17) as in effect prior to the effective date of the Omnibus Budget Reconciliation Act of 1993; and the amount of the qualified plan retirement benefit actually payable to the participant. Under a change in control, no termination of the SERP shall directly or indirectly deprive any current or former participant or surviving spouse of all or any portion of the SERP benefit which has commenced prior to the effective date of such change in control.

The Supplemental Non-Qualified Pension Plan (SNQPP) was established in 1981 for employees who have served for several years, with ability and distinction, in one of the primary policy-making senior level positions at Univest, with the understanding that the future growth and continued success of Univest's business may well reflect the continued

services to be rendered by these employees and Uninvest's desire to be reasonably assured that these employees will continue to serve and realizing that if these employees would enter into competition with Uninvest, it would suffer severe financial loss. The SNQPP was established prior to the existence of a 401K Deferred Savings Plan, the Employee Stock Purchase Plan and the Long-Term Incentive Plans and therefore is not actively offered to new participants. At the age of 65 years, covered employees will receive annual payments equivalent to fifty percent of their annual salary at their retirement date, adjusted annually thereafter by a percentage of the change in the Consumer Price Index (CPI). Between the ages of 60 and 65, covered employees may choose early retirement and receive payments under the SNQPP based on the employee's accrual balance, adjusted annually thereafter by a percentage of the change in the CPI. The benefit period is a maximum of fifteen years. Benefits will continue to be paid to the employee's beneficiary upon the employee's death for the remainder of the benefit period. Payments under the SNQPP are capped each year and adjusted annually by a percentage of the change in the CPI. In 2013 the maximum benefit payable was \$117,043. Upon a change

in control, the covered employee is entitled to a lump sum benefit equal to the present value of the employee's accrued balance using the ten-year Treasury yield. Upon a change in control where Univest is not the surviving company, the SNQPP is not automatically terminated and the obligations under the SNQPP become the obligations of the surviving company. The SNQPP contains a non-compete clause under which payments will be forfeited by those covered retirees and employees who compete with Univest.

The SNQPP also includes a Medical Reimbursement Plan providing covered employees, who maintain a medical insurance policy during retirement, reimbursements for uncovered medical expenses up to \$5,000 per annum during the benefit period.

During 2000, Univest purchased Bank Owned Life Insurance (BOLI) to offset the funding needs of future obligations under these non-qualified pension plans. The SNQPP includes a Split-Dollar Agreement which provides the covered employee's beneficiary a fixed dollar amount of the death proceeds under the BOLI. The fixed dollar amounts payable range between \$200,000 and \$250,000.

Income tax regulations require the inclusion of nonqualified deferred compensation benefits as wages for Social Security and Medicare tax purposes. The non-qualified plan benefits and vesting provisions are reviewed annually, the covered employees' Social Security and Medicare wages reflect includable nonqualified deferred compensation, and appropriate taxes are withheld.

On an optional basis, all officers and employees who have attained the age of 18 and have completed one month of continuous service may participate in the Deferred Salary Savings Plan (DSSP). In the year 2013, participants could defer up to a maximum of \$17,500 if under age 50 and \$23,000 if at least age 50 by December 31. After employees complete 6 months of service, the Corporation or its subsidiaries will make a matching contribution of 50% of the first 6% of the participant's salary. All contributions are invested via a trust. The Corporation's matching contributions for 2013, 2012 and 2011, amounted to \$763,601, \$666,521 and \$638,723, respectively. The matching contributions are vested at 50% at the end of two years, 75% at the end of three years, and 100% at the end of four years. Benefit payments normally are made in connection with a participant's retirement. The DSSP permits early withdrawal of the money under certain circumstances. Under current Internal Revenue Service regulations, the amount contributed to the plan and the earnings on those contributions are not subject to Federal income tax until they are withdrawn from the plan.

OTHER PERQUISITES

Certain named executive officers receive expense allowances, a car allowance and/or country club membership dues. These perquisites are determined by the Compensation Committee under the same methodologies for and in conjunction with base salary compensation. Univest also provides certain named executive officers with personal tax preparation services; these services are provided by a Certified Public Accounting firm other than Univest's Independent Registered Public Accounting Firm, KPMG LLP.

FUTURE COMPENSATION DETERMINATION

The Committee will continue to reassess Univest's executive compensation program in order to ensure that it promotes the long-term objectives of Univest, encourages growth in shareholder value, provides the opportunity for management investment in the Corporation, and attracts and retains top-level executives who will manage strategically in 2014 and beyond.

