Dear Seattle Genetics Stockholders:

On behalf of Seattle Genetics, Inc., I cordially invite you to attend our 2016 Annual Meeting of Stockholders to be held on Friday, May 20, 2016, at 11:00 a.m., local time, at our principal offices located in Building 3 at 21823 30th Drive SE, Bothell, WA 98021.

Details of the business to be conducted at the annual meeting are given in the Notice of Annual Meeting of Stockholders and the Proxy Statement.

We are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send these stockholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose.

Your vote is important. Whether or not you plan to attend the Annual Meeting, it is important that your shares are represented. Please read the Proxy Statement and vote via the Internet, over the telephone or, if you received a paper proxy card or voting instruction form by mail, by marking, dating, signing and returning the proxy card or voting instruction form, as promptly as possible. Of course, if you attend the Annual Meeting, you will have the right to vote your shares in person.

On behalf of the Board of Directors, I would like to express our appreciation for your continued interest in Seattle Genetics. We look forward to seeing you at the Annual Meeting.

Sincerely,

Clay B. Siegall, Ph.D.

President and Chief Executive Officer

YOUR VOTE IS IMPORTANT

You may vote your shares via the Internet, over the telephone or, if you received a paper proxy card or voting instruction form by mail, by marking, dating and signing the proxy card or voting instruction form and mailing it promptly in the return envelope provided.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 20, 2016

The 2016 Annual Meeting of Stockholders (the "Annual Meeting") of Seattle Genetics, Inc., a Delaware corporation ("Seattle Genetics" or the "Company"), will be held on Friday, May 20, 2016 at 11:00 a.m. local time at the principal offices of Seattle Genetics located in Building 3 at 21823 30th Drive SE, Bothell, Washington 98021, for the following purposes:

1. To elect the three nominees for Class III director named in the accompanying proxy statement to hold office until the Company's 2019 Annual Meeting of Stockholders.
 2. To approve the amendment and restatement of the Seattle Genetics, Inc. Amended and Restated 2007 Equity Incentive Plan to increase the aggregate number of shares of common stock authorized for issuance thereunder by 6,000,000 shares and to approve the award limits and other terms applicable to awards intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code.
 3. To ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016.
 4. To approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the accompanying proxy statement.
 5. To transact such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.
- You can find more information about each of these items, including the nominees for directors, in the accompanying proxy statement.

The Board of Directors has fixed the close of business on March 24, 2016 as the record date for determining the stockholders entitled to notice of and to vote at the Annual Meeting and at any adjournment or postponement thereof.

We cordially invite all stockholders to attend the Annual Meeting in person. However, whether or not you expect to attend the Annual Meeting in person, please ensure your representation and the presence of a quorum at the Annual Meeting by voting via the Internet, over the telephone or, if you received a paper proxy card or voting instruction form by mail, by marking, dating, signing and returning the proxy card or voting instruction form as promptly as possible in the return envelope provided. If you vote via the Internet, over telephone or by sending in your proxy card or voting instruction form, but then decide to attend the Annual Meeting to vote your shares in person, you may still do so. Your proxy is revocable in accordance with the procedures described in the accompanying proxy statement. Please note that if your shares are held in an account by your broker, bank, or other nominee and you wish to vote at the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation.

By Order of the Board of Directors,

Jean I. Liu

Corporate Secretary

Bothell, Washington

SEATTLE GENETICS, INC.

PROXY STATEMENT FOR THE

2016 ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 20, 2016

Our Board of Directors is soliciting proxies for the 2016 Annual Meeting of Stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board has set the close of business on March 24, 2016 as the record date for the Annual Meeting. Stockholders of record who owned our common stock on that date are entitled to vote at and attend the Annual Meeting. Each share of common stock is entitled to one vote. There were 140,065,368 shares of common stock outstanding on the record date.

Our proxy materials, which include this proxy statement and our 2015 annual report, are first being mailed or made available to stockholders on or about April 7, 2016. This proxy statement and our 2015 annual report are available on the Internet at <http://materials.proxyvote.com/812578>.

In this proxy statement:

We, us, our and Seattle Genetics refer to Seattle Genetics, Inc.;

Annual Meeting means our 2016 Annual Meeting of Stockholders;

Board of Directors or Board means our Board of Directors; and

SEC means the Securities and Exchange Commission.

We have summarized below important information with respect to the Annual Meeting.

TIME AND PLACE OF THE ANNUAL MEETING

The Annual Meeting is being held on Friday, May 20, 2016 at 11:00 a.m. local time at our principal offices located in Building 3 at 21823 30th Drive SE, Bothell, Washington 98021. Directions to our principal offices may be found at www.seattlegenetics.com.

All stockholders who owned shares of our stock as of March 24, 2016, the record date, may attend and vote on the proposals considered at the Annual Meeting.

PURPOSE OF THE PROXY MATERIALS

Our Board of Directors is soliciting your proxy to vote at the Annual Meeting, including at any adjournments or postponements of the Annual Meeting. This proxy statement describes the proposals on which we would like you, as a stockholder, to vote. It also gives you information on these proposals so that you can make an informed decision, information you may find useful in determining how to vote and information regarding voting procedures.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the rules of the SEC we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send these stockholders a Notice of Internet Availability of Proxy Materials, or Notice, with

instructions for accessing the proxy materials, including our proxy statement and 2015 annual report, and voting via the Internet. The Notice also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources.

PROPOSALS TO BE VOTED ON AT THIS YEAR'S ANNUAL MEETING; BOARD RECOMMENDATIONS

At the Annual Meeting, there are four matters scheduled for a vote:

to elect the three nominees for Class III director named in this proxy statement to hold office until our 2019 Annual Meeting of Stockholders;

to approve the amendment and restatement of the Seattle Genetics, Inc. Amended and Restated 2007 Equity Incentive Plan, or the 2007 Plan, to increase the aggregate number of shares of common stock authorized for issuance thereunder by 6,000,000 shares and to approve the award limits and other terms applicable to awards intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code;

to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016; and

to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement. The Board of Directors recommends a vote **FOR** all of the nominees named herein for director and a vote **FOR** each of the other proposals.

VOTING VIA THE INTERNET, BY TELEPHONE OR BY MAIL

Stockholders whose shares are registered with our transfer agent, Computershare Inc., in their own name, are record holders also known as stockholders of record. As an alternative to voting in person at the Annual Meeting, a record holder may vote via the Internet, over telephone or, for those stockholders who receive a paper proxy card in the mail, by mailing a completed proxy card.

For those record holders who receive a paper proxy card, instructions for voting via the Internet, over the telephone or by mail are set forth on the proxy card. If you are a stockholder who elects to vote by mail, you should sign and mail the proxy card in the addressed, postage paid envelope that was enclosed with the proxy materials, and your shares will be voted at the Annual Meeting in the manner you direct.

Stockholders whose shares are not registered in their own name with Computershare Inc. are beneficial holders of shares held in street name. Such shares may be held in an account at a bank or at a brokerage firm (your record holder). As the beneficial holder, you have the right to direct your record holder on how to vote your shares, and you will receive instructions from your record holder that must be followed in order for your record holder to vote your shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions via the Internet or by telephone. If Internet or telephone voting is unavailable from your record holder, please complete and return the voting instruction form in the addressed, postage paid envelope provided. If your shares are held beneficially in street name and you have not given your record holder voting instructions, your record holder will not be able to vote your shares with respect to any matter other than ratification of the appointment of Seattle Genetics' independent registered public accounting firm as explained in more detail below.

For those stockholders who receive a Notice, the Notice provides information on how to access your proxy materials on the Internet, which contains instructions on how to vote via the Internet or by telephone. If you received a Notice, you can request a printed copy of your proxy materials by following the instructions contained in the notice.

VOTING IN PERSON AT THE ANNUAL MEETING

If you are a stockholder of record, you may vote in person at the Annual Meeting. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy. If your shares are held in street name, your shares may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from your record holder giving you the right to vote such shares in person at the Annual Meeting.

REVOCATION OF PROXIES

You may revoke or change a previously delivered proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may grant a subsequent proxy over the telephone or via the Internet.

You may send a timely written notice that you are revoking your proxy to our Corporate Secretary at 21823 30th Drive SE, Bothell, Washington 98021

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy. Your most recent proxy card or telephone or Internet proxy is the one that is counted.

If your shares are held by your broker, bank or other agent as a nominee or agent, you should follow the instructions provided by your broker, bank or other agent.

MULTIPLE SETS OF PROXY MATERIALS

If you receive more than one set of proxy materials, or more than one Notice or a combination thereof, your shares may be registered in more than one name or are registered in different accounts. Please follow the voting instructions on **each** set of proxy materials or Notices to ensure that all of your shares are voted.

QUORUM REQUIREMENT

Shares are counted as present at the Annual Meeting if a stockholder of record either:

is present and votes in person at the Annual Meeting; or

has properly voted by proxy.

The holders of a majority of our issued and outstanding shares of common stock entitled to vote as of the record date must be present at the Annual Meeting (either in person or by proxy) in order to hold the Annual Meeting and conduct business. This is called a quorum.

VOTING INSTRUCTIONS; ABSTENTIONS AND BROKER NON-VOTES

If you are the record holder of your shares, you must vote by proxy or attend the Annual Meeting in person in order to vote on the proposals. If the shares you own are held in street name by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of voting via the Internet or over the telephone, instructions for which would be provided by your brokerage

firm on your voting instruction form. Under the current rules that govern brokers, if

you do not give instructions to your brokerage firm, it will still be able to vote your shares, but only with respect to proposals for which it has discretionary voting authority. A broker non-vote occurs when a broker or other holder of record holding shares for a beneficial owner submits a proxy for the Annual Meeting but does not vote on a particular proposal because that holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

The election of directors (Proposal No. 1), the amendment and restatement of the 2007 Plan (Proposal No. 2) and the advisory vote on the compensation of our named executive officers (Proposal No. 4) are proposals for which brokers do not have discretionary voting authority. If you do not instruct your broker how to vote with respect to these proposals, your broker may not vote with respect to these proposals and those non-votes will be counted as broker non-votes. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm (Proposal No. 3) is considered to be discretionary and your brokerage firm will be able to vote on Proposal No. 3 even if it does not receive instructions from you, so long as it holds your shares in its name.

Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect with respect to any of the proposals.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the Annual Meeting.

REQUIRED VOTES

Assuming that a quorum is present at the Annual Meeting, the following votes will be required:

With respect to the election of Class III directors (Proposal No. 1), the three nominees receiving the highest number of FOR votes (from the holders of shares present in person or represented by proxy) will be elected as directors.

With respect to the vote on the amendment and restatement of the 2007 Plan to increase the aggregate number of shares of common stock authorized for issuance thereunder by 6,000,000 shares and to approve the award limits and other terms applicable to awards intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code (Proposal No. 2), approval will require the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting.

With respect to the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm (Proposal No. 3), approval will require the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting.

With respect to the advisory vote on the compensation of our named executive officers as disclosed in this proxy statement (Proposal No. 4), approval will require the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting. We believe that the procedures to be used by the Inspector of Election to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

VOTE SOLICITATIONS

The Board of Directors of Seattle Genetics is soliciting your proxy to vote your shares at the Annual Meeting. We will bear the entire cost of this solicitation of proxies, including the preparation, assembly, printing, and mailing of the Notice, this proxy statement, the proxy card and any additional solicitation material that we

may provide to our stockholders. In addition to these proxy materials, Alliance Advisors and our directors, officers and other employees may contact you by telephone, via the Internet, in person or otherwise to obtain your proxy. We have retained Alliance Advisors as a proxy solicitor in connection with the Annual Meeting. We have agreed to pay to Alliance Advisors a fee of \$14,000 plus reasonable out-of-pocket expenses incurred in the process of soliciting proxies. Our directors, officers and other employees will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy materials.

VOTING PROCEDURES

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Computershare Inc., our transfer agent, who will act as the Inspector of Election. The Inspector of Election will also determine whether a quorum is present at the Annual Meeting.

Shares properly voted by proxy will be voted at the Annual Meeting. If you specify a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. If you are the record holder of your shares and you do not specify your vote on each proposal individually when voting via the Internet or over telephone, or if you sign and return a proxy card without giving specific voting instructions, then your shares will be voted as follows:

FOR all of the director nominees named herein (Proposal No. 1);

FOR the approval of the amendment and restatement of the 2007 Plan to increase the aggregate number of shares of common stock authorized for issuance thereunder by 6,000,000 shares and to approve the award limits and other terms applicable to awards intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code (Proposal No. 2);

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm (Proposal No. 3); and

FOR the approval of the compensation of our named executive officers as disclosed in this proxy statement (Proposal No. 4).
If any other matter is properly presented at the Annual Meeting, it is the intention of the persons named in the accompanying proxy, referred to in this proxy statement as the proxy holders, to vote on those matters in accordance with their best judgment.

PUBLICATION OF VOTING RESULTS

We will announce preliminary voting results at the Annual Meeting. We will publish the final results in a current report on Form 8-K, which we expect to file with the SEC within four business days of the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results. You can obtain a copy of any of these filings on our website at www.seattlegenetics.com, by contacting our Investor Relations Department at (425) 527-4000, by calling the SEC at (800) 732-0330 for information regarding its public reference room or through the EDGAR system at www.sec.gov.

OTHER BUSINESS

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. If any other business is properly presented at the Annual Meeting, the proxy holders have the authority to vote on such matters at their discretion.

PROPOSALS FOR 2017 ANNUAL MEETING

To have your proposal included in our proxy statement for the 2017 Annual Meeting, you must submit your proposal in writing by December 8, 2016 to Jean I. Liu, Corporate Secretary, Seattle Genetics, 21823 30th Drive SE, Bothell, Washington 98021, and you must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act. However, if the 2017 Annual Meeting is not held between April 20, 2017 and June 19, 2017, then the deadline will be a reasonable time prior to the time we begin to print and send our proxy materials.

Stockholders wishing to submit proposals or director nominations for our 2017 Annual Meeting that are not to be included in our proxy statement must give timely written notice to our Corporate Secretary in accordance with our bylaws. To be timely, written notice must be received by our Corporate Secretary at the above address no earlier than January 20, 2017 and no later than February 19, 2017; provided, however, that in the event the date of the 2017 Annual Meeting is not scheduled to be held between April 20, 2017 and June 19, 2017, then such notice must be received by the later of the 90th day prior to the date of the 2017 Annual Meeting or the 10th day following the date on which public announcement or disclosure of the date of the 2017 Annual Meeting is first made. However, in the event that the number of directors to be elected to the Board of Directors is increased and either all of the nominees for director or the size of the increased Board of Directors is not publicly announced or disclosed by Seattle Genetics on or prior to February 9, 2017, a stockholder's notice to our Corporate Secretary will also be considered timely, but only with respect to nominees for any new positions created by such increase, if the stockholder's notice is delivered to our Corporate Secretary at the above address not later than the close of business on the 10th day following the first date all of such nominees or the size of the increased Board of Directors has been publicly announced or disclosed by Seattle Genetics. We also advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including attendance requirements. A stockholder's notice to our Corporate Secretary must set forth the information required by our bylaws with respect to each nominee or matter the stockholder proposes to bring before the 2017 Annual Meeting, and must be updated not later than ten days after the record date for the determination of stockholders entitled to vote at 2017 Annual Meeting to provide any material changes in the foregoing information. The person presiding at the 2017 Annual Meeting may determine, if the facts warrant, that a nominee or matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting. In addition, the proxy solicited by the Board of Directors for the 2017 Annual Meeting will confer discretionary voting authority with respect to (i) any proposal presented by a stockholder at that meeting for which Seattle Genetics has not been provided with timely notice and (ii) any proposal made in accordance with our bylaws, if the 2017 proxy statement briefly describes the matter and how management proxy holders intend to vote on it, if the stockholder does not comply with the requirements of Rule 14a-4(c)(2) promulgated under the Exchange Act.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Fourth Amended and Restated Certificate of Incorporation provides that the Board of Directors is divided into three approximately equal classes with staggered three-year terms. As a result, approximately one-third of the total number of directors will be elected every year.

Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors or by the affirmative vote of the holders of a majority of the voting power of the then outstanding shares of our voting stock, provided that newly created directorships resulting from any increase in the number of directors will, unless the Board determines by resolution that any such directorships shall be filled by stockholders, be filled only by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) will serve for the remainder of the full term of the class of directors in which the vacancy occurred.

The total number of directors constituting the whole Board of Directors is presently set at nine members, and currently there are no vacancies. The Class III directors, whose terms of office expire at the 2016 Annual Meeting, are Marc E. Lippman, Daniel G. Welch and Srinivas Akkaraju. The Class I directors, whose terms expire at the 2017 Annual Meeting, are John A. Orwin, David W. Gyska and John P. McLaughlin. The Class II directors, whose terms expire at the 2018 Annual Meeting, are Clay B. Siegall, Felix Baker and Nancy A. Simonian. Our stockholders only elect one class of directors at each annual meeting. The other classes continue to serve for the remainder of their three-year terms.

Marc E. Lippman, Daniel G. Welch and Srinivas Akkaraju have been recommended by the Nominating and Corporate Governance Committee of the Board of Directors for election at the Annual Meeting and have been nominated by the Board for election at the Annual Meeting as Class III directors for three-year terms expiring at the 2019 Annual Meeting. Mr. Lippman and Mr. Welch were previously elected by the stockholders as Class III directors. Dr. Akkaraju was previously elected by the stockholders as a Class I director. Solely in order to provide for an equal apportionment of the members of the Board among the three classes, Dr. Akkaraju resigned as a Class I director on June 18, 2015 and, upon the recommendation of the Nominating and Corporate Governance Committee of the Board, was immediately re-elected by the Board as a Class III director.

Marc E. Lippman, Daniel G. Welch and Srinivas Akkaraju are elected by receiving the greatest number of votes cast for their election by holders of common stock that are present in person or represented by proxy at the meeting. Although the election of directors at the Annual Meeting is uncontested and directors are elected by a plurality of votes cast, and we therefore expect that each of the named nominees for director will be elected at the Annual Meeting, under our Corporate Governance Guidelines, any nominee for director is required to submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee if such nominee for director (in an uncontested election) receives a greater number of votes withheld from his or her election than votes for such election. In such case, the Nominating and Corporate Governance Committee will then consider all of the relevant facts and circumstances and recommend to the full Board the action to be taken with respect to such offer of resignation.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named herein. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence such shares will be voted for the election of such substitute nominees as the Nominating and Corporate Governance Committee may propose. Each person nominated for election has consented to being named as a nominee in this proxy statement and has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

NOMINEES FOR THE BOARD OF DIRECTORS; CONTINUING DIRECTORS

The names of the nominees and of the directors whose terms of office will continue after the Annual Meeting, their ages as of May 20, 2016, and certain other information about them are set forth below. The Nominating and Corporate Governance Committee seeks to assemble a Board that, as a group, provides a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. To that end, the Nominating and Corporate Governance Committee has identified and evaluated nominees in the broader context of the Board's overall composition, with the goal of recruiting and retaining members who complement and strengthen the skills of the other members of the Board and who also exhibit integrity, collegiality, sound business judgment and other qualities that the Nominating and Corporate Governance Committee views as critical to effective functioning of the Board. The brief biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each nominee and continuing director that led the Nominating and Corporate Governance Committee and the Board to believe that such nominee or continuing director should continue to serve on the Board as of the date of this proxy statement.

Dr. Lippman has authored over 500 peer-reviewed publications and one of the standard texts on breast cancer. He received a B.A., magna cum laude, from Cornell

and an M.D. from Yale where he was elected to Alpha Omega Alpha. Dr. Lippman's extensive experience in treating patients and conducting oncology research at the National Cancer Institute and at the medical schools of the University of Miami, the University of Michigan and Georgetown University provides an important patient perspective and focus on innovation in our development of antibody-based therapies.

Daniel G. Welch Mr. Welch has served as one of our directors since June 2007. Since January 2015, Mr. Welch has been Executive Partner of Sofinnova Ventures, a venture capital firm. Mr. Welch served as Chief Executive Officer and President of InterMune, Inc., a formerly publicly-traded biotechnology company, from September 2003 until InterMune's acquisition by Roche Holdings in September 2014, and, from May 2007 to October 2014, he served in the additional role of Chairman of the Board of InterMune. Before joining InterMune, he was Chairman and Chief Executive Officer of Triangle Pharmaceuticals from 2002 to 2003, which was acquired by Gilead in 2003. Prior to that, he was President of Biopharmaceuticals at Elan Corporation from 2000 to 2002. During his tenure at Elan he was responsible for its U.S. commercial operations, international subsidiaries, R&D and diagnostics businesses. From 1987 to 2000, Mr. Welch served in various senior management roles at Sanofi-Synthelabo, now Sanofi-Aventis, including Vice President of Worldwide Marketing and Chief Operating Officer of the U.S. business. Mr. Welch holds a B.S. from the University of Miami and an M.B.A. from the University of North Carolina. In addition to Seattle Genetics, Mr. Welch serves as a director of Intercept Pharmaceuticals, Inc., Ultragenyx Pharmaceuticals, Inc. and AveXis, Inc., publicly-traded biotechnology companies. Mr. Welch's global commercial background and strong senior executive experience at a wide range of biotechnology companies, including previously serving as Chairman and CEO of two publicly-traded biotechnology companies, gives him insight into the strategy and planning for a biopharmaceutical company that is valuable to our senior management as well as the other members of our Board of Directors.

Srinivas Akkaraju, M.D., Ph.D. Dr. Akkaraju has served as one of our directors since July 2003. Since February 2016, Dr. Akkaraju has been a Senior Advisor of Sofinnova Ventures. From April 2013 to February 2016, Dr. Akkaraju served as a General Partner at Sofinnova Ventures. From January 2009 to April 2013, Dr. Akkaraju served as Managing Director of New Leaf Venture Partners. From August 2006 to December 2008, Dr. Akkaraju served as a Managing Director at Panorama Capital, LLC, a private equity firm founded by the former venture capital investment team of J.P. Morgan Partners, LLC, a private equity division of JPMorgan Chase & Co. Panorama Capital advised J.P. Morgan Partners as to its investment in Seattle Genetics. Prior to co-founding Panorama Capital, he was with J.P. Morgan Partners, which he joined in April 2001 and of which he became a Partner in January 2005. From October 1998 to April 2001, he was in Business and Corporate Development at Genentech, Inc. (now a member of the Roche Group), a biotechnology company, most recently as Senior Manager. Prior to joining Genentech, Dr. Akkaraju was a graduate student at Stanford University, where he received an M.D. and a Ph.D. in Immunology. He received his undergraduate degrees in Biochemistry and Computer Science from Rice University. In addition to Seattle Genetics, Dr. Akkaraju serves as a director of Intercept Pharmaceuticals, Inc., Versartis, Inc. and aTyr Pharma, Inc., publicly traded biotechnology companies. Previously, Dr. Akkaraju served as a director on the boards of Barrier Therapeutics, Inc., Eyetech Pharmaceuticals, Inc., ZS Pharma Inc. and Synageva Biopharma Corp., all publicly traded biotechnology companies, and Amarin Corporation plc, a foreign publicly traded biotechnology company. Dr. Akkaraju has a strong scientific background coupled with extensive experience in private equity and venture capital investing from his work at J.P. Morgan, Panorama Capital, New Leaf and Sofinnova. This combination allows for Dr. Akkaraju to thoroughly understand our technology and provide strong business and strategic expertise.

THE BOARD RECOMMENDS A VOTE FOR ALL OF

THE NOMINEES FOR DIRECTOR NAMED ABOVE.

CONTINUING DIRECTOR PROFILES

David W. Gryska Mr. Gryska has served as one of our directors since March 2005. Since October 2014, Mr. Gryska has served as Executive Vice President and Chief Financial Officer of Incyte Corporation, a

publicly-traded biopharmaceutical company. From May 2012 to December 2012, Mr. Gryska served as Chief Operating Officer and from August 2012 to December 2012, interim Chief Executive Officer of Myrex Inc., a publicly-traded biotechnology company. From December 2006 to October 2010, he served as Senior Vice President and Chief Financial Officer of Celgene Corporation. From October 2004 to December 2006, he was a principal at Strategic Consulting Group, where he provided strategic consulting to early-stage biotechnology companies. Mr. Gryska served at Scios, Inc., a biopharmaceutical company, as Senior Vice President and Chief Financial Officer from November 2000 to October 2004, and as Vice President of Finance and Chief Financial Officer from December 1998 to November 2000. Scios was acquired by Johnson & Johnson in 2003. From 1993 to December 1998, he served as Vice President, Finance and Chief Financial Officer at Cardiac Pathways Corporation, a medical device company which was later acquired by Boston Scientific Corporation. Prior to Cardiac Pathways, Mr. Gryska served as a partner at Ernst & Young LLP, an accounting firm. During his eleven years at Ernst & Young LLP, he focused on technology industries, with an emphasis on biotechnology and healthcare companies. Mr. Gryska holds a B.A. in accounting and finance from Loyola University and an M.B.A. from Golden Gate University. In addition to Seattle Genetics, Mr. Gryska serves on the board of PDL BioPharma, Inc., a publicly-traded biotechnology company. With his years of experience as Chief Financial Officer, at Incyte Corporation, Celgene, Scios, and Cardiac Pathways, Mr. Gryska brings to the Board of Directors valuable and relevant experience as a senior financial executive at life sciences and biotechnology companies dealing with financings, mergers, acquisitions and global expansion and other strategic transactions. He also has extensive knowledge of accounting principles and financial reporting rules and regulations, tax compliance and oversight of the financial reporting processes of several large, publicly traded corporations, which assists Mr. Gryska in fulfilling his duties as chair of our Audit Committee.

John P. McLaughlin Mr. McLaughlin has served as one of our directors since June 2007. Since December 2008, Mr. McLaughlin has been President and Chief Executive Officer of PDL BioPharma, Inc. Previously he was Chief Executive Officer and a member of the Board of Directors of Anesiva, Inc., a biotechnology company, from January 2000 to June 2008. Prior to Anesiva, he was President of Tularik Inc., and before that spent 11 years at Genentech, Inc. in a number of senior management positions including Executive Vice President. Previously, Mr. McLaughlin represented pharmaceutical companies as a partner in a Washington, D.C. law firm that specializes in food and drug law and served as legal counsel to various subcommittees at the U.S. House of Representatives, drafting numerous measures that became U.S. Food and Drug Administration laws. Mr. McLaughlin was also co-founder, a director and Chairman of the Board of Eyetech Pharmaceuticals, Inc., which was acquired by OSI Pharmaceuticals in 2005. He was also a director and co-founder of Peak Surgical, Inc., a privately-held medical device company, which was acquired by Medtronic, Inc., a global medical device company. He is a director of PDL BioPharma, Inc., a publicly-traded biotechnology company, and Avalanche Biotechnologies, Inc., a publicly-traded biotechnology company. In addition, Mr. McLaughlin previously served as a director of Anesiva, Inc., which was a publicly-traded company during Mr. McLaughlin's service as a director, and of AxoGen, Inc., which is a publicly-traded biotechnology company. Mr. McLaughlin earned a B.A. from the University of Notre Dame and a J.D. from the Catholic University of America. As the current CEO of a biotechnology company and former senior executive of several other biotechnology companies, Mr. McLaughlin possesses a strong understanding of the biotechnology industry and the competitive landscape that we must meet in order to continue developing and commercializing ADCETRIS and our product candidates. In addition, his past experience representing pharmaceutical companies in food and drug law and his contributions to pharmaceutical legislation add a unique perspective that is valuable to our senior management.

