1-800-FLOWERS.COM, Inc.

(Exact name of registrant as specified in its charter)

DELAWARE 11-3117311

(State of (I.R.S. Employer
incorporation) Identification No.)

One Old Country Road, Carle Place, New York 11514

(Address of principal executive offices)(Zip code)

(516) 237-6000

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Edgar Filing: 1 800 FLOWERS COM INC - Form 10-Q

Large accelerated filer

Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

The number of shares outstanding of each of the Registrant's classes of common stock:

34,878,888

(Number of shares of Class A common stock outstanding as of November 3, 2015)

29,983,004

(Number of shares of Class B common stock outstanding as of November 3, 2015)

Note 1 – Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared by 1-800-FLOWERS.COM, Inc. and subsidiaries (the “Company”) in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. They do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month period ended September 27, 2015 are not necessarily indicative of the results that may be expected for the fiscal year ending July 3, 2016. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company’s annual report on Form 10-K for the fiscal year ended June 28, 2015.

The Company’s quarterly results may experience seasonal fluctuations. Due to the seasonal nature of the Company’s business, and its continued expansion into non-floral products, including the acquisition of Harry & David Holdings, Inc. (“Harry & David”) on September 30, 2014, the Thanksgiving through Christmas holiday season, which falls within the Company’s second fiscal quarter, is expected to generate nearly 50% of the Company’s annual revenues, and all of its earnings. Additionally, due to the number of major floral gifting occasions, including Mother's Day, Valentine’s Day and Administrative Professionals Week, revenues also rise during the Company’s fiscal third and fourth quarters in comparison to its fiscal first quarter. The Easter Holiday, which was on April 5th in fiscal 2015, falls on March 27th in fiscal 2016. As a result of the timing of Easter, during fiscal 2016, all revenue and EBITDA associated with the Easter Holiday will shift into the Company’s fiscal third quarter.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In April 2015, the FASB issued ASU No. 2015-05, “Customer's Accounting for Fees Paid in a Cloud Computing Arrangement.” This standard provides guidance to help entities determine whether a cloud computing arrangement

contains a software license that should be accounted for as internal-use software or as a service contract. Upon adoption, an entity has the option to apply the provisions of ASU 2015-05 either prospectively to all arrangements entered into or materially modified, or retrospectively. This standard is effective for the Company's fiscal year ending July 2, 2017. We are currently evaluating the potential impact of adopting this guidance on our consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-03, "Simplifying the Presentation of Debt Issuance Costs," which amends ASC 835-30, "Interest – Imputation of Interest." In order to simplify the presentation of debt issuance costs, ASU No. 2015-03 requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from that debt liability, consistent with the presentation of a debt discount. This presentation is consistent with the guidance in Concepts Statement 6, which states that debt issuance costs are similar to a debt discount and in effect reduce the proceeds of borrowing, thereby increasing the effective interest rate. Concepts Statement 6 further states that debt issuance costs are not assets because they provide no future economic benefit. This new guidance is effective for the Company's fiscal year ending July 2, 2017 and should be applied retrospectively.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers." This amended guidance will enhance the comparability of revenue recognition practices and will be applied to all contracts with customers. Expanded disclosures related to the nature, amount, timing, and uncertainty of revenue that is recognized are requirements under the amended guidance. This guidance will be effective for the Company's fiscal year ending June 30, 2019 and may be applied retrospectively. We are currently evaluating the potential impact of adopting this guidance on our consolidated financial statements.

Reclassifications

Certain balances in the prior fiscal years have been reclassified to conform to the presentation in the current fiscal year.

Note 2 – Net Loss Per Common Share

Basic net loss per common share attributable to 1-800-FLOWERS.COM, Inc. is computed using the weighted average number of common shares outstanding during the period. Diluted net loss per common share attributable to 1-800-FLOWERS.COM, Inc. is computed using the weighted-average number of common shares outstanding during the period, and excludes the dilutive potential common shares (consisting of employee stock options and unvested restricted stock awards), as their inclusion would be antidilutive. As a result of the net loss attributable to 1-800-FLOWERS.COM, Inc. for the three months ended September 27, 2015 and September 28, 2014, there is no dilutive impact to the net loss per share calculation for the respective periods.

Note 3 – Stock-Based Compensation

The Company has a Long Term Incentive and Share Award Plan, which is more fully described in Note 12 to the consolidated financial statements included in the Company’s Annual Report on Form 10-K for the fiscal year ended June 28, 2015, that provides for the grant to eligible employees, consultants and directors of stock options, restricted shares, and other stock-based awards.

The amounts of stock-based compensation expense recognized in the periods presented are as follows:

	Three Months Ended	
	September 27,	September 28,
	2015	2014
	<i>(in thousands)</i>	
Stock options	\$90	\$ 110

Restricted stock	1,428	1,157
Total	1,518	1,267
Deferred income tax benefit	561	481
Stock-based compensation expense, net	\$957	\$ 786

Stock-based compensation is recorded within the following line items of operating expenses:

	Three Months Ended September	
	2015	2014
	<i>(in thousands)</i>	
Marketing and sales	\$607	\$ 317
Technology and development	228	63
General and administrative	683	887
Total	\$1,518	\$ 1,267

The following table summarizes stock option activity during the three months ended September 27, 2015:

	Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (years)	Aggregate Intrinsic Value (000s)
Outstanding at June 28, 2015	3,345,146	\$ 2.93		
Granted	0	\$ -		
Exercised	(0)	\$ -		
Forfeited	(50,000)	\$ 8.15		
Outstanding at September 27, 2015	3,295,146	\$ 2.85	3.9	\$ 19,460
Options vested or expected to vest at September 27, 2015	3,208,768	\$ 2.86	3.9	\$ 18,928
Exercisable at September 27, 2015	2,099,746	\$ 3.04	2.9	\$ 11,994

As of September 27, 2015, the total future compensation cost related to non-vested options, not yet recognized in the statement of income, was \$1.5 million and the weighted average period over which these awards are expected to be recognized was 3.6 years.

The Company grants shares of Common Stock to its employees that are subject to restrictions on transfer and risk of forfeiture until fulfillment of applicable service conditions and, in certain cases, holding periods (Restricted Stock). The following table summarizes the activity of non-vested restricted stock awards during the three months ended September 27, 2015:

	Shares	Weighted Average Grant Date Fair Value
Non-vested at June 28, 2015	2,342,052	\$ 5.62
Granted	10,000	\$ 8.40
Vested	(3,832)	\$ 5.42
Forfeited	(16,275)	7.55
Non-vested at September 27, 2015	2,331,945	\$ 5.62

The fair value of non-vested shares is determined based on the closing stock price on the grant date. As of September 27, 2015, there was \$6.6 million of total unrecognized compensation cost related to non-vested restricted stock-based compensation to be recognized over the weighted-average remaining period of 2.3 years.

Note 4 – Acquisitions and Dispositions

Acquisition of Harry & David

On September 30, 2014, the Company completed its acquisition of Harry & David, a leading multi-channel specialty retailer and producer of branded premium gift-quality fruit, gourmet food products and other gifts marketed under the Harry & David brands. The transaction, for a purchase price of \$142.5 million, includes the Harry & David's brands and websites as well as its headquarters, manufacturing and distribution facilities and orchards in Medford, Oregon, a warehouse and distribution facility in Hebron, Ohio and 48 Harry & David retail stores located throughout the country.

During the quarter ended June 28, 2015, the Company finalized the allocation of the purchase price to the identifiable assets acquired and liabilities assumed based on its estimates of their fair values on the acquisition date. The determination of the fair values of the acquired assets and assumed liabilities (and the related determination of estimated lives of depreciable tangible and identifiable intangible assets) requires significant judgment. The estimates and assumptions include the projected timing and amount of future cash flows and discount rates reflecting risk inherent in the future cash flows. Of the acquired intangible assets, \$5.2 million was assigned to customer lists, which are being amortized over the estimated remaining lives of between 4 to 11 years, \$35.5 million was assigned to trademarks, \$1.1 million was assigned to leasehold positions and \$16.0 million was assigned to goodwill, which is not expected to be deductible for tax purposes. The goodwill recognized in conjunction with our acquisition of Harry & David is primarily related to synergistic value created in terms of both operating costs and revenue growth opportunities, enhanced financial and operational scale, and other strategic benefits. It also includes certain other intangible assets that do not qualify for separate recognition, such as an assembled workforce.

The following table summarizes the final allocation of the purchase price to the estimated fair values of assets acquired and liabilities assumed at the date of the acquisition:

	Harry & David Final
	Purchase Price Allocation
	<i>(in thousands)</i>
Current assets	\$ 126,268
Intangible assets	41,827
Goodwill	16,042
Property, plant and equipment	105,079
Other assets	(131)
Total assets acquired	289,085
Current liabilities, including short-term debt	104,513
Deferred tax liabilities	42,048
Other liabilities assumed	24
Total liabilities assumed	146,585
Net assets acquired	\$ 142,500

The estimated fair value of the acquired work in process and finished goods inventory was determined utilizing the income approach. The income approach estimates the fair value of the inventory based on the net retail value of the inventory less operating expenses and a reasonable profit allowance. Raw materials inventory was valued at book value, as there have not been any significant price fluctuations or other events that would materially change the cost to replace the raw materials.

The estimated fair value of the deferred revenue was determined based on the costs to perform the remaining services and/or satisfy the Company's remaining obligations, plus a reasonable profit for those activities. These remaining costs exclude sales and marketing expenses since the Deferred Revenue has already been "sold," and no additional sales and marketing expenses will be incurred. The reasonable profit to be earned on the deferred revenue was estimated based on the profit mark-up that the Company earns on similar services.

