Dear Shareholder:

You are cordially invited to attend the 2017 annual meeting of the shareholders of The GEO Group, Inc. We will hold the meeting virtually, conducted via live audio webcast on Thursday, April 27, 2017, at 11:00 A.M. (EDT).

This year we are furnishing proxy materials to our shareholders primarily on the Internet rather than mailing paper copies of the materials to each shareholder. As a result, most of you will receive a Notice of Internet Availability of Proxy Materials instead of paper copies of this proxy statement and our annual report. The notice contains instructions on how to access the proxy statement and the annual report over the Internet, as well as instructions on how to request a paper copy of our proxy materials. This process will significantly lower the costs of printing and distributing our proxy materials. On or about March 17, 2017, we mailed to shareholders a Notice of Internet Availability of Proxy Materials.

Your vote is very important to us. Whether or not you plan to attend the meeting virtually, your shares should be represented and voted. After reading the enclosed proxy statement, please vote your shares as soon as possible. Shareholders may vote via the Internet at www.virtualshareholdermeeting.com/GEO2017, by telephone, or by completing and returning a proxy card. Submitting a vote before the annual meeting will not preclude you from voting virtually at the meeting should you decide to attend. If you wish to participate in the meeting, please refer to page 44 for additional guidelines.

Sincerely,

George C. Zoley

Chairman of the Board,

Chief Executive Officer and Founder

Additional information regarding the proposals to be acted upon at the annual meeting can be found in the accompanying proxy statement.

The Securities and Exchange Commission (SEC) has adopted a Notice and Access rule that allows companies to deliver a Notice of Internet Availability of Proxy Materials (Notice of Internet Availability) to shareholders in lieu of a paper copy of the proxy statement and related materials and the Company's Annual Report to Shareholders (the Proxy Materials). The Notice of Internet Availability provides instructions as to how shareholders can access the Proxy Materials online, contains a listing of matters to be considered at the meeting, and sets forth instructions as to how shares can be voted. PROXY STATEMENT

THE GEO GROUP, INC.

621 NW 53rd Street, Suite 700

Boca Raton, Florida 33487

Telephone: (561) 893-0101

March 17, 2017

The GEO Group, Inc. (GEO, the Company, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by our board of directors (the Board) for use at the annual meeting of shareholders on April 27, 2017, at 11:00 A.M., Eastern Daylight Time. This year s annual meeting will be a virtual meeting of shareholders, conducted via live audio webcast. You will be able to attend the Annual Meeting online, vote your shares electronically and submit your questions during the Annual Meeting via a live audio webcast by visiting www.virtualshareholdermeeting.com/GEO2017. Please note that the proxy card provides a means to withhold authority to vote for any individual director nominee. Also note that the format of the proxy card provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card which is properly executed, returned and not revoked will be voted in accordance with the instructions indicated. A proxy voted by telephone or the Internet and not revoked will be voted in accordance with the shareholder s instructions. If no instructions are given, proxies that are signed and returned or voted by telephone or the Internet will be voted as follows:

FOR the election of the nominated directors for the ensuing year;

FOR the proposal to ratify the appointment of Grant Thornton LLP as the independent registered public accountants of GEO for the fiscal year 2017;

FOR the advisory approval of the resolution on named executive officer compensation; and

FOR the option of every year as the preferred frequency for future advisory votes on executive compensation.

Under New York Stock Exchange rules, brokerage firms have authority to vote shares on routine matters for which their customers do not provide voting instructions. The ratification of the appointment of Grant Thornton LLP as our independent registered public accountants for 2017 is considered a routine matter. As a result, if you hold your shares through a broker and do not direct the broker how to vote your shares on this routine matter, your broker may vote the shares on your behalf.

Under New York Stock Exchange rules, the election of directors, the advisory vote to approve named executive officer compensation, and the advisory vote on the frequency for the advisory vote on executive compensation are not considered a routine matter. As a result, if a brokerage firm does not receive voting instructions from the beneficial owner of shares held by the firm, those shares will not be voted and will be considered broker non-votes with respect to those matters. A broker non-vote will have no effect on the election of directors, the advisory vote to approve named executive officer compensation, and the advisory vote on the frequency of the advisory vote on executive compensation.

This proxy statement, the notice of annual meeting, the proxy card and our 2016 annual report will be mailed or made accessible via the Internet on or about March 17, 2017.

Management is not aware of any other matters to be presented for action by shareholders at the annual meeting.

Holders of GEO common stock at the close of business on March 3, 2017, the record date, will be entitled to one vote for each share of common stock outstanding in their name on the books of GEO at that date. On March 3, 2017, GEO had 75,281,579 shares of common stock outstanding.

Table of Contents

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. The election of directors requires a majority of the votes cast. The appointment of Grant Thornton LLP will be ratified if the number of votes cast in favor of ratification exceeds the number of votes cast against ratification. The advisory vote to approve named executive officer compensation will be approved if the number of votes cast in favor of approval exceeds the number of votes cast against approval. The alternative receiving the greatest number of votes with respect to the advisory vote on the frequency of the advisory vote on executive compensation will be considered the frequency that shareholders approve. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum for the proposal but will not be counted as votes cast with respect to the election of directors, the advisory vote to approve named executive officer compensation, and the advisory vote on the frequency of the advisory vote on executive compensation. If less than the majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time.

THE BOARD OF DIRECTORS, ITS COMMITTEES AND OTHER CORPORATE GOVERNANCE INFORMATION

GEO's board of directors held nine meetings during fiscal year 2016. Each director attended at least 75% of the total number of meetings of the board of directors and of the meetings held by all board committees on which such director served.

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the New York Stock Exchange (NYSE), the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Clarence E. Anthony, Anne N. Foreman, Richard H. Glanton, Christopher C. Wheeler and Julie Myers Wood qualify as independent under the NYSE's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors is independent was based on the fact that none of the directors had a material relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

The Nominating and Corporate Governance Committee met six times during fiscal year 2016.

All of the members of the Nominating and Corporate Governance Committee are independent (as independence is defined under Section 303A.02 of the NYSE's listing standards).

The Nominating and Corporate Governance Committee has a written charter adopted by the board of directors. It can be found on our website at <http://www.geogroup.com> by clicking on the link Social Responsibility on our homepage and then clicking on the link Governance with Integrity Corporate Governance. In addition, the charter is available in print to any shareholder who requests it by contacting our Vice President of Corporate Relations at 561-999-7306. Edgar Filing: GEO GROUP INC - Form DEF 14A

address or take action with respect to any other matter specifically delegated to it from time to time by the board of directors. In fulfilling the committee's duties to identify and recommend candidates for election to our board of directors, the Nominating and Corporate Governance Committee considers the mix of skills, experience, character, commitment, and diversity—diversity being broadly construed to mean a variety of opinions, perspectives and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics, all in the context of the requirements of our board of directors at the time of election.

