RISK FACTORS

*An investment in the notes involves risk. You should consider carefully the following risk factors and the risk factors discussed under **Risk Factors** in the accompanying prospectus and **Item 3 Key Information Risk Factors** in our 2014 Form 20-F, which is incorporated herein by reference, as well as all other information included or incorporated by reference in this prospectus supplement or the accompanying prospectus, before deciding to invest in the notes.*

Changes in our credit ratings may adversely affect your investment in the notes.

We currently expect that, prior to issuance, the notes will be rated by one or more ratings agencies. The ratings of credit rating agencies assigned to the notes are not recommendations to purchase, hold or sell the notes, inasmuch as the ratings do not comment as to market prices or suitability for a particular investor, are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such ratings may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant, including as a result of increases in our leverage, any decline in our operating results or perceptions of the Broadcast and/or the Telecommunications sectors in which we operate. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value and liquidity of the notes and increase our corporate borrowing costs.

New Segment Presentation in 2014

Beginning in 2014, we adjusted our segment reporting. The Publishing business, which was previously presented as a separate reportable segment, was classified into the Other Businesses segment in the first quarter of 2014, since its operations were no longer significant to our consolidated financial statements taken as a whole.

Summary of Business Segment Results

The following tables set forth the net sales and operating segment income of each of our reportable business segments and intersegment sales, corporate expenses, depreciation and amortization and other income (expense), net for the three and nine months ended September 30, 2015 and 2014. Reportable segments are those that are based on our method of internal reporting to senior management for making operating decisions and evaluating performance of operating segments, and certain qualitative, grouping and quantitative criteria. As of September 30, 2015, we classified our operations into four business segments: Content, Sky, Telecommunications, and Other Businesses.

Seasonality

Our results of operations are seasonal. We typically recognize a disproportionately large percentage of our overall consolidated net sales (principally advertising) in the fourth quarter in connection with the holiday shopping season. For example, in 2014 and 2013, we recognized 30.0% and 29.1%, respectively, of our consolidated net sales in the fourth quarter of the year. Our costs, in contrast to our revenues, are more evenly incurred throughout the year and generally do not correlate to the amount of advertising sales.

IFT Ruling

In March 2015, the investigative authority of the *Instituto Federal de Telecomunicaciones*, or IFT, issued a preliminary opinion that presumed the probable existence of substantial power in the market of restricted television and audio services in Mexico, with respect to the Company and certain of our subsidiaries. On September 30, 2015, the Governing Board of the IFT determined that the Group does not have substantial power in such market. Although this resolution is final at the administrative level, our management cannot guarantee this resolution may not be challenged and whether such challenge may stand on its merits.

Table of Contents

Results of Operations for the Three Months Ended September 30, 2015 Compared to the Three Months Ended September 30, 2014

Total Segment Results

Net Sales

Net sales increased by Ps.2,425.9 million, or 12.2%, to Ps.22,255.6 million for the three months ended September 30, 2015 from Ps.19,829.7 million for the three months ended September 30, 2014. This increase was attributable to revenue growth across all of our business segments, principally in our Sky and Telecommunications segments, including the consolidation of two cable companies: Grupo Cable TV, S.A. de C.V., or Cablecom, starting September 1, 2014, and Cablevisión Red, S.A. de C.V., or Telecable, starting January 1, 2015.

Cost of Sales

Cost of sales increased by Ps.777.4 million, or 9.5%, to Ps.8,989.5 million for the three months ended September 30, 2015 from Ps.8,212.1 million for the three months ended September 30, 2014. This increase was due to higher costs, principally in our Sky and Telecommunications segments reflecting the consolidation of Cablecom and Telecable.

Selling Expenses

Selling expenses increased by Ps.99.6 million, or 5.1%, to Ps.2,049.4 million for the three months ended September 30, 2015 from Ps.1,949.8 million for the three months ended September 30, 2014. This increase was attributable to higher selling expenses primarily in our Telecommunications segment due to the consolidation of Cablecom and Telecable.

Administrative and Corporate Expenses

Administrative and corporate expenses increased by Ps.413.7 million, or 24.1%, to Ps.2,127.3 million for the three months ended September 30, 2015 from Ps.1,713.6 million for the three months ended September 30, 2014. This increase, mainly in our Telecommunications segment, was due to the consolidation of Cablecom and Telecable, which includes an increase of 38.7% in corporate expenses.

Corporate expense increased by Ps.138.4 million, to Ps.496.3 million compared to Ps.357.9 million in the third quarter 2014. The increase reflected primarily a higher share-based compensation expense.

Share-based compensation expense in the third quarter 2015 and 2014 amounted to Ps.325.0 million and Ps.224.4 million, respectively, and was accounted for as corporate expense. Share-based compensation expense is measured at fair value at the time the equity benefits are conditionally sold to officers and employees and is recognized over the vesting period.

Content

We categorize our sources of revenue in our Content segment as follows:

Advertising,

Network Subscription Revenue, and

Licensing and Syndication.

Given the cost structure of our Content segment, operating segment income is reported as a single line item.

S-13

Table of Contents

Advertising revenue is derived primarily from the sale of advertising time on our television broadcast operations, which include the production of television programming and broadcasting of Channels 2, 4, 5 and 9 (the television networks), as well as the sale of advertising time on programs provided to pay television companies in Mexico and in our internet business, and the production of television programming and broadcasting for local television stations in Mexico and the United States. The broadcasting of the television networks is performed by television repeater stations in Mexico which are wholly-owned, majority-owned or minority-owned by the Group or otherwise affiliated with our networks.

The Network Subscription Revenue is derived from domestic and international programming services provided to independent cable television systems in Mexico and our direct-to-home (DTH) satellite and cable television businesses. These programming services for cable and pay-per-view television companies are provided in Mexico, other countries in Latin America, the United States and Europe. The programming services consist of both programming produced by us and programming produced by third parties.

The Licensing and Syndication revenue is derived from international program licensing and syndication fees. Our television programming is licensed and syndicated to customers abroad, including Univision Communications Inc. (Univision).

The following table presents net sales and operating segment income in our Content segment, and the percentage of change when comparing third quarter 2015 with third quarter 2014:

	Three Months Ended September 30,		
	2015	2014	Change
	(Millions of Pesos)		(%)
Net Sales			
Advertising	Ps. 5,479.6	Ps. 6,015.4	(8.9)%
Network Subscription Revenue	934.7	718.5	30.1%
Licensing and Syndication	2,211.0	1,757.9	25.8%
Total Net Sales	Ps. 8,625.3	Ps. 8,491.8	1.6%
Operating Segment Income	Ps. 4,021.7	Ps. 4,042.0	(0.5)%

Content net sales, representing 37.8% and 42.0% of our total segment net sales for the three months ended September 30, 2015 and 2014, respectively, increased by Ps.133.5 million, or 1.6%, to Ps.8,625.3 million for the three months ended September 30, 2015, from Ps.8,491.8 million for the three months ended September 30, 2014.

Advertising revenue decreased by 8.9% to Ps.5,479.6 million for the three months ended September 30, 2015 from Ps.6,015.4 million for the three months ended September 30, 2014. The drop primarily resulted from the restructuring of our advertising sales efforts and the initial reaction from our advertising customers as we update our terms and conditions.

Network Subscription Revenue increased by 30.1% to Ps.934.7 million for the three months ended September 30, 2015 from Ps.718.5 million for the three months ended September 30, 2014. The growth was driven mainly by the sustained addition of pay-TV subscribers, both in Mexico and Latin America and to a lesser extent a positive translation effect on foreign-currency denominated revenues. During the third quarter 2015, we continued to produce

and transmit several of the leading pay-TV networks in Mexico in key categories, including general entertainment, music and lifestyle, and movies. Ten of the top 30 pay-TV networks in Mexico were produced by us.

Licensing and Syndication revenue increased by 25.8% to Ps.2,211.0 million for the three months ended September 30, 2015 from Ps.1,757.9 million for the three months ended September 30, 2014. The increase is explained mainly by a positive translation effect on foreign-currency denominated revenues. Royalties from

Table of Contents

Univision increased by 2.6% to US\$89.6 million for the three months ended September 30, 2015 from US\$87.4 million for the three months ended September 30, 2014. The other revenue components of Licensing and Syndication, royalties from Netflix and exports to the rest of the world, remained relatively stable.

Content operating segment income decreased by 0.5% to Ps.4,021.7 million for the three months ended September 30, 2015 from Ps.4,042.0 million for the three months ended September 30, 2014; the margin was 46.6%. The drop in the margin of 100 basis points from same quarter last year is mainly explained by i) the drop in our advertising revenues; and ii) an increase in programming costs. This effect was partially compensated by the absence of production costs related to the 2014 World Cup.

Sky

Sky net sales are primarily derived from program services, activation fees and equipment rental to subscribers, and national advertising sales.

Sky net sales, representing 21.4% and 22.2% of our total segment net sales for the three months ended September 30, 2015 and 2014, respectively, grew by 9.3% to Ps.4,894.8 million for the three months ended September 30, 2015 from Ps.4,476.8 million for the three months ended September 30, 2014. The increase was driven by solid growth in the subscriber base in Mexico which is explained by the continued success of Sky's low-cost offering. As of September 30, 2015, the number of net active subscribers increased to 7,053,731 (including 177,348 commercial subscribers), compared with 6,517,735 (including 170,907 commercial subscribers) as of September 30, 2014. Sky closed third quarter 2015 with 189,168 subscribers in Central America and the Dominican Republic.

Sky operating segment income increased by 9.1% to Ps.2,332.2 million for the three months ended September 30, 2015 from Ps.2,136.9 million for the three months ended September 30, 2014. The margin was 47.6%, in line with the margin reported in the same quarter last year. During the quarter, Sky experienced mainly higher programming and maintenance costs, and higher promotion expenses; which were partially compensated by lower personnel costs and marketing expenses.

Telecommunications

Telecommunications net sales are derived from the provision of telecommunication services, as well as advertising sales. Net sales relating to pay-TV services generally consist of monthly subscription fees for basic and premium service packages, fees charged for pay-per-view programming and, to a significantly lesser extent, monthly rental and one-time installation fees, broadband internet and telephone services subscription. The voice and data business derives revenues from providing data and long-distance services solutions to carriers and other telecommunications service providers through its fiber-optic network. Net sales relating to pay-TV advertising consist of revenues from the sale of advertising on Cablevisión, Cablemás, TVI, Cablecom (starting September 1, 2014), and Telecable (starting January 1, 2015). Rates are based on the day and time the advertising is aired, as well as the type of programming in which the advertising is aired. Pay-TV subscription and advertising rates are adjusted periodically in response to inflation and in accordance with market conditions.

Telecommunications net sales, representing 32.0% and 26.2% of our total segment net sales for the three months ended September 30, 2015 and 2014, respectively, increased by 37.5% to Ps.7,294.3 million for the three months ended September 30, 2015 from Ps.5,305.1 million for the three months ended September 30, 2014 driven by growth in all of our cable platforms and the consolidation, for the full quarter, of Ps.1,632.1 million revenues from Cablecom and Telecable. Excluding Cablecom and Telecable, third-quarter sales from our cable and network operations increased by 13.8%.

Voice and data revenue generating units, or RGUs, grew by 52.5% and 33.9% compared with the third quarter 2014, respectively, and video RGUs grew by 19.2%. Excluding the acquisition of Telecable, voice and

Table of Contents

data RGUs, grew by 45.0% and 25.7% compared with the third quarter 2014, respectively, while Video RGUs grew by 5.0%.

Telecommunications operating segment income increased by 50.1% to Ps.2,973.4 million for the three months ended September 30, 2015 from Ps.1,981.6 million for the three months ended September 30, 2014, and the margin reached 40.8%, an increase of 340 basis points from the same quarter last year. These results primarily reflect the consolidation of Cablecom and Telecable, which contributed with Ps.808.2 million to operating segment income in the third quarter 2015, continued growth in the cable platforms and Bestel, and lower telecom equipment costs. These favorable variances were partially offset by the increase in maintenance costs, programming costs, leasing expenses, and personnel costs and expenses during the quarter. Excluding Cablecom and Telecable, for the full quarter, operating segment income increased by 18.7%.

The following table sets forth the breakdown of RGUs per service type for our Telecommunications segment as of September 30, 2015 and 2014.

	2015	2014
Video	3,948,428	3,312,431
Broadband (data)	2,900,771	2,165,641
Voice	1,750,249	1,147,897
RGUs	8,599,448	6,625,969

Other Businesses

Other Businesses net sales are primarily derived from the promotion of sports and special events in Mexico, the distribution of feature films, gaming, radio and publishing distribution. Beginning in 2014, we adjusted our segment reporting. The Publishing business, which was previously presented as a separate reportable segment, was classified into the Other Businesses segment in the first quarter of 2014, since its operations were no longer significant to our consolidated financial statements taken as a whole.

Other Businesses net sales, represented 8.8% and 9.6% of our total segment net sales for the three months ended September 30, 2015 and 2014, respectively, increased by 3.7% to Ps.2,008.7 million for the three months ended September 30, 2015 from Ps.1,936.6 million for the three months ended September 30, 2014. This increase is explained mainly by i) an increase in the revenues of our feature-film distribution business in Mexico and the United States; and ii) an increase in the revenues of our gaming business as a result of an increase in the number of electronic gaming machines. This effect was partially offset by a decrease in the revenues of our publishing distribution business and our soccer business.

Other Businesses operating segment income increased by 70.4% to Ps.258.4 million for the three months ended September 30, 2015 from Ps.151.6 million for the three months ended September 30, 2014, and the margin reached 12.9%. These results reflect a smaller operating segment loss in our feature-film distribution business, as well as an increase in the operating segment income of our gaming and soccer businesses. This effect was partially offset by an increase in the operating segment loss of our publishing business.

Depreciation and Amortization

Depreciation and amortization expense increased by Ps.934.9 million, or 32.8%, to Ps.3,783.9 million for the three months ended September 30, 2015, from Ps.2,849.0 million for the three months ended September 30, 2014. This change primarily reflected an increase in such expense in our Sky and Telecommunications segments, due to the consolidation of Cablecom and Telecable (Cablecom and Telecable contributed with Ps.520.2 million to this expense in the third quarter 2015).

S-16

Table of Contents**Other Expense, Net**

Other expense, net, decreased by Ps.3,852.9 million to Ps.693.7 million for the three months ended September 30, 2015 from Ps.4,546.6 million for the three months ended September 30, 2014. This decrease reflected primarily the absence of a Ps.4,168.5 million non-cash loss on disposition of our former 50% joint venture investment in the Iusacell telecom business in the third quarter 2014, which was partially offset by a higher expense related to financial advisory and professional services, a non-recurrent severance expense in connection with dismissals of personnel in our Content, Telecommunications and Other Businesses segments, and a higher loss on disposition of property and equipment.

Other expense, net, for the three months ended September 30, 2015, included primarily expense related to financial advisory and professional services, a non-recurrent severance expense in connection with dismissals of personnel, loss on disposition of property and equipment, and donations.

Non-operating Results**Finance Income or Expense, Net**

The following table sets forth the finance income (expense), net, stated in millions of Mexican pesos for the three months ended September 30, 2015, and 2014.

	3Q 15	3Q 14	(Decrease) increase
Interest expense	Ps. (1,557.4)	Ps. (1,421.4)	Ps. (136.0)
Interest income	130.5	330.0	(199.5)

Finance income (expense), net	Ps. 5,445.9	Ps. (437.2)	Ps. 5,883.1

Finance income or expense, net, changed by Ps.5,883.1 million to a finance income, net of Ps.5,445.9 million for the three months ended September 30, 2015 from a finance expense, net, of Ps.437.2 million for the three months ended September 30, 2014. This favorable change reflected a Ps.6,402.2 million increase in other finance income, net, resulting primarily from (i) our conversion in July 2015 of Debentures issued by Univision Holdings, Inc. or UHI (formerly, Broadcasting Media Partners, Inc.), the controlling company of Univision, into warrants that are exercisable for UHI's common stock, which included, as a consideration for such conversion, a cash amount of US\$135.1 million (Ps.2,195.0 million) received from UHI; and (ii) a Ps.4,718.2 million reclassification from accumulated other comprehensive income in consolidated equity in connection with a cumulative gain related to changes in fair value of such Debentures, which effect was partially offset by the absence of a favorable change in fair value in the third quarter 2014 of the embedded derivative related to our option to convert our former Debentures in shares of capital stock of UHI. The favorable variance in other finance income, net, was partially offset by (i) a Ps.136.0 million increase in interest expense, due primarily to a higher average principal amount of debt and finance lease obligations in the third quarter 2015; (ii) a Ps.199.5 million decrease in interest income explained primarily by the absence of interest income from our former investments in convertible Debentures, as well as a reduction in applicable interest rates; and (iii) a Ps.183.6 million increase in foreign exchange loss resulting primarily from the effect of a 7.9% depreciation of the Mexican peso against the U.S. dollar on our average net US dollar liability

position for the three months ended September 30, 2015, compared with a 3.2% depreciation on a higher US dollar liability position for the three months ended September 30, 2014.

Share of Income or Loss of Joint Ventures and Associates, Net

Share of income or loss of joint ventures and associates, net, changed by Ps.135.5 million to a share of loss of Ps.19.1 million for the three months ended September 30, 2015 from a share of income of Ps.116.4 million for

the three months ended September 30, 2014. This unfavorable change reflected mainly a lower share of income of UHI, the controlling company of Univision.

Income Taxes

Income taxes increased by Ps.3,187.0 million to Ps.3,252.9 million for the three months ended September 30, 2015 compared with Ps.65.9 million for the three months ended September 30, 2014. This increase reflected primarily a higher tax base.