The estimated fair value of property, plant and equipment was determined utilizing a combination of the cost, sales comparison, market, and excess earnings method approaches, as follows:

Under the cost approach a replacement cost of the asset is first determined based on replacing the real property with assets of equal utility and functionality, developed based on both the indirect and the direct cost methods. The indirect cost method includes multiplying the assets' historical costs by industry specific inflationary trend factors to yield an estimated replacement cost. In applying this method, all direct and indirect costs including tax, freight, installation, engineering and other associated soft costs were considered. The direct cost method includes obtaining a current replacement cost estimate from the Company and equipment dealers, which includes all applicable direct and indirect costs. An appropriate depreciation allowance is then applied to the replacement cost based on the effective age of the assets relative to the expected normal useful lives of the assets, condition of the assets, and the planned future utilization of the assets. The determination of fair value also includes considerations of functional obsolescence and economic obsolescence, where applicable.

The sales comparison approach was considered for certain real estate property. Under the sales comparison approach, an estimate of fair value is determined by comparing the property being valued to similar properties that have been sold within a reasonable period from the valuation date, applying appropriate units of comparison.

The market approach was considered for certain assets with active secondary markets including agricultural equipment, automobiles, computer equipment, general equipment, mobile equipment, packaging machinery and semi-tractors. Under the market approach market, comparables for the assets are obtained from equipment dealers, resellers, industry databases, and published price guides. The market comparables are then adjusted to the subject assets based on age, condition or type of transaction. All applicable direct and indirect costs are also considered and reflected in the final fair value determination.

The fair value of orchards in production was determined based on the excess earnings method under the income approach. This valuation approach assumed that the orchards' production could be sold independently through a wholesale market rather than Harry & David's retail channel. The excess earnings method required calculating future crop revenue as determined by multiplying the future crop volume in tons to be produced by the projected price per ton based on the USDA "Agricultural Prices" report released January 31, 2015 by the National Agricultural Statistics Services. Appropriate expenses were deducted from the sales attributable to the orchards and economic rents were charged for the return on contributory assets. The after-tax cash flows attributable to the asset were discounted back to their net present value at an appropriate rate of return and summed to calculate the value of the orchards.

The estimated fair value of the acquired trademarks was determined using the relief from royalty method, which is a risk-adjusted discounted cash flow approach. The relief from royalty method values an intangible asset by estimating the royalties saved through ownership of the asset. The relief from royalty method requires identifying the future revenue that would be generated by the trademark, multiplying it by a royalty rate deemed to be avoided through ownership of the asset and discounting the projected royalty savings amounts back to the acquisition date. The royalty rate used in the valuation was based on a consideration of market rates for similar categories of assets. The discount rate used in the valuation was based on the Company's weighted average cost of capital, the riskiness of the earnings stream association with the trademarks and the overall composition of the acquired assets.

The estimated fair value of the acquired customer lists was determined using the excess earnings method under the income approach. This method requires identifying the future revenue that would be generated by existing customers at the time of the acquisition, considering an appropriate attrition rate based on the historical experience of the Company. Appropriate expenses are then deducted from the revenues and economic rents are charged for the return on contributory assets. The after-tax cash flows attributable to the asset are discounted back to their net present value at an appropriate intangible asset rate of return and summed to calculate the value of the customer lists.

Acquisition of Fannie May retail stores

On June 27, 2014, the Company and GB Chocolates LLC (GB Chocolates) entered into a settlement agreement, resulting in the termination of the GB Chocolates franchise agreement, and its exclusive area development rights. As a result, in fiscal 2014, the Company recognized the previously deferred non-refundable area development fees of \$0.7 million. In addition, per the terms of the non-performance Promissory Note, GB Chocolates paid \$1.2 million as a

result of its failure to complete its development obligations under the 2011 Area Development Agreement (the 2011 ADA). As a result, during the fourth quarter of fiscal 2014, the Company recognized revenue of \$1.0 million (\$0.2 million had been previously recognized). The Company has no plans to market the territories covered in the 2011 ADA.

In conjunction with the settlement agreement, the Company and GB Chocolates entered into an asset purchase agreement whereby the Company repurchased 16 of the original 17 Fannie May retail stores sold to GB Chocolates in November 2011. The acquisition was accounted for using the purchase method of accounting in accordance with FASB guidance regarding business combinations. The purchase price of \$6.4 million was financed utilizing available cash balances.

During the quarter ended June 28, 2015, the Company finalized the allocation of the purchase price to the identifiable assets acquired and liabilities assumed based on our estimates of their fair values on the acquisition date. There have been no measurement period adjustments. The following table summarizes the final allocation of the purchase price to the estimated fair values of assets acquired and liabilities assumed at the date of the acquisition:

	Final Purchase Price Allocation <i>(in thousands)</i>
Current Assets	\$ 103
Property, plant and equipment	487
Goodwill	5,783
Net assets acquired	\$ 6,373

Operating results of the acquired stores are reflected in the Company's consolidated financial statements from the date of acquisition, within the Gourmet Food & Gift Baskets segment. Pro forma results of operations have not been presented, as the impact on the Company's consolidated financial results would not have been material.

Disposition of Colonial Gifts Limited

On December 3, 2013, the Company completed its acquisition of a controlling interest in Colonial Gifts Limited ("iFlorist"). iFlorist, located in the UK, is a direct-to-consumer marketer of floral and gift-related products sold and delivered throughout Europe. The acquisition was achieved in stages and was accounted for using the acquisition method of accounting in accordance with the Financial Accounting Standards Board's ("FASB") guidance regarding business combinations.

During the quarter ended September 27, 2015, the Company's management committed to a plan to sell its iFlorist business in order to focus its internal resources and capital on integrating Harry & David and achieving expected synergy savings. On October 28, 2015, the Company completed the sale of substantially all of the assets of iFlorist to Euroflorist AB ("Euroflorist"), a pan-European floral and gifting company headquartered in Malmo, Sweden. As consideration for the assets sold, the Company received an investment in Euroflorist with a fair value on the date of sale of approximately \$1.5 million. The Company will account for this investment using the cost method as it does not possess the ability to exercise significant influence over Euroflorist.

As a result of the above, the Company determined that the iFlorist business (disposal group) met the held for sale criteria, as prescribed by FASB ASC 360-10-45-9, as of September 27, 2015. As a result, the Company compared iFlorist's carrying amount (\$3.4 million) to its fair value less cost to sell (\$1.5 million), and recorded an impairment charge of \$1.9 million during the period ended September 27, 2015. The Company recorded this impairment charge within "Other (income) expense, net" in the condensed consolidated statements of operations. Subsequent to the impairment charge, the remaining assets of iFlorist included in the September 27, 2015 condensed consolidated balance sheets is as follows:

**iFlorist –
Held for
sale assets**
*
(in
thousands)

Assets:	
Inventories	\$ 51
Prepaid and other	84
Property, plant and equipment, net	951
Other intangibles, net	433

* Note: the held for sale assets in the condensed consolidated balance sheets were not segregated as their balance was deemed to be immaterial.

Note 5 – Inventory

The Company's inventory, stated at cost, which is not in excess of market, includes purchased and manufactured finished goods for sale, crops, packaging supplies, raw material ingredients for manufactured products and associated manufacturing labor and is classified as follows:

	September	June
	27,	28,
	2015	2015
	<i>(in thousands)</i>	
Finished goods	\$112,667	\$43,254
Work-in-process	19,604	16,020
Raw materials	55,763	33,889
	\$188,034	\$93,163

Note 6 – Goodwill and Intangible Assets

The following table presents goodwill by segment and the related change in the net carrying amount:

	1-800-Flowers.com	BloomNet	Wire	Gourmet	Total
	Consumer	Floral	Service	Food &	
				Gift	
				Baskets	
				(1)	
	<i>(in thousands)</i>				
Balance at June 28, 2015	\$17,582	\$	-	\$59,515	\$77,097
Other	(140)	-	-	-	(140)
Balance at September 27, 2015	\$17,442	\$	-	\$59,515	\$76,957

The total carrying amount of goodwill for all periods in the table above is reflected net of \$71.1 million of (1) accumulated impairment charges, which were recorded in the Gourmet Food & Gift Baskets segment during fiscal 2009.

The Company's other intangible assets consist of the following:

	September 27, 2015			June 28, 2015			
	Amortization Period (years)	Gross Carrying Amount	Accumulated Amortization	Net	Gross Carrying Amount	Accumulated Amortization	Net
<i>(in thousands)</i>							
Intangible assets with determinable lives							
Investment in licenses	14 - 16	\$ 7,420	\$ 5,753	\$ 1,667	\$ 7,420	\$ 5,727	\$ 1,693
Customer lists	3 - 10	21,480	14,893	6,587	21,815	14,595	7,220
Other	5 - 14	3,665	2,616	1,049	3,665	2,597	1,068
		32,565	23,262	9,303	32,900	22,919	9,981
Trademarks with indefinite lives		71,574	-	71,574	72,144	-	72,144
Total identifiable intangible assets		\$ 104,139	\$ 23,262	\$ 80,877	\$ 105,044	\$ 22,919	\$ 82,125

Intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset or asset group may not be recoverable. Future estimated amortization expense is as follows: remainder of fiscal 2016 - \$1.5 million, fiscal 2017 - \$1.5 million, fiscal 2018 - \$1.3 million, fiscal 2019 - \$0.7 million, fiscal 2020 - \$0.6 million and thereafter - \$3.7 million.