Executive Committee

Periodically during fiscal year 2016, members of the Executive Committee informally discussed various matters relating to GEO's business. The Executive Committee has full authority to exercise all the powers of the board of directors between meetings of the board of directors, except as reserved by the board of directors. During 2016, the Executive Committee acted four times through resolutions adopted at duly convened meetings or by unanimous written consent. All actions taken by the Executive Committee in 2016 were ratified by the board of directors at their next quarterly meeting.

Corporate Planning Committee

The Corporate Planning Committee periodically reviews with management various corporate strategic initiatives, including potential merger and acquisition activities, business expansion issues and corporate finance matters.

Operations and Oversight Committee

The Operations and Oversight Committee reviews with management various issues relating to our operations that may arise from time to time.

Legal Steering Committee

The Legal Steering Committee reviews with management strategic issues with respect to material litigation and other discrete legal issues.

Independent Committee

The Independent Committee considers matters that may arise from time to time that the board of directors designates for independent director review.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Corporate Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to the duties of the board of directors. The board believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of GEO, (ii) the results of operations and financial condition of GEO and of any significant subsidiaries or business segments, and (iii) the relative standing of GEO and its business segments in relation to its competitors. The board is committed to diversified membership and it does not and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. There are no differences between the considerations and qualifications for director nominees that are recommended by shareholders and director nominees recommended by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder

wishes to suggest a proposed name of a nominee for consideration by the Nominating and Corporate Governance Committee, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Board Leadership Structure

Our CEO also serves as the Chairman of the board of directors. Richard H. Glanton has served as Lead Independent Director of the Company since January 1, 2011.

Mr. Glanton has been a director of GEO since 1998 and is currently the Chairman of the Audit and Finance Committee, the Compensation Committee and the Independent Committee and a member of the Executive Committee, the Nominating and Corporate Governance Committee, the Operations and Oversight Committee and the Legal Steering Committee. As the Lead Independent Director, Mr. Glanton has input to the Chairman of the board on preparation of agendas for board and committee meetings. Mr. Glanton chairs board meetings when the Chairman of the board is not in attendance and provides input to the independent directors and ensures that the effectiveness of the board is assessed on a regular basis. The Lead Independent Director reports to the board regarding deliberations of the independent directors and may recommend special meetings of the independent directors as necessary. Because of Mr. Glanton's long history as a board member and his service as the Chairman of the Audit and Finance Committee, the Compensation Committee and the Independent Committee, the board believes that Mr. Glanton is uniquely qualified to serve as the Lead Independent Director of the Company. In 2012, in connection with our conversion to a REIT, Mr. Glanton was the chairman of a special committee created to review and manage the divestiture of GEO Care, Inc.

As a company that is focused on its core business, we believe the CEO is in the best position to direct the independent directors' attention on the issues of greatest importance to the Company and its shareholders. Since our CEO knows the Company's business, is a pioneer in the industry and has over thirty years of experience, we believe that our CEO is the appropriate person to lead the board of directors. Our overall corporate governance policies and practices combined with the strength of our independent directors, including our Lead Independent Director, and our internal controls minimize any potential conflicts that may result from combining the roles of Chairman and CEO.

We believe the current leadership structure of the board of directors supports the risk oversight functions described below by providing independent leadership at the board and committee level through the Lead Independent Director with ultimate oversight by the full board of directors led by our Chairman and CEO. The board of directors periodically reviews and considers whether the current board leadership structure continues to be appropriate for our Company.

Board Risk Oversight

Our board of directors has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. Throughout the year, the board of directors and the committees to which it has delegated responsibility dedicate a portion of their meetings to review and discuss specific risk topics in greater detail. The board of directors has delegated responsibility for the oversight of specific risks to the following committees:

The Audit and Finance Committee oversees GEO's risk policies and processes relating to the financial statements, financial reporting processes and credit risks.

The Operations and Oversight Committee oversees GEO's operating risks. The Operations and Oversight Committee meets regularly during the year and on occasions when an operations incident occurs. The Operations and Oversight Committee may travel to the appropriate site to audit the operating practices and procedures if an incident has occurred.

The Compensation Committee oversees risks related to the Company's compensation policies and practices.

The Legal Steering Committee oversees risks related to major litigation.

The text of this Code of Ethics for Senior Financial Officers is located in Section 19 of GEO's Code of Conduct. The Code of Ethics for Senior Financial Officers can be found on our website at <http://www.geogroup.com> by clicking on the link "Social Responsibility" on our homepage and then clicking on the link "Governance with Integrity" Corporate Governance. Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

The corporate governance guidelines can be found on our website at <http://www.geogroup.com> by clicking on the link "Social Responsibility" on our homepage and then clicking on the link "Governance with Integrity" Corporate Governance. In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting our Vice President of Corporate Relations at 561-999-7306.

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee, who is currently Ms. Foreman.

Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the entire board, the independent members of the board as a group or any individual member of the board, including the presiding director for non-employee director executive sessions. Persons wishing to write to the board of directors of GEO, or to a specified director (including the presiding director for non-employee director executive sessions) or a committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

Table of Contents

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual meeting of shareholders. All of our directors attended the 2016 annual meeting of shareholders.

Adoption of Global Human Rights Policy and Ongoing Dialogue

In November 2012, GEO entered into a dialogue with the U.S. Jesuit Conference which included representatives from the National Jesuit Committee on Investment Responsibility and the Interfaith Center for Corporate Responsibility and Mercy Investments. The purpose of the dialogue was the adoption of a corporate Human Rights policy. On February 14, 2013, GEO's Board of Directors adopted a Global Human Rights Policy. Representatives of the Jesuit Conference and Mercy Investments have toured GEO facilities and are continuing the collaboration with GEO towards full implementation of the policy.

Additional information on GEO's Global Human Rights Policy can be found at http://geogroup.com/human_rights.

All of the audit, audit-related, tax and all other services provided by Grant Thornton to GEO in 2016 and 2015 were approved by the Audit and Finance Committee pursuant to these procedures. All non-audit services provided in 2016 and 2015 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Grant Thornton was compatible with the maintenance of that firm 's independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

The Audit and Finance Committee periodically approves the provision of various audit, audit-related, tax and other services by Grant Thornton. The Audit and Finance Committee plans to continue to review and pre-approve such services as appropriate. In addition, the Audit and Finance Committee has delegated to its Chairman, Richard H. Glanton, the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Grant Thornton to GEO of auditing and permissible non-audit services; provided, however, that any decision made by Mr. Glanton with respect to any such pre-approvals must be presented at the next regularly scheduled full Audit and Finance Committee meeting that is held after such decision is made.

