Item 1.01 Entry into a Material Definitive Agreement

The information required by Item 1.01 is included in Item 2.03 below and is incorporated by reference herein.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On September 15, 2014, Sears Holdings Corporation (the “Company”), through Sears, Roebuck and Co., Sears Development Co., and Kmart Corporation (“Borrowers”), entities wholly-owned and controlled, directly or indirectly by the Company, entered into a \$400 million secured short-term loan (the “Loan”) with JPP II, LLC and JPP, LLC (together, the “Lender”), entities affiliated with ESL Investments, Inc. (“Investments”). Mr. Edward S. Lampert, the Company’s Chief Executive Officer and Chairman, is the sole stockholder, chief executive officer and director of Investments. The first \$200 million of the Loan was funded at the closing on September 15, and, subject to the satisfaction of certain post-closing conditions, \$200 million will be funded on September 30, 2014. The Company expects to use the proceeds of the Loan for general corporate purposes.

The Loan is scheduled to mature on December 31, 2014, but as long as there is no event of default, the maturity date can be extended to February 28, 2015 at the discretion of the Company upon the payment of an extension fee equal to .5% of the principal amount. The Loan will have an annual base interest rate of 5%. The Borrowers are required to pay an upfront fee of 1.75% of the full principal amount.

The Loan is guaranteed by the Company and is secured by a first priority lien on 25 real properties owned by the Borrowers. In certain circumstances, the Lender may exercise its reasonable determination to substitute one or more of the properties with substitute properties. The Loan includes customary representations and covenants, including with respect to the condition and maintenance of the real property collateral.

The Loan has customary events of default, including (subject to certain materiality thresholds and grace periods) payment default, failure to comply with covenants, material inaccuracy of representation or warranty, and bankruptcy or insolvency proceedings. If there is an event of default, the Lender may declare all or any portion of the outstanding indebtedness to be immediately due and payable, exercise any rights it might have under any of the Loan documents (including against the collateral), and instead of the base interest rate, the Borrowers will be required to pay a default rate equal to the greater of (i) 2.5% in excess of the base interest rate and (ii) the prime rate plus 1%. The Loan may be prepaid in whole or in part, without penalty or premium.