Net Income Attributable to Non-controlling Interests

Net income attributable to non-controlling interests decreased by Ps.114.8 million, or 32.4%, to Ps.239.9 million for the three months ended September 30, 2015 compared with Ps.354.7 million for the three months ended September 30, 2014. This decrease reflected primarily a lower portion of net income attributable to non-controlling interests in our Sky and Telecommunications segments.

Net Income or Loss Attributable to Stockholders of the Company

Net income or loss attributable to stockholders of the Company amounted to a net income of Ps.6,545.8 million for the three months ended September 30, 2015 compared with a net loss of Ps.182.8 million for the three months ended September 30, 2014. The favorable net change of Ps.6,728.6 million reflected (i) a Ps.200.3 million increase in income before other expense, net; (ii) a Ps.3,852.9 million favorable change in other income or expense, net; (iii) a Ps.5,883.1 million favorable change in finance income or expense, net; and (iv) a Ps.114.8 million decrease in net income attributable to non-controlling interests. These favorable variances were offset by (i) a Ps.135.5 million unfavorable change in share of income or loss of joint ventures and associates, net; and (ii) a Ps.3,187.0 million increase in income taxes.

Results of Operations for the Nine Months Ended September 30, 2015 Compared to the Nine Months Ended September 30, 2014**Total Segment Results***Net Sales*

Net sales increased by Ps.7,002.6 million, or 12.5%, to Ps.63,100.7 million for the nine months ended September 30, 2015 from Ps.56,098.1 million for the nine months ended September 30, 2014. This increase was attributable to revenue growth in our Telecommunications and Sky segments, including the consolidation of two cable companies: Cablecom, starting September 1, 2014, and Telecable, starting January 1, 2015.

Cost of Sales

Cost of sales increased by Ps.2,383.8 million, or 9.9%, to Ps.26,472.6 million for the nine months ended September 30, 2015 from Ps.24,088.8 million for the nine months ended September 30, 2014. This increase was due to higher costs in all our business segments, principally in our Telecommunications and Sky segments reflecting the consolidation of Cablecom and Telecable.

Selling Expenses

Selling expenses increased by Ps.549.9 million, or 9.9%, to Ps.6,124.0 million for the nine months ended September 30, 2015 from Ps.5,574.1 million for the nine months ended September 30, 2014. This increase was attributable to higher selling expenses primarily in our Telecommunications and Sky segments due to the consolidation of Cablecom and Telecable.

S-18

Table of Contents**Administrative and Corporate Expenses**

Administrative and corporate expenses increased by Ps.1,072.0 million, or 21.1%, to Ps.6,156.4 million for the nine months ended September 30, 2015 from Ps.5,084.4 million for the nine months ended September 30, 2014. This increase, mainly in our Telecommunications segment, was due to the consolidation of Cablecom and Telecable, which includes an increase of 34.5% in corporate expenses.

Corporate expense increased by Ps.364.2 million, to Ps.1,421.0 million for the nine months ended September 30, 2015, from Ps.1,056.8 million for the nine months ended September 30, 2014. The increase reflected primarily a higher share-based compensation expense.

Share-based compensation expense in for the nine months ended September 30, 2015 and for the nine months ended September 30, 2014 amounted to Ps.874.5 million and Ps.620.4 million, respectively, and was accounted for as corporate expense. The increase of Ps.254.1 million reflected primarily a higher number of our *Certificado de Participación Ordinarios*, or CPOs, conditionally sold to officers and employees in our Telecommunications segment, as well as the increase in the market price of our CPO from last year.

Content

The following table presents net sales and operating segment income in our Content segment, and the percentage of change when comparing the nine months ended September 30, 2015 with the nine months ended September 30, 2014:

	Nine Months Ended September 30,		
	2015	2014	Change
	(Millions of Pesos)		(%)
Net Sales			
Advertising	Ps. 15,342.0	Ps. 16,832.7	(8.9)%
Network Subscription Revenue	2,610.5	2,078.7	25.6%
Licensing and Syndication	5,616.7	4,827.8	16.3%
Total Net Sales	Ps. 23,569.2	Ps. 23,739.2	(0.7)%
Operating Segment Income	Ps. 10,009.2	Ps. 10,399.7	(3.8)%

Content net sales, representing 36.5% and 41.6% of our total segment net sales for the nine months ended September 30, 2015 and 2014, respectively, decreased by Ps.170.0 million, or 0.7%, to Ps.23,569.2 million for the nine months ended September 30, 2015 from Ps.23,739.2 million for the nine months ended September 30, 2014.

Advertising revenue decreased by 8.9%. This effect was due to the restructuring of our advertising sales efforts and the initial reaction from our advertising customers as we update our terms and conditions, as well as the absence of the revenue generated by the transmission of the 2014 Soccer World Cup, and by new regulation effective July 2014 that restricts television advertising for high-caloric foods and beverages during certain time slots. For the 2015 nine months period, advertising on pay-TV networks represented 6.5% of our total advertising revenues.

Network Subscription Revenue increased by 25.6% for the nine months ended September 30, 2015 from the nine months ended September 30, 2014. The growth was driven mainly by the sustained addition of pay-TV subscribers,

both in Mexico and Latin America and to a lesser extent a positive translation effect on foreign-currency denominated revenues. The Group continued to produce and transmit several of the leading pay-TV networks in Mexico in key categories, including general entertainment, music and lifestyle, and movies.

The increase in Licensing and Syndication revenue of 16.3% for the nine months ended September 30, 2015 from the nine months ended September 30, 2014 is explained mainly by a positive translation effect on foreign-

currency denominated revenues, an increase in revenues from exports to Asia and Africa and royalties from Netflix. These increases were partially offset by a decrease of 2.5% in royalties from Univision, from U.S.\$236.2 million in the 2014 nine months period to U.S.\$230.2 million in the 2015 nine months period.

Content operating segment income decreased by Ps.390.5 million, or 3.8%, to Ps.10,009.2 million for the nine months ended September 30, 2015 from Ps.10,399.7 million for the nine months ended September 30, 2014. The margin was 42.5%. The drop in the margin of 130 basis points from 2014 nine months period is mainly explained by the decrease in advertising revenues and an increase in programming costs.

Sky

Sky net sales, representing 22.1% and 22.8% of our total segment net sales for the nine months ended September 30, 2015 and 2014, respectively, increased by Ps.1,231.8 million, or 9.5%, to Ps.14,241.0 million for the nine months ended September 30, 2015 from Ps.13,009.2 million for the nine months ended September 30, 2014. The increase was driven by solid growth in the subscriber base in Mexico, which is explained by the continued success of Sky's low-cost offering.

Sky operating segment income increased by Ps.588.6 million, or 9.5%, to Ps.6,755.2 million for the nine months ended September 30, 2015 from Ps.6,166.6 million for the nine months ended September 30, 2014. The margin was 47.4% in both the 2015 and 2014 nine months periods. The increase reflects an increase in sales and was partially offset by higher programming costs and promotion expenses.

Telecommunications

Telecommunications net sales, representing 32.4% and 25.7% of our total segment net sales for the nine months ended September 30, 2015 and 2014, respectively, increased by Ps.6,209.0 million, or 42.2%, to Ps.20,918.4 million for the nine months ended September 30, 2015 from Ps.14,709.4 million for the nine months ended September 30, 2014. This increase includes the consolidation in the 2015 nine months period, of Ps.4,776.1 million revenues from Cablecom and Telecable. Excluding Cablecom and Telecable, the 2015 nine months period sales experienced a growth of 12.3%.

Telecommunications operating segment income increased by Ps.3,008.4 million, or 55.8%, to Ps.8,395.4 million for the nine months ended September 30, 2015 from Ps.5,387.0 million for the nine months ended September 30, 2014. These results primarily reflect the consolidation of Cablecom and Telecable, which contributed with Ps.2,297.9 million to operating segment income, continued growth in the cable platforms and Bestel, and lower equipment and long distance service costs. These favorable variances were partially offset by the increase in signal costs, maintenance costs, and personnel costs. Excluding Cablecom and Telecable, the 2015 nine months period operating segment income increased by 16.6%.

Other Businesses

Other Businesses net sales, represented 9.0% and 9.9% of our total segment net sales for the nine months ended September 30, 2015 and 2014, respectively, increased by Ps.153.0 million, or 2.7%, to Ps.5,823.9 million for the nine months ended September 30, 2015 from Ps.5,670.9 million for the nine months ended September 30, 2014. This increase was driven primarily by the gaming business which benefited from higher revenues from our electronic gaming machines, and to a lesser extent, by an increase in our soccer, radio and feature-film distribution businesses. These increases were partially offset by a decrease in revenues of our publishing and publishing distribution businesses.

Other Businesses operating segment income increased by Ps.154.6 million, or 34.0%, to Ps.608.9 million for the nine months ended September 30, 2015 from Ps.454.3 million for the nine months ended September 30, 2014. This increase reflects: (i) an increase in the operating segment income of gaming, soccer, and radio; (ii) in

S-20

Table of Contents

feature-film distribution business, the operating segment loss in 2014 changed to an income in 2015; and, (iii) a smaller operating segment loss in our publishing distribution business. These effects were partially offset by a change from the operating segment income of our publishing business in the 2014 nine months period, to an operating segment loss in the 2015 nine months period.

Depreciation and Amortization

Depreciation and amortization expense increased by Ps.2,558.5 million, or 31.3%, to Ps.10,739.8 million for the nine months ended September 30, 2015 from Ps.8,181.3 million for the nine months ended September 30, 2014. This change primarily reflected an increase in such expense in our Telecommunications and Sky segments (Cablecom and Telecable contributed with Ps.1,519.2 million to this expense in the 2015 nine months period).

Other Income or Expense, Net

Other income or expense, net, changed by Ps.4,794.8 million to other income, net, of Ps.35.0 million for the nine months ended September 30, 2015 from other expense, net, of Ps.4,759.8 million for the nine months ended September 30, 2014. This favorable change reflected primarily the absence of a Ps.4,168.5 million non-cash loss on disposition of our former 50% joint venture investment in the Iusacell telecom business in third-quarter 2014, as well as a non-recurring income of US\$67.6 million (Ps.1,038.3 million) from Univision as a result of the early termination of a technical assistance agreement with Univision, which cash proceeds were received by us in April 2015. These favorable variances were partially offset by a higher other expense related to financial advisory and professional services, a non-recurrent severance expense in connection with dismissals of personnel in our Content, Telecommunications and Other Businesses segments, and a higher loss on disposition of property and equipment.

Other income, net, for the nine months ended September 30, 2015 included primarily non-recurring income from Univision as discussed above, which was partially offset by other expense related to financial advisory and professional services, a non-recurrent severance expense in connection with dismissals of personnel, loss on disposition of property and equipment, and donations.

This favorable change reflected a Ps.6,852.4 million increase in other finance income , net, resulting primarily from (i) our conversion in July 2015 of debentures issued by UHI (formerly, Broadcasting Media Partners, Inc.), the controlling company of Univision, into warrants that are exercisable for UHI s common stock, which included, as a consideration for such conversion, a cash amount of US\$135.1 million (Ps.2,195.0 million) received from UHI; and (ii) a Ps.4,718.2 million reclassification from

accumulated other comprehensive income in consolidated equity in connection with a cumulative gain related to changes in fair value of such debentures, which effect was partially offset by the absence of a favorable change in fair value in the nine months ended September 30, 2014. This favorable variance in other finance income, net, was partially offset by (i) a Ps.508.6 million increase in interest expense, due primarily to a higher average principal amount of debt and finance lease obligations in the nine months ended September 30, 2015; (ii) a Ps.125.8 million decrease in interest income explained primarily by the absence of interest income from our former investments in convertible debentures, as well as a reduction in applicable interest rates; and (iii) a Ps.1,601.6 million increase in foreign exchange loss resulting primarily from the effect of a 14.7% depreciation of the Mexican peso against the U.S. dollar on our average net unhedged US dollar liability position for the nine months ended September 30, 2015 compared with a 2.7% depreciation on a higher US dollar liability position for the nine months ended September 30, 2014.

This unfavorable change reflected mainly a net loss attributable to stockholders of UHI, the controlling company of Univision, for the nine months ended September 30, 2015, compared with a net income attributable to stockholders of UHI for the nine months ended September 30, 2014.

Income Taxes

Net income attributable to non-controlling interests decreased by Ps.105.1 million, or 9.4%, to Ps.1,010.4 million for the nine months ended September 30, 2015 compared with Ps. 1,115.5 million for the nine months ended September 30, 2014. This decrease reflected primarily a lower portion of net income attributable to non-controlling interests in our Sky and Telecommunications segments.

Net Income or Loss Attributable to Stockholders of the Company

Net income or loss attributable to stockholders of the Company amounted to a net income of Ps.9,327.9 million for the nine months ended September 30, 2015 compared with a net income of Ps.2,882.7 million for the nine months ended September 30, 2014. The increase of Ps.6,445.2 million reflected (i) a Ps.438.4 million increase in income before other expense, net; (ii) a Ps.4,794.8 million favorable change in other income or expense, net; (iii) a Ps.4,616.4 million favorable change in finance income or expense, net; and (iv) a Ps.105.1 million decrease in net income attributable to non-controlling interests. These favorable variances were offset by (i) a Ps.315.8 million unfavorable change in share of income or loss of joint ventures and associates, net; and (ii) a Ps.3,193.7 million increase in income taxes.

Liquidity, Foreign Exchange and Capital Resources

Liquidity. We generally rely on a combination of operating revenues, borrowings and net proceeds from dispositions to fund our working capital needs, capital expenditures, acquisitions and investments. Historically, we have received, and we expect to continue to receive, most of our advertising revenues in the form of upfront advertising deposits in

the fourth quarter of a given year, which we in turn have used, and expect to continue to use, to fund our cash requirements during the rest of the quarter in which the deposits were received and for the first three quarters of the following year. As of December 31, 2014 and 2013, we had received Ps.16,695.9

The deposits as of December 31, 2014, represented a 11.5% decrease, as compared to year-end 2013. Approximately 59.3% and 60.4% of the advance payment deposits as of December 31, 2014 and 2013, respectively, were in the form of short-term, non-interest bearing notes, with the remaining deposits in each of those years consisting of cash deposits. The weighted average maturity of these notes at December 31, 2014 and 2013, was 4.5 months and 4.9 months, respectively.

During the nine months ended September 30, 2015, we had a net increase in cash and cash equivalents of Ps.214.6 million, as compared to a net increase in cash and cash equivalents of Ps.9,981.9 million during the nine months ended September 30, 2014.

Net cash provided by operating activities for the nine months ended September 30, 2015, amounted to Ps.19,895.5 million. In the nine months ended September 30, 2015 and the year ended December 31, 2014, we relied on a combination of cash from operations, cash on hand, borrowings and net proceeds from dispositions to fund our capital expenditures, acquisitions and investments. We expect to fund our operating cash needs and capital expenditures during 2016, as well as potential capital expenditures, investments and /or acquisitions going forward, which could be substantial in size, through a combination of cash from operations, cash on hand, equity, and/or borrowings. The amount of borrowings required to fund these cash needs in 2016 will depend upon the timing of such transactions and the timing of cash payments from advertisers under our advertising sales plan.

Capital Expenditures, Acquisition and Investments

During the nine months ended September 30, 2015, we invested approximately US\$1,057.5 million in property, plant and equipment as capital expenditures. In January 2015, we acquired, through a series of transactions, all of the equity interest of Telecable for an aggregate consideration of Ps.10,002 million. Telecable is a telecommunications company that provides video, data and telephone services primarily in six states of Mexico.

In May 2015, our segment Sky launched satellite SKYM-1, the first satellite owned-and-operated by Sky. SKYM-1, which has 24 transponders and an estimated useful life of 15 years, will provide direct-to-home broadcast services to Mexico, Central America and the Caribbean allowing Sky to expand capacity and bring to the markets it serves the most comprehensive high-definition channel offering.

In July 2015, we exercised a portion of our investment in warrants issued by UHI for a number of shares of common stock of UHI, and increased our equity stake in this associate from 7.8% to 10%. This non-cash transaction amounted to US\$107.4 million (Ps.1,695.5 million). In addition to these transactions we amended our existing Program Licensing Agreement with Univision.

Table of Contents**DESCRIPTION OF THE NOTES**

The notes are to be issued under an indenture, dated as of August 8, 2000, as amended or supplemented, including two supplemental indentures, each to be dated as of November 24, 2015, which we collectively refer to as the indenture, among Televisa, as issuer, The Bank of New York Mellon, as trustee, registrar, paying agent and transfer agent, and The Bank of New York Mellon (Luxembourg) S.A., as Luxembourg paying agent and transfer agent. The following summary of certain provisions of the indenture and the notes does not purport to be complete and is subject to, and qualified in its entirety by, reference to the provisions of the indenture, including the definitions of certain terms contained in the indenture. Capitalized terms not defined in this section of the prospectus supplement have meanings as set forth in the indenture. We will file a copy of the indenture with the U.S. Securities and Exchange Commission. Upon request, we will provide you with a copy of the indenture. See **Where You Can Find More Information** in the accompanying prospectus for information concerning how to obtain a copy.

In this section, references to Televisa, we, us and our are to Grupo Televisa, S.A.B. only and do not include our subsidiaries or affiliates. References to the 2026 notes are to the 4.625% Senior Notes due 2026 offered hereby. References to the 2046 notes are to the 6.125% Senior Notes due 2046 offered hereby. References to the notes are, collectively, to the 2026 notes and the 2046 notes. References to holders mean those who have notes registered in their names on the books that we or the trustee maintain for this purpose, and not those who own beneficial interests in notes issued in book-entry form through The Depository Trust Company, which is referred to in this offering circular as DTC or the depository, or in notes registered in street name.