All of the services provided by Grant Thornton to GEO in 2016 and 2015 were approved by the Audit and Finance Committee pursuant to these procedures. The Audit and Finance Committee will continue to review and pre-approve such services as appropriate.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

Role of the Compensation Committee

The Compensation Committee of our board of directors establishes and regularly reviews our compensation philosophy and programs, exercises authority with respect to the determination and payment of base and incentive compensation to executive officers and administers the 2011 employee stock purchase plan and our 2014 stock incentive plan. Our Compensation Committee consists of three members, each of whom is independent as that term is defined in the Sarbanes-Oxley Act of 2002 and the rules and regulations that have been promulgated under that Act, and in the listing standards of the New York Stock Exchange. The Compensation Committee operates under a written charter that was first adopted by our board of directors in February 2004 and has been amended periodically. The charter more fully describes the role, responsibilities and functioning of the Compensation Committee. A current copy of this charter can be viewed on our website at www.geogroup.com by clicking the link [Social Responsibility](#) on our homepage and then clicking the link [Governance with Integrity Corporate Governance](#) .

Say-on-Pay Results

At our 2016 Annual Meeting of Shareholders, over 98% of the votes cast voted to approve the advisory resolution on our executive compensation referred to as the say-on-pay vote. The Compensation Committee believes that the positive outcome of the say-on-pay vote supports the compensation arrangements established by the Compensation Committee. The Compensation Committee considered the results of the shareholder vote on the 2016 say-on-pay proposal as one of the many factors relevant in connection with the discharge of its responsibilities along with the advice of its independent compensation consultant and shareholder feedback. During 2016, the Compensation Committee continued the compensation program in place during 2015 with the changes noted below under the section titled, [Why Each Element of Compensation is Paid and How the Amount of Each Element is Determined](#) .

Role and Independence of Compensation Consultant

The Compensation Committee assessed the independence of Pay Governance LLC, ([Pay Governance](#)), a nationally recognized executive compensation consultant, taking into account the following factors:

Other services provided by Pay Governance;

The amount of fees paid by GEO to the consultant as a percentage of its total revenues;

Any business or personal relationships between the consultant (including its representatives) and GEO's directors or senior officers; and

The policies and procedures the consultant has in place to prevent conflicts of interest, which includes a prohibition against stock ownership in GEO.

Pay Governance has attested to its independence and does not provide any services to GEO other than those related to executive compensation consulting. Based on its assessment, the Compensation Committee agreed that the compensation consultant is independent and that the compensation consultant's work has not raised any conflict of interest.

During 2016, the Compensation Committee engaged Pay Governance to perform the following services: (i) review the proxy statement for the 2016 annual shareholders meeting including consultation related to the Compensation Discussion and Analysis section of the proxy statement; (ii) calculation of the Total Shareholder Return (TSR) Performance to determine the performance-based restricted stock payout levels and,

Table of Contents

(iii) calculation of the Accounting Fair Value for performance-based restricted stock awards. Other than as described above, Pay Governance was not asked to perform any other services for us in 2016. GEO paid Pay Governance a total of \$15,965 related to its work for the Compensation Committee in 2016.

Under its charter, the Compensation Committee has the ability to retain any advisors it deems necessary or desirable in order for it to discharge its duties. The Compensation Committee also has sole authority to terminate the retention of any advisor it has retained.

Process for Determining Compensation

When making decisions regarding the compensation of named executive officers, including the Chief Executive Officer, the Compensation Committee considers competitive market data and analyses prepared by Pay Governance, historical pay to the named executive officers and the appropriateness of such compensation, including by comparing it to a peer group of companies periodically. From time to time, the Compensation Committee will use peer group and broader general industry data to obtain a general understanding of compensation practices and therefore ensure that it is acting in an informed and responsible manner to make sure our executive compensation program is competitive. The Compensation Committee viewed peer group data as one factor in assisting its compensation decisions, but did not engage in benchmarking or rely wholly or in part on this information. In 2016, the Compensation Committee did not ask Pay Governance to conduct a peer group analysis to evaluate our compensation programs and practices as a whole, or the specific compensation of any of our named executive officers. When evaluating pay levels and practices of peer companies within the REIT industry, the Committee has focused on data from the group of similarly-sized, equity REITs:

| Avalonbay Communities Inc. | Iron Mountain Inc. |
| Boston Properties Inc. | Kimco Realty Corporation |

The Compensation Committee also considers the compensation recommendations set forth by the Chief Executive Officer for named executive officers other than himself. Under the Compensation Committee's charter, the Chief Executive Officer cannot provide the Compensation Committee with a compensation recommendation for himself. When considering compensation matters generally, and the compensation packages of the named executive officers in particular, the Compensation Committee meets in executive session outside the presence of the named executive officers. The Compensation Committee uses its experience and judgment to make final compensation decisions.

Important Factors Given Particular Consideration by the Compensation Committee in Setting Compensation for the Named Executive Officers

In setting executive compensation for our named executive officers, the Compensation Committee gives particular attention and focus to the following factors over a several year-period:

Our financial performance;

Our stock price performance;

Achievement of strategic operating objectives;

Edgar Filing: GEO GROUP INC - Form DEF 14A

Our growth and prospects for continued future growth in both revenues and profitability; and

The performance of our senior management team.

Table of Contents

Applying these factors to our Company during the previous several years in setting CEO and other named executive officer compensation, the Compensation Committee considered the following:

During the past several years, we have experienced strong growth in revenue and profitability and believe we have become the most diversified service provider in our peer group, which will continue to yield growth opportunities in excess of typical industry levels;

During the past several years, we have successfully completed and integrated several significant strategic acquisitions, including, most recently, the acquisition of eight correctional and detention facilities from LCS Correctional Services, Inc. and its affiliates, the acquisition by our subsidiary, Protocol Criminal Justice, Inc., of assets relating to customer relationship management software from APAC Customer Services, Inc., our acquisition of Soberlink, Inc., a leading developer and distributor of mobile alcohol monitoring devices and services, our acquisition and integration of BI Incorporated in 2011, which allowed us to introduce important new electronic monitoring and community service offerings to our customers, and the acquisition and integration of Cornell Companies in 2010-2011, which materially expanded the scope of our U.S. Corrections Services and what we now refer to as our GEO Care segment;

GEO has entered a definitive merger agreement to acquire Community Education Centers (CEC), which we hope to close during the second quarter of 2017.

During 2016, GEO's total revenues increased approximately 18% percent to \$2.12 billion, Adjusted EBITDA increased approximately nine percent to \$403.7 million, and Adjusted Funds From Operations (AFFO) increased approximately 12% to \$279.2 million. During 2016, GEO experienced significant start-up activity which resulted in \$1.2 million, net of tax, in start-up expenses, non-recurring tax benefits of \$2.0 million and a loss on extinguishment of debt of \$15.9 million, net of tax. Since 2012, GEO has grown AFFO at a compounded annual growth rate of 16.4 percent;

We believe we have the most seasoned and accomplished senior management team in our industry, led by our Chairman, CEO and Founder, who is an industry pioneer and has a long and established track record of leading our company to substantial growth in revenue and profitability since the inception of our business;

We believe the efforts undertaken by our senior management team over the past several years to expand our company's business, both in our core corrections business and into new diversified services, have positioned us to have what we believe are stronger prospects for stable and strong revenue and profit growth than any peer company in our industry;

Our senior management team has consistently demonstrated the ability over a long period of time to manage through and capably address and mitigate the key risks that face our business on an ongoing basis.