Note 7 – Investments

The Company has certain investments in non-marketable equity instruments of private companies. The Company accounts for these investments using the equity method if they provide the Company the ability to exercise significant influence, but not control, over the investee. Significant influence is generally deemed to exist if the Company has an ownership interest in the voting stock of the investee between 20% and 50%, although other factors, such as representation on the investee's Board of Directors, are considered in determining whether the equity method is appropriate. The Company records equity method investments initially at cost, and adjusts the carrying amount to reflect the Company's share of the earnings or losses of the investee.

The Company's equity method investments are comprised of a 32% interest in Flores Online, a Sao Paulo, Brazil based internet floral and gift retailer, that the Company made on May 31, 2012. The book value of this investment was \$1.2 million as of September 27, 2015 and \$2.9 million as of June 28, 2015, and is included in Other assets within the condensed consolidated balance sheets. The Company's equity in the net loss of Flores Online for the quarters ended September 27, 2015 and September 28, 2014 was less than \$0.1 million. During the quarter ended September 27, 2015, the Company determined that the fair value of its investment in Flores Online (\$1.2 million) was below its carrying value (\$2.9 million) and that this decline was other-than-temporary. As a result, the Company recorded an impairment charge of \$1.7 million, which is included within "Other (income) expense, net" in the condensed consolidated statements of operations.

Investments in non-marketable equity instruments of private companies, where the Company does not possess the ability to exercise significant influence, are accounted for under the cost method. Cost method investments are originally recorded at cost, and are included within Other assets in the Company's condensed consolidated balance sheets. The aggregate carrying amount of the Company's cost method investments was \$0.7 million as of September 27, 2015 and June 28, 2015. In addition, the Company had notes receivable from a company it maintains an investment in of \$0.3 million as of September 27, 2015 and June 28, 2015.

The Company also holds certain trading securities associated with its Non-Qualified Deferred Compensation Plan ("NQDC Plan"). These investments are measured using quoted market prices at the reporting date and are included in Other assets in the condensed consolidated balance sheets (see Note 10).

Each reporting period, the Company uses available qualitative and quantitative information to evaluate its investments for impairment. When a decline in fair value, if any, is determined to be other-than-temporary, an impairment charge is recorded in the consolidated statement of operations.

Note 8 – Debt

The Company's current and long-term debt consists of the following:

	September 27,	June 28,
	2015	2015
	<i>(in thousands)</i>	
Revolver (1)	\$128,903	\$-
Term Loan (1)	128,250	131,813
Bank loan (2)	171	293
Total debt	257,324	132,106
Less: current debt	143,324	14,543
Long-term debt	\$114,000	\$117,563

In order to finance the Harry & David acquisition, on September 30, 2014, the Company entered into a Credit Agreement with JPMorgan Chase Bank as administrative agent, and a group of lenders (the "2014 Credit Facility"), consisting of a \$142.5 million five-year term loan (the "Term Loan") with a maturity date of September 30, 2019, and a co-terminus revolving credit facility (the "Revolver"), with a seasonally adjusted limit ranging from \$100.0 to \$200.0 million, which may be used for working capital (subject to applicable sublimits) and general corporate purposes. The Term Loan is payable in 20 quarterly installments of principal and interest beginning in December 2014, with escalating principal payments at the rate of 10% in years one and two, 15% in years three and four, and 20% in year five, with the remaining balance of \$42.75 million due upon maturity. Upon closing of the acquisition, the Company borrowed \$136.7 million under the Revolver to repay amounts outstanding under the Company's and Harry & David's previous credit agreements, as well as to pay acquisition-related transaction costs.

The 2014 Credit Facility requires that while any borrowings are outstanding the Company comply with certain financial and non-financial covenants, including the maintenance of certain financial ratios. The Company was in compliance with these covenants as of September 27, 2015. Outstanding amounts under the 2014 Credit Facility bear interest at the Company's option at either: (i) LIBOR, plus a spread of 175 to 250 basis points, as determined by the Company's leverage ratio, or (ii) ABR, plus a spread of 75 to 150 basis points. The 2014 Credit Agreement is secured by substantially all of the assets of the Company and the Subsidiary Guarantors.

Future principal payments under the term loan are as follows: \$10.7 million – 2016, \$19.6 million – 2017, \$21.4 million – 2018, \$26.7 million – 2019 and \$49.9 million– 2020.

(2) Bank loan assumed through the Company's acquisition of a majority interest in iFlorist.

Note 9 – Property, Plant and Equipment

	September 27,	June 28,
	2015	2015
	<i>(in thousands)</i>	
Land	\$31,077	\$31,077
Orchards in production and land improvements	9,048	9,028
Building and building improvements	55,657	55,121
Leasehold improvements	19,558	19,459
Production equipment and furniture and fixtures	65,450	63,132
Computer and telecommunication equipment	57,486	56,582
Software	151,311	150,695
Capital projects in progress	6,556	7,335
	396,143	392,429
Accumulated depreciation and amortization	228,366	222,329
	\$167,777	\$170,100

Note 10 – Fair Value Measurements

Cash and cash equivalents, receivables, accounts payable and accrued expenses are reflected in the consolidated balance sheets at carrying value, which approximates fair value due to the short-term nature of these instruments. Although no trading market exists, the Company believes that the carrying amount of its debt approximates fair value

due to its variable nature. The Company's investments in non-marketable equity instruments of private companies are carried at cost and are periodically assessed for other-than-temporary impairment, when an event or circumstances indicate that an other-than-temporary decline in value may have occurred. The Company's remaining financial assets and liabilities are measured and recorded at fair value (see table below). The Company's non-financial assets, such as definite lived intangible assets and property, plant and equipment, are recorded at cost and are assessed for impairment when an event or circumstance indicates that an other-than-temporary decline in value may have occurred. Goodwill and indefinite lived intangibles are tested for impairment annually, or more frequently if events occur or circumstances change such that it is more likely than not that an impairment may exist, as required under the accounting standards.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability, in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

Level 2 Valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.

Level 3 Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table presents by level, within the fair value hierarchy, financial assets and liabilities measured at fair value on a recurring basis:

	Carrying Value	Fair Value Measurements		
		Assets (Liabilities) Level 1	Level 2	Level 3
<i>(in thousands)</i>				
Assets (liabilities) as of September 27, 2015:				
Trading securities held in a “rabbi trust” (1)	\$ 3,045	\$ 3,045	\$ -	\$ -
	\$ 3,045	\$ 3,045	\$ -	\$ -

	Carrying Value	Fair Value Measurements		
		Assets (Liabilities) Level 1	Level 2	Level 3
<i>(in thousands)</i>				
Assets (liabilities) as of June 28, 2015:				
Trading securities held in a “rabbi trust” (1)	\$ 3,118	\$ 3,118	\$ -	\$ -
	\$ 3,118	\$ 3,118	\$ -	\$ -

The Company has established a Non-qualified Deferred Compensation Plan for certain members of senior management. Deferred compensation plan assets are invested in mutual funds held in a “rabbi trust” which is (1) restricted for payment to participants of the NQDC Plan. Trading securities held in a rabbi trust are measured using quoted market prices at the reporting date and are included in Other assets, with the corresponding liability included in Other liabilities, in the consolidated balance sheets.

Note 11 – Income Taxes

At the end of each interim reporting period, the Company estimates its effective income tax rate expected to be applicable for the full year. This estimate is used in providing for income taxes on a year-to-date basis and may change in subsequent interim periods. The Company’s effective tax rate from operations for the three months ended September 27, 2015 was 37.0%, compared to 38.0% in the same period of the prior year. The effective rate for fiscal 2016 differed from the U.S. federal statutory rate of 35% primarily due to state income taxes, which were partially offset by various permanent differences and tax credits. The effective rate for fiscal 2015 differed from the U.S. federal statutory rate of 35% primarily due to state income taxes, and other permanent differences, offset by tax credits.

The Company files income tax returns in the U.S. federal jurisdiction, various state jurisdictions, and various foreign countries. The Company concluded its federal examination for fiscal 2011, however, fiscal years 2012 thru 2014 remain subject to federal examination. Due to ongoing state examinations and non-conformity with the federal statute of limitations for assessment, certain states remain open from fiscal 2011. The Company commenced operations in foreign jurisdictions in 2012. The Company's foreign income tax filings are open for examination by its respective foreign tax authorities, mainly Canada and the United Kingdom.

The Company's policy is to recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. At September 27, 2015 the Company has remaining unrecognized tax positions of approximately \$0.6 million, including accrued interest and penalties of \$0.1 million. The Company believes that none of its unrecognized tax positions will be resolved over the next twelve months.

Note 12 – Business Segments

The Company's management reviews the results of the Company's operations by the following three business segments:

1-800-Flowers.com Consumer Floral,
BloomNet Wire Service, and
Gourmet Food and Gift Baskets

Segment performance is measured based on contribution margin, which includes only the direct controllable revenue and operating expenses of the segments. As such, management's measure of profitability for these segments does not include the effect of corporate overhead (see (*) below), nor does it include depreciation and amortization, other (income) expense, net and income taxes, or stock-based compensation and certain Harry & David acquisition/integration costs, both of which are included within corporate overhead. Assets and liabilities are reviewed at the consolidated level by management and not accounted for by segment.

