Item 1.01. Entry into a Material Definitive Agreement.

On August 31, 2010, BKEP Crude, L.L.C. (“BKEP Crude”), a subsidiary of Blueknight Energy Partners, L.P. (the “Partnership”), and Vitol Inc. entered into a Throughput Capacity Agreement (the “Throughput Agreement”). The membership interests of Blueknight Energy Partners G.P., L.L.C., the general partner of the Partnership (the “General Partner”), are owned by Blueknight Energy Holding, Inc. (“Blueknight Holding”). Blueknight Holding and Vitol Inc. are affiliated entities as both companies are indirectly owned by Vitol Holding B.V.

Pursuant to the Throughput Agreement, Vitol Inc. will purchase 100% of the throughput capacity on BKEP Crude’s Eagle North Pipeline System. BKEP Crude currently intends to put the Eagle North Pipeline System into service in the fourth quarter of 2010. Vitol Inc. will pay BKEP Crude a prepaid fee equal to \$5.5 million and additional usage fees for every barrel delivered by or on behalf of Vitol Inc. on the system. In addition, if the payments made by Vitol Inc. in any contract year under the Throughput Agreement are in the aggregate less than \$2,364,892, then Vitol Inc. will pay BKEP Crude a deficiency payment equal to \$2,364,892 minus the aggregate amount of all payments made by Vitol Inc. during such contract year. The Throughput Agreement has a term that extends for four years after the Eagle North Pipeline System is completed and may be extended by mutual agreement of the parties for additional one-year terms. If the capacity on the Eagle North Pipeline System is unavailable for use by Vitol Inc. for more than 60 days, whether consecutive or nonconsecutive, during the term of the Throughput Agreement, then Vitol Inc. shall have the right to terminate the Throughput Agreement within six months after such lack of capacity. BKEP Crude has previously contracted to provide throughput services on the Eagle North Pipeline System to a third party and Vitol Inc.’s rights to the capacity of the Eagle North Pipeline System are subordinate to the rights of such third party. In addition, for so long as a default by Vitol Inc. relating to payments under the Throughput Agreement has not occurred and is continuing, BKEP Crude will remit to Vitol Inc. any and all tariffs and deficiency payments received by BKEP Crude or its affiliates from such third party pursuant to its agreement with BKEP Crude. Entering into the Throughput Agreement was approved by the Conflicts Committee of the General Partner’s Board of Directors in accordance with the Partnership’s procedures for approval of related party transactions and the provisions of its partnership agreement.

This description of the Throughput Agreement is only a summary of the material terms and is qualified in its entirety by the full and complete terms of the Throughput Agreement, a redacted copy of which will be filed with the Securities and Exchange Commission as an exhibit to the Partnership’s Quarterly Report on Form 10-Q for the period ending September 30, 2010.