Our senior management team has consistently made delivering shareholder value a priority. We have had solid long-term stock price performance. The following graph compares the total shareholder return of our common stock compared to the total shareholder return of the NAREIT U.S. Equity REITs index over the five-year period ended December 31, 2016. (GEO TSR 252.9% vs NAREIT 76.3%); and

The successful conversion by GEO into a real estate investment trust, or a REIT, effective January 1, 2013, a transaction which we believe has significantly increased shareholder value, including through the payment of regular quarterly dividends to our shareholders. We commenced paying regular quarterly dividends in 2013. For 2014, 2015 and 2016, we paid an aggregate of \$2.33, \$2.51 and \$2.60 per share for the year, respectively, in quarterly dividends.

The factors above are among the most critical we consider in setting our named executive officer compensation.

Elements of Compensation

Our compensation program for named executive officers consists of the following components:

Annual base salaries

Annual cash incentive compensation

Equity compensation

Other benefits and perquisites

Each of these components is reflected in the Summary Compensation Table and is also discussed in further detail below.

Why Each Element of Compensation is Paid and How the Amount of Each Element is Determined

The following is a brief discussion of each element of our named executive officer compensation. The Compensation Committee considers each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation and annual and long-term compensation. The committee also evaluates on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete for executive talent. Overall, our Compensation Committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our named executive officers, who we believe constitute the most experienced senior management team in our industry. The Compensation Committee evaluates GEO's executive compensation policies and practices on an ongoing basis.

Salaries. The cash salaries paid to the named executive officers are incorporated into the terms of existing executive employment agreements with our named executive officers. Any increases in salaries have been made

Table of Contents

either pursuant to the terms of the employment agreements or at the discretion of the Compensation Committee. Mr. Zoley, who also serves as our Chairman, receives no additional compensation for his board service, so his annual base salary reflects the workload, responsibilities and contributions made by Mr. Zoley as our Chief Executive Officer and our Chairman.

For 2016, our Compensation Committee did not adjust Mr. Zoley's salary but determined it was appropriate to increase the annual base salaries Messrs. Evans, Bulfin and Wierdsma by 3% as compared to their 2015 annual base salaries.

Annual Cash Incentive Compensation. Annual cash incentive compensation for each of our named executive officers is governed by our Senior Management Performance Award Plan, as Amended and Restated on April 27, 2016, which was approved by our shareholders at the Company's 2016 annual meeting of shareholders in accordance with the performance-based compensation exception under Section 162(m) of the Internal Revenue Code (Code) that such a plan be approved by shareholders at least once every five years. Payments to the Chief Executive Officer made in accordance with this plan are intended to be tax deductible under Section 162(m) of the Code. The plan is administered by our Compensation Committee, which has the authority to make all discretionary determinations necessary or appropriate under the plan. The plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Vice President of Human Resources.

Under the plan, each of our named executive officers is eligible to receive annual cash incentive compensation based on our relative achievement of budgeted revenue and net income after tax for the fiscal year. We believe revenue and net income after tax are meaningful metrics to assess our performance and are used by our management team when it develops its annual operating plan and budget and are used by our investors in evaluating our performance against the annual financial guidance we give on revenue and net income. For purposes of the plan, net income after tax means our net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining our net income after tax. Non-recurring and unusual items not included or planned for in our annual budget may also be excluded from net income after tax in the sole and absolute discretion of the Compensation Committee. In determining the amount of annual incentive cash compensation awarded, our net income after tax is weighted 65% and our revenue is weighted 35% (collectively, the Target Weighting of Revenue and Net-Income-After-Tax).

Awards under the plan are made as follows: (i) targets for budgeted revenue and net income after tax are set at the beginning of each fiscal year; (ii) the plan includes for each named executive officer an annual incentive target amount as a percentage of the officer's salary which forms the basis for computing the officer's award under the plan; and (iii) at the end of the fiscal year, a multiplier set forth in the plan that is based on our relative achievement of budgeted revenue and net income after tax for the fiscal year is applied to each officer's annual incentive target amount referenced in (ii) above. The multiplier is the same for all named executive officers.

The following table shows, for each named executive officer, the annual incentive target amount as a percentage of salary that the respective officer is eligible to receive under the Amended and Restated Senior Management Performance Award Plan.

Named Executive Officer	Annual Incentive Target Amount (As a Percentage of Salary)
Chief Executive Officer	150%
Chief Financial Officer	50%
Senior Vice Presidents	45%

Table of Contents

The following table shows how each named executive officer's annual incentive cash compensation award is calculated by applying a percentage adjustment methodology, or multiplier, separately to the respective Target Weighting of Revenue and Net-Income-After-Tax results on a straight-line basis:

Component	Performance and Payout Relationship (as % of Target)		
	Threshold	Target	Maximum
Performance	80%	100%	120%
Payout	50%	100%	150%

In addition to the calculations described above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive amounts for the Chief Financial Officer and the other Senior Vice Presidents may be adjusted up to an additional 50% upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee based on the results of an individual performance assessment. The Chief Executive Officer is not eligible for positive individual performance adjustments. The Compensation Committee and the Chief Executive Officer consider the contribution of the particular officer during the fiscal year when determining whether to grant the discretionary award.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Code, in each case, without the prior approval of our shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Code).

2016 Cash Incentive Outcomes

In 2016, the Company achieved Net Income after Tax and Revenue performance levels in excess of the Adjusted Net Income after Tax targets and just short of the Revenue target. The table below provides the 2016 cash incentive outcomes based on the Adjusted Net Income after Tax and Revenue performance levels actually achieved.

Metrics (\$Millions)	FY 2016 Performance Results			Actual as a % of	
	Weighting	Target	Actual	Target	Payout as a % of Target
Adjusted Net Income after Tax(1)	65%	\$ 143.50	\$ 164.60	115.0%	137%
Revenue	35%	\$ 2,189	\$ 2,180	99.6%	99%
				Weighted Payout as % of Target	123.5%

(1) Adjusted Net Income after Tax reflects adjustments for a loss on extinguishment of debt related to bonds issued in 2016.

Based on these results, the following annual incentive amounts were awarded to the Named Executive Officers for fiscal year 2016 performance:

Executive	FY 16 Target Incentive (\$)	Corporate Financial Performance Factor	Target x Financial Performance Factor (\$)	Individual Performance Modifier(1)	Actual Incentive Earned (\$)	Actual as a % of Target
George C. Zoley	1,545,000	123.5%	1,908,075	N/A	1,908,075	123.5%
Brian R. Evans	281,378	123.5%	347,501	+50%	521,252	185%

Edgar Filing: GEO GROUP INC - Form DEF 14A

J. David Donahue	225,000	123.5%	277,875	+50%	416,813	185%
John J. Bulfin	220,319	123.5%	272,094	+50%	408,140	185%
Thomas M. Wierdsma	194,994	123.5%	240,818	+50%	361,227	185%

- (1) Since the Corporate Financial Performance factor was greater than 100%, NEOs, other than the Chief Executive Officer, were eligible for individual performance multipliers on their award.

