## GOL Launches New Institutional Campaign and Repositions its Brand to Draw Even Closer to Clients

*Company adopts new signature and focuses on innovation, its main attribute, in its new advertising campaign*

**São Paulo, September 13, 2010** GOL Linhas Aéreas Inteligentes S.A. (BM&FBovespa: GOLL4 and NYSE: GOL), (S&P/Fitch: BB-/BB-, Moody`s: Ba3), the largest low-cost and low-fare airline in Latin America, launches a new institutional advertising campaign inspired by the concept of "imagination". The first commercial was aired during the TV program Faustão, on the Globo network.

Under the new slogan "GOL. You can always go further", the campaign reflects a moment when the company is drawing closer to its clients, betting on the creative, modern and innovative side of the GOL brand. "Now more than ever, the company is geared toward its customers' needs. This is what we want to show through the campaign: that GOL is drawing closer to its clients, in addition to being an intelligent, straightforward and pioneering airline," explained Florence Scappini, the Company's Advertising Manager.

The main commercial treats the brand's leading attribute - innovation - in a playful manner. The idea is represented by a boy who is playing with his model airplane while flying with GOL. In just nine years of operations, the company has broken paradigms, popularized air transport in Brazil and transformed the sector in an imaginative manner, offering intelligent solutions, such as check-in via Internet, cell phone, iPhone and self-service kiosks.

In addition to being broadcast on TV, on both the open and subscription channels, the new commercials will be featured in regular and 3D movie theaters, magazines, internet, on-board media, YouTube and Elemidia (TV screens in commercial building elevators). Subsequently, the campaign will be launched in Argentina, GOL's largest foreign market.

### About GOL Linhas Aéreas Inteligentes S.A.

GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and BM&FBOVESPA: GOLL4), (S&P/Fitch: BB-/BB-, Moody`s: Ba3), the largest low-cost and low-fare airline in Latin America, offers more than 900 daily flights to 52 destinations that connect all the important cities in Brazil and 13 major destinations in South America and Caribbean. The Company operates a young, modern fleet of Boeing 737 Next Generation aircraft, the safest and most comfortable of its class, with high aircraft utilization and efficiency levels. Fully committed to seeking innovative solutions through the use of cutting-edge technology, the Company - via its GOL, VARIG, GOLLOG, SMILES and VoeFácil brands - offers its clients easy payment facilities, a wide range of complementary services and the best cost-benefit ratio in the market.

*This release contains forward-looking statements relating to the prospects of the business, estimates for operating and financial results, and those related to growth prospects of GOL. These are merely projections and, as such, are based exclusively on the expectations of GOL's management concerning the future of the business and its continued access to capital to fund the Company's business plan. Such forward-looking statements depend, substantially, on changes in market conditions, government regulations, competitive pressures, the performance of the Brazilian economy and the industry, among other factors and risks disclosed in GOL's filed disclosure documents and are, therefore, subject to change without prior notice*

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
