**PART I****ITEM 1. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)  
NOTE A - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles ( GAAP ) for interim financial information and in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by GAAP for complete financial statements. The consolidated financial statements include the accounts of The Gorman-Rupp Company (the Company or Gorman-Rupp ) and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated. In the opinion of management of the Company, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and nine months ended September 30, 2014 are not necessarily indicative of results that may be expected for the year ending December 31, 2014. For further information, refer to the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, from which related information herein has been derived.

**NOTE B - RECENTLY ISSUED ACCOUNTING STANDARDS**

In May 2014, the Financial Accounting Standards Board issued ASU 2014-09, Revenue from Contracts with Customers, which supersedes most current revenue recognition guidance, including industry-specific guidance, and requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. ASU 2014-09 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016, and is to be applied retrospectively, with early application not permitted. The Company currently does not expect the adoption of ASU 2014-09 to have a material impact on its consolidated financial statements.

**NOTE C - INVENTORIES**

Inventories are stated at the lower of cost or market. The costs for approximately 75% of inventories at September 30, 2014 and 76% of inventories at December 31, 2013 are determined using the last-in, first-out (LIFO) method, with the remainder determined using the first-in, first-out (FIFO) method applied on a consistent basis. An actual valuation of inventory under the LIFO method is made at the end of each year based on the inventory levels and costs at that time. Interim LIFO calculations are based on management's estimate of expected year-end inventory levels and costs and are subject to the final year-end LIFO inventory valuation.

The major components of inventories are as follows (net of LIFO reserves of \$ 57.4 million and \$ 55.3 million at September 30, 2014 and December 31, 2013, respectively):

<i>(Dollars in thousands)</i>	September 30, 2014	December 31, 2013
Raw materials and in-process	\$ 19,532	\$ 26,877
Finished parts	41,408	46,491
Finished products	31,351	16,578
Total inventories	\$ 92,291	\$ 89,946

**PART I CONTINUED****ITEM 1. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)  
CONTINUED****NOTE D - PRODUCT WARRANTIES**

A liability is established for estimated future warranty and service claims based on historical claims experience and specific product failures. The Company expenses warranty costs directly to cost of products sold. Changes in the Company's product warranty liability are:

<i>(Dollars in thousands)</i>	September 30,	
	2014	2013
Balance at beginning of year	\$ 1,170	\$ 1,133
Provision	1,161	1,023
Claims	(1,214)	(995)
Balance at end of period	\$ 1,117	\$ 1,161

**NOTE E - PENSION AND OTHER POSTRETIREMENT BENEFITS**

The Company sponsors a defined benefit pension plan ( Plan ) covering certain domestic employees. Benefits are based on each covered employee's years of service and compensation. The Plan is funded in conformity with the funding requirements of applicable U.S. regulations. The Plan was closed to new participants effective January 1, 2008. Employees hired after this date, in eligible locations, participate in an enhanced 401(k) plan instead of the defined benefit pension plan. Employees hired prior to this date continue to accrue benefits. Additionally, the Company sponsors defined contribution pension plans made available to all domestic and Canadian employees.

The Company also sponsors a non-contributory defined benefit health care plan that provides health benefits to certain domestic and Canadian retirees and their spouses. The Company funds the cost of these benefits as incurred.

The following tables present the components of net periodic benefit cost:

<i>(Dollars in thousands)</i>	Pension Benefits		Post Retirement Benefits	
	Three Months Ended September 30,		Three Months Ended September 30,

**NOTE G ACQUISITION**

In June 2014, the Company's wholly-owned subsidiary, National Pump Company, acquired substantially all of the assets and certain liabilities of Bayou City Pump, Inc. ( BCP ). Founded in 1973, BCP is a leading manufacturer of and service provider for highly-reliable and energy-efficient vertical turbine pumping systems primarily for the inland and coastal marine liquid petroleum and chemical transportation market. BCP has steadily expanded its product designs and service capabilities in recent years to become a significant market share provider in North American marine transportation. BCP also has developed and manufactures a specialty sludge pumping system for use in a variety of industrial applications. During 2013, BCP had approximately \$16 million in revenue from sales of its products and services through its Houston, Texas headquarters and its service facility location in Baton Rouge, Louisiana. BCP's strong customer relationships and long history will help expand sales in targeted niche markets complementary to National Pump Company's significant and growing vertical turbine products leadership position. In addition, its

Houston, Texas base will provide additional capacity and machining capabilities in combination with National Pump's existing location acquired late in 2012, which together will assist The Gorman-Rupp Company in expanding its growing Gulf Coast operations.