General

The indenture does not limit the aggregate principal amount of senior debt securities which may be issued under the indenture and provides that Televisa may issue senior debt securities from time to time in one or more series. The senior debt securities which Televisa may issue under the indenture, including the notes, are collectively referred to in this prospectus supplement as the senior debt securities. The 2026 notes will constitute a single series of senior debt securities under the indenture, and the 2046 notes will constitute a single series of senior debt securities under the indenture. The notes will be unsecured senior obligations of Televisa. Televisa may reopen the indenture and issue additional notes of the same series as the 2026 notes or 2046 notes offered hereby, without the consent of the holders of the 2026 notes or 2046 notes. The 2026 notes and the 2046 notes, as applicable, and the additional notes, if any, will be treated as a single series for all purposes of the indenture, including waivers and amendments.

The 2026 notes will bear interest at the rate of 4.625% per annum from the date of original issuance or from the most recent date to which interest has been paid or duly provided for, payable semi-annually on January 30 and July 30 of each year, each of which is referred to in this prospectus supplement as an interest payment date, commencing on July 30, 2016 to the persons in whose names the 2026 notes are registered at the close of business on the fifteenth calendar day preceding the interest payment date. Interest payable at maturity will be payable to the person to whom principal will be payable on that date. Interest on the 2026 notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months. The maturity date for the 2026 notes is January 30, 2026.

The 2046 notes will bear interest at the rate of 6.125% per annum from the date of original issuance or from the most recent date to which interest has been paid or duly provided for, payable semi-annually on January 31 and July 31 of each year, each of which is referred to in this prospectus supplement as an interest payment date, commencing on July 31, 2016 to the persons in whose names the 2046 notes are registered at the close of business on the fifteenth calendar day preceding the interest payment date. Interest payable at maturity will be payable to the person to whom principal will be payable on that date. Interest on the 2046 notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months. The maturity date for the 2046 notes is January 31, 2046.

Table of Contents

If any interest payment date or the maturity date would be a day that is not a business day, the related payment of interest and/or principal will be made on the next succeeding business day as if it were made on the date the payment was due, and no interest will accrue on the amounts so payable for the period from and after the interest payment date or the maturity date, as the case may be, to the next succeeding business day. A business day means any day that is both (i) a day other than a Saturday, Sunday or other day on which banking institutions in New York City, Mexico City or Luxembourg are authorized or obligated by law, regulation or executive order to close and (ii) a day on which banks and financial institutions in Mexico City are open for business with the general public. The notes will not be subject to any sinking fund.

The indenture does not contain any provision that would limit the ability of Televisa to incur indebtedness or limit the ability of Televisa to substantially reduce or eliminate its assets or that would afford the holders of the notes protection in the event of a decline in Televisa's credit quality or a takeover, recapitalization or highly leveraged or similar transaction involving Televisa. In addition, subject to the limitations set forth under Merger and Consolidation, Televisa may, in the future, enter into certain transactions, including the sale of all or substantially all of its assets or the merger or consolidation of Televisa, that would increase the amount of Televisa's indebtedness or substantially reduce or eliminate Televisa's assets, which may have an adverse effect on Televisa's ability to service its indebtedness, including the notes.

The notes will be issued only in registered form without coupons and in minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof.

Except in limited circumstances, the notes will be issued in the form of global notes. See Form, Denomination and Registration.

In the event that, as a result of certain changes in law affecting Mexican withholding taxes, Televisa becomes obliged to pay additional amounts in excess of those attributable to a Mexican withholding tax rate of 4.9%, the notes will be redeemable, as a whole but not in part, at Televisa's option at any time at 100% of their principal amount plus accrued and unpaid interest, if any. See Withholding Tax Redemption.

Ranking and Holding Company Structure

We are a holding company with no significant operating assets other than through our ownership of shares of our subsidiaries and cash and cash equivalents. We receive substantially all of our operating income from our subsidiaries. The notes will be solely our unsecured senior obligations ranking *pari passu* among themselves and with other unsecured senior obligations, including the 8.5% Senior Notes due 2032, the 6.625% Senior Notes due 2025, the 8.49% Senior Notes due 2037, the 6.0% Senior Notes due 2018, the 6.625% Senior Notes due 2040, the 7.25% Senior Notes due 2043 and the 5.000% Senior Notes due 2045. Claims of creditors of our subsidiaries, including trade creditors and banks and other lenders, will have priority over the claims of holders of the notes with respect to the assets of our subsidiaries. At September 30, 2015, our subsidiaries had Ps.50,952.7 million (equivalent to U.S.\$3,009.3 million) of liabilities (excluding liabilities to us and excluding guarantees by subsidiaries of indebtedness of Televisa), that will effectively rank senior to the notes. As of September 30, 2015, on a non-consolidated basis, Televisa had Ps.100,792.9 million (equivalent to U.S.\$5,952.8 million) of aggregate liabilities (not including the notes offered hereby and excluding liabilities to subsidiaries). These liabilities include Ps.86,367.2 million (equivalent to U.S.\$5,100.9 million) of indebtedness, all of which would have effectively ranked equal to the notes. See Risk Factors Risk Factors Related to the Senior Debt Securities We Are a Holding Company With Our Assets Held Primarily by Our Subsidiaries; Creditors of Those Companies Have a Claim on Their Assets That Is Effectively Senior to That of Holders of the Senior Debt Securities in the accompanying prospectus.

Payments

Televisa will make payments of principal, and premium, if any, and interest on book-entry notes through the trustee to the depository, which will initially be DTC. See Form, Denomination and Registration. For notes

issued in certificated form, Televisa will pay interest that is due on an interest payment date by check mailed on the interest payment date to the holder at the holder's address shown on the trustee's records as of the close of business on the regular record date, and Televisa will make all other payments by check to the paying agent described below, against surrender of the note. All payments by check may be made in next-day funds, that is, funds that become available on the day after the check is cashed. If Televisa issues notes in certificated form, holders of notes in certificated form will be able to receive payments of principal and interest on their notes at the office of Televisa's paying agent maintained in New York City. Televisa will pay interest due on the maturity date or a redemption date of a certificated note to the person to whom payment of the principal and premium, if any, will be made. Notwithstanding the foregoing, a holder of U.S.\$10.0 million or more in aggregate principal amount of certificated 2026 notes or 2046 notes, as applicable, will be entitled to receive interest payments, if any, on any interest payment date other than the maturity date by wire transfer of immediately available funds if appropriate wire transfer instructions have been received in writing by, and are acceptable to, the trustee not less than 15 calendar days prior to the interest payment date. Any wire transfer instructions received by the trustee will remain in effect until revoked by the holder. Any interest not punctually paid or duly provided for on a certificated note on any interest payment date other than the maturity date or a redemption date will cease to be payable to the holder of the note as of the close of business on the related record date and may be paid either (1) to the person in whose name the certificated note is registered at the close of business on a special record date for the payment of the defaulted interest that is fixed by Televisa, written notice of which will be given to the holders of the notes not less than 10 calendar days prior to the special record date, or (2) at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the notes may be listed, and upon such notice as may be required by such securities exchange, as provided in the indenture.

All monies paid by Televisa to the trustee or any paying agent for the payment of principal of, and premium and interest on, any note which remains unclaimed for two years after the principal, premium or interest is due and payable may be repaid to Televisa and, after that payment, the holder of the note will look only to Televisa for payment.

Form, Denomination and Registration

The notes will be issued only in registered form without coupons and in denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof, unless otherwise specified.

We will issue the notes in global form, without interest coupons. Notes issued in global form will be represented, at least initially, by one or more notes. Upon issuance, global notes will be deposited with the trustee as custodian for DTC, and registered in the name of Cede & Co., as nominee of DTC. Ownership of beneficial interests in each global note will be limited to persons who have accounts with DTC, whom we refer to as DTC participants, or persons who hold interests through DTC participants. We expect that, under procedures established by DTC, ownership of beneficial interests in each global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC participants) and the records of DTC participants (with respect to other owners of beneficial interests in the notes).

Beneficial interests in the notes may be credited within DTC to Euroclear Bank S.A./N.V. and Clearstream, Luxembourg Banking, société anonyme on behalf of the owners of such interests. We refer to Euroclear S.A./N.V. and Clearstream, Luxembourg Banking, société anonyme as Euroclear and Clearstream, Luxembourg, respectively.

Investors may hold their interests in the notes directly through DTC, or indirectly through Euroclear or Clearstream, Luxembourg, if they are participants in those systems, or indirectly through organizations that are participants in those systems.

Beneficial interests in the notes may not be exchanged for notes in physical, certificated form except in the limited circumstances described below under Certificated Notes.

S-28

Table of Contents

So long as DTC or its nominee is the registered owner of a global note, DTC or its nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global note:

will not be entitled to have notes represented by the global note registered in their names;

will not receive or be entitled to receive physical, certificated notes; and

will not be considered the registered owners or holders of the notes under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee under the indenture.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of notes under the indenture (and, if the investor is not a participant in DTC, on the procedures of the DTC participant through which the investor owns its interest).

Payments of principal, premium, if any, and interest with respect to the notes represented by a global note will be made by the trustee to DTC's nominee as the registered holder of the global note. Neither we nor the trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a global note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising or reviewing any records of DTC relating to those interests.

Payments by participants and indirect participants in DTC to the owners of beneficial interests in a global note will be governed by standing instructions and customary practices and will be the responsibility of those participants or indirect participants and not of DTC, its nominee or us.

Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds. Transfers between participants in Euroclear or Clearstream, Luxembourg will be effected in the ordinary way under the rules and operating procedures of those systems.

Cross-market transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg participants, on the other hand, will be effected within DTC through the DTC participants that are acting as depositaries for Euroclear and Clearstream, Luxembourg. To deliver or receive an interest in a global note held in a Euroclear or Clearstream, Luxembourg account, an investor must send transfer instructions to Euroclear or Clearstream, Luxembourg, as the case may be, under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, Euroclear or Clearstream, Luxembourg, as the case may be, will send instructions to its DTC depository to take action to effect final settlement by delivering or receiving interests in the relevant notes in DTC, and making or receiving payment under normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream, Luxembourg participants may not deliver instructions directly to the DTC depositories that are acting for Euroclear or Clearstream, Luxembourg.

Because of time zone differences, the securities account of a Euroclear or Clearstream, Luxembourg participant that purchases an interest in a global note from a DTC participant will be credited on the business day for Euroclear or Clearstream, Luxembourg immediately following the DTC settlement date. Cash received in Euroclear or

Clearstream, Luxembourg from the sale of an interest in a global note to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account as of the business day for Euroclear or Clearstream, Luxembourg following the DTC settlement date.

Same Day Settlement and Payment

The underwriters will settle the notes in global form in immediately available funds. We will make all payments of principal and interest on the notes in global form in immediately available funds. Secondary market

trading between participants in DTC, Euroclear or Clearstream, Luxembourg, will occur in accordance with the applicable rules and operating procedures of DTC, Euroclear or Clearstream, Luxembourg, and will be settled using the procedures applicable to securities in immediately available funds.

Information Relating to the Depository. The following is based on information furnished by the depository:

The depository will act as the depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co., which is the depository's partnership nominee. Fully registered global notes will be issued for the notes in the aggregate principal amount of the issue, and will be deposited with the depository.

The depository is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. The depository holds securities that its participants deposit with the depository. The depository also facilitates the settlement among participants of securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes to participants' accounts, thereby eliminating the need for physical movement of notes certificates. Direct participants of the depository include securities brokers and dealers, including the initial purchaser of the notes, banks, trust companies, clearing corporations and certain other organizations. The depository is owned by a number of its direct participants, including the underwriters of the notes and by the New York Stock Exchange, Inc., the NYSE MKT LLC, and the Financial Industry Regulatory Authority, Inc. Access to the depository's system is also available to indirect participants, which includes securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to the depository and its participants are on file with the SEC.

Purchases of notes under the depository's system must be made by or through direct participants, which will receive a credit for the notes on the depository's record. The ownership interest of each beneficial owner, which is the actual purchaser of each note, represented by global notes, is in turn to be recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from the depository of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participants through which the beneficial owner entered into the transaction. Transfers of ownership interests in the global notes representing the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners of the global notes representing the notes will not receive certificated notes representing their ownership interests therein, except in the limited circumstances described below.

To facilitate subsequent transfers, all global notes representing the notes which are deposited with, or on behalf of, the depository are registered in the name of the depository's nominee, Cede & Co. The deposit of global notes with, or on behalf of, the depository and their registration in the name of Cede & Co. effect no change in beneficial ownership. The depository has no knowledge of the actual beneficial owners of the global notes representing the notes; the depository's records reflect only the identity of the direct participants to whose accounts the notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by the depository to direct participants, by direct participants to indirect participants, and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither the depositary nor Cede & Co. will consent or vote with respect to the global notes representing the notes. Under its usual procedure, the depositary mails an omnibus proxy to Televisa as soon

S-30

Table of Contents

as possible after the applicable record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the applicable record date (identified in a listing attached to the omnibus proxy).

Principal, premium, if any, and/or interest payments on the global notes representing the notes will be made to the depository. The depository's practice is to credit direct participants' accounts on the applicable payment date in accordance with their respective holdings shown on the depository's records unless the depository has reason to believe that it will not receive payment on the date. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of the participant and not of the depository, the trustee or Televisa, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and/or interest to the depository is the responsibility of Televisa or the trustee, disbursement of the payments to direct participants will be the responsibility of the depository, and disbursement of the payments to the beneficial owners will be the responsibility of direct and indirect participants.

The depository may discontinue providing its services as securities depository with respect to the notes at any time by giving reasonable notice to Televisa or the trustee. Under such circumstances, in the event that a successor securities depository is not obtained, certificated notes are required to be printed and delivered.

Televisa may decide to discontinue use of the system of book-entry transfers through the depository or a successor securities depository. In that event, certificated notes will be printed and delivered.

Although the depository, Euroclear and Clearstream, Luxembourg have agreed to the procedures described above in order to facilitate transfers of interests in the global notes among participants of the depository, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform these procedures, and these procedures may be discontinued at any time. Neither the trustee nor Televisa will have any responsibility for the performance by the depository, Euroclear or Clearstream, Luxembourg or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Trading. Transfers between participants in the depository will be effected in the ordinary way in accordance with the depository's rules and operating procedures, while transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Certificated Notes

We will issue notes to you in certificated registered form only if:

DTC is no longer willing or able to discharge its responsibilities properly, and neither the trustee nor we have appointed a qualified successor within 90 days; or

we, at our option, notify the trustee that we elect to cause the issuance of certificated notes; or

certain other events provided in the indenture should occur, including the occurrence and continuance of an event of default with respect to the notes.

If any of these events occurs, we will reissue the notes in fully certificated registered form and the trustee will recognize the registered holders of the certificated notes as holders under the indenture.

In the event that we issue certificated securities under the limited circumstances described above, then holders of certificated securities may transfer their notes in whole or in part upon the surrender of the certificate

to be transferred, together with a completed and executed assignment form endorsed on the definitive note, at the office or agency maintained by Televisa for this purpose in the Borough of Manhattan, The City of New York, currently the office of the trustee at 101 Barclay Street, Floor 7-East, New York, New York 10286 or at the office of The Bank of New York Mellon (Luxembourg) S.A., our paying and transfer agent in Luxembourg, at Vertigo Building, Polaris, 2-4 rue Eugène Ruppert, L-2453 Luxembourg. Copies of this assignment form may be obtained at the offices of the transfer agent in New York City. Each time that we transfer or exchange a new note in certificated form for another note in certificated form, and after the transfer agent receives a completed assignment form, we will make available for delivery the new definitive note at the offices of the transfer agent in New York City.

Alternatively, at the option of the person requesting the transfer or exchange, we will mail, at that person's risk, the new definitive note to the address of that person that is specified in the assignment form. Neither Televisa nor the trustee will charge a service charge for any registration of transfer or exchange of notes, but Televisa may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with the transfer or exchange (other than exchanges pursuant to the indenture not involving any transfer). Televisa will maintain a paying and transfer agent in Luxembourg for so long as any notes are listed on the Luxembourg Stock Exchange for trading on the Euro MTF market.

In addition, if we issue notes in certificated form, then we will make payments of principal of, interest on and any other amounts payable under the notes to holders in whose names the notes in certificated form are registered at the close of business on the record date for these payments. If the notes are issued in certificated form, we will make payments of principal and any redemption payments and premium, if any, upon presentation and surrender by the holder of the notes at the office or agency maintained by Televisa for this purpose in the Borough of Manhattan, The City of New York, currently the office of the trustee at 101 Barclay Street, 7-East, New York, New York 10286. We have also initially appointed The Bank of New York Mellon (Luxembourg) S.A. at its office at Vertigo Building, Polaris, 2-4 rue Eugène Ruppert, L-2453, Luxembourg, to act as a Luxembourg paying agent.

Unless and until we issue the notes in fully-certificated, registered form,

you will not be entitled to receive a certificate representing your interest in the notes;

all references in this prospectus supplement to actions by holders will refer to actions taken by a depository upon instructions from their direct participants; and

all references in this prospectus supplement to payments and notices to holders will refer to payments and notices to the depository as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

The information in this subsection Form, Denomination and Registration concerning the depository, Euroclear and Clearstream, Luxembourg and their respective book-entry systems has been obtained from the depository, Euroclear and Clearstream, Luxembourg but Televisa takes responsibility solely for the accuracy of its extraction of this information.

Certain Covenants

The indenture provides that the covenants set forth below are applicable to Televisa and its Restricted Subsidiaries.

