Item 8.01 Other Events.

On June 18, 2009, The St. Joe Company, as plan sponsor of The St. Joe Company Pension Plan (the "Pension Plan"), signed a commitment to purchase a group annuity contract from Massachusetts Mutual Life Insurance Company for the benefit of the retired participants and certain other former employee participants in the Pension Plan. Current employees and those former employees with cash balances in the Pension Plan are not affected by the transaction.

The purchase price of the annuity is approximately \$101 million, which was funded from the assets of the Pension Plan on June 25, 2009. We estimate that the transaction will result in the transfer and settlement of pension benefit obligations in the approximate amount of \$93 million. With an estimated \$73 million of assets and \$28 million of benefit obligations remaining in the Pension Plan after the completion of the transaction, the Pension Plan's funded ratio will increase from approximately 145% to approximately 260%.

In connection with the transfer of the Pension Plan obligations and assets described above, we will record a non-cash charge to earnings for the second quarter of 2009 in the approximate amount of \$43 million pre-tax, or approximately \$27 million after tax. We will also record a credit in Accumulated Other Comprehensive Income on our Consolidated Balance Sheet offsetting the non-cash charge to earnings. As a result, we do not expect the transaction to have a material impact on our tangible net worth, calculated for purposes of our \$100 million revolving credit facility.

The foregoing estimates are based on actuarial calculations as of May 31, 2009, which will change through June 30, 2009, the measurement date for accounting purposes.

Additional information regarding this event is set forth in our press release dated June 25, 2009, a copy of which is filed as exhibit 99.1 hereto and is incorporated by reference herein.