The results of operations of the acquired business have been included in Gorman-Rupp's consolidated results since the effective date of the transaction. The company financed the all-cash acquisition through a short-term unsecured bank loan of \$18.0 million. Supplemental pro forma information has not been provided as the acquisition did not have a material impact on the Company's consolidated results of operations.

---

**PART I CONTINUED**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**Executive Overview and Outlook**

Net sales during the third quarter of 2014 increased 8.9% to a record \$110.2 million compared to \$101.2 million during the same period in 2013. Domestic sales increased 13.5% or \$9.3 million while international sales were comparable to the third quarter of 2013. Sales in water end markets increased 9.1% or \$6.3 million and sales in non-water end markets increased 8.3% or \$2.7 million during the quarter.

The third quarter increase in water end market sales was largely due to additional sales in the municipal market of \$7.8 million driven primarily by large volume pumps related to wastewater and flood control. This increase was partially offset by lower agriculture sales of \$1.4 million driven by ongoing wet weather conditions in several locations domestically. Increased sales in non-water markets during the third quarter of 2014 were primarily due to added shipments for the industrial market of \$5.8 million related to fracking and the contribution from the recent acquisition of Bayou City Pump Company. This increase was offset by lower sales in the OEM market of \$3.2 million related to power generation equipment.

Net sales for the nine months ended September 30, 2014 were a record \$330.0 million compared to \$300.1 million during the same period in 2013, an increase of 10.0%. Domestic sales increased 15.2% or \$30.0 million while international sales were comparable to the same period in 2013. Sales increased \$20.6 million in water end markets primarily due to additional sales in the municipal market of \$17.2 million driven by large volume pumps related to wastewater and water supply. Also, sales in the construction market increased \$4.7 million principally for pumps for rental businesses and for oil and gas drilling support within North America. These increases were offset by lower agriculture market sales of \$3.4 million driven by wet weather conditions noted previously. Sales increased \$9.3 million for the nine months ended September 30, 2014 in non-water markets primarily due to additional shipments of \$6.2 million for the industrial market related to fracking and the recent acquisition of Bayou City Pump Company, and \$3.6 million in the OEM market.

Gross profit was a record \$28.1 million for the third quarter of 2014, resulting in gross margin of 25.5% compared to 24.2% for the same period in 2013. The increase in gross margin was principally due to product mix. Operating income was \$14.0 million, resulting in operating margin of 12.7% for the third quarter of 2014 compared to 11.9% for the same period in 2013. The gross margin and operating margin for the third quarter of 2013 were reduced by 30 and 50 basis points, respectively, due to a non-cash pension settlement charge which did not recur in the third quarter of 2014.

Net income was \$9.4 million during the third quarter of 2014 compared to \$7.9 million in the third quarter of 2013 and earnings per share were \$0.36 and \$0.30 for the respective periods. Earnings per share for the third quarter of 2013 included a reduction of \$0.03 due to a non-cash pension settlement charge which did not recur in the third quarter of 2014.

Gross profit was a record \$82.5 million in the first nine months of 2014 resulting in gross margin of 25.0% compared to 24.1% for the same period in 2013. Operating income also was a record \$42.1 million resulting in operating margin of 12.8% for the first nine months of 2014 compared to 11.3% for the same period in 2013. The gross margin and operating margin for the first nine months of 2013 were reduced by 70 and 110 basis points, respectively, due to a non-cash pension settlement charge which did not recur in the first nine months of 2014.

Net income for the first nine months of 2014 was a record \$28.3 million compared to \$22.9 million for the same period in 2013 and earnings per share were \$1.08 and \$0.87 for the respective periods. Earnings per share for the first nine months of 2013 included a reduction of \$0.09 due to a non-cash pension settlement charge which did not recur in the first nine months of 2014.

**PART I CONTINUED****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS CONTINUED**

The Company's backlog of orders was \$170.0 million at September 30, 2014 compared to \$182.2 million at December 31, 2013. The \$12.2 million decrease in backlog is principally due to record shipments during the third quarter and first nine months of 2014. Approximately \$50.1 million of the PCCP project to supply major flood control pumps to a member of a joint venture construction group for a significant New Orleans flood control project remain in the September 30, 2014 backlog total. The remaining backlog for this project is expected to be shipped in the fourth quarter of 2014 and throughout 2015.

Cash and short-term investments totaled \$33.2 million and short-term bank debt was \$17.2 million at September 30, 2014. Working capital rose \$5.8 million from December 31, 2013 to \$134.4 million at September 30, 2014. Net capital expenditures for 2014, consisting principally of machinery and equipment and building improvements, are estimated to be in the range of \$11 to \$13 million and are expected to be financed through internally generated funds.

