Yes No

Evidence of Oil in the Ultra-deep Waters of the Santos Basin

(Rio de Janeiro, August 30, 2005). - PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a Brazilian international energy company, announces that the consortium BM-S-10, made up of Petrobras (65%), BG (25%) and Partex (10%) is drilling the first exploratory well in the ultra-deep waters of the Santos Basin, in an area informally known as a "cluster".

In accordance with the current rules, Petrobras, as the operating company, has already notified this disclosure to the National Petroleum Agency.

When dealing with a new exploratory territory, the preliminary results are very important. Consequently, additional investments will be applied to evaluate the evidence of hydrocarbons.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
