The Fund

The Swiss Helvetia Fund, Inc. is a non-diversified, closed-end investment company whose objective is to seek long-term capital appreciation through investment in equity and equity-linked securities of Swiss companies. The Fund, listed on the New York Stock Exchange under the symbol "SWZ," is managed by Hottinger Capital Corp.

The Fund had a Morningstar overall rating of three stars as of December 31, 2005. Of course, past performance is no guarantee of future results. See the footnote on page 3 for more information.

Net Asset Value is calculated daily by 6:15 P.M. (Eastern Time). The most recent calculation is available by calling 1-888-SWISS-00 or by accessing our Website. Net Asset Value is also published weekly in BARRON'S and the Monday edition of THE WALL STREET JOURNAL.

Letter to Stockholders

GLOBAL MARKET OVERVIEW

The benign interest rate environment and tame inflation, combined with strong growth in India and China and sustained consumer spending in the U.S., were the main drivers for the strong global equity showing in 2005. Currencies were influenced by interest rate expectations, and in quite a few markets strong performance in local currencies was partially lost when translated into U.S. dollars. As was the case in 2004, small- and mid-cap stocks outperformed large-cap stocks; emerging markets outperformed developed markets; and value outperformed growth. The energy and raw material sectors continued to benefit from the strength of the emerging market economies.

SWISS MARKET REVIEW AND FUND PERFORMANCE

The Swiss market was among the strongest in Europe, and Europe had better performance in U.S. dollar terms than the United States. Factors behind the strength in the Swiss market included a more accommodative monetary policy, better exposure to emerging markets and the continued trend towards more

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

business combinations. Mergers and acquisitions activity has just started in Europe with the establishment of a pan-European debt market to finance buy-out groups. Political setbacks (such as the EU constitutional referendum) have largely been ignored by the Swiss and European markets. International money has continued its significant flows into Europe and Switzerland in anticipation of improvement in the economic landscape, in valuations, and in earnings growth. This compares favorably with the U.S. market which is thought by many to be plateauing or deteriorating.

As investor outlook becomes as global as the economy, investors are increasingly paying less attention to the national location of particular companies. Valuations across borders have converged strongly. Switzerland out-performed the rest of Europe, thanks to the worldwide dominance of its large corporations such as UBS AG, Nestle AG, Novartis AG and Roche AG. Nestle and UBS are harvesting the benefits of years of incisive investments and restructuring programs. Swiss pharmaceutical companies continue to benefit from a strong pipeline of new products and much lower exposure to patent expirations than their peers. In addition, in the mid-cap segment several companies have emerged as global leaders. These include Kuehne & Nagel International AG in trade forwarding and logistics, Sika AG in specialty chemicals and SGS Societe Generale de Surveillance Holding SA in industrial inspections, testing and verification services. As we have noted in past reports; Swiss companies, faced with a small domestic market, survived by expanding internationally early in their history. This put them in position to benefit from the current trend toward globalization.

The Fund clearly outperformed the Standard and Poor's 500 Index as measured in U.S. dollars, despite an appreciation of the U.S. dollar versus the Swiss franc, but underperformed the Swiss Performance Index (SPI) by 2.41% in Swiss francs. This is mostly due to the large increase in stock

2

Letter to Stockholders (continued)

prices of the largest companies in the SPI since September. The Fund historically, and for regulatory reasons, is less concentrated than the SPI in the top five companies.

As of December 31, 2005, the Fund had a rating of three stars from Morningstar.*

*Morningstar is an independent fund performance monitor. Its ratings reflect historic risk-adjusted performance and may change monthly. Its ratings of one (low) and five (high) stars are based on a fund's three- and five-year average annual total returns with fee adjustments, and a risk factor that reflects fund performance relative to three-month Treasury Bill monthly returns. Only 33% of the funds in an investment category may receive four or five stars. As of December 31, 2005, there were 9 funds in the Fund's asset category rated by Morningstar.

SWISS MARKET NEWS

Swiss Reinsurance Company has agreed to acquire GE Insurance Solutions, the fifth largest worldwide reinsurer, from General Electric Company. Once this acquisition receives regulatory and shareholder approval, Swiss Reinsurance

Company will become the world's largest reinsurer, ahead of Munich RE.

Adecco SA is no longer co-chaired as Philippe Floriel-Destezet resigned as a co-chairman. Klaus Jacobs, who shared the role of chairman with Mr. Floriel-Destezet, is taking over as sole chairman and interim CEO. At the end of December, Jacobs Holding owned 22% of Adecco.

In December, the U.S. Bankruptcy Court in Pittsburgh, Pennsylvania issued a plan that would settle one of ABB Ltd.'s biggest asbestos liabilities. Although this plan must be affirmed by the District Court and not be appealed, it is an important step towards final resolution of the asbestos issue.