John A. Orwin Mr. Orwin has served as one of our directors since January 2014. Since June 2013, he has served as Chief Executive Officer and member of the Board of Relysa, Inc., a publicly-traded commercial-stage pharmaceutical company. Prior to Relysa, Mr. Orwin served as President and Chief Operating Officer of Affymax, Inc., a biotechnology company, from April 2010 to January 2011, as their Chief Executive Officer from February 2011 through May 2013 and a member of their board of directors from February 2011 to November 2014. From 2005 to April 2010, Mr. Orwin served as Vice President and then Senior Vice President of the BioOncology Business Unit at Genentech, Inc. (now a member of the Roche Group), a biotechnology company, where he was responsible for all marketing, sales, business unit operations and pipeline brand

management for Genentech's oncology portfolio in the United States. From 2001 to 2005, Mr. Orwin served in various executive-level positions at Johnson & Johnson, a life sciences company, overseeing oncology therapeutic commercial and portfolio expansion efforts in the U.S. Prior to such roles, Mr. Orwin held senior marketing and sales positions at various life sciences and pharmaceutical companies, including Alza Corporation (acquired by Johnson & Johnson), Sangstat Medical Corporation (acquired by Genzyme), Rhone-Poulenc Rorer Pharmaceuticals, Inc. (merged with Sanofi-Aventis) and Schering-Plough Corporation (merged with Merck). Mr. Orwin serves as a member of the board of directors of Array BioPharma Inc., a publicly-traded biopharmaceutical company, and served on the board of directors of NeurogesX, Inc., a biopharmaceutical company, until July 2013. Mr. Orwin received an M.B.A. from New York University and a B.A. from Rutgers University. As a current and former senior executive of several other biotechnology companies, Mr. Orwin possesses a strong understanding of the biotechnology industry and the challenges we must meet in order to continue developing and commercializing ADCETRIS and our product candidates.

Clay B. Siegall, Ph.D. Dr. Siegall co-founded Seattle Genetics in 1997. He has served as our Chief Executive Officer since November 2002, as our President since June 2000, as one of our directors since December 1997 and as our Board chairman since March 2004. Dr. Siegall also served as our Chief Scientific Officer from December 1997 until November 2002. Prior to co-founding Seattle Genetics, Dr. Siegall was with the Bristol-Myers Squibb Pharmaceutical Research Institute from 1991 to 1997, most recently as a Principal Scientist. From 1988 to 1991, Dr. Siegall was a Staff Fellow/Biotechnology Fellow at the National Cancer Institute, National Institutes of Health. Dr. Siegall received a Ph.D. in Genetics from George Washington University and a B.S. in Zoology from the University of Maryland. In addition to Seattle Genetics, Dr. Siegall serves as a director of Ultragenyx Pharmaceutical Inc., Alder BioPharmaceuticals, Inc., and Mirna Therapeutics, Inc., all publicly-traded biotechnology companies. Dr. Siegall's experience in founding and building Seattle Genetics is integral to our success and our mission. His scientific understanding along with his corporate vision and operational knowledge provide strategic guidance to our management team and the Board of Directors.

Felix Baker, Ph.D. Dr. Baker has served as one of our directors since July 2003 and as our lead independent director since February 2005. Dr. Baker is a Managing Partner of Baker Brothers Investments which he and his brother, Julian Baker, founded in 2000. Dr. Baker's firm manages Baker Brothers Investments, a family of long-term investment funds for major university endowments and foundations, which are focused on publicly traded life sciences companies. Dr. Baker's career as a fund-manager began in 1994 when he co-founded a biotechnology investing partnership with the Tisch Family. Dr. Baker holds a B.S. and a Ph.D. in Immunobiology from Stanford University, where he also completed two years of medical school. In addition to Seattle Genetics, Dr. Baker currently serves as a director Alexion Pharmaceuticals, Inc. and Genomic Health, Inc., both of which are publicly-traded biotechnology companies. In addition, Dr. Baker previously served as a director of Ardea BioScience, Inc., AnorMED Inc., Conjuchem, Inc., Neurogen Corporation and Trimeris, Inc., all of which were publicly-traded companies during Dr. Baker's service as a director. As a board member and investor in many successful biotechnology companies, Dr. Baker is able to draw on his experience and vision in investing in and building companies to add significant value to Board of Director discussions and company strategy.

Nancy A. Simonian, M.D. Dr. Simonian has served as one of our directors since March 2012. Since July 2012, Dr. Simonian has served as the Chief Executive Officer of Syros Pharmaceuticals, Inc., a privately held life science company focused on gene control therapeutics. From 2001 to October 2011, Dr. Simonian was with Millennium Pharmaceuticals, Inc.: The Takeda Oncology Company or Takeda, most recently serving as Chief Medical Officer and Senior Vice President of Clinical, Medical and Regulatory Affairs. From 1995 to 2001, Dr. Simonian was at Biogen (now Biogen Idec) and most recently served as Vice President of Clinical Research where she was responsible for clinical development and medical affairs of the neurology and oncology pipeline, including Avonex® and Tysabri®. Dr. Simonian currently serves as on the board of the Biotechnology Innovation Organization (BIO) and the Damon Runyan Foundation and previously served as a director of ArQule, Inc., a publicly traded biotechnology company, and the Personalized Medicine Coalition. Prior to joining the pharmaceutical industry, Dr. Simonian was on the faculty of Massachusetts General Hospital and Harvard

Medical School as an assistant professor of neurology. She received a B.A. in Biology from Princeton University and an M.D. from the University of Pennsylvania Medical School. As a current and former senior executive of several other biotechnology companies, Dr. Simonian possesses a strong understanding of the biotechnology industry and the challenges that we must meet in order to develop and commercialize our product candidates.

Mr. Cline received a B.S. degree in Marketing from San Diego State University and an M.B.A. from Pepperdine University.

INDEPENDENCE OF THE BOARD OF DIRECTORS

As required under the listing standards of The NASDAQ Stock Market, a majority of the members of a listed company's board of directors must qualify as independent as defined in Rule 5605(a)(2) of the NASDAQ listing standards, as affirmatively determined by the board of directors. Our Board of Directors consults with our internal and outside counsel to ensure that the Board of Directors' determinations are consistent with all relevant laws and regulations regarding the definition of independent, including those set forth in pertinent NASDAQ listing standards.

Management has reviewed the directors' responses to a questionnaire asking about their transactions, relationships and arrangements with Seattle Genetics (and those of their immediate family members) and other potential conflicts of interest. Other than as described in this paragraph, these questionnaires did not disclose any

transactions, relationships or arrangements that could impact the independence of our directors. After reviewing this information, our Board of Directors has determined that all of our directors are independent directors within the meaning of the applicable NASDAQ listing standards except for Clay B. Siegall, our President and Chief Executive Officer. The Board of Directors also considered Dr. Baker's employment as a Managing Partner of Baker Brothers Investments, and the relationship Seattle Genetics has with Baker Brothers Investments and affiliated entities as significant stockholders in making the determination that Dr. Baker is independent. The Board of Directors also considered Dr. Simonian's past employment with Takeda and the relationship Seattle Genetics has with Takeda for development of ADCETRIS® (brentuximab vedotin) in making the determination that Dr. Simonian is independent.

BOARD LEADERSHIP STRUCTURE AND RISK OVERSIGHT

Board Leadership Structure

Our Board of Directors has chosen to combine the principal executive officer and Board chairman positions and, in addition, has appointed a separate lead independent director. Dr. Siegall has served as our principal executive officer and Board chairman since 2004. At the present time, the independent directors believe that Dr. Siegall's in-depth knowledge of our operations and vision for our development make him the best-qualified director to serve as Board chairman. We believe that combining the positions of chief executive officer and Board chairman provides a single, clear chain of command to execute our strategic initiatives and business plans. In addition, we believe that a combined chief executive officer/Board chairman is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information. We also believe that it is advantageous to have a Board chairman with an extensive history with and knowledge of Seattle Genetics (as is the case with our chief executive officer) as compared to an independent Board chairman with less direct involvement.

The position of lead independent director has been structured to serve as an effective balance to a combined chief executive officer/Board chairman. In addition, we believe that having a lead independent director, who is independent of management, creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board of Directors to monitor whether management's actions are in the best interests of Seattle Genetics and its stockholders. Since February 2005, Felix Baker has served as the lead independent director of the Board. His duties include, among others:

providing leadership to the Board complementary to the Board chairman;

working with the Board chairman and Corporate Secretary to set the agenda for Board meetings;

chairing regular meetings of independent directors without management present; and

chairing Board meetings if the Board chairman is not in attendance.

Board Risk Oversight

Our Board of Directors has overall responsibility for risk oversight with a focus on the most significant risks facing Seattle Genetics. Throughout the year, the Board and the committees to which it has delegated responsibility dedicate a portion of their meetings to reviewing and discussing specific risk topics in greater detail. Strategic and operational risks are presented and discussed in the context of the Chief Executive Officer's report on operations to the Board at regularly scheduled Board meetings and at presentations to the Board and its committees by the respective committee chairmen, our Chief Financial Officer, our General Counsel and Executive Vice President, Legal Affairs, and other officers.

The Board has delegated responsibility for the oversight of specific risks to Board committees as follows:

The Audit Committee oversees Seattle Genetics' risk policies and processes relating to our financial statements and financial reporting processes, as well as healthcare compliance risks, key credit risks, liquidity risks, market risks and the guidelines, policies and processes for monitoring and mitigating those risks. In fulfilling this role, the Audit Committee conducts a quarterly risk-assessment process and reports its findings to the full Board of Directors. The Audit Committee also reviews and oversees related party transactions on behalf of Seattle Genetics.

The Compensation Committee evaluates the risks and rewards associated with our compensation philosophy and programs. As discussed in more detail below in this proxy statement under the heading "Compensation of Executive Officers-Compensation and Risk", the Compensation Committee reviews and approves compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. Management discusses with the Compensation Committee the procedures that have been put in place to identify and mitigate potential risks in compensation.

The Nominating and Corporate Governance Committee oversees risks related to Seattle Genetics' governance structure and processes. In addition, our General Counsel and Executive Vice President, Legal Affairs works with our committees and Board to develop risk identification, risk management and risk mitigation strategies and reports periodically to the Board and the committees on Seattle Genetics' risk profile and various management and mitigation strategies.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During 2015, the Board met five times and acted by written consent three times. On at least a quarterly basis, the Board meets in executive sessions of independent directors without management present. The Board has several committees, including a Compensation Committee, an Audit Committee and a Nominating and Corporate Governance Committee. During 2015, each of our directors attended at least 75% of the aggregate of Board and applicable committee meetings on which he or she served during 2015 for the period that he or she was a director or committee member.

Information about the Compensation Committee

The Compensation Committee consists of Felix Baker (chairman), John P. McLaughlin and Daniel G. Welch. The Board of Directors has determined that all of the members of the Compensation Committee currently serving are independent as that term is defined in Rule 5605(a)(2) of the NASDAQ listing standards. In determining whether Dr. Baker, Mr. Welch and Mr. McLaughlin are independent within the meaning of NASDAQ listing standards pertaining to membership of the Compensation Committee, our Board of Directors determined that, based on its consideration of factors specifically relevant to determining whether any such director has a relationship to Seattle Genetics that is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, no member of the Compensation Committee has a relationship that would impair that member's ability to make independent judgments about our executive compensation. In particular, our Board of Directors considered, among other things, the source of each member's compensation, including compensation paid to such member by us, and also considered Dr. Baker's employment as a Managing Partner of Baker Brothers Investments, and the relationship Seattle Genetics has with Baker Brothers Investments and affiliated entities as significant stockholders and determined that such compensation and affiliation, as applicable, would not impair the applicable member's ability to make independent judgments about our executive compensation. In the case of Dr. Baker, our Board of Directors determined that, given his affiliation with our largest stockholder, his interests are aligned with other stockholders in seeking an appropriate executive compensation program for Seattle Genetics.

The Compensation Committee held two meetings and acted by written consent eight times during 2015. The functions of the Compensation Committee are to establish and administer our policies regarding annual executive

salaries, cash incentives and long-term equity incentives. The Compensation Committee also administers our 1998 Stock Option Plan, our 2007 Plan and Amended and Restated 2000 Employee Stock Purchase Plan, as well as our yearly Senior Executive Annual Bonus Plans. The Compensation Committee also reviews with management our Compensation Discussion and Analysis and considers whether to recommend that it be included in proxy statements and other filings. The Compensation Committee operates under a written charter setting forth the functions and responsibilities of the committee. A copy of the Compensation Committee charter can be viewed on our website at www.seattlegenetics.com. Under its charter, the Compensation Committee has the authority, in its sole discretion, to retain (or obtain the advice of) any compensation consultant, legal counsel or other adviser to assist it in the performance of its duties. The Compensation Committee also has the direct responsibility for the appointment, compensation and oversight of the work of any advisers retained or engaged by the Compensation Committee. Finally, the Compensation Committee has the sole authority to approve the reasonable fees and the other terms and conditions of the engagement of any such advisor, including authority to terminate the engagement. We must provide for appropriate funding, as determined by the Compensation Committee, for the payment of reasonable compensation to any such adviser retained by the Compensation Committee.

For information regarding our processes and procedures for the consideration and determination of executive and director compensation, please see Compensation of Executive Officers Compensation Discussion and Analysis and Director Compensation, respectively.

Information about the Audit Committee

The Audit Committee consists of David W. Gryska (chairman), John P. McLaughlin and John A. Orwin. The Board of Directors has determined that all of the members of the Audit Committee are independent within the meaning of Rules 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards. The Board of Directors has determined that Mr. Gryska is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

The Audit Committee held five meetings and acted by written consent once during 2015. Among its responsibilities, the Audit Committee appoints and establishes the fees for our independent registered public accounting firm, reviews and approves the procedures we use to prepare our periodic reports, reviews our critical accounting policies, reviews the independence of the independent registered public accounting firm, monitors the effectiveness of the audit effort and oversees our financial and accounting organization and our system of internal accounting controls. The Audit Committee operates under a written charter setting forth the functions and responsibilities of the committee, which is reviewed annually and amended as necessary by the Audit Committee and the Board of Directors to ensure compliance with all applicable laws and regulations, including the Sarbanes-Oxley Act of 2002 and corporate governance standards adopted by NASDAQ. A copy of the Audit Committee charter can be viewed on our website at www.seattlegenetics.com.

Information about the Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Nancy A. Simonian (chair), Felix Baker and Marc E. Lippman. The Board of Directors has determined that all of the members of the Nominating Committee are independent as that term is defined in Rule 5605(a)(2) of the NASDAQ listing standards.

The Nominating and Corporate Governance Committee met twice during 2015. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to serve as members of the Board of Directors, recommending nominees to the Board for election as directors of Seattle Genetics and as members of the committees of the Board of Directors, as well as developing and making recommendations to the Board's Corporate Governance Guidelines and providing oversight with respect to corporate governance and ethical conduct. The Nominating and Corporate Governance Committee operates under a written charter setting

forth the functions and responsibilities of the committee. A copy of the Nominating and Corporate Governance Committee charter can be viewed on our website at www.seattlegenetics.com.

The Nominating and Corporate Governance Committee assesses many characteristics and diversity considerations when reviewing director candidates and these characteristics are set forth in our Corporate Governance Guidelines. Among the characteristics to be considered are such person's professional background, business experience, judgment and integrity, familiarity with the biotechnology industry, applicable expertise and the interplay of the candidate's experience and skills with those of other Board members. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board and its committees, as well as the nature and time involved in a director's service on other boards. The Nominating and Corporate Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds; however, the Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of age, race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination. If there is a vacancy on the Board as a result of a resignation or otherwise, or if the Board decides not to nominate a member for re-election or decides to add a member to the Board, the Nominating and Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above and the Board's needs. Current members of the Board are asked to submit suggestions as to individuals meeting the criteria described above. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees, although we may in the future decide to retain a third-party search firm.

In accordance with our bylaws and applicable law, nominations for directors may be made by any stockholder of record entitled to vote for the election of directors at stockholder meetings held for such purpose. The requirements a stockholder must follow for nominating persons for election as directors are set forth in our bylaws and under the heading "Proposals for 2017 Annual Meeting." The Nominating and Corporate Governance Committee will also consider director candidates recommended by stockholders. In order to recommend director candidates to the Nominating and Corporate Governance Committee, stockholders should follow the procedures in our bylaws for director nominations. If a stockholder complies with these procedures for recommending persons for election as directors, the Nominating and Corporate Governance Committee will conduct the appropriate and necessary inquiries into the backgrounds, qualifications and skills of the recommended candidates and, in the exercise of the Nominating and Corporate Governance Committee's independent judgment in accordance with the policies and procedures adopted in the Nominating and Corporate Governance Committee's charter, will determine whether to recommend the candidate(s) recommended by the stockholders to the Board for inclusion in the list of candidates for election as directors at the next stockholder meeting held to elect directors. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates director candidates based on whether or not the candidate was recommended by a stockholder.

Annual Meeting Attendance

Although we do not have a formal policy regarding attendance by members of the Board of Directors at our Annual Meetings of Stockholders, directors are encouraged to attend. However, due to scheduling conflicts we held a meeting of the Board of Directors two weeks after our 2015 annual meeting of stockholders and, with the exception of Dr. Siegall, none of our directors then serving attended the 2015 annual meeting of stockholders.

CERTAIN OTHER CORPORATE GOVERNANCE MATTERS

Communications with the Board of Directors

Our Board of Directors currently does not have a formal process for stockholders to send communications to the Board of Directors. Nevertheless, efforts are made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders on a timely basis. The Board does not recommend that formal communication procedures be adopted at this time because it believes that informal communications are sufficient to communicate questions, comments and observations that could be useful to the Board. However, stockholders wishing to formally communicate with the Board of Directors may send communications directly to Seattle Genetics, Inc., Attention: Investor Relations, 21823 30th Drive SE, Bothell, WA 98021, and the communication will be forwarded, as appropriate. If the communication regards a stockholder proposal to be considered at an annual meeting of stockholders, the methods and timing for submitting a stockholder proposal are covered under the heading *Proposals for 2017 Annual Meeting*.

Corporate Governance Guidelines

As a part of the Board's commitment to building long-term stockholder value with an emphasis on corporate governance, the Board has adopted a set of Corporate Governance Guidelines, which guides the operation of the Board and its committees. Our Corporate Governance Guidelines cover, among other topics, Board composition, structure and functioning, Board membership criteria, director independence, Board self-evaluations, committees of the Board, Board access to management and independent advisers, stock ownership guidelines for members of the Board and our Chief Executive Officer, and succession and leadership development. A copy of the Corporate Governance Guidelines can be viewed on our website at www.seattlegenetics.com.

Code of Ethics

The Board of Directors has adopted a Code of Ethics for all directors, officers and employees of Seattle Genetics, Inc. A copy of the Code of Ethics can be viewed on our website at www.seattlegenetics.com. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of the Code of Ethics by posting such information on our website at the website address specified above.

Whistleblower Policy

Seattle Genetics has adopted a Whistleblower Policy applicable to its employees that provides for protection from retaliation or discrimination by Seattle Genetics due to reporting issues relating to concerns involving questionable accounting or auditing matters and compliance with applicable laws and regulations.

DIRECTOR COMPENSATION

Cash Compensation. Our nonemployee directors received an annual retainer of \$50,000 in 2015 for their service on the Board, plus reimbursement for out-of-pocket expenses incurred in connection with attendance at Board and Board committee meetings, and our lead independent director received an additional retainer of \$25,000 in 2015. Our nonemployee directors also received the following additional annual retainers for service on committees of the Board in 2015:

Committee	Chairman	Member
Audit Committee	\$ 20,000	\$ 10,000
Compensation Committee	\$ 15,000	\$ 8,000
Nominating and Corporate Governance Committee	\$ 10,000	\$ 5,000

If a nonemployee director has not served on the Board or a Board committee for the full year, the Board and any applicable Board committee retainers may be prorated for the portion of the year served.

Equity Compensation. Our Board has established a policy of providing each person who becomes a nonemployee director of Seattle Genetics an initial nonstatutory stock option to purchase shares of our common stock and an initial restricted stock unit grant. Such grants are made under our 2007 Plan. These initial awards are granted on the date on which a recipient first becomes a nonemployee director of Seattle Genetics. In addition, on the date of each annual meeting of stockholders, each nonemployee director is granted an annual nonstatutory stock option to purchase shares of common stock and an annual restricted stock unit grant under the 2007 Plan if, on such date, he or she had served on the Board for at least six months. In 2015, nonemployee directors were eligible for an initial nonstatutory stock option to purchase 13,275 shares of common stock and an initial restricted stock unit grant covering 5,310 shares of common stock, and an annual nonstatutory stock option to purchase 9,260 shares of common stock and an annual restricted stock unit grant covering 3,700 shares of common stock. Each of our non-employee directors received an annual option for 9,260 shares and an annual restricted stock unit grant for 3,700 shares under the 2007 Plan on May 15, 2015, the date of our 2015 Annual Meeting. Each of our non-employee directors is expected to receive an annual option for 9,260 shares of common stock and an annual restricted stock unit grant covering 3,700 shares of common stock under the 2007 Plan on the date of the 2016 Annual Meeting. Prior to March 2011, initial and annual grants were made pursuant to our 2000 Directors' Stock Option Plan, or the Directors' Plan, which expired in March 2011. Notwithstanding the above description, Srinivas Akkaraju and Felix Baker were not granted an initial option under the Directors' Plan upon becoming directors of Seattle Genetics because they joined the Board in conjunction with their affiliated investment funds making substantial equity investments in Seattle Genetics.

The annual options granted under the 2007 Plan (and the Directors' Plan with respect to options granted prior to its expiration in March 2011) become fully exercisable on the day before the anniversary of the date of grant and the annual restricted stock units granted under the 2007 Plan vest in full on the day before the anniversary of the date of grant. The initial options granted under the 2007 Plan (and the Directors' Plan with respect to options granted prior to its expiration in March 2011) become exercisable as to 1/4th of the shares subject to the initial option on the first anniversary of the date of grant and as to 1/36th of the remaining shares subject to the initial option ratably each month thereafter. The initial restricted stock units under the 2007 Plan will vest in full upon the third anniversary of grant. In addition, all nonemployee directors receive full acceleration of vesting of any outstanding options or restricted stock units under the 2007 Plan and the Directors' Plan, as applicable, immediately prior to a change in control of Seattle Genetics. The exercise price of the initial options and the annual options is equal to the fair market value of our common stock on the NASDAQ Global Select Market on the date the option is granted. Both initial options and annual options under the 2007 Plan and the Directors' Plan have ten year terms. The options granted to nonemployee directors under the 2007 Plan and the Directors' Plan remain exercisable for up to three months following the grantee's termination of service, unless such termination is a result of death or disability, in which case the options remain exercisable for up to a twelve-month period (or such lesser period as is determined by the Board). Although we anticipate that our Board of Directors will continue our equity compensation arrangements for nonemployee directors on the same terms as described above for initial and annual equity grants under the 2007 Plan, it is within the Board's discretion to continue our equity compensation arrangements for nonemployee directors, and the Board may determine to implement new or revised equity compensation arrangements for our nonemployee directors that differ from those described above.

In order to align the interests of the directors with Seattle Genetics' stockholders, our Corporate Governance Guidelines state that all non-employee directors should, not later than December 31st of the year during which the applicable director achieves his or her fifth anniversary as a non-employee director, own, directly or indirectly, a number of shares of Seattle Genetics common stock with a value not less than three times the annual cash retainer paid by Seattle Genetics to such director for service on the Board, and thereafter such director should continue to own a number of shares with such value until he or she is no longer a director. All of our non-employee directors were in compliance with these director ownership guidelines as of December 31, 2015, the

date the Nominating and Corporate Governance Committee used to assess such compliance for 2015, except for Dr. Simonian and Mr. Orwin, who joined the Board in 2012 and 2014, respectively, and who will not be required to meet these director ownership guidelines until 2017 and 2019, respectively.

Processes and Procedures for Determining Director Compensation. The charter of the Nominating and Corporate Governance Committee vests in the Nominating and Corporate Governance Committee the responsibility for reviewing director compensation and recommending changes to the Board. It is the practice of the Nominating and Corporate Governance Committee to seek input from executive officers and outside compensation consultants as it deems appropriate. For example, in September 2014, Compensia, Inc., our Compensation Committee's compensation consultant, conducted a survey of director compensation at our revised peer group companies to compare our director compensation to director compensation at these peer group companies. As a result of that survey, we adjusted the initial and annual equity compensation of our nonemployee directors and also the annual retainer for the lead independent director beginning in 2015 to approximate the 50th percentile of compensation received by members of the boards of directors (including lead independent directors) of our peer companies. We review our peer group companies periodically and our peer group for 2015 is listed under the heading Compensation of Officers Compensation Discussion and Analysis Compensation Philosophy and Objectives.

Director Compensation Table. The following table sets forth all of the compensation awarded to or earned by each person who served as a nonemployee director during 2015. Dr. Siegall, our only employee director, receives no compensation for Board service but is reimbursed for reasonable and customary travel expenses. Dr. Siegall's compensation is described under Compensation of Executive Officers below.