Equity Compensation. Our Compensation Committee has historically granted awards under our equity compensation plans to our key employees and members of our board of directors to create a more performance-oriented culture and to further align the interests of management and our shareholders.

Our current equity compensation plan is The GEO Group, Inc. 2014 Stock Incentive Plan (the 2014 Plan), which was approved by our shareholders at our 2014 annual meeting of shareholders. The 2014 Plan replaced our 2006 Stock Incentive Plan (the 2006 Plan) and since the date our shareholders approved the 2014 Plan, no further grants can be made under the 2006 Plan although there are outstanding awards under the 2006 Plan. Since the adoption of the 2006 Plan and the 2014 Plan, we have issued 2,878,406 shares of restricted stock (excluding cancelled shares) and stock options representing the right to acquire 2,384,350 shares of common stock. Beginning in 2012, our restricted stock grants to our executive officers have performance-based vesting which we believe is appropriate to foster a performance-oriented culture and align the interests of management and our shareholders. Further, we believe this approach is consistent with the approach taken by our peers in the equity REIT sector and our industry, and is reflective of the performance-based compensation program that our shareholders support. As of March 3, 2017, there was a total of 1,200,746 shares of common stock reserved for future issuance in connection with future awards under the 2014 Plan.

Our Compensation Committee has historically granted awards under our equity compensation plans either at the time of our annual shareholders meeting or following the end of our fiscal year in connection with the completion of our annual compensation cycle; however, we have varied our practice in recent years. For example, on June 1, 2013 and May 14, 2015, we granted restricted stock awards to employees, management and non-employee directors. In the future, we may from time to time grant equity awards throughout the year. Equity compensation awards are priced as of the close of business on the date of grant.

The amounts of awards granted under our equity compensation plans are determined by the Compensation Committee after taking into account the following factors: the recommendations of the Chief Executive Officer, the availability of awards for issuance companywide, the overall performance of the Company and the individual performances of the grantees.

Under the 2006 Plan and the 2014 Plan, shares of restricted stock may have performance-based or time-based vesting. If the vesting is performance based, vesting is tied to the achievement of predetermined metrics set by the Compensation Committee and included in the applicable equity grant instrument. If vesting is time based, the shares vest at the rate of 25% per year in each of the four years following the date of grant, subject to vesting acceleration in the case of a change in control as defined in our plan. Beginning in 2012, our restricted stock grants to our executive officers have performance-based vesting. Except for stock option awards to Mr. Zoley prior to 2008, and stock option awards granted to non-employee directors in 2009, which all vested immediately on the date of grant, stock options vest 20% immediately and an additional 20% on each of the four anniversary dates immediately following the grant date.

We believe that equity compensation awards offer significant motivation to our officers and employees and serve to align their interests with those of our shareholders. While the Compensation Committee will continually evaluate the use of equity compensation both types and amounts it intends to continue to use such awards as part of the company's overall compensation program.

2016 Equity Incentive Awards

On February 12, 2016, GEO granted performance-based restricted stock to our named executive officers that vest on March 11, 2019 based on two performance metrics measured from January 1, 2016 to December 31, 2018 as follows: (i) 50% of the award is determined based on GEO's relative total shareholder return as compared to the FTSE NAREIT EQUITY REIT INDEX and (ii) 50% of the award is determined based on GEO's return on capital employed (ROCE) performance against targets using an average of ROCE over 2016, 2017 and 2018. For 2016, 100% of our equity incentive awards provided to the NEOs were in the form of performance-based

Table of Contents

restricted stock awards which was much more performance oriented than the mix of performance and time vested equity awards observed across the peer group. On average, the peers deliver approximately 50% of their long-term incentive to NEOs in time-vested equity.

The following table lists the number of performance-based shares of restricted stock granted to each named executive officer in 2016:

Executive	Number of Performance Shares Granted in 2016
George C. Zoley	50,000
Brian R. Evans	12,500
J. David Donahue	12,500
John J. Bulfin	10,000
Thomas M. Wierdsma	10,000

Specifically, the performance targets for the performance-based restricted stock grants are:

Performance Metric	Metric Weighting	Threshold	Target	Maximum
Relative TSR	50%	P30	P50	P90
Return on Capital Employed	50%	+1% of WACC	9%	12%

Payouts				
	(% of Target)	30%	100%	200%

The threshold required for payment under the ROCE metric is set at +1% of our weighted average cost of capital (WACC) over the three-year measurement period to ensure that payments only occur during periods of positive returns. The WACC is a product of the cost of our capital over the performance period and will not be known until the performance period has concluded.

Additionally, we have adopted a performance governor that caps payouts under the Relative TSR metric at 100% of target if GEO's absolute TSR is negative over the 3-year period.

In 2016, the Compensation Committee approved a shift in the mix of the performance metrics from 75% Relative TSR/25% ROCE to 50% Relative TSR/50% ROCE for the following reasons:

The level of balance better aligns with market practices for the weighting of TSR metrics in long-term incentive plans.

Increases the emphasis on delivering significant operating returns, which the Compensation Committee believes translates to sustainable long-term shareholder returns over time.

Continues to maintain a significant portion of long-term incentives contingent on shareholder return outperformance against the REIT industry.

Equity Incentive Outcomes for 2014 to 2016 Performance Cycle

On February 20, 2014, the Compensation Committee granted target awards of performance-based restricted stock vesting over a three year period beginning January 1, 2014 provided that certain TSR performance goals and ROCE goals were met as of December 31, 2016. Specifically, the performance targets were:

Edgar Filing: GEO GROUP INC - Form DEF 14A

Performance Metric	Metric Weighting	Threshold	Target	Maximum
Relative TSR	75%	P30	P50	P90
Return on Capital Employed	25%	+1% of WACC	9%	12%
Payouts				
	(% of Target)	30%	100%	200%

Table of Contents

The Compensation Committee engaged Pay Governance to calculate the final TSR rank and payout calculations for the TSR component of these awards. Pay Governance determined that based upon their calculations for the Company and the FTSE NAREIT Equity REITs Index, the Company's 2014-2016 TSR of 33.7% places the Company in the 37th percentile of the peer group which results in a TSR component payout of 54.5%. Management of the Company calculated the return on capital employed component of the performance-based restricted stock to be 11.4% which results in a ROCE component payout of 179.9% of the target award. Based on the calculations of the TSR component and the ROCE component, management of the Company certified to the Compensation Committee that when the TSR component is combined with the ROCE component, the combined equity payout is 85.9% of the target award. As a result of the information provided to the Compensation Committee by Pay Governance and management, the Compensation Committee approved the vesting of the performance-based restricted stock in the amounts provided below:

Performance-Based Restricted Stock: 2014-2016 Cycle

Executive(1)	Shares at Target	Performance Factor	Shares Earned
George C. Zoley	40,000	85.9%	34,342
Brian R. Evans	10,000	85.9%	8,586
John J. Bulfin	7,500	85.9%	6,439
Thomas M. Wierdsma	7,500	85.9%	6,439

- (1) Mr. Donahue did not receive a grant of performance-based restricted stock in 2014. Mr. Donahue was appointed Senior Vice President and President of GEO Corrections and Detention in February 2016.

