ITEM 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

On November 13, 2006, the board of directors of Wild Oats Markets, Inc., a Delaware corporation (the "Registrant"), decided to close an aggregate of eight currently operating stores: (a) five stores operated under the Henry's Farmers Market banner located in Phoenix, Arizona, and (b) three stores operated under the Wild Oats Market banner and located in Omaha, Nebraska, Salt Lake City, Utah, and Fort Collins, Colorado. The Registrant anticipates that the store closures will be completed by December 16, 2006. The Registrant also has decided not to open one store under development in metropolitan Phoenix, Arizona. Additionally, the Registrant has impaired the operating assets to the expected net realizable value for two underperforming stores in other markets,

one of which will close when its lease expires in 2007. The decision to close the identified stores was made after the Registrant concluded that seven of the identified stores had or would under-perform in relation to expected sales, and that the other two stores, which are much older, in less defensible locations and were impacted by subsequent competition, were unlikely to show significant improvement in cash flows within an acceptable time frame.

The Registrant expects to incur an estimated \$25.5 million charge in the fourth fiscal quarter of 2006 to pre-tax earnings as follows:

Type of Cost	Charge (in millions)
Asset impairment charges	\$ 13.8
Lease-related liabilities	11.2
Severance for employees terminated during the fourth quarter of fiscal 2006	0.5
	=====
Total estimated restructuring and asset impairment charges	\$ 25.5

In addition to the restructuring charges reflected above, the Registrant expects to incur an estimated \$1.7 million in incremental operating costs in the fourth fiscal quarter of 2006 resulting from the store closure plan described above.

Risk Factors and Uncertainties

This report contains forward-looking statements, as defined in the Private Securities Litigation Reform Act of 1995, which involve risks and uncertainties. Such forward-looking statements include the anticipated performance of stores, expected future financial measures and prospects for favorable growth and performance. The statements made by the Registrant are based on management's present expectations, and actual results may differ from the results indicated or otherwise implied by such forward-looking statements due to certain risks and uncertainties including, but not limited to: the Registrant's ability to execute, the results of merchandising and marketing programs, the impact of competition and other factors as are set forth in the Registrant's SEC filings, including the Annual Report on Form 10-K for the fiscal year ended December 31, 2005 and the Registrant's quarterly reports on Form 10-Q. These risk factors may not be an all-inclusive enumeration of the business risks faced by the Registrant. Investors should recognize that the reliability of any projected financial data diminishes the farther in the future the data is projected.