Net revenues:	Three Months Ended	
	September 27,	September 28,
	2015	2014
	<i>(in thousands)</i>	
Net revenues:		
1-800-Flowers.com Consumer Floral	\$72,948	\$ 74,398
BloomNet Wire Service	21,549	20,011
Gourmet Food & Gift Baskets	61,592	32,359
Corporate	257	200
Intercompany eliminations	(305)	(265)
Total net revenues	\$ 156,041	\$ 126,703

Operating Loss from Operations	Three Months Ended	
	September 27,	September 28,
	2015	2014
	<i>(in thousands)</i>	
Segment Contribution Margin:		
1-800-Flowers.com Consumer Floral	\$7,549	\$ 7,250
BloomNet Wire Service	6,915	6,497
Gourmet Food & Gift Baskets	(8,494)	(2,435)
Segment Contribution Margin Subtotal	5,970	11,312
Corporate (*)	(20,269)	(12,839)
Depreciation and amortization	(7,972)	(5,101)
Operating Loss	\$(22,271)	\$ (6,628)

* Corporate expenses consist of the Company's enterprise shared service cost centers, and include, among other items, Information Technology, Human Resources, Accounting and Finance, Legal, Executive and Customer Service Center functions, as well as Stock-Based Compensation, and during the quarter ended September 27, 2015 and September 28, 2014 integration and acquisition costs related to the acquisition of Harry & David, in the amount of \$0.8 million and \$0.7 million respectively. In order to leverage the Company's infrastructure, these functions are operated under a centralized management platform, providing support services throughout the organization. The costs of these functions, other than those of the Customer Service Center, which are allocated directly to the above segments based upon usage, are included within corporate expenses, as they are not directly allocable to a specific segment. The

Company has commenced integrating Harry & David into its operating platforms, and as such, their operating costs have been classified in a similar manner.

Note 13 – Commitments and Contingencies

Legal Proceedings

From time to time, the Company is subject to legal proceedings and claims arising in the ordinary course of business:

In re Trilegiant Corporation, Inc. (Frank v. Trilegiant Corporation, Inc., et al):

On November 10, 2010, a purported class action complaint was filed in the United States District Court for the Eastern District of New York naming the Company (along with Trilegiant Corporation, Inc., Affinion, Inc. and Chase Bank USA, N.A.) as defendants in an action purporting to assert claims against the Company alleging violations arising under the Connecticut Unfair Trade Practices Act ("CUTPA") among other statutes, and for breach of contract and unjust enrichment in connection with certain post-transaction marketing practices in which certain of the Company's subsidiaries previously engaged in with certain third-party vendors. On December 23, 2011, plaintiff filed a notice of voluntary dismissal seeking to dismiss the entire action without prejudice. The court entered an Order on November 28, 2012, dismissing the case in its entirety. This case was subsequently refiled in the United States District Court for the District of Connecticut.

On March 6, 2012 and March 15, 2012, two additional purported class action complaints were filed in the United States District Court for the District of Connecticut naming the Company and numerous other parties as defendants in actions purporting to assert claims substantially similar to those asserted in the lawsuit filed on November 10, 2010. In each case, plaintiffs seek to have the respective case certified as a class action and seek restitution and other damages, each in an amount in excess of \$5.0 million. On April 26, 2012, the two Connecticut cases were consolidated with a third case previously pending in the United States District Court for the District of Connecticut in which the Company is not a party (the "Consolidated Action"). A consolidated amended complaint was filed by plaintiffs on September 7, 2012, purporting to assert claims substantially similar to those originally asserted. The Company moved to dismiss the consolidated amended complaint on December 7, 2012, which was subsequently refiled at the direction of the Court on January 16, 2013.

On December 5, 2012, the same plaintiff from the action voluntarily dismissed in the United States District Court for the Eastern District of New York filed a purported class action complaint in the United States District Court for the District of Connecticut naming the Company and numerous other parties as defendants, purporting to assert claims substantially similar to those asserted in the consolidated amended complaint (the "Frank Action"). On January 23, 2013, plaintiffs in the Consolidated Action filed a motion to transfer and consolidate the action filed on December 5, 2012 with the Consolidated Action. The Company intends to defend each of these actions vigorously.

On January 31, 2013, the court issued an order to show cause directing plaintiffs' counsel in the Frank Action, also counsel for plaintiffs in the Consolidated Action, to show cause why the Frank Action is distinguishable from the Consolidated Action such that it may be maintained despite the prior-pending action doctrine. On June 13, 2013, the court issued an order in the Frank Action suspending deadlines to answer or to otherwise respond to the complaint until 21 days after the court decides whether the Frank Action should be consolidated with the Consolidated Action. On July 24, 2013 the Frank Action was reassigned to Judge Vanessa Bryant, before whom the Consolidated Action is currently pending, for all further proceedings. On August 14, 2013, other defendants filed a motion for clarification in the Frank Action requesting that Judge Bryant clarify the order suspending deadlines.

On March 28, 2014, the Court issued a series of rulings disposing of all the pending motions in both the Consolidated Action and the Frank Action. Among other things, the Court dismissed several causes of action, leaving pending a claim for CUTPA violations stemming from Trilegiant's refund mitigation strategy and a claim for unjust enrichment. Thereafter, the Court consolidated the Frank case into the Consolidated Action. On April 28, 2014 plaintiffs moved for leave to appeal the various rulings against them to the United States Court of Appeals for the Second Circuit and to have a partial final judgment entered dismissing those claims that the Court had ordered dismissed. The Company filed its Answer to the Complaint on May 12, 2014. On March 26, 2015, the Court denied plaintiffs' motions that led to the parties engaging in discovery.

On September 16, 2015, the Plaintiff who sued the Company in this action, David Frank, filed a Stipulation dismissing the Company from this litigation with prejudice. The Company paid no monies to David Frank, or any of his attorneys to resolve this action.

Edible Arrangements:

On November 20, 2014, a complaint was filed in the United States District Court for the District of Connecticut by Edible Arrangements LLC and Edible Arrangements International, LLC, alleging that the Company's use of the terms "Fruit Bouquets," "Edible," "Bouquet," "Edible Fruit Arrangements," "Edible Arrangements," and "DoFruit" and its use of a six-petal pineapple slice design in connection with marketing and selling edible fruit arrangements constitutes trademark infringement, false designation of origin, dilution, and contributory infringement under the federal Lanham Act, 29 USC § 1114 and 1125(a), common law unfair competition, and a violation of the Connecticut Unfair Trade Practices Act, Connecticut General Statutes § 42-110b (a). The Complaint alleges Edible Arrangements has been damaged in the amount of \$97,411,000. The Complaint requests a declaratory judgment in favor of Edible Arrangements, an injunction against the Company's use of the terms and design, an accounting and payment of the Company's profits from its sale of edible fruit arrangements, a trebling of the Company's profits from such sales or of any damages sustained by Edible Arrangements, punitive damages, and attorneys' fees. On November 24, 2014, the Complaint was amended to add a breach of contract claim for use of these terms and the design, based on a contract that had been entered by one of the Company's remote subsidiaries prior to its acquisition by the Company.

On January 29, 2015, the Plaintiffs amended the Complaint to add one of the Company's subsidiaries and to claim its damages were \$ 101,436,000. The Company filed an Answer and a Counterclaim on February 27, 2015. The Answer asserts substantial defenses, including fair use by the Company of generic and descriptive terms, as expressly permitted under the Lanham Act, invalidity of Edible Arrangements' trademark registrations on grounds of fraud and trademark misuse, lack of exclusive rights on the part of Edible Arrangements, functionality of the claimed design mark, acquiescence, estoppel, and Edible Arrangements' use of the claimed trademarks in violation of the antitrust laws.

The Counterclaim seeks a declaratory judgment of lack of infringement and invalidity of claimed marks, cancellation of Edible Arrangements' registrations due to its fraud and misuse, genericism, and lack of secondary meaning as to any terms deemed descriptive, and damages in an amount to be determined for violation of the antitrust provisions of the federal Sherman Act and the Connecticut Unfair Trade Practices Act.

Discovery has begun and Edible Arrangements filed a motion to dismiss the Company's Sherman Act and Connecticut Unfair Trade Practices Act claims. The Company filed its brief in opposition to the motion to dismiss on July 10, 2015. The parties are awaiting a decision from the Court. By Order dated May 4, 2015, the court ordered a phasing of the case and bifurcated the antitrust Counterclaim from the infringement claims.

The Company believes its Counterclaims to the Edible Arrangements' claims are meritorious and that there are substantial defenses to both of the claims above and expects to defend the claims vigorously.

There are no assurances that additional legal actions will not be instituted in connection with the Company's former post-transaction marketing practices involving third party vendors nor can we predict the outcome of any such legal action. At this time, we are unable to estimate a possible loss or range of possible loss for the aforementioned action for various reasons, including, among others: (i) the damages sought are indeterminate, (ii) the proceeding is in the early stages, and (iii) there is uncertainty as to the outcome of the pending motion. As a result of the foregoing, we have determined that the amount of possible loss or range of loss is not reasonably estimable. However, legal matters are inherently unpredictable and subject to significant uncertainties, some of which may be beyond our control.

Note 14. Fire at the Fannie May Warehouse and Distribution Facility

On November 27, 2014, a fire occurred at the Company's Maple Heights, Ohio warehouse and distribution facility. While the fire did not cause any injuries, the building was severely damaged, rendering it inoperable for the key calendar 2014 holiday season, and all Fannie May and Harry London confections in the facility were destroyed. As a result, the Company had limited supplies of its Fannie May Fine Chocolates and Harry London Chocolates products available in its retail stores as well as for its ecommerce and wholesale channels during the 2014 holiday season.

While the Company implemented contingency plans to increase production for Fannie May Fine Chocolates and Harry London Chocolates products at its production facility in Canton, Ohio and to shift warehousing and distribution operations to alternate Company facilities, product availability was severely limited, impacting revenue and earnings during the fiscal second and third quarters of fiscal 2015.