2017 Compensation Actions**Equity Incentive Awards**

Effective March 1, 2017, GEO granted performance-based restricted stock to our named executive officers that vests on March 10, 2020 based on two performance metrics measured from January 1, 2017 to December 31, 2019 as follows: (i) up to 50% of the shares of restricted stock in each award vest if GEO meets certain TSR performance targets for the 3-year period; and (ii) up to 50% of the shares of restricted stock in each award can vest if GEO meets certain ROCE performance targets for the 3-year period. For 2017, 100% of the equity grants made to executives were performance based.

The following lists the number of performance-based shares granted to each named executive officer:

Executive	Number of Performance Based Restricted Stock Granted in March 2017
George C. Zoley	50,000
Brian R. Evans	12,500
J. David Donahue	12,500
John J. Bulfin	10,000
Thomas M. Wierdsma	10,000

Other Benefits and Perquisites. Our executive compensation program includes other benefits and perquisites as more fully reflected on the table set forth below titled "All Other Compensation." These benefits and perquisites are reviewed annually by the Compensation Committee with respect to amounts and appropriateness. Currently, the benefits and perquisites which the named executive officers are eligible to receive fall into four general categories: (i) retirement benefits pursuant to our executive retirement agreement in the case of Mr. Zoley and pursuant to our senior officer retirement plan in the case of the other named executive officers; (ii) benefits under certain other deferred compensation plans; (iii) value attributable to life insurance we afford our named executive officers beyond that which is offered to our other employees generally; and (iv) travel and entertainment perquisites, such as an automobile allowance, club dues and personal use of the corporate jet. For 2016,

Table of Contents

Mr. Zoley was allotted thirty (30) hours of personal use of the corporate aircraft. For 2016, the Board authorized the allotment of five (5) hours of personal use of the corporate aircraft for Mr. Evans.

Executive Retirement Agreement. Mr. Zoley has an executive retirement agreement that requires us to pay him a lump sum amount on the date that his employment with GEO ends. Such amount is determined by his age at the time of retirement with the amount increasing by approximately 4% per year up to age 71. Mr. Zoley's retirement agreement formerly included a tax gross-up provision for taxes applicable to his lump sum retirement payment. In 2012, Mr. Zoley agreed to amend his retirement agreement to eliminate the tax gross-up provision. In exchange for this amendment, the amount of the lump sum retirement payment which Mr. Zoley was entitled to receive was proportionally increased so that Mr. Zoley would be entitled to receive substantially the same net benefit he would otherwise have received if the tax gross-up had remained in place. Mr. Zoley's benefits under the executive retirement agreement are fully vested and he will therefore be entitled to receive the amount called for by the agreement whenever his employment with GEO is terminated for any reason, whether by GEO or by him. If Mr. Zoley had retired at December 31, 2016, we would have had to pay him a total of \$7.7 million. The \$7.7 million will be delivered in a lump-sum amount and equates to \$239,287 annually when divided by his 32 years of service with the company. The amount owed under the retirement agreement to Mr. Zoley would be payable from the general assets of GEO.

Senior Officer Retirement Plan. Messrs. Evans, Bulfin, Wierdsma and Donahue participate in our senior officer retirement plan, which is offered to all of our Senior Vice Presidents. The senior officer retirement plan is a defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary earned during the employee's last five years of credited service (excluding bonus) multiplied by the employee's years of credited service. A participant will vest in his or her benefits under the senior officer retirement plan upon the completion of ten (10) years of service. The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service. The maximum target benefit under the senior officer retirement plan is 45% of final average salary. Reduced benefits are payable for lesser service and early retirement. Benefits under the senior officer retirement plan are offset 100% by social security benefits received by the officer and are computed on the basis of a straight-life annuity. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the Company.

Deferred Compensation Plans. Our named executive officers are currently excluded from participating in our 401(k) plan by virtue of their compensation level. Accordingly, we have established a deferred compensation plan for certain employees, including the named executive officers, which permits them to defer up to 100% of their compensation to provide for their retirement. Under the deferred compensation plan, the Company may make matching contributions on a discretionary basis. Mr. Evans and Mr. Bulfin are the only named executive officers who currently participate in the deferred compensation plan.

Excess Group Life Insurance. We pay rates for the life insurance policies of our named executive officers above the level that is excludable under applicable tax rules. Payments in connection with the resulting excess coverage are treated as imputed income to the officers and are not deductible by the Company.

How Each Compensation Element Fits into the Overall Compensation Objectives and Affects Decisions Regarding Other Elements

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, the Company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation, including equity based compensation and cash awards under the Senior Management Performance Award Plan. The committee also endeavors to properly allocate between cash and non-cash compensation (subject to the availability of equity compensation awards under our then current equity compensation plans), and between annual and long-term compensation.

When considering the marketplace, particular emphasis is placed upon compensation packages available at a comparable group of peer companies.

As discussed earlier, Pay Governance completed in 2012 a report on behalf of the Compensation Committee to evaluate its executive compensation program in light of the marketplace to make sure the program is competitive. Additionally, Pay Governance completed in 2015 an assessment of Mr. Zoley's total compensation in light of the marketplace and the ISS peer group specifically. The Compensation Committee intends to continue this practice on a periodic basis in the future.

Executive and Director Stock Ownership Guidelines

The Company adopted stock ownership guidelines in 2012 applicable to our senior executive officers, including our named executive officers, and our board members. The guidelines require our CEO to maintain equity holdings in GEO equal in value to at least 5x his annual base salary, our other executive officers to maintain equity holdings in GEO equal in value to at least 3x their annual base salaries, and our non-employee directors to maintain equity holdings in GEO equal in value to at least 3x their annual retainers. All officers and directors must satisfy the stock ownership guidelines five years from September 1, 2012 or the date of their appointment as director or a senior executive office, if appointed after September 1, 2012.

Clawback/Recoupment Policy

The Company maintains a clawback policy providing that any incentive payment awarded by GEO to an executive officer (including a named executive officer) under any GEO incentive compensation plan may be recouped by GEO in the event of material fraud or misconduct by the recipient, among other triggers.

Prohibited Transactions Under the Insider Trading Policy

The Company prohibits certain transactions in the Company's securities under the terms of its insider trading policy, including engaging in short sales of the Company's securities, trading in options, warrants, puts and calls or similar instruments on the Company's securities and holding Company securities in margin accounts.