Limitation on Liens. Televisa will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur or assume any Lien, except for Permitted Liens, on any Principal Property to secure the payment of Funded Indebtedness of Televisa or any Restricted Subsidiary if, immediately after the creation, incurrence or assumption of such Lien the sum of (without duplication) (A) the aggregate outstanding principal amount of all Funded Indebtedness of Televisa and the Restricted Subsidiaries that is secured by Liens (other than Permitted Liens) on any Principal Property and (B) the Attributable Debt relating to any Sale and Leaseback

Transaction which would otherwise be subject to the provisions of clause 2(A)(i) of the Limitation on Sale and Leaseback covenant would exceed the greater of (x) U.S.\$300.0 million and (y) 15% of Adjusted Consolidated Net Tangible Assets, unless effective provision is made whereby the notes (together with, if Televisa shall so determine, any other Funded Indebtedness ranking equally with the notes, whether then existing or thereafter created) are secured equally and ratably with (or prior to) such Funded Indebtedness (but only for so long as such Funded Indebtedness is so secured). For purposes of this covenant, the value of any Lien on any Principal Property securing Funded Indebtedness will be computed on the basis of the lesser of (i) the outstanding principal amount of such secured Funded Indebtedness and (ii) the higher of (x) the book value or (y) the Fair Market Value of the Principal Property securing such Funded Indebtedness.

The foregoing limitation on Liens shall not apply to the creation, incurrence or assumption of the following Liens (Permitted Liens):

- (1) Any Lien which arises out of a judgment or award against Televisa or any Restricted Subsidiary with respect to which Televisa or such Restricted Subsidiary at the time shall be prosecuting an appeal or proceeding for review (or with respect to which the period within which such appeal or proceeding for review may be initiated shall not have expired) and with respect to which it shall have secured a stay of execution pending such appeal or proceedings for review or with respect to which Televisa or such Restricted Subsidiary shall have posted a bond and established adequate reserves (in accordance with Mexican GAAP) for the payment of such judgment or award;
- (2) Liens arising from the rendering of a final judgment or order against Televisa or any Restricted Subsidiary of Televisa that would not, with notice, passage of time or both, give rise to an event of default;
- (3) Liens incurred or deposits made to secure indemnity obligations in respect of the disposition of any business or assets of Televisa or any Restricted Subsidiary; provided that the property subject to such Lien does not have a Fair Market Value in excess of the cash or cash equivalent proceeds received by Televisa and its Restricted Subsidiaries in connection with such disposition;
- (4) Liens resulting from the deposit of funds or evidences of Indebtedness in trust for the purpose of discharging or defeasing Indebtedness of Televisa or any Restricted Subsidiary;

(12) Liens on the rights of Televisa or any Restricted Subsidiary to licensing, royalty and other similar payments in respect of programming or films and all proceeds therefrom; and

Limitation on Sale and Leaseback. Televisa will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction; provided that Televisa or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

(1) the gross cash proceeds of the Sale and Leaseback Transaction are at least equal to the Fair Market Value, as determined in good faith by the Board of Directors and set forth in a resolution delivered to the trustee, of the Principal Property that is the subject of the Sale and Leaseback Transaction; and

(2) either

(A) Televisa or the Restricted Subsidiary, as applicable, either (i) could have incurred a Lien to secure Funded Indebtedness in an amount equal to the Attributable Debt relating to such Sale and Leaseback Transaction pursuant to the Limitation on Liens covenant, or (ii) makes effective provision whereby the notes (together with, if Televisa shall so determine, any other Funded Indebtedness ranking equally with the notes, whether then existing or thereafter created) are secured equally and ratably with (or prior to) the obligations of Televisa or the Restricted Subsidiary under the lease of such Principal Property, or

(B) within 360 days, Televisa or the Restricted Subsidiary either (i) applies an amount equal to the Attributable Debt in respect of such Sale and Leaseback Transaction to purchase the notes or to retire, defease or prepay (in whole or in part) other Funded Indebtedness, or (ii) enters into a bona fide commitment to expend for the acquisition or improvement of a Principal Property an amount at least equal to the Attributable Debt in respect of such Sale and Leaseback Transaction.

Designation of Restricted Subsidiaries. Televisa may designate an Unrestricted Subsidiary as a Restricted Subsidiary or designate a Restricted Subsidiary as an Unrestricted Subsidiary at any time; *provided* that (1) immediately after giving effect to such designation, Televisa and its Restricted Subsidiaries would have been permitted to incur at least U.S.\$1.00 of additional Funded Indebtedness secured by a Lien pursuant to the Limitation on Liens covenant (other than Funded Indebtedness permitted to be secured by a Lien pursuant to the provisions of the definition of Permitted Liens), (2) no default or event of default shall have occurred and be continuing, and (3) an Officers Certificate with

respect to such designation is delivered to the trustee within 75 days after the end of the fiscal quarter of Televisa in which such designation is made (or, in the case of a designation made during the last fiscal quarter of Televisa's fiscal year, within 120 days after the end of such fiscal year), which Officers' Certificate shall state the effective date of such designation. Televisa has designated as Unrestricted Subsidiaries all of its Subsidiaries other than those subsidiaries engaged in television

broadcasting, pay television networks and programming exports (other than the subsidiaries which operate Bay City Television) and will deliver the required Officers Certificate with respect thereto to the trustee, on or prior to the date of initial issuance of the notes pursuant to the indenture.

Repurchase of Notes upon a Change of Control. Televisa must commence, within 30 days of the occurrence of a Change of Control, and consummate an Offer to Purchase all notes then outstanding, at a purchase price equal to 101% of the principal amount of the notes on the date of repurchase, plus accrued interest (if any) to the date of purchase. Televisa is not required to make an Offer to Purchase following a Change of Control if a third party makes an Offer to Purchase that would be in compliance with the provisions described in this covenant if it were made by Televisa and such third party purchases (for the consideration referred to in the immediately preceding sentence) the notes validly tendered and not withdrawn. Prior to the mailing of the notice to holders and publishing such notice to holders in a daily newspaper of general circulation in Luxembourg commencing such Offer to Purchase, but in any event within 30 days following any Change of Control, Televisa covenants to (i) repay in full all indebtedness of Televisa that would prohibit the repurchase of the notes pursuant to such Offer to Purchase or (ii) obtain any requisite consents under instruments governing any such indebtedness of Televisa to permit the repurchase of the notes. Televisa shall first comply with the covenant in the preceding sentence before it repurchases notes upon a Change of Control pursuant to this covenant.

The covenant requiring Televisa to repurchase the notes will, unless consents are obtained, require Televisa to repay all Indebtedness then outstanding, which by its terms would prohibit such note repurchase, either prior to or concurrently with such note repurchase. There can be no assurance that Televisa will have sufficient funds available at the time of any Change of Control to make any debt payment (including repurchases of notes) required by the foregoing covenant (as well as by any covenant contained in other securities of Televisa which might be outstanding at the time).

Additional Amounts. All payments of amounts due in respect of the notes by Televisa will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Mexico, any political subdivision thereof or any agency or authority of or in Mexico (Taxes) unless the withholding or deduction of such Taxes is required by law or by the interpretation or administration thereof. In that event, Televisa will pay such additional amounts (Additional Amounts) as may be necessary in order that the net amounts receivable by the holders after such withholding or deduction shall equal the respective amounts which would have been receivable in respect of the notes, in the absence of such withholding or deduction, which Additional Amounts shall be due and payable when the amounts to which such Additional Amounts relate are due and payable; except that no such Additional Amounts shall be payable with respect to:

(i) any Taxes which are imposed on, or deducted or withheld from, payments made to the holder or beneficial owner of a note by reason of the existence of any present or former connection between the holder or beneficial owner of the note (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, trust, corporation or partnership) and Mexico (or any political subdivision or territory or possession thereof or area subject to its jurisdiction) (including, without limitation, such holder or beneficial owner (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) (x) being or having been a citizen or resident thereof, (y) maintaining or having maintained an office, permanent establishment, fixed base or branch therein, or (z) being or having been present or engaged in a trade or business therein) other than the mere holding of such note or the receipt of amounts due in respect thereof;

(ii) any estate, inheritance, gift, sales, stamp, transfer or personal property Tax;

(iii) any Taxes that are imposed on, or withheld or deducted from, payments made to the holder or beneficial owner of a note to the extent such Taxes would not have been so imposed, deducted or withheld but for the failure by such holder or beneficial owner of such note to comply with any certification, identification, information, documentation or other reporting requirement concerning the nationality,

residence, identity or connection with Mexico (or any political subdivision or territory or possession thereof or area subject to its jurisdiction) of the holder or beneficial owner of such note if (x) such compliance is required or imposed by a statute, treaty, regulation, rule, ruling or administrative practice in order to make any claim for exemption from, or reduction in the rate of, the imposition, withholding or deduction of any Taxes, and (y) at least 60 days prior to the first payment date with respect to which Televisa shall apply this clause (iii), Televisa shall have notified all the holders of notes, in writing, that such holders or beneficial owners of the notes will be required to provide such information or documentation;

(iv) any Taxes imposed on, or withheld or deducted from, payments made to a holder or beneficial owner of a note at a rate in excess of the 4.9% rate of Tax in effect on the date hereof and uniformly applicable in respect of payments made by Televisa to all holders or beneficial owners eligible for the benefits of a treaty for the avoidance of double taxation to which Mexico is a party without regard to the particular circumstances of such holders or beneficial owners (provided that, upon any subsequent increase in the rate of Tax that would be applicable to payments to all such holders or beneficial owners without regard to their particular circumstances, such increased rate shall be substituted for the 4.9% rate for purposes of this clause (iv)), but only to the extent that (x) such holder or beneficial owner has failed to provide on a timely basis, at the reasonable request of Televisa (subject to the conditions set forth below), information, documentation or other evidence concerning whether such holder or beneficial owner is eligible for benefits under a treaty for the avoidance of double taxation to which Mexico is a party if necessary to determine the appropriate rate of deduction or withholding of Taxes under such treaty or under any statute, regulation, rule, ruling or administrative practice, and (y) at least 60 days prior to the first payment date with respect to which Televisa shall make such reasonable request, Televisa shall have notified the holders of the notes, in writing, that such holders or beneficial owners of the notes will be required to provide such information, documentation or other evidence;

(v) to or on behalf of a holder of a note in respect of Taxes that would not have been imposed but for the presentation by such holder for payment on a date more than 15 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to holders, whichever occurs later, except to the extent that the holder of such note would have been entitled to Additional Amounts in respect of such Taxes on presenting such note for payment on any date during such 15-day period;

(vi) any Taxes imposed under Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the Internal Revenue Code) as of the Closing Date (or any amended or successor version that is substantively comparable) and any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b)(1) of the Internal Revenue Code, any intergovernmental agreement between a non-U.S. jurisdiction and the United States with respect to the foregoing or any law, regulation or practice adopted pursuant to any such intergovernmental agreement;

(vii) any withholding or deductions imposed on a payment to or for the benefit of the beneficial owner of a note required to be made pursuant to the European Council Directive 2003/48/EC (the Directive) or any law implementing or introduced in order to conform to, such Directive; or

(viii) any combination of (i), (ii), (iii), (iv), (v), (vi) or (vii) above (the Taxes described in clauses (i) through (vii), for which no Additional Amounts are payable, are hereinafter referred to as Excluded Taxes).

Notwithstanding the foregoing, the limitations on Televisa's obligation to pay Additional Amounts set forth in clauses (iii) and (iv) above shall not apply if (a) the provision of information, documentation or other evidence described in such clauses (iii) and (iv) would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a holder or beneficial owner of a note (taking into account any relevant differences between U.S. and Mexican law, rules, regulations or administrative practice) than comparable information or other reporting

requirements imposed under U.S. tax law, regulations and administrative practice (such as IRS Forms W-8BEN, W-8BEN-E and W-9) or (b) Rule 3.18.18 issued by the *Secretaría de Hacienda y Crédito Público* (Ministry of Finance and Public Credit) or a substantially similar successor of such rule is in

effect, unless the provision of the information, documentation or other evidence described in clauses (iii) and (iv) is expressly required by statute, regulation, rule, ruling or administrative practice in order to apply Rule 3.18.18 (or a substantially similar successor of such rule), Televisa cannot obtain such information, documentation or other evidence on its own through reasonable diligence and Televisa otherwise would meet the requirements for application of Rule 3.18.18 (or such successor of such rule). In addition, such clauses (iii) and (iv) shall not be construed to require that a non-Mexican pension or retirement fund or a non-Mexican financial institution or any other holder register with the Ministry of Finance and Public Credit for the purpose of establishing eligibility for an exemption from or reduction of Mexican withholding tax or to require that a holder or beneficial owner certify or provide information concerning whether it is or is not a tax-exempt pension or retirement fund.

At least 30 days prior to each date on which any payment under or with respect to the notes is due and payable, if Televisa will be obligated to pay Additional Amounts with respect to such payment (other than Additional Amounts payable on the date of the indenture), Televisa will deliver to the trustee an Officers Certificate stating the fact that such Additional Amounts will be payable and the amounts so payable, and will set forth such other information necessary to enable the trustee to pay such Additional Amounts to holders on the payment date. Whenever either in the indenture or in this prospectus supplement there is mentioned, in any context, the payment of principal (and premium, if any), redemption price, interest or any other amount payable under or with respect to any note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

In the event that Televisa has become or would become required to pay any Additional Amounts in excess of those attributable to Taxes that are imposed, deducted or withheld at a rate of 4.9% as a result of certain changes affecting Mexican tax laws, Televisa may redeem all, but not less than all, of the notes, at any time at 100% of the principal amount, together with accrued and unpaid interest thereon, if any, to the redemption date. See Withholding Tax Redemption.

Televisa will provide the trustee with documentation evidencing the payment of Mexican taxes in respect of which Televisa has paid any Additional Amounts. Copies of such documentation will be made available to the holders or the paying agent, as applicable, upon request therefor.

In addition, Televisa will pay any stamp, issue, registration, documentary or other similar taxes and other duties (including interest and penalties) (a) payable in Mexico or the United States (or any political subdivision of either jurisdiction) in respect of the creation, issue and offering of the notes, and (b) payable in Mexico (or any political subdivision thereof) in respect of the subsequent redemption or retirement of the notes (other than, in the case of any subsequent redemption or retirement, Excluded Taxes; except for this purpose, the definition of Excluded Taxes will not include those defined in clause (ii) thereof).

The foregoing provisions with regard to Additional Amounts will apply separately to the 2026 notes and the 2046 notes.

Optional Redemption

We will not be permitted to redeem the notes before their stated maturity, except as set forth below. The notes will not be entitled to the benefit of any sinking fund meaning that we will not deposit money on a regular basis into any separate account to repay your notes. In addition, you will not be entitled to require us to repurchase your notes from you before the stated maturity, except as provided under Certain Covenants Repurchase of Notes upon a Change of Control.

Table of Contents***Optional Redemption With Make-Whole Amount***

Prior to October 30, 2025, we will have the right at our option to redeem any of the 2026 notes in whole or in part, at any time or from time to time on at least 30 days but not more than 60 days notice, at a redemption price equal to the greater of (1) 100% of the principal amount of such 2026 notes and (2) the sum calculated by us of the present values of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 40 basis points (the *Make-Whole Amount*), plus in each case accrued interest on the principal amount of the 2026 notes to the date of redemption. On or after October 30, 2025, we will have the right at our option to redeem any of the 2026 notes in whole or in part, at any time or from time to time on at least 30 days but not more than 60 days notice, at a redemption price equal to 100% of the principal amount of such 2026 notes, plus accrued interest on the principal amount of the 2026 notes to the date of redemption.

Prior to July 31, 2045, we will have the right at our option to redeem any of the 2046 notes in whole or in part, at any time or from time to time on at least 30 days but not more than 60 days notice, at a redemption price equal to the greater of (1) 100% of the principal amount of such 2046 notes and (2) the sum calculated by us of the present values of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 50 basis points (the *Make-Whole Amount*), plus in each case accrued interest on the principal amount of the 2046 notes to the date of redemption. On or after July 31, 2045, we will have the right at our option to redeem any of the 2046 notes in whole or in part, at any time or from time to time on at least 30 days but not more than 60 days notice, at a redemption price equal to 100% of the principal amount of such 2046 notes, plus accrued interest on the principal amount of the 2046 notes to the date of redemption.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Comparable Treasury Issue means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such notes.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by us.

Comparable Treasury Price means, with respect to any redemption date (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if we obtain fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

Reference Treasury Dealer means each of Goldman, Sachs & Co., HSBC Securities (USA) Inc. and Morgan Stanley & Co. LLC or their respective affiliates which are primary United States government securities dealers and two other leading primary United States government securities dealers in New York City reasonably designated by us; provided, however, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a *Primary Treasury Dealer*), we will substitute therefor another Primary Treasury Dealer.

Reference Treasury Dealer Quotation means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue

(expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer at 3:30 pm New York time on the third business day preceding such redemption date.

On and after the redemption date, interest will cease to accrue on the notes or any portion of the notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with the trustee money sufficient to pay the redemption price of and (unless the redemption date shall be an interest payment date) accrued interest to the redemption date on the notes to be redeemed on such date. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by the trustee by such method as the trustee shall deem fair and appropriate in accordance with the procedures of DTC.

Withholding Tax Redemption

The notes are subject to redemption (**Withholding Tax Redemption**) at any time (a **Withholding Tax Redemption Date**), as a whole but not in part, at the election of Televisa, at a redemption price equal to 100% of the unpaid principal amount thereof plus accrued and unpaid interest, if any, to and including the **Withholding Tax Redemption Date** (the **Withholding Tax Redemption Price**) if, as a result of (i) any change in or amendment to the laws, rules or regulations of Mexico, or any political subdivision or taxing authority or other instrumentality thereof or therein, or (ii) any amendment to or change in the rulings or interpretations relating to such laws, rules or regulations made by any legislative body, court or governmental or regulatory agency or authority (including the enactment of any legislation and the publication of any judicial decision or regulatory determination) of Mexico, or any political subdivision or taxing authority or other instrumentality thereof or therein, or (iii) any official interpretation, application or pronouncement by any legislative body, court or governmental or regulatory agency or authority that provides for a position with respect to such laws, rules or regulations that differs from the theretofore generally accepted position, which amendment or change is enacted, promulgated, issued or announced or which interpretation, application or pronouncement is issued or announced, in each case, after the Closing Date, Televisa has become or would become required to pay any Additional Amounts (as defined above) in excess of those attributable to Taxes (as defined above) that are imposed, deducted or withheld at a rate of 4.9% on or from any payments under the notes. See **Additional Amounts** and **Taxation** **Federal Mexican Taxation**.

