**\* It is expected that delivery of the notes will be made against payment therefor on or about January 15, 2019, which is the fifth U.S. business day following the date of the pricing of the Notes. Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes prior to the third business day preceding the settlement date will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisors. Purchasers of notes who wish to trade their notes on the date of pricing or the next succeeding business day should consult their own advisor.**
