REX SHARES AND BANK OF MONTREAL LAUNCH 3x LEVERAGED “FANG+” EXCHANGE TRADED NOTES ON NYSE ARCA

WESTPORT, Conn., January 23, 2018 /PRNewswire/ – REX Shares, LLC (REX) today announced a partnership with Bank of Montreal to launch a pair of exchange traded notes under the name “REX MicroSectorTM.” The BMO REX MicroSectorsTM FANG+TM Index 3X Leveraged ETNs and the BMO REX MicroSectorsTM FANG+TM Index -3X Inverse Leveraged ETNs are based on the NYSE FANG+TM Index, and started trading today on NYSE Arca under the tickers FNGU and FNGD.

The NYSE® FANG+TM Index (NYFANG) was created by ICE Data Services, which is part of Intercontinental Exchange (NYSE: ICE), in 2017 to provide exposure to a select group of highly-traded growth stocks of next generation technology and tech-enabled companies. This includes the five core “FANG” stocks — Facebook, Apple, Amazon, Netflix and Alphabet’s Google, plus another five actively-traded technology growth stocks — Alibaba, Baidu, NVIDIA, Tesla and Twitter. On November 8, 2017, ICE Futures U.S. launched a series of quarterly futures contracts based on the NYSE FANG+TM Index in order to offer hedging of and exposure to these companies.

REX, a provider of alternative investment products, sees large demand for hedging and trading vehicles based on targeted segments of the market such as FANG stocks. “We created the MicroSectorTM concept in order to address what we see as a gap in the marketplace for leveraged and inverse thematic sector products. We are thrilled to be working with BMO and ICE Data Services for our first two MicroSectorsTM products,” said Greg King, Founder and CEO of REX. BMO worked with REX on certain elements of product design and REX acts as Structuring Agent for the ETNs.

“We are looking forward to working with REX Shares and the NYSE on these new exchange traded notes which offer investors a strategic way to enhance their exposure to highly traded technology companies,” said Laurence Kaplan, MD & Head, US Notes, BMO Capital Markets. “Through this collaboration, we are able to build and offer novel products that give investors the ability to increase or decrease their exposure depending on their needs.”

The ETNs are senior, unsecured obligations of Bank of Montreal.

Investment suitability must be determined individually for each investor, and the ETNs may not be suitable for all investors. This information is not intended to provide and should not be relied upon as providing accounting, legal, regulatory or tax advice. Investors should consult with their own financial advisors as to these matters.

The notes are intended to be daily trading tools for sophisticated investors to manage daily trading risks as part of an overall diversified portfolio. They are designed to achieve their stated investment objectives on a daily basis. Bank of Montreal, the issuer of the ETNs, has filed a registration statement (including a pricing supplement, prospectus supplement and prospectus) with the SEC about the offering to which this free writing prospectus relates. Please read those documents and the other documents relating to this offering that Bank of Montreal has filed with the SEC for more complete information about Bank of Montreal and this offering. These documents may be obtained without cost by visiting EDGAR on the SEC Website at www.sec.gov. Alternatively, Bank of Montreal, any agent or any dealer participating in this offering will arrange to send the pricing supplement, the prospectus supplement and the prospectus if so requested by calling toll-free at 1-877-369-5412.
