Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(d) On February 16, 2016, the Board of Directors (the Board) of Autoliv, Inc. (the Company) expanded the size of the Board to eleven members and elected Leif Johansson to the Board for a term effective February 16, 2016 until the 2016 Annual Meeting of the Stockholders, at which time he will stand for election at the Annual Meeting.

Mr. Johansson will enter into an indemnification agreement substantially in the form of the indemnification agreement previously entered into with each of the Company's existing officers and directors, a form of which has been filed as Exhibit 99.1 on Form 10-K (File No. 001-12933, filing date February 24, 2009). In connection with his election, the Company has agreed to compensate Mr. Johansson consistently with its other independent directors.

A copy of the press release is filed as Exhibit 99.1 to this report and is incorporated herein by reference.

(e) On February 15, 2016, the Compensation Committee of the Board adopted, and made grants pursuant to, a new long-term incentive (LTI) program pursuant to which certain members of executive management, including its named executive officers (which are listed below), received 50% of their LTI grant value in the form of performance shares and 50% in the form of restricted stock units, as follows:

Named Executive Officer*	Target Number of Performance-Based	
	Restricted Stock Units	Number of Restricted Stock Units
Jan Carlson	4,732	4,732
Steven Fredin	1,773	1,773
Jonas Nilsson	1,471	1,471

* Neither Messrs. Mats Wallin nor George Chang received any restricted stock units or performance shares in light of their previously-announced upcoming separation from the Company.

With the implementation of the new LTI program, the Company eliminated its historical practice of granting stock options with a one-year vesting period.

The grantee may earn 0%-200% of the target number of performance shares based on the Company's achievement of specified targets for the Company's sales compound annual growth rate (CAGR) and the Company's earnings per share CAGR relative to the compound annual growth rate for global light vehicle production reported by IHS, each weighted 50%, over a three-year performance period. In order to provide a smooth transition to the new LTI program, the restricted stock units granted in 2016 will vest in three approximately equal annual installments beginning on the first anniversary of the grant date, subject to the grantee's continued employment with the Company on each vesting date. However, beginning with the 2017 LTI grant, the restricted stock units will cliff-vest on the third anniversary of the grant date, subject to the grantee's continued employment with the Company on such date. The performance shares and restricted stock units were granted under the Autoliv, Inc. 1997 Stock Incentive Plan, as amended and restated, and are subject to the terms and conditions of such plan, as well as the award agreements evidencing the grants. The foregoing description of the performance shares and restricted stock units is qualified in its entirety by the full text of the award agreements evidencing such grants, the forms of which will be filed as exhibits to the Company's Quarterly Report on Form 10-Q for the period ending March 31, 2016.

Item 8.01 Other Events.

The ex-date will be Monday, May 16, 2016 for holders of the common stock listed on the New York Stock Exchange and Tuesday, May 17, 2016 for holders of Swedish Depository Receipts listed on the NASDAQ OMX, Stockholm.
