New Loan Facility

On September 27, 2018, the Company entered into a \$24.0 million loan agreement with Wilmington Trust, National Association as facility agent and security agent for certain nominees of EnTrustPermal as lenders, for the purpose of refinancing the outstanding indebtedness of *Pyxis Epsilon* under the previous loan facility. The borrower under the facility is our applicable vessel-owning subsidiary and the facility is guaranteed by the Company. The facility matures in September 2023 and is secured by a first priority mortgage over the vessel, general assignment covering earnings, insurances and requisition compensation, an account pledge agreement and a share pledge agreement concerning the respective vessel-owning subsidiary and technical and commercial managers’ undertakings. The new loan facility bears an interest rate of 11.0% per annum as well as incurs fees due upfront and upon early prepayment as well as final repayment of outstanding principal. The principal obligation amortizes in 18 quarterly installments starting in March 29, 2019, equal to the lower of \$0.4 million and excess cash computed through a cash sweep mechanism, plus a balloon payment due at maturity. The facility also imposes certain customary covenants and restrictions with respect to, among other things, the borrower’s ability to distribute dividends, incur additional indebtedness, create liens, change its share capital, engage in mergers, or sell the vessel and a minimum collateral value to outstanding loan principal. As of the date of this Report on Form 6-K, the Company has drawn down the entire \$24.0 million.