The election of Televisa to redeem the notes shall be evidenced by a certificate (a **Withholding Tax Redemption Certificate**) of a financial officer of Televisa, which certificate shall be delivered to the trustee. Televisa shall, not less than 35 days nor more than 45 days prior to the **Withholding Tax Redemption Date**, notify the trustee in writing of such **Withholding Tax Redemption Date** and of all other information necessary to the giving by the trustee of notices of such **Withholding Tax Redemption**. The trustee shall be entitled to rely conclusively upon the information so furnished by Televisa in the **Withholding Tax Redemption Certificate** and shall be under no duty to check the accuracy or completeness thereof. Such notice shall be irrevocable and upon its delivery Televisa shall be obligated to make the payment or payments to the trustee referred to therein at least two Business Days prior to such **Withholding Tax Redemption Date**.

Notice of **Withholding Tax Redemption** shall be given by the trustee to the holders, in accordance with the provisions under **Notices**, upon the mailing by first-class postage prepaid to each registered holder at the address of such holder as it appears in the Register not less than 30 days nor more than 60 days prior to the **Withholding Tax Redemption Date**.

The notice of **Withholding Tax Redemption** shall state:

- (i) the Withholding Tax Redemption Date;
- (ii) the Withholding Tax Redemption Price;
- (iii) the sum of all other amounts due to the holders under the notes and the indenture;
- (iv) that on the Withholding Tax Redemption Date, the Withholding Tax Redemption Price will become due and payable upon each such note so to be redeemed;

Table of Contents

(v) the place or places, including the offices of our paying agent in Luxembourg, where such notes so to be redeemed are to be surrendered for payment of the Withholding Tax Redemption Price; and

(vi) the ISIN number of the notes.

Notice of Withholding Tax Redemption having been given as aforesaid, the notes so to be redeemed shall, on the Withholding Tax Redemption Date, become due and payable at the Withholding Tax Redemption Price therein specified. Upon surrender of any such notes for redemption in accordance with such notice, such notes shall be paid by the paying agent on behalf of Televisa on the Withholding Tax Redemption Date; provided that moneys sufficient therefor have been deposited with the trustee for the holders.

Notwithstanding anything to the contrary herein or in the indenture or in the notes, if a Withholding Tax Redemption Certificate has been delivered to the trustee and Televisa shall have paid to the trustee for the benefit of the holders (i) the Withholding Tax Redemption Price and (ii) all other amounts due to the holders and the trustee under the notes and the indenture, then neither the holders nor the trustee on their behalf shall any longer be entitled to exercise any of the rights of the holders under the notes, other than the rights of the holders to receive payment of such amounts from the paying agent, and the occurrence of an event of default whether before or after such payment by Televisa to the trustee for the benefit of the holders shall not entitle either the holders or the trustee on their behalf after such payment to declare the principal of any notes then outstanding to be due and payable on any date prior to the Withholding Tax Redemption Date. The funds paid to the trustee shall be used to redeem the notes on the Withholding Tax Redemption Date.

The foregoing provisions with regard to Withholding Tax Redemption will apply separately to the 2026 notes and the 2046 notes.

Merger and Consolidation

Televisa may not consolidate with or merge into, or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its assets and the properties and assets of its Subsidiaries (taken as a whole) as an entirety to any entity or entities (including limited liability companies) unless (1) the successor entity or entities, each of which shall be organized under the laws of Mexico or of the United States or a State thereof, shall assume by supplemental indenture all the obligations of Televisa under the notes and the indenture, (2) immediately after giving effect to the transaction or series of transactions, no default or event of default shall have occurred and be continuing and (3) if, as a result of such transaction, properties or assets of Televisa would become subject to an encumbrance which would not be permitted by the terms of the notes, Televisa or the successor entity or entities shall take such steps as are necessary to secure such notes equally and ratably with all indebtedness secured thereunder; provided, that notwithstanding the foregoing, nothing herein shall prohibit Televisa or a Restricted Subsidiary from selling, assigning, transferring, leasing, conveying or otherwise disposing of any of Televisa's Subsidiaries that are Unrestricted Subsidiaries at the date of the indenture or any interest therein or any assets thereof. Thereafter, all such obligations of Televisa shall terminate.

Events of Default

The term "event of default" means any one of the following events with respect to any series of senior debt securities, including the notes:

(1) default in the payment of any interest on any senior debt security of the series, or any Additional Amounts payable with respect thereto, when the interest becomes or the Additional Amounts become due and payable, and continuance

of the default for a period of 30 days;

(2) default in the payment of the principal of or any premium on any senior debt security of the series, or any Additional Amounts payable with respect thereto, when the principal or premium becomes or the Additional Amounts become due and payable at their maturity;

(4) default in the deposit of any sinking fund payment when and as due by the terms of a senior debt security of the series;

(5) default in the performance, or breach, of any covenant or warranty of Televisa in the indenture or the senior debt securities (other than a covenant or warranty a default in the performance or the breach of which is elsewhere in the indenture specifically dealt with or which has been expressly included in the indenture solely for the benefit of a series of senior debt securities other than the relevant series), and continuance of the default or breach for a period of 60 days after there has been given, by registered or certified mail, to Televisa by the trustee or to Televisa and the trustee by the holders of at least 25% in principal amount of the outstanding senior debt securities of the series, a written notice specifying the default or breach and requiring it to be remedied and stating that the notice is a Notice of Default under the indenture;

(6) if any event of default as defined in any mortgage, indenture or instrument under which there may be issued, or by which there may be secured or evidenced, any Indebtedness of Televisa or any Material Subsidiary of Televisa, whether the Indebtedness now exists or shall hereafter be created, shall happen and shall result in Indebtedness in aggregate principal amount (or, if applicable, with an issue price and accreted original issue discount) in excess of U.S.\$100.0 million becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, and (i) the acceleration shall not be rescinded or annulled, (ii) such Indebtedness shall not have been paid or (iii) Televisa or such Material Subsidiary shall not have contested such acceleration in good faith by appropriate proceedings and have obtained and thereafter maintained a stay of all consequences that would have a material adverse effect on Televisa, in each case within a period of 30 days after there shall have been given, by registered or certified mail, to Televisa by the trustee or to Televisa and the trustee by the holders of at least 25% in principal amount of the outstanding senior debt securities of the series then outstanding, a written notice specifying the default or breaches and requiring it to be remedied and stating that the notice is a Notice of Default or other notice as prescribed in the indenture; *provided, however*, that if after the expiration of such period, such event of default shall be remedied or cured by Televisa or be waived by the holders of such Indebtedness in any manner authorized by such mortgage, indenture or instrument, then the event of default with respect to such series of senior debt securities or by reason thereof shall, without further action by Televisa, the trustee or any holder of senior debt securities of such series, be deemed cured and not continuing;

(7) the entry by a court having competent jurisdiction of:

(b) a decree or order adjudging Televisa or any Material Subsidiary to be insolvent, or approving a petition seeking reorganization, arrangement, adjustment or composition of Televisa or any Material Subsidiary, which decree or order shall remain unstayed and in effect for a period of 60 consecutive days; or

(c) a final and non-appealable order appointing a custodian, receiver, liquidator, assignee, trustee or other similar official of Televisa or any Material Subsidiary or of any substantial part of the property of Televisa or any Material Subsidiary or ordering the winding up or liquidation of the affairs of Televisa;

(8) the commencement by Televisa or any Material Subsidiary of a voluntary proceeding under any applicable bankruptcy, insolvency, reorganization or other similar law or of a voluntary proceeding seeking to be adjudicated

- (9) modify any of the above provisions.

The holders of not less than a majority in aggregate principal amount of the senior debt securities of any series may, on behalf of the holders of all senior debt securities of the series, waive compliance by Televisa with certain restrictive provisions of the indenture. The holders of not less than a majority in aggregate principal amount of the outstanding

senior debt securities of any series may, on behalf of the holders of all senior debt securities of the series, waive any past default and its consequences under the indenture with respect to the senior debt securities of the series, except a default:

in the payment of principal (or premium, if any), or any interest on or any Additional Amounts with respect to senior debt securities of the series; or

Under the indenture, Televisa is required to furnish the trustee annually a statement as to performance by Televisa of certain of its obligations under the indenture and as to any default in the performance. Televisa is also required to deliver to the trustee, within five days after becoming aware thereof, written notice of any event of default or any event which after notice or lapse of time or both would constitute an event of default.

The indenture contains provisions permitting Televisa and the trustee, without the consent of any holders of notes, to enter into a supplemental indenture, among other things, for purposes of curing any ambiguity or correcting or supplementing any provisions contained in the indenture or in any supplemental indenture or making other provisions in regard to the matters or questions arising under the indenture or any supplemental indenture as the Board of Directors of Televisa deems necessary or desirable and which does not adversely affect the interests of the holders of notes in any material respect. Televisa and the trustee, without the consent of any holders of notes, may also enter into a supplemental indenture to establish the forms or terms of any series of senior debt securities as are not otherwise inconsistent with any of the provisions of the indenture.

Notices

All notices regarding the notes shall be valid if that notice is given to holders of notes in writing and mailed to each holder of notes, and, for so long as the notes are listed on the Official List of the Luxembourg Stock Exchange, if published in a leading daily newspaper of general circulation in Luxembourg.

While the notes are represented by the global note deposited with DTC, notices to holders may be given electronically by delivery to the depositary, and such notices will be deemed to be given on the date of delivery to the depositary. The trustee will also mail notices by first-class mail, postage prepaid, to each registered holder's last known address as it appears in the security register that the trustee maintains. The trustee will only mail these notices to the registered holder of the notes. You will not receive notices regarding the notes directly from us unless we reissue the notes to you in fully certificated form.

In addition, so long as the notes are admitted to listing on the Official List of the Luxembourg Stock Exchange and for trading on the Euro MTF market, in accordance with the rules and regulations of the Luxembourg Stock Exchange, all notices regarding the notes shall be valid if published in a leading daily newspaper of general circulation in Luxembourg, which is expected to be *Luxemburger Wort* or on the website of the Luxembourg Stock Exchange (www.bourse.lu). If such publication is not practicable, notice will be considered to be validly given if otherwise made in accordance with the rules of the Luxembourg Stock Exchange.

Notices will be deemed to have been given on the date of mailing or of publication as aforesaid or, if published on different dates, on the date of the first such publication.

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder of the notes, will affect the sufficiency of any notice given to another holder of the notes.

Unclaimed Amounts

Any money deposited with the trustee or paying agent or held by Televisa, in trust, for the payment of principal, premium, interest or any Additional Amounts, that remains unclaimed for two years after such amount becomes due and payable shall be paid to Televisa on its request or, if held by Televisa, shall be discharged from such trust. The holder of the notes will look only to Televisa for payment thereof, and all liability of the trustee, paying agent or of Televisa, as trustee, shall thereupon cease. However, the trustee or paying agent may at the expense of Televisa cause to be published once in a newspaper in each place of payment, or to be mailed to holders of notes, or both, notice that

that money remains unclaimed and any unclaimed balance of such money remaining, after a specified date, will be repaid to Televisa.

Discharge, Defeasance and Covenant Defeasance

Televisa may discharge certain obligations to holders of any series of senior debt securities that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing or causing to be deposited with the trustee, in trust, funds specifically pledged as security for, and dedicated solely to, the benefit of the holders in the currency in which such senior debt securities are payable or Government Obligations, which is defined below, in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the trustee, to pay and discharge the entire indebtedness on the senior debt securities with respect to principal (and premium, if any) and interest to the date of the deposit (if the senior debt securities have become due and payable) or to the maturity thereof, as the case may be.

The indenture provides that, unless the provisions of the *Defeasance and Covenant Defeasance* section thereof are made inapplicable in respect of any series of senior debt securities of or within any series pursuant to the *Amount Unlimited; Issuable in Series* section thereof, Televisa may elect, at any time, either:

to defease and be discharged from any and all obligations with respect to the senior debt securities (except for, among other things, the obligation to pay additional amounts, if any, upon the occurrence of certain events of taxation, assessment or governmental charge with respect to payments on the senior debt securities and other obligations to register the transfer or exchange of the senior debt securities, to replace temporary or mutilated, destroyed, lost or stolen senior debt securities, to maintain an office or agency with respect to the senior debt securities and to hold moneys for payment in trust) (*defeasance*); or

to be released from its obligations with respect to the senior debt securities under the covenants described under *Certain Covenants* and *Merger and Consolidation* above or, if provided pursuant to the *Amount Unlimited; Issuable in Series* section of the indenture, its obligations with respect to any other covenant, and

any omission to comply with the obligations shall not constitute a default or an event of default with respect to the senior debt securities (covenant defeasance).

Defeasance or covenant defeasance, as the case may be, shall be conditioned upon the irrevocable deposit by Televisa with the trustee, as trust funds in trust for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to, the benefit of the holders of such senior debt securities, of (i) an amount in U.S. dollars or in such currency in which such senior debt securities, together with all interest

S-48

appertaining thereto, are then specified as payable at their stated maturity, or (ii) an amount of Government Obligations, which is defined below, applicable to such senior debt securities and the interest appertaining thereto (determined on the basis of the currency in which such senior debt securities and interest appertaining thereto are then specified as payable at their stated maturity), which through the scheduled payment of principal and interest in accordance with their terms will provide money, or a combination thereof in an amount, in any case, sufficient, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the trustee, to pay and discharge the entire indebtedness on the senior debt securities with respect to principal (and premium, if any) and interest to the date of the deposit (if the senior debt securities have become due and payable) or to the maturity thereof, as the case may be.

Such a trust may only be established if, among other things,

the applicable defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, the indenture or any other material agreement or instrument to which Televisa is a party or by which it is bound, and

Televisa has delivered to the trustee an opinion of counsel (as specified in the indenture) to the effect that the holders of the senior debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by Televisa, a revenue ruling published by the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the indenture.

Government Obligations means securities which are:

direct obligations of the United States of America or the government or the governments in the confederation which issued the currency in which the senior debt securities of a particular series are payable, for the payment of which the full faith and credit of the United States or such other government or governments is pledged; or

obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America or such other government or governments, the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America or such other government or governments;

and which are not callable or redeemable at the option of the issuer or issuers thereof, and shall also include a depositary receipt issued by a bank or trust company as custodian with respect to any Government Obligation or a specific payment of interest on or principal of or any other amount with respect to any Government Obligation held by the custodian for the account of the holder of the depositary receipt; *provided* that (except as required by law) the custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian with respect to the Government Obligation or the specific payment of interest on or principal of or any other amount with respect to the Government Obligation evidenced by the depositary

receipt.

In the event Televisa effects covenant defeasance with respect to any senior debt securities and the senior debt securities are declared due and payable because of the occurrence of any event of default other than an event of default with respect to the Limitation on Liens and Limitation on Sale and Leaseback covenants contained in the indenture (which sections would no longer be applicable to the senior debt securities after the covenant defeasance) or with respect to any other covenant as to which there has been covenant defeasance, the amount in the currency in which the senior debt securities are payable and Government Obligations on deposit with the trustee, will be sufficient to pay amounts due on the senior debt securities at the time of the stated maturity but

S-49

Table of Contents

may not be sufficient to pay amounts due on the senior debt securities at the time of the acceleration resulting from the event of default. However, Televisa would remain liable to make payment of the amounts due at the time of acceleration.

The indenture and the notes will be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to any provisions relating to conflicts of laws other than Section 5-1401 of the New York General Obligations Law.

Regarding the Trustee

The trustee is permitted to engage in other transactions with Televisa and its subsidiaries from time to time; *provided* that if the trustee acquires any conflicting interest it must eliminate the conflict upon the occurrence of an event of default on the notes, or else resign.

Televisa may at any time remove the trustee under the terms of the Indenture at its office or agency in the City of New York designated for the foregoing purposes and may from time to time rescind such designations.

No Personal Liability of Shareholders, Officers, Directors, or Employees

The indenture provides that no recourse for the payment of the principal of, premium, if any, or interest on any of the notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of Televisa in such indenture, or in any of the notes or because of the creation of any indebtedness represented thereby, shall be had against any shareholder, officer, director, employee or controlling person of Televisa or of any successor thereof.

TAXATION

The following is a general summary of the principal U.S. federal income and Mexican federal tax consequences of the purchase, ownership and disposition of the notes, but it does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own and dispose of the notes. This summary does not describe any tax consequences arising under the laws of any state, locality or taxing jurisdiction other than the United States and Mexico (except certain European Union related taxes discussed below).

This summary is for general information only and is based on the tax laws of the United States (including the U.S. Internal Revenue Code of 1986, as amended (the Internal Revenue Code) and the U.S. Treasury regulations promulgated thereunder) and Mexico as in effect on the date of this prospectus supplement, as well as judicial decisions and administrative rulings of the United States and rules and regulations of Mexico available on or before that date and now in effect. All of the foregoing are subject to change, possibly with retroactive effect, which could affect the continued validity of this summary.

Prospective purchasers of the notes should consult their own tax advisors as to the Mexican, U.S. or other tax consequences of the purchase, ownership and disposition of the notes, including the particular tax consequences to them in light of their particular investment circumstances.

The United States and Mexico have also entered into an agreement that covers the exchange of information with respect to tax matters.

Mexico has also entered into, and is negotiating several other, tax treaties with various countries that also, as of the date of this prospectus supplement, are not generally expected to have any material effect on the Mexican income tax consequences described in this prospectus supplement.

