PUBLIC COMPANY MANAGEMENT CORPORATION

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Public Company Management Corporation have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (SEC), and should be read in conjunction with the audited financial statements and notes thereto filed with the SEC on Form 10-KSB filed with the SEC on December 29, 2005. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for fiscal year 2005, as reported in the Form 10-KSB filed with the SEC on December 29, 2005, have been omitted.

NOTE 2 - COMMON STOCK

During the three months ended December 31, 2005, 80,000 shares were issued for services rendered and valued at their fair value ranging from \$.61 to \$.90 per share, totaling \$64,250.

Item 2. Management's Discussion and Analysis or Plan of Operations.

This Quarterly Report on Form 10-QSB includes "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), which can be identified by the use of forward-looking terminology such as, "may," "believe," "expect," "intend," "anticipate," "estimate" or "continue" or the negative thereof or other variations thereon or comparable terminology. Although we believe that our expectations reflected in such forward-looking statements are reasonable, we cannot give any assurance that such expectations will prove to be correct. Important factors with respect to any such forward-looking statements include, but are not limited to, our limited history of operations, availability of additional capital necessary to execute our plan of operations, the volatility of the over-the-counter Bulletin Board (the OTCBB) market and the effect of such volatility on the value of the marketable securities we receive for our services, changes in the state and federal regulation of securities, as well as the availability of necessary personnel and general economic conditions within the United States and other risks including those set forth in our most recently filed annual report on Form 10-KSB under the heading Risk Factors.

Overview

Public Company Management Corporation (PCMC or the Company), a Nevada corporation, was formed on October 26, 2000. On October 1, 2004, MyOffiz, Inc. (MyOffiz) entered into an exchange Agreement (the Agreement) with the certain controlling shareholders of GoPublicToday.com, (GPT), Pubco White Papers, Inc., (PWP), Nevada Fund, (NF), and Public Company Management Services, Inc. (PCMS). Pursuant to the Agreement, MyOffiz acquired approximately 92.1% of the outstanding shares of GPT, all of the outstanding shares of PWP, approximately 98.0% of the outstanding shares of NF, and all of the outstanding shares of PCMS in exchange for an aggregate of 15,326,650 newly issued treasury shares of MyOffiz s common stock. Subsequent to the Agreement, MyOffiz obtained 100% of GPT and PWP, changed its fiscal year end from June 30, to September 30, and changed its name to Public Company Management Corporation.

PCMC is the holding company for, and conducts operations through its subsidiary companies, GPT, PWP, NF, and PCMS. The term we and our refers to Public Company Management Corporation and its subsidiaries unless otherwise stated.

Description of Business

We are primarily engaged in education and consulting services to assist small, privately held, businesses create long-term value for their shareholders and partners by obtaining and maintaining access to the public capital markets.

We provide educational materials that help private companies determine whether they should become public and the appropriate methods available to them; provide consulting services and advice relating to the registration of securities for self distributions, and provide consulting services and

advice relating to compliance with the federal securities laws and corporate governance. In addition, we created the PCMC Bulletin Board 30 Index TM, a comprehensive tracking index of OTCBB stocks to increase awareness of the OTCBB as a public equity market and micro-cap issuers.

Our clients consist primarily of growing small-to-middle market private companies that:

Have a business plan showing a potential for profitable operation and above normal growth within three to five years;

Operate in either established markets, high growth potential niche markets and/or market segments that are differentiated, driven by pricing power or mass scale standardized product/service delivery.

Support favorable financial expectations regarding return on investment; and

Have an experienced management team that owns a significant portion of current equity.

We provide our services through three subsidiary companies:

PubCo White Papers, Inc. (*PWP*) prepares and publishes white papers addressing critical financial, industry and regulatory issues and questions of interest to private companies considering the pros and cons of seeking public equity. The white papers published by PWP address a wide range of topics including the OTCBB and Pink Sheet markets, regulatory compliance requirements, strategic planning, liquidity, and financing matters. PWP created the website, PubcoWhitePapers.com, to provide an easily assessable destination for the owners of private companies to obtain the information they need to decide whether to go public, maintain compliance with corporate and securities laws, and access the funding that they need to reach their goals.