At its October 23, 2014 meeting, the Board of Directors of the Company declared a quarterly cash dividend of \$0.10 per share on the common stock of the company, payable December 10, 2014, to shareholders of record November 14, 2014. The cash dividend represents an 11.1% increase over the dividend paid in the previous quarter. This marks the 259th consecutive dividend paid by The Gorman-Rupp Company and the 42nd consecutive year of increased dividends paid to its shareholders.

We believe that the Company is well positioned to grow organically at generally comparable operating margins over the long term by expanding our customer base both domestically and globally, and through new product offerings. We expect that the increasing need for water and wastewater infrastructure rehabilitation within the United States, and similar needs internationally, along with increasing demand for high quality pumps and pump systems for industrial, construction and agricultural applications, will provide continued growth opportunities for Gorman-Rupp in the future.

	September 30,		\$ Change	% Change
	2014	2013		
Net sales	\$ 110,159	\$ 101,186	\$ 8,973	8.9%

Sales increased \$6.3 million in water end markets largely due to increased sales in the municipal market of \$7.8 million driven by large volume pumps related to wastewater and flood control. This increase was offset by lower agriculture sales of \$1.4 million driven by ongoing wet weather conditions in several locations domestically.

Sales increased \$2.7 million in non-water markets primarily due to additional shipments for the industrial market of \$5.8 million related to fracking and the Company's recent acquisition of Bayou City Pump Company. This increase was offset by lower sales in the OEM market of \$3.2 million related to power generation equipment principally due to

fluctuation of shipments.

Domestic sales increased 13.5% or \$9.3 million while international sales were comparable to the third quarter of 2013.

**PART I CONTINUED****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS CONTINUED****Cost of Products Sold and Gross Profit**

<i>(Dollars in thousands)</i>	Three Months Ended		\$ Change	% Change
	September 30,			
	2014	2013		
Cost of products sold	\$ 82,093	\$ 76,701	\$ 5,392	7.0%
<i>% of Net sales</i>	74.5%	75.8%		
Gross margin	25.5%	24.2%		

The increase in gross margin was principally due to product mix. In addition, labor increased 40 basis points due to increased headcount. Cost of products sold for the third quarter of 2013 as a percent of net sales included 30 basis points due to a pension settlement charge which did not recur in the third quarter of 2014.

**Selling, General and Administrative Expenses (SG&A)**

<i>(Dollars in thousands)</i>	Three Months Ended		\$ Change	% Change
	September 30,			
	2014	2013		
Selling, general and administrative	\$ 14,046	\$ 12,448	\$ 1,598	12.8%
<i>% of Net sales</i>	12.8%	12.3%		

The increase in SG&A expenses as a percent of net sales is principally due to increases in compensation expenses of 36 basis points related to salary increases and headcount additions, including additions from the Company's acquisition of Bayou City Pump Company. In addition, professional services increased 12 basis points related to legal and recruitment fees and depreciation expense increased nine basis points due to recent fixed asset additions. The remaining increase in SG&A expenses as a percent of net sales is a combination of several smaller expense changes. SG&A expenses for the third quarter of 2013 as a percent of net sales included 20 basis points due to a pension settlement charge which did not recur in the third quarter of 2014.

**Net Income**

<i>(Dollars in thousands)</i>	Three Months Ended		\$ Change	% Change
	September 30,			
	2014	2013		
Income before income taxes	\$ 14,281	\$ 11,967	\$ 2,314	19.3%
<i>% of Net sales</i>	13.0%	11.8%		
Income taxes	\$ 4,842	\$ 4,021	\$ 821	20.4%

Edgar Filing: GORMAN RUPP CO - Form 10-Q

<i>Effective tax rate</i>	33.9%	33.6%		
Net income	\$ 9,439	\$ 7,946	\$ 1,493	18.8%
<i>% of Net sales</i>	8.6%	7.9%		
Earning per share	\$ 0.36	\$ 0.30	\$ 0.06	20.0%

The increases in net income and earnings per share were primarily due to increased sales during the quarter of \$9.0 million, and a pension settlement charge, net of income taxes, of \$326,000 in the third quarter of 2013 which did not

**PART I CONTINUED****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS CONTINUED**

recur in the third quarter of 2014. The difference in the effective tax rate between the two periods is primarily due to the federal research and development tax credit that has not been extended for 2014.

