Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On January 28, 2015, Daniel L. Menichella, our Vice President and Chief Business Officer, resigned to pursue another opportunity.

Our Board of Directors has appointed Stephen W. Potter to succeed Mr. Menichella as our Vice President and Chief Business Officer.

Mr. Potter has more than 15 years of experience as a senior executive in the biotechnology industry. He was employed most recently by NeoStem, Inc., a developer of cell-based therapeutics, where he served as Executive Vice President from July 2013 to the present, and was a member of the Board of Directors from February 2011 to July 2013. Previously, Mr. Potter was Senior Vice President of Operations and Corporate Development for Osiris Therapeutics, Inc., where he was part of the senior leadership team that achieved approval of the first-ever stem cell drug therapy, Prochymal[®]. He was also responsible for the launch and overall management of the Bio-Surgery business unit as well as operational oversight for multiple functional areas including manufacturing, human resources, IT, legal, and business development. From 2006 through 2010, Mr. Potter served as Senior Vice President of Corporate and Business Development at Genzyme Corporation and as Vice President of Corporate and Business Development from 2000 through 2006. Over his ten years at Genzyme, he was the senior leader for its global corporate and business development team that provided strategic and transaction support, including support for most of Genzyme's gene and cell therapy opportunities. Mr. Potter has also held positions at DuPont Pharmaceuticals, E.I. Dupont de Nemours and Company, Inc., and Booz Allen & Hamilton. Mr. Potter earned a B.S. from University of Massachusetts and an MBA from Harvard Business School.

A copy of our press release dated January 29, 2015 announcing the appointment of Mr. Potter and Mr. Menichella's resignation is attached as Exhibit 99.1 to this Current Report.