GoPublicToday.com, Inc. (*GPT*) provides significant consulting services, advice and management assistance in connection with the registration of securities for self-distribution and admission of securities to trading on the OTCBB or other securities markets. Services provided by GPT include:

○

advice regarding debt and equity structure of the client;

○

business plan preparation;

○

consulting services and advice relating to private placement of securities under state and federal securities laws;

○

SIC Code peer group development;

○

liaison with independent public accountants to conduct audits;

○

liaison with counsel regarding corporate and securities matters;

○

consulting services and advice relating to filing registration statements with the SEC and state blue sky filings for self-distributions;

○

identification of brokerage firms to serve as market makers; and

○

consulting services and advice regarding NASD requirements for OTCBB listing.

Public Company Management Services, Inc. (PCMS) provides consulting services and advice relating to compliance with federal and state securities and corporate governance regulations to companies trading on the OTCBB and Pink Sheets markets, private companies and other market participants. PCMS services are designed with small companies in mind and geared towards assisting its clients to comply with all appropriate rules and regulations pertaining to public companies, such as

○

Section 13 or 15 of the Exchange Act;

○

Preparation for compliance with the Sarbanes-Oxley requirements;

○

Preparation for compliance with corporate governance assessment;

○

Identification of Regulatory Risks;

○

Human Resource Compliance; and

○

Federal and State Securities Regulations

We market our services primarily through direct mail and email to potential clients, internet advertisement, through the PWP website, and various educational communications designed to promote the availability of public equity markets to companies with very small capitalization. We created the PCMC Bulletin Board 30 Index™ in July 2005 to promote greater awareness and familiarity with the OTCBB, the primary market for small issuers, and to increase our exposure as a provider of services to the micro-cap market. We anticipate that the PCMC Bulletin Board 30 Index™ will serve to educate greater numbers of investors about the validity of OTCBB stocks and to broadcast the value of the OTCBB as a springboard for small companies to launch into the mainstream exchanges. The PCMC Bulletin Board 30 Index™ consists of 30 stocks that are selected based on: (1) three month average trade volume; (2) market capitalization; (3) historical stock price; (4) shares outstanding; (5) estimated float; (6) sales; (7) operating history; and (8) industry/sector diversity. The PCMC Bulletin Board 30 Index™ is a measurement of performance of stocks traded exclusively in the OTCBB. The index is comprised of 30 stocks and is not a full representation of the OTCBB marketplace, but rather a stratified grouping of stocks that meet certain well recognized standards. We receive payment for our services in the form of cash and restricted securities issued by our clients.

Competitive Conditions

We compete with a large number of consulting firms, investment banks, merchant banks, financial advisors, and other companies that offer similar services. Many of our competitors have greater financial and management resources and some have greater market recognition than we do. We compete by targeting an underserved market and providing service to our clients through the experience and knowledge of our management personnel, the quality of our analysis and decision-making processes, and our flexible fee structures. We believe that we occupy a unique niche relating to privately held companies seeking access to the public equity markets that is substantially underserved.

Recent Events

During the three months ended December 31, 2005, we signed contracts with two clients to provide them with consulting and advisory services in connection with various corporate and securities matters.

Gary Clark, Ph.D. and Steven Chaussey, CPA joined our Advisory Board. The purpose of the Advisory Board is to provide advice and counsel to our sole director on legal and regulatory compliance and other areas relating to our operation. The Advisory Board focuses on strengthening our business model by making actionable recommendations that PCMC management and its network of supporters can execute their efforts to create intrinsic value for PCMC.

On December 27, 2005, we and PN2media, Inc. mutually agreed to terminate the services contract pursuant to which we were to provide consulting and advisory services to PN2media in connection with various corporate and securities matters. We and PN2media also agreed that we are not obligated to update, revise, amend or maintain any documents or advice provided pursuant to the services contract or otherwise to reflect actual results, changes in facts, risks, uncertainties or assumptions underlying or affecting such documents or advice, or for prospective events that may have a retroactive effect on such documents or advice. In addition, we each released the other from all claims.