- * Less than one percent
- (1) Beneficial ownership is determined in accordance with SEC rules. In computing the beneficial ownership we have included shares for which the named person has sole or shared power over voting or investment

- decisions. The number of shares of common stock beneficially owned includes common stock which the named person has the right to acquire, through option exercise or otherwise, within 60 days after March 24, 2016.
- (2) Percentage of common stock equivalents is based on a total of 140,065,368 shares of common stock outstanding as of March 24, 2016. For each named person, the percentage ownership includes common stock that the person has the right to acquire within 60 days after March 24, 2016, as described in Footnote 1. However, such shares are not deemed outstanding with respect to the calculation of ownership percentage for any other person. In some cases, beneficial ownership calculations for five percent or greater stockholders are based solely on publicly-filed Schedules 13D or 13G, which five percent or greater stockholders are required to file with the SEC, and which generally set forth ownership interests as of December 31, 2015.
- (3) The indicated ownership is based on (i) a Schedule 13D/A filed with the SEC by the reporting persons on March 21, 2016 and (ii) a subsequent report of beneficial ownership on Form 4 filed with the SEC by the reporting persons on March 21, 2016. According to the Schedule 13D/A and the Form 4, the shares reported in the table as beneficially owned by the reporting persons includes 38,742,687 shares held by Baker Brothers Life Sciences, L.P. (Life Sciences), 4,455,580 shares held by 667, L.P. (667), 18,243 shares held by FBB2, LLC (FBB2), 12,678 shares held by FBB3, LLC (FBB3), 107,511 shares held by Felix J. Baker, 107,504 shares held by Julian C. Baker and 30,000 shares issued to Felix J. Baker as a result of the exercise of options. This number also includes 109,260 shares of common stock issuable upon exercise of options held by Felix J. Baker that are exercisable within 60 days of March 24, 2016 and 3,700 restricted stock units held by Felix J. Baker that vest within 60 days of March 24, 2016. According to the Schedule 13D/A and the Form 4, Baker Bros. Advisors LP (the Adviser) serves as the Investment Adviser to Life Sciences and 667 (collectively the Baker Funds). Baker Bros. Advisors (GP) LLC (the Adviser GP) is the Adviser s sole general partner. Julian C. Baker and Felix J. Baker are principals of the Adviser GP. The Adviser has complete and unlimited discretion and authority with respect to the investment and voting power of the securities held by the Baker Funds, and may be deemed to have the power to vote or direct the vote of and the power to dispose or direct the disposition of such securities. In addition, according to the Schedule 13D/A, the Adviser has voting and investment power over the options, restricted stock units and common stock held by Felix J. Baker, and the Adviser GP, as well as Felix J. Baker and Julian C. Baker as principals of the Adviser GP, may be deemed to have the power to vote or direct the vote of and the power to dispose or direct the disposition of, the options, restricted stock units and common stock held by Felix J. Baker. In addition, according to the Schedule 13D/A, Julian C. Baker and Felix J. Baker are also the sole managers of FBB2 and FBB3 and as such may be deemed to be beneficial owners of shares of common stock held by FBB2 and FBB3 and may be deemed to have the power to vote or direct the vote and dispose or direct the disposition of those shares.
- (4) The indicated ownership is based solely on a Schedule 13G/A filed with the SEC by the reporting person on February 12, 2016. According to the Schedule 13G/A, FMR LLC has sole power to vote or direct the vote of 1,797,642 shares of common stock and sole power to dispose or to direct the disposition of 17,130,631 shares of common stock. According to the Schedule 13G/A, Abigail P. Johnson is a Director, the Vice Chairman, the Chief Executive Officer and the President of FMR LLC. Members of the Johnson family, including Abigail P. Johnson, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR LLC. The Johnson family group and all other Series B shareholders have entered into a shareholders voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR LLC. Neither FMR LLC nor Abigail P. Johnson has the sole power to vote or direct the voting of the shares owned directly by the various investment companies registered under the Investment Company Act (Fidelity Funds) advised by Fidelity Management & Research Company, a wholly owned subsidiary of FMR LLC, which power resides with the Fidelity Funds Boards of Trustees. Fidelity Management & Research Company carries out the voting of the shares under written guidelines established by the Fidelity Funds Boards of Trustees. The

 - (18) Includes 16,551 shares of common stock issuable upon exercise of options that are exercisable within 60 days of March 24, 2016 and 3,700 restricted stock units that vest within 60 days of March 24, 2016.
 - (19) Includes 51,760 shares of common stock issuable upon exercise of options that are exercisable within 60 days of March 24, 2016 and 3,700 restricted stock units that vest within 60 days of March 24, 2016.
 - (20) Includes 93,141 shares of common stock issuable upon exercise of options that are exercisable within 60 days of March 24, 2016 and 3,700 restricted stock units that vest within 60 days of March 24, 2016.
 - (21) Includes 3,421,728 shares of common stock issuable upon exercise of options that are exercisable within 60 days of March 24, 2016 and 29,600 restricted stock units that vest within 60 days of March 24, 2016.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than ten percent of our common stock to file initial reports of ownership and changes in ownership of our common stock. These reporting persons are required by SEC regulations to furnish us with copies of all Section 16 reports they file. To our knowledge, based primarily on our review of the copies of such reports received or written representations from certain of these reporting persons that no other reports were required, we believe that during the fiscal year ended December 31, 2015, all of these reporting persons complied with all applicable filing requirements.

PROPOSAL NO. 2

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF

THE SEATTLE GENETICS, INC.

AMENDED AND RESTATED 2007 EQUITY INCENTIVE PLAN

In February 2007, the Board adopted, and the stockholders subsequently approved, the Seattle Genetics, Inc. 2007 Equity Incentive Plan. In August 2009, the Board amended and restated the Seattle Genetics, Inc. 2007 Equity Incentive Plan to provide for acceleration of vesting in connection with specified change in control events. In March 2010, the Board approved, and the stockholders subsequently approved in May 2010, the further amendment and restatement of the Seattle Genetics, Inc. 2007 Equity Incentive Plan to, among other things, increase the number of shares authorized for issuance and revise the definition of "change in control" under the plan. In February 2012, the Board approved, and the stockholders subsequently approved in May 2012, the further amendment and restatement of the Seattle Genetics, Inc. 2007 Equity Incentive Plan to, among other things, increase the number of shares authorized for issuance and strengthen the prohibition on repricing underwater awards under the plan. In February 2014, the Board approved, and the stockholders subsequently approved in May 2014, the further amendment and restatement of the Seattle Genetics, Inc. 2007 Equity Incentive Plan to, among other things, increase the number of shares authorized for issuance. Throughout this proxy statement, we refer to the Seattle Genetics, Inc. 2007 Equity Incentive Plan, as amended and restated by the Board in August 2009, March 2010, February 2012 and February 2014 and as approved by the stockholders in May 2010, May 2012 and May 2014, as the "2007 Plan".

The Board approved the further amendment and restatement of the 2007 Plan in March 2016, subject to stockholder approval, to, among other things, increase the number of shares authorized for issuance under the 2007 Plan by 6,000,000 shares of common stock. Throughout this proxy statement, we refer to the 2007 Plan, as amended and restated by the Board in March 2016, as the "Restated 2007 Plan".

In this Proposal No. 2, we are requesting stockholder approval of the Restated 2007 Plan in order to:

increase the number of shares of common stock authorized for issuance under the Restated 2007 Plan beyond those remaining available for future grant under the 2007 Plan by an additional 6,000,000 shares, including a corresponding increase in the number of shares that may be issued in settlement of incentive stock option awards granted under the Restated 2007 Plan; and

for purposes of Section 162(m) of the Internal Revenue Code, (a) confirm the existing applicable annual award limits for purposes of compliance with Section 162(m), (b) confirm the existing qualifying performance criteria upon which performance goals may be based with respect to performance awards under the Restated 2007 Plan, and (c) confirm existing permitted means of adjustment and replace the term "extraordinary items" with the phrase "items that are unusual in nature or that occur infrequently" in the list of adjustments to the method of calculating the attainment of performance goals for performance awards granted under the Restated 2007 Plan. The change to the adjustment language is proposed because the concept of "extraordinary items" was recently eliminated from generally accepted accounting principles, but the definitions of "unusual" and "infrequently" were retained.

Why You Should Vote for the Restated 2007 Plan

Equity Awards Are an Important Part of Our Compensation Philosophy

The Restated 2007 Plan is critical to our ongoing effort to build stockholder value. As discussed in this proxy statement under the heading "Compensation of Executive Officers—Compensation Discussion and Analysis", equity awards are central to our compensation program. Equity compensation represents a significant percentage of the at-risk, or variable, portion of our executive officers' compensation arrangements. We believe that it is appropriate to align the interests of our executive officers with those of our stockholders to achieve and

sustain long-term stock price growth. Additionally, equity awards represent a significant portion of the compensation we pay to each of the non-employee members of the Board.

The Board believes we must continue to offer a competitive equity compensation program in order to attract, retain and motivate the extraordinarily talented employees and other service providers necessary for our continued growth and success. The share reserve of the Restated 2007 Plan is structured to ensure that we have a sufficient number of shares to continue to utilize a broad array of equity incentives in order to secure and retain the services of our and our affiliates' employees, directors and consultants, and to provide incentives for such persons to exert maximum efforts toward our success.

In the event that our stockholders do not approve this Proposal No. 2, the Restated 2007 Plan will not become effective and the 2007 Plan will continue in its current form. However, without the Restated 2007 Plan, we believe that the shares available for grant under the 2007 Plan will be insufficient to meet our anticipated employee recruiting and retention needs.

We Manage Our Equity Award Use Carefully and Dilution Is Reasonable

We manage our long-term stockholder dilution by limiting the number of equity awards granted annually. The Board carefully monitors our annual burn rate, dilution, and equity expense to ensure that we maximize stockholders' value by granting only the appropriate number of equity awards necessary to attract, reward, and retain employees.

The following table shows our responsible burn rate history.

	FY15	FY14	FY13
Gross Burn Rate as a % of Outstanding (1)	1.93%	1.80%	1.70%
Adjusted Burn Rate as a % of Outstanding (2)	1.45%	1.57%	1.25%

- (1) Gross Burn Rate is calculated as: (shares subject to options granted + shares subject to full value awards granted)/weighted average common shares outstanding.
- (2) Adjusted Burn Rate is calculated as: (shares subject to options granted + shares subject to full value awards granted - shares subject to options and full value awards that expired, terminated or were forfeited)/weighted average common shares outstanding.

In evaluating whether to approve the Restated 2007 Plan, the Compensation Committee reviewed certain forecasts of stock awards for issuance under the Restated 2007 Plan. Management presented the forecasts below for the periods indicated.

	May 2016 - December 2016 Forecast	January 2017 - December 2017 Forecast
Restated 2007 Plan		
Shares Available for Award - Beginning Balance including		
May 2016 Stockholder Approval Share Increase	8,828,000	4,838,000
Grant Allocations		
Employees	3,886,000	2,900,000
Directors	104,000	104,000
Total Allocations	3,990,000	3,004,000
Shares Available for Award - Ending Balance	4,838,000	1,834,000

As of March 24, 2016 there were 140,065,368 shares of our common stock outstanding. The closing price of our common stock as reported on the NASDAQ Global Select Market as of March 24, 2016 was \$34.68 per share.

The Size of Our Share Reserve Request Is Reasonable

If our request to increase the share reserve of the 2007 Plan by 6,000,000 shares is approved, we will have approximately 8,700,000 shares available for grant under the Restated 2007 Plan after our 2016 Annual Meeting, which we anticipate being a two-year pool of shares and necessary to provide a predictable amount of equity for attracting, retaining, and motivating employees and other service providers.

The Restated 2007 Plan Combines Compensation and Governance Best Practices

The Restated 2007 Plan includes provisions that are designed to protect our stockholders' interests and to reflect corporate governance best practices including:

Repricing is not allowed. The Restated 2007 Plan prohibits the repricing of outstanding stock options and stock appreciation rights and the cancellation of any outstanding stock options or stock appreciation rights that have an exercise or strike price greater than the then-current fair market value of our common stock in exchange for cash or other awards under the Restated 2007 Plan without prior stockholder approval.

Stockholder approval is required for additional shares. The Restated 2007 Plan does not contain an annual evergreen provision. The Restated 2007 Plan authorizes a fixed number of shares, so that stockholder approval is required to issue any additional shares, allowing our stockholders to have direct input on our equity compensation programs.

Responsible change in control provisions. The definition of change in control in the Restated 2007 Plan requires the consummation of an actual transaction so that no vesting acceleration benefits may occur without an actual change in control transaction occurring. In addition, if awards are assumed or equivalent awards are substituted by the successor corporation, vesting acceleration benefits would only occur if the recipient's service is involuntarily terminated.

Independent Compensation Committee. Our Compensation Committee consists entirely of independent directors. Our Board currently consists of eight independent directors and Dr. Siegall, our President and Chief Executive Officer.

Summary of Material Changes and Terms in the Restated 2007 Plan

The Restated 2007 Plan contains the following material changes from the 2007 Plan:

increases the maximum aggregate number of shares of common stock authorized for issuance under the Restated 2007 Plan to 27,000,000 shares (the maximum aggregate number of shares of common stock authorized for issuance under the 2007 Plan is 21,000,000 shares);

results in the maximum aggregate number of shares that may be issued under the Restated 2007 Plan through incentive stock options increasing to 27,000,000 shares (the maximum aggregate number of shares that may be issued under the 2007 Plan through incentive stock options is 21,000,000 shares); and

results in extending the term of the Restated 2007 Plan through May 19, 2026 (the term of the 2007 Plan ends on May 16, 2024). The other material terms of the Restated 2007 Plan will remain the same as in the 2007 Plan as follows:

the types of awards that may be granted are stock options (including incentive stock options and nonstatutory stock options), restricted stock, restricted stock units, stock appreciation rights and other similar types of awards;

shares subject to awards that are canceled, expired or are forfeited (including with respect to any shares that have been issued under an award) will be available for re-grant under the Restated 2007 Plan;

if an awardee pays the exercise or purchase price of an award through the tendering of shares or if award shares are withheld or tendered to satisfy applicable withholding obligations, the number of shares tendered or withheld will become available for re-grant under the Restated 2007 Plan;

no awardee may be granted, in any calendar year under the Restated 2007 Plan, options or stock awards covering more than 1,000,000 shares;

in the event of any stock split, reverse stock split, stock dividend, spin-off, combination, reclassification of our common stock or similar change to our capital structure (effected without receipt of consideration by us), the plan administrator will make proportionate adjustments to (1) the number and kind of shares covered by each outstanding award under the Restated 2007 Plan, (2) the exercise or purchase (including repurchase) price per share subject to each outstanding award under the Restated 2007 Plan and (3) each of the share limitations under the Restated 2007 Plan;

stockholder approval is required for certain types of amendments to the Restated 2007 Plan; and

the Restated 2007 Plan permits the grant of awards intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code.

Performance-Based Awards

Approval of the Restated 2007 Plan by our stockholders will also constitute approval of terms and conditions set forth therein that will permit us to grant performance-based stock awards under the Restated 2007 Plan that may qualify as performance-based compensation within the meaning of Section 162(m) of the Code. Section 162(m) of the Code disallows a deduction to any publicly held corporation and its affiliates for certain compensation paid to covered employees in a taxable year to the extent that compensation to a covered employee exceeds \$1 million. However, some kinds of compensation, including qualified performance-based compensation, are not subject to this deduction limitation. For compensation awarded under a plan to qualify as performance-based compensation under Section 162(m) of the Code, among other things, the following terms must be disclosed to and approved by the stockholders before the compensation is paid: (i) a description of the employees eligible to receive such awards; (ii) a per-person limit on the number of shares subject to performance-based stock awards that may be granted to any employee under the plan in any year; and (iii) a description of the business criteria upon which the performance goals for performance-based awards may be granted (or become vested). Accordingly, we are requesting that our stockholders approve the Restated 2007 Plan, which includes terms regarding eligibility for awards, annual per-person limits on awards and the business criteria for performance-based awards granted under the Restated 2007 Plan (as described in the summary below).

We believe it is in the best interests of Seattle Genetics and our stockholders to preserve the ability to grant performance-based compensation under Section 162(m) of the Code. However, in certain circumstances, we may determine to grant compensation to covered employees that will not qualify as performance-based compensation for purposes of Section 162(m) of the Code. Moreover, even if we intend to grant compensation that qualifies as performance-based compensation for purposes of Section 162(m) of the Code, we cannot guarantee that such compensation ultimately will be deductible by us.

Note Regarding Forecasts and Forward-Looking Statements

We do not as a matter of course make public forecasts as to our total shares outstanding and utilization of various equity awards due to the unpredictability of the underlying assumptions and estimates. In particular, the forecasts set forth above in this Proposal No. 2 include embedded assumptions regarding stock option exercises which are highly dependent on the public trading price of our common stock and other factors, which we do not control and, as a result, we do not as a matter of practice provide forecasts. In evaluating these forecasts, the Board recognized the high variability inherent in these assumptions.

However, we have included above a summary of these forecasts to give our stockholders access to certain information that was considered by the Board for purposes of evaluating the approval of the Restated 2007 Plan. These forecasts reflect various assumptions regarding our future operations.

The inclusion of the forecasts set forth above should not be regarded as an indication that these forecasts will be predictive of actual future outcomes, and the forecasts should not be relied upon as such. Neither we nor any other person makes any representation to any of our stockholders regarding actual outcomes compared to the information contained in the forecasts set forth above. Although presented with numerical specificity, the forecasts are not fact and reflect numerous assumptions and estimates as to future events made by our management that our management believed were reasonable at the time the forecasts were prepared and other factors such as industry performance and general business, economic, regulatory, market and financial conditions, as well as factors specific to our business, all of which are difficult to predict and many of which are beyond the control of our management. In addition, the utilization forecasts with respect to our equity awards do not take into account any circumstances or events occurring after the date that they were prepared and, accordingly, do not give effect to any changes to our operations or strategy that may be implemented in the future. Accordingly, actual outcomes may be, and likely will be, materially different than those reflected in the forecasts. We disclaim any obligation to, and do not intend to, update or otherwise revise the forecasts to reflect circumstances existing after the date when made or to reflect the occurrence of future events even if any or all of the assumptions underlying the forecasts are shown to be in error. The forecasts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21A of the Exchange Act. These statements involve risks and uncertainties that could cause actual outcomes to differ materially from those in the forward-looking statements, including our ability to attract and retain talent, achievement of performance metrics, if any, with respect to certain equity awards, the extent of stock option exercise activity, and others described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 filed with the Securities and Exchange Commission.

Stockholder Approval

The Restated 2007 Plan will not become effective unless this Proposal No. 2 is approved by our stockholders. If this Proposal No. 2 is approved by our stockholders, the Restated 2007 Plan will become effective upon the date of the 2016 Annual Meeting. In the event that our stockholders do not approve this Proposal No. 2, the Restated 2007 Plan will not become effective and the 2007 Plan will continue in its current form.

Stockholder approval of this Proposal No. 2 will require the affirmative vote of a majority of the votes cast in person or by proxy at the 2016 Annual Meeting.

SUMMARY OF THE RESTATED 2007 PLAN

General

A copy of the Restated 2007 Plan is attached to this Proxy Statement as Appendix A. The following description of the Restated 2007 Plan is a summary and so is qualified by reference to the complete text of the Restated 2007 Plan. This summary reflects the terms set forth above.

The purpose of the Restated 2007 Plan is to enhance the long-term stockholder value of Seattle Genetics by offering opportunities to eligible individuals to participate in the growth in value of our equity. Stock options and stock awards, including restricted stock, restricted stock units, stock appreciation rights and similar types of awards, may be granted under the Restated 2007 Plan. Options granted under the Restated 2007 Plan may be either incentive stock options, as defined in Section 422 of the Code, or nonstatutory stock options.

Administration

The Restated 2007 Plan may be administered by the Board, a committee of the Board, or one or more of our officers delegated by the Board or the Board committee in accordance with the terms of the Restated 2007 Plan. We refer to the group or person that administers the Restated 2007 Plan from time to time below as the plan administrator.

Eligibility

Awards may be granted under the Restated 2007 Plan to our employees (including officers), directors and consultants and the employees, directors and consultants of our affiliates. Incentive stock options may be granted only to our employees or the employees of our subsidiaries. As of March 24, 2016, there were approximately 800 employees and eight nonemployee directors eligible to receive awards under the Restated 2007 Plan. We have not had a practice of making awards under the 2007 Plan to consultants in the past and do not anticipate making such awards to consultants in the future. The plan administrator selects the employees, directors and consultants to whom awards may be granted, the time or times at which such awards are granted, and the terms of such awards.

Share Reserve

If this Proposal No. 2 is approved, the total number of shares of our common stock authorized for issuance under the Restated 2007 Plan will consist of 27,000,000 shares.

Section 162(m) Limitations

Section 162(m) of the Code generally disallows a tax deduction to a public company for compensation in excess of \$1 million paid in a calendar year to the company's principal executive officer or any of the three other most highly compensated officers (other than the principal financial officer). However, some kinds of compensation, including qualified performance-based compensation, are not subject to this deduction limitation. Stock options and other stock awards may qualify as performance-based compensation if the company satisfies certain requirements in connection with the plan under which the awards are granted. Among other requirements, the plan must be stockholder-approved and must contain a limit on the number of shares that may be granted to any one individual under the plan during a specified period. The Restated 2007 Plan provides that no awardee may be granted awards covering more than 1,000,000 shares in any calendar year.

Additional requirements apply to certain forms of compensation, such as stock awards, in order for them to qualify as performance-based compensation, including a requirement that payment of the value of the awards be contingent upon achievement of performance goals that are established in a manner specified under Section 162(m) of the Code. The Restated 2007 Plan permits us to issue awards incorporating performance objectives called qualifying performance criteria. (See Qualifying Performance Criteria below.)

Terms and Conditions of Options

Each option is evidenced by a stock option agreement between us and the optionee and is subject to the following additional terms and conditions.

Exercise Price. The plan administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive stock option or a nonstatutory stock option may not be less than 100% of the fair market value of the common stock on the date the option is granted; provided that the exercise price of an incentive stock option granted to an employee who holds more than 10% of our voting stock may not be less than 110% of the fair market value of the common stock on the date the option is granted. However, we may grant options with exercise prices less than the fair market value of our common stock on the date of grant in

connection with an acquisition by us of another company. The fair market value of our common stock is the closing price for the shares as reported on the NASDAQ Global Select Market as of the applicable date. As of March 24, 2016, the closing price of our common stock as reported on the NASDAQ Global Select Market was \$34.68 per share.

Exercise of Option; Form of Consideration. The plan administrator determines when options vest and become exercisable and in its discretion may accelerate the vesting of any outstanding option. Our standard vesting schedule applicable to options granted to employees is 1/4th vested on the one year anniversary of the date of grant and 1/36th of the remaining shares vested monthly thereafter with all shares vested on the four-year anniversary of the date of grant. The means of payment for shares issued upon exercise of an option are specified in each option agreement. The Restated 2007 Plan permits payment to be made by cash, check, wire transfer, other shares of our common stock (with some restrictions), broker assisted same-day sales, cashless net exercise arrangements, any other form of consideration permitted by applicable law and the plan administrator, or any combination thereof.

Term of Option. The term of an option may be no more than ten years from the date of grant; provided that the term of an incentive stock option granted to an employee who holds more than 10% of our voting stock may be no more than five years from the date of grant. No option may be exercised after the expiration of its term.

Termination of Service. If an optionee's service as an employee, director or consultant (referred to in this Proposal No. 2 as "service") terminates for any reason other than cause, death or disability, then options held by the optionee under the Restated 2007 Plan generally will be exercisable to the extent they are vested and exercisable on the termination date for a period of three months (or such other period set by the plan administrator) after the termination but not after the expiration date. If an optionee's service terminates for cause, then the plan administrator has the authority to terminate all options held by the optionee under the Restated 2007 Plan immediately.

Generally, if an optionee's service terminates as a result of the optionee's death or in the event of an optionee's death within 30 days following the optionee's termination of service, all outstanding options that were vested and exercisable as of the date of the optionee's death or termination of service, if earlier, may be exercised for six months following the optionee's death but in no event after the expiration date. Generally, if an optionee's service terminates as a result of the optionee's disability, then all options to the extent they are vested and exercisable on the termination date may be exercised for one year following the termination date but in no event after the expiration date. The plan administrator has the authority to extend the period of time for which an award is to remain exercisable following an awardee's termination (taking into account limitations and consequences under the Code) but not beyond the expiration of the term of the award.

Terms and Conditions of Stock Awards

Stock awards may be restricted stock grants, restricted stock units, stock appreciation rights or other similar stock awards (including awards that do not require the awardee to pay any amount in connection with receiving the shares or that have an exercise or purchase price that is less than the grant date fair market value of our stock). Restricted stock grants are awards of a specific number of shares of our common stock. Restricted stock units represent a promise to deliver shares of our common stock, or an amount of cash or property equal to the value of the underlying shares, at a future date. Stock appreciation rights are rights to receive cash and/or shares of our common stock based on the amount by which the exercise date fair market value of a specific number of shares exceeds the grant date fair market value of the exercised portion of the stock appreciation right.

Each stock award agreement will contain provisions regarding (i) the number of shares subject to the stock award, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the performance criteria (including qualifying performance criteria), if any, and level of achievement versus these criteria that will determine the number of shares granted, issued, retainable and vested, as applicable, (iv) such terms and

conditions on the grant, issuance, vesting and forfeiture of the shares, as applicable, as may be determined from time to time by the plan administrator, (v) restrictions on the transferability of the stock award or the shares, and (vi) such further terms and conditions, in each case not inconsistent with the Restated 2007 Plan, as may be determined from time to time by the plan administrator; provided, however, that each stock award must have a minimum vesting period of one year from the date of grant.

Repricing; Cancellation and Re-Grant of Awards

No option or stock appreciation right may be repriced to reduce the exercise or strike price of such option or stock appreciation right without stockholder approval (except in connection with a change in our capitalization see Adjustments upon Changes in Capitalization, Change in Control or Dissolution below). Additionally, the plan administrator will not have the authority to cancel any outstanding option or stock appreciation right that has an exercise or strike price greater than the then-current fair market value of our common stock in exchange for cash or other awards under the Restated 2007 Plan, unless our stockholders have approved such an action within twelve months prior to such an event.

Nontransferability

Generally, awards granted under the Restated 2007 Plan are not transferable other than by will or the laws of descent and distribution or to a designated beneficiary upon the awardee's death. The plan administrator may in its discretion make an award transferable to an awardee's family member or any other person or entity as it deems appropriate.

Qualifying Performance Criteria

Qualifying performance criteria means any one or more of the performance criteria listed below, either individually, alternatively or in combination, applied to either Seattle Genetics as a whole or to a business unit, affiliate or business segment, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the plan administrator in the award agreement: (i) cash flow; (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average stockholders' equity; (vii) total stockholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) revenue; (xii) income or net income; (xiii) operating income or net operating income, in aggregate or per share; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) market share; (xviii) growth in stockholder value relative to the moving average of a peer group index; (xix) strategic plan development and implementation (including individual performance objectives that relate to achievement of strategic plans of Seattle Genetics as a whole or any business unit); (xx) improvement in workforce diversity; (xxi) growth of revenue, operating income or net income; (xxii) approval by the U.S. Food and Drug Administration or other regulatory body of a product candidate; and (xxiii) any other similar criteria.

The Compensation Committee may determine at the time that the award is granted that it will appropriately adjust any evaluation of performance as measured against the qualifying performance criteria to exclude any of the following events that occurs during a performance period: (A) asset write-downs; (B) litigation or claim judgments or settlements; (C) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (D) accruals for reorganization and restructuring programs and/or other nonrecurring charges; and (E) any gains or losses that are unusual in nature or occur infrequently under generally accepted accounting principles or discontinued operations in our financial statements.