**Nine Months 2014 Compared to Nine Months 2013****Net Sales**

<i>(Dollars in thousands)</i>	Nine Months Ended September 30,		\$ Change	% Change
	2014	2013		
Net sales	\$ 329,951	\$ 300,058	\$ 29,893	10.0%

Sales increased \$20.6 million in water end markets primarily due to higher sales in the municipal market of \$17.2 million driven by large volume pumps related to wastewater and water supply. In addition, sales in the construction market increased \$4.7 million principally for pumps for rental businesses and for oil and gas drilling support within North America. These increases were reduced by lower agriculture sales of \$3.4 million driven by ongoing wet weather conditions in several locations domestically.

Sales increased \$9.3 million in non-water markets primarily due to increased shipments for the industrial market related to fracking and the Company's recent acquisition of Bayou City Pump Company. In addition, sales in the OEM market increased \$3.6 million driven by increased shipments related to residential appliances and pumps for military applications.

Domestic sales increased 15.2% or \$30.0 million while international sales were comparable to the same period in 2013.

**Cost of Products Sold and Gross Profit**

<i>(Dollars in thousands)</i>	Nine Months Ended September 30,		\$ Change	% Change
	2014	2013		
Cost of products sold	\$ 247,427	\$ 227,868	\$ 19,559	8.6%
<i>% of Net sales</i>	75.0%	75.9%		
Gross margin	25.0%	24.1%		

The increase in gross margin for the nine month period ended September 30, 2014 was principally due to a pension settlement charge in the first nine months of 2013 of 70 basis points which did not recur during the same period of 2014.

**PART I CONTINUED****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS CONTINUED****Selling, General and Administrative Expenses (SG&A)**

<i>(Dollars in thousands)</i>	Nine Months Ended September 30,		\$ Change	% Change
	2014	2013		
Selling, general and administrative	\$ 40,390	\$ 38,379	\$ 2,011	5.2%
<i>% of Net sales</i>	12.2%	12.8%		

The decrease in SG&A expenses as a percent of net sales is principally due to leverage from record sales in the current year. Also, the first nine months of 2013 includes a pension settlement charge of 40 basis points which did not recur in the first nine months of 2014.

**Net Income**

<i>(Dollars in thousands)</i>	Nine Months Ended September 30,		\$ Change	% Change
	2014	2013		
Income before income taxes	\$ 42,341	\$ 33,690	\$ 8,651	25.7%
<i>% of Net sales</i>	12.8%	11.2%		
Income taxes	\$ 14,088	\$ 10,758	\$ 3,330	31.0%
<i>Effective tax rate</i>	33.3%	31.9%		
Net income	\$ 28,253	\$ 22,932	\$ 5,321	23.2%
<i>% of Net sales</i>	8.6%	7.6%		
Earning per share	\$ 1.08	\$ 0.87	\$ 0.21	24.1%

The increases in net income and earnings per share were primarily due to increased sales during the nine month period ended September 30, 2014 of \$29.9 million, and a pension settlement charge, net of income taxes, of \$2.3 million in the first nine months of 2013 which did not recur in the first nine months of 2014. The difference in the effective tax rate between the two periods is primarily due to the federal research and development tax credit that has not been extended for 2014 and the impact of more income in some state jurisdictions with higher tax rates.

**Liquidity and Capital Resources**

<i>(Dollars in thousands)</i>	Nine Months Ended September 30,	
	2014	2013

Edgar Filing: GORMAN RUPP CO - Form 10-Q

Net cash provided by operating activities	\$ 24,824	\$ 37,716
Net cash used for investing activities	(23,960)	(5,122)
Net cash provided by (used for) financing activities	1,078	(19,300)

Cash and cash equivalents and short-term investments totaled \$33.2 million, and there was \$17.2 million in outstanding bank debt at September 30, 2014. In addition, the Company had \$25.7 million available in bank lines of credit after deducting \$4.3 million in outstanding letters of credit primarily related to customer orders. The Company

**PART I CONTINUED**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS CONTINUED**

was in compliance with its nominal restrictive covenants, including limits on additional borrowings and maintenance of certain operating and financial ratios, at September 30, 2014. Working capital rose \$5.8 million from December 31, 2013 to \$134.4 million at September 30, 2014 primarily due to record sales during the period.

The primary driver of operating cash flows during the first nine months of 2014 was record sales during the period. During the same period in 2013, operating cash flows were primarily driven by a reduction in the use of cash required to fund inventory, partially offset by increased accounts receivable.

During the first nine months of 2014, investing activities of \$24.0 million primarily consisted of the purchase of the business of Bayou City Pump Company and capital expenditures for machinery and equipment and building improvements. Net capital expenditures for 2014, consisting principally of machinery and equipment and building improvements, are estimated to be in the range of \$11 to \$13 million and are expected to be principally financed through internally generated funds. During the first nine months of 2013, investing activities of \$5.1 million consisted primarily of capital expenditures for machinery and equipment.