Effective January 2, 2006, we and Kipley J. Lytel, CFA, entered into an employment agreement pursuant to which Mr. Lytel serves as our Chief Operating Officer and Secretary. In his new position, Mr. Lytel will focus on generating new clients and streamlining the process of consulting as project manager with many current clients. Mr. Lytel will perform other functions including investor relations, marketing and strategic development.

Results of Operations for the Three Months Ended December 31, 2005 Compared to the Three Months Ended December 31, 2004.

Our revenue increased \$111,447, or 27%, to \$517,439 for the three months ended December 31, 2005 from \$405,992 for the three months ended December 31, 2004. This increase was primarily the result of contract completion revenue recognized during the fiscal quarter ending December 31, 2005.

General and administrative expenses decreased \$201,739, or 34%, to \$385,863 for the three months ended December 31, 2005 from \$587,602 for the three months ended December 31, 2004. The decrease in general and administrative

expenses was a result of a decrease in consulting fees of \$332,791 and a \$19,319 decrease in marketing and advertising expenses, which were offset by a \$98,790 increase in legal fees and expenses, a \$45,225 increase in accounting fees and expenses, and a \$6,356 increase in expenses related to operations and administrative activities.

Bad debt expense increased \$70,500 to \$70,500 for the three months ended December 31, 2005, from \$-0- for the three months ended December 31, 2004, primarily as a result of increases in bad debt allowances for potential un-collectable consulting fees due from client companies.

Depreciation and amortization expenses decreased \$90 to \$12,352 for the three months ended December 31, 2005, from \$12,442 for the three months ended December 31, 2004, primarily as a result of decreases in capitalized equipment during the interim period.

Income from operations was \$48,724 for the three months ended December 31, 2005, compared to loss from operations of \$194,052 for the three months ended December 31, 2004. The change was due to our increase in revenues and our overall decrease in total operating costs.

We had other expenses of \$246,347 for the three months ended December 31, 2005, as compared to other income of \$726,460 for the three months ended December 31, 2004. The change is primarily due to unrealized losses on marketable securities of \$217,431 for the three months ended December 31, 2005, from unrealized gains on marketable securities of \$629,793 for the three months ended December 31, 2004, due to changes in the market value of securities versus market value in the prior period. We had realized losses on sales of marketable securities of \$375 for the three months ended December 31, 2005, compared to realized gains on sales of marketable securities of \$101,324 for the three months ended December 31, 2004, due to limited sales of marketable securities versus the prior period. We had interest income of \$10 for the three months ended December 31, 2005, as compared to interest income of \$6,464 for the three months ended December 31, 2004, due to a reduction in notes receivable between fiscal periods. Our interest expense increased \$17,430, or 157%, to \$28,551 for the three months ended December 31, 2005, as compared to interest expense of \$11,121 for the three months ended December 31, 2004, due to an increase in short-term debt.

We recorded a full valuation allowance against deferred tax assets during the three months ended December 31, 2005, because management believes it is more likely than not that deferred tax assets will not be realized. No such valuation allowance was recorded during the three months ended December 31, 2004.

We had a net loss of \$197,623 for the three months ended December 31, 2005, compared to net income of \$351,389 for the three months ended December 31, 2004. The change to a net loss from net income was due to the increase in other expenses.

Liquidity and Capital Resources

During the three months ended December 31, 2005, net cash decreased \$38,328 consisting of \$151,946 used in operations, which was partially offset by \$10,875 provided by investing activities and \$102,743 provided by financing activities. As of December 31, 2005, we had negative working capital of \$1,460,132, including current assets consisting of \$651,364 in cash and marketable securities, \$88,024 in accounts, notes, and interest receivable (net of allowance for uncollectability) less \$2,199,520 in current liabilities. As of December 31, 2005, current liabilities consisted of deferred revenues of \$1,604,150, accounts payable and accrued expenses of \$306,138, notes payable of \$194,520, bank lines of credit of \$78,697 and current portion of installment notes payable of \$16,015.