Deferral of Award Benefits

The plan administrator may permit awardees whom it selects to defer compensation payable pursuant to the terms of an award or defer compensation arising outside the terms of the Restated 2007 Plan pursuant to a program that provides for deferred payment in satisfaction of other compensation amounts through the issuance of one or more awards under the Restated 2007 Plan and in a manner that complies with Section 409A of the Code.

Adjustments upon Changes in Capitalization, Change in Control or Dissolution

In the event of any stock split, reverse stock split, combination or reclassification of stock, stock dividend, spin-off or similar change to our capital structure effected without receipt of consideration by us, the plan administrator will make proportionate adjustments to (i) the number and kind of shares covered by each outstanding award under the Restated 2007 Plan, (ii) the exercise or purchase (including repurchase) price per share subject to each outstanding award under the Restated 2007 Plan and (iii) each of the share limitations under the Restated 2007 Plan.

In the event of (i) an acquisition of us by means of any transaction or series of related transactions, including any reorganization, merger or consolidation but excluding any merger effected exclusively for the purpose of changing our domicile, (ii) any sale of all or substantially all of our assets or (iii) any other event specified by the plan administrator, so long as in either (i) or (ii), our stockholders of record immediately prior to the transaction hold less than 50% of the voting power of the surviving entity and, so long as in (iii) that no change in control will be deemed to occur upon announcement or commencement of a tender offer or upon a potential takeover or upon shareholder approval of a merger or other transaction, in each case without a requirement that the change in control actually occur (each, a change in control), then:

if the successor corporation does not assume or substitute equivalent awards for an awardee's outstanding equity awards granted pursuant to the Restated 2007 Plan and the awardee's service has not terminated as of, or has terminated without cause immediately prior to, the effective time of the change in control, then as of immediately prior to the effective time of the change in control, the vesting of such awards will be accelerated in full; and

if the awardee's outstanding equity awards are assumed or equivalent awards are substituted by the successor corporation and if at the time of, immediately prior to or within twelve months after the effective time of the change in control, the awardee's service is terminated without cause or due to constructive termination, then as of the date of such termination, the vesting of such awards will be accelerated in full.

In the event of a liquidation or dissolution, any options or stock awards that have not been exercised will terminate immediately prior to the transaction.

The plan administrator has the authority to accelerate vesting of outstanding awards under the Restated 2007 Plan at any time in its sole discretion.

Amendment and Termination of the Restated 2007 Plan

The plan administrator may amend, alter or discontinue the Restated 2007 Plan or any award agreement at any time. However, we will obtain stockholder approval for any amendment to the Restated 2007 Plan if stockholder approval is necessary or desirable to comply with any applicable law or listing requirements. In addition, we will obtain stockholder approval of any of the following: (i) an increase to the shares reserved for issuance under the Restated 2007 Plan other than an increase in connection with a change in our capitalization as described in

Adjustments upon Changes in Capitalization, Change in Control or Dissolution above; (ii) a change of the class of persons eligible to receive awards under the Restated 2007 Plan; (iii) a reduction in the

minimum exercise prices at which options or stock appreciation rights may be granted; or (iv) any amendment of outstanding options or stock appreciation rights that results in a repricing of such awards. Generally, no amendment of the Restated 2007 Plan will impair the rights of an outstanding award without the consent of the awardee. If the Restated 2007 Plan is approved by our stockholders, then unless sooner terminated, the Restated 2007 Plan will automatically terminate on May 20, 2026, which is the date ten years from the date of stockholder approval of the Restated 2007 Plan.

- (1) Awards granted under the Restated 2007 Plan to our executive officers and other employees are discretionary and are not subject to set benefits or amounts under the terms of the Restated 2007 Plan, and the Compensation Committee and Board have not granted any awards under the Restated 2007 Plan subject to stockholder approval of this Proposal No. 2. Accordingly, the benefits or amounts that will be received by or allocated to our executive officers and other employees under the Restated 2007 Plan, as well as the benefits or amounts which would have been received by or allocated to our executive officers and other employees for 2015 if the Restated 2007 Plan had been in effect, are not determinable.
- (2) Awards granted under the Restated 2007 Plan to our non-employee directors are discretionary and are not subject to set benefits or amounts under the terms of the Restated 2007 Plan. However, the Board's current non-employee director compensation policy establishes the number of shares subject to initial and annual stock awards that automatically will be granted to our non-employee directors under the Restated 2007 Plan if this Proposal No. 2 is approved by our stockholders. Pursuant to such policy, if this Proposal No. 2 is approved by our stockholders, on the date of the 2016 Annual Meeting, each of our current non-employee directors will be granted annual stock awards under the Restated 2007 Plan consisting of (i) an option to purchase 9,260 shares of our common stock and (ii) a restricted stock unit award covering 3,700 shares of our common stock, such that an aggregate of 103,680 shares of our common stock will be subject to awards granted to our non-employee directors on the date of the 2016 Annual Meeting. For additional information regarding the Board's non-employee director compensation policy, see "Director Compensation" and "Equity Compensation" above.

2007 Plan Benefits

The following table sets forth, for each of the individuals and the various groups indicated, the total number of shares of our common stock subject to stock options and restricted stock units that have been granted (even if not currently outstanding) under the 2007 Plan since its approval by our stockholders in 2007 through March 24, 2016.

EQUITY COMPENSATION PLAN INFORMATION

Please see the section of this proxy statement entitled "Equity Compensation Plan Information" for certain information with respect to compensation plans under which equity securities of Seattle Genetics are authorized for issuance.

FEDERAL INCOME TAX CONSEQUENCES

THE FOLLOWING IS A GENERAL SUMMARY OF THE FEDERAL INCOME TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OTHER AWARDS UNDER THE RESTATED 2007 PLAN. IT DOES NOT DESCRIBE STATE OR OTHER TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OTHER AWARDS. THE INFORMATION SET FORTH BELOW IS A SUMMARY ONLY AND DOES NOT PURPORT TO BE COMPLETE. THE INFORMATION IS BASED UPON CURRENT FEDERAL INCOME TAX RULES AND THEREFORE IS SUBJECT TO CHANGE WHEN THOSE RULES CHANGE. THE RESTATED 2007 PLAN IS NOT QUALIFIED UNDER THE PROVISIONS OF SECTION 401(A) OF THE CODE AND IS NOT SUBJECT TO ANY OF THE PROVISIONS OF THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974. OUR ABILITY TO REALIZE THE BENEFIT OF ANY TAX DEDUCTIONS DESCRIBED BELOW DEPENDS ON OUR GENERATION OF TAXABLE INCOME, AS WELL AS THE REQUIREMENT OF REASONABLENESS, THE PROVISIONS OF SECTION 162(M) OF THE CODE AND THE SATISFACTION OF OUR TAX REPORTING OBLIGATIONS.

Options

The grant of an incentive stock option has no federal income tax effect on the optionee. Upon exercise the optionee does not recognize income for "regular" tax purposes. However, the excess of the fair market value of the stock subject to an option over the exercise price of such option (which is often referred to as the "option spread") is included in the optionee's "alternative minimum taxable income" for purposes of the alternative minimum tax. If the optionee does not dispose of the stock acquired upon exercise of an incentive stock option

until more than two years after the option grant date and more than one year after exercise of the option, any gain (or loss) upon sale of the shares will be a long-term capital gain (or loss). If shares are sold or otherwise disposed of before these periods have expired, which is referred to as a disqualifying disposition, the option spread at the time of exercise of the option (but not more than the amount of the gain on the sale or other disposition) is ordinary income in the year of such sale or other disposition. If gain on a disqualifying disposition exceeds the amount treated as ordinary income, the excess is taxable as capital gain (which will be long-term capital gain if the shares have been held more than one year after the date of exercise of the option). We are not entitled to a federal income tax deduction in connection with incentive stock options, except to the extent that the optionee has taxable ordinary income on a disqualifying disposition (unless limited by Section 162(m)).

The grant of a nonstatutory stock option having an exercise price equal to the grant date fair market value of our common stock has no federal income tax effect on the optionee. Upon the exercise of a nonstatutory stock option, the optionee has taxable ordinary income (and unless limited by Section 162(m), we are entitled to a corresponding deduction) equal to the option spread on the date of exercise. Upon the disposition of stock acquired upon exercise of a nonstatutory stock option, the optionee recognizes either long-term or short-term capital gain or loss, depending on how long such stock was held, on any difference between the sale price and the exercise price, to the extent not recognized as taxable income on the date of exercise. We may allow nonstatutory stock options to be transferred subject to conditions and restrictions imposed by the plan administrator; special tax rules may apply on such a transfer. In the case of both incentive stock options and nonstatutory stock options, special federal income tax rules apply if our common stock is used to pay all or part of the option price, and different rules than those described above will apply if unvested shares are purchased on exercise of the option.

Stock Awards

Stock Awards. Stock awards will generally be taxed in the same manner as nonstatutory stock options. Shares issued under a restricted stock award are subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code to the extent the shares will be forfeited in the event that the participant ceases to provide services to us and are not transferable. As a result of this substantial risk of forfeiture, the participant will not recognize ordinary income at the time the award shares are issued. Instead, the participant will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The participant's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date the stock is no longer subject to forfeiture.

The participant may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of the share issuance date) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of such issuance, and the capital gain holding period commences on such date. The ordinary income recognized by an employee will be subject to tax withholding by us. We are entitled to a deduction in the same amount as and at the time the employee recognizes ordinary income.

Stock Appreciation Rights. We may grant under the Restated 2007 Plan stock appreciation rights separate from any other award or in tandem with other awards under the Restated 2007 Plan. Where the stock appreciation rights are granted with a strike price equal to the fair market value of the underlying stock on the grant date, the participant will recognize ordinary income equal to the fair market value of the stock or cash received upon such exercise. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant in connection with the stock appreciation right.

Restricted Stock Units. Generally, the recipient of a stock unit structured to conform to the requirements of Section 409A of the Code or an exception to Section 409A of the Code will recognize ordinary income at the

time the stock is delivered equal to the excess, if any, of the fair market value of the shares of our common stock received over any amount paid by the participant in exchange for the shares of our common stock. To conform to the requirements of Section 409A of the Code, the shares of our common stock subject to a stock unit award may generally only be delivered upon one of the following events: a fixed calendar date (or dates), separation from service, death, disability or a change in control. If delivery occurs on another date, unless the stock units otherwise comply with or qualify for an exception to the requirements of Section 409A of the Code, in addition to the tax treatment described above, the participant will owe an additional 20% federal tax and interest on any taxes owed.

The participant's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock units, will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

Section 409A of the Code

The American Jobs Creation Act of 2004 added Section 409A to the Code, generally effective January 1, 2005. Section 409A covers most programs that defer the receipt of compensation to a succeeding year. It provides rules for elections to defer, if any, and for timing of payouts. There are significant penalties placed on the individual participant for failure to comply with Section 409A. However, it does not impact our ability to deduct deferred compensation.

Section 409A does not apply to incentive stock options, nonstatutory stock options that have an exercise price that is at least equal to the grant date fair market value and restricted stock provided there is no deferral of income beyond the vesting date. Section 409A also does not cover stock appreciation rights if the exercise price is not less than the fair market value of the underlying stock on the date of grant, the rights are settled in such stock and no features defer the recognition of income beyond the exercise date.

ACCOUNTING TREATMENT

We will recognize compensation cost in connection with awards granted under the Restated 2007 Plan as required under applicable accounting standards. We currently amortize compensation cost associated with equity awards over an award's requisite service period and establish fair value of equity awards in accordance with applicable accounting standards.

THE BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL NO. 2

PROPOSAL NO. 3**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED****PUBLIC ACCOUNTING FIRM**

Our Audit Committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since June 1998. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. This representative will have an opportunity to make a statement and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our bylaws or other governing documents. However, the Board is submitting the appointment of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate governance. While the Audit Committee is not bound by a vote either for or against the proposal, it will consider a vote against PricewaterhouseCoopers LLP by the stockholders in selecting our independent registered public accounting firm in the future. Even if the stockholders do ratify the appointment, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interests of Seattle Genetics and its stockholders.

Stockholder approval of this Proposal No. 3 will require the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting.

ON BEHALF OF THE AUDIT COMMITTEE, THE BOARD RECOMMENDS A VOTE FOR**THIS PROPOSAL NO. 3****Independent Registered Public Accounting Firm Fees**

PricewaterhouseCoopers LLP served as our independent registered public accounting firm for the years 2015 and 2014 and their aggregate fees for services rendered were as follows:

Type of Fees	2015	2014
Audit Fees	\$ 838,500	\$ 690,000
Audit-Related Fees		
Tax Fees		
All Other Fees	1,800	1,800
Total fees	\$ 840,300	\$ 691,800

Audit Fees. Audit fees represent fees for professional services provided in connection with the audit of our financial statements and review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings, including fees for professional services related to registration statement filings and to the preparation and delivery of a comfort letter required in connection with our September 2015 public offering.

Audit-Related Fees. Audit-related fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees. There were no audit-related fees billed to Seattle Genetics for services rendered during 2015 or 2014.

Tax Fees. Tax fees principally included tax compliance, tax advice and tax planning fees. There were no tax fees billed to Seattle Genetics for services rendered during 2015 or 2014.

All Other Fees. All other fees include any fees billed that are not audit, audit related, or tax fees. In 2015 and 2014, these fees related to accounting research software.

Pre-Approval Policies and Procedures

In October 2006, the Audit Committee adopted an Audit and Audit-Related Services Pre-Approval Policy, or the Policy, which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent registered public accounting firm may be pre-approved. Proposed services either may be pre-approved by the Audit Committee without consideration of specific case-by-case services (i.e., general pre-approval) or require the specific pre-approval of the Audit Committee (i.e., specific pre-approval). The Audit Committee believes that the combination of these two approaches has resulted in an effective and efficient procedure to pre-approve services performed by the independent registered public accounting firm. As set forth in the Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee. In addition, the Audit Committee has delegated to the Chair of the Audit Committee the authority to pre-approve services not prohibited by the Policy to be performed by our independent registered public accounting firm and associated fees up to \$25,000, provided that the Chair is required to report any decision to pre-approve such audit-related or non-audit services and fees to the full Audit Committee for ratification at its next regular meeting. All audit-related and non-audit related services performed by our independent registered public accounting firm in 2015 were pre-approved.

AUDIT COMMITTEE REPORT (1)

The Audit Committee of the Board of Directors is currently comprised of three independent directors and operates under a written charter originally adopted by the Board of Directors in March 2001, which charter is reviewed on an annual basis and amended as necessary by the Board of Directors upon recommendation by the Audit Committee.

The members of the Audit Committee are currently David W. Gryska (chairman), John P. McLaughlin and John A. Orwin. Each of the members of the Audit Committee is an independent director as currently defined in Rules 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards and Rule 10A-3 of the Exchange Act. The Board of Directors has also determined that David W. Gryska is an audit committee financial expert as described in applicable rules and regulations of the SEC.

The Audit Committee appoints an accounting firm as our independent registered public accounting firm. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) and issuing a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee held five meetings and acted by written consent once during 2015. The meetings were designed to provide information to the Audit Committee necessary for it to conduct its oversight function of the external financial reporting activities and audit process of Seattle Genetics, and to facilitate and encourage communication between the Audit Committee, management and our independent registered public accounting firm, PricewaterhouseCoopers LLP. Management represented to the Audit Committee that our financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee reviewed and discussed the audited financial statements for 2015 with management and the independent registered public accounting firm. The Audit Committee also instructed the independent registered public accounting firm that the Audit Committee expects to be advised if there are any subjects that require special attention.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the PCAOB.

The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm, PricewaterhouseCoopers LLP, required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP that firm's independence.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements and the audited assessment of internal control over financial reporting be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

The Audit Committee of the Board of Directors of Seattle Genetics, Inc.:

David W. Gryska (chairman)

John P. McLaughlin

John A. Orwin

- (1) The material in this report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of Seattle Genetics under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

PROPOSAL NO. 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act our stockholders are entitled to vote to approve, on an advisory (nonbinding) basis, the compensation of our Chief Executive Officer, Chief Financial Officer and our three other most highly compensated executive officers during the year ended December 31, 2015 (collectively, the Named Executive Officers) as disclosed in this proxy statement in accordance with the SEC's rules. This nonbinding advisory vote is commonly referred to as a say-on-pay vote.

At the 2011 Annual Meeting, we asked our stockholders to indicate if we should hold a say-on-pay vote every year, every two years or every three years. Consistent with the recommendation of our Board of Directors, our stockholders indicated by advisory vote their preference to hold a say-on-pay vote annually. After consideration of the voting results, and based upon its prior recommendation, our Board of Directors elected to hold a stockholder say-on-pay vote annually. Accordingly, at last year's annual meeting, we provided our stockholders with the opportunity to cast an advisory vote regarding the compensation of our named executive officers as disclosed in the proxy statement for the 2015 Annual Meeting of Stockholders. At the 2015 Annual Meeting of Stockholders, our stockholders overwhelmingly approved the proposal, with approximately 95% of the votes cast voting in favor of the proposal. This year we are again asking our stockholders to vote FOR the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading Compensation of Executive Officers Compensation Discussion and Analysis , our executive compensation programs are designed to retain and incentivize the high quality executives whose efforts are key to our long-term success. Under these programs, our Named Executive Officers are rewarded on the basis of individual and corporate performance measured against pre-established corporate and strategic goals. Please read the section of this proxy statement under the heading Compensation of Executive Officers Compensation Discussion and Analysis for additional details about our executive compensation programs, including information about the 2015 compensation of our Named Executive Officers.

The Compensation Committee of our Board of Directors continually reviews the compensation programs for our Named Executive Officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices.

We are asking our stockholders to indicate their support for our Named Executive Officer compensation as described in this proxy statement. This proposal gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking our stockholders to cast a non-binding advisory vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

The say-on-pay vote is advisory, and therefore not binding on Seattle Genetics, the Compensation Committee or our Board of Directors. Nevertheless, our Board of Directors and our Compensation Committee value the opinions of our stockholders, whether expressed through this vote or otherwise and, accordingly, the Board and Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Unless our Board of Directors modifies its policy on the frequency of future advisory votes on the compensation of our named executive officers, the next advisory vote on the compensation of our named executive officers will be held at the 2017 annual meeting of stockholders. In addition, our stockholders will be able to indicate by advisory vote at our 2017 annual meeting their preference as to the frequency of future advisory votes.

Stockholder approval of this Proposal No. 4 will require the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting.

THE BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL NO. 4

COMPENSATION OF EXECUTIVE OFFICERS

COMPENSATION DISCUSSION AND ANALYSIS

Our compensation discussion and analysis discusses the total compensation for our Chief Executive Officer, Chief Financial Officer and our three other most highly compensated executive officers during the year ended December 31, 2015, which officers are referred to as our Named Executive Officers. Our compensation discussion and analysis describes our overall executive compensation philosophy, objectives and practices, as well as the Compensation Committee's decisions and determinations regarding executive compensation for 2015.

Executive Summary

The Compensation Committee's basic responsibility is to review the performance of our management in achieving corporate goals and objectives and to ensure that our management is compensated effectively in a manner consistent with our compensation philosophy, competitive practice and the requirements of the appropriate regulatory bodies. Toward that end, the Compensation Committee oversees and reviews all of our compensation, equity and employee benefit plans and programs, which include our yearly Senior Executive Annual Bonus Plans, Amended and Restated 2007 Equity Incentive Plan, or the 2007 Plan, and Amended and Restated 2000 Employee Stock Purchase Plan, or the ESPP.

The Compensation Committee believes that our executive compensation program is appropriately designed and reasonable in light of the executive compensation programs of our peer group companies and responsible in that it both encourages our executive officers to work for meaningful stockholder returns and reflects a pay-for-performance philosophy, without encouraging our employees to assume excessive risks.

The highlights of our company performance for 2015 include:

With regard to ADCETRIS:

Continued execution of our sales strategy for ADCETRIS in the United States and Canada, including exceeding our internal sales targets. Net sales of ADCETRIS were \$226.1 million in 2015, representing an increase of 27% over net sales of \$178.2 million in 2014.

Continued to collaborate with Takeda Pharmaceutical Company Limited, or Takeda, to develop and commercialize ADCETRIS on a global basis. We achieved a \$20 million one-time sales milestone triggered by Takeda surpassing ADCETRIS annual net sales of \$200 million in its territory, which will be recognized as royalty revenue in the first quarter of 2016.

Announced approval of ADCETRIS in a new indication by the U.S. Food and Drug Administration, or FDA, for the treatment of patients with classical Hodgkin lymphoma at high risk of relapse or progression as post-autologous hematopoietic stem cell transplantation, or auto-HSCT, consolidation therapy based on the phase 3 AETHERA trial.

Initiated two corporate-sponsored trials with ADCETRIS in collaboration with Bristol-Myers Squibb Corporation, or BMS, to evaluate the investigational combination of ADCETRIS with BMS's checkpoint inhibitor, nivolumab (OPDIVO).

Completed target patient enrollment in the phase 3 ECHELON-1 trial and fully-enrolled the phase 3 ALCANZA trial.

With regard to SGN-CD33A:

Edgar Filing: SEATTLE GENETICS INC /WA - Form DEF 14A

Completed phase 1 dose escalation in a monotherapy trial of SGN-CD33A in acute myeloid leukemia, or AML, achieved enrollment goal and reported data from a phase 1 trial of SGN-CD33A in combination with hypomethylating agents in older AML patients, and achieved enrollment goal in a phase 1 trial of SGN-CD33A in combination with standard chemotherapy for younger AML patients.

Determined trial design and conducted planning activities necessary to initiate a planned phase 3 trial in AML anticipated to be initiated during 2016.

With regard to our product pipeline:

Advanced SGN-CD19A into a phase 2 trial for relapsed/refractory diffuse large B-cell lymphoma.

Completed dose escalation and expanded a phase 1 trial of SGN-LIV1A in metastatic breast cancer.

Submitted an investigational new drug application, or IND, to the FDA for SGN-CD19B.

Generated strong research throughput on our next generation antibody-drug conjugate, or ADC, technology and new antibody targets for our product pipeline.

With regard to business development and strategy:

Continued to expand our operations internationally.

Completed a strategic cancer immunotherapy collaboration and license agreement with Unum Therapeutics, Inc.

The highlights of our executive compensation program for 2015 include:

Our Chief Executive Officer, Dr. Siegall, beneficially owns 1.5% of our common stock, based on shares outstanding on March 24, 2016, which significantly aligns his interests with those of our stockholders.

The principal, ongoing elements of the compensation of our Named Executive Officers (i.e., base salary, annual cash incentive awards and annual stock award compensation) is generally determined by first referencing the 50th percentile for similarly positioned executives based on the data from our peer group, and then adjusted upwards based on individual performance towards the 75th percentile. Data from our peer group is periodically reviewed and updated by our Compensation Committee.

Our annual cash incentive awards under our Senior Executive Annual Bonus Plans are variable in that any cash awards are based solely on the extent of corporate and, other than with respect to Dr. Siegall, individual performance.

For 2015, annual equity awards for our Named Executive Officers were delivered in a combination of stock options and restricted stock units, with stock options representing approximately 50% of the overall value of the stock awards granted. Each of the stock awards is subject to a service-based vesting requirement. Consequently, each Named Executive Officer can only potentially realize any value with respect to 50% of the stock awards granted contingent on our stock price appreciation over the longer term.

Our insider trading policy prohibits our Named Executive Officers from engaging in short-term speculative transactions and further prohibits executive offices from hedging or pledging their company securities as collateral.

Seattle Genetics does not provide excessive perquisites, such as country club memberships, automobile allowances or other similar benefits.

In line with our pay for performance philosophy, Seattle Genetics offers reasonable employment agreements that do not contain multi-year guarantees for salary increases, non-performance based guaranteed bonuses or equity compensation.

We do not provide any tax gross-up benefits for excise taxes associated with change of control compensation.

Our equity plans do not permit repricing underwater stock options without stockholder approval. Approximately 95% of the votes cast in the stockholder advisory vote on executive compensation in 2015 approved our executive compensation described in last year's proxy statement. The Compensation Committee considered the result of the stockholder advisory vote as an endorsement of its compensation policies, practices and philosophy for our Named Executive Officers. Accordingly, the Compensation Committee determined not to make any significant changes as a result of the vote. In addition, in part based on the support shown by the vote, the Compensation Committee maintained a consistent approach in making 2015 compensation decisions.

Compensation Philosophy and Objectives

Our compensation philosophy is to provide overall compensation that is competitive to attract and retain the highest caliber officers. In particular the Compensation Committee believes that, when targeted levels of performance are achieved, the resulting compensation should approximate the 50th percentile of pay practices of a peer group of companies selected by the Compensation Committee, and that additional performance should be rewarded by adjusting compensation upwards towards the 75th percentile of our peer group if an individual's and our corporate performance exceeds expectations. The Compensation Committee determined that this method of determining compensation levels was reasonable and appropriate to achieve the objectives of our compensation program and applied its experience and judgment when interpreting competitive market data and making decisions. For 2015, the Compensation Committee reviewed base salaries, annual incentives and long-term incentives of our Named Executive Officers in January and again in August, and compared them to our then peer group primarily to ensure that our Named Executive Officer compensation program as a whole was market competitive and to determine whether any adjustments were necessary. The Compensation Committee generally seeks to establish a mix between cash compensation and long-term equity incentives similar to the mix utilized by the companies in our peer group. Our Compensation Committee believes that it is important to align compensation levels and the mix of compensation to that offered by our peers in order to retain and incentivize the high quality executives whose efforts are key to our long-term success.

At the time the Compensation Committee makes executive compensation decisions, the Compensation Committee also reviews individual performance and our company's performance against pre-established company corporate and strategic goals. In this regard, decisions with respect to the principal, ongoing elements of compensation for our executive officers are based, in combination with the competitive peer group analysis described above, upon the Compensation Committee's assessment of (i) each individual's performance as assessed by Dr. Siegall, our CEO, in consultation with the Compensation Committee and our Executive Vice President, Human Resources (Dr. Siegall does not assess his own performance, however) and (ii) our performance measured against corporate and strategic goals as defined by the Board of Directors. Determinations of individual performance at the executive officer level are generally not based on the achievement of separately pre-established goals but rather, on the individual's performance with respect to (and contributions toward) the achievement of pre-established department goals, if any, and our pre-established corporate and strategic goals. These same metrics are used by management to evaluate the performance of all of our employees with supervisors providing guidance regarding individual performance relative to individual goals. The Compensation Committee believes that successful execution against goals is the best way to enhance long-term stockholder value.

