Item 1.01. Entry into a Material Definitive Agreement.

On July 28, 2015, Pattern Energy Group Inc. (the Company) completed an unregistered Rule 144A offering (the Notes Offering) of \$225,000,000 aggregate principal amount of the Company's 4.00% Convertible Senior Notes due 2020 (the Notes) pursuant to a purchase agreement with Pattern US Finance Company LLC, as guarantor (the Guarantor), and Merrill Lynch, Pierce, Fenner & Smith Incorporated, BMO Capital Markets Corp. and Citigroup Global Markets Inc., acting as representatives of the several initial purchasers named therein (collectively, the Initial Purchasers). The Initial Purchasers have a 30-day option, exercisable until August 21, 2015, to purchase up to an additional \$33,750,000 aggregate principal amount of the Notes solely to cover over-allotments, if any. The Notes were offered and sold only to qualified institutional buyers (as defined in the Securities Act of 1933, as amended (the Securities Act)) pursuant to Rule 144A under the Securities Act and the Company's Offering Memorandum dated July 22, 2015.

The Company issued the Notes under an indenture dated as of July 28, 2015 (the Indenture) among the Company, the Guarantor and Deutsche Bank Trust Company Americas, as trustee (the Trustee). The Notes bear interest at a rate of 4.00% per annum from and including July 28, 2015, payable semiannually in arrears on January 15 and July 15 of each year, beginning on January 15, 2016. The Notes will mature on July 15, 2020, unless repurchased or converted in accordance with their terms prior to such date.

The Notes are unsecured obligations of the Company and are guaranteed on a senior unsecured basis by the Guarantor. The Notes are convertible into shares of the Company's Class A common stock, par value \$0.01 per share (the Class A Shares), at an initial conversion rate of 35.4925 Class A Shares per \$1,000 principal amount of Notes, which is equivalent to an initial conversion price of approximately \$28.175 per Class A Share and represents an approximately 22.5% conversion premium over the public offering price of \$23.00 per Class A Share in the Company's concurrent underwritten offering of Class A Shares. Conversions of the Notes will be settled, at the Company's election, in cash, Class A Shares or a combination thereof.

Upon a fundamental change (as defined in Section 1.01 of the Indenture), holders of the Notes may require the Company to repurchase all or part of their Notes at a fundamental change repurchase price in cash equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest to, if any, but excluding, the fundamental change repurchase date. In addition, if certain fundamental changes occur, the Company may be required in certain circumstances to increase the conversion rate for any Notes converted in connection with such fundamental changes by a specified number of Class A Shares as set forth in the Indenture. The Notes are not redeemable at the Company's option prior to maturity.

The Indenture contains customary terms and covenants, including that upon certain events of default occurring and continuing, either the Trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding may declare the unpaid principal of the Notes and accrued and unpaid interest, if any, thereon immediately due and payable. In the case of certain events of bankruptcy, insolvency or reorganization relating to the Company, the principal amount of the Notes together with accrued and unpaid interest, if any, thereon will automatically become and be immediately due and payable.

In connection with the issuance and sale by the Company of the Notes as described in Item 1.01 of this Current Report, the following exhibits are filed with this Current Report: (i) the Indenture (Exhibit 4.1 to this Current Report) and (ii) form of 4.00% Convertible Senior Note due 2020 (Exhibit 4.2 to this Current Report), each of which is incorporated herein by reference. This description is qualified in its entirety by reference to the detailed provisions of the Indenture and the form of 4.00% Convertible Senior Note due 2020 attached hereto as Exhibits 4.1 and 4.2, respectively.

The Notes have not been, and will not be, registered under the Securities Act. The Notes may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities

Act.
