Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Explanation of Responses:

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain “disclosure controls and procedures,” as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Principal Executive Officer and Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. We conducted an evaluation under the supervision and with the participation of our Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report pursuant to Rule 13a-15 of the Exchange Act. Based on this Evaluation, our Principal Executive Officer and Principal Financial Officer concluded that our Disclosure Controls were not effective as of the end of the period covered by this report.

We are currently engaged in the review, documentation and remediation of its disclosure controls and procedures. Once our company is engaged in a business of merit and has sufficient personnel available, we will establish and implement the internal control procedures.

Changes in Internal Controls

There have been no changes in our internal control over financial reporting that occurred during the fiscal quarter covered by this Report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

From time to time, we may become involved in various lawsuits and legal proceedings, which arise, in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are currently not aware of any such legal proceedings or claims that we believe will have a material adverse effect on our business, financial condition or operating results.

Item 1A. Risk Factors.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

For the period from January 31, 2014, to April 30, 2014, we issued 15,896,103 shares of our common stock to IBC in connection with the conversion of a court settled liability. These shares of common stock were issued to IBC in reliance upon the exemption from registration under Section 3(a)(10) of the Securities Act as an issuance of securities in exchange for bona fide outstanding claims, where the terms and conditions of such issuance are approved by a court after a hearing upon the fairness of such terms and conditions at which all persons to whom it is proposed to issue securities in such exchange shall have the right to appear.

For the period from January 31, 2014 to April 30, 2014, we issued 40,695,581 shares of our common stock to Asher in connection with the conversion of debt.

For the period from January 31, 2014 to April 30, 2014, we issued 4,000,000 shares of our common stock to JMJ in connection with the conversion of debt.

On March 11, 2014, the Company issued an aggregate of 100,000 shares of Series A Preferred Stock to Mr. Alain French, the Company's President, Chief Executive Officer, Secretary and Treasurer, in consideration for services rendered to the Company, including for and as incentive to continue to assist and provide services to the Company. These shares were valued at \$100,871.

Unless otherwise noted, the above issuances of shares to are exempt from registration, pursuant to Section 4(2) of the Securities Act. These securities qualified for exemption under Section 4(2) of the Securities Act since the issuance securities by us did not involve a public offering. The offering was not a "public offering" as defined in Section 4(2) due to the insubstantial number of persons involved in the deal, size of the offering, manner of the offering and number of securities offered. We did not undertake an offering in which we sold a high number of securities to a high number of investors. In addition, these stockholders had the necessary investment intent as required by Section 4(2) since they agreed to and received share certificates bearing a legend stating that such securities are restricted pursuant to Rule 144 of the Securities Act. This restriction ensures that these securities would not be immediately redistributed into the market and therefore not be part of a "public offering." Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(2) of the Securities Act for this transaction.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Mine Safety and Health Administration Regulations

We consider health, safety and environmental stewardship to be a core value for the Company.

Our Dominican Republic exploration properties are not subject to regulation by the Federal Mine Safety and Health Administration (“MSHA”) under the Federal Mine Safety and Health Act of 1977 (the “Mine Act”). Pursuant to Section 1503(a) of the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd Frank Act”), issuers that are operators, or that have a subsidiary that is an operator, of a coal or other mine in the United States are required to disclose in their periodic reports filed with the SEC information regarding specified health and safety violations, orders and citations, related assessments and legal actions, and mining-related fatalities. During the quarter ended April 30, 2014 and the fiscal year ended July 31, 2013, despite the fact Santo Ming Corp is outside the “Mine Act” jurisdiction, the Company had no such specified health and safety violations, orders or citations, related assessments or legal actions, mining-related fatalities, or similar events in relation to our United States operations requiring disclosure pursuant to Section 1503(a) of the Dodd-Frank Act and Item 104 of Regulation S-K.