CONCLUSION

We believe that our compensation programs appropriately reward executive performance and closely align the interests of our named executive officers and key employees with the interests of our shareholders, while also enabling the Company to attract, retain, and motivate talented executives. The Compensation Committee will continue to evolve and administer our compensation program in a manner that the Compensation Committee believes will be in the best interests of our shareholders. The Compensation Committee monitors the results of the advisory vote on our executive compensation (referred to as the "say-on-pay" vote) and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities.

Compensation Policies and Practices as They Relate to Risk Management

Our executive compensation program is designed to attract and retain our officers and to motivate them to increase shareholder value on both an annual and longer term basis primarily by generating increasing levels of revenue and net income. To that end, compensation packages include significant forms of incentive compensation to ensure that an executive officer's interest is aligned with the interests of our shareholders in generating revenue and net income. Based upon the Compensation Committee's regular review of the Company's compensation policies and practices, the Compensation committee determined that the risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

- (a) Under our executive automobile policy, the executive is required to make contribution to GEO in circumstances where the cost of the executive automobile exceeds the overall cost allowance as determined under the policy.
- (b) We pay rates for the life insurance policies of our named executive officers above the level that is excludable under applicable tax rules. The resulting excess coverage represented in this column is treated as imputed income to the officers.
- (c) We provided certain perquisites to the named executive officers in 2016 for personal use of the Company's leased aircraft. For 2016, Mr. Zoley was allotted thirty 30 hours of aircraft usage and utilized 29 hours. For purposes of the Summary Compensation Table, we determine the aggregate incremental cost to us for personal use of company aircraft using a method that takes into account the cost of fuel, trip-related maintenance, crew travel expenses, on-board catering, landing fees, trip-related hangar/parking costs and other variable costs. Since the aircraft is used primarily for business travel, the calculation does not include the fixed costs that do not change based on usage, such as pilots' salaries, aircraft acquisition costs and the cost of maintenance not related to trips.

CERTAIN MATERIAL EXECUTIVE COMPENSATION AGREEMENTS AND ARRANGEMENTS

The following executive compensation agreements and arrangements are material to an understanding of the amounts paid and/or payable to our named executive officers disclosed in the table above.

Executive Employment Agreements

Effective August 22, 2012, we entered into a Third Amended and Restated Executive Employment Agreement with Mr. Zoley, which was amended by the First Amendment, dated April 29, 2013, the Second Amendment, dated May 29, 2013, and the Third Amendment, dated May 14, 2015 (collectively, the "Employment Agreement"). The Employment Agreement has a continuously rolling three-year term.

Table of Contents

The Employment Agreement provides that Mr. Zoley is entitled to receive a target annual performance award of up to a maximum of 150% of his annual base salary in accordance with the Senior Management Performance Award Plan.

The Employment Agreement provides that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the Employment Agreement) or by Mr. Zoley without good reason (as defined in the Employment Agreement), he will be entitled to receive a termination payment equal to 2 (two) times his annual base salary plus target bonus for the fiscal year in which his employment is terminated or, if greater, the target bonus for the fiscal year immediately prior to such termination. In addition, the Employment Agreement provides that upon such termination, GEO will transfer all of its interest in any automobile used by the executive pursuant to its employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the Employment Agreement provides that GEO will pay the residual cost of the lease.

Upon the termination of the Employment Agreement by GEO for cause or by Mr. Zoley without good reason, Mr. Zoley will be entitled to only the amount of compensation that is due through the effective date of the termination, including any performance award that may be due and payable to him under the terms of the Senior Management Performance Award Plan. The Employment Agreement includes a non-competition covenant that runs through the three-year period following the termination of the executive's employment, and customary confidentiality provisions.

The Employment Agreement reflects an annual base salary for Mr. Zoley for 2016 of \$1,000,000 subject to increases in the sole discretion of the Board, to be determined by the board of directors. Additionally, the Employment Agreement provides that all outstanding unvested stock options and restricted stock granted to Mr. Zoley fully vest immediately upon a termination without cause as such term is defined in his employment agreements, as approved by the Compensation Committee. However, any restricted stock that is still subject to performance based vesting at the time of such termination shall only vest when, and to the extent, the Compensation Committee of the board of directors certifies that the performance goals have been met.

Senior Officer Employment Agreements

We have senior officer employment agreements with Messrs. Evans, Donahue, Bulfin and Wierdsma. The employment agreements have rolling two-year terms which continue until each executive reaches age 67 absent their earlier termination.

The amounts of base salaries that were paid to each of these executives during fiscal years 2016, 2015 and 2014 are set forth in the Summary Compensation Table above. The executives are also entitled to receive a target annual incentive bonus in accordance with the terms of our Senior Management Performance Award Plan which is further described below.

The senior officer employment agreements provide that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the employment agreement) or by the voluntary resignation of the executive, the executive will be entitled to receive a termination payment equal to the following: (1) two years of the executive's then current annual base salary; plus (2) the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of two years, plus (3) the dollar value of the sum of paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. Also, upon such termination, all of the executive's unvested stock options will fully vest immediately.

Table of Contents

Upon the termination of the employment agreements by us for cause or by the voluntary resignation of the executive, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the two-year period following the termination of the executive's employment, and customary confidentiality provisions.

Under the terms of the agreements, annual base salaries for 2016 approved by the Compensation Committee for Messrs. Evans, Donahue, Bulfin and Wierdsma were \$562,755, \$500,000, \$489,597 and \$433,321, respectively. Additionally, all outstanding unvested stock options and restricted stock granted to each of Messrs. Zoley, Evans, Donahue, Bulfin and Wierdsma fully vest immediately upon a termination without cause as such term is defined in each of their employment agreements, as approved by the compensation committee. Performance based awards will only vest upon the determination by the Compensation Committee that the established performance goals have been met.

Executive Retirement Agreement

We also have an executive retirement agreement with Mr. Zoley. The retirement agreement provides that upon the later of (i) the date he actually retires from employment with GEO, or (ii) his 55th birthday, GEO will make a lump sum payment to Mr. Zoley. See Potential Payments Upon Termination or Change in Control for the amount we would have had to pay Mr. Zoley as of December 31, 2016 pursuant to his executive retirement agreement had he retired at his current age as of that date.

The retirement agreement provides that if the executive should die after his 55th birthday but before he retires from GEO, GEO shall immediately pay to the executive's beneficiary(ies) or estate the amount GEO would have paid to the executive had he retired immediately prior to his death. The retirement agreement includes non-competition provisions that run for a two-year period after the termination of the executive's employment. Mr. Zoley has reached the age of 55.