TAX CONSIDERATIONS

Internal Revenue Code Section 162(m) imposes a limitation on the deduction for certain executive officers compensation unless certain requirements are met. The Corporation and the Compensation Committee have carefully considered the impact of these tax laws and have taken certain actions intended to preserve the Corporation's tax deduction with respect to any affected compensation.

CONCLUSION

Through the programs described above, a significant portion of the Corporation's executive compensation is linked directly to individual and corporate performance and growth in shareholder value. The Committee intends to continue the policy of linking executive compensation to individual and corporate performance and growth in shareholder value, recognizing that the business cycle from time to time may result in an imbalance for a particular period.

The Summary Compensation Table, which is shown on Page 17 and is mandated by SEC rules, contains a mix of earned and target pay, and several items that are driven by accounting and actuarial assumptions. Earned amounts shown under stock and option awards are determined at grant date fair values which may be worth more, less, or even nothing when vested or paid. Therefore, the Corporation is including the following table which sets forth for the fiscal years ending December 31, 2013, 2012 and 2011, the compensation which the Corporation and its subsidiaries principal executive officer, principal financial officer and three other named executive officers realized. These realized amounts equate to the amount reported as Gross Pay on the named executive officer's Form W-2 less the portion of nonqualified deferred compensation benefits, which under income tax regulations are required to be included as wages for Social Security and Medicare tax purposes only. This table is not intended to be a substitute for the Summary Compensation Table shown below and should be read in conjunction with the Compensation Discussion and Analysis section of this Proxy Statement.

(a) The Corporation has a stock-for-stock-option exchange (or cashless exercise) program in place, whereby optionees can exchange the value of the spread of in-the-money options for Corporation stock having an

equivalent value. This brokerage-assisted exchange allows the executives to exercise their options on a net basis without having to pay the exercise price or related expense in cash. However, it will result in the executives acquiring fewer shares than the number of options exercised.

- (b) Value Realized is calculated by subtracting the exercise price from the Fair Market Value as of the exercise date. Fair Market Value is the closing price of the Corporation's common stock as reported by the NASDAQ Stock Market.

(a) Uninvest's pension plans are described in the Compensation Discussion and Analysis under the heading Post-Retirement Plans. Assumptions used in calculating the present value of the accumulated benefit are set forth in Note 10 to the Financial Statements included in Uninvest's Form 10-K for the year ended December 31, 2013.

NONQUALIFIED DEFERRED COMPENSATION

Uninvest does not currently have any non-qualified contributory deferred compensation plans available to the named executive officers.

OTHER POTENTIAL POST-EMPLOYMENT PAYMENTS

Certain triggering events could potentially affect the amounts of compensation reported in the above tables. Triggering events would include retirement, early-retirement, termination by reason of disability, death or cause, or a change in control of the Corporation. None of the named executive officers in the previous tables above has an individual change in control or employment agreement, but provisions for these triggering events are addressed within the 2003 Long-Term Incentive Plan, the 2013 Long-term Incentive Plan, the Defined Benefit Pension Plan (DBPP),

the Supplemental Retirement Plan (SERP) and the Supplemental Non-Qualified Pension Plan (SNQPP).

2003 and 2013 Long-term Incentive Plans

Upon a change in control, stock options and restricted stock awards which have been held for at least six months shall become fully vested. Upon retirement, early-retirement or termination by reason of disability, the Compensation Committee may elect to accelerate the vesting period to allow all stock options to become fully vested and exercisable up to a period of two years after the date of such retirement, early-retirement or disability date and may elect to accelerate the vesting period of all restricted stock awards. Upon termination by death, the Compensation Committee may elect to accelerate the vesting period to allow all stock option awards to become fully vested, and exercisable by the legal representative of such employee's estate or legatee of such employee's will for a period of one year from the date of death and may elect to accelerate the vesting period of all restricted stock awards. There are no acceleration provisions for the willful termination of employment or termination of employment for cause. Upon the willful termination of employment, the optionee would have the lesser of three-months or the remaining term to exercise any vested stock options. Upon termination of employment for cause, all vested and unvested stock options will immediately terminate.

The following table demonstrates the impact under different triggering events if such event occurred on December 31, 2013:

Defined Benefit Pension Plan (DBPP)

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to the participant's normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. Prior to the cash balance plan conversion, the early retirement benefit is based on credited service and average earnings at early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. Benefits are reduced from that retirement date by 1/15th per year for the first five years and 1/30th per year thereafter to age 55. A vested participant who dies before the annuity starting date and who has a surviving spouse shall have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death. None of the triggering events would impact the vested balance of a named executive officer's benefit under the DBPP.