Crucell, a Dutch biotechnology company, made a bid in December for Berna Biotech AG, the Swiss vaccine company.

SWISS ECONOMIC NOTES

On December 15, 2005, the Swiss National Bank (SNB), strictly following the European Central Bank (ECB) monetary policy, increased the target range for the three-month LIBOR by 0.25% to 0.50-1.50% and intends to hold the rate in the middle of the target range for the time being.

By increasing the rates, SNB responded to the positive signs of an economic recovery. The third quarter exceeded the previous quarter by an annualized figure of 4.3%. While this was mainly driven by the export sector, SNB noted that the domestic economy seems to be gradually picking up as well. For 2005, SNB increased its forecasts for GDP growth from 1% to 1.5%, and for 2006 it forecasts a growth rate slightly higher than 2%. With three-month LIBOR at 1%, SNB forecasts inflation rates to be at 0.8% and 1.2%, respectively, for 2006 and 2007. This will continue an expansionary monetary policy.

The unemployment rate decreased in October from 3.8% to 3.7%. SNB expects a more pronounced recovery in the labor market, as it sees signs of a recovery in corporate investments in the third quarter of 2005.

3

THE SWISS HELVETIA FUND, INC.

Letter to Stockholders (continued)

The interest rate on the 10-year confederation bond finished the year at 1.96%, after reaching a peak of 2.28% in the beginning of November.

CURRENCIES

The increase in the interest rate differential in the context of the global savings glut has been a short-term driver for the U.S. dollar, which appreciated 15.90% against the Swiss franc. The Swiss franc was almost flat against the euro, which is explained by the monetary policies of SNB and ECB. The appreciation of the U.S. dollar could be challenged as ECB and, in its steps, SNB started to increase rates in the last quarter of 2005.

OUTLOOK/STRATEGY

VALUATION

Valuation is not expected to be a driver this year for either stocks or bonds. Price earnings multiples for stocks are in line with historical averages but on the high side when adjusted for the economic cycle (normalized earnings versus current peak earnings).

While equity risk premiums are high relative to bonds, fixed income instruments exhibit very low nominal yields and tight credit spreads (corporate bonds and emerging market debt).

Valuations should not precipitate a severe correction in the market as long as risk free rates stay low on the long end of the curve.

INTEREST RATES

After enjoying a period of very strong performance, Europe (not including the United Kingdom) and the emerging markets are entering a cycle of interest rate tightening while, in the United States, the Federal Reserve is expected to pause soon. This scenario would support the euro and the Swiss franc and be detrimental to the U.S. dollar.

The U.S. yield curve is inverted, which has often preceded a recession, but this time around it could only be a sign of an economic slowdown. Technical factors such as the need for emerging market economies to recycle their surpluses and the pressure for pension funds to reform by building a strong incentive to closely match assets and liabilities, continue to create strong demand for long term debt instruments.

On the other side, while inflation expectations are dampened by low readings on the Consumer Price Index, the Index does not capture most of the inflation occurring in financial and real estate assets.

The slow progression of real wages (an impact of globalization) and the moderate progression in the price of goods and services is keeping central banks accommodative.

RISKS TO MONITOR

The geo-political situation and the potential avian flu pandemic are external risk factors to assess. A sharp rise in U.S. long-term rates and a slowdown in U.S. consumer

THE SWISS HELVETIA FUND, INC.

Letter to Stockholders (concluded)

spending (as inflation gives way to more stability or to deflation) are the most obvious threats to the markets. Globalization will continue to bring benefits and mitigate the impact of imbalances in the economic aggregates of different countries. The main risk here is a slowdown in this globalization process and the beginning of trade sanctions against emerging markets exporters.

STRATEGY

For the Swiss market, Management expects strong volatility in financials and in economically-sensitive stocks, especially in the small and mid-cap areas. To counter that development the Fund's investments are directed more towards defensive large-cap stocks. Management will, however, take advantage of any volatility to buy quality financial, cyclical and growth stocks at lower levels.

STOCK REPURCHASE PROGRAM

Pursuant to authorization by the Board, the Fund began open market purchases of its common stock on the New York Stock Exchange ("NYSE") in 1999 and has continued purchases in each subsequent year. The principal purpose of the stock repurchase program is to enhance stockholder value by increasing the Fund's net asset value per share without creating a meaningful adverse effect upon the Fund's expense ratio. During the year ended December 31, 2005, the Fund repurchased and retired 422,100 shares at an average price of \$15.56 per share (including brokerage commissions) and a weighted average discount of 13.80%. These repurchases, which had a total cost of \$6,568,476, resulted in an increase of \$1,044,349 to the Fund's net asset value.

The Board has authorized the Fund to repurchase up to 1,000,000 shares during 2006.

THE SWISS HELVETIA FUND, INC.