This summary of the principal U.S. federal income tax consequences of the purchase, ownership and disposition of the notes is limited to beneficial owners of the notes that:

a trust, if either (x) it is subject to the primary supervision of a court within the United States and one or more United States persons (as defined in the Internal Revenue Code) has the authority to control all substantial decisions of the trust or (y) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a United States person .

This summary does not discuss considerations or consequences relevant to beneficial owners of the notes that are subject to special provisions of U.S. federal income tax law, such as:

entities that are tax-exempt for U.S. federal income tax purposes and retirement plans, individual retirement accounts and tax-deferred accounts;

pass-through entities (including partnerships and entities and arrangements classified as partnerships for U.S. federal income tax purposes) and beneficial owners of pass-through entities;

certain U.S. expatriates;

persons that are subject to the alternative minimum tax;

financial institutions, insurance companies, and dealers or traders in securities or currencies;

U.S. holders having a functional currency other than the U.S. Dollar; and

persons that will hold the notes as part of a constructive sale, wash sale, conversion transaction or other integrated transaction or a straddle, hedge or synthetic security.

If a partnership (or an entity or arrangement classified as a partnership for U.S. federal income tax purposes) holds the notes, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Partnerships holding the notes, and partners in such partnerships, should consult their own tax advisors regarding the U.S. federal income tax consequences of purchasing, owning and disposing of the notes.

In addition, this summary does not address the tax consequences to U.S. holders that purchase the notes other than in this offering or at a price other than the issue price of the notes. Finally, this summary does not address the effect of any U.S. federal tax laws other than the U.S. federal income tax laws (e.g., U.S. federal estate or gift tax laws) or any U.S. state or local tax laws on a beneficial owner of the notes. This discussion assumes that each beneficial owner of the notes will comply with the certification procedures described in *Description of the Notes* *Certain Covenants* *Additional Amounts* as may be necessary to obtain a reduced rate of withholding tax under Mexican law. Each beneficial owner of the notes should consult a tax advisor as to the particular tax consequences to it of purchasing, owning and disposing of the notes, including the applicability and effect of any state, local or foreign tax laws.

Interest and Additional Amounts. Interest on the notes and Additional Amounts paid in respect of Mexican withholding taxes imposed on interest payments on the notes (as described in *Description of the Notes* *Certain*

Covenants Additional Amounts) will be included in a U.S. holder's gross income as ordinary interest income at the time they are paid or accrued in accordance with the U.S. holder's usual method of accounting for U.S. federal income tax purposes. The amount of interest income included in a U.S. holder's gross income will include the amount of all Mexican taxes that we withhold (as described below under Federal Mexican Taxation) from these payments made on the notes. Thus, a U.S. holder will have to include in gross income an amount of interest income that is greater than the amount of cash it receives from these payments on its note. For purposes of the following discussion, references to interest include Additional Amounts.

A U.S. holder may, subject to certain limitations, be eligible to claim any Mexican income taxes withheld from interest payments as a credit for purposes of computing its U.S. federal income tax liability, even though we will remit these Mexican withholding tax payments. Interest and Additional Amounts paid on the notes will constitute income from sources without the United States for foreign tax credit purposes. Such income generally

Table of Contents

will constitute passive category income or, in the case of certain U.S. holders, general category income, for foreign tax credit purposes. The rules relating to the calculation and timing of foreign tax credits are complex and their application depends upon a U.S. holder's particular circumstances. In addition, foreign tax credits generally will not be allowed for Mexican taxes withheld from interest on certain short-term or hedged positions in the notes. U.S. holders should consult with their own tax advisors with regard to the availability of a credit in respect of foreign taxes and, in particular, the application of the foreign tax credit rules to their particular situations. As an alternative to claiming the foreign tax credit, a U.S. holder may elect to deduct foreign taxes. If a U.S. holder so elects, the election will apply to all of that U.S. holder's foreign taxes for that tax year. U.S. holders should consult their own tax advisors with regard to the election to deduct foreign taxes.

Dispositions of the Notes. Unless a nonrecognition provision of the U.S. federal income tax laws applies, upon the sale, exchange, redemption, retirement or other taxable disposition of a note, a U.S. holder will recognize taxable gain or loss in an amount equal to the difference, if any, between the amount realized on the sale, exchange, redemption, retirement or other taxable disposition (other than amounts attributable to accrued interest, which will be treated as described above under "United States Federal Income Taxation—Interest and Additional Amounts") and the U.S. holder's tax basis in the note. A U.S. holder's tax basis in a note generally will be its cost for the note.

Gain or loss recognized by a U.S. holder on the sale, exchange, redemption, retirement or other taxable disposition of a note generally will be capital gain or loss. The gain or loss recognized by a U.S. holder will be long-term capital gain or loss if the note has been held for more than one year at the time of the disposition. Long-term capital gains recognized by individual and certain other non-corporate U.S. holders generally are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations. In the event that a U.S. holder's gain from the disposition of a note is subject to withholding of Mexican income tax (see "Federal Mexican Taxation—Dispositions"), the amount realized by the U.S. holder will include the gross amount of the proceeds of that sale or other taxable disposition before deduction of the Mexican income tax. If the U.S. holder is eligible for the benefits of the U.S.-Mexico treaty, the U.S. holder may be able to elect to treat such gain as from Mexican sources for foreign tax credit purposes. Consequently, subject to a number of complex limitations and conditions (including a minimum holding period requirement), the U.S. holder may be able to benefit from the foreign tax credit for that Mexican income tax. Otherwise, capital gain or loss recognized by the U.S. holder generally will be U.S. source gain or loss for foreign tax credit purposes, and a U.S. holder whose gain from the disposition of a note is subject to withholding of Mexican income tax may not be able to benefit from the foreign tax credit for that Mexican income tax (i.e., because the gain from the disposition would be U.S. source), unless the U.S. holder can apply the credit against U.S. federal income tax payable on other income from non-U.S. sources. Alternatively, the U.S. holder may elect to take a deduction for the Mexican income tax, provided that the U.S. holder elects to deduct all foreign taxes paid or accrued for the taxable year. U.S. holders should consult their own tax advisors as to the foreign tax credit implications of a disposition of the notes.

Medicare Tax. A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will generally be subject to a 3.8% tax on the lesser of (i) the U.S. holder's net investment income for a taxable year and (ii) the excess of the U.S. holder's modified adjusted gross income for such taxable year over \$200,000 (\$250,000 in the case of joint filers). For these purposes, net investment income will generally include interest paid with respect to a note and net gain attributable to the disposition of a note (in each case, unless such note is held in connection with certain trades or businesses), but will be reduced by any deductions properly allocable to such income or net gain.

Backup Withholding and Certain Reporting Requirements. In general, backup withholding will apply to payments of interest made on a note and to the proceeds of a disposition (including a retirement or redemption) of a note within the United States that are paid to a U.S. holder (other than a corporation or other exempt recipient that demonstrates

its exempt status when so requested), if that U.S. holder fails to provide an accurate taxpayer identification number or otherwise comply with applicable requirements of the backup withholding rules. Backup withholding is not an additional tax and may be credited against a U.S. holder's U.S. federal

income tax liability or refunded to such U.S. holder (to the extent in excess of such U.S. holder's U.S. federal income tax liability), provided that the required information is timely furnished to the U.S. Internal Revenue Service.

Individual U.S. holders (and to the extent specified in applicable U.S. Treasury regulations, certain individual non-U.S. holders and certain U.S. holders that are entities) that hold specified foreign financial assets, whose aggregate value exceeds \$75,000 at any time during the taxable year or \$50,000 on the last day of the taxable year (or such higher amounts as prescribed by applicable U.S. Treasury regulations) are required to file a report on IRS Form 8938 with information relating to the assets for each such taxable year. Specified foreign financial assets (as defined in Section 6038D of the Internal Revenue Code) would include, among other things, the notes, unless the notes are held in an account maintained by a U.S. financial institution (as defined in Section 6038D of the Internal Revenue Code). Substantial penalties apply to any failure to timely file IRS Form 8938, unless the failure is shown to be due to reasonable cause and not due to willful neglect. Additionally, in the event that an individual U.S. holder (and to the extent specified in applicable U.S. Treasury regulations, an individual non-U.S. holder or a U.S. entity) that is required to file IRS Form 8938 does not file such form, the statute of limitations on the assessment and collection of U.S. federal income taxes of such holder for the related tax year may not close until three years after the date that the required information is filed. U.S. holders (including U.S. entities) and non-U.S. holders should consult their own tax advisors regarding their reporting obligations with respect to specified foreign financial assets.

Non-U.S. Holders. For purposes of the following discussion a non-U.S. holder means a beneficial owner of the notes that is not, for U.S. federal income tax purposes, a U.S. holder or a partnership (or entity or arrangement classified as a partnership for such purposes). A non-U.S. holder generally will not be subject to U.S. federal income or withholding tax on:

interest and Additional Amounts received in respect of the notes, unless those payments are effectively connected with the conduct by the non-U.S. holder of a trade or business in the United States; or

gain realized on the sale, exchange, redemption or retirement of the notes, unless that gain is effectively connected with the conduct by the non-U.S. holder of a trade or business in the United States or, in the case of gain realized by an individual non-U.S. holder, the non-U.S. holder is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Non-U.S. holders should consult their own tax advisors regarding their U.S. federal income, branch profits and withholding tax consequences if they are subject to any of the exceptions noted above.

A non-U.S. holder may be required to certify its non-U.S. status to avoid backup withholding on payments of interest made on a note and on proceeds of a disposition (including a retirement or redemption) of a note.

Federal Mexican Taxation

The below discussion does not address all Mexican tax considerations that may be relevant to particular investors, nor does it address the special tax rules applicable to certain categories of investors or any tax consequences under the tax laws of any state or municipality of Mexico.

The following is a general summary of the principal consequences, under the Mexican Income Tax Law, Federal Tax Code (*Código Fiscal de la Federación*) and rules as currently in effect (collectively, the Mexican Income Tax Laws), all of which are subject to change or interpretation, and under the U.S.-Mexico treaty, of the purchase, ownership and

disposition of the notes by a foreign holder that acquires the notes in this offering at the price at which the notes are sold in this offering. The current tax regime could be modified in Mexico during the term of the notes. We assume no obligation to inform about modifications in the Mexican Income Tax Laws applicable throughout the term of the notes.

Table of Contents

As used in this prospectus supplement, a foreign holder means a beneficial owner of the notes that:

is not a resident of Mexico for tax purposes;

does not hold the notes or a beneficial interest in the notes through a permanent establishment in Mexico; and

is not (a) a holder of more than 10% of our voting stock, directly or indirectly, jointly with persons related to us or individually, or (b) a corporation or other entity, more than 20% of whose stock is owned, directly or indirectly, jointly by persons related to us or individually (each a Related Party), that in the case of either (a) or (b), is the beneficial owner, directly or indirectly, jointly with persons related to us or individually, of more than 5% of the aggregate amount of any interest payment on the notes.

For these purposes, persons will be related if:

one person holds an interest in the business of the other person;

both persons have common interests; or

a third party has an interest in the business or assets of both persons.

According to the Mexican Income Tax Laws:

an individual is a Mexican tax resident if the individual has established his permanent home in Mexico. When an individual, in addition to his permanent home in Mexico, has a permanent home in another country, the individual will be a Mexican tax resident if his center of vital interests is located in Mexico. This will be deemed to occur if, among other circumstances, either (i) more than 50% of the total income obtained by the individual in the calendar year is Mexican source or (ii) when the individual's center of professional activities is located in Mexico. State officials or state workers will be considered resident in Mexico even if their center of vital interest is located abroad. Mexican nationals who filed a change of tax residence to a country or jurisdiction that does not have a comprehensive exchange of information agreement with Mexico in which her/his income is subject to a preferred tax regime pursuant to the provisions of the Mexican Income Tax Law, will be considered Mexican residents for tax purposes during the year of filing of the notice of such residence change and during the following three years. Unless otherwise proven, a Mexican national is considered a Mexican tax resident;

a legal entity is considered a Mexican tax resident if it maintains the main administration of its head office, business or the effective location of its management in Mexico. Under the Mexican Income Tax Laws, the main administration of a business or the effective location of management is deemed to exist in Mexico if

the individual or individuals having the authority to decide or execute the decisions of control, management, operation or administration are in Mexico;

a foreign person with a permanent establishment in Mexico will be required to pay taxes in Mexico in accordance with the Mexican Income Tax Law for all income attributable to such permanent establishment; and

a foreign person without a permanent establishment in Mexico will be required to pay taxes in Mexico in respect of revenues proceeding from sources of wealth located in national territory.

Each foreign holder should consult a tax advisor as to the particular Mexican or other tax consequences to that foreign holder of purchasing, owning and disposing of the notes, including the applicability and effect of any state, local or foreign tax laws.

Interest. Payments of interest on the notes (including payments of principal in excess of the issue price of the notes and original issue discount, which under the Mexican Income Tax Law are deemed to be interest) made

Table of Contents

by us to a foreign holder will be subject to a Mexican withholding tax assessed at a rate of 4.9% if all of the following requirements are met:

the notes, as expected, are placed outside of Mexico through banks or brokerage houses, in a country with which Mexico has entered into a treaty for the avoidance of double taxation and such treaty is in effect;

regarding the notes, as expected, the notice referred to in the second paragraph of Article 7 of the Securities Market Law and Articles 24Bis and 24Bis 1 of the General Regulations Applicable to Issuers and Other Market Participants is filed with the National Banking and Securities Commission, and a copy of that notice is provided to the Mexican Ministry of Finance and Public Credit;

we timely file with the Mexican Ministry of Finance and Public Credit 15 days after placement of the notes according to this prospectus supplement, certain information relating to the issuance of the notes and this prospectus supplement; and

we timely file with the Mexican Ministry of Finance and Public Credit, on a quarterly basis, information representing (a) the amount and the payment date of interest, and (b) that no Related Party jointly or individually, directly or indirectly, is the beneficial owner of more than 5% of the aggregate amount of each interest payment, and we maintain records that evidence compliance with this requirement.

We expect that all of the foregoing requirements will be met and, accordingly, we expect to withhold Mexican income tax from interest payments on the notes made to foreign holders at the 4.9% rate in accordance with the Mexican Income Tax Law. In the event that any of the foregoing requirements are not met, under the Mexican Income Tax Law, payments of interest on the notes made by us to a foreign holder will be subject to Mexican withholding tax assessed at a rate of 10% or higher, if certain other requirements are not complied with.

As of the date of this prospectus supplement, neither the U.S.-Mexico treaty nor any other tax treaty entered into by Mexico is expected generally to have any material effect on the Mexican income tax consequences described in this prospectus supplement, because, as discussed above, it is expected that the 4.9% rate will apply in the future and, therefore, that we will be entitled to withhold taxes in connection with interest payments under the notes at the 4.9% rate.

Other foreign holders should consult their tax advisors regarding whether they reside in a country that has entered into a treaty for the avoidance of double taxation with Mexico and, if so, the conditions and requirements for obtaining benefits under that treaty. The Mexican Income Tax Law provides that in order for a foreign holder to be entitled to the benefits under a treaty entered into by Mexico, it is necessary for the foreign holder to meet the procedural requirements established in the Mexican Income Tax Law.

Holders or beneficial owners of the notes may be requested, subject to specified exceptions and limitations, to provide certain information or documentation necessary to enable us to apply the appropriate Mexican withholding tax rate applicable to such holders or beneficial owners. In the event that the specified information or documentation concerning the holder or beneficial owner, if requested, is not provided prior to the payment of any interest to that holder or beneficial owner, we may withhold Mexican tax from that interest payment to that holder or beneficial owner at the maximum applicable rate, but our obligation to pay Additional Amounts relating to those withholding

taxes will be limited as described under Description of the Notes Certain Covenants Additional Amounts .

Under the Mexican Income Tax Law, payments of interest made by us with respect to the notes to non-Mexican pension or retirement funds will be exempt from Mexican withholding taxes, provided that the fund:

is the beneficial owner of each interest payment;

is duly organized under the laws of its country of origin;

S-56

Table of Contents

such fund provides information in accordance with rules issued by SAT for these purposes; and

is exempt from income tax in that country in respect of such interest payment.

We have agreed, subject to specified exceptions and limitations, to pay Additional Amounts relating to the above-mentioned Mexican withholding taxes to foreign holders of the notes. See Description of the Notes Certain Covenants Additional Amounts .

Principal. Under the Mexican Income Tax Law, a foreign holder will not be subject to any Mexican withholding or similar taxes on payments of principal on the notes made by us (except for payments of principal in excess of the issue price of the notes, which under the Mexican Income Tax Law are deemed to be interest subject to the Mexican withholding taxes described above).

Make-Whole Amount. Under the Mexican Income Tax Laws and regulations thereunder, the payment of the Make-Whole Amount as a result of the Optional Redemption of the notes, as provided in Description of the Notes Optional Redemption Optional Redemption with Make-Whole Amount , will be subject to the Mexican federal income taxes pursuant to the rules described above with respect to interest payments.

Dispositions. Under the Mexican Income Tax Law, gains resulting from the sale of the notes by a foreign holder to a Mexican resident or permanent establishment of a foreign holder, or by the sale of a permanent establishment of a foreign holder, will be treated as interest and therefore will be subject to the Mexican withholding tax rules described above. Gains resulting from the sale or other disposition of the notes by a foreign holder to another foreign holder are not taxable in Mexico.

Acquisitions. Under the Mexican Income Tax Law, any discount received by a non-Mexican resident upon purchase of the notes, if acquired from a Mexican resident or a non-Mexican resident with a permanent establishment in Mexico, will be treated as deemed interest income arising from a Mexican source of wealth and, therefore, subject to taxes in Mexico. Such interest income is calculated as the difference between the face value (plus accrued interest not yet subject to withholding) and the purchase price of such notes. The Mexican seller must assess, pay, and collect the tax on behalf of the non-resident purchaser. In such case, the applicable income tax rate would be 10%.