Supplemental Retirement Plan (SERP)

Under a change in control, no termination of the SERP shall directly or indirectly deprive any current or former participant or surviving spouse of all or any portion of the SERP benefit which has commenced prior to the effective date of such change in control. None of the triggering events would impact the vested balance of a named executive officer's benefit under the SERP.

Supplemental Non-Qualified Pension Plan (SNQPP)

Upon a change in control where Univest is not the surviving company, the SNQPP is not automatically terminated and the obligations under the SNQPP become the obligations of the surviving company. Upon a change in control or death of the covered employee prior to their retirement date, the covered employee, or employee's designated beneficiary is entitled to a lump sum benefit equal to the present value of the employee's accrued balance using the ten-year Treasury yield. The accrued balance is the projected lump sum of the employee's retirement benefit payable upon the employee's attainment of age 65. Upon early-retirement, which is obtainable at the age of sixty, the employee is entitled to the accrual balance payable over fifteen years, adjusted annually thereafter by a percentage of the change in

the Consumer Price Index (CPI). Upon termination of employment due to disability, the employee is entitled to the accrual balance payable, commencing at age 65, provided that the amount of the retirement benefit shall be based on the accrual balance on the date of termination due to disability, increased by an interest factor equal to the interest factor used in determining the accrual balance. If an employee terminated due to disability, and a change of control occurs prior to this employee reaching the age of 65, the employee is entitled to a lump sum benefit equal to the present value of the employee's accrued balance using the ten-year Treasury yield. The SNQPP contains a non-compete clause under which payments will be forfeited by those covered retirees and employees who compete with Univest. If the employee is terminated for a reason other than death, retirement, early-retirement, disability, or a change in control, the benefits under the SNQPP are forfeited by the employee. The only named executive officers who are participants in the SNQPP are William S. Aichele and K. Leon Moyer. If at December 31, 2013, either of these participants' employment was terminated for a reason other than death, retirement, early-retirement, disability, or a change in control, the benefits shown in the Pension Benefits table would be forfeited. If a change in control had occurred at December 31, 2013, these participants would benefit from a lump sum payment equal to their present value of accumulated benefit, in the Pension Benefits table above, plus the following amounts: for William S. Aichele, there would be no increase as December 31, 2013 was the effective date of his retirement; and for K. Leon Moyer, \$73,929.

RELATED-PARTY TRANSACTIONS

During 2013, some of the directors and executive officers, including their immediate family members and affiliated organizations, had lending relationships and other banking transactions with the Corporation as customers of the Bank. In management's opinion, the loans were made in the ordinary course of business and on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not related to the lender; they did not involve more than normal collection risk and do not present other unfavorable features. Other banking transactions were also undertaken in the ordinary course of business. It is anticipated that similar transactions will occur in the future.

These transactions were made in compliance with applicable law, including Section 13(k) of the Securities and Exchange Act of 1934 and Federal Reserve Board Regulation O. As of December 31, 2013, loans to executive officers, directors, and their affiliates represented 9.9% of total shareholders' equity in Univest Corporation.

The Corporation's Audit Committee Charter provides for the review of related party transactions, including the independent status of all Audit Committee members. The Nominating and Governance Committee reviews the independence of directors annually.

COMPENSATION COMMITTEE OF THE BOARD

The Compensation Committee of the Board (Committee) for the fiscal year ended December 31, 2013 was comprised of four independent directors appointed by the Board: R. Lee Delp, William G. Morral, Mark A. Schlosser, and P. Gregory Shelly. Each member of the Committee is independent as defined in the listing standard rules of the

NASDAQ Stock Market and applicable SEC regulations.

The Committee's responsibilities include reviewing and approving corporate goals and objectives, including financial performance and shareholder return, relevant to approving the annual compensation of the Corporation's CEO, executive officers, and other key management personnel through consultation with management and the Corporation's

independent professional compensation consultants. Recommendations are made to the Board with respect to overall incentive-based compensation plans, including equity based plans, which includes a review of the Corporation's management development and succession plans. In addition, the Committee will review and recommend changes to the annual retainer and committee fee structure for non-employee directors on the Board. The Committee's charter is available at the Corporation's website on the internet; www.univest.net in the INVESTORS RELATIONS section under Governance Documents.

No member of the Compensation Committee (i) was, during 2013, or had previously been an officer or employee of the Corporation or our subsidiaries nor (ii) had any direct or indirect material interest in a transaction of the Corporation or a business relationship with the Corporation, in each case that would require disclosure under the applicable rules of the SEC. No other interlocking relationship existed between any member of the Compensation Committee or an executive officer of the Corporation, on the one hand, and any member of the Compensation Committee (or committee performing equivalent functions, or the full board of directors) or an executive officer of any other entity, on the other hand, requiring disclosure pursuant to the applicable rules of the SEC.