Senior Officer Retirement Plan

GEO maintains a senior officer retirement plan for all of its Senior Vice Presidents, including Mr. Evans, Mr. Donahue, Mr. Bulfin and Mr. Wierdsma. The senior officer retirement plan is a non-qualified defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary earned during the employee's last five years of credited service (excluding bonus) multiplied by the employee's years of credited service. A participant will vest in his or her benefits under the senior officer retirement plan upon the completion of ten (10) years of service, provided such participant remains continuously employed by the Company until at least age fifty five (55). The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service. The maximum target benefit under the senior officer retirement plan is 45% of final average annual salary. Reduced benefits are payable for lesser service and early retirement. Benefits under the senior officer retirement plan are offset one hundred percent (100%) by social security benefits received (or estimated social security benefits to be received, if applicable) by the officer and are computed on the basis of a straight-life annuity. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the company.

Such actuarial assumptions are based using mortality tables for healthy participants and include a discount rate of 4.50% and a rate of compensation increase of 4.4%. Please see Certain Material Executive Compensation Agreements and Arrangements for a description of our executive and senior officer retirement agreements and arrangements.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

forth in this column in connection with a change in control on December 31, 2016, if such officer was terminated by GEO without cause or the officer terminated his employment for good reason, in each case, in connection with the change in control. Currently, only the employment agreement with Mr. Zoley contains a right of the officer to terminate employment for good reason.

- (2) In the event of a termination for any reason of any named executive officer on December 31, 2016, such officer would also have been entitled to receive the amounts set forth in the column of this table titled "Payment Due Pursuant to Officer's Retirement Agreement or Arrangement Upon a Termination For Any Reason" pursuant to the officer's retirement agreement or arrangement.
- (3) All amounts are calculated using each named executive officer's annual base salary on December 31, 2016.
- (4) Although no named executive officer is eligible to receive a payment in connection with a termination for cause or a resignation pursuant to the officer's employment agreement, each officer is entitled to receive all accrued and unpaid amounts under the officer's employment agreement through the date of termination.
- (5) The benefits of Messrs. Zoley, Evans, and Bulfin under the retirement agreement in the case of Mr. Zoley and the Senior Office Retirement Plan in the case of Messrs. Evans, and Bulfin are fully vested and those officers would therefore have been entitled to receive the amounts set forth in this column if their employment with GEO had been terminated for any reason on December 31, 2016, whether by GEO or the officer, regardless of whether cause or good reason existed, and including in the event of a termination due to the retirement, death or disability of the officer. Please see "Certain Material Executive Compensation Agreements and Arrangements" for a description of our executive and senior officer retirement agreements and arrangements.

To GEO's knowledge, based solely on a review of the copies of such reports furnished to GEO and written representations that no other reports were required, during the year ended December 31, 2016, all such filing requirements applicable to GEO's directors, executive officers and greater than 10% beneficial owners were complied with.

PROPOSAL 2:

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit and Finance Committee of our board of directors has appointed Grant Thornton LLP as our independent registered public accountants for the 2017 fiscal year. The Audit and Finance Committee is responsible for the appointment, oversight and termination of our independent registered public accountants. We are seeking the ratification of our shareholders of this appointment, although our Audit and Finance Committee is not bound by any shareholder action on this matter.

If the appointment of Grant Thornton LLP as our independent registered public accountants is not ratified by our shareholders, the Audit and Finance Committee will reconsider its appointment, but may nevertheless retain Grant Thornton LLP. Also, even if the appointment of Grant Thornton LLP as our independent registered public accountants is ratified by our shareholders, the Audit and Finance Committee may direct the appointment of a different independent auditor at any time during the year if the Audit and Finance Committee determines, in its discretion, that such a change would be in our best interests. Grant Thornton LLP has advised GEO that no partner or employee of Grant Thornton LLP has any direct financial interest or any material indirect interest in GEO other than receiving payment for its services as independent certified public accountants.

Recommendation of the Board of Directors

The board of directors unanimously recommends a vote **FOR** the ratification of Grant Thornton LLP as our independent registered public accountants for the 2017 fiscal year.

PROPOSAL 3:

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described above in detail under the heading **Compensation Discussion and Analysis**, we seek to closely align the interests of our named executive officers with the interests of our shareholders. Our compensation programs are designed to attract, retain and motivate our named executive officers to increase shareholder value on both an annual and a longer term basis primarily by generating increasing levels of revenue, net income, net

Table of Contents

operating income, adjusted funds from operations, total shareholder return and return on capital employed, while at the same time avoiding the encouragement of unnecessary or excessive risk taking.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. The vote is advisory, which means that the vote is not binding on the Company, our board of directors or the Compensation Committee. Although non-binding, our board of directors and Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Accordingly, we ask our shareholders to vote on the following resolution at the annual meeting:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Recommendation of the Board of Directors

The board of directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

PROPOSAL 4:

ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Dodd-Frank Act also states that company shareholders may cast an advisory vote on how frequently they would like an advisory vote on the compensation of our named executive officers to be held. This non-binding, advisory vote provides shareholders the opportunity to indicate whether they prefer an advisory vote on named executive officer compensation once every one, two, or three years (or to abstain from voting). We are required under the Dodd-Frank Act to solicit shareholder preferences regarding the frequency of future advisory votes on executive compensation at least once every six years.

At the 2011 annual meeting of shareholders, the Board of Directors recommended holding the non-binding advisory vote on executive compensation (say-on-pay) every three years. The company shareholders voted in favor of holding the say-on-pay vote every year. The Board accepted our shareholders' recommendation and currently, shareholders are provided with the opportunity to cast an advisory (non-binding) vote to approve the compensation of our Named Executive Officers every year.

Recommendation of the Board of Directors

The Board of Directors recommends that the shareholders vote for one year for the frequency of holding future advisor votes on executive compensation.

SHAREHOLDER PROPOSAL AND NOMINATIONS DEADLINE

As more specifically provided in our Amended and Restated Bylaws, no business may be brought before an annual meeting by a shareholder unless the shareholder has provided proper notice to us not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. Accordingly, since our annual meeting for 2017 is scheduled for April 27, 2017, any shareholder proposal to be considered at the 2018 annual meeting must be properly submitted to us not earlier than January 27, 2018 nor later than February 26, 2018. These requirements are separate from the Securities and Exchange Commission's requirements that a stockholder must meet in order to have a proposal included in our proxy statement. For the 2018 annual meeting, under the Securities and Exchange Commission's requirements, any stockholder proposals and recommendations for director nominees must be received by GEO no later than November 17, 2017, in order to be included in our 2018 proxy statement.

Table of Contents

As we announced in April of 2016 in advance of our 2016 annual meeting, we intend to amend our Bylaws to adopt proxy access provisions prior to the date of our 2017 annual meeting that are generally in-line with the following guidelines: a shareholder, or a to be determined number of shareholders forming a group, who has/have owned three percent or more of our outstanding common stock continuously for a consecutive period of three years or longer may nominate directors to be included in our proxy materials not to exceed 20 percent of the seats on our Board of Directors. Our management and Nominating & Corporate Governance Committee is in the process of finalizing its consultation and governance process on this issue. We will announce the adoption of proxy access provisions by filing a Form 8-K that will contain the text of the amended Bylaws and detailed information regarding the submission of proxy access nominations.