The Compensation Committee generally relies upon its judgment and not upon rigid guidelines or formulas in determining the amount and mix of compensation elements for each executive officer, particularly with respect to base salary determinations and overall levels of long-term equity compensation. However, as set forth below, bonus awards under our Senior Executive Annual Bonus Plans are formulaic in that the target and maximum bonus opportunities are established, as is the extent to which bonuses are awarded based on the achievement of pre-established company goals and, in the case of our Named Executive Officers other than Dr. Siegall, on individual performance. Since 2011, the Compensation Committee has delivered annual stock awards in a combination of stock options and restricted stock units, with stock options currently representing approximately

50% of the overall value of the stock awards granted and with restricted stock units comprising the other approximately 50%. Factors considered by the Compensation Committee in making its equity determinations may include individual performance, contributions to corporate and strategic goals, and the nature and scope of the individual's responsibilities and effectiveness in leading management's initiatives to achieve the corporate goals. The Compensation Committee also periodically consults with executive compensation consultants and, in 2015, considered the compensation levels of similarly positioned executives at the peer group companies discussed below in determining the mix of compensation elements for the executive officers.

The peer group used by the Compensation Committee to determine compensation for 2015 was selected by the Compensation Committee in August 2014, with input provided by members of executive management and Compensia, Inc., our Compensation Committee's compensation consultant, and a review of biotechnology and pharmaceutical companies that were similar to Seattle Genetics with respect to revenue, market capitalization, headcount, development and commercialization stage and product focus. In each case, as of April 23, 2014, these 17 peer group companies had a median market capitalization of approximately \$5.3 billion, as compared to our market capitalization of approximately \$4.6 billion, median annual revenue for 2013 of approximately \$506 million, as compared to our annual revenue for 2013 of approximately \$269 million, and a median number of 674 employees, as compared to our approximately 582 number of employees. The peer group used by the Compensation Committee when making compensation decisions in 2015 consisted of:

Acorda Therapeutics, Inc.	Genomic Health, Inc.	Pharmacyclics, Inc.
Alkermes plc	ImmunoGen, Inc.	Regeneron Pharmaceuticals, Inc.
ARIAD Pharma	Incyte Corporation	Salix Pharmaceuticals, Inc.
Auxilium Pharmaceuticals, Inc.	InterMune, Inc.	Theravance, Inc.
BioMarin Pharmaceutical Inc.	Medivation, Inc.	United Therapeutics, Inc.

Cubist Pharmaceuticals, Inc.

NPS Pharmaceuticals, Inc.

The Compensation Committee reviews the peer group periodically to reflect changes in market capitalization and other factors, including acquisitions, and revises the companies included in the peer group accordingly. In December 2015, the Compensation Committee removed six companies from the prior peer group because they were acquired and three more companies because their market capitalization changed (increased in one case and decreased in two cases) such that the Compensation Committee determined that their respective market capitalizations were too disparate from our own to be included in the peer group. The Compensation Committee also determined to add ten companies to the peer group because they are similar in size to Seattle Genetics, with the resulting 18 peer group companies specified in the table below. In each case, as of November 30, 2015, these peer group companies had a median market capitalization of approximately \$5.0 billion, as compared to our market capitalization of approximately \$5.0 billion, median annual revenue of approximately \$215 million for 2014, as compared to our annual revenue of approximately \$287 million for 2014, and a median number of 450 employees, as compared to our approximately 657 employees. This revised peer group was used by the Compensation Committee in January 2016 to guide decisions relating to the base salary increases of our named executives effective February 2016 and to review the annual bonuses targets of our named executives. No adjustments were made to the annual bonuses targets for 2016.

Compensation Consultants and Management Participation in Compensation Decisions

Under its charter, the Compensation Committee has the authority, in its sole discretion, to retain (or obtain the advice of) any compensation consultant, legal counsel or other adviser to assist it in the performance of its duties. In accordance with this authority, the Compensation Committee consults from time to time with Compensia for advice on matters related to compensation for executive officers. The Compensation Committee has had a long standing consulting relationship with Compensia and has found their work to be thorough, accurate, objective and highly professional. The Compensation Committee has consulted with Compensia periodically with respect to specific questions or as new compensation programs are considered and to update its competitive market analysis. In 2014, Compensia was again retained by Seattle Genetics at the request of our Compensation Committee to prepare compensation analyses for our executives and directors. In particular, Compensia was directed to provide a market analysis of base salary, annual bonus and long-term incentive compensation of our executive officers against our peer group and to review other market practices and trends. This market analysis was reviewed with the Compensation Committee in January 2015 and again in August, and was used to guide decisions regarding base salary compensation and annual target bonus determinations in February 2015 and the adjustments to base salary made in August. Dr. Siegall, our CEO, makes recommendations to the Compensation Committee with respect to base salary levels, annual bonus targets, individual performance assessments and the levels of long-term equity compensation to be awarded to our other executive officers in consultation with Compensia and our Executive Vice President, Human Resources, Christopher Pawlowicz. Compensia provided competitive market data and modeled gaps in cash compensation to peer company compensation levels. In addition, Mr. Pawlowicz supports the Compensation Committee in its work from time to time at the Compensation Committee's request, including providing historical and prospective breakdowns of the compensation components for each executive officer.

In March 2015, the Compensation Committee analyzed whether the work of Compensia as a compensation consultant has raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Compensia; (ii) the amount of fees from our company paid to Compensia as a percentage of the firm's total revenue; (iii) Compensia's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Compensia or the individual compensation advisors employed by the firm with an executive officer of our company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any stock of our company owned by the individual compensation advisors employed by the firm. The Compensation Committee determined, based on its analysis of the above factors, that the work of Compensia and the individual compensation advisors employed by Compensia as compensation consultants to our company has not created any conflict of interest. The Compensation Committee will continue to assess the independence of any of its compensation advisers by reference to the foregoing factors, consistent with applicable NASDAQ listing standards.

Principal Elements of Compensation

Base Salaries. Base salaries are established to attract and retain talented executive personnel. Base salary for Dr. Siegall and the other executive officers is established based on the underlying scope of their respective responsibilities, taking into account competitive market compensation by reviewing the base salaries paid by our peer group for similar positions. The base salary for each executive officer is initially determined on an annual basis by first referencing the 50th percentile for similarly positioned executives based on the data from our peer group, and then by adjusting for other factors. Annual salary adjustments are based primarily on a review of data from our peer group, and adjusted based on individual performance, achievement of our corporate and strategic goals, changes in job duties and responsibilities and budget considerations, as applicable. Annual salary adjustments are typically effective February 1 of each year. In August 2015, the Compensation Committee also subsequently approved an increase in the base salaries of certain named executive officers based on individual

performance and further analysis of competitive market salary levels near the 50th percentile compared with our peer group, which increase was effective September 1, 2015, as explained below.

In January 2015, the Compensation Committee approved an aggregate merit increase of 4.0% to Dr. Siegall's 2014 base salary (to \$815,000 in 2015) in recognition of his role in leading the achievement of substantially all of our 2014 corporate performance goals and analysis of competitive peer group salary levels near the 50th percentile. With respect to Mr. Simpson, the Compensation Committee focused on Mr. Simpson's leadership of our finance department, including budget and long-range planning goals and managing expenses to such budgets and plans for determination of his individual performance percentage and base salary increase. In January 2015, the Compensation Committee approved an aggregate merit increase of 3.5% to Mr. Simpson's 2014 base salary (to \$458,550 in 2015) in recognition of the individual performance described above and analysis of competitive market salary levels near the 50th percentile compared with our peer group. With respect to Mr. Dobmeier, the Compensation Committee focused on Mr. Dobmeier's oversight of operational and corporate communications initiatives and his contribution to our business development activities, including the ADC license agreement with Genmab A/S. In January 2015, the Compensation Committee approved an aggregate base salary increase of 4.0% to Mr. Dobmeier's 2014 base salary (to \$492,550 in 2015) in recognition of the performance described above and analysis of competitive market salary levels near the 50th percentile compared with our peer group. With respect to Dr. Drachman, the Compensation Committee focused on Dr. Drachman's leadership in our research and development and clinical operations. In January 2015, the Compensation Committee approved an aggregate base salary increase of 4.0% to Dr. Drachman's 2014 base salary (to \$487,800 in 2015) in recognition of the individual performance described above and analysis of competitive market salary levels near the 50th percentile compared with our peer group. With respect to Ms. Liu, the Compensation Committee focused on Ms. Liu's oversight of the legal and intellectual property departments. Ms. Liu commenced employment in November 2014 with a starting base salary of \$390,000. In January 2015, the Compensation Committee, taking into consideration that Ms. Liu joined the company in November 2014, approved a base salary increase of 0.9% to Ms. Liu's 2014 base salary (to \$393,450 in 2015) in recognition of the performance described above and analysis of competitive market salary levels near the 50th percentile compared with our peer group.

The following table sets forth the base salaries in effective for each of our Named Executive Officers that were approved by the Compensation Committee in January 2015 and became effective as of February 1, 2015 and the percentages that their base salaries were increased from their 2014 base salary levels:

Name, Title	Percentage Increase	February 1, 2015 Base Salary
Clay B. Siegall, Ph.D., President and Chief Executive Officer	4.0%	\$ 815,000
Todd E. Simpson, Chief Financial Officer	3.5%	\$ 458,550
Eric L. Dobmeier, Chief Operating Officer	4.0%	\$ 492,550(1)
Jonathan Drachman, M.D., Chief Medical Officer	4.0%	\$ 487,800
Jean Liu, General Counsel and Executive Vice President, Legal Affairs	0.9%	\$ 393,450

(1) Mr. Dobmeier is working 85% of full time and his base salary disclosed above is prorated accordingly (\$418,668).

In August 2015, the Compensation Committee also subsequently approved an increase in the base salaries of Mr. Dobmeier and Ms. Liu based on an analysis of competitive market salary levels near the 50th percentile compared with our peer group, which increases each became effective September 1, 2015. The Compensation Committee approved an increase of 4.1% to Mr. Dobmeier's base salary and an increase of 5.1% to Ms. Liu's base salary, in each case based on an analysis of competitive market salary levels near the 50th percentile.

compared with our peer group. The following table sets forth the base salaries for each of our Named Executive Officers that were in effect as of September 1, 2015, as well as the percentages that their base salaries were increased from their initial 2015 base salary levels:

Name, Title	Percentage Increase	September 1, 2015 Base Salary
Clay B. Siegall, Ph.D., President and Chief Executive Officer	n/a	\$ 815,000
Todd E. Simpson, Chief Financial Officer	n/a	\$ 458,550
Eric L. Dobmeier, Chief Operating Officer	4.1%	\$ 512,550(1)
Jonathan Drachman, M.D., Chief Medical Officer	n/a	\$ 487,800
Jean Liu, General Counsel and Executive Vice President, Legal Affairs	5.1%	\$ 413,450

(1) Mr. Dobmeier is working 85% of full time and his base salary disclosed above is prorated accordingly (\$435,668).

Annual Incentive Compensation. Each year we adopt a Senior Executive Annual Bonus Plan, or Executive Bonus Plan, which provides cash incentives designed to reward each executive's individual contribution and performance toward achieving key corporate goals. The performance metrics against which the executives are measured are clearly communicated, measurable and consistently applied, and include corporate goals, such as research, development and clinical milestones, hiring goals, sales and commercial goals, strategic alliances, licensing and partnering transactions and financings. The Compensation Committee determines the relative achievement of the specific corporate goals following the end of the particular year. Under our Executive Bonus Plan, the Compensation Committee also has the discretion to take into account significant corporate events or other significant accomplishments that were not contemplated at the beginning of the performance period in determining the relevant corporate and individual achieved performance percentages for the relevant year. Dr. Siegall, our CEO and the manager of the executive team, assesses the other executives' contributions to the corporate goals, and makes a recommendation to the Compensation Committee with respect to such individual's achieved performance percentage and the Compensation Committee then makes a final determination of the individual performance percentage. The weighted company performance percentage and individual performance percentage are then multiplied by a base pay target percentage for each executive officer to determine the actual amount of the bonus award. The base pay target percentage for each executive officer is determined by the Compensation Committee at the beginning of the year and is based on a review of potential bonuses for similarly positioned executives at companies included in our peer group. These target percentages are reviewed on an annual basis, and may be adjusted based on the results of competitive market data provided by Compensia to more closely reference the 50th percentile for annual cash bonus targets for similar positions. The target percentages for Dr. Siegall, Mr. Simpson and Dr. Drachman were so adjusted for 2015. Previously, Dr. Siegall's target percentage was 75% and the target percentages for both Mr. Simpson and Dr. Drachman was 45%. The following target percentages were effective on September 1, 2015.

Name, Title	Target Percentage of Base Salary	Target Bonus Amount
Clay B. Siegall, Ph.D., President and Chief Executive Officer	100%	\$ 815,000
Todd E. Simpson, Chief Financial Officer	50%	\$ 229,275
Eric L. Dobmeier, Chief Operating Officer	50%	\$ 256,275
Jonathan Drachman, M.D., Chief Medical Officer	50%	\$ 243,900
Jean Liu, General Counsel and Executive Vice President, Legal Affairs	45%	\$ 186,053

Our company's achieved performance percentage and/or the individual achieved performance percentage may exceed 100% in the event we and/or the executive officer exceed expected goals, provided that neither percentage may exceed 150%. Accordingly, each executive officer's bonus opportunity under each Executive Bonus Plan is capped at 150% of the target bonus amount, and in addition, each executive officer must achieve at

least a 50% individual performance percentage to receive a bonus award under the Executive Bonus Plan (other than Dr. Siegall whose bonus is based solely on the achievement of our company goals).

The weight between the company performance percentage and the individual performance percentage used for determining the actual cash bonus award is split for all executive officers based on position. For the executive officers, other than Dr. Siegall and Mr. Dobmeier, the final performance percentage during 2015 was based 60% on company performance and 40% on the individual's performance. Accordingly, assuming Seattle Genetics had met 100% of its 2015 company goals, an executive officer who had an individual achieved performance percentage of 150%, had a base salary target percentage of 40% and had a base pay rate of \$100,000 would have received a bonus of \$48,000 $((100\% \times 0.6) + (150\% \times 0.4) = 120\%$; and $120\% \times 40\% = 48\%$; and 48% of the executive's base pay rate of \$100,000 = \$48,000). It was determined that greater weighting of the corporate goals should apply to Dr. Siegall and Mr. Dobmeier than our other Named Executive Officers because their positions and responsibilities give them more opportunity to significantly impact our overall corporate performance. The following chart sets forth the relative allocation/weighting of the corporate versus the individual performance goals for each of the Named Executive Officers.

Name, Title	Corporate Goals	Individual Performance
Clay B. Siegall, Ph.D., President and Chief Executive Officer	100%	0%
Todd E. Simpson, Chief Financial Officer	60%	40%
Eric L. Dobmeier, Chief Operating Officer	80%	20%
Jonathan Drachman, M.D., Chief Medical Officer	60%	40%
Jean Liu, General Counsel and Executive Vice President, Legal Affairs	60%	40%

Dr. Siegall's final performance percentage is determined by the Compensation Committee in its sole discretion, usually based solely on overall achievement of corporate goals, but may be adjusted by the Compensation Committee taking into account annual bonuses of chief executive officers at our peer group companies and other data provided by Compensia, although this did not occur in 2015.

In making its assessment regarding the extent to which the pre-established corporate performance measures for that year have been achieved, the Compensation Committee considers both the extent to which the corporate performance measures were achieved as well as the relative importance of the corporate performance measures that were achieved as compared to any corporate performance measures that were not achieved. The Compensation Committee then assesses our performance on an overall basis. Because the corporate performance measures vary in terms of relative importance to Seattle Genetics, the Compensation Committee has not historically given specific weightings to the various corporate performance measures. Accordingly, the company performance percentage determined by the Compensation Committee in any given year may be either greater or less than the percentage of the total corporate objectives for that year that were actually fully achieved, as was the case in 2015. The corporate performance measures used in 2015 were primarily based on sales of ADCETRIS, the advancement of development and clinical activities related to ADCETRIS and our lead product candidates (including clinical trial initiation, enrollment and completion), business development and corporate strategy, expense management and stock performance, all of which the Compensation Committee believes strongly relate to the creation of total stockholder value. Seattle Genetics' performance targets in 2015 were:

With regard to ADCETRIS:

Achieving sales goals established by the Board in the United States and Canada;

Ensuring reliable and timely manufacturing to satisfy commercial demand while meeting global quality standards;

Submitting a supplemental Biologics License Application, or sBLA, to the FDA to seek approval for a new indication in the AETHERA treatment setting, and obtain approval of that sBLA;

Achieving enrollment goals for the ECHELON-1, ECHELON-2 and ALCANZA phase 3 clinical trials;

Initiating our corporate-sponsored checkpoint inhibitor combination clinical trials in collaboration with BMS; and

Achieving goals related to clinical trials in diffuse large B-cell lymphoma.

With regard to our product pipeline:

Achieving enrollment goals in our phase 1 clinical trials of SGN-CD33A and determining future clinical trial strategy;

Achieving enrollment goal in our phase 2 clinical trial of SGN-CD19A and considering combination strategies;

Achieving enrollment goals in our phase 1 clinical trials of SGN-LIV1A, ASG-22ME, ASG-15ME, SGN-CD70A and SEA-CD40, and presenting clinical data at appropriate conferences;

Submitting INDs for new programs; and

Achieving specific research goals related to ADC technology, new targets and antibodies.

With regard to our business development and strategy:

Achieving specified business development objectives;

Hiring employees to budgeted plan and minimizing employee attrition;

Achieving stock performance relative to appropriate biotechnology indexes; and

Managing expenses to budget.

We met substantially all of our performance targets for 2015, although certain goals relating to clinical trial enrollment, INDs for new programs and research were not fully met. Certain of our 2015 performance goals were aggressive and set at challenging levels, including the goals relating to clinical trial enrollment, INDs for new programs and research, such that the attainment of executive target bonuses was not assured at the time they were set and would require a high level of effort and execution on the part of the executive officers in order to receive the maximum bonus payout. While we did not fully meet all of our goals, of the goals we did not fully meet, we achieved the substantial portion of those goals, and we also exceeded multiple goals, including those related to ADCETRIS sales and progress on SGN-CD33A, which the Compensation Committee determined should be considered in the total analysis of determining performance against the stated goals. Consequently, the Compensation Committee determined our corporate performance percentage to be 125% for 2015, which reflected the Compensation Committee's subjective determination of the relative importance of the goals that we met or exceeded in relation to other goals that were not fully met. The determined corporate performance percentage of 125%, together with the determined individual achieved performance percentages, which were based on the individual performance noted under "Base Salaries" above, resulted in levels of bonus awards under the 2015 Executive Bonus Plan above target levels to the Named Executive Officers for the amounts specified in the table below:

Name, Title	2015 Bonus Awarded Amount	Approximate % of Target Bonus Amount Awarded
Clay B. Siegall, Ph.D., President and Chief Executive Officer	\$ 1,018,750	125%
Todd E. Simpson, Chief Financial Officer	\$ 268,252	117%
Eric L. Dobmeier, Chief Operating Officer	\$ 312,656	122%
Jonathan Drachman, M.D., Chief Medical Officer	\$ 304,875	125%
Jean Liu, General Counsel and Executive Vice President, Legal Affairs	\$ 217,681	117%

Discretionary and Other Bonus Awards. The Compensation Committee may also award discretionary bonuses for special recognition of achievement, which are generally awarded to employees other than executive officers at the same time for the same event, such as for successful completion of a clinical trial. Additionally, each employee, including executive officers, receives a bonus of \$500 upon her or his five year anniversary, \$1,500 upon his or her ten year anniversary and \$1,500 upon his or her fifteen year anniversary with Seattle Genetics. We believe providing these bonuses fosters a culture of retention among our employees.

New Hire Benefits. Historically, the Compensation Committee has also approved sign-on bonuses and/or relocation benefits for new executives as an inducement to joining Seattle Genetics. As part of her employment negotiations and an inducement to her commencement of employment, Ms. Liu was provided relocation benefits to offset the out of pocket costs she incurred in connection with the sale of her home and relocation to Washington, including closing costs, moving fees, temporary housing and other moving related expenses, and tax gross-up payments related to the foregoing relocation and temporary housing benefits. We believe that providing these new hire benefits are an important component of inducing executives to commence employment with us, and are consistent with the market practices of our peers.

Long-Term Incentive Compensation. Long-term incentive compensation in the form of equity awards is designed to provide executive officers with meaningful compensation awards in order to align executives' incentives with stockholder value creation. Generally, significant stock awards are made at the time an executive officer commences employment. Thereafter, stock awards may be made at varying times and in varying amounts in the discretion of the Compensation Committee, but are generally made once a year unless such executive officer is promoted, in which case an award will normally be made at that time, or for recognition of outstanding performance. Upon hiring an executive officer, stock awards generally will be made on the first business day of the month following the month the officer commences employment. Annual stock awards to all executives are made at regularly scheduled meetings of the Compensation Committee and are generally made in August. Seattle Genetics does not have any program, plan or practice to time stock awards to its executives or other employees in coordination with the release of material, non-public information.

We grant equity awards to our executive officers by delivering a combination of stock options and restricted stock units. The Compensation Committee has determined that companies in our peer group generally grant full value awards such as restricted stock units and, therefore, restricted stock units should be part of a competitive compensation package to attract and retain highly qualified executives. In this regard, while both stock options and restricted stock units enable our executive officers to benefit, like stockholders, from any increases in the value of our stock, stock options deliver future value only if the value of our stock increases above the exercise price and thereby provide incentives for executives to perform to increase the value of our stock. However, we also grant restricted stock unit awards because such practice is consistent with the market practices of our peers and they are less dilutive to our stockholders, as fewer shares are granted to achieve an equivalent value relative to stock options. Each restricted stock unit granted generally vests in full on the third-anniversary from the date of grant, subject to continued service, so that the awards are designed to provide a long-term retention incentive.

In August 2015, the Compensation Committee considered annual stock awards for current executive officers based on the competitive market analysis prepared by Compensia with respect to our peer group and recommendations from Dr. Siegall with respect to individual performance. Dr. Siegall's annual stock award recommendations are developed based on each individual's position with Seattle Genetics, each employee's individual performance during the prior year, and competitive market data provided by Compensia against our revised peer group. The size of each new hire or promotion stock award made to officers is recommended by Dr. Siegall based on peer group competitive market data provided by Compensia and is generally set at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's performance and potential for future responsibility. In addition, in determining annual stock awards to executive officers, prior grant levels and the extent to which such executive officer is currently vested in his or her stock awards are reviewed by the Compensation Committee, although no adjustments to the levels of annual stock awards were made in 2015 based on this review. The relative weight

given to each of these factors will vary from individual to individual at the Compensation Committee's discretion and adjustments may be made as the Compensation Committee deems reasonable to attract and retain executive officers in the competitive environment for highly qualified employees in which we operate. Generally, the proposed annual stock awards are determined first by referencing the 50th percentile of the peer group and then adjusted upwards based on individual performance, such that annual stock award levels are typically set in a range from the 50th percentile to the 75th percentile of the peer group. If an individual's performance exceeded expectations, such stock awards will often be increased to a range approximating the 65th percentile of the peer group and if such performance greatly exceeded expectations, the Compensation Committee, applying its experience and judgment, will generally adjust stock awards to the 75th percentile of the peer group. After this adjustment, the Compensation Committee will review the extent to which such executive officer is currently vested in his or her stock awards to determine if additional adjustments need to be made in order to increase the incentive for such executive officer to remain with Seattle Genetics for an additional period of time. The Compensation Committee did not make any such adjustments in 2015 determining the level of 2015 stock awards because a significant portion of the other stock awards held by our Named Executive Officers are currently unvested.

In determining the number of shares subject to the stock options and restricted stock units granted to our Named Executive Officers in August 2015, the Compensation Committee first determined the value of overall annual stock awards, as described in the preceding paragraph, and then determined the mix of stock awards. In 2015, the Compensation Committee chose to deliver a value mix of approximately 50% stock options and approximately 50% restricted stock units. The ratio of restricted stock units to options chosen by the Compensation Committee was based in part on the competitive market data prepared by Compensia and in part on an effort to balance the greater per-share value of the restricted stock units as opposed to stock options and minimize the dilutive impact of the awards to our stockholders. The following table shows the number of shares subject to the stock options and restricted stock unit awards granted to our Named Executive Officers in August 2015, as well as the total grant date value of these awards on the applicable date of grant:

Name, Title	Stock Options	Restricted Stock Units	Grant Date Fair Value(1)
Clay B. Siegall, Ph.D., President and Chief Executive Officer	160,000	64,000	\$ 5,030,005
Todd E. Simpson, Chief Financial Officer	42,500	17,000	\$ 1,336,099
Eric L. Dobmeier, Chief Operating Officer	47,500	19,000	\$ 1,493,285
Jonathan Drachman, M.D., Chief Medical Officer	50,000	20,000	\$ 1,571,879
Jean Liu, General Counsel and Executive Vice President, Legal Affairs	35,000	14,000	\$ 1,100,317

- (1) The amounts in this column represent the aggregate full grant date fair value of stock options and restricted stock unit awards granted in August 2015 in accordance with FASB ASC Topic 718 with no estimate for future forfeitures. For information regarding the assumptions used in calculating these amounts with respect to stock options, see Note 13 of the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2015.

We do not have stock ownership guidelines for our executive officers (other than our chief executive officer) because officer compensation is set within a typical market range and is already performance-based. Our chief executive officer is required to own, directly or indirectly, a number of shares of Seattle Genetics common stock with a value of not less than five times his base salary. Dr. Siegall was in compliance with these stock ownership guidelines as of December 31, 2015, the date the Nominating and Corporate Governance Committee used to assess such compliance for 2015.

The exercise price of our stock options is always equal to the fair market value (our closing price on the NASDAQ Global Select Market) of our common stock on the date of grant. Our stock option grants generally

vest 1/4th upon the one year anniversary of the grant date and 1/36th of the remaining shares each month thereafter until such grant is fully vested on the four year anniversary of the grant date, subject to vesting acceleration as described under the heading "Post-Termination Protection" below. Restricted stock units granted to our Named Executive Officers in 2015, vest in full on the third anniversary of the grant date, subject to vesting acceleration as described under the heading "Post-Termination Protection" below. The vesting schedule and the number of shares granted are established to ensure a meaningful incentive to remain in our employ. Accordingly, the stock award will provide a return to the employee only if he or she remains in our service, and, in the case of the stock option component, only if the market price of our common stock appreciates over the option term.