Notes to Financial Statements

NOTE 1--ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A. ORGANIZATION

The Swiss Helvetia Fund, Inc. (the "Fund") is registered under the Investment Company Act of 1940, as amended (the "Act"), as a non-diversified, closed-end investment management company. The Fund is organized as a corporation under the laws of the State of Delaware.

The investment objective of the Fund is to seek long-term growth of capital through investment in equity and equity-linked securities of Swiss companies.

B. VALUATION OF SECURITIES

The Fund values its investments at market value.

When valuing listed equity securities, the Fund uses the last sale price prior to the calculation of the Fund's net asset value. When valuing equity securities that are not listed or that are listed but have not traded, the Fund uses the mean between the bid and asked prices for that day.

When valuing fixed income securities, the Fund uses the last bid price prior to the calculation of the Fund's net asset value. If a current bid price is not available, the Fund uses the mean between the latest quoted bid and asked prices. When valuing fixed income securities that mature within sixty days, the Fund uses amortized cost.

It is the responsibility of the Fund's Board of Directors (the "Board") to establish fair valuation procedures. When valuing securities for which market quotations are not readily available or for which the market quotations that are available are considered unreliable, the Fund determines a fair value in good faith in accordance with these procedures. The Fund may use these procedures to establish the fair value of securities when, for example, a significant event occurs between the time the market closes and the time the Fund values its investments. After consideration of various factors, the Fund may value the securities at their last reported price or at some other value. On December 31, 2005, there were no fair valued securities.

C. SECURITIES TRANSACTIONS AND INVESTMENT INCOME

Securities transactions are recorded on the trade date. Realized gains and losses are determined by comparing the proceeds of a sale or the cost of a purchase with a specific offsetting transaction.

Dividend income, net of any foreign taxes withheld, is recorded on the ex-dividend date. Interest income, including amortization of premiums and accretion of discounts, is accrued daily. Estimated expenses are also accrued daily.

The Fund records Swiss withholding tax as a reduction of dividend income, net of any amount reclaimable from Swiss tax authorities in accordance with the tax treaty between the United States and Switzerland.

D. DISTRIBUTIONS

The Fund pays dividends annually to the extent it has any net investment income and net realized gains from foreign currency transactions and makes distributions of any net realized capital gains to the extent they exceed any capital loss carryforwards. The Fund determines the size and nature of these distributions in accordance with provisions of the Internal Revenue Code. Distributions may be paid either in cash or in stock with an option to take

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

cash. The Fund records dividends and distributions on its books on the ex-dividend date.

E. FEDERAL INCOME TAXES

The Fund's policy is to continue to comply with the requirements of the Internal Revenue Code that are applicable to regulated investment companies and to distribute all its taxable income to its stockholders. Therefore, no federal income tax provision is required.

Income and capital gain distributions are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles.

F. SECURITIES LENDING INCOME

The Fund may lend securities to financial institutions. The Fund retains beneficial ownership of the securities it has loaned and continues to receive amounts equivalent to the dividends paid on these securities and to participate in any changes in their market value. For the initial transaction, the Fund requires the borrowers of the securities to establish collateral with the Fund in the form of cash and/or government securities equal to 105% of the value of the securities loaned. Subsequent to the initial transaction, the Fund requires the

24

THE SWISS HELVETIA FUND, INC.

Notes to Financial Statements (continued)

borrowers to maintain collateral with the Fund equal to 100% of the value of the securities loaned. The Fund receives fees as compensation for lending its securities. Either the Fund or the borrower may terminate the securities loan at any time. There were no securities on loan during the 2005 fiscal year.

G. FOREIGN CURRENCY TRANSLATION

The Fund maintains its accounting records in U.S. dollars. The Fund determines the U.S. dollar value of foreign currency denominated assets, liabilities and transactions by using prevailing exchange rates. In valuing assets and liabilities, the Fund uses the prevailing exchange rate on the valuation date. In valuing securities transactions, the receipt of income and the payment of expenses, the Fund uses the prevailing exchange rate on the transaction date.

Net realized and unrealized gains and losses on foreign currency translations shown on the Fund's financial statements result from the sale of foreign currencies, from currency gains or losses realized between the trade and settlement dates on securities transactions, and from the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent of the amounts actually received or paid.

When calculating realized and unrealized gains or losses on investments in equity securities, the Fund does not separate the gain or loss attributable to changes in the foreign currency price of the security from the gain or loss attributable to the change in the U.S. dollar value of the foreign currency. Other foreign currency transactions resulting in realized and unrealized gain (loss) are disclosed separately.

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

H. ESTIMATES

In preparing its financial statements in conformity with accounting principles generally accepted in the United States, management makes estimates and assumptions. Actual results may be different.

I. CASH BALANCES

The Fund maintains cash in an interest bearing account that, at times, may exceed U.S. federally insured limits. The Fund has not experienced any losses in such account and does not believe it is exposed to any significant credit risk on such account.

