**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On June 20, 2013, Materion Corporation (the "Company") entered into a Second Amended and Restated Credit Agreement, dated as of June 20, 2013, by and among the Company, the Company's subsidiary, Materion Advanced Materials Technologies and Services Netherlands B.V. ("MAMTS Netherlands"), JPMorgan Chase Bank, N.A., as administrative agent for itself and the other lenders party thereto (the "Agent"), and the several banks and other financial institutions or entities from time to time party thereto (the "Credit Agreement"). The Credit Agreement matures on June 20, 2018 and provides for a \$375 million revolving credit facility comprised of sub-facilities for revolving loans, swingline loans, letters of credit and foreign borrowings. The Credit Agreement also provides for an uncommitted incremental facility whereby, under certain circumstances, the Company may be able to borrow additional term loans in an aggregate amount not to exceed \$100 million.

The Company entered into the Credit Agreement to amend and restate the previous Amended and Restated Credit Agreement, dated as of July 13, 2011, by and among the Company, MAMTS Netherlands, the lenders party thereto, and the Agent (the "Previous Credit Agreement"). The proceeds of the loans under the Credit Agreement will be used to finance the working capital needs and general corporate purposes of the Company and its subsidiaries in the ordinary course of business.

The Credit Agreement contains representations, warranties and covenants that are customary for agreements of this type and are similar to the representations, warranties and covenants that were contained in the Previous Credit Agreement. Among other things, the covenants in the Credit Agreement limit the Company's and its subsidiaries' ability to incur additional indebtedness; create liens; merge or consolidate with certain other entities; make certain investments, advances and acquisitions; enter into swap arrangements; declare dividends or make distributions, stock repurchases or other restricted payments; and engage in certain affiliate transactions. In addition, the Credit Agreement requires the Company and its consolidated subsidiaries to maintain a maximum leverage ratio and a minimum fixed charge coverage ratio. The Credit Agreement also contains certain customary events of default, including, but not limited to, the failure to make required payments, the material breach of a representation of warranty, the failure to observe certain covenants or agreements, the occurrence of a change of control and bankruptcy and other insolvency events.

The Credit Agreement is secured by substantially all of the assets (other than non-mining real property and certain other assets) of the Company and its following subsidiaries: Materion Natural Resources Inc.; Materion Brush Inc.; Materion Large Area Coatings LLC; and Materion Advanced Materials Technologies and Services Inc. (collectively, the "Material Subsidiaries"). Each Material Subsidiary has also agreed to guaranty the obligations under the Credit Agreement.

**Item 9.01 Financial Statements and Exhibits.**

10.1 Second Amended and Restated Credit Agreement, dated as of June 20, 2013, among Materion Corporation, as borrower, MAMTS Netherlands, as a foreign subsidiary borrower, JPMorgan Chase Bank, N.A., as administrative agent for itself and the other lenders party thereto, and the several banks and other financial institutions or entities from time to time party thereto.

The Credit Agreement is filed as Exhibit 10.1 to this Current Report on Form 8-K. The foregoing description of the Credit Agreement is qualified in its entirety by reference to the full text of the Credit Agreement, which is incorporated herein by reference.