Post-Termination Protection

We provide severance benefit protection to our Named Executive Officers through the individual employment agreements with such officers. Seattle Genetics entered into employment agreements in 2006 with all its executive officers at the Senior Vice President level and above providing for severance benefits that already existed for our executive officers above the Senior Vice President level who were already parties to employment agreements that provided such benefits. Generally our severance payments pursuant to these agreements are as follows: a lump sum cash payment or payment in accordance with Seattle Genetics' standard payroll schedule, at our discretion, equal to 100% of his or her annual base salary, plus a pro-rated portion of the year's target bonus if such officer is terminated without cause or constructively terminated, except for Dr. Siegall, who has the additional benefit of receiving a severance benefit equal to 200% of his annual base salary if he is terminated without cause or constructively terminated within 12 months following a change in control of Seattle Genetics. In addition, all officers receive 12 months of accelerated vesting of any outstanding stock awards (i.e., stock options or restricted stock units) if such officer is terminated without cause or constructively terminated, or, in the case of Named Executive Officers other than Dr. Siegall, 100% acceleration of vesting of any outstanding stock awards if such officer is terminated without cause or constructively terminated within 12 months following a change in control of Seattle Genetics or if the acquiror does not assume, substitute or otherwise replace any outstanding stock awards. Dr. Siegall receives 100% acceleration of vesting of any outstanding stock award upon a change in control. All officers are also entitled to premium payments for continuation of all health benefits for 12 months (or 24 months in the case of Dr. Siegall if his employment is terminated without cause or constructively terminated within 12 months following a change in control), or a lesser amount of time until the individual is re-employed with comparable insurance benefits. Seattle Genetics does not provide any gross-ups based on taxes attributable to any of the severance benefits described above. Upon termination due to death or disability, each employment agreement also provides for payment of the portion of any annual bonus earned prior to the date of termination and any accrued but unused vacation. In addition, the 2007 Plan provides that all outstanding stock options that are vested and exercisable as of the date of the executive's death or, in the event of the executive's death within 30 days following the termination of service or the executive's disability, may be exercised for six months following the executive's death or, in the event of termination of service due to the executive's disability, one year following the termination date but in no event after the expiration date of such option.

The Compensation Committee believes these severance benefits are important from a retention perspective to provide some level of protection to our executive officers from being terminated without cause or constructively terminated prior to or after a change in control, or from experiencing a life-changing disability, and that the amounts are reasonable when compared with similar arrangements adopted by companies in our peer group. In addition, the Compensation Committee believes that these severance benefits align executive and stockholder interests by enabling the executive officers to consider corporate objectives and possible transactions that are in the best interests of the stockholders and other constituents of Seattle Genetics without undue concern over whether such objectives or transactions may jeopardize the officers' own employment. With these arrangements, the Compensation Committee sought uniformity of results among the officers based on their positions at Seattle Genetics, with only Dr. Siegall receiving vesting acceleration benefits solely as a result of a change in control. In addition, the Compensation Committee believes that the payment-triggering event outside

of the death or disability context, namely, being terminated without cause or constructively terminated, and then only when there is no misconduct by the officer, is a fair hurdle for the ensuing rewards. Further, Dr. Siegall's 100% acceleration of vesting of stock awards upon a change in control is intended to reduce the concern that Dr. Siegall may not have a comparable position in an acquiring company as a result of a change of control. More information regarding these arrangements is provided under the heading "Potential Payments upon Termination or Change-in-Control" Employment Agreements.

Other Compensation

All of our Named Executive Officers are eligible to receive our standard employee benefits, such as our 401(k) plan, medical, dental, vision coverage, short-term disability, long-term disability, group life insurance, cafeteria plan, and the ESPP, in each case on the same basis as our other employees, including the matching contributions provided under our 401(k) plan. The Compensation Committee periodically reviews the levels of benefits provided to executive officers to ensure they remain reasonable and consistent with its compensation philosophy.

Tax and Accounting Considerations

In making compensation decisions affecting our executive officers, the Compensation Committee considers and, to the extent practicable and to the extent permitted by applicable law, intends to maximize our ability to deduct under applicable federal corporate income tax law compensation payments made to executive officers. Specifically, the Compensation Committee considers the requirements and the impact of Section 162(m) of the Internal Revenue Code adopted under the Omnibus Budget Reconciliation Act of 1993, which generally disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and the three other most highly compensated executive officers (other than the CFO), respectively, unless such compensation meets the requirements for the performance-based exception to Section 162(m).

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, or the Internal Revenue Code, limits the amount that we may deduct from our federal income taxes for remuneration paid to our CEO and the three other most highly compensated executive officers (other than our CFO) to \$1 million per person covered per year, unless certain requirements are met. Section 162(m) of the Internal Revenue Code provides an exception from this deduction limitation for certain forms of performance-based compensation, including the gain recognized by an executive officer upon the exercise of qualifying compensatory stock options. While the Compensation Committee is mindful of the benefit to our performance of full deductibility of compensation, the Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) of the Internal Revenue Code where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives. Therefore, the Compensation Committee has not adopted a policy that requires that all compensation be deductible and approval of compensation, including the grant of stock options or other performance-based compensation to our executive officers, by the Compensation Committee is not a guarantee of deductibility under the Internal Revenue Code. The Compensation Committee intends to continue to compensate our executive officers in a manner consistent with the best interests of Seattle Genetics and our stockholders.

We follow the applicable accounting rules for our stock-based compensation awards. In accordance with generally accepted accounting principles, stock-based compensation cost is measured at grant date, or with respect to performance-based awards, the service inception date, based on the estimated fair value of the awards using a variety of assumptions. This calculation is performed for accounting purposes and, as applicable, reported in the compensation tables, even though recipients may never realize any value from their awards. We expect to record this expense on an ongoing basis over the requisite employee service period. Accounting rules also require us to record cash compensation as an expense at the time the obligation is incurred.

Compensation Recovery Policy

We do not have a policy to attempt to recover cash bonus payments paid to our executive officers if the performance objectives that led to the determination of such payments were to be restated, or found not to have been met to the extent the Compensation Committee originally believed. However, as a public company subject to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002, if we are required as a result of misconduct to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws, our Chief Executive Officer and Chief Financial Officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive. In addition, we will comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and will adopt a compensation recovery policy once the SEC adopts final regulations on the subject.

Summary

The Compensation Committee believes that our compensation philosophy and programs are designed to foster a performance-oriented culture that aligns employees' interests with those of our stockholders. The Compensation Committee believes that the compensation of our executives is both appropriate and responsive to the goal of improving stockholder value.

COMPENSATION COMMITTEE REPORT (1)

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis required by Item 402(b) of SEC Regulation S-K with management and, based on such review and discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated into our Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

Submitted by the members of the Compensation Committee:

Felix Baker, Ph.D. (chairman)

John P. McLaughlin

Daniel G. Welch

- (1) The material in this report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of Seattle Genetics under the Securities Act or the Exchange Act, other than in Seattle Genetics' Annual Report on Form 10-K where it shall be deemed to be furnished, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

COMPENSATION AND RISK

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our business. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage our employees to assume excessive risks.

In December 2015, the Compensation Committee, with assistance of Compensia, reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

significant weighting towards long-term incentive compensation discourages short-term risk taking;

goals are appropriately set to provide meaningful targets that enhance stockholder value but that are quantifiable by objective criteria and are widely distributed to avoid concentration of compensation on any single target;

incentive awards are capped by the Compensation Committee; and

as a biotechnology company, we do not face the same level of risks associated with compensation of employees at other companies, such as financial services companies (traders and instruments with a high degree of risk and reward).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2015, the Compensation Committee consisted of Felix Baker (chairman), John P. McLaughlin and Daniel G. Welch, none of whom is a current or former officer or employee of Seattle Genetics. Please refer to the section of this proxy statement entitled "Certain Relationships and Related Party Transactions" for information concerning certain transactions involving entities affiliated with Dr. Baker.

During 2015, no member of the Compensation Committee or executive officer of Seattle Genetics has or had a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

SUMMARY COMPENSATION TABLE

The following table sets forth all of the compensation awarded to, or earned by, our principal executive officer, principal financial officer, and the three other highest paid executive officers whose total compensation in fiscal year 2015 exceeded \$100,000. We refer to these officers in this proxy statement as the "Named Executive Officers."

(1) Consists of artwork to commemorate the approval of ADCETRIS in a new indication for the treatment of patients with classical Hodgkin lymphoma at high risk of relapse or progression as post-autologous hematopoietic stem cell transplantation, or auto-HSCT, consolidation therapy. The amount reflects the cost of the artwork together with the related payroll taxes.

(2) Consists of a \$1,500 bonus awarded to Dr. Siegall in January 2013 for his fifteen year anniversary with Seattle Genetics.

- (3) Consists of a \$1,500 bonus awarded to Mr. Simpson in October 2015 for his ten year anniversary with Seattle Genetics, as well as artwork to commemorate the approval of ADCETRIS in a new indication for the treatment of patients with classical Hodgkin lymphoma at high risk of relapse or progression as post-auto-HSCT consolidation therapy. The artwork amount reflects the cost of the artwork together with the related payroll taxes.
- (4) Consists of a \$1,500 bonus awarded to Dr. Drachman in November 2014 for his ten year anniversary with Seattle Genetics.
- (5) The amounts in this column represent the aggregate full grant date fair value of restricted stock units, or RSUs, granted during the relevant year in accordance with FASB ASC Topic 718 with no estimate for future forfeitures, which value is based on the closing price of our common stock on the date of grant. Please see Compensation of Executive Officers Compensation Discussion and Analysis above and Grants of Plan-Based Awards below for more information regarding the RSUs we granted to the Named Executive Officers in 2015.
- (6) The amounts in this column represent the aggregate full grant date fair value of stock options granted during the relevant year in accordance with FASB ASC Topic 718 with no estimate for future forfeitures. For information regarding the assumptions used in calculating these amounts, see Note 13 of the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2015.
- (7) The amounts in this column reflect the cash bonus awards to the Named Executive Officers under our Senior Executive Annual Bonus Plans.
- (8) Except as noted, the amounts in this column consist of life insurance premiums and company matching contributions to our 401(k) plan for all Named Executive Officers.
- (9) Ms. Liu joined us as our General Counsel, Executive Vice President, Legal Affairs and Corporate Secretary in November 2014. Because Ms. Liu became a Named Executive Officer for the first time in 2015, SEC rules do not require her compensation for 2014 to be reported.
- (10) Consists of life insurance premiums and company matching contributions to our 401(k) plan in the aggregate amount of \$8,430, and a total of \$155,125 in relocation and housing expense-related benefits in connection with Ms. Liu's commencement of employment, which consisted of \$92,653 for closing costs, \$12,163 for moving fees, \$5,196 for temporary housing and other related expenses, and \$45,113 in tax gross-up payments related to the foregoing relocation and housing benefits.

- (1) The dollar amounts represent the target and maximum amounts of each Named Executive Officer's potential annual cash bonus award for the year ended December 31, 2015 pursuant to our 2015 Senior Executive Annual Bonus Plan, or the Executive Bonus Plan. The amount shown as target reflects the target payment level under the Executive Bonus Plan if Seattle Genetics and each individual had achieved 100% of the specific performance objectives and goals previously approved by the Compensation Committee in 2015. An individual must have attained an individual performance percentage of 50% or more to receive any compensation under the Executive Bonus Plan. The amount shown as maximum reflects the payment level under the Executive Bonus Plan if Seattle Genetics and each individual had achieved 150% performance percentages based on the corporate goals approved by the Compensation Committee in 2015. A percentage of 150% is the maximum percentage allowed for both Seattle Genetics and individual performance percentages. Actual payouts made under the Executive Bonus Plan differed based on the actual performance objectives and goals achieved. The actual cash bonus award earned for the year ended December 31, 2015 under our Executive Bonus Plan for each Named Executive Officer is set forth in the Summary Compensation Table above. As such, the amounts set forth in these columns do not represent additional compensation earned by the Named Executive Officers for the year ended December 31, 2015. The Executive Bonus Plan is discussed in greater detail under the heading "Compensation Discussion and Analysis" above.
- (2) Discretionary stock options were granted under our 2007 Plan. Vesting of all the option grants occurs 1/4th on the one year anniversary of the grant date and 1/36th of the remaining shares thereafter on a monthly basis

until the grant is fully vested on the fourth anniversary of the grant date. The 2007 Plan is discussed in greater detail under the heading Employment Agreements and Arrangements below.

- (3) Discretionary RSUs were granted under our 2007 Plan. Vesting of all of these discretionary RSUs occurs in full on the third anniversary of the grant date.

EMPLOYMENT AGREEMENTS AND ARRANGEMENTS

Employment Agreements. Each of our Named Executive Officers has entered into a written employment agreement with Seattle Genetics. For a description of these employment agreements, please see the section of this proxy statement under the heading Potential Payments Upon Termination or Change-In-Control Employment Agreements below.

Annual Cash Bonus Awards. Each year, we adopt a Senior Executive Annual Bonus Plan that provides for annual bonus awards to reward executive officers based on our achievement of specific corporate goals and their achievement of individual performance goals. For more information regarding our 2015 Senior Executive Annual Bonus Plan, please see the section of this proxy statement under the heading Compensation Discussion and Analysis Annual Incentive Compensation and footnote (1) to the Grants of Plan-Based Awards table above.

Discretionary Stock Awards. Options granted under the 2007 Plan have a ten year term and generally vest as to 1/4th of the shares subject to the options on the one year anniversary of the grant date and 1/36th of the remaining shares each month thereafter until such option is fully vested on the four year anniversary of the grant date, subject to the accelerated vesting of such options under the terms of each executive's employment agreement with us and pursuant to the 2007 Plan. Options granted under the 2007 Plan carry an exercise price equal to the fair market value on the date of grant (generally the closing price of our common stock on the grant date on the NASDAQ Global Select Market), and the 2007 Plan permits the exercise price of stock options to be paid by cash, check, wire transfer, other shares of our common stock (with some restrictions), broker assisted same-day sales, cancellation of debt, cashless net exercise arrangements, and any other form of consideration permitted by applicable law. If an executive's service with us terminates for any reason other than cause, death or disability, then options held by the executive under the 2007 Plan generally will be exercisable to the extent they are vested on the termination date for a period of three months after the termination (if an executive's service with us terminates for cause, then the Board or the Compensation Committee has the authority to terminate all options held by the executive under the 2007 Plan immediately). Generally, if an executive's service with us terminates as a result of the executive's death or in the event of the executive's death within 30 days following the executive's termination of service, all outstanding options that were vested and exercisable as of the date of the executive's death or termination of service, if earlier, may be exercised for six months following the executive's death but in no event after the expiration date of such option. Generally, if an executive's service with us terminates as a result of the executive's disability, then all options to the extent they are vested and exercisable on the termination date may be exercised for one year following the termination date but in no event after the expiration date of such option. Each restricted stock unit represents a right to receive one share of our common stock (subject to adjustment for certain specified changes in our capital structure). In the event that restricted stock units vest, we will deliver one share of our common stock for each restricted stock unit that has vested. Discretionary restricted stock units that we granted in 2015 generally vest in full on the third anniversary of the grant date, provided that vesting will cease if an executive's service with us terminates for any reason.

Under the 2007 Plan, in the event of (i) an acquisition of Seattle Genetics by means of any reorganization, merger or consolidation but excluding any merger effected exclusively for the purpose of changing the domicile of the company, (ii) any sale of all or substantially all of our assets or (iii) any other event specified by the plan administrator, so long as in either (i) or (ii), our stockholders of record immediately prior to the transaction hold less than 50% of the voting power of the surviving entity and, so long as in (iii) that no change in control shall be deemed to occur upon announcement or commencement of a tender offer or upon a potential takeover or upon shareholder approval of a merger or other transaction, in each case without a requirement that the change in control actually occur, then the Board or the compensation committee may, in its discretion: (i) provide for the

assumption or substitution of, or adjustment (including to the number and type of shares and exercise price applicable) to, each outstanding stock award; (ii) accelerate the vesting of stock awards; and/or (iii) provide for termination of awards as a result of the change in control on such terms and conditions as it deems appropriate, including providing for the cancellation of awards for a cash or other payment to the executive.

Additionally, (i) if the successor corporation does not assume or substitute equivalent awards for all outstanding equity awards granted pursuant to the 2007 Plan, then as of the date of completion of the acquisition or merger, the vesting of such equity awards will be accelerated in full; and (ii) if outstanding equity awards are assumed or equivalent awards are substituted by the successor corporation and if at the time of, immediately prior to or within twelve months after the effective time of the change of control, an equity awardee's service as an employee or consultant is terminated without cause or due to constructive termination, then the vesting of such substituted equity award will be accelerated in full.

For more information regarding grants of stock awards to executives, please see the section of this proxy statement under the headings

Compensation Discussion and Analysis Principal Elements of Compensation Long-Term Incentive Compensation and Compensation Discussion and Analysis Post-Termination Protection above.

Other Compensatory Arrangements. Seattle Genetics pays the life insurance premium for all of its employees, including the executive officers. In addition, Seattle Genetics matches 50% of the first 6% of salary contributed to Seattle Genetics 401(k) plan by employees, including the executive officers. Prior to April 1, 2013, the matched contributions vested 20% annually, such that employees were fully vested after five years from their date of hire. Effective April 1, 2013, the matched contributions vest at 25% annually, such that employees are fully vested after four years from their date of hire. From time to time, individual executives negotiate other compensatory arrangements in connection with their initial hire.

- (1) All of the unexercisable securities set forth in this column vest at a rate of 1/4th upon the one year anniversary of the vesting commencement date of such award, which vesting commencement date for each award is based on the date of hire of such person for their initial grant and thereafter on the grant date of such award. 1/36th of the remaining unvested shares vest on an equal monthly basis thereafter until the award is fully vested on the fourth anniversary of the vesting commencement date.
- (2) The market value of the restricted stock unit award is based on the closing stock price of \$44.88 per share for our common stock as reported on the NASDAQ Global Select Market on December 31, 2015.
- (3) Restricted stock unit awards vest in full on August 19, 2016.
- (4) Restricted stock unit award vests in full on August 26, 2017.
- (5) Restricted stock unit awards vest in full on August 25, 2018.
- (6) Restricted stock unit awards vest in full on October 31, 2016.
- (7) Restricted stock unit awards vest in full on December 1, 2017.

OPTION EXERCISES AND STOCK VESTED

The following table sets forth information regarding exercises of stock options and vesting of restricted stock unit awards by our Named Executive Officers for the year ended December 31, 2015.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(2)
Clay B. Siegall, Ph.D.	127,149	4,479,296	74,250	3,178,643

Jonathan Drachman, M.D.			16,000	684,960
Jean Liu.				

- (1) The value realized on exercise is calculated based on the difference between the exercise price of each option exercised and the closing price of our common stock on the date of exercise multiplied by the number of shares underlying each option exercised, and does not represent actual amounts received by the Named Executive Officers as a result of the option exercises.
- (2) The value realized on vesting is calculated based on the closing price of our common stock on the date of vest multiplied by the number of shares underlying each award vested, and does not represent actual amounts received by the Named Executive Officers as a result of the award vesting.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

- (1) Each employment agreement provides that in the case of involuntary termination occurring at any time prior to or 12 months after a change in control, such individual is entitled to receive either a lump-sum payment equal to 12 months of monthly base salary or payment of such amount in accordance with Seattle Genetics' standard payroll schedule, at our discretion, a lump-sum payment equal to a pro-rated portion of such individual's annual bonus, 12 months of continued health benefits and 12 months of accelerated vesting of outstanding stock awards (i.e., stock options and restricted stock units). In the case of involuntary termination occurring within 12 months after a change in control, each individual is entitled to receive 12 months of monthly base salary, a pro-rated portion of such individual's annual bonus, 12 months of continued health benefits and 100% acceleration of vesting of outstanding stock awards, except that Dr. Siegall is entitled to 24 months of base salary and 24 months of continued health benefits in addition to the other benefits and Dr. Siegall's outstanding stock awards vest in full upon a change in control. Such severance benefits are conditioned upon the individual's resignation from all positions held by the individual and execution of a full release and waiver of claims. See the description of each Named Executive Officer's employment agreement set forth below under the heading Employment Agreements.
- (2) Upon a change in control, Dr. Siegall is entitled to 100% acceleration of vesting of outstanding stock awards.
- (3) Upon termination due to death or disability, each employment agreement provides for payment of the portion of any annual bonus earned prior to the date of termination and any accrued but unused vacation.
- (4) The value of stock award vesting acceleration is based on the closing stock price of \$44.88 per share for our common stock as reported on the NASDAQ Global Select Market on December 31, 2015 with respect to unvested restricted stock units and in-the-money unvested stock option shares (and in the case of unvested stock option shares, minus the exercise price of the unvested option shares).

Employment Agreements

In October 2001, Seattle Genetics entered into an employment agreement with Clay B. Siegall, our current President and Chief Executive Officer. In December 2008, Dr. Siegall's employment agreement was amended and restated to clarify certain existing provisions in light of final regulations issued under Section 409A of the Internal Revenue Code of 1986. Dr. Siegall's amended and restated employment agreement provides that he receive an annual base salary, which is currently set at \$855,750 for 2016, and may receive an annual bonus based upon performance criteria and financial and operational results of Seattle Genetics as determined by the Compensation Committee of the Board of Directors under our Senior Executive Annual Bonus Plans. Dr. Siegall is also eligible to receive additional grants of stock options from time to time in the future as determined by the Board of Directors or the Compensation Committee of the Board of Directors. In the event Dr. Siegall's employment is constructively terminated or terminated by Seattle Genetics without cause, he will be entitled to receive his monthly base salary and benefits for an additional 12 months (or 24 months if he is constructively terminated or terminated by Seattle Genetics without cause within 12 months after a change in control of Seattle Genetics), payable in either a lump-sum payment or in accordance with Seattle Genetics' standard payroll schedule, at Seattle Genetics' discretion, and to stock award vesting acceleration equal to an additional 12 months of vesting, as well as a pro-rated portion of his annual bonus earned up to the date of termination payable in a lump-sum payment. The employment agreement additionally provides that, in the event of a change in control, all of Dr. Siegall's stock awards will become fully vested and, in the case of stock options, exercisable. Such severance benefits are conditioned upon Dr. Siegall's resignation from all positions held by Dr. Siegall and execution of a full release and waiver of claims. Dr. Siegall's employment is for no specified length of time, and either he or Seattle Genetics has the right to terminate his employment at any time with or without cause.

In October 2005, Seattle Genetics entered into an employment agreement with Todd E. Simpson, our current Chief Financial Officer. In December 2008, Mr. Simpson's employment agreement was amended and restated to clarify certain existing provisions in light of final regulations issued under Section 409A of the Internal Revenue Code of 1986. Mr. Simpson's amended and restated employment agreement provides that he

receive an annual base salary, which is currently set at \$476,900 for 2016, and is eligible to receive an annual bonus at a target percentage of his base salary as determined by the Compensation Committee. The employment agreement additionally provided that Mr. Simpson receive a bonus of \$20,000 payable upon commencement of his employment and receive an additional \$25,000 payable upon the six month anniversary of his commencement date. Mr. Simpson also received an option to purchase 250,000 shares of our common stock at fair market value on the date of grant with a four year vesting period, subject to Mr. Simpson's continued employment with Seattle Genetics and the terms of our 1998 Stock Option Plan. If Mr. Simpson's employment is constructively terminated or terminated by Seattle Genetics without cause, Mr. Simpson will be entitled to 12 months of base salary, payable in either a lump-sum payment or in accordance with Seattle Genetics' standard payroll schedule, at Seattle Genetics' discretion, a pro-rated portion of his annual bonus earned up to the date of termination payable in a lump-sum payment, and health benefits continuation. Additionally, in the event Mr. Simpson is constructively terminated or terminated by Seattle Genetics without cause, he will be entitled to receive stock award vesting acceleration equal to 12 months of vesting. The employment agreement additionally provides that in the event Mr. Simpson is involuntarily terminated within 12 months after a change in control of Seattle Genetics, all of Mr. Simpson's stock awards will become fully vested and, in the case of stock options, exercisable. Such severance benefits are conditioned upon Mr. Simpson's resignation from all positions held by Mr. Simpson and execution of a full release and waiver of claims. Mr. Simpson's employment is for no specified length of time, and either he or Seattle Genetics has the right to terminate his employment at any time with or without cause.

In September 2006, Seattle Genetics entered into an employment agreement with Eric L. Dobmeier, our current Chief Operating Officer. In December 2008, Mr. Dobmeier's employment agreement was amended and restated to clarify certain existing provisions in light of final regulations issued under Section 409A of the Internal Revenue Code of 1986. Mr. Dobmeier's amended and restated employment agreement provides that he receive an annual base salary, which is currently set at \$535,615 for 2016, and is eligible to receive an annual bonus at a target percentage of his base salary as determined by the Compensation Committee. The employment agreement additionally provides if Mr. Dobmeier's employment is constructively terminated or terminated by Seattle Genetics without cause, Mr. Dobmeier will be entitled to 12 months of base salary, payable in either a lump-sum payment or in accordance with Seattle Genetics' standard payroll schedule, at Seattle Genetics' discretion, a pro-rated portion of his annual bonus earned up to the date of termination payable in a lump-sum payment, and health benefits continuation. Additionally, in the event Mr. Dobmeier is constructively terminated or terminated by Seattle Genetics without cause, he will be entitled to receive stock award vesting acceleration equal to 12 months of vesting. The employment agreement additionally provides that in the event Mr. Dobmeier is involuntarily terminated within 12 months after a change in control of Seattle Genetics, all of Mr. Dobmeier's stock awards will become fully vested and, in the case of stock options, exercisable. Such severance benefits are conditioned upon Mr. Dobmeier's resignation from all positions held by Mr. Dobmeier and execution of a full release and waiver of claims. Mr. Dobmeier's employment is for no specified length of time, and either he or Seattle Genetics has the right to terminate his employment at any time with or without cause.

In October 2010, Seattle Genetics entered into an employment agreement with Jonathan Drachman, our current Chief Medical Officer. Dr. Drachman's employment agreement provides that he receive an annual base salary, which is currently set at \$512,200 for 2016, and is eligible to receive an annual bonus at a target percentage of his base salary as determined by the Compensation Committee. If Dr. Drachman's employment is constructively terminated or terminated by Seattle Genetics without cause, Dr. Drachman will be entitled to 12 months of base salary, payable in either a lump-sum payment or in accordance with Seattle Genetics' standard payroll schedule, at Seattle Genetics' discretion, a pro-rated portion of his annual bonus earned up to the date of termination payable in a lump-sum payment, and health benefits continuation. Additionally, in the event Dr. Drachman is constructively terminated or terminated by Seattle Genetics without cause, he will be entitled to receive stock award vesting acceleration equal to 12 months of vesting. The employment agreement additionally provides that in the event Dr. Drachman is involuntarily terminated within 12 months after a change in control of Seattle Genetics, all of Dr. Drachman's stock awards will become fully vested and, in the case of stock options, exercisable. Such severance benefits are conditioned upon Dr. Drachman's resignation from all positions held by

Dr. Drachman and execution of a full release and waiver of claims. Dr. Drachman's employment is for no specified length of time, and either he or Seattle Genetics has the right to terminate his employment at any time with or without cause.