J. CONTRACTUAL OBLIGATIONS

The Fund enters into contracts in the normal course of business that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

NOTE 2--FEES AND TRANSACTIONS WITH AFFILIATES

Hottinger Capital Corp. ("HCC"), which is owned jointly by Hottinger U.S., Inc. and Hottinger & Cie (Zurich), is the Fund's advisor (the "Advisor"). The Fund pays the Advisor an annual fee based on its month-end net assets which is calculated and paid monthly at the following annual rates: 1.00% of the first \$60 million, 0.90% of the next \$40 million, 0.80% of the next \$100 million, 0.70% of the next \$100 million, 0.65% of the next \$100 million, 0.60% of the next \$100 million, 0.55% of the next \$100 million, and 0.50% of such assets in excess of \$600 million. For the year ended December 31, 2005, the Fund paid the Advisor \$3,214,790 in investment advisory fees. The Fund paid Hottinger & Cie \$64,225 in brokerage commissions for the year ended December 31, 2005.

The Fund and the Advisor have agreed to share certain common expenses subject to review and allocation by the Audit Committee (the "Committee") of the Board. As of December 31, 2005, the Committee allocated \$77,376 of expenses incurred in connection with publicizing the Fund as follows: \$38,688 to the Fund and \$38,688 to the Advisor.

Certain officers and directors of the Fund are also officers or directors of HCC, Hottinger U.S., Inc. and Hottinger & Cie (Zurich). These persons are not paid by the Fund for serving in these capacities.

NOTE 3--OTHER FEES

Citigroup Fund Services, LLC ("Citigroup") provides certain administration and portfolio accounting services to the Fund.

American Stock Transfer & Trust Company is the Fund's transfer agent. The Fund pays the transfer agent an annual fee which is accrued daily and paid monthly.

Swiss American Securities Inc. is the Fund's U.S. custodian. Credit Suisse First Boston is the Fund's Swiss sub-custodian. The Fund pays the custodian and sub-custodian an annual fee.

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

The Fund pays each director who is not an interested person (as such term is defined in the Act) of the Fund, its Advisor, or Citigroup, approximately \$23,800 per annum in compensation, except for the Chairmen of the Audit Committee and the Governance/Nominating Committee, to whom the Fund pays an annual fee of approximately \$28,800. In addition, the Fund pays each disinterested director \$1,300 for each Board meeting attended and \$750 for each committee meeting attended, if it is held separately. In addition, the Fund reimburses directors who are not employees of or affiliated with the Advisor for out-of-pocket expenses incurred in conjunction with attendance at meetings.

NOTE 4--CAPITAL SHARE TRANSACTIONS

The Fund is authorized to issue up to 50 million shares of capital stock. HCC owned 130,034 of the 24,029,498 shares outstanding on December 31, 2005. Transactions in capital shares were as follows:

	For the Year Ended December 31, 2005		For the Year Ended December 31, 2004	
	Shares	Amount	Shares	Amount
Dividends				
Reinvested	542,380	\$ 7,643,488	--	\$ --
Repurchased	(422,100)	(6,568,476)	(189,100)	(2,537,410)
Net increase (decrease)	120,280	\$ 1,075,012	(189,100)	\$(2,537,410)
	=====	=====	=====	=====

NOTE 5--FEDERAL INCOME TAX AND INVESTMENT TRANSACTIONS

At December 31, 2005, accumulated net investment income and accumulated net realized gain (loss) from investments and foreign currency transactions have been adjusted for current period permanent book/tax differences which arose principally from differing book/tax treatments of foreign currency transactions.

The following reclassification was a result of currency losses and has no impact on the net assets of the Fund.

Undistributed Net Investment Income	Undistributed Net Realized Gain
\$ (670,310)	\$670,310

The aggregate cost of purchases and proceeds from sales of investments, other than short-term obligations, for the year ended December 31, 2005, were \$150,078,857 and \$180,884,385, respectively.

The tax character of distributions paid during 2005 and 2004 was as follows (see pages 28 and 29 for details):

2005	2004
----	----

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

Ordinary income	\$ 1,762,873	\$10,287,151
Long-term capital gains	\$37,076,957	\$12,089,529

At December 31, 2005, the components of distributable earnings on a tax basis were as follows:

Ordinary income	\$ 1,283,784
Long-term capital gains	\$ 5,017,526
Capital and other losses	(220,049)
Unrealized appreciation	\$242,876,291

For tax purposes, the current year post-October loss was \$220,049. This loss will be recognized for tax purposes on the first business day of the Fund's next year.

