**Item 1.01. Entry into a Material Definitive Agreement**

On February 5, 2019, Aeglea BioTherapeutics, Inc. ( *Aeglea* ) entered into an underwriting agreement (the *Underwriting Agreement* ) with J.P. Morgan Securities LLC and Evercore Group L.L.C., as representatives of the several underwriters named therein (the *Underwriters* ), pursuant to which Aeglea agreed to issue and sell an aggregate of (a) 3,500,000 shares of its common stock (the *Shares* ), and (b) pre-funded warrants to purchase 4,000,000 shares of its common stock (the *Pre-Funded Warrants* ) to the Underwriters (the *Offering* ). The Shares will be sold to the purchasers at the public offering price of \$8.00 per share. The Pre-Funded Warrants will be sold at a public offering price of \$7.9999 per Pre-Funded Warrant, which represents the per share public offering price for the common stock less a \$0.0001 per share exercise price for each such warrant. Pursuant to the Underwriting Agreement, Aeglea has also granted the Underwriters a 30-day option to purchase up to an additional 1,125,000 shares of its common stock. The Underwriting Agreement contains customary representations and warranties, conditions to closing, market standoff provisions, termination provisions and indemnification obligations, including for liabilities under the Securities Act of 1933, as amended. The Offering is being made pursuant to the shelf registration statement on Form S-3 (File No. 333-217573) that was filed by Aeglea with the Securities and Exchange Commission ( *SEC* ) on May 1, 2017 and declared effective by the SEC on May 30, 2017, and a related prospectus supplement.

The Pre-Funded Warrants are exercisable at any time after the date of issuance. A holder of Pre-Funded Warrants may not exercise the warrant if the holder, together with its affiliates, would beneficially own more than 4.99% of the number of shares of common stock outstanding immediately after giving effect to such exercise. A holder of Pre-Funded Warrants may increase or decrease this percentage by providing at least 61 days prior notice to Aeglea.

Aeglea estimates that net proceeds from the Offering will be approximately \$56.1 million, after deducting underwriting discounts and commissions and estimated Offering expenses, and assuming no exercise of the Underwriters option to purchase additional shares. Aeglea intends to use the net proceeds from the Offering, together with its existing cash resources, to advance the clinical development of pegzilarginase through its Phase 3 pivotal and extension trials in Arginase 1 Deficiency and an ongoing combination trial in cancer, and the remainder to fund continued IND-enabling activities of multiple of Aeglea s pipeline programs, research and development, manufacturing, initial commercialization infrastructure and for working capital and general corporate purposes. Aeglea expects the Offering to close on February 8, 2019, subject to customary closing conditions.

The Underwriting Agreement is filed as Exhibit 1.1 to this report and the foregoing description of the terms of the Underwriting Agreement is qualified in its entirety by reference to such exhibit. The form of Pre-Funded Warrant is filed as Exhibit 4.1 to this report and the foregoing description of the terms of the Pre-Funded Warrants is qualified in its entirety by reference to such exhibit. A copy of the opinion of Fenwick & West LLP, relating to the validity of the Shares in connection with the Offering, is filed with this Current Report on Form 8-K as Exhibit 5.1.

**Item 2.02. Results of Operations and Financial Condition**

On February 5, 2019, Aeglea filed with the SEC a preliminary prospectus supplement (the *Preliminary Prospectus* ) pursuant to Rule 424(b) under the Securities Act of 1933, as amended, relating to the Offering. In the Preliminary Prospectus, Aeglea disclosed that it expects to report that Aeglea had cash, cash equivalents, and marketable securities of approximately \$74.5 million as of December 31, 2018. This amount reflects Aeglea s estimates based solely upon information available to it as of the date of this Current Report on Form 8-K, and the amount reported is not a comprehensive statement of its financial results or position as of December 31, 2018. The actual amount that Aeglea reports will be subject to its financial closing procedures and any final adjustments that may be made prior to the time its financial results for the period ended December 31, 2018 are finalized. PricewaterhouseCoopers LLP has not audited, reviewed, compiled, or applied agreed-upon procedures with respect to the preliminary financial data. Accordingly, PricewaterhouseCoopers LLP does not express an opinion or any other form of assurance with respect thereto.