We believe that we can meet our cash requirements during the next twelve months from cash from operations or sales of marketable securities. In the past, from time-to-time, Our President, Chief Executive Officer, sole director and majority shareholder, Stephen Brock has provided personal capital funding to the company. Mr. Brock has expressed his intent to continue to support our operations with additional funds in the event other outside funding sources, cash from operations or sales of marketable securities do not provided sufficient funds during the next twelve months; provided, however, that Mr. Brock is financially able to do so, of which there can be no assurance. We do not have any firm commitments or other identified sources of additional capital from third parties or from our officers including Mr. Brock or from other shareholders.

We continue to aggressively market our services to small and emerging businesses. We continued to sign contracts with clients during the three months ending December 31, 2005, to provide consulting and advisory services in connection with various corporate and securities matters. Although we receive payment under such contracts early in the contract term, earnings under such contracts are recognized as certain milestones are completed. As a result, each contract may have a material impact on future income as the services are provided and the payments received are recognized as income.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations is based upon our financial statements, which have been prepared in accordance with accounting principals generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates

under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our financial statements:

Revenue Recognition. Revenue is recognized when the earning process is complete and the risks and rewards of ownership have transferred to the customer, which is generally considered to have occurred upon performance and acceptance of the services provided. The services provided sometimes take several months. Effective with the quarterly period ended March 31, 2005, we adopted a revenue recognition policy based on the estimated number of hours involved in providing consulting services relating to: (i) initial due diligence (20%), (ii) preparation and filing of a registration statement with the SEC (20%), (iii) effectiveness of a registration statement (25%) and (iv) qualification for quotation on the OTCBB or listing on a securities market or exchange (35%). Revenues are not recognized for the value of securities received as payment for services when there is no public trading market and there have been no recent private sales of the security.

Valuation of marketable securities. Marketable securities are classified as trading securities, which are carried at their fair value based upon quoted market prices of those securities at each period-end. Accordingly, net realized and unrealized gains and losses on trading securities are included in net income.

Valuation of non-marketable securities. Non-marketable securities are not traded on a public exchange and therefore do not have a readily determinable fair value. Management estimates the value of non-marketable securities based on contemporaneous third party private sales.

Item 3. Controls and Procedures.

Our President and Chief Executive, who also acts as our Principal Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the fiscal quarter covered by this report and measured their effectiveness based on the types of additional disclosures that were required and not previously made during such period. Based on that evaluation, our President, Chief Executive Officer and Principal Financial Officer has concluded that our disclosure controls and procedures were effective as of the end of the fiscal quarter covered by this report.

No significant changes have been made in our internal control over financial reporting during the fiscal quarter covered by this report that have had a material affect or are reasonably likely to have a material affect on our internal control over financial reporting.

PART II

OTHER INFORMATION

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table lists unregistered sales of our common stock during the period covered by this report.

| <u>Purchaser</u> | <u>Shares</u> | <u>Consideration</u> | <u>Value</u> | <u>Date</u> |
|------------------|---------------|----------------------|--------------|-------------|
| Michael Williams | 45,000 | Services Rendered | \$ | 11/23/2005 |
| | | | 40,500 | |
| Dennis Hensling | 10,000 | Services Rendered | \$ | 11/29/2005 |
| | | | 8,500 | |
| Steve Chaussy | 25,000 | Services Rendered | \$ | 12/15/2005 |
| | | | 15,250 | |

All of the above transactions were exempt from registration under the Securities Act under Section 4(2) as transactions not involving a public offering because of the limited number of persons involved in each transaction, the relationship between such persons and the Company, the access of such persons to information about the Company that would have been available in a public offering, and the absence of any public solicitation or advertising.

Item 5. Other Information.

The terms of Mr. Lytel's employment agreement will be provided in a Form 8-K to be filed subsequent to this report.

Item 6. Exhibits

| <u>Exhibit No.</u> | <u>Description of Exhibit</u> |
|--------------------|---|
| 31* | Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 |
| 32* | Certification pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 |

*

Filed herein.