The following table reflects the costs related to the fire and the insurance recovery and associated gain as of September 27, 2015:

	Fire-related Insurance Recovery <i>(in thousands)</i>
Loss on inventory	\$ 29,587
Other fire related costs	5,802
Total fire related costs	35,389
Less: fire related insurance recoveries	(55,000)
Fire related gain	\$ (19,611)

During the three months ended September 27, 2015, the Company and its insurance carrier reached final agreement regarding the Fannie May fire claim. The agreement, in the amount of \$55.0 million, provided for: (i) recovery of raw materials and work-in-process at replacement cost, and finished goods at selling price, less costs to complete the sale and normal discounts and other charges, as well as (ii) other incremental fire-related costs. The cost of inventory lost in the fire was approximately \$29.6 million, while other fire-related costs amounted to approximately \$5.8 million, including incremental contracted lease and cold storage fees which will be incurred until the Company moves back into its leased facility once the landlord completes repairs in December 2015. The resulting gain of \$19.6 million is included in "Other (income) expense, net" in the condensed consolidated statements of operations for the period ended September 27, 2015, as all the contingencies surrounding the payment have been resolved. Through September 27, 2015, the Company received \$30.0 million, and therefore has an insurance receivable balance of \$25.0 million on its condensed consolidated balance sheets as of September 27, 2015. The Company received the \$25.0 million balance from its insurance carrier in October 2015.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Forward Looking Statements

This "Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A) is intended to provide an understanding of our financial condition, change in financial condition, cash flow, liquidity and results of operations. The following MD&A discussion should be read in conjunction with the consolidated financial statements and notes to those statements that appear elsewhere in this Form 10-Q and in the Company's Annual Report on Form 10-K. The following discussion contains forward-looking statements that reflect the Company's plans, estimates and beliefs. The Company's actual results could differ materially from those discussed or referred to in the forward-looking statements. Factors that could cause or contribute to any differences include, but are not limited to, those discussed under the caption "Forward-Looking Information and Factors That May Affect Future Results" and under Part I, Item 1A, of the Company's Annual Report on Form 10-K under the heading "Risk Factors."

Overview

1-800-FLOWERS.COM, Inc. and its subsidiaries (collectively, the "Company") is a leading provider of gourmet food and floral gifts for all occasions. For nearly 40 years, 1-800-FLOWERS® (1-800-356-9377 or www.1800flowers.com) has been helping deliver smiles for our customers with gifts for every occasion, including fresh flowers and the finest selection of plants, gift baskets, gourmet foods, confections, candles, balloons and plush stuffed animals. As always, our 100% Smile Guarantee® backs every gift. 1-800-FLOWERS.COM was recently named in Internet Retailer's 2016 Top Mobile 500 as one of the world's leading mobile commerce sites. Additionally, the Company was included in Internet Retailer's 2015 Top 500 for fast growing e-commerce companies. In 2015, 1-800-FLOWERS.COM was named a winner of the "Best Companies to Work for in New York State" award by The New York Society for Human Resource Management (NYS-SHRM). 1-800-FLOWERS.COM was awarded the 2014 Silver Stevie Award, recognizing the organization's outstanding Customer Service and commitment to our 100% Smile Guarantee®. 1-800-FLOWERS.COM received a Gold Award for Best User Experience on a Mobile Optimized Site for the 2013 [Horizon Interactive Awards](#).

The Company's BloomNet® international floral wire service (www.mybloomnet.net) provides a broad range of quality products and value-added services designed to help professional florists grow their businesses profitably. The 1-800-FLOWERS.COM "Gift Shop" also includes gourmet gifts such as premium, gift-quality fruits and other gourmet items from Harry & David® (1-877-322-1200 or www.harryanddavid.com), popcorn and specialty treats from The Popcorn Factory® (1-800-541-2676 or www.thepopcornfactory.com); cookies and baked gifts from Cheryl's® (1-800-443-8124 or www.cheryls.com); premium chocolates and confections from Fannie May® (www.fanniemay.com and www.harrylondon.com); gift baskets and towers from 1-800-Baskets.com®

(www.1800baskets.com); premium English muffins and other breakfast treats from Wolferman's ([1-800-999-1910](tel:1-800-999-1910) or www.wolfermans.com); carved fresh fruit arrangements from FruitBouquets.com (www.fruitbouquets.com); and top quality steaks and chops from Stock Yards® (www.stockyards.com).

On September 30, 2014, the Company completed its acquisition of Harry & David Holdings, Inc. ("Harry & David"), a leading multi-channel specialty retailer and producer of branded premium gift-quality fruit, gourmet food products and other gifts marketed under the Harry & David®, Wolferman's® and Cushman's® brands. The transaction, at a purchase price of \$142.5 million, included the Harry & David's brands and websites as well as its headquarters, manufacturing and distribution facilities and orchards in Medford, Oregon, a warehouse and distribution facility in Hebron, Ohio and 46 Harry & David retail stores located throughout the country. Harry & David's revenues were approximately \$386 million in fiscal 2014, with Adjusted EBITDA of approximately \$28 million. The historical results of Harry & David, as well as applicable pro forma results are included in the Company's Form 8-K/A filed on December 16, 2014.

In order to finance the acquisition, on September 30, 2014, the Company entered into a Credit Agreement with JPMorgan Chase Bank as administrative agent, and a group of lenders (the "2014 Credit Facility"), consisting of a \$142.5 million five-year term loan (the "Term Loan") with a maturity date of September 30, 2019, and a co-terminus revolving credit facility (the "Revolver"), with a seasonally adjusted limit ranging from \$100.0 to \$200.0 million, which may be used for working capital (subject to the applicable sublimit) and general corporate purposes.

Shares in 1-800-FLOWERS.COM, Inc. are traded on the NASDAQ Global Select Market, ticker symbol: FLWS.

Category Information

The following table presents the net revenues, gross profit and category contribution margin from each of the Company's business segments, as well as consolidated EBITDA and Adjusted EBITDA. (Due to certain one-time items, the following Non-GAAP reconciliation tables have been included within MD&A. In order to present comparable information, in addition to providing historical results, the financial information for the three months ended September 28, 2014 is being presented in the tables below on a pro-forma basis to give effect to the Harry & David acquisition as if it had been completed on June 30, 2014. This pro-forma information has been prepared by management for informational purposes only, and is not necessarily indicative of or intended to represent the results that would have been achieved had the acquisition been consummated as of this date. The operating results of Harry & David for the three months ended September 28, 2014 do not reflect any operating efficiencies and/or cost savings that the Company may achieve with respect to the combined companies, but have been adjusted to give effect to non-recurring items that are directly attributable to the acquisition.)

Corporate expenses consist of the Company's enterprise shared service cost centers, and include, among other items, Information Technology, Human Resources, Accounting and Finance, Legal, Executive and Customer Service Center functions, as well as Stock-Based Compensation. In order to leverage the Company's infrastructure, (*) these functions are operated under a centralized management platform, providing support services throughout the organization. The costs of these functions, other than those of the Customer Service Center, which are allocated directly to the above categories based upon usage, are included within corporate expenses as they are not directly allocable to a specific segment.

In order to present comparable information, the financial information for the three months ended September 28, 2014 is being presented on a pro-forma basis to give effect to the Harry & David acquisition as if it had been completed on June 30, 2014. This pro-forma information has been prepared by management for informational purposes only in accordance with ASC 805, and is not necessarily indicative of or intended to represent the results (*) that would have been achieved had the acquisition been consummated as of this date. The operating results of Harry & David for the three months ended September 28, 2014 do not reflect any operating efficiencies and/or cost savings that the Company may achieve with respect to the combined companies, but have been adjusted to give effect to non-recurring items that are directly attributable to the acquisition.

Results of Operations

Net Revenues

	Three Months Ended			
	September	September		
	27,	28,	%	
	2015	2014	Change	
	<i>(dollars in thousands)</i>			
Net revenues:				
E-Commerce	\$ 104,697	\$ 84,038	24.6	%
Other	51,344	42,665	20.3	%
Total net revenues	\$ 156,041	\$ 126,703	23.2	%

Net revenues consist primarily of the selling price of the merchandise, service or outbound shipping charges, less discounts, returns and credits.

During the three months ended September 27, 2015, revenues increased by 23.2%, in comparison to the same period of the prior year as a result of the incremental revenue generated by Harry & David, which was acquired on September 30, 2014 and is included in the Gourmet Food & Gift Baskets segment, as well as growth in the Bloomnet segment, partially offset by unfavorable revenues within the Consumer Floral segment. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, revenues were consistent with prior year.

E-commerce revenues (combined online and telephonic) increased by 24.6% during the three months ended September 27, 2015, in comparison to the same period of the prior year, as a result of the incremental e-commerce revenue generated by the recent acquisition of Harry & David as well as organic growth from all other brands comprising the Gourmet Food and Gift Baskets segment, offset by slightly lower revenues in the Consumer Floral segment primarily caused by the sale of the Fine Stationery and Pingg brands during June 2015. Reflecting the incremental sales from Harry & David, the Company fulfilled approximately 1,557,000 orders through its e-commerce sales channels during the three months ended September 27, 2015, compared to 1,315,000 orders during the same period of the prior year, while the average order value was \$67.26 during the three months ended September 27, 2015 compared to \$63.79 during the same period of the prior year.

Other revenues are comprised of the Company's BloomNet Wire Service segment, as well as the wholesale and retail channels of its 1-800-Flowers.com Consumer Floral and Gourmet Food and Gift Baskets segments. Other revenues increased 20.3% during the three months ended September 27, 2015 in comparison to the same period of the prior

year, primarily due to the addition of Harry & David's retail and wholesale operations, and to a lesser extent, growth within the BloomNet segment.