NOTE 6--STOCK REPURCHASE PROGRAM

Pursuant to authorization by the Board, the Fund began open market purchases of its common stock on the New York Stock Exchange ("NYSE") in 1999 and has continued purchases in each subsequent year. The principal purpose of the stock repurchase program is to enhance stockholder value by increasing the Fund's net asset value per share without creating a meaningful adverse effect upon the Fund's expense ratio. During the year ended December 31, 2005, the Fund repurchased and retired 422,100 shares at an average price of \$15.56 per share (including brokerage commissions) and a weighted average discount of 13.80%. These repurchases, which had a total cost of \$6,568,476, resulted in an increase of \$1,044,349 to the Fund's net asset value.

THE SWISS HELVETIA FUND, INC.

Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Directors of The Swiss Helvetia Fund, Inc.

We have audited the accompanying statement of assets and liabilities of The Swiss Helvetia Fund, Inc. (the "Fund"), including the schedule of investments, as of December 31, 2005, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodians. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2005, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

officer as required by Rule 30a-2(a) under the Act, including certifications regarding the quality of the Fund's disclosures in such reports and certifications regarding the Fund's disclosure controls and procedures and internal control over financial reporting.

Code of Ethics

The Board of Directors of the Fund and the Advisor have adopted Codes of Ethics pursuant to provisions of the Investment Company Act of 1940 (the "Codes"). The Codes apply to the personal investing activities of various individuals including directors and officers of the Fund and designated officers, directors and employees of the Advisor. The provisions of the Codes place restrictions on individuals who are involved in managing the Fund's portfolio, who help execute the portfolio manager's decisions or who come into possession of contemporaneous information concerning the investment activities of the Fund.

The fundamental principle of the Codes is that the individuals covered by the Codes have a fiduciary responsibility to the Fund and its stockholders. They are therefore required at all times to place the interests of the Fund and the stockholders first and to conduct all personal securities transactions in a manner so as to avoid any actual or potential conflict of interest or abuse of their position of trust.

Portfolio managers and other individuals with knowledge of Fund investment activities are prohibited from purchasing or selling a security during a blackout period of 30 calendar days before and after the date on which the Fund effects a trade in the same or a similar security. They are also prohibited from engaging in short term trading of Swiss equity or equity linked securities.

28

THE SWISS HELVETIA FUND, INC.

Additional Information (Unaudited)

Additionally, the Fund's portfolio managers are prohibited from participating in any initial public offering or private placement of Swiss equity and equity linked securities and other covered individuals must obtain prior clearance before doing so.

Any individual who violates the provisions of the Codes is required to reverse the transaction and to turn over any resulting profits to the Fund. The Fund and the Advisor have adopted compliance procedures and have appointed compliance officers to ensure that all covered individuals comply with the Codes.

THE SWISS HELVETIA FUND, INC.

Dividend Reinvestment Plan (Unaudited)

The Plan

The Fund's Dividend Reinvestment Plan (the "Plan") offers a convenient way for you to reinvest capital gains distributions and ordinary income dividends, payable in whole or in part in cash, in additional shares of the Fund.

Some of the Plan features are:

- . Once you enroll in the Plan, all of your future distributions and dividends payable in whole or in part in cash will be automatically reinvested in Fund shares in accordance with the terms of the Plan.
- . You will receive shares valued at the lower of the Fund's net asset value or the Fund's market price as described below. The entire amount of your distribution or dividend will be reinvested automatically in additional Fund shares. For any balance that is insufficient to purchase full shares of the Fund, your account will be credited with fractional shares.
- . Your shares will be held in an account with the Plan agent. You will be sent regular statements for your records.
- . You may terminate participation in the Plan at any time.

The following are answers to frequently asked questions about the Plan.

How do I enroll in the Plan?

If you are holding certificates for your shares, contact American Stock Transfer & Trust Company (AST) at the address shown below. If your shares are held in a brokerage account, contact your broker. Not all brokerage firms

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

permit their clients to participate in dividend reinvestment plans such as the Plan and, even if your brokerage firm does permit participation, you may not be able to transfer your Plan shares to another broker who does not permit participation. Your brokerage firm will be able to advise you about its policies.

How does the Plan work?

The cash portion of any dividends or distributions you receive, payable in whole or in part in cash, will be reinvested in shares of the Fund. The number of shares credited to your Plan account as a result of the reinvestment will depend upon the relationship between the Fund's market price and its net asset value per share on the record date of the distribution or dividend, as described below:

- . If the net asset value is greater than the market price (the Fund is trading at a discount), AST, as Plan Agent, will buy Fund shares for your account on the open market on the New York Stock Exchange or elsewhere. Your dividends or distributions will be reinvested at the average price AST pays for those purchases.
- . If the net asset value is equal to the market price (the Fund is trading at parity), the Fund will issue for your account new shares at net asset value.
- . If the net asset value is less than but within 95% of the market price (the Fund is trading at a premium of less than 5%), the Fund will issue for your account new shares at net asset value.
- . If the net asset value is less than 95% of the market price (the Fund is trading at a premium of 5% or more), the Fund will issue for your account new shares at 95% of the market price.