Net cash used for financing activities for the first nine months of 2014 consisted of dividend payments of \$7.1 million and re-payment of \$9.8 million in short-term debt. During the second quarter of 2014, \$18.0 million was borrowed to fund the acquisition of Bayou City Pump Company. The ratio of current assets to current liabilities was 2.9 to 1 at September 30, 2014 and 3.1 to 1 at December 31, 2013.

On October 23, 2014, the Board of Directors of the Company declared a quarterly cash dividend of \$0.10 per share on the common stock of the company, payable December 10, 2014, to shareholders of record November 14, 2014. The cash dividend represents an 11.1% increase over the dividend paid in the previous quarter. This marks the 259<sup>th</sup> consecutive dividend paid by The Gorman-Rupp Company and the 42<sup>nd</sup> consecutive year of increased dividends paid to its shareholders.

The Company currently expects to continue its distinguished history of paying regular quarterly dividends and increased annual dividends. However, any future dividends will be reviewed individually and declared by our Board of Directors at its discretion, dependent on our assessment of the Company's financial condition and business outlook at the applicable time.

**Critical Accounting Policies**

Our critical accounting policies are described in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, and in the notes to our Consolidated Financial Statements for the year ended December 31, 2013 contained in our Fiscal 2013 Annual Report on Form 10-K. Any new accounting policies or updates to existing accounting policies as a result of new accounting pronouncements have been discussed in the notes to our Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q. The application of our critical accounting policies may require management to make judgments and estimates about the amounts reflected in the Consolidated Financial Statements. Management uses historical experience and all available information to make these estimates and judgments, and different amounts could be reported using different assumptions and estimates.

**Safe Harbor Statement**

In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, The Gorman-Rupp Company provides the following cautionary statement: This Form 10-Q contains various forward-looking statements based on assumptions concerning The Gorman-Rupp Company's operations, future results and prospects. These forward-looking statements are based on current expectations about important economic, political, and technological factors, among others, and are subject to risks and uncertainties, which could cause the actual results or events to differ materially from those set forth in or implied by the forward-looking statements and related assumptions.

**PART I CONTINUED**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS CONTINUED**

Such factors include, but are not limited to: (1) continuation of the current and projected future business environment, including interest rates and capital and consumer spending; (2) competitive factors and competitor responses to initiatives of The Gorman-Rupp Company; (3) successful development and market introductions of anticipated new products; (4) stability of government laws and regulations, including taxes; (5) stable governments and business conditions in emerging economies; (6) successful penetration of emerging economies; (7) unforeseen delays or disruptions in the New Orleans flood control project, including any further revisions to the timing of shipments for the project; (8) continuation of the favorable environment to make acquisitions, domestic and foreign, including regulatory requirements and market values of potential candidates and our ability to successfully integrate and realize the anticipated benefits of completed acquisitions; and (9) risks described from time to time in our reports filed with the Securities and Exchange Commission. Except to the extent required by law, we do not undertake and specifically decline any obligation to review or update any forward-looking statements or to publicly announce the results of any revisions to any of such statements to reflect future events or developments or otherwise.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The Company's foreign operations do not involve material risks due to their relative size, both individually and collectively. Approximately 90% of the Company's sales are domiciled within or originated from the United States. The Company is not exposed to material market risks as a result of its diversified export sales. Export sales generally are denominated in U.S. Dollars and made on open account or under letters of credit.

**ITEM 4. CONTROLS AND PROCEDURES**

**Evaluation of Disclosure Controls and Procedures**

The Company maintains a set of disclosure controls and procedures designed to ensure that information required to be disclosed by the Company in reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. The Company's disclosure controls and procedures are also designed to ensure that information required to be disclosed in Company reports filed under the Exchange Act of 1934 is accumulated and communicated to the Company's Management, including the principal executive officer and the principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

An evaluation was carried out under the supervision and with the participation of the Company's Management, including the principal executive officer and the principal financial officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report on Form 10-Q. Based on that evaluation, the principal executive officer and the principal financial officer have concluded that the Company's disclosure controls and procedures were effective as of September 30, 2014.

**Changes in Internal Control Over Financial Reporting**

There have been no changes in the Company's internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. Subsequent to the date of the evaluation, there have been no significant changes in the Company's internal control over financial reporting that could significantly affect the Company's internal control over financial reporting.

**PART II OTHER INFORMATION**

**ITEM 1. LEGAL PROCEEDINGS**

There are no material changes from the legal proceedings previously reported in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

**ITEM 1A. RISK FACTORS**

There are no material changes from the risk factors previously reported in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

**ITEM 6. EXHIBITS**