The 1-800-Flowers.com Consumer Floral segment includes the operations of the 1-800-Flowers and iFlorist brands, which derive revenue from the sale of consumer floral products through their e-commerce sales channels (telephonic and online sales) and royalties from its franchise operations. Net revenues decreased 1.9% during the three months ended September 27, 2015 over the same period of the prior year, as a result of the sale of the Fine Stationery and Pingg brands during June 2015, as well as lower iFlorist revenues during the period.

The BloomNet Wire Service segment includes revenues from membership fees as well as other product and service offerings to florists. Net revenues increased 7.7% during the three months ended September 27, 2015 compared to the same period of the prior year due to a combination of higher wholesale volume, and BloomNet initiatives including the implementation of a new florist transaction program in the 3rd quarter of fiscal 2015, increased accessorial service revenue such as directory advertising, and favorable membership/clearinghouse fees due to an increase in shop to shop orders being sent through the network.

The Gourmet Food & Gift Baskets segment includes the operations of Harry & David, Cheryl's, Fannie May, Harry London, The Popcorn Factory, 1-800-Baskets/DesignPac, and Stockyards.com. Revenue is derived from the sale of gourmet fruits, cookies, baked gifts, premium chocolates and confections, gourmet popcorn, gift baskets, and prime steaks and chops through the Company's e-commerce sales channels (telephonic and online sales) and company-owned and operated retail stores under the Harry & David, Cheryl's and Fannie May brand names, as well as wholesale operations. Net revenues during the three months ended September 27, 2015 increased by 90.3%, in comparison to the same period of the prior year, due to the incremental revenue generated by Harry & David, which was acquired on September 30, 2014. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, pro-forma revenues declined 0.3%, primarily due to a shift in the timing of delivery of DesignPac and Fannie May wholesale orders from the first quarter into the second quarter.

Gross Profit

	Three Months Ended			
	September	September		
	27,	28,	%	
	2015	2014	Change	
	<i>(dollars in thousands)</i>			
Gross profit	\$67,509	\$ 53,313	26.6	%
Gross margin %	43.3	% 42.1		%

Gross profit consists of net revenues less cost of revenues, which is comprised primarily of florist fulfillment costs (fees paid directly to florists), the cost of floral and non-floral merchandise sold from inventory or through third parties, and associated costs including inbound and outbound shipping charges. Additionally, cost of revenues include labor and facility costs related to direct-to-consumer and wholesale production operations.

Gross profit during the three months ended September 27, 2015 increased by 26.6%, in comparison to the same period of the prior year, primarily as a result of the incremental revenue and associated gross margins generated by Harry & David, which was acquired on September 30, 2014. Gross margin percentage increased 120 basis points to 43.3% during the three months ended September 27, 2015, in comparison to the same period of the prior year, as a result of the higher margins attributable to Harry & David sales and improvements in the Consumer Floral and GFGB segments. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, pro-forma gross profit and gross margin percentage during the three months ended September 28, 2014 would have been \$66.0 million and 42.3%, compared to \$67.5 million and 43.3%, respectively, during the three months ended September 27, 2015, representing increases of 2.3% and 100 basis points.

The 1-800-Flowers.com Consumer Floral segment gross profit during the three months ended September 27, 2015 was consistent with the same period of the prior year, as the revenue decline caused by the sale of Fine Stationery and Pingg in June 2015 were offset by margin improvements. Gross margin percentage increased 80 basis points to 39.4% during the during the three months ended September 27, 2015, in comparison to the same period of the prior year as a result of reductions in discounting and flash sale programs, as well as sourcing and logistics improvements.

The BloomNet Wire Service segment gross profit increased by 6.2% as a result of the aforementioned increase in revenues, while gross margin percentage decreased to 54.6% from 55.4% during the three months ended September 27, 2015, in comparison to the same period of the prior year, as a result of sales mix.

The Gourmet Food & Gift Baskets segment gross profit increased by 101.4%, and gross margin percentage increased to 43.2% from 40.9% during the three months ended September 27, 2015, in comparison to the same period of the prior year, due to the aforementioned revenue growth and gross margin expansion attributable to the Harry & David acquisition, which earns higher margins due to its vertically integrated operations. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, pro-forma gross profit and gross margin percentage during the three months ended September 28, 2014 would have been \$25.9 million and 42.0%, compared to \$26.6 million and 43.2%, respectively, during the three months ended September 27, 2015, representing increases of 2.7% and 120 basis points.

Marketing and Sales Expense

	Three Months Ended			
	September	September		
	27,	28,	%	
	2015	2014	Change	
	<i>(dollars in thousands)</i>			
Marketing and sales	\$52,526	\$ 35,572	47.7	%
Percentage of net revenues	33.7 %	28.1 %		

Marketing and sales expense consists primarily of advertising and promotional expenditures, catalog costs, online portal and search costs, retail store and fulfillment operations (other than costs included in cost of revenues) and customer service center expenses, as well as the operating expenses of the Company's departments engaged in marketing, selling and merchandising activities.

Marketing and sales expense increased by 47.7% during the three months ended September 27, 2015, in comparison to the same period of the prior year, primarily as a result of the incremental marketing expenses of Harry & David, which was acquired on September 30, 2014. Similarly, as a percentage of net revenues, marketing and selling expenses increased from 28.1% during the three months ended September 28, 2014 to 33.7% during the three months ended September 27, 2015 as a result of the seasonality of the Harry & David business which is heavily weighted towards the Company's fiscal second quarter. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, pro-forma marketing and sales expense as a percentage of gross revenues during the three months ended September 28, 2014 would have been 32.6%, compared to 33.7% during the three months ended September 27, 2015. This increase was due to higher labor costs to support BloomNet growth initiatives and annual merit increases, as well as additional costs to provide enterprise service center capability in Harry & David's Hopewell, OH call center.

Technology and Development Expense

	Three Months Ended			
	September	September		
	27,	28,	%	
	2015	2014	Change	
	<i>(dollars in thousands)</i>			
Technology and development	\$9,311	\$ 5,600	66.3	%

Percentage of net revenues 6.0 % 4.4 %

Technology and development expense consists primarily of payroll and operating expenses of the Company's information technology group, costs associated with its websites, including hosting, design, content development and maintenance and support costs related to the Company's order entry, customer service, fulfillment and database systems.

Technology and development expenses increased 66.3% during the three months ended September 27, 2015, in comparison to the same period of the prior year, primarily due to the technology and development costs of Harry & David, which was acquired on September 30, 2014. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, pro-forma technology and development expenses as a percentage of gross revenues during the three months ended September 28, 2014 would have been 6.0%, consistent with the three months ended September 27, 2015.

General and Administrative Expense

	Three Months Ended			
	September	September		
	27,	28,	%	
	2015	2014	Change	
	<i>(dollars in thousands)</i>			
General and administrative	\$ 19,971	\$ 13,668	46.1	%
Percentage of net revenues	12.8 %	10.8 %		

General and administrative expense consists of payroll and other expenses in support of the Company's executive, finance and accounting, legal, human resources and other administrative functions, as well as professional fees and other general corporate expenses.

General and administrative expense increased by 46.1%, during the three months ended September 27, 2015, compared to the same period of the prior year, as a result of the incremental general and administrative expense of Harry & David, which was acquired on September 30, 2014. Similarly, as a percentage of net revenues, general and administrative expenses increased from 10.8% during the three months ended September 28, 2014 to 12.8% during the three months ended September 27, 2015 as a result of the seasonality of the Harry & David business which is heavily weighted towards the Company's fiscal second quarter. On a comparable basis, assuming the acquisition of Harry & David occurred on June 30, 2014, general and administrative expenses as a percentage of gross revenues during the three months ended September 28, 2014 would have been 13.7%, compared with 12.3% during the three months ended September 27, 2015. This decrease was due to favorable health care claim rates and integration and synergy cost reductions.

Depreciation and Amortization

	Three Months Ended			
	September	September		
	27,	28,	%	
	2015	2014	Change	
	<i>(dollars in thousands)</i>			
Depreciation and amortization	\$ 7,972	\$ 5,101	56.3	%
Percentage of net revenues	5.1 %	4.0 %		

Depreciation and amortization expense increased by 56.3%, during the three months ended September 27, 2015 in comparison to the same period of the prior year, as a result of the incremental depreciation and amortization expenses of Harry & David, acquired on September 30, 2014, including the impact of the additional intangibles amortization, as well as a result of the Company's technology improvements.

Interest Expense, net

Three Months Ended			
September	September		
27,	28,	%	
2015	2014	Change	
<i>(dollars in thousands)</i>			

Interest expense, net	\$ 1,891	\$ 320	490.9	%
-----------------------	----------	--------	-------	---

Interest expense, net consists primarily of interest expense and amortization of deferred financing costs attributable to the Company's credit facility, net of income earned on the Company's available cash balances.

Interest expense and other, net increased during the three months ended September 27, 2015 in comparison to the same period of the prior year, as a result of the additional interest expense and deferred financing costs associated with the Term Loan used to finance the Harry & David acquisition and the additional interest expense on the Company's revolver to fund the working capital requirements of Harry & David.

Other (income) expense, net

	Three Months Ended		
	September	September	
	27,	28,	%
	2015	2014	Change
	<i>(dollars in thousands)</i>		
Other (income) expense, net	\$(15,538)	\$ 433	3688.5 %

Other (income) expense, net consists primarily of a \$19.6 million gain on insurance recoveries related to the Fannie May warehouse fire (see Note 14 in Item 1 for details), offset by a \$1.9 million impairment of iFlorist assets held for sale (see Note 4 in Item 1 for details), a \$1.7 million impairment of the Flores Online investment (see Note 7 in Item 1 for details), and a decline in the value of Non-qualified deferred compensation investments.