If AST begins to buy Fund shares for your account at a discount to net asset value but, during the course of the purchases, the Fund's market price increases to a level above the net asset val-

30

THE SWISS HELVETIA FUND, INC.

Dividend Reinvestment Plan (Unaudited) (concluded)

ue, AST will complete its purchases, even though the result may be that the average price paid for the purchases exceeds net asset value.

Will the entire amount of my distribution or dividend be reinvested?

The entire amount of your distribution or dividend, payable in cash, will be reinvested in additional Fund shares. If a balance remains after the purchase of whole shares, your account will be credited with any fractional shares (rounded to three decimal places) necessary to complete the reinvestment.

How can I sell my shares?

You can sell any or all of the shares in your Plan account by contacting AST. AST charges \$15 for the transaction plus \$.10 per share for this service. You can also withdraw your shares from your Plan account and sell them through your broker.

Does participation in the Plan change the tax status of my distributions or dividends?

No. The distributions and dividends are paid in cash and their taxability is

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

the same as if you received the cash. It is only after the payment of distributions and dividends that AST reinvests the cash for your account.

Can I get certificates for the shares in the Plan?

AST will issue certificates for whole shares upon your request. Certificates for fractional shares will not be issued.

Is there any charge to participate in the Plan?

There is no charge to participate in the Plan. You will, however, pay a pro rata share of brokerage commissions incurred with respect to AST's open market purchases of shares for your Plan account.

How can I discontinue my participation in the Plan?

Contact your broker or AST in writing. If your shares are in a Plan account, AST will send you a certificate for your whole shares and a check for any fractional shares.

Where can I direct my questions and correspondence?

Contact your broker, or contact AST as follows:

By mail:

American Stock Transfer & Trust Company
PO Box 922
Wall Street Station
New York, NY 10269-0560

Through the Internet:

www.amstock.com

Through AST's automated voice response System:

1-888-556-0425

AST will furnish you with a copy of the Terms and Conditions of the Plan without charge.

ANNUAL REPORT
FOR THE
YEAR ENDED DECEMBER 31, 2005

ITEM 2. CODE OF ETHICS

As of the end of the period covered by this report, the Registrant has adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to its principal executive officer and senior financial officer. A copy of the code of ethics is filed as an exhibit to this Form N-CSR.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT The Registrant's Board of Directors (the "Board") has determined that Messrs. Didier Pineau-Valencienne and Samuel B. Witt, III, Esq., each a member of the audit committee of the Board, are audit committee financial experts as defined by the Securities and Exchange Commission (the "SEC"). Messrs. Pineau-Valencienne and Witt each are "independent" as defined by the SEC for purposes of audit committee financial expert determinations.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES

(a) The aggregate fees billed for each of the last two fiscal years (the "Reporting Periods") for professional services rendered by the Registrant's principal accountant for the audit of the Registrant's annual financial statements, or services that are normally provided by the principal accountant in connection with the statutory and regulatory filings or engagements for the Reporting Periods, were \$36,000 in 2004 and \$38,575 in 2005.

(b) There were no audit-related fees billed to the Registrant in the Reporting Periods for assurance and related services rendered by the principal accountant that were reasonably related to the performance of the audit of the Registrant's financial statements and are not reported under paragraph (a) of this Item 4.

There were no fees billed in the Reporting Periods for assurance and related services rendered by the principal accountant to the Registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the Registrant (collectively the "investment adviser") which were required to be pre-approved by the audit committee as described in paragraph (e) (1) of this Item 4.

(c) The aggregate fees billed in the Reporting Periods for professional services rendered by the principal accountant to the Registrant for tax compliance, tax advice and tax planning ("Tax Services") were \$4,000 in 2004 and \$4,200 in 2005. These services consisted of review or preparation of U.S. federal, state, local and excise tax returns.

(d) There were no other fees billed in the Reporting Periods for products and services provided by the principal accountant to the Registrant, other than the services reported in paragraphs (a) through (c) of this Item.

(e) (1) The Registrant's Audit Committee pre-approves the principal accountant's engagements for audit and non-audit services to the Registrant, and certain non-audit services to the investment adviser that are required to be pre-approved on a case-by-case basis. Pre-approval considerations include

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

whether the proposed services are compatible with maintaining the principal accountant's independence.

(e) (2) No services included in (b) - (d) above were approved pursuant to paragraph (c) (7) (i) (C) of Rule 2-01 of Regulation S-X.

(f) None.

(g) The aggregate non-audit services billed by the principal accountant for services rendered to the Registrant in the reporting periods were \$4,000 in 2004 and \$4,200 in 2005. There were no fees billed in each of the Reporting Periods for non-audit services rendered by the principal accountant to the investment adviser.