Other Taxes. A foreign holder will not be liable for Mexican estate, gift, inheritance or similar taxes with respect to its holding of the notes, nor will it be liable for Mexican stamp, registration or similar taxes. Gratuitous transfers of the notes in certain circumstances may result in the imposition of a Mexican federal tax upon the recipient.

European Union Directive on the Taxation of Savings Income

The European Union Council Directive 2003/48/EC regarding the taxation of savings income payments (the Directive) obliges a Member State of the European Union (Member State) to provide to the tax authorities of another Member State details of payments of interest or other similar income payments made by a person within the jurisdiction of the first Member State to an individual or to certain other persons resident in that other Member State (or of certain payments secured for their immediate benefit). However, Austria is currently opted out of the reporting requirements and is instead applying a special withholding tax for a transitional period in relation to such payments of interest, deducting tax at rates rising over time to 35 per cent. This transitional period will terminate at the end of the first fiscal year following agreements by certain non European Union countries to the exchange of information relating to such payments.

Also, a number of non European Union countries and certain dependent or associated territories of Member States have adopted similar measures (either provision of information or transitional withholding) in relation to payments of interest or other similar income payments made by a person in that jurisdiction to an individual or to

S-57

Table of Contents

certain other persons in any Member State. The Member States have entered into reciprocal provision of information or transitional special withholding tax arrangements with certain of those dependent or associated territories. These apply in the same way to payments by persons in any Member State to individuals or certain other persons in those territories.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the issuer nor any paying agent nor any other person would be obliged to pay Additional Amounts to the holders of the notes or to otherwise compensate the holders of the notes for the reduction in the amounts that they will receive as a result of the imposition of such withholding tax.

On November 10, 2015, the Council of the European Union adopted measures to repeal the Directive. It is currently anticipated that this repeal will have effect from January 1, 2016, to coincide with commencement of measures to implement the single global standard developed by the OECD for the automatic exchange of tax information.

Table of Contents**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this prospectus supplement, the underwriters named below, have severally and not jointly agreed to purchase, and we have agreed to sell them, severally the principal amount of notes set forth opposite their names below:

Underwriters	Principal Amount of 2026 Notes	Principal Amount of 2046 Notes
Goldman, Sachs & Co.	U.S.\$100,000,000	U.S.\$300,000,000
HSBC Securities (USA) Inc.	100,000,000	300,000,000
Morgan Stanley & Co. LLC	100,000,000	300,000,000
Total	U.S.\$300,000,000	U.S.\$900,000,000

The underwriters are offering the notes subject to their acceptance of the notes from us and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus supplement if any such notes are taken.

The underwriters initially propose to offer the notes at the price to public set forth on the cover page of this prospectus supplement. The underwriters may also offer the notes to securities dealers at that price less a customary selling concession. After the initial offering of the notes, the offering price and other selling terms may from time to time be varied by the underwriters. The underwriters may offer and sell notes through certain of their affiliates.

The underwriting fees that we will pay to the underwriters in connection with the offering of the 2026 notes is 0.300% of the aggregate principal amount of the 2026 notes which equals U.S.\$900,000. The underwriting fees that we will pay to the underwriters in connection with the offering of the 2046 notes is 0.400% of the aggregate principal amount of the 2046 notes which equals U.S.\$3,600,000.

Expenses associated with this offering to be paid by us, other than underwriting fees, are estimated to be approximately U.S.\$2.5 million.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

The notes are a new issue of securities with no established trading market. We intend to apply to list the notes on the Official List of the Luxembourg Stock Exchange for trading on the Euro MTF Market of the Luxembourg Stock Exchange. The underwriters have advised us that they currently intend to make a market in the notes. However, the underwriters are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. In an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

Stabilization and Short Positions

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may overallocate in connection with the offering of the notes, creating a syndicate short position. In addition, the underwriters may bid for, and

S-59

Table of Contents

purchase, notes in the open market to cover syndicate short positions or to stabilize the price of the notes. The underwriters may also impose a penalty bid. This occurs when a certain underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the notes in the offering of the notes, if the syndicate repurchases previously distributed notes in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters are not required to engage in any of these activities, and may end any of them at any time.

Selling Restrictions

European Economic Area

In relation to each member state of the European Economic Area, an offer to the public of the notes may not be made in that member state, except that an offer to the public in that member state of the notes may be made at any time under the following exemptions under the Prospectus Directive:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the representatives for any such offer; or

in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of notes shall result in a requirement for the publication by us or any underwriter of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer to the public in relation to the notes in any member state means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase the notes, as the same may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression Prospectus Directive means Directive 2003/71/EC, as amended, and includes any relevant implementing measure in each member state.

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust will not be transferable for six months after that corporation or that trust has acquired the notes under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

2. Basis of Preparation and Accounting Policies

These condensed consolidated financial statements of the Group, as of September 30, 2015 and December 31, 2014, and for the three and nine months ended September 30, 2015 and 2014, are unaudited, and have been prepared in accordance with the guidelines provided by the International Accounting Standard 34, *Interim Financial Reporting*. In the opinion of management, all adjustments necessary for a fair presentation of the condensed consolidated financial statements have been included herein.

These unaudited condensed consolidated financial statements should be read in conjunction with the Group's audited consolidated financial statements and notes thereto for the three years ended December 31, 2014, which have been prepared in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board, and include, among other disclosures, the Group's most significant accounting policies, which were applied on a consistent basis as of September 30, 2015.

These interim unaudited condensed consolidated financial statements were authorized for issuance on November 13, 2015, by the Group's Chief Financial Officer.

In preparing these unaudited condensed interim financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended December 31, 2014, with the exception of changes in estimates that are required in determining the provision for income taxes, the change in useful lives of certain trademarks as mentioned in Note 7, the derecognition of Convertible Debentures and the classification of Warrants as available-for-sale financial assets, as mentioned in Notes 4 and 9.

3. Acquisitions, Investments and Disposition

In August 2014, the Group acquired, pursuant to applicable regulations, all of the equity interest of Cablecom through the conversion of the debt instruments issued by Tenedora Ares, S.A.P.I. de C.V. (Ares) in the amount of Ps.7,297,292, including accrued interest at the acquisition date, and an additional consideration of Ps.8,550,369, comprised of (i) the capitalization of an outstanding long-term debt issued by Ares in the amount of U.S.\$200.2 million (Ps.2,642,367), including accrued interest at the acquisition date; and (ii) cash in the amount of Ps.5,908,002. The total fair value consideration for this acquisition amounted to Ps.15,847,661, and the Group recognized goodwill, other intangible assets and related deferred income tax liability based on a final valuation and a purchase price allocation at the acquisition date. The Group began to consolidate the net assets of Cablecom in its consolidated statement of financial position as of August 31, 2014, and therefore, the Group's consolidated statement of income for the year ended December 31, 2014, included net income of Cablecom for the four months ended on that date. Through the acquisition of Cablecom, the Group expects to increase its presence in the telecommunications Mexican market, not only by maintaining customers of Cablecom at the date of acquisition, but also by increasing the number of users of Cablecom services in connection with new market strategies that the Group expects to carry out. It also expects to reduce costs through economies of scale by taking advantage of the current infrastructure of Cablecom, along with potentiate the presence of telecommunication services throughout the country. The following table summarizes the allocation of the purchase price to the tangible and identifiable intangible assets acquired and liabilities assumed at the acquisition date. The excess of the purchase price over those fair values and the related deferred income tax liability was allocated to goodwill in the Telecommunications segment.

In January 2015, the Group acquired, through a series of transactions, the net assets of Cablevisión Red, S.A. de C.V. and other related companies (collectively, Telecable) for an aggregate consideration of Ps.10,001,838 in cash. Telecable is a telecommunications business that provides video, data and telephone services primarily in six states of Mexico. In connection with this acquisition, the Group recognized an excess of purchase price over the carrying value of the acquired net assets of Telecable in the aggregate amount of Ps.8,774,852, net of deferred taxes, which consisted primarily of goodwill, other intangible assets and deferred tax liabilities, based on a preliminary purchase price allocation at the acquisition date. The Group expects to complete a final purchase price allocation of this transaction in the last quarter of 2015. The Group began to consolidate the net assets and results of operations of Telecable beginning in the first quarter of 2015. Through the acquisition of Telecable, the Group continues with its strategy to establish a telecommunications company with national coverage that delivers more and better services through state of the art technology and internationally competitive prices for the benefit of end users. The following table summarizes a preliminary allocation of the purchase price to the tangible and identifiable intangible assets acquired and liabilities assumed at the acquisition date. In January 2015, the Group received proceeds in the aggregate amount of U.S.\$717 million (Ps.10,632,393) in connection with the disposal in 2014 of its investment in GSF Telecom Holdings, S.A.P.I. de C.V. (GSF), of which U.S.\$697 million were in cash and U.S.\$20 million were held in escrow for certain contingent litigation costs. As of September 30, 2015, the amount held in escrow was U.S.\$14 million (Ps.237,605). As a result of this disposal, the Group recognized a non-cash loss of Ps.4,168,468 in consolidated other expense in the third quarter of 2014.

In July 2015, the Group exchanged its investment in U.S.\$1,125 million principal amount of Debentures issued by UHI (formerly, BMP) into an investment in Warrants that are exercisable for UHI s common stock. As a

S-F-11

result of this transaction, the Group (i) received from UHI a cash amount of US\$135.1 million (Ps.2,194,981) as a consideration for such conversion, which was accounted for as other finance income in the consolidated statement of income for the nine months ended September 30, 2015; and (ii) reclassified a Ps.4,718,175 cumulative gain related to changes in fair value of such Debentures from accumulated other comprehensive income in consolidated equity to other finance income in the consolidated statement of income for the nine months ended September 30, 2015. In July 2015, the Group exercised a portion of these Warrants to increase its equity stake in UHI from 7.8% to 10% (see Notes 4 and 5).

In July 2015, the Company made an additional capital contribution in Imagina Media Audiovisual, S.L. (together with its subsidiaries, Imagina) in the aggregate cash amount of 19.2 million (Ps.341,710) in connection with a reorganization of stockholders of this investee, by which the Company increased its equity stake in Imagina from 14.5% to 19.9% (see Notes 4 and 5).

4. Investments in Financial Instruments

At September 30, 2015 and December 31, 2014, the Group had the following investments in financial instruments:

	September 30, 2015	December 31, 2014
Available-for-sale financial assets:		
Convertible Debentures due 2025 issued by UHI ⁽¹⁾	Ps.	Ps. 10,421,478
Embedded derivative in Convertible Debentures issued by UHI ⁽¹⁾		17,447,857
Warrants issued by UHI ⁽¹⁾	31,271,573	
Shares of common stock of Imagina ⁽²⁾		836,037

	37,094,520	34,217,140
Held-to-maturity investments ⁽⁴⁾	347,399	461,047
Other	31,685	31,685
	Ps. 37,473,604	Ps. 34,709,872

- (1) Through July 2015, the Group held an investment in Convertible Debentures due 2025 issued by UHI in the principal amount of U.S.\$1,125 million (Ps.17,634,375), with an annual interest rate of 1.5% receivable on a quarterly basis, which were convertible at the Company's option into additional shares equivalent to approximately 30% equity stake of UHI, subject to existing laws and regulations in the United States, and other conditions. These Convertible Debentures were classified as available-for-sale financial assets with changes in fair value recognized in other comprehensive income or loss in consolidated equity. The Group's option of converting these debentures into an equity stake of UHI was accounted for as an embedded derivative with changes in fair value recognized in consolidated income. In July 2015, the Group exchanged its investment in these Debentures into an investment in four Warrants that are exercisable for UHI's common stock, subject to the U.S. Federal Communications Commission's restrictions on foreign ownership, in whole or in part, at an exercise

price of U.S.\$0.01 per Warrant share. The Warrants shall expire and no longer be exercisable after the tenth anniversary of the date of issuance (the Expiration Date); provided, however, the Expiration Date shall automatically be extended for nine successive ten-year periods unless the Group provides written notice to UHI of its election not to so extend the Expiration Date. The Warrants do not bear interest. The fair value of these Warrants at the date of exchange was U.S.\$1,951 million (Ps.30,582,427). The Group recycled Ps.4,718,175 from accumulated other comprehensive income in consolidated equity to other finance income in the consolidated statement of income as a result of derecognizing the Convertible Debentures. In July 2015, the Group exercised one of four Warrants in the

- amount of U.S.\$107.4 million (Ps.1,695,524) to increase its equity stake in UHI from 7.8% to 10%. These Warrants are classified as available-for-sale financial assets with changes in fair value recognized in accumulated other comprehensive income or loss in consolidated equity (see Notes 3, 5 and 11).
- (2) Through June 2015, the Company's investment in common stock of Imagina was accounted for as an available-for-sale equity financial asset with changes in fair value recognized in consolidated other comprehensive income or loss. In July 2015, the Company made an additional capital contribution and increased its equity stake in Imagina from 14.5% to 19.9%. As a result of this transaction, beginning in the third quarter of 2015, (i) the Company classified the carrying value of this investee as an investment in associate and began to recognize its share in income or loss of Imagina; (ii) holds two of 10 seats on the Board of Directors of Imagina; (iii) reclassified a cumulative gain of Ps.544,102, related to changes in fair value of the investment in Imagina from accumulated other comprehensive income in consolidated equity to consolidated other finance income for the nine months ended September 30, 2015; and (iv) recognized its investment in Imagina using the fair value at the transaction date (see Notes 3 and 5).
- (3) The Group has an investment in an open ended fund that has as a primary objective to achieve capital appreciation by using a broad range of strategies through investments and transactions in telecom, media and other sectors across global markets, including Latin America and other emerging markets. Shares may be redeemed on a quarterly basis at the Net Asset Value (NAV) per share as of such redemption date. The fair value of this fund is determined by using the NAV per share. The NAV per share is calculated by determining the value of the fund assets and subtracting all of the fund liabilities and dividing the result by the total number of issued shares.
- (4) Held-to-maturity investments represent corporate fixed income securities with long-term maturities. These investments are stated at amortized cost. Maturities of these investments subsequent to September 30, 2015, are as follows: Ps.228,094 in 2016, Ps.59,255 in 2017 and Ps.60,050 thereafter. Held-to-maturity financial assets as of September 30, 2015 and December 31, 2014 are denominated primarily in Mexican pesos.
- A roll forward of available-for-sale financial assets for the nine months ended September 30, 2015 is presented as follows:

At January 1, 2015	Ps. 34,217,140
Changes in fair value in other comprehensive income	746,246

In the third quarter of 2015, the Company's management revised the useful life of trademarks to determine whether events and circumstances continue to support an indefinite useful life for such intangible assets. As a result of such review, the Company's management has identified certain businesses in its Telecommunications segment that are migrating from a current trademark to an internally developed trademark between 2015 and 2016, in connection with enhanced telecommunications service packages offered to current and new subscribers, and has estimated that this migration process will take approximately four years. Accordingly, beginning in the third quarter of 2015, the Group changed the useful life assessment from indefinite to finite for certain acquired trademarks in its Telecommunications segment, and began to amortize the related carrying value of those trademarks when the migration is started in an estimated useful life of four years. The Group has not capitalized any amounts associated with internally developed trademarks.

9. Financial Instruments

The Group's financial instruments presented in the condensed consolidated statements of financial position included cash and cash equivalents; temporary investments; accounts and notes receivable; a long-term loan receivable from GTAC; Convertible Debentures issued by UHI with an option to convert these debentures into common stock of UHI, which were converted in July 2015 into Warrants that are exercisable for UHI's common stock; debt securities classified as held-to-maturity investments; investments in securities in the form of an open-ended fund classified as available-for-sale investments; accounts payable; debt; and derivative financial instruments. For cash and cash equivalents, temporary investments, accounts receivable, accounts payable, and short-term notes payable due to banks and other financial institutions, the carrying amounts approximate fair value due to the short maturity of these instruments. The fair value of the Group's long-term debt securities are based on quoted market prices.

The fair value of the long-term loans that the Group borrowed from leading Mexican banks (see Note 8) has been estimated using the borrowing rates currently available to the Group for bank loans with similar terms and average maturities. The fair value of held-to-maturity securities, available-for-sale investments, and currency option and interest rate swap agreements were determined by using valuation techniques that maximize the use of observable market data.

The carrying and estimated fair values of the Group's non-derivative financial instruments as of September 30, 2015 and December 31, 2014, were as follows:

UHI Warrants

As described in Note 3, in July 2015, the Group exchanged its investment in U.S.\$1,125 million principal amount of Debentures due 2025 issued by UHI into Warrants that are exercisable for UHI's common stock.

The Group determined the fair value of its investment in Warrants using the Black-Scholes model (BSM). The BSM involves the use of significant estimates and assumptions. These estimates and assumptions include the UHI stock's spot price at valuation date and the stock's expected volatility. The UHI stock's spot price at valuation date was obtained by using a discounted projected cash flow model. The UHI stock's volatility was obtained from publicly available information of comparable companies' stock through determining an average of such companies' annual volatility. Since the described methodology is an internal model with significant unobservable inputs, the UHI Warrants are classified as Level 3.

Unobservable inputs used as of September 30, 2015 included UHI stock's spot price of U.S.\$402 and UHI stock's expected volatility of 29%.

Significant judgment was applied in assessing the qualitative factors mentioned in International Accounting Standard 39, to determine that the changes in cash flows, the different risk and rewards and contractual terms of the Warrants and the Convertible Debentures resulted in the derecognition of the Convertible Debentures (see Note 4).

The Group applied significant judgment to determine the classification of the Warrants. The Warrants did not comply with the definition of a derivative financial instrument because the initial investment that the Group paid to acquire the original instrument (Convertible Debentures) was significant and a derivative requires no initial investment or one that is smaller than would be required for a contract with similar response to changes in market factors; therefore, the Group classified the Warrants as available-for-sale financial assets with changes in other comprehensive income.

