Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

Altair Nanotechnologies Inc. (the "Company") has filed an amendment to its certificate of incorporation with the Secretary of State of Delaware, which amendment became effective on December 17, 2012.

The amendment to Article Four of the certificate of incorporation effected a six-to-one (6:1) consolidation (a/k/a 1-for-6 reverse stock split) of its shares of common stock effective as of 5:00 PM EST, December 17, 2012. The consolidated shares of common stock began trading on a post-consolidation basis on December 18, 2012 on the Nasdaq Capital Market.

In the consolidation, the number of outstanding shares of common stock were reduced from approximately 69,537,911 shares pre-consolidation to approximately 11,589,652 shares post consolidation. No fractional shares or scrip certificates were issued to the holders of the then issued and outstanding shares of the common stock. Rather, any fractional share that remained after all shares beneficially held by a holder of the shares of common stock were consolidated was rounded up to a whole share of common stock.

Stockholders of record as of closing on December 17, 2012 will receive instructions explaining the process for exchange stock certificates.
