Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On October 15, 2013, Ashland Inc. announced that it is realigning senior leadership within two commercial units as part of an ongoing commitment to unlock new value and growth opportunities within its global specialty chemicals businesses.

Effective immediately, John E. Panichella, 54, Ashland senior vice president, has been named president of Ashland Water Technologies and Luis Fernandez-Moreno, 51, has been appointed senior vice president of Ashland and president of Ashland Specialty Ingredients. Mr. Panichella has served as president of Ashland Specialty Ingredients for the past two years and as group operating officer responsible for Ashland Water Technologies since last November. Mr. Fernandez-Moreno has served as vice president of Ashland and president of Ashland Water Technologies since last November.

The realignment is discussed in more detail in the news release attached hereto as Exhibit 99.1, which is incorporated by reference into this Item 5.02.

Forward-Looking Statements

This Current Report on Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Ashland has identified some of these forward-looking statements with words such as “anticipates,” “believes,” “expects,” “estimates,” “may,” “will,” “should” and “could” and the negatives of these words or other comparable terminology. In addition, Ashland may from time to time make forward-looking statements in its filings with the Securities and Exchange Commission (SEC), news releases and other written and oral communications. These forward-looking statements are based on Ashland’s expectations and assumptions, as of the date such statements are made, regarding Ashland’s future operating performance and financial condition, the economy and other future events or circumstances. Ashland’s expectations and assumptions include, without limitation, internal forecasts and analyses of current and future market conditions and trends, management plans and strategies, operating efficiencies and economic conditions (such as prices, supply and demand, cost of raw materials, and the ability to recover raw-material cost increases through price increases), and risks and uncertainties associated with the following: Ashland’s substantial indebtedness (including the possibility that such indebtedness and related restrictive covenants may adversely affect Ashland’s future cash flows, results of operations, financial condition and its ability to repay debt), the potential strategic transaction involving Ashland Water Technologies and the potential sale of the elastomers business (including, in each case, the possibility that a transaction may not occur or that, if a transaction does occur, Ashland may not realize the anticipated benefits from such transaction), Ashland’s ability to generate sufficient cash to finance its stock repurchase plans, severe weather, natural disasters, and legal proceedings and claims (including environmental and asbestos matters). Various risks and uncertainties may cause actual results to differ materially from those stated, projected or implied by any forward-looking statements, including, without limitation, risks and uncertainties affecting Ashland that are described in its most recent Form 10-K (including Item 1A Risk Factors) filed with the SEC, which is available on Ashland’s website at <http://investor.ashland.com> or on the SEC’s website at www.sec.gov. Ashland believes its expectations and assumptions are reasonable, but there can be no assurance that the expectations reflected herein will be achieved. Ashland undertakes no obligation to subsequently update any forward-looking statements made in this Current Report on Form 8-K or otherwise except as required by securities or other applicable law.