(h) The Registrant's Audit Committee considers whether the provision of any non-audit services rendered to the investment adviser not pre-approved (not requiring pre-approval) by the Audit Committee is compatible with maintaining the principal accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS

The Registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. It is composed of the following Directors, each of who is not an "interested person" as defined in the Investment Company Act of 1940, as amended (the "Act"):

Didier Pineau-Valencienne
Claude Mosseri-Marlio
Samuel B. Witt, III, Esq.

ITEM 6. SCHEDULE OF INVESTMENTS

Not applicable.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES

The Registrant has delegated voting of proxies in respect of portfolio holdings to its investment adviser, Hottinger Capital Corp. (the "Advisor"), to vote the Registrant's proxies in accordance with Advisor's proxy voting guidelines and procedures. The Advisor has adopted proxy voting guidelines (the "Voting Guidelines") that provide as follows:

- o The Advisor votes proxies in respect of a client's securities in the client's best economic interests and without regard to the interests of the Advisor or any other client of the Advisor.
- o Unless the Advisor's Proxy Voting Committee (the "Committee") otherwise determines (and documents the basis for its decision) or as otherwise provided below, the Advisor votes proxies in a manner consistent with the Voting Guidelines.
- o To avoid material conflicts of interest, the Advisor applies the Voting Guidelines in an objective and consistent manner across client accounts. Where a material conflict of interest has been identified and the matter is covered by the Voting Guidelines, the Committee votes in accordance with the Voting Guidelines. Where a conflict of interest has been identified and the matter is not covered by the Voting Guidelines, the Advisor will disclose the conflict and the Committee's determination of the manner in which to vote to the Registrant's Audit Committee.

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

- o The Advisor also may determine not to vote proxies in respect of securities of any issuer if it determines that it would be in the client's overall best interests not to vote.

The Advisor's Voting Guidelines address how it will vote proxies on particular types of matters such as the election for directors, adoption of option plans and anti-takeover proposals. For example, the Advisor generally will:

- o support management in most elections for directors, unless the board gives evidence of acting contrary to the best economic interests of shareholders;
- o support option plans, if it believes that they provide for their administration by disinterested parties and provide incentive to directors, managers and other employees by aligning their economic interests with those of the shareholders while limiting the transfer of wealth out of the company; and
- o oppose anti-takeover proposals unless they are structured in such a way that they give shareholders the ultimate decision on any proposal or offer.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES

PRINCIPAL PORTFOLIO MANAGERS

As of the date of the filing of this Report on Form N-CSR, Messrs. Philippe Comby and Rudolf Millisits are primarily responsible for the management of the Registrant's portfolio.

Mr. Comby has been a portfolio manager of the Registrant since 1999, when he joined the Advisor. Mr. Comby is a Vice President of the Registrant and a Director and Senior Vice President of the Advisor. He also is a Director and the President of Hottinger U.S., Inc. and the Chief investment Officer and Senior Vice President of Hottinger Brothers LLC, each of which is a registered investment adviser affiliated with the Advisor. Mr. Comby has been affiliated with the Hottinger Group since 1994, providing portfolio management and client advisory services. He is a member of the New York Society of Security Analysts, a member of Global Association of Risk Professionals and a Chartered Financial Analyst.

Mr. Millisits has been a portfolio manager of the Registrant since 1994, when he joined the Advisor. Mr. Millisits is the Senior Vice President and Chief Financial Officer of the Registrant and the Chief Operating Officer, Executive Vice President and Chief Compliance Officer of the Advisor. He also is the Chairman and Chief Executive Officer of Hottinger U.S., Inc. and the President and Chief Financial Officer of Hottinger Brothers, LLC. Mr. Millisits has been affiliated with the Hottinger Group since 1993, providing portfolio management and private banking services. Prior to joining the Hottinger Group, Mr. Millisits was a portfolio manager for private clients for Credit Suisse in New York and Geneva.

PORTFOLIO MANAGEMENT

The Registrant's portfolio managers manage multiple accounts for a diverse client base, including private clients and institutions.

MATERIAL CONFLICTS RELATED TO MANAGEMENT OF SIMILAR ACCOUNTS. The potential for conflicts of interest exist when the Advisor or its affiliates and the portfolio managers manage other accounts that invest in securities in which

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

the Registrant may invest or that may pursue a strategy similar to the Registrant's strategy (collectively, "Similar Accounts"). In addition, the Registrant, as a registered investment company, is subject to different regulations than certain of the Similar Accounts, and, consequently, may not be permitted to engage in all the investment techniques or transactions, or to engage in such techniques or transactions to the same degree, as the Similar Accounts.