- (1) Cablecom and Telecable contributed total revenues and segment income to the Group's Telecommunications segment for the nine months ended September 30, 2015, in the aggregate amount of Ps.4,776,077 and Ps.2,297,849, respectively, as the Group began to consolidate the Cablecom and Telecable results of operations beginning in September 2014 and January 2015, respectively (see Note 3).
- (2) Consolidated total represents income before other income (expense).
- (3) Consolidated total represents consolidated operating income.

Seasonality of Operations

The Group's results of operations are seasonal. The Group typically recognizes a large percentage of its consolidated net sales (principally advertising) in the fourth quarter in connection with the holiday shopping season. In 2014 and 2013, the Group recognized 30.0% and 29.1%, respectively, of its annual consolidated net sales in the fourth quarter of the year. The Group's costs, in contrast to its revenues, are more evenly incurred throughout the year and generally do not correlate to the amount of advertising sales.

The consolidated net income attributable to stockholders of the company for each of the four quarters in the period ended September 30, 2015, is presented as follows:

Quarter	Quarter	Accumulated
4th / 14	Ps. 2,504,254	Ps. 5,386,905
1st / 15	1,453,445	1,453,445
2nd / 15	1,328,732	2,782,177
3rd / 15	6,545,753	9,327,930

17. Contingencies

In March 2015, the investigative authority of the IFT issued a preliminary opinion that presumed the probable existence of substantial power in the market of restricted television and audio services in Mexico, with respect to the Company and certain of its subsidiaries. On September 30, 2015, the Governing Board of the IFT determined that the Group does not have substantial power in such market. Although this resolution is final at the administrative level, the Company's management cannot guarantee this resolution may not be challenged and whether such challenge may stand on its merits.

There are several legal actions and claims pending against the Group which are filed in the ordinary course of business. In the opinion of the Company's management, none of these actions and claims is expected to have a material adverse effect on the Group's financial statements as a whole; however, the Company's management is unable to predict the outcome of any of these legal actions and claims.

Table of Contents**RISK FACTORS**

An investment in our debt securities involves risk. We have set forth risk factors in our most recent annual report on Form 20-F, which is incorporated by reference in this prospectus. We have also set forth below certain additional risk factors that relate specifically to securities we may offer using this prospectus. We may include further risk factors in more recent reports on Form 6-K incorporated in this prospectus by reference, or in a prospectus supplement. You should carefully consider all these risk factors in addition to the other information presented or incorporated by reference in this prospectus.

Risk Factors Related to the Senior Debt Securities***We Have Substantial Indebtedness and May Incur Substantial Additional Indebtedness; Some or All of Our Existing Indebtedness May Mature Prior to the Maturity of the Senior Debt Securities Offered Hereby***

We now have and will continue to have after the issuance of the senior debt securities offered hereby a substantial amount of indebtedness outstanding. At March 31, 2013, we and our subsidiaries had Ps.57,505.9 million (equivalent to U.S.\$4,659.9 million) of indebtedness on a consolidated basis and before unamortized finance costs of Ps.782.0 million as of that date. In addition, the indenture governing the senior debt securities does not limit our ability, or the ability of our subsidiaries, to incur additional indebtedness, and we may incur indebtedness in connection with our business, including borrowings to fund investments and acquisitions. Such additional borrowings could materially adversely affect our financial position and results of operations. To the extent our restricted or unrestricted subsidiaries borrow money, whether on a secured or an unsecured basis, that indebtedness will effectively rank senior to the senior debt securities offered hereby, which will not be guaranteed by our subsidiaries. The degree to which we are leveraged may impair our ability to internally fund or obtain financing in the future for working capital, capital expenditures, acquisitions or other general corporate purposes and may limit our flexibility in planning for or reacting to changes in market conditions and industry trends. As a result, we may be more vulnerable in the event of a substantial downturn in general economic conditions in Mexico or other markets in which we participate.

The indenture permits us to designate existing or new subsidiaries as unrestricted subsidiaries and does not restrict our ability or the ability of our unrestricted subsidiaries to pledge shares of capital stock or assets of our unrestricted subsidiaries. In addition, our ability and our restricted subsidiaries' ability to pledge assets is subject only to the limited restrictions contained in the indenture, and we and our restricted subsidiaries can incur senior secured indebtedness subject only to those limited restrictions. To the extent we pledge shares of capital stock or other assets to secure indebtedness, the indebtedness so secured will effectively rank senior to the senior debt securities offered hereby to the extent of the value of the shares or other assets pledged. The indenture also does not restrict the ability of our unrestricted subsidiaries to pledge shares of capital stock or other assets that they own to secure indebtedness. See Description of the Senior Debt Securities .

The indenture does not restrict the ability of the Company to lend its funds to, or otherwise invest in, its subsidiaries, including its unrestricted subsidiaries. If the Company were to lend funds to, or otherwise invest in, its subsidiaries, creditors of such subsidiaries could have a claim on their assets that would be senior to the claims of the Company. See We Are a Holding Company With Our Assets Held Primarily by Our Subsidiaries; Creditors of Those Companies Have a Claim on Their Assets That Is Effectively Senior to That of Holders of the Senior Debt Securities .

Some or all of our outstanding indebtedness may mature prior to the maturity date of the senior debt securities offered hereby. If we cannot generate sufficient cash flow from operations to meet our obligations (including payments on the senior debt securities offered hereby at their maturity), then our indebtedness (including the senior debt securities offered hereby) may have to be refinanced. Any such refinancing may not be effected successfully or on terms that are

acceptable to us. In the absence of such refinancings, we could be forced to dispose of assets in order to make up for any shortfall in the payments due on our indebtedness,

Table of Contents

including interest and principal payments due on the senior debt securities offered hereby, under circumstances that might not be favorable to realizing the best price for such assets. Further, any assets may not be sold quickly enough, or for amounts sufficient, to enable us to make any such payments. If we are unable to sell sufficient assets to repay this debt we could be forced to issue equity securities to make up any shortfall. Any such equity issuance would be subject to the approval of Emilio Azcárraga Jean who has the voting power to prevent us from raising money in equity offerings. In addition, the terms of our bank loans require us to maintain compliance with certain financial covenants. See Item 5 Operating and Financial Review and Prospects Results of Operations Liquidity, Foreign Exchange and Capital Resources Indebtedness included in the 2012 Form 20-F or similar sections in our future filings. If we cannot maintain such compliance, this indebtedness could be accelerated.

We Are a Holding Company With Our Assets Held Primarily by Our Subsidiaries; Creditors of Those Companies Have a Claim on Their Assets That Is Effectively Senior to That of Holders of the Senior Debt Securities

We are a holding company with no significant operating assets other than through our ownership of shares of our subsidiaries. We receive substantially all of our operating income from our subsidiaries. The Company is the only company obligated to make payments under the senior debt securities offered hereby. Our subsidiaries are separate and distinct legal entities and they will have no obligation, contingent or otherwise, to pay any amounts due under the senior debt securities offered hereby or to make any funds available for any of those payments. The senior debt securities offered hereby will be senior unsecured obligations of the Company ranking *pari passu* with other unsubordinated and unsecured obligations of the Company. Claims of creditors of our subsidiaries, including trade creditors and banks and other lenders, will effectively have priority over the holders of the senior debt securities offered hereby with respect to the assets of our subsidiaries. In addition, our ability to meet our financial obligations, including obligations under the senior debt securities offered hereby, will depend in significant part on our receipt of cash dividends, advances and other payments from our subsidiaries. In general, Mexican corporations may pay dividends only out of net income, which is approved by stockholders. The stockholders must then also approve the actual dividend payment after we establish mandatory legal reserves (5% of net income annually up to at least an amount equal to 20% of the paid-in capital) and satisfy losses for prior fiscal years. The ability of our subsidiaries to pay such dividends or make such distributions will be subject to, among other things, applicable laws and, under certain circumstances, restrictions contained in agreements or debt instruments to which we, or any of our subsidiaries, are parties. In addition, third parties own substantial interests in certain of our other businesses such as Cablevisión and Innova. Accordingly, we must share with minority stockholders any dividends paid by these businesses.

Claims of creditors of our subsidiaries, including trade creditors, will generally have priority as to the assets and cash flows of those subsidiaries over any claims we and the holders of the senior debt securities offered hereby may have. For a description of our outstanding debt, see Item 5 Operating and Financial Review and Prospects Results of Operations Liquidity, Foreign Exchange and Capital Resources Indebtedness included in the 2012 Form 20-F or similar sections in our future filings.

In addition, creditors of the Company, including holders of the senior debt securities offered hereby, will be limited in their ability to participate in distributions of assets of our subsidiaries to the extent that the outstanding shares of any of our subsidiaries are either pledged as collateral to our other creditors or are not owned by us. As of the date of this prospectus, minority interests in several of our subsidiaries are held by third parties and a small portion of the shares of our subsidiaries are pledged as collateral. See Item 5 Operating and Financial Review and Prospects Results of Operations Liquidity, Foreign Exchange and Capital Resources Indebtedness and Net Income Attributable to Non-controlling Interests included in the 2012 Form 20-F. At March 31, 2013, our subsidiaries had Ps.37,969.9 million (equivalent to U.S.\$3,076.8 million) of liabilities (excluding liabilities to us and excluding guarantees by subsidiaries of our indebtedness), U.S.\$768.0 million of which was U.S. Dollar-denominated. These liabilities include

Ps.9,724.7 million (equivalent to U.S.\$788.0 million) of indebtedness, U.S.\$324.4 million of which was U.S. Dollar-denominated indebtedness (equivalent to Ps.4,002.7

Table of Contents

million). All of these liabilities would effectively have ranked senior to the senior debt securities offered hereby. The indenture does not limit the amount of indebtedness which can be incurred by us or by our restricted or unrestricted subsidiaries.

Judgments of Mexican Courts Enforcing Our Obligations in Respect of the Senior Debt Securities Would Be Paid Only in Pesos

Under the *Ley Monetaria*, or the Mexican Monetary Law, in the event that any proceedings are brought in Mexico seeking performance of our obligations under the senior debt securities offered hereby, pursuant to a judgment or on the basis of an original action, we may discharge our obligations denominated in any currency other than Pesos by paying Pesos converted at the rate of exchange prevailing on the date payment is made. This rate is currently determined by the Mexican Central Bank every business day in Mexico and published the next business day in the *Diario Oficial de la Federación*, or the Official Gazette of the Federation, for application the following business day. As a result, if any senior debt securities offered hereby are denominated in a currency other than Pesos but are paid by us in Pesos to holders thereof, the amount received may not be sufficient to cover the amount of U.S. Dollars (or other currency, as applicable) that the holder of the senior debt security would have received under the terms of the senior debt securities. In addition, our obligation to indemnify against exchange losses may be unenforceable in Mexico.

In addition, in the case of our bankruptcy or *concurso mercantil*, or judicial reorganization, our foreign currency-denominated liabilities, including our liabilities under any senior debt securities offered hereby denominated in a currency other than Pesos, will be converted into Pesos at the rate of exchange applicable on the date on which the declaration of bankruptcy or judicial reorganization is effective, and the resulting amount, in turn, will be converted to UDIs, or inflation-indexed units. Our foreign currency-denominated liabilities, including our liabilities under any senior debt securities denominated in a currency other than Pesos, will not be adjusted to take into account any depreciation of the Peso as compared to the U.S. Dollar (or other currency, as applicable) occurring after the declaration of bankruptcy or judicial reorganization. Also, all obligations under the senior debt securities will cease to accrue interest from the date of the bankruptcy or judicial reorganization declaration, will be satisfied only at the time those of our other creditors are satisfied and will be subject to the outcome of, and amounts recognized as due in respect of, the relevant bankruptcy or judicial reorganization proceeding.

We May Not Have Sufficient Funds to Meet Our Obligation Under the Indenture to Repurchase the Senior Debt Securities Upon a Change of Control

Upon the occurrence of a change of control, we will be required to offer to repurchase each holder's senior debt securities at a price of 101% of the principal amount plus accrued and unpaid interest, if any, to the date of purchase. The terms of some or all of our other indebtedness, including additional indebtedness we may incur in the future, may contain similar requirements. We may not have the financial resources necessary to meet our obligations in respect of our indebtedness, including the required repurchase of senior debt securities offered hereby, following a change of control. We also may be restricted under the terms of other indebtedness from making such repurchase. If an offer to repurchase the senior debt securities offered hereby is required to be made and we do not have available sufficient funds to repurchase the senior debt securities, an event of default would occur under the indenture. The occurrence of an event of default will result in acceleration of the maturity of the senior debt securities offered hereby and other indebtedness. See Description of the Senior Debt Securities .

It May Be Difficult to Enforce Civil Liabilities Against Us or Our Directors, Executive Officers and Controlling Persons

We are organized under the laws of Mexico. Substantially all of our directors, executive officers and controlling persons reside outside the United States, all or a significant portion of the assets of our directors, executive officers and controlling persons, and substantially all of our assets, are located outside of the

Table of Contents

United States, and some of the parties named in this prospectus also reside outside of the United States. As a result, it may be difficult for you to effect service of process within the United States upon these persons or to enforce against them or us in U.S. courts judgments predicated upon the civil liability provisions of the federal securities laws of the United States. We have been advised by our Mexican counsel, Mijares, Angoitia, Cortés y Fuentes, S.C., that there is doubt as to the enforceability, in original actions in Mexican courts, of liabilities predicated solely on U.S. federal securities laws and as to the enforceability in Mexican courts of judgments of U.S. courts obtained in actions predicated upon the civil liability provisions of U.S. federal securities laws. See Enforceability of Civil Liabilities .

There May Not Be a Liquid Trading Market for the Senior Debt Securities, Which Could Limit Your Ability to Sell Your Senior Debt Securities in the Future

The senior debt securities offered hereby will constitute one or more new issues of securities for which, prior to an offering of the applicable series of senior debt securities, there has been no public market, and the senior debt securities may not be widely distributed. Accordingly, an active trading market for any series of the senior debt securities may not develop. If a market for any series of the senior debt securities offered hereby does develop, the price of such senior debt securities may fluctuate and liquidity may be limited. If a market for any series of the senior debt securities offered hereby does not develop, purchasers may not be able to resell such senior debt securities for an extended period of time, if at all.

Unless indicated otherwise in any applicable prospectus supplement, we expect to use the net proceeds from the sale of the senior debt securities offered hereby for general corporate purposes. Additional information on the use of net proceeds from the sale of securities that we may offer from time to time by this prospectus and any prospectus supplement may be set forth in the applicable prospectus supplement relating to a particular offering.

DESCRIPTION OF THE SENIOR DEBT SECURITIES

We may issue senior debt securities from time to time in one or more distinct series. The debt securities will be issued under an indenture, dated as of August 8, 2000, which we refer to as the base indenture, between the Company, as issuer, and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee, as amended and supplemented from time to time. The aggregate principal amount of debt securities that may be authenticated and delivered under the base indenture is unlimited. We will include in a supplement to this prospectus the specific terms of each series of debt securities being offered. The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the debt securities, the base indenture and any supplemental indentures are summaries of these provisions, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the debt securities, the base indenture and such supplemental indentures. The base indenture is filed as an exhibit to the registration statement of which this prospectus forms part.

Unless otherwise specified in a prospectus supplement, the debt securities will be senior unsecured obligations of Grupo Televisa, S.A.B., and will not be guaranteed by any of our subsidiaries. The debt securities will rank equally with any of our other senior and unsubordinated debt.

The applicable prospectus supplement will set forth the terms of each series of debt securities, including, if applicable:

This prospectus is part of a registration statement that provides that we may issue senior debt securities from time to time in one or more series under the base indenture, in each case with the same or various maturities, at par or at a discount. Unless otherwise indicated in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the base indenture.

PLAN OF DISTRIBUTION

General

We may offer and sell securities in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers or through any combination of these methods.

A prospectus supplement relating to a particular offering of securities may include the following information:

the terms of the offering;

the names of any underwriters or agents;

the purchase price of the securities;

the net proceeds to us from the sale of the securities;

any delayed delivery arrangements;

any underwriting discounts and other items constituting underwriters' compensation;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

other information related to the distribution of the securities.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Underwriting Compensation

We may offer these securities to the public through underwriting syndicates represented by managing underwriters or through underwriters without an underwriting syndicate. If underwriters are used for the sale of securities, the securities will be acquired by the underwriters for their own account. The underwriters may resell the securities in one or more transactions, including in negotiated transactions at a fixed public offering price or at varying prices determined at the time of sale. In connection with any such underwritten sale of securities, underwriters may receive

compensation from us or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

If we use an underwriter or underwriters in the sale of particular securities, we will execute an underwriting agreement with those underwriters at the time of sale of those securities. The names of the underwriters will be set forth in the prospectus supplement used by the underwriters to sell those securities. Unless otherwise indicated in the prospectus supplement relating to a particular offering of securities, the obligations of the underwriters to purchase the securities will be subject to customary conditions precedent and the underwriters will be obligated to purchase all of the securities offered if any of the securities are purchased.

Underwriters, dealers and agents that participate in the distribution of securities may be deemed to be underwriters under the Securities Act. Any discounts or commissions that they receive from us and any profit that they receive on the resale of securities may be deemed to be underwriting discounts and commissions under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us.

Table of Contents

Indemnification

We may enter agreements under which underwriters and agents who participate in the distribution of securities may be entitled to indemnification by us against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

Related Transactions

Various of the underwriters who participate in the distribution of securities, and their affiliates, may perform various commercial banking, investment banking and other services for us from time to time.

Delayed Delivery Contracts

We may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase securities from us pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the securities will not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering (that is, if they sell more securities than are set forth on the cover page of the prospectus supplement) the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.
