**Item 1.01 Entry into a Material Definitive Agreement.**

As previously disclosed in the Form 8-K filed with the U.S. Securities and Exchange Commission (the “SEC”) on November 1, 2016, and the subsequent Form 8-K filed with the SEC on December 7, 2016, Surna Inc. (the “Company”) has been privately negotiating with certain holders of certain 10% convertible promissory notes (the “Original Notes”) and warrants (the “Original Warrants” and together with the Original Notes, the “Original Securities”) with a view to amending and converting the Original Notes and amending the terms of the Original Warrants.

The Original Securities were issued as part of a unit (each unit consisted of 250,000 shares of Common Stock, an Original Warrant to purchase 50,000 shares of Common Stock and an Original Note in the principal amount of \$50,000) to investors participating in the Company’s private placement financing that completed closings between October 31, 2014 and February 27, 2015. The Original Notes mature and become payable two years from issuance.

As of February 20, 2017, the Company has entered into Note Conversion and Warrant Amendment Agreements (each, an “Agreement” and together, the “Agreements”) with each of 48 holders, to: (i) amend the Original Note (each an “Amended Note”) to reduce the conversion price of such holder’s Original Note and simultaneously cause the conversion of the outstanding amount under such Original Note into shares of Common Stock of the Company (“Conversion Shares”) with the exception of agreements with three holders which provide for the payment of the principal amount in cash and the interest outstanding in stock and a further three agreements in which a cash sum was negotiated to pay the outstanding note in full; and (ii) reduce the exercise price of the Original Warrant (each, an “Amended Warrant” and together with an Amended Note, the “Amendments”) in all except three Agreements. Each Agreement has been privately negotiated so the terms vary. Pursuant to the Agreements, the Original Notes have been amended to reflect a reduced conversion price per share between \$0.09 and \$0.22. Additionally, pursuant to the Agreements, certain Original Warrants have been amended to reflect a reduced exercise price per share between \$0.30 and \$0.35, with the exception of the first Agreement signed which amended certain Original Warrants to reflect a reduced exercise price of \$0.15 per share.

Pursuant to the Agreements, the Company has (i) converted Original Notes with an aggregate outstanding principal amount of approximately \$2,286,250.00, or approximately 90% of the total principal amount under the Original Notes, (ii) issued 17,903,228 Conversion Shares in connection with the conversion of such Original Notes and (iii) amended 2,221,250 Original Warrants to reduce their exercise price. During this time the Company also obtained a short-term loan of approximately \$500,000.00 for working capital.

In connection with the Amendments, the Company has also negotiated with some of the holders a restriction that limits the number of Conversion Shares a holder may sell, make any short sale of, loan, grant any option for the purchase of, or otherwise dispose of any of such shares issuable in connection with the Amendments without the prior written consent of the Company for a period of ninety (90) days after the date of such holder’s Agreement.

The Company intends to negotiate with the remaining holders of the Original Notes to convert the remaining \$250,000.00 of principal; however, it cannot make any assurance that it will be successful in negotiating Agreements with any remaining holders of Original Notes.

The foregoing summary of the Agreements is qualified in its entirety by reference to the full text of the Agreements, a copy of which will be filed as an exhibit to the Company's next periodic report.

**Item 3.02 Unregistered Sales of Equity Securities.**

The information provided above under Item 1.01 is incorporated by reference under this Item 3.02.

The Conversion Shares and the Amended Warrants were issued in reliance on exemptions from registration pursuant to Section 4(a)(2) of the Securities Act and/or Rule 506 of Regulation D promulgated thereunder. These transactions qualified for exemption from registration because among other things, the transactions did not involve a public offering, each investor was an accredited investor, each investor had access to information about the Company and their investment, each investor took the securities for investment and not resale, and the Company took appropriate measures to restrict the transfer of the securities.

**Item 7.01 Regulation FD.**

On February 7, 2017, the Company issued a press release regarding the Agreements. A copy of the press release is attached hereto as Exhibit 99.1.

The information in this Item 7.01, including the exhibit attached hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

**Important Information**

The information in this Current Report on Form 8-K (this “Current Report”) is for informational purposes only, and the proposed transactions described above shall not constitute an offer to buy, exchange or amend securities or constitute the solicitation of an offer to sell, exchange or amend any of the Company’s securities. The holders of the Original Securities previously represented to the Company that they were accredited investors (as defined in Rule 501 of Regulation D promulgated under the Securities Act) in connection with the transactions in which such holders acquired the Original Securities. The Company will not modify a holder’s Original Securities if the Company does not have a reasonable belief that such holder currently is an accredited investor. Additionally, the Company will not modify the Original Securities if the Company determines that a valid securities exemption is not available under the Securities Act. The disclosure contained herein does not constitute an offer to sell or a solicitation of an offer to buy any securities of the Company, and is made only as permitted by Rule 135c under the Securities Act.