Income Taxes

During the three months ended September 27, 2015 and September 28, 2014, the Company recorded income tax benefit of \$3.2 million and \$2.8 million respectively, resulting in an effective tax rate of 37.0% and 38.0%, respectively. The effective rate for fiscal 2016 differed from the U.S. federal statutory rate of 35% primarily due to state income taxes, which were partially offset by various permanent differences and tax credits. The effective rate for fiscal 2015 differed from the U.S. federal statutory rate of 35% primarily due to state income taxes, and other permanent differences, offset by tax credits. At September 27, 2015 the Company has remaining unrecognized tax positions of approximately \$0.6 million, including accrued interest and penalties of \$0.1 million. The Company believes that none of its unrecognized tax positions will be resolved over the next twelve months.

Liquidity and Capital Resources*Cash Flows*

At September 27, 2015, the Company had working capital of \$30.1 million, including cash and cash equivalents of \$2.0 million, compared to working capital of \$36.4 million, including cash and cash equivalents of \$27.9 million, at June 28, 2015.

Net cash used in operating activities of \$140.2 million for the three months ended September 27, 2015, was primarily due to the Company's net loss for the quarter, as well as seasonal changes in working capital, including increases in inventory and receivables related to the upcoming holiday season, and timing of accounts payable and accrued expense payments, as well as the gain recognized during the period relating to the Fannie May warehouse fire, which was cash realized in October 2015, partially offset by non-cash charges for depreciation and amortization, stock based compensation, impairment charges relating to the iFlorist held for sale assets and the Flores Online equity investment.

Net cash used in investing activities of \$6.2 million for the three months ended September 27, 2015, was attributable to capital expenditures related to the Company's technology infrastructure.

Net cash provided by financing activities of \$120.5 million for the three months ended September 27, 2015 was primarily from net revolving credit facility borrowings of \$128.9 million required to fund working capital needs, partially offset by the acquisition of \$4.7 million of treasury stock and \$3.7mm of term debt repayment. The Company expects that all borrowings under its revolving credit facility will be repaid by the end of the fiscal second quarter.

Credit Facility

In order to finance the acquisition of Harry & David, on September 30, 2014, the Company entered into a Credit Agreement with JPMorgan Chase Bank as administrative agent, and a group of lenders (the "2014 Credit Facility"), consisting of a \$142.5 million five-year term loan (the "Term Loan") with a maturity date of September 30, 2019, and a co-terminus revolving credit facility (the "Revolver"), with a seasonally adjusted limit ranging from \$100.0 to \$200.0 million, which may be used for working capital (subject to applicable sublimits) and general corporate purposes. The Term Loan is payable in 20 quarterly installments of principal and interest beginning in December 2014, with escalating principal payments at the rate of 10% in years one and two, 15% in years three and four, and 20% in year five, with the remaining balance of \$42.75 million due upon maturity. Upon closing of the acquisition, the Company borrowed \$136.7 million under the Revolver to repay amounts outstanding under the Company's and Harry & David's previous credit agreements, as well as to pay acquisition-related transaction costs.

The 2014 Credit Facility requires that while any borrowings are outstanding the Company comply with certain financial and non-financial covenants, including the maintenance of certain financial ratios. Outstanding amounts under the 2014 Credit Facility will bear interest at the Company's option at either: (i) LIBOR, plus a spread of 175 to 250 basis points, as determined by the Company's leverage ratio, or (ii) ABR, plus a spread of 75 to 150 basis points. The 2014 Credit Agreement is secured by substantially all of the assets of the Company and the Subsidiary Guarantors.

Despite the current challenging economic environment, the Company believes that cash flows from operations along with available borrowings from its 2014 Credit Facility will be a sufficient source of liquidity. Due to the seasonal nature of the Company's business, and its continued expansion into non-floral products, including the acquisition of Harry & David, the Thanksgiving through Christmas holiday season, which falls within the Company's second fiscal quarter, is expected to generate nearly 50% of the Company's annual revenues, and all of its earnings. As a result, the Company expects to generate significant cash from operations during its second quarter, and then utilize that cash for operating needs during its fiscal third and fourth quarters, after which time the Company expects to borrow against its Revolver to fund pre-holiday manufacturing and inventory purchases. Borrowings under the Revolver typically peak in November, at which time cash generated from operations during the Christmas holiday shopping season are expected to enable the Company to repay working capital borrowings prior to the end of December.

Stock Repurchase Program

The Company has a stock repurchase plan through which purchases can be made from time to time in the open market and through privately negotiated transactions, subject to general market conditions. The repurchase program is financed utilizing available cash. In June 2015, the Company's Board of Directors authorized an increase of \$25 million to its stock repurchase plan. As of September 27, 2015, \$22.6 million remains authorized under the plan.

Contractual Obligations

There have been no material changes outside the ordinary course of business, related to the Company's contractual obligations as discussed in the Annual Report on Form 10-K for the year ended June 28, 2015.

Critical Accounting Policies and Estimates

As disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended June 28, 2015, the discussion and analysis of the Company's financial condition and results of operations are based upon the consolidated financial

statements of 1-800-FLOWERS.COM, Inc., which have been prepared in conformity with U.S. generally accepted accounting principles. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. Management bases its estimates and assumptions on historical experience and on various other factors that are believed to be reasonable under the circumstances, and management evaluates its estimates and assumptions on an ongoing basis. Actual results may differ from these estimates under different assumptions or conditions. The Company's most critical accounting policies relate to revenue recognition, accounts receivable, inventory, goodwill, other intangible assets and long-lived assets and income taxes. There have been no significant changes to the assumptions and estimates related to the Company's critical accounting policies, since June 28, 2015.

Recent Accounting Pronouncements

In April 2015, the FASB issued ASU No. 2015-05, "Customer's Accounting for Fees Paid in a Cloud Computing Arrangement." This standard provides guidance to help entities determine whether a cloud computing arrangement contains a software license that should be accounted for as internal-use software or as a service contract. Upon adoption, an entity has the option to apply the provisions of ASU 2015-05 either prospectively to all arrangements entered into or materially modified, or retrospectively. This standard is effective for the Company's fiscal year ending July 2, 2017. We are currently evaluating the potential impact of adopting this guidance on our consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-03, “Simplifying the Presentation of Debt Issuance Costs,” which amends ASC 835-30, “Interest – Imputation of Interest.” In order to simplify the presentation of debt issuance costs, ASU No. 2015-03 requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from that debt liability, consistent with the presentation of a debt discount. This presentation is consistent with the guidance in Concepts Statement 6, which states that debt issuance costs are similar to a debt discount and in effect reduce the proceeds of borrowing, thereby increasing the effective interest rate. Concepts Statement 6 further states that debt issuance costs are not assets because they provide no future economic benefit. This new guidance is effective for the Company’s fiscal year ending July 2, 2017 and should be applied retrospectively.

In May 2014, the FASB issued ASU No. 2014-09, “Revenue from Contracts with Customers.” This amended guidance will enhance the comparability of revenue recognition practices and will be applied to all contracts with customers. Expanded disclosures related to the nature, amount, timing, and uncertainty of revenue that is recognized are requirements under the amended guidance. This guidance will be effective for the Company’s fiscal year ending June 30, 2019 and may be applied retrospectively. We are currently evaluating the potential impact of adopting this guidance on our consolidated financial statements.

Forward Looking Information and Factors that May Affect Future Results

Our disclosure and analysis in this report contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements represent the Company’s current expectations or beliefs concerning future events and can generally be identified by the use of statements that include words such as “estimate,” “project,” “believe,” “anticipate,” “intend,” “plan,” “foresee,” “likely,” “will,” “goal,” “target” or similar phrases. These forward-looking statements are subject to risks, uncertainties and other factors, many of which are outside of the Company’s control, that could cause actual results to differ materially from the results expressed or implied in the forward-looking statements, including:

the Company’s ability:

to achieve revenue and profitability;

to leverage its operating platform and reduce operating expenses;

to manage the increased seasonality of its business;

to cost effectively acquire and retain customers;

to effectively integrate and grow acquired companies, including the recent acquisition of Harry & David;

to reduce working capital requirements and capital expenditures;

to compete against existing and new competitors;

to manage expenses associated with sales and marketing and necessary general and administrative and technology investments; and

to cost efficiently manage inventories;

the outcome of contingencies, including legal proceedings in the normal course of business; and

general consumer sentiment and economic conditions that may affect levels of discretionary customer purchases of the Company's products.

We cannot guarantee that any forward-looking statement will be realized, although we believe we have been prudent in our plans and assumptions. Achievement of future results is subject to risks, uncertainties and inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from past results and those anticipated, estimated or projected. Investors should bear this in mind as they consider forward-looking statements.

We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures we make on related subjects in our Forms 10-Q, 8-K and 10-K reports to the Securities and Exchange Commission. Our Annual Report on Form 10-K filing for the fiscal year ended June 28, 2015 listed various important factors that could cause actual results to differ materially from expected and historic results. We note these factors for investors as permitted by the Private Securities Litigation Reform Act of 1995. Readers can find them in Part I, Item 1A, of that filing under the heading “Cautionary Statements Under the Private Securities Litigation Reform Act of 1995”. We incorporate that section of that Form 10-K in this filing and investors should refer to it.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk from the effect of interest rate changes and changes in the market values of its investments.

Interest Rate Risk

The Company’s exposure to market risk for changes in interest rates relates primarily to the Company’s investment of available cash balances and its long-term debt. The Company generally invests its cash and cash equivalents in investment grade corporate and U.S. government securities. Due to the currently low rates of return the Company is receiving on its cash equivalents, the potential for a significant decrease in short-term interest rates is low and, therefore, a further decrease would not have a material impact on the Company’s interest income. Borrowings under the Company’s credit facility bear interest at a variable rate, plus an applicable margin, and therefore exposes the Company to market risk for changes in interest rates. The effect of a 50 basis point increase in current interest rates on the Company’s interest expense would be approximately \$0.2 million during the three months ended September 27, 2015.

