**Item 7.01. Regulation FD Disclosure.**

The disclosure contained in Item 2.02 of this Current Report on Form 8-K is incorporated herein by reference.

**Item 8.01. Other Events.**

On January 24, 2018, a new Higher Education Law (the New Law) was passed by the Chilean Congress and, assuming that it passes review by the Constitutional Court, it is expected to be signed into law by the President of Chile as early as the first quarter of 2018. Among other things, the New Law will prohibit for-profit organizations, such as Laureate, from controlling the boards of universities in Chile. The New Law also prohibits conflicts of interests and related party transactions with notable exceptions, including the provision of services that are educational in nature or essential for the university's purposes. The New Law provides for a transition period between one and two years. The incoming Chilean presidential administration will have the responsibility to both interpret the legislative mandates and implement new compliance processes.

The Company is currently reviewing the impact the New Law will have on its Chilean operations, including the extent to which it will affect existing contractual relationships that the Company maintains with its Chilean non-profit universities. As a result of the New Law, the Company currently expects that it will be required to deconsolidate its three Chilean non-profit universities, which are accounted for as variable interest entities, and its Chilean real estate subsidiary, although it will retain a 30% equity ownership interest in the real estate subsidiary. The deconsolidation could happen as early as the first quarter of 2018. The Company currently expects that the deconsolidation will result in a one-time write-off of the carrying value of the assets of between approximately \$600 million and \$850 million and a decrease of between approximately \$410 million to \$430 million in revenues on an annualized basis. In addition, on an annualized basis, the Company expects a decrease in operating income of approximately \$35 million and a decrease in depreciation and amortization of approximately \$35 million, as detailed in the table below:

(\$ millions)	Operating Income (Loss)	Depreciation & Amortization	Operating Income (Loss) Plus Depreciation & Amortization
Chilean non-profit universities	\$ (5)	\$ 25	\$ 20

Edgar Filing: LAUREATE EDUCATION, INC. - Form 8-K

Chilean real estate subsidiary*	\$	40	\$	10	\$	50
---------------------------------	----	----	----	----	----	----

---

\* *The total impact of \$70 million in Operating Income (Loss) Plus Depreciation and Amortization will be partially offset by approximately a \$10 million increase in equity in income of affiliates, net of tax.*

The Company's continuing evaluation of the impact of the New Law may result in changes to its expectations due to changes in the Company's interpretations of the law, assumptions used, and additional guidance that may be issued. There is no assurance that the New Law will not have additional material adverse effects on the business, financial condition or results of operations of the Company.

**Forward-Looking Statements**

This Current Report on Form 8-K and the attached Exhibit 99.1 include certain disclosures which contain forward-looking statements within the meaning of the U.S. federal securities laws, which involve risks and uncertainties. You can identify forward-looking statements because they contain words such as expect or similar expressions that concern the Company's strategy, plans or intentions. Any statement we make relating to developments and expectations relating to our Chilean operations, including the expected impacts of the New Law, is a forward-looking statement. Forward-looking statements are based on the Company's current expectations and assumptions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that may differ materially from those contemplated by the forward-looking statements, which are neither statements of historical fact nor guarantees or assurances of future performance. Important factors that could cause actual results to differ materially from the Company's expectations are set forth in its Annual Report on Form 10-K for the fiscal year ended December 31, 2016 and in its Quarterly Reports on Form 10-Q for the quarters ended March 31, 2017, June 30, 2017 and September 30, 2017 under the caption Risk Factors.