Management's role in the compensation process includes: evaluating employee performance; establishing corporate goals and objectives; and recommending the salary levels and option awards for all employees other than the named-executive officers. The Committee may retain an outside consultant to assist in the evaluation of any individual executive compensation, incentive programs, or any other matter deemed appropriate by the Committee and to provide for the appropriate funding of such consulting or advisory firm. During 2013, the Committee retained Mosteller & Associates to provide comparative data concerning the Corporation's peer group listed in the Compensation Discussion and Analysis.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (Committee) met six (6) times during 2013. The Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2013 with the Corporation's management.

CORPORATE GOVERNANCE DISCLOSURE

CODE OF CONDUCT

The Corporation has adopted a Code of Conduct for all directors and a Code of Conduct for all officers and employees including the CEO and senior financial officers. It is the responsibility of every Univest director, officer and employee to maintain a commitment to high standards of ethical conduct and to avoid any potential conflicts of interest. The Codes are designed not only to promote clear and objective standards for compliance with laws and accurate financial

reporting they also contain an accountability mechanism that ensures consistent enforcement of the Codes and protection for persons reporting questionable behavior, including a fair process for determining possible violations. The Codes of Conduct are available on our website at www.univest.net in the INVESTOR RELATIONS section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation.

Any waiver of the Codes of Conduct for directors or executive officers must be approved by the Board or a committee of the Board and disclosed on Form 8-K within two days. Any waivers would also be posted on our website within two business days. The waiver reporting requirement process was established in 2003, and there have been no waivers.

NOMINATING AND GOVERNANCE COMMITTEE OF THE BOARD

The Nominating and Governance Committee met one (1) time during the fiscal year ended December 31, 2013. All members of the Committee are independent as defined by the listing standard rules of the NASDAQ Stock Market and applicable SEC Regulations. The primary purpose of the Committee is to identify individuals for nomination as members of the Board and Board committees as appropriate for the Corporation to discharge its duties and operate in an effective manner to further enhance shareholder value.

The Nominating and Governance Committee charter is available for shareholder review on the internet at www.univest.net in the INVESTOR RELATIONS section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation. Members of the Committee at December 31, 2013 were: R. Lee Delp, H. Paul Lewis, Mark A. Schlosser, and P. Gregory Shelly.

The Nominating and Governance Committee recommended to the Board the slate of nominees included in this Proxy Statement for election to the Board of Directors at the annual meeting of shareholders.

Univest currently has one Alternate Director who is elected annually by the Corporation's shareholders and serves for a one-year term. The Alternate Director position provides an avenue for the Corporation to nurture future directors that the Board of Directors has determined would qualify as a nominee for the Board of Directors. The Alternate Directors, by attending board meetings on a regular basis without a vote, stay informed of the activities and conditions of the Corporation and stay abreast of general industry trends and any statutory or regulatory developments. The pace of change in today's financial industry makes it imperative that the Corporation maintain a fully informed Board. Unlike members of the Board of Directors, the Alternate Directors do not participate in independent director meetings or vote on matters coming before the Board of Directors.

The Nominating and Governance Committee is responsible for identifying and evaluating individuals qualified to become Board members and to recommend such individuals to the Board for nomination. The Nominating and Governance Committee does not specifically consider diversity of gender or ethnicity in fulfilling its responsibilities to select qualified and appropriate director candidates, instead the Committee will seek to balance the existing skill sets of current board members with the need for other diverse skills and qualities that will complement the Corporation's strategic vision. All director candidates are evaluated based on general characteristics and specific talents and skills needed to increase the Board's effectiveness. Additionally, all candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other facts to be considered include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the financial services industry and public companies, as well as the ability of the individual to devote the necessary time to serve as a Director. A majority of the Directors on the Board must meet the criteria for independence established by the NASDAQ Stock Market, and the Committee will consider any conflicts of interest that might impair their independence.

Annually, the Nominating and Governance Committee assesses the composition of the Board along with the particular skills and qualities individual Board members possess to determine that individual Board members continue to possess the skills and qualities necessary to complement the Corporation's strategic vision. Based on this, the Nominating and Governance Committee recommends nominees for election to the Board of Directors based on the Class of Directors up for nomination in a particular year.