Investment Risk

The Company has certain investments in non-marketable equity instruments of private companies. The Company accounts for these investments using either the equity or the cost method. The Company reviews its investments for impairment when events and circumstances indicate that the decline in fair value of such assets below the carrying value is other-than-temporary. The Company's analysis includes review of recent operating results and trends, recent sales/acquisitions of the investee securities, and other publicly available data. The current global economic climate provides additional uncertainty. Valuations of private companies are inherently more difficult due to the lack of readily available market data. As such, the Company believes that providing information regarding market sensitivities is not practicable.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as of September 27, 2015. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of September 27, 2015.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting identified in connection with the Company's evaluation required by Rules 13a-15(d) or 15d-15(d) of the Securities Exchange Act of 1934 during the quarter ended September 27, 2015, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Legal Proceedings

From time to time, the Company is subject to legal proceedings and claims arising in the ordinary course of business:

In re Trilegiant Corporation, Inc. (Frank v. Trilegiant Corporation, Inc., et al):

On November 10, 2010, a purported class action complaint was filed in the United States District Court for the Eastern District of New York naming the Company (along with Trilegiant Corporation, Inc., Affinion, Inc. and Chase Bank USA, N.A.) as defendants in an action purporting to assert claims against the Company alleging violations arising under the Connecticut Unfair Trade Practices Act ("CUTPA") among other statutes, and for breach of contract and unjust enrichment in connection with certain post-transaction marketing practices in which certain of the Company's subsidiaries previously engaged in with certain third-party vendors. On December 23, 2011, plaintiff filed a notice of voluntary dismissal seeking to dismiss the entire action without prejudice. The court entered an Order on November 28, 2012, dismissing the case in its entirety. This case was subsequently refiled in the United States District Court for the District of Connecticut.

On March 6, 2012 and March 15, 2012, two additional purported class action complaints were filed in the United States District Court for the District of Connecticut naming the Company and numerous other parties as defendants in actions purporting to assert claims substantially similar to those asserted in the lawsuit filed on November 10, 2010. In each case, plaintiffs seek to have the respective case certified as a class action and seek restitution and other damages, each in an amount in excess of \$5.0 million. On April 26, 2012, the two Connecticut cases were consolidated with a third case previously pending in the United States District Court for the District of Connecticut in which the Company is not a party (the "Consolidated Action"). A consolidated amended complaint was filed by plaintiffs on September 7, 2012, purporting to assert claims substantially similar to those originally asserted. The Company moved to dismiss the consolidated amended complaint on December 7, 2012, which was subsequently refiled at the direction of the Court on January 16, 2013.

On December 5, 2012, the same plaintiff from the action voluntarily dismissed in the United States District Court for the Eastern District of New York filed a purported class action complaint in the United States District Court for the District of Connecticut naming the Company and numerous other parties as defendants, purporting to assert claims

substantially similar to those asserted in the consolidated amended complaint (the “Frank Action”). On January 23, 2013, plaintiffs in the Consolidated Action filed a motion to transfer and consolidate the action filed on December 5, 2012 with the Consolidated Action. The Company intends to defend each of these actions vigorously.

On January 31, 2013, the court issued an order to show cause directing plaintiffs' counsel in the Frank Action, also counsel for plaintiffs in the Consolidated Action, to show cause why the Frank Action is distinguishable from the Consolidated Action such that it may be maintained despite the prior-pending action doctrine. On June 13, 2013, the court issued an order in the Frank Action suspending deadlines to answer or to otherwise respond to the complaint until 21 days after the court decides whether the Frank Action should be consolidated with the Consolidated Action. On July 24, 2013 the Frank Action was reassigned to Judge Vanessa Bryant, before whom the Consolidated Action is currently pending, for all further proceedings. On August 14, 2013, other defendants filed a motion for clarification in the Frank Action requesting that Judge Bryant clarify the order suspending deadlines.

On March 28, 2014, the Court issued a series of rulings disposing of all the pending motions in both the Consolidated Action and the Frank Action. Among other things, the Court dismissed several causes of action, leaving pending a claim for CUTPA violations stemming from Trilegiant's refund mitigation strategy and a claim for unjust enrichment. Thereafter, the Court consolidated the Frank case into the Consolidated Action. On April 28, 2014 plaintiffs moved for leave to appeal the various rulings against them to the United States Court of Appeals for the Second Circuit and to have a partial final judgment entered dismissing those claims that the Court had ordered dismissed. The Company filed its Answer to the Complaint on May 12, 2014. On March 26, 2015, the Court denied plaintiffs' motions, resulting in the parties engaging in discovery.

On September 16, 2015, the Plaintiff who sued the Company in this action, David Frank, filed a Stipulation dismissing the Company from this litigation with prejudice. The Company paid no monies to David Frank, or any of his attorneys to resolve this action.

Edible Arrangements:

On November 20, 2014, a complaint was filed in the United States District Court for the District of Connecticut by Edible Arrangements LLC and Edible Arrangements International, LLC, alleging that the Company's use of the terms "Fruit Bouquets," "Edible," "Bouquet," "Edible Fruit Arrangements," "Edible Arrangements," and "DoFruit" and its use of a six-petal pineapple slice design in connection with marketing and selling edible fruit arrangements constitutes trademark infringement, false designation of origin, dilution, and contributory infringement under the federal Lanham Act, 29 USC § 1114 and 1125(a), common law unfair competition, and a violation of the Connecticut Unfair Trade Practices Act, Connecticut General Statutes § 42-110b (a). The Complaint alleges Edible Arrangements has been damaged in the amount of \$97,411,000. The Complaint requests a declaratory judgment in favor of Edible Arrangements, an injunction against the Company's use of the terms and design, an accounting and payment of the Company's profits from its sale of edible fruit arrangements, a trebling of the Company's profits from such sales or of any damages sustained by Edible Arrangements, punitive damages, and attorneys' fees. On November 24, 2014, the Complaint was amended to add a breach of contract claim for use of these terms and the design, based on a contract that had been entered by one of the Company's remote subsidiaries prior to its acquisition by the Company.

On January 29, 2015, the Plaintiffs amended the Complaint to add one of the Company's subsidiaries and to claim its damages were \$ 101,436,000. The Company filed an Answer and a Counterclaim on February 27, 2015. The Answer asserts substantial defenses, including fair use by the Company of generic and descriptive terms, as expressly permitted under the Lanham Act, invalidity of Edible Arrangements' trademark registrations on grounds of fraud and trademark misuse, lack of exclusive rights on the part of Edible Arrangements, functionality of the claimed design mark, acquiescence, estoppel, and Edible Arrangements' use of the claimed trademarks in violation of the antitrust laws.

The Counterclaim seeks a declaratory judgment of lack of infringement and invalidity of claimed marks, cancellation of Edible Arrangements' registrations due to its fraud and misuse, genericism, and lack of secondary meaning as to any terms deemed descriptive, and damages in an amount to be determined for violation of the antitrust provisions of the federal Sherman Act and the Connecticut Unfair Trade Practices Act.

Discovery has begun and Edible Arrangements filed a motion to dismiss the Company's Sherman Act and Connecticut Unfair Trade Practices Act claims. The Company filed its brief in opposition to the motion to dismiss on July 10, 2015. The parties are awaiting a decision from the Court. By Order dated May 4, 2015, the court ordered a phasing of the case and bifurcated the antitrust Counterclaim from the infringement claims.

The Company believes its Counterclaims to the Edible Arrangements' claims are meritorious and that there are substantial defenses to both of the claims above and expects to defend the claims vigorously.

There are no assurances that additional legal actions will not be instituted in connection with the Company's former post-transaction marketing practices involving third party vendors nor can we predict the outcome of any such legal action. At this time, we are unable to estimate a possible loss or range of possible loss for the aforementioned action for various reasons, including, among others: (i) the damages sought are indeterminate, (ii) the proceeding is in the early stages, and (iii) there is uncertainty as to the outcome of the pending motion. As a result of the foregoing, we have determined that the amount of possible loss or range of loss is not reasonably estimable. However, legal matters are inherently unpredictable and subject to significant uncertainties, some of which may be beyond our control.

ITEM 1A. RISK FACTORS.

There were no material changes to the Company's risk factors as discussed in Part 1, Item 1A-Risk Factors in the Company's Annual Report on Form 10-K for the year ended June 28, 2015.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The Company has a stock repurchase plan through which purchases can be made from time to time in the open market and through privately negotiated transactions, subject to general market conditions. The repurchase program is financed utilizing available cash. In June 2015, the Company's Board of Directors authorized an increase of \$25 million to its stock repurchase plan. As of September 27, 2015, \$22.6 million remains authorized under the plan.

The following table sets forth, for the months indicated, the Company's purchase of common stock during the first three months of fiscal 2016, which includes the period June 29, 2015 through September 27, 2015:

Period	Total Number of Shares Purchased	Average Price Paid Per Share (1)	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs (in thousands)
<i>(in thousands, except average price paid per share)</i>				
6/29/15 – 7/26/15	69.8	\$ 10.40	69.8	\$ 26,543
7/27/15 – 8/30/15	125.0	\$ 9.86	125.0	\$ 25,307
8/31/15 – 9/27/15	320.6	\$ 8.56	320.6	\$ 22,554
Total	515.4	\$ 9.12	515.4	

(1) Average price per share excludes commissions and other transaction fees.