Potential conflicts of interest may arise because of a portfolio manager's management of the Registrant and Similar Accounts. For example, conflicts of interest may arise with both the aggregation and allocation of securities transactions and allocation of limited investment opportunities, as the portfolio manager may be perceived as causing accounts he manages to participate in an offering to increase his overall allocation of securities in that offering, or to increase his ability to participate in future offerings by the same underwriter or issuer. Allocations of bunched trades, particularly trade orders that were only partially filled due to limited availability, and allocation of investment opportunities generally, could raise a potential conflict of interest, as the portfolio manager may have an incentive to allocate securities that are expected to increase in value to preferred accounts. Initial public offerings, in particular, are frequently of very limited availability. Additionally, the Registrant's portfolio managers may be perceived to have a conflict of interest because of the number of Similar Accounts, in addition to the Registrant, that they are managing. In addition, the Advisor could be viewed as having a conflict of interest to the extent that the Advisor or its affiliates and/or the portfolio managers have a materially larger investment in a Similar Account than their investment in the Registrant.

A potential conflict of interest may be perceived to arise if transactions in one account closely follow related transactions in a different account, such as when a purchase increases the value of securities

previously purchased by the other account, or when a sale in one account lowers the sale price received in a sale by a second account.

OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS. The chart below includes information regarding the Registrant's portfolio managers, as of December 31, 2005. Specifically, it shows the number of other portfolios and assets, including the Registrant, managed by the Registrant's portfolio managers. Neither portfolio manager manages any accounts with respect to which the advisory fee is based on this performance of the account.

PORTFOLIO MANAGER	REGISTERED INVESTMENT COMPANIES (\$)	OTHER POOLED INVESTMENT VEHICLES (\$)	OTHER ACCOUNTS
Philippe Comby	1 (419.7 million)	0	21 (52.4 mi)
Rudolf Millisits	1 (419.7 million)	0	21 (52.4 mi)

COMPENSATION FOR THE PORTFOLIO MANAGERS

The portfolio managers are generally responsible for managing multiple types of accounts that may, or may not, invest in securities in which the

Edgar Filing: SWISS HELVETIA FUND, INC. - Form N-CSR

Registrant may invest or pursue a strategy similar to one of the Registrant's strategies.

During the fiscal period covered by this Report on Form N-CSR, the Registrant's portfolio managers were compensated by a competitive salary and bonus structure, which was determined both quantitatively and qualitatively. Salary and bonus are paid in cash. The portfolio managers are compensated on the performance of the aggregate group of portfolios they manage rather than for a specific fund or account. Various factors are considered in the determination of the portfolio managers' compensation. All of the portfolios managed by the portfolio managers are comprehensively evaluated to determine each portfolio manager's positive and consistent performance contribution over time. Further factors include the amount of assets in the portfolios as well as qualitative aspects that reinforce the Advisor's investment philosophy.

Total compensation is generally not fixed, but rather is based on the following factors: (i) leadership and commitment, (ii) maintenance of current knowledge and opinions on companies owned in the portfolio; (iii) generation and development of new investment ideas, including the quality of security analysis and identification of appreciation catalysts; (iv) ability and willingness to develop and share ideas; and (v) the performance results of the portfolios managed by the portfolio managers.

Variable bonus is based on the portfolio managers' quantitative performance as measured by their ability to make investment decisions that contribute to the pre-tax absolute and relative returns of the accounts managed by the portfolio manager, by comparison to predetermined benchmarks (for the Registrant, the Swiss Market Index and the Swiss Performance Index) over the current fiscal year and the longer-term performance (3-, 5- or 10-year, if applicable), as well as performance relative to peers. The portfolio managers' bonuses also can be influenced by subjective measurement of the managers' ability to help others make investment decisions.

OWNERSHIP OF SECURITIES OF THE REGISTRANT

As of December 31, 2005, Mr. Comby and Mr. Millisits owned between \$10,001-\$50,000 and over \$100,000 of shares of common stock of the Registrant, respectively.

At the October 18, 2005 meeting of the Board, the Board approved an increase in its authorization for open market repurchases of Fund shares by the Advisor from 250,000 shares to 500,000 shares. The approved increase, announced to the public in a press release on October 19, 2005, expired on December 31, 2005. At the December 8, 2005 meeting of the Board, the Board approved the purchase of up to 1,000,000 shares of the Fund by the Advisor during 2006. The approved purchase plan, announced to the public in a press release on December 8, 2005, expires on December 31, 2006.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS No material changes to procedures.

ITEM 11. CONTROLS AND PROCEDURES

(a) The Registrant's principal executive and principal financial officers have concluded, based on their evaluation of the Registrant's disclosure controls and procedures as of a date within 90 days of the filing date of this report, that the Registrant's disclosure controls and procedures are reasonably designed to ensure that information required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the required time periods and that information required to be disclosed by the Registrant in the reports that it files or submits on Form N-CSR is accumulated and communicated to the Registrant's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

(b) There were no changes to the Registrant's internal control over financial reporting that occurred during the Registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.