The structure of the Corporation's Board of Directors consists of: a Chairman of the Board, who was also the Chief Executive Officer of the Corporation in 2013; a Vice Chairman of the Board, who currently is also President and Chief Executive Officer of Univest Bank and Trust Co.; one director who currently is also the President and Chief Executive Officer of the Corporation; and individual directors. The Board of Directors does not currently have a Lead Director. The Corporation and the Board of Directors believe this structure is appropriate for the Corporation as the Board consists predominately of outside, independent directors, with management representation constituting only one of the ten members of the Board of Directors and one Alternate Director position. The Independent Directors of the Board meet separately twice a year without management present. Additionally, the Corporation has an active Board Committee structure in which members of the Board of Directors attend and actively participate in the following Committees: Audit Committee, Compensation Committee, Executive Committee, Enterprise-Wide Risk Management Committee, Investment/Asset & Liability Management Committee, Loan Policy Committee, Nominating and Governance Committee, Community Reinvestment Act Committee, Deferred Salary Savings Plan Committee, Deferred Salary Savings Plan Trustee Committee, Employee Stock Purchase Plan Committee, Payment Systems Risk Committee, Pension Committee, Security Committee and Trust Committee. The active participation in these Committees in addition to the monthly Board of Directors meetings provides the independent members of the Board the necessary insight into the daily operations of the Corporation.

All nominees to the Board of Directors will be evaluated in the same manner, regardless of whether they are recommended by the Nominating and Governance Committee or recommended by a shareholder.

Risk Management

Risk Management is the cornerstone of banking and integral to the daily operations of the Corporation. The Board of Directors oversees the Risk Management functions of the Corporation through the Enterprise-Wide Risk Management Committee, which consists of eight members of management, including the President and Chief Executive Officer of the Corporation, along with the Chairman of the Corporation and three independent directors of the Board. In addition to this committee, there is also an Enterprise-Wide Risk Management Working Committee, which meets twice a year, consisting of nineteen members of management representing each line of business and area of support tasked with identifying and addressing the risks of the Corporation. Minutes from these meetings along with the minutes from the Board attended Enterprise-Wide Risk Management Committee are reported to the full Board of Directors. The Enterprise-Wide Risk Management Committee meets four times a year and is chaired by the Chief Risk Officer. The Chief Risk Officer reports directly to the President and Chief Executive Officer of the Corporation and to the Audit Committee, however, the Chief Risk Officer also attends each Board of Directors meeting, Audit Committee meeting, Loan Policy Committee meeting and Investment/Asset Liability Management Committee meeting to better understand the differing risks the Corporation is encountering and also to provide perspective with respect to Enterprise-Wide Risk Management to the members of the Board of Directors attending these meetings. Proposal 4 An advisory vote to approve named executive officer compensation as presented in this Proxy Statement

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are requesting shareholder approval, on an advisory basis, of the compensation of our Named Executive Officers as presented in the Compensation Discussion and Analysis (CD&A) beginning on Page 8 and the compensation tables included in the discussion of Executive Compensation beginning on Page 16, including the narrative disclosure thereto.

As stated in the CD&A, our executive compensation program has been designed to attract and retain employees in leadership positions by recognizing their importance in carrying out the Corporation's Mission Statement, Core Values and Vision Statement. Focusing on these three elements is critical to meeting the Corporation's short-term and long-term goals and growth in shareholder value.

Highlights of our program include:

A three-part mixture of salary and incentive compensation (base salary, annual incentive and long-term incentive compensation); with approximately 50% paid in annual base salary and 50% paid in the form of annual incentive and long-term incentive compensation based on individual and group performance factors;

Measurement of individual and group performance factors by the Corporation's Compensation Committee fully considers decision-making responsibilities, experience, work performance and achievement of key goals, including performance compared to peers;

Assessment of Uninvest's executive compensation program by the Corporation's Compensation Committee to ensure the program promotes the long-term objectives of the Corporation, encourages growth in shareholder value, provides the opportunity for management investment in the Corporation, and attracts top-level executives to strategically manage the Corporation; and

The requirement that executives acquire substantial levels of ownership of the Corporation's stock to better align the executives' interests with those of the shareholders.

As an advisory vote, this proposal is not binding upon us as a corporation. However, our Compensation Committee, which is responsible for the design and administration of our executive compensation practices, values the opinions of our shareholders expressed through your vote on this proposal. The Compensation Committee will consider the outcome of this vote in making future compensation decisions for our Named Executive Officers.

Accordingly, we will present the following resolution for vote at the 2014 Annual Meeting of Shareholders:

RESOLVED, that the shareholders approve, on an advisory (non-binding) basis, the compensation of the Corporation's named executive officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and any related narrative disclosure in this Proxy Statement.

The Board of Directors unanimously recommends that you vote FOR Proposal 4.