In November 2014, Seattle Genetics entered into an employment agreement with Jean Liu. Ms. Liu's employment agreement provides that she receive an annual base salary, which is currently set at \$442,950 for 2016, and is eligible to receive an annual bonus at a target percentage of her base salary as determined by the Compensation Committee. If Ms. Liu's employment is constructively terminated or terminated by Seattle Genetics without cause, Ms. Liu will be entitled to 12 months of base salary, payable in either a lump-sum payment or in accordance with Seattle Genetics' standard payroll schedule, at Seattle Genetics' discretion, a pro-rated portion of her annual bonus earned up to the date of termination payable in a lump-sum payment, and health benefits continuation. Additionally, in the event Ms. Liu is constructively terminated or terminated by Seattle Genetics without cause, she will be entitled to receive stock award vesting acceleration equal to 12 months of vesting. The employment agreement additionally provides that in the event Ms. Liu is involuntarily terminated within 12 months after a change in control of Seattle Genetics, all of Ms. Liu's stock awards will become fully vested and, in the case of stock options, exercisable. Such severance benefits are conditioned upon Ms. Liu's resignation from all positions held by Ms. Liu and execution of a full release and waiver of claims. Ms. Liu's employment is for no specified length of time, and either she or Seattle Genetics has the right to terminate her employment at any time with or without cause.

Other Termination Benefits

Other than as set forth in each Named Executive Officer's employment agreement and except as otherwise provided by applicable law, the Named Executive Officers are generally not entitled to any additional benefits upon a termination or change in control of Seattle Genetics. However, under the 2007 Plan and our Amended and Restated 1998 Stock Option Plan, or 1998 Plan, in the event of a change in control of Seattle Genetics, (i) if the successor corporation does not assume or substitute equivalent awards for all outstanding equity awards granted pursuant to the 2007 Plan or the 1998 Plan, then as of the date of completion of the acquisition or merger, the vesting of such equity awards shall be accelerated in full; and (ii) if outstanding equity awards are assumed or equivalent awards are substituted by the successor corporation and if at the time of, immediately prior to or within twelve months after the effective time of the change of control, an equity awardee's service as an employee or consultant is terminated without cause or due to constructive termination, then the vesting of such substituted equity award shall be accelerated in full. The value of such stock option acceleration in full for each Named Executive Officer, assuming such termination or event was effective as of December 31, 2015, is set forth in the Potential Payments Upon Termination or Change-In-Control table above under the column "Involuntary Termination Within 12 months after a Change in Control".

Under the 2007 Plan, if a Named Executive Officer's service with us is terminated as a result of death or disability, the period of time in which options may be exercised following termination is extended as described in more detail under the heading "Employment Agreements and Arrangements - Discretionary Stock Awards." The terms of the 1998 Plan are substantially similar to the 2007 Plan with respect to the extension of the post-termination exercise period in the case of a termination due to death or disability.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Review of Related Party Transactions

Pursuant to the Audit Committee Charter, the Audit Committee is responsible for the review, oversight and approval of any transaction with an executive officer, director, principal stockholder or any of such persons' immediate family members or affiliates in which the amount involved exceeds \$120,000 or is otherwise required to be disclosed by Seattle Genetics under applicable rules and regulations of the SEC. The Audit Committee will

consider the relevant facts and circumstances available and deemed relevant, including, but not limited to, the risks, costs and benefits to Seattle Genetics, the terms of the transaction, and the availability of other sources for comparable services or products.

Certain Transactions With or Involving Related Persons

Participation in Public Offering and Registration Rights Agreement. Entities affiliated with one of our directors, Felix Baker, and which together are our largest stockholders, purchased an aggregate of 3,338,927 of the shares of common stock offered in our public offering we completed in September 2015 at the public offering price of \$41.00 per share, for an aggregate purchase price of approximately \$136.9 million. In addition, in connection with such offering, we entered into a registration rights agreement with these entities, or the Baker Entities. Under the registration rights agreement, we agreed that, if at any time and from time to time, the Baker Entities demand that we register their shares of our common stock for resale under the Securities Act, we would be obligated to effect such registration. Our registration obligations under this registration rights agreement cover all shares now held or hereafter acquired (including the shares acquired in the September public offering) by the Baker Entities, will continue in effect for up to ten years, and include our obligation to facilitate certain underwritten public offerings of our common stock by the Baker Entities in the future. Under the terms of the registration rights agreement, we are obligated to pay all expenses incurred by us in effecting any registration pursuant to the registration rights agreement as well as up to \$50,000 of reasonable legal expenses of one special counsel for Baker Entities per underwritten public offering effected pursuant to the registration rights agreement. The Audit Committee, in exercise of its review and oversight responsibilities, approved both the entry into the registration rights agreement with the Baker Entities and the September 2015 offering as a result of the participation of related parties in such transactions.

Indemnification Agreements. Seattle Genetics has entered into indemnification agreements with its directors and certain officers for the indemnification of and advancement of expenses to these persons to the fullest extent permitted by law. Seattle Genetics also intends to enter into these agreements with our future directors and certain future officers.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2015 with respect to the shares of our common stock that may be issued under our existing equity compensation plans: our Amended and Restated 2007 Equity Incentive Plan, our Amended and Restated 1998 Stock Option Plan, our 2000 Directors' Stock Option Plan and our Amended and Restated 2000 Employee Stock Purchase Plan.

Plan Category	Number of securities to be issued upon exercise of outstanding options and rights (a)	Weighted average exercise price of outstanding options and rights (\$) (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in Column (a)) (c)

- (1) The number of securities to be issued upon exercise of outstanding options and rights (column (a)) includes shares subject to restricted stock units granted under the 2007 Plan, which restricted stock units do not carry an exercise price. Accordingly, the weighted average exercise price of outstanding options and rights (column(b)) excludes the grant of restricted stock units.
- (2) As indicated in Proposal No. 2, we are asking for approval of an amendment and restatement of our 2007 Plan, or our Amended 2007 Plan, to increase the aggregate number of shares of common stock authorized for issuance thereunder by 6,000,000 shares. As of December 31, 2015, 2,904,800 shares remained available for future issuance under our Amended 2007 Plan. As of March 24, 2016, 2,827,953 shares remained available for purchase under our Amended 2007 Plan.
- (3) The Amended and Restated 1998 Stock Option Plan expired on December 23, 2007.
- (4) The 2000 Directors' Stock Option Plan expired on March 7, 2011.
- (5) As of December 31, 2015, 964,034 shares remained available for future issuance under our Amended and Restated 2000 Employee Stock Purchase Plan, or our ESPP. As of March 24, 2016, 847,388 shares remained available for purchase in the current purchase period under our ESPP.

STOCKHOLDERS SHARING THE SAME ADDRESS

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called householding. Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate copy of the Notice and, if applicable, a separate copy of the annual report and other proxy materials, you may request a separate copy by contacting the bank, broker or other holder of record, by contacting our Investor Relations Department at (425) 527-4000 or by sending a written request to: Jean I. Liu, Corporate Secretary, Seattle Genetics, 21823 30th Drive SE, Bothell, Washington 98021. The voting instructions sent to a street name stockholder should provide information on how to request (1) householding of future Seattle Genetics proxy materials, including Notices, or (2) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact Seattle Genetics as described above.

OTHER MATTERS

The Board of Directors knows of no other business that will be presented to the Annual Meeting. If any other business is properly brought before the Annual Meeting, or with respect to any adjournment or postponement thereof, it is the intention of the proxy holders to vote on such matters in accordance with their best judgment.

It is important that your shares are represented at the Annual Meeting. We urge you to vote your shares via the Internet, over the telephone or, if you received a paper proxy card or voting instruction form by mail, by marking, dating and signing the proxy card or voting instruction form and mailing it promptly in the return envelope provided.

By Order of the Board of Directors,

Jean I. Liu

Corporate Secretary

Bothell, Washington

April 6, 2016

A copy of the Company's Annual Report to the Securities and Exchange Commission on Form 10-K for the fiscal year ended December 31, 2015 is available without charge upon written request to: Jean I. Liu, Corporate Secretary, Seattle Genetics, 21823 30th Drive SE, Bothell, Washington 98021.

(amended and restated by the Board March 4, 2016)

(approved by the Company's stockholders May 20, 2016)

1. Purposes of the Plan.

The purpose of this Plan is to encourage ownership in Seattle Genetics, Inc., a Delaware corporation (the **Company**), by key personnel whose long-term employment or other service relationship with the Company is considered essential to the Company's continued progress and, thereby, encourage recipients to act in the stockholders' interest and share in the Company's success.

2. Definitions.

As used herein, the following definitions shall apply:

(a) **Administrator** means the Board, any Committees or such delegates as shall be administering the Plan in accordance with Section 4 of the Plan.

(b) **Affiliate** means any entity that is directly or indirectly controlled by the Company or any entity in which the Company has a significant ownership interest as determined by the Administrator.

(c) **Applicable Laws** means the requirements relating to the administration of stock option and stock award plans under U.S. federal and state laws, the Code, any stock exchange or quotation system on which the Company has listed or submitted for quotation the Common Stock to the extent provided under the terms of the Company's agreement with such exchange or quotation system and, with respect to Awards subject to the laws of any foreign jurisdiction where Awards are, or will be, granted under the Plan, the laws of such jurisdiction.

(d) **Award** means a Stock Award or Option granted in accordance with the terms of the Plan.

(e) **Awardee** means an Employee, Consultant or Director of the Company or any Affiliate who has been granted an Award under the Plan.

(f) **Award Agreement** means a Stock Award Agreement and/or Option Agreement, which may be in written or electronic format, in such form and with such terms and conditions as may be specified by the Administrator, evidencing the terms and conditions of an individual Award. Each Award Agreement is subject to the terms and conditions of the Plan.

(g) **Board** means the Board of Directors of the Company.

A-1

(h) **Cause** means (i) an action or omission of Awardee which constitutes a willful and intentional material breach of any written agreement or covenant with the Company, including without limitation, Awardee's theft or other misappropriation of the Company's proprietary information; (ii) Awardee's commitment of fraud, embezzlement, misappropriation of funds or breach of trust in connection with Awardee's employment; or (iii) Awardee's conviction of any crime which involves dishonesty or a breach of trust, or gross negligence in connection with the performance of the Awardee's duties. The determination as to whether an Awardee is being terminated for Cause shall be made in good faith by the Company and shall be final and binding on the Awardee. The foregoing definition does not in any way limit the Company's ability to terminate an Awardee's employment or consulting relationship at any time as provided in Section 16 below, and the term "Company" will be interpreted to include any Affiliate or successor thereto, if appropriate.

(i) **Change in Control** means any of the following, unless the Administrator provides otherwise:

i. an acquisition of the Company by another entity by means of any transaction or series of related transactions (including, without limitation, any reorganization, merger or consolidation but excluding any merger effected exclusively for the purpose of changing the domicile of the Company);

ii. a sale of all or substantially all of the assets of the Company, so long as in either i. or ii. above, the Company's stockholders of record immediately prior to such transaction will, immediately after such transaction, hold less than fifty percent (50%) of the voting power of the surviving or acquiring entity; or

iii. any other event specified by the Board or a Committee, regardless of whether at the time an Award is granted or thereafter; provided, however, that no Change in Control (or any analogous term) shall be deemed to occur upon announcement or commencement of a tender offer or upon a potential takeover or upon shareholder approval of a merger or other transaction, in each case without a requirement that the Change in Control actually occur.

(j) **Code** means the United States Internal Revenue Code of 1986, as amended.

(k) **Committee** means the compensation committee of the Board or a committee of Directors appointed by the Board in accordance with Section 4 of the Plan.

(l) **Common Stock** means the common stock of the Company.

(m) **Company** means Seattle Genetics, Inc., a Delaware corporation, or its successor.

(n) **Constructive Termination** means (A) there is a material reduction or change in job duties, responsibilities and requirements inconsistent with Awardee's position with the Company and prior duties, responsibilities and requirements, provided that neither a mere change in title alone nor reassignment to a position that is substantially similar to the position held prior to the change in terms of job duties, responsibilities or requirements shall constitute a material reduction in job responsibilities; or (B) there is a reduction in Awardee's then-current base salary by at least twenty percent (20%), provided that an across-the-board reduction in the salary level of all other employees by the same percentage amount as part of a general salary level reduction shall not constitute such a salary reduction; or (C) Awardee refuses to relocate to a facility or location more than fifty (50) miles from the Company's current location.

(o) **Consultant** means any person engaged by the Company or any Affiliate to render services to such entity as an advisor or consultant.

(p) **Conversion Award** has the meaning set forth in Section 4(b)(xiii) of the Plan.

(q) **Director** means a member of the Board.

(r) **Employee** means a regular, active employee of the Company or any Affiliate, including an Officer and/or Inside Director. Within the limitations of Applicable Law, the Administrator shall have the discretion to determine the effect upon an Award and upon an individual's status as an Employee in the case of (i) any individual who is classified by the Company or its Affiliate as leased from or otherwise employed by a third party or as intermittent or temporary, even if any such classification is changed retroactively as a result of an audit, litigation or otherwise, (ii) any leave of absence approved by the Company or an Affiliate, (iii) any transfer between locations of employment with the Company or an Affiliate or between the Company and any Affiliate or between any Affiliates, (iv) any change in the Awardee's status from an Employee to a Consultant or Director, and (v) at the request of the Company or an Affiliate an Employee becomes employed by any partnership, joint venture or corporation not meeting the requirements of an Affiliate in which the Company or an Affiliate is a party.

(s) **Exchange Act** means the Securities Exchange Act of 1934, as amended.

(t) **Fair Market Value** of a Share on any given date means, unless otherwise required by Applicable Law, the fair market value of such Share as determined in good faith by the Administrator either through application of any reasonable valuation method or, in the absence of any method established under law, in practice or otherwise to be reasonable, then pursuant to the Administrator's good faith conclusion that its valuation determination is reasonable; provided that, to the extent possible, such value shall be determined with reference to the closing price of the Company's Common Stock as quoted on the applicable date on Nasdaq or the exchange or market with the greatest volume of trading in the Common Stock as of the applicable date, or if the Shares were not trading on such date, then the closing bid on the applicable date. The Administrator may make a good faith determination that it is reasonable to use one valuation method with respect one type of transaction arising under the Plan and a different valuation method with respect to another type of Plan transaction, provided that in each case the Administrator concludes that application of the particular method results in the most accurate measure of fair market value with respect thereto.

(u) **Grant Date** means, for all purposes, the date on which the Administrator makes the determination granting an Award, or such other date as is determined by the Administrator, provided that in the case of any Incentive Stock Option, the grant date shall be the later of the date on which the Administrator makes the determination granting such Incentive Stock Option or the date of commencement of the Awardee's employment relationship with the Company.

(v) **Incentive Stock Option** means an Option intended to qualify as an incentive stock option within the meaning of Section 422 of the Code and the regulations promulgated thereunder.

(w) **Inside Director** means a Director who is an Employee.

(x) **Nasdaq** means the Nasdaq Global Market or its successor.

(y) **Nonstatutory Stock Option** means an Option not intended to qualify as an Incentive Stock Option.

(z) **Officer** means a person who is an officer of the Company within the meaning of Section 16 of the Exchange Act and the rules and regulations promulgated thereunder.

(aa) **Option** means a right granted under Section 8 to purchase a number of Shares at such exercise price, at such times, and on such other terms and conditions as are specified in the agreement or other documents evidencing the Option (the **Option Agreement**). Both Options intended to qualify as Incentive Stock Options and Nonstatutory Stock Options may be granted under the Plan.

(bb) **Outside Director** means a Director who is not an Employee.

(cc) **Participant** means the Awardee or any person (including any estate) to whom an Award has been assigned or transferred as permitted hereunder.

(dd) **Plan** means this Seattle Genetics, Inc. Amended and Restated 2007 Equity Incentive Plan.

(ee) **Qualifying Performance Criteria** shall have the meaning set forth in Section 12(b) of the Plan.

(ff) **Share** means a share of the Common Stock, as adjusted in accordance with Section 13 of the Plan.

(gg) **Stock Appreciation Right** means a right to receive cash and/or shares of Common Stock based on a change in the Fair Market Value of a specific number of shares of Common Stock between the Grant Date and the exercise date granted under Section 11.

(hh) **Stock Award** means an award or issuance of Shares, Stock Units, Stock Appreciation Rights or other similar awards made under Section 11 of the Plan, the grant, issuance, retention, vesting, settlement and/or transferability of which is subject during specified periods of time to such conditions (including continued employment or performance conditions) and terms as are expressed in the agreement or other documents evidencing the Award (the **Stock Award Agreement**).

(ii) **Stock Unit** means a bookkeeping entry representing an amount equivalent to the Fair Market Value of one Share (or a fraction or multiple of such value), payable in cash, property or Shares. Stock Units represent an unfunded and unsecured obligation of the Company, except as otherwise provided for by the Administrator.

(jj) **Subsidiary** means any company (other than the Company) in an unbroken chain of companies beginning with the Company, provided each company in the unbroken chain (other than the Company) owns, at the time of determination, stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other companies in such chain.

(kk) **Termination of Employment** shall mean ceasing to be an Employee, Consultant or Director, as determined in the sole discretion of the Administrator. However, for Incentive Stock Option purposes, Termination of Employment will occur when the Awardee ceases to be an employee (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder) of the Company or one of its Subsidiaries. The Administrator shall determine whether any corporate transaction, such as a sale or spin-off of a division or business unit, or a joint venture, shall be deemed to result in a Termination of Employment.

(ll) **Total and Permanent Disability** shall have the meaning set forth in Section 22(e)(3) of the Code.

3. Stock Subject to the Plan.

(a) *Aggregate Limits.* Subject to the provisions of Section 13 of the Plan, the maximum aggregate number of Shares that may be sold or issued pursuant to Awards granted under the Plan is 27,000,000 Shares.

Shares subject to Awards granted under the Plan that are cancelled, expire or are forfeited (including without limitation, any such Shares having been issued under the Award to the Participant) shall be available for re-grant under the Plan. If an Awardee pays the exercise or purchase price of an Award granted

under the Plan through the tender of Shares, or if Shares are tendered or withheld to satisfy any Company withholding obligations, the number of Shares so tendered or withheld shall become available for re-issuance thereafter under the Plan. The Shares subject to the Plan may be either Shares reacquired by the Company, including Shares purchased in the open market, or authorized but unissued Shares.

(b) *Code Section 162(m) Share Limits.* Subject to the provisions of Section 13 of the Plan, the aggregate number of Shares subject to Awards granted under this Plan during any calendar year to any one Awardee shall not exceed 1,000,000. Notwithstanding anything to the contrary in the Plan, the limitation set forth in this Section 3(b) shall be subject to adjustment under Section 13(a) of the Plan only to the extent that such adjustment will not affect the status of any Award intended to qualify as performance based compensation under Code Section 162(m).

4. Administration of the Plan.

(a) *Procedure.*

i. *Multiple Administrative Bodies.* The Plan shall be administered by the Board, a Committee and/or their delegates.

ii. *Section 162.* To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, Awards to covered employees within the meaning of Section 162(m) of the Code or Employees that the Committee determines may be covered employees in the future shall be made by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code.

iii. *Rule 16b-3.* To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3 promulgated under the Exchange Act (Rule 16b-3), Awards to Officers and Directors shall be made by the entire Board or a Committee of two or more non-employee directors within the meaning of Rule 16b-3.

iv. *Other Administration.* The Board or a Committee may delegate to an authorized officer or officers of the Company the power to approve Awards to persons eligible to receive Awards under the Plan who are not (A) subject to Section 16 of the Exchange Act or (B) at the time of such approval, covered employees under Section 162(m) of the Code or (C) any other executive officer.

v. *Delegation of Authority for the Day-to-Day Administration of the Plan.* Except to the extent prohibited by Applicable Law, the Administrator may delegate to one or more individuals the day-to-day administration of the Plan and any of the functions assigned to it in this Plan. Such delegation may be revoked at any time.

vi. *Nasdaq.* The Plan will be administered in a manner that complies with any applicable Nasdaq or stock exchange listing requirements.

(b) *Powers of the Administrator.* Subject to the provisions of the Plan and, in the case of a Committee or delegates acting as the Administrator, subject to the specific duties delegated to such Committee or delegates, the Administrator shall have the authority, in its discretion:

i. to select the Employees, Consultants and Directors of the Company or its Affiliates to whom Awards are to be granted hereunder;

ii. to determine the number of shares of Common Stock or amount of cash to be covered by each Award granted hereunder;

- iii. to determine the type of Award to be granted to the selected Employees, Consultants and Directors;
- iv. to approve forms of Award Agreements for use under the Plan;
- v. to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise and/or purchase price (if applicable), the time or times when an Award may be exercised (which may or may not be based on performance criteria), the vesting schedule, any vesting and/or exercisability acceleration or waiver of forfeiture restrictions, the acceptable forms of consideration, the term, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine and may be established at the time an Award is granted or thereafter;
- vi. to determine whether and under what circumstances an Option may be settled in cash under Section 8(h) instead of Common Stock;
- vii. to correct administrative errors;
- viii. to construe and interpret the terms of the Plan (including sub-plans and Plan addenda) and Awards granted pursuant to the Plan;
- ix. to adopt rules and procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Administrator is specifically authorized (A) to adopt the rules and procedures regarding the conversion of local currency, withholding procedures and handling of stock certificates which vary with local requirements and (B) to adopt sub-plans and Plan addenda as the Administrator deems desirable, to accommodate foreign laws, regulations and practice;
- x. to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans and Plan addenda;
- xi. to modify or amend each Award, including, but not limited to, the acceleration of vesting and/or exercisability, provided, however, that any such amendment is subject to Section 14 of the Plan and except as set forth in that Section, may not impair any outstanding Award unless agreed to in writing by the Participant;
- xii. to allow Participants to satisfy withholding tax amounts by electing to have the Company withhold from the Shares to be issued upon exercise of an Option or vesting of a Stock Award that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined in such manner and on such date that the Administrator shall determine or, in the absence of provision otherwise, on the date that the amount of tax to be withheld is to be determined. All elections by a Participant to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may provide;
- xiii. to authorize conversion or substitution under the Plan of any or all stock options, stock appreciation rights or other stock awards held by service providers of an entity acquired by the Company (the **Conversion Awards**). Any conversion or substitution shall be effective as of the close of the merger, acquisition or other transaction. The Conversion Awards may be Nonstatutory Stock Options or Incentive Stock Options, as determined by the Administrator, with respect to options granted by the acquired entity; provided, however, that with respect to the conversion of stock appreciation rights in the acquired entity, the Conversion Awards shall be Nonstatutory Stock Options.

Unless otherwise determined by the Administrator at the time of conversion or substitution, all Conversion Awards shall have the same terms and conditions as Awards generally granted by the Company under the Plan;

xiv. to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

xv. to impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by the Participant of any Shares issued as a result of or under an Award, including without limitation,
(A) restrictions under an insider trading policy or under any other Company policy relating to Company stock and stock ownership and
(B) restrictions as to the use of a specified brokerage firm for such resales or other transfers;

xvi. to provide, either at the time an Award is granted or by subsequent action, that an Award shall contain as a term thereof, a right, either in tandem with the other rights under the Award or as an alternative thereto, of the Participant to receive, without payment to the Company, a number of Shares, cash or a combination thereof, the amount of which is determined by reference to the value of the Award; and

xvii. to make all other determinations deemed necessary or advisable for administering the Plan and any Award granted hereunder.

(c) *Effect of Administrator's Decision.* All decisions, determinations and interpretations by the Administrator regarding the Plan, any rules and regulations under the Plan and the terms and conditions of any Award granted hereunder, shall be final and binding on all Participants and on all other persons. The Administrator shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any officer or other employee of the Company and such attorneys, consultants and accountants as it may select.

5. Eligibility.

Awards may be granted to Employees, Consultants and Directors of the Company or any of its Affiliates; provided that Incentive Stock Options may be granted only to Employees of the Company or of a Subsidiary of the Company.

6. Term of Plan.

The Plan originally became effective on December 23, 2007. It shall continue in effect for a term of ten (10) years from the latest date that the stockholders of the Company approve any amendment to add shares to the Plan, unless terminated earlier under Section 14 of the Plan.

7. Term of Award.

The term of each Award shall be determined by the Administrator and stated in the Award Agreement. In the case of an Option, the term shall be ten (10) years from the Grant Date or such shorter term as may be provided in the Award Agreement; provided that an Incentive Stock Option granted to an Employee who on the Grant Date owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Subsidiary shall have a term of no more than five (5) years from the Grant Date.

8. Options.

The Administrator may grant an Option or provide for the grant of an Option, either from time to time in the discretion of the Administrator or automatically upon the occurrence of specified events, including, without limitation, the achievement of performance goals, the satisfaction of an event or condition within the control of the Awardee or within the control of others.

(a) *Option Agreement.* Each Option Agreement shall contain provisions regarding (i) the number of Shares that may be issued upon exercise of the Option, (ii) the type of Option, (iii) the exercise price of the Shares and the means of payment for the Shares, (iv) the term of the Option, (v) such terms and conditions on the vesting and/or exercisability of an Option as may be determined from time to time by the Administrator, (vi) restrictions on the transfer of the Option or the Shares issued upon exercise of the Option and forfeiture provisions on either and (vii) such further terms and conditions, in each case not inconsistent with this Plan as may be determined from time to time by the Administrator.

(b) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

i. In the case of an Incentive Stock Option, the per Share exercise price shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the Grant Date; provided however, that in the case of an Incentive Stock Option granted to an Employee who on the Grant Date owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Subsidiary, the per Share exercise price shall be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the Grant Date.

ii. In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the Grant Date.

iii. Notwithstanding the foregoing, at the Administrator's discretion, Conversion Awards may be granted in substitution and/or conversion of options of an acquired entity, with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of such substitution and/or conversion.

(c) *No Option Repricings.* Other than in connection with a change in the Company's capitalization (as described in Section 14(a) of the Plan), the exercise or strike price of an Option or Stock Appreciation Right may not be reduced without stockholder approval. Additionally, the Administrator will not have the authority to cancel any outstanding Option or Stock Appreciation Right that has an exercise price or strike price greater than the current Fair Market Value of the Common Stock in exchange for cash or other Awards under the Plan, unless the stockholders of the Company have approved such an action within twelve months prior to such an event.

(d) *Vesting Period and Exercise Dates.* Options granted under this Plan shall vest and/or be exercisable at such time and in such installments during the period prior to the expiration of the Option's term as determined by the Administrator. The Administrator shall have the right to make the timing of the ability to exercise any Option granted under this Plan subject to continued employment, the passage of time and/or such performance requirements as deemed appropriate by the Administrator. At any time after the grant of an Option, the Administrator may reduce or eliminate any restrictions surrounding any Participant's right to exercise all or part of the Option.

