Third quarter 2014 financial statements

Rio de Janeiro, November 14, 2014 – Petróleo Brasileiro S.A. – Petrobras, in compliance with the request made by the *Comissão de Valores Mobiliários* (Securities and Exchange Commission) of Brazil (CVM) to amend the press release issued on November 13, 2014, informs the following additional information:

Petrobras has chosen to release its third quarter 2014 financial statements, without a review by its Independent Auditors, in order to keep the market informed in recognition of the importance of transparency. The Company expects that by December 12, 2014, it will have a better understanding from the ongoing investigations by the independent law firms and by the Brazilian regulatory authorities, allowing for more accuracy in connection with any necessary adjustments to the financial statements based on the accusations and investigations related to the “Lava Jato Operation”.

Moreover, the Company has several financial contracts with covenants that provide for the delivery of quarterly financial statements, audited or unaudited, to the financial agents within 90 (ninety) days following the end of the quarter. These provisions allow the Company until 12.30.2014 to deliver the third quarter financial statements. Thus, in accordance with its contractual obligations, Petrobras has until that date to present the financial statements.

In light of the ongoing investigations, it is currently not possible for the Company to determine an estimated date for the disclosure of its Quarterly Financial Statements (ITR) for the period ended 09.30.2014, together with the review report issued by the Independent Auditors. Furthermore, the date to be established for the disclosure of these financial statements

together with the review report of the External Auditors is still contingent upon assessments from the Company's Auditors. As soon as the Company has more definition in this regard, the Company will announce the anticipated disclosure date to the market, at least 15 (fifteen) days in advance.

Finally, the credit rating agencies will be informed of the reasons why the Company did not disclose its financial statements with a review for the third quarter within the time period prescribed under Brazilian law, as well as the measures that have been taken by the Company.