(e) *Form of Consideration.* The Participant may pay the exercise price of an Option using any of the following forms of consideration, unless the Administrator determines not to permit such form of consideration at any time including at the time of exercise:

i. cash;

- ii. check or wire transfer (denominated in U.S. Dollars);
- iii. subject to the Company's discretion to refuse for any reason and at any time to accept such consideration and subject to any conditions or limitations established by the Administrator, other Shares held by the Participant which have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;
- iv. consideration received by the Company under a broker-assisted sale and remittance program acceptable to the Administrator;
- v. cashless net exercise arrangement pursuant to which the Company will reduce the number of Shares issued upon exercise by the largest whole number of Shares having an aggregate Fair Market Value that does not exceed the aggregate exercise price; provided that the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the exercise price not satisfied by such reduction in the number of whole Shares to be issued; and also provided that Shares will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (A) Shares are withheld to pay the exercise price pursuant to a net exercise, and (B) the remaining number of whole Shares are delivered to the Participant as a result of such exercise;
- vi. such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws; or
- vii. any combination of the foregoing methods of payment.

(f) Effect of Termination on Options

- i. *Generally.* Unless otherwise provided for by the Administrator, upon an Awardee's Termination of Employment other than as a result of circumstances described in Sections 8(f)(ii) and (iii) below, any outstanding Option granted to such Awardee, whether vested or unvested, to the extent not theretofore exercised, shall terminate immediately upon the Awardee's Termination of Employment; provided, however, that the Administrator may in the Option Agreement specify a period of time (but not beyond the expiration date of the Option) following Termination of Employment during which the Awardee may exercise the Option as to Shares that were vested and exercisable as of the date of Termination of Employment. To the extent such a period following Termination of Employment is specified, the Option shall automatically terminate at the end of such period to the extent the Awardee has not exercised it within such period.
- ii. *Disability of Awardee.* Unless otherwise provided for by the Administrator, upon an Awardee's Termination of Employment as a result of the Awardee's disability, including Total and Permanent Disability, all outstanding Options granted to such Awardee that were vested and exercisable as of the date of the Awardee's Termination of Employment may be exercised by the Awardee until (A) twelve (12) months following Awardee's Termination of Employment as a result of Awardee's disability, including Total and Permanent Disability or (B) the expiration of the term of such Option. If the Participant does not exercise such Option within the time specified, the Option (to the extent not exercised) shall automatically terminate.
- iii. *Death of Awardee.* Unless otherwise provided for by the Administrator, upon an Awardee's Termination of Employment as a result of the Awardee's death or in the event of the death of an Awardee within thirty (30) days following an Awardee's Termination of Employment, all outstanding Options granted to such Awardee that were vested and exercisable as of the date of the Awardee's death, or if earlier the date of Termination of Employment, may be exercised until the earlier of (A) six (6) months following the Awardee's death or (B) the expiration of the term of such Option. If an

Option is held by the Awardee when he or she dies, such Option may be exercised, to the extent the Option is vested and exercisable, by the beneficiary designated by the Awardee (as provided in Section 15 of the Plan), the executor or administrator of the Awardee's estate or, if none, by the person(s) entitled to exercise the Option under the Awardee's will or the laws of descent or distribution; provided that the Company need not accept exercise of an Option by such beneficiary, executor or administrator unless the Company has satisfactory evidence of such person's authority to act as such. If the Option is not so exercised within the time specified, such Option (to the extent not exercised) shall automatically terminate.

iv. *Termination for Cause.* The Administrator has the authority to cause all outstanding Options held by an Awardee to terminate immediately in their entirety upon first notification to the Awardee of the Awardee's Termination of Employment for Cause. If an Awardee's employment or consulting relationship with the Company is suspended pending an investigation of whether the Awardee shall be terminated for Cause, the Administrator has the authority to cause all the Awardee's rights under all outstanding Options to be suspended during the investigation period in which event the Awardee shall have no right to exercise any outstanding Options.

v. *Other Terminations of Employment.* The Administrator may provide in the applicable Option Agreement for different treatment of Options upon Termination of Employment of the Awardee than that specified above.

vi. *Extension of Exercise Period.* The Administrator shall have full power and authority to extend the period of time for which an Option is to remain exercisable following an Awardee's Termination of Employment from the periods set forth in Sections 8(f)(ii) and (iii) above or in the Option Agreement to such greater time as the Board shall deem appropriate, provided that in no event shall such Option be exercisable later than the date of expiration of the term of such Option as set forth in the Option Agreement.

(g) *Leave of Absence.* The Administrator shall have the discretion to determine whether and to what extent the vesting of Options shall be tolled during any unpaid leave of absence; provided, however, that in the absence of such determination, vesting of Options shall be tolled during any leave that is not a leave required to be provided to the Awardee under Applicable Law. In the event of military leave, vesting shall toll during any unpaid portion of such leave, provided that, upon an Awardee's returning from military leave (under conditions that would entitle him or her to protection upon such return under the Uniform Services Employment and Reemployment Rights Act), he or she shall be given vesting credit with respect to Options to the same extent as would have applied had the Awardee continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave.

(h) *Buyout Provisions.* The Administrator may at any time offer to buy out for a payment in cash or Shares, an Option previously granted, based on such terms and conditions as the Administrator shall establish and communicate to the Awardee at the time that such offer is made.

9. Incentive Stock Option Limitations/Terms.

(a) *Eligibility.* Only employees (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder) of the Company or any of its Subsidiaries may be granted Incentive Stock Options.

(b) *\$100,000 Limitation.* Notwithstanding the designation "Incentive Stock Option" in an Option Agreement, if and to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Awardee during any calendar year (under all plans of the Company and any of its Subsidiaries) exceeds U.S. \$100,000, such Options shall be treated as

Nonstatutory Stock Options. For purposes of this Section 9(b), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the Grant Date.

(c) *Transferability.* An Incentive Stock Option may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner by the Awardee otherwise than by will or the laws of descent and distribution, and, during the lifetime of such Awardee, may only be exercised by the Awardee. If the terms of an Incentive Stock Option are amended to permit transferability, the Option will be treated for tax purposes as a Nonstatutory Stock Option. The designation of a beneficiary by an Awardee will not constitute a transfer.

(d) *Exercise Price.* The per Share exercise price of an Incentive Stock Option shall be determined by the Administrator in accordance with Section 8(b)(i) of the Plan.

(e) *Other Terms.* Option Agreements evidencing Incentive Stock Options shall contain such other terms and conditions as may be necessary to qualify, to the extent determined desirable by the Administrator, with the applicable provisions of Section 422 of the Code.

10. Exercise of Option.

(a) *Procedure for Exercise.*

i. Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the respective Option Agreement.

ii. An Option shall be deemed exercised when the Company receives (A) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option; (B) full payment for the Shares with respect to which the related Option is exercised; and (C) payment of all applicable withholding taxes.

iii. An Option may not be exercised for a fraction of a Share.

(b) *Rights as a Stockholder.* The Company shall issue (or cause to be issued) such Shares as administratively practicable after the Option is exercised. Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Unless provided otherwise by the Administrator or pursuant to this Plan, until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option.

11. Stock Awards.

(a) *Stock Award Agreement.* Each Stock Award Agreement shall contain provisions regarding (i) the number of Shares subject to such Stock Award or a formula for determining such number, (ii) the purchase price of the Shares, if any, and the means of payment for the Shares, (iii) the performance criteria (including Qualifying Performance Criteria), if any, and level of achievement versus these criteria that shall determine the number of Shares granted, issued, retainable and/or vested, (iv) such terms and conditions on the grant, issuance, vesting, settlement and/or forfeiture of the Shares as may be determined from time to time by the Administrator, (v) restrictions on the transferability of the Stock Award and (vi) such further terms and conditions in each case not inconsistent with this Plan as may be determined from time to time by the Administrator; provided, however, that each Stock Award must have a minimum vesting period of one (1) year from the Grant Date.

(b) *Restrictions and Performance Criteria.* The grant, issuance, retention, vesting and/or settlement of each Stock Award or the Shares subject thereto may be subject to such performance criteria (including Qualifying Performance Criteria) and level of achievement versus these criteria as the Administrator shall determine, which criteria may be based on financial performance, personal performance evaluations and/or completion of service by the Awardee. Unless otherwise permitted in compliance with the requirements of Code Section 162(m) with respect to an Award intended to comply as performance-based compensation thereunder, the Committee shall establish the Qualifying Performance Criteria applicable to, and the formula for calculating the amount payable under, the Award no later than the earlier of (a) the date ninety (90) days after the commencement of the applicable performance period, or (b) the date on which 25% of the performance period has elapsed, and in any event at a time when the achievement of the applicable Qualifying Performance Criteria remains substantially uncertain.

(c) *Forfeiture.* Unless otherwise provided for by the Administrator, upon the Awardee's Termination of Employment, the Stock Award and the Shares subject thereto shall be forfeited, provided that to the extent that the Participant purchased or earned any Shares, the Company shall have a right to repurchase the unvested Shares at such price and on such terms and conditions as the Administrator determines.

(d) *Rights as a Stockholder.* Unless otherwise provided by the Administrator in the Award Agreement, the Participant shall have the rights equivalent to those of a stockholder and shall be a stockholder only after Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) to the Participant. Unless otherwise provided by the Administrator, a Participant holding Stock Units shall not be entitled to receive dividend payments or any credit therefore as if he or she was an actual stockholder.

(e) *Stock Appreciation Rights.*

i. *General.* Stock Appreciation Rights may be granted either alone, in addition to, or in tandem with other Awards granted under the Plan. The Board may grant Stock Appreciation Rights to eligible Participants subject to terms and conditions not inconsistent with this Plan and determined by the Board. The specific terms and conditions applicable to the Participant shall be provided for in the Stock Award Agreement. Stock Appreciation Rights shall be exercisable, in whole or in part, at such times as the Board shall specify in the Stock Award Agreement.

ii. *Exercise of Stock Appreciation Right.* Upon the exercise of a Stock Appreciation Right, in whole or in part, the Participant shall be entitled to a payment in an amount equal to the excess of the Fair Market Value on the date of exercise of a fixed number of Shares covered by the exercised portion of the Stock Appreciation Right, over the Fair Market Value on the Grant Date of the Shares covered by the exercised portion of the Stock Appreciation Right (or such other amount calculated with respect to Shares subject to the Award as the Board may determine). The amount due to the Participant upon the exercise of a Stock Appreciation Right shall be paid in such form of consideration as determined by the Board and may be in cash, Shares or a combination thereof, over the period or periods specified in the Stock Award Agreement. A Stock Award Agreement may place limits on the amount that may be paid over any specified period or periods upon the exercise of a Stock Appreciation Right, on an aggregate basis or as to any Participant. A Stock Appreciation Right shall be considered exercised when the Company receives written notice of exercise in accordance with the terms of the Stock Award Agreement from the person entitled to exercise the Stock Appreciation Right.

iii. *Nonassignability of Stock Appreciation Rights.* Except as determined by the Administrator, no Stock Appreciation Right shall be assignable or otherwise transferable by the Participant except by will or by the laws of descent and distribution.

12. Other Provisions Applicable to Awards.

(a) *Non-Transferability of Awards.* Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by beneficiary designation, will or by the laws of descent or distribution. Subject to Section 9(c), the Administrator may in its discretion make an Award transferable to an Awardee's family member or any other person or entity as it deems appropriate. If the Administrator makes an Award transferable, either at the time of grant or thereafter, such Award shall contain such additional terms and conditions as the Administrator deems appropriate, and any transferee shall be deemed to be bound by such terms upon acceptance of such transfer.

(b) *Qualifying Performance Criteria.* For purposes of this Plan, the term **Qualifying Performance Criteria** shall mean any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, Affiliate or business segment, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator in the Award: (i) cash flow; (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average stockholders' equity; (vii) total stockholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) revenue; (xii) income or net income; (xiii) operating income or net operating income, in aggregate or per share; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) market share; (xviii) growth in stockholder value relative to the moving average of a peer group index; (xix) strategic plan development and implementation (including individual performance objectives that relate to achievement of the Company's or any business unit's strategic plan); (xx) improvement in workforce diversity; (xxi) growth of revenue, operating income or net income; (xxii) approval by the U.S. Food and Drug Administration or other regulatory body of a product candidate; and (xxiii) any other similar criteria. The Committee may appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to exclude any of the following events that occurs during a performance period: (A) asset write-downs; (B) litigation or claim judgments or settlements; (C) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (D) accruals for reorganization and restructuring programs and/or other nonrecurring charges; and (E) any gains or losses that are unusual in nature or occur infrequently under generally accepted accounting principles or discontinued operations in the Company's financial statements.

(c) *Certification.* Prior to the payment of any compensation under an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall certify the extent to which any Qualifying Performance Criteria and any other material terms under such Award have been satisfied (other than in cases where such relate solely to the increase in the value of the Common Stock).

(d) *Discretionary Adjustments Pursuant to Section 162(m).* Notwithstanding satisfaction of any completion of any Qualifying Performance Criteria, to the extent specified at the time of grant of an Award to covered employees within the meaning of Section 162(m) of the Code, the number of Shares, Options or other benefits granted, issued, retainable and/or vested under an Award on account of satisfaction of such Qualifying Performance Criteria may be reduced by the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

(e) *Compliance with Section 409A.* Notwithstanding anything to the contrary contained herein, to the extent that the Administrator determines that any Award granted under the Plan is subject to Code Section 409A and unless otherwise specified in the applicable Award Agreement, the Award Agreement

evidencing such Award shall incorporate the terms and conditions necessary for such Award to avoid the consequences described in Code Section 409A(a)(1), and to the maximum extent permitted under Applicable Law (and unless otherwise stated in the applicable Award Agreement), the Plan and the Award Agreements shall be interpreted in a manner that results in their conforming to the requirements of Code Section 409A(a)(2), (3) and (4) and any Department of Treasury or Internal Revenue Service regulations or other interpretive guidance issued under Section 409A (whenever issued, the **Guidance**). Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement provides otherwise, with specific reference to this sentence), to the extent that a Participant holding an Award that constitutes deferred compensation under Section 409A and the Guidance is a specified employee (also as defined thereunder), no distribution or payment of any amount shall be made before a date that is six (6) months following the date of such Participant's separation from service (as defined in Section 409A and the Guidance) or, if earlier, the date of the Participant's death.

(f) *Deferral of Award Benefits.* The Administrator may in its discretion and upon such terms and conditions as it determines appropriate permit one or more Participants whom it selects to (a) defer compensation payable pursuant to the terms of an Award, or (b) defer compensation arising outside the terms of this Plan pursuant to a program that provides for deferred payment in satisfaction of such other compensation amounts through the issuance of one or more Awards. Any such deferral arrangement shall be evidenced by an Award Agreement in such form as the Administrator shall from time to time establish, and no such deferral arrangement shall be a valid and binding obligation unless evidenced by a fully executed Award Agreement, the form of which the Administrator has approved, including through the Administrator's establishing a written program (the **Program**) under this Plan to govern the form of Award Agreements participating in such Program. Any such Award Agreement or Program shall specify the treatment of dividends or dividend equivalent rights (if any) that apply to Awards governed thereby, and shall further provide that any elections governing payment of amounts pursuant to such Program shall be in writing, shall be delivered to the Company or its agent in a form and manner that complies with Code Section 409A and the Guidance, and shall specify the amount to be distributed in settlement of the deferral arrangement, as well as the time and form of such distribution in a manner that complies with Code Section 409A and the Guidance.

13. Adjustments upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, (i) the number and kind of Shares covered by each outstanding Award, (ii) the exercise or purchase (including repurchase) price per Share subject to each such outstanding Award and (iii) each of the Share limitations set forth in Section 3 of the Plan, shall be proportionately adjusted for any increase or decrease in the number or kind of issued shares resulting from a stock split, reverse stock split, stock dividend, spin-off, combination or reclassification of the Common Stock, or any other similar increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Award.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent an Award has not been previously exercised or the Shares subject thereto issued to the Awardee and unless otherwise determined by the Administrator, an Award will terminate immediately prior to the consummation of the transaction. In addition, the Administrator may provide that any Company repurchase option or forfeiture applicable to any Shares purchased upon exercise

of an Option or covered by a Stock Award shall lapse as to all such Shares, provided the proposed liquidation or dissolution takes place at the time and in the matter contemplated.

(c) *Change in Control.* In the event there is a Change in Control of the Company, as determined by the Board or a Committee, the Board or Committee may, in its discretion, (i) provide for the assumption or substitution of, or adjustment (including to the number and type of Shares and exercise or purchase price applicable) to, each outstanding Award; (ii) accelerate the vesting of Options and terminate any restrictions on Stock Awards and/or (iii) provide for termination of Awards as a result of the Change in Control on such terms and conditions as it deems appropriate, including providing for the cancellation of Awards for a cash or other payment to the Participant.

For purposes of this Section 13(c), an Award shall be considered assumed, without limitation, if, at the time of issuance of the stock or other consideration upon a Change in Control, as the case may be, each holder of an Award would be entitled to receive upon exercise of the Award the same number and kind of shares of stock or the same amount of property, cash or securities as such holder would have been entitled to receive upon the occurrence of the transaction if the holder had been, immediately prior to such transaction, the holder of the number of Shares covered by the Award at such time (after giving effect to any adjustments in the number of Shares covered by the Award as provided for in Section 13(a)); provided that if such consideration received in the transaction is not solely common stock of the successor corporation, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the Award to be solely common stock of the successor corporation equal to the Fair Market Value of the per Share consideration received by holders of Common Stock in the transaction.

In the event of a Change in Control, and if an Awardee's Awards are not assumed by the successor corporation or its parent or subsidiary and such successor does not substitute equivalent options or awards for those outstanding under the Plan and the Awardee has not experienced a Termination of Employment without Cause as of, or has experienced a Termination of Employment without Cause immediately prior to, the effective time of the Change in Control, then such Awards shall become fully vested and exercisable and/or payable as applicable, and all forfeiture or repurchase restrictions on such Awards shall lapse immediately prior to the effective time of the Change in Control. Upon, or in anticipation of, such Change in Control, the Administrator may cause any and all Awards outstanding under the Plan to terminate at a specific time in the future and shall give each Awardee the right to exercise such Awards during a period of time as the Administrator, in its sole and absolute discretion, shall determine. The Administrator shall have sole discretion to determine whether an Award has been assumed by the successor corporation or its parent or subsidiary or whether such successor has substituted equivalent awards for those outstanding under the Plan in connection with a Change in Control subject to the preceding paragraph.

In the event of a Change in Control, if outstanding Awards are assumed or equivalent awards are substituted by the successor corporation or a parent or subsidiary of such successor corporation, and if at the time of, immediately prior to or within twelve (12) months after, the effective time of such Change in Control, an Awardee experiences a Termination of Employment without Cause or as a result of a Constructive Termination, then, as of the date of Awardee's Termination of Employment, the vesting and exercisability of any assumed Option, or any option substituted for an Option by the successor corporation or a parent or subsidiary of such successor corporation, held by Awardee at the time of termination, and the lapse of any forfeiture or repurchase restrictions with respect to any assumed Stock Award, or any stock award substituted for a Stock Award by the successor corporation or a parent or subsidiary of such successor corporation, held by Awardee at the time of termination, shall be accelerated in full.

14. Amendment and Termination of the Plan.

(a) *Amendment and Termination.* The Administrator may amend, alter or discontinue the Plan or any Award Agreement, but any such amendment shall be subject to approval of the stockholders of the

Company in the manner and to the extent required by Applicable Law. To the extent required to comply with Section 162(m), the Company shall seek re-approval of the Plan from time to time by the stockholders. In addition, without limiting the foregoing, unless approved by the stockholders of the Company, no such amendment shall be made that would:

- i. increase the maximum number of Shares for which Awards may be granted under the Plan, other than an increase pursuant to Section 13 of the Plan;
- ii. reduce the minimum exercise prices at which Options may be granted under the Plan (as set forth in Section 8(b));
- iii. result in a repricing of Options or Stock Appreciation Rights; or
- iv. change the class of persons eligible to receive Awards under the Plan.

(b) *Effect of Amendment or Termination.* No amendment, suspension or termination of the Plan shall impair the rights of any Award, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company; provided further that the Administrator may amend an outstanding Award in order to conform it to the Administrator's intent (in its sole discretion) that such Award not be subject to Code Section 409A(a)(1). Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

(c) *Effect of the Plan on Other Arrangements.* Neither the adoption of the Plan by the Board or a Committee nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or any Committee to adopt such other incentive arrangements as it or they may deem desirable, including without limitation, the granting of restricted stock or stock options otherwise than under the Plan, and such arrangements may be either generally applicable or applicable only in specific cases. The value of Awards granted pursuant to the Plan will not be included as compensation, earnings, salaries or other similar terms used when calculating an Awardee's benefits under any employee benefit plan sponsored by the Company or any Subsidiary except as such plan otherwise expressly provides.

15. Designation of Beneficiary.

(a) An Awardee may file a written designation of a beneficiary who is to receive the Awardee's rights pursuant to Awardee's Award or the Awardee may include his or her Awards in an omnibus beneficiary designation for all benefits under the Plan. To the extent that Awardee has completed a designation of beneficiary while employed with the Company, such beneficiary designation shall remain in effect with respect to any Award hereunder until changed by the Awardee to the extent enforceable under Applicable Law.

(b) Such designation of beneficiary may be changed by the Awardee at any time by written notice. In the event of the death of an Awardee and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Awardee's death, the Company shall allow the executor or administrator of the estate of the Awardee to exercise the Award, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may allow the spouse or one or more dependents or relatives of the Awardee to exercise the Award to the extent permissible under Applicable Law or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. No Right to Awards or to Employment.

No person shall have any claim or right to be granted an Award and the grant of any Award shall not be construed as giving an Awardee the right to continue in the employ of the Company or its Affiliates. Further, the Company and its Affiliates expressly reserve the right, at any time, to dismiss any Employee, Consultant or Awardee at any time without liability or any claim under the Plan, except as provided herein or in any Award Agreement entered into hereunder.

17. Legal Compliance.

Shares shall not be issued pursuant to the exercise of an Option or Stock Award unless the exercise of such Option or Stock Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

18. Reservation of Shares.

The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

19. Notice.

Any written notice to the Company required by any provisions of this Plan shall be addressed to the Secretary of the Company and shall be effective when received.

20. Governing Law; Interpretation of Plan and Awards.

(a) This Plan and all determinations made and actions taken pursuant hereto shall be governed by the substantive laws, but not the choice of law rules, of the state of Delaware.

(b) In the event that any provision of the Plan or any Award granted under the Plan is declared to be illegal, invalid or otherwise unenforceable by a court of competent jurisdiction, such provision shall be reformed, if possible, to the extent necessary to render it legal, valid and enforceable, or otherwise deleted, and the remainder of the terms of the Plan and/or Award shall not be affected except to the extent necessary to reform or delete such illegal, invalid or unenforceable provision.

(c) The headings preceding the text of the sections hereof are inserted solely for convenience of reference, and shall not constitute a part of the Plan, nor shall they affect its meaning, construction or effect.

(d) The terms of the Plan and any Award shall inure to the benefit of and be binding upon the parties hereto and their respective permitted heirs, beneficiaries, successors and assigns.

(e) All questions arising under the Plan or under any Award shall be decided by the Administrator in its total and absolute discretion. In the event the Participant believes that a decision by the Administrator with respect to such person was arbitrary or capricious, the Participant may request arbitration with respect to such decision. The review by the arbitrator shall be limited to determining whether the Administrator's decision was arbitrary or capricious. This arbitration shall be the sole and exclusive review permitted of the Administrator's decision, and the Awardee shall as a condition to the receipt of an Award be deemed to explicitly waive any right to judicial review.

(f) Notice of demand for arbitration shall be made in writing to the Administrator within thirty (30) days after the applicable decision by the Administrator. The arbitrator shall be selected from amongst those members of the Board who are neither Administrators nor Employees. If there are no such members of

the Board, the arbitrator shall be selected by the Board. The arbitrator shall be an individual who is an attorney licensed to practice law in the State of Washington. Such arbitrator shall be neutral within the meaning of the Commercial Rules of Dispute Resolution of the American Arbitration Association; provided, however, that the arbitration shall not be administered by the American Arbitration Association. Any challenge to the neutrality of the arbitrator shall be resolved by the arbitrator whose decision shall be final and conclusive. The arbitration shall be administered and conducted by the arbitrator pursuant to the Commercial Rules of Dispute Resolution of the American Arbitration Association. The decision of the arbitrator on the issue(s) presented for arbitration shall be final and conclusive and may be enforced in any court of competent jurisdiction.

21. Limitation on Liability.

The Company and any Affiliate which is in existence or hereafter comes into existence shall not be liable to a Participant, an Employee, an Awardee or any other persons as to:

(a) *The Non-Issuance of Shares.* The non-issuance or sale of Shares (including under Section 17 above) as to which the Company has been unable, or the Administrator deems it infeasible, to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any shares hereunder; and

(b) *Tax Consequences.* Any tax consequence realized by any Participant, Employee, Awardee or other person due to the receipt, vesting, exercise or settlement of any Option or other Award granted hereunder or due to the transfer of any Shares issued hereunder. The Participant is responsible for, and by accepting an Award under the Plan agrees to bear, all taxes of any nature that are legally imposed upon the Participant in connection with an Award, and the Company does not assume, and will not be liable to any party for, any cost or liability arising in connection with such tax liability legally imposed on the Participant. In particular, Awards issued under the Plan may be characterized by the Internal Revenue Service (the **IRS**) as deferred compensation under the Code resulting in additional taxes, including in some cases interest and penalties. In the event the IRS determines that an Award constitutes deferred compensation under the Code or challenges any good faith characterization made by the Company or any other party of the tax treatment applicable to an Award, the Participant will be responsible for the additional taxes, and interest and penalties, if any, that are determined to apply if such challenge succeeds, and the Company will not reimburse the Participant for the amount of any additional taxes, penalties or interest that result.

(c) *Forfeiture.* The requirement that Participant forfeit an Award, or the benefits received or to be received under an Award, pursuant to any Applicable Law.

22. Unfunded Plan.

Insofar as it provides for Awards, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Awardees who are granted Stock Awards under this Plan, any such accounts will be used merely as a bookkeeping convenience. The Company shall not be required to segregate any assets which may at any time be represented by Awards, nor shall this Plan be construed as providing for such segregation, nor shall the Company nor the Administrator be deemed to be a trustee of stock or cash to be awarded under the Plan. Any liability of the Company to any Participant with respect to an Award shall be based solely upon any contractual obligations which may be created by the Plan; no such obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Administrator shall be required to give any security or bond for the performance of any obligation which may be created by this Plan.
