Form 10-Q
November 14, 2012

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION**

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF
THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2012

333-177802

(Commission File Number)

POWER REIT

(Exact name of registrant as specified in its charter)

Maryland
(State of Organization)

45-3116572
(I.R.S. Employer Identification No.)

301 Winding Road, Old Bethpage, NY
(Address of principal executive offices)

11804
(Zip Code)

(212) 750-0373

(Registrant's telephone number)

Edgar Filing: Power REIT - Form 10-Q

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company.

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

1,623,250 common shares of beneficial interest, \$0.001 par value, outstanding at September 30, 2012.

Notes to unaudited financial statements:

1. General Information

Edgar Filing: Power REIT - Form 10-Q

The foregoing interim consolidated financial statements are unaudited but, in the opinion of management, reflect all adjustments necessary for a fair presentation of the results of operations for the interim periods presented. Power REIT ("Registrant" or "Trust") has elected to be treated for tax purposes as a real estate investment trust (REIT). It is the Trust's policy to distribute at least 90% of its ordinary taxable income to its shareholders to maintain its REIT corporate status. All adjustments are of a normal recurring nature.

Power REIT's only current income generating asset is its ownership of its wholly-owned subsidiary, Pittsburgh & West Virginia Railroad ("P&WV"), which has leased the entirety of its railroad property to Norfolk Southern Corporation ("NSC") pursuant to a 99-year lease (the "Lease"). Pursuant to the Lease, NSC pays base cash rent of \$915,000 annually, payable in quarterly installments. In addition, in accordance with the terms of the Lease, NSC reimburses P&WV, in the form of additional rent, for certain taxes, governmental charges and other costs of P&WV. Currently, lease payments received by P&WV provide Power REIT with its sole source of consolidated operating cash flow.

2. Summary of Significant Accounting Policies

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Consolidation. The accompanying unaudited consolidated financial statements include Power REIT and its wholly-owned subsidiary, P&WV. The financial statements have been prepared as if Power REIT had been historically consolidated with P&WV during the prior reporting periods. All intercompany balances and transactions have been eliminated in consolidation.

Net Investment in Railroad Capital Lease. P&WV's net investment in capital lease, recognizing renewal options in perpetuity, was estimated to have a current value of \$9,150,000 assuming an implicit interest rate of 10%.

Fair Value. Fair value represents the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Trust measures its financial assets and liabilities in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

- Level 1—valuations for assets and liabilities traded in active exchange markets, or interest in open-end mutual funds that allow a company to sell its ownership interest back at net asset value on a daily basis. Valuations are obtained from readily available pricing sources for market transactions involving identical assets, liabilities or funds.
- Level 2—valuations for assets and liabilities traded in less active dealer, or broker markets, such as quoted prices for similar assets or liabilities or quoted prices in markets that are not active. Level 2 includes U.S. Treasury, U.S. government and agency debt securities, and certain corporate obligations. Valuations are usually obtained from third party pricing services for identical or comparable assets or liabilities.
- Level 3—valuations for assets and liabilities that are derived from other valuation methodologies, such as option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

In determining fair value, the Trust utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

The carrying amounts of the Trust's financial instruments, including cash and cash equivalents, approximate fair value because of their relatively short maturity schedules. Financial assets and liabilities carried at fair value on a recurring basis were as follows:

September 30, 2012

(\$ in Thousands)

	Level 1	Level 2	Level 3	Total
Assets				
Cash Equivalents ⁽¹⁾	\$ 551	\$ -	\$ -	\$ 551
Total Assets at Fair Value	\$ 551	\$ -	\$ -	\$ 551

(1) Comprises money market funds, which are included in Cash & Cash Equivalents in the accompanying balance sheet

December 31, 2011

(\$ in Thousands)

	Level 1	Level 2	Level 3	Total
Assets				
Cash Equivalents ⁽¹⁾	\$ 982	\$ -	\$ -	\$ 982
Total Assets at Fair Value	\$ 982	\$ -	\$ -	\$ 982

(1) Comprises money market funds, which are included in Cash & Cash Equivalents in the accompanying balance sheet

For financial assets that utilize Level 1 inputs, the Trust utilizes both direct and indirect observable price quotes, including quoted market prices (Level 1 inputs).

Prepaid Assets. The Trust records a prepaid asset for expenses that are expect to provide the Trust with benefits over a period of one year or longer. During the second quarter, the Trust recorded a prepaid asset of approximately \$45,000 related to its shelf-offering on Form S-3 and a prepaid asset of \$30,000 related to capitalization of expenses related to a potential line of credit agreement. The costs related to the line of credit, if consummated, will be amortized using the straight-line method, which approximates the effective interest method. The Trust expects to amortize the shelf-offering expenses proportionately upon each draw upon the Form S-3 registration statement (See Footnote 3).

Deposits. During the first quarter of 2012, Power REIT placed a \$15,000 deposit on a parcel of land that is intended to be developed as an energy park. If acquired and fully developed, the energy park is expected to increase cash-flow available to the Registrant through additional lease payments. In addition, Power REIT has placed a \$25,000 deposit with a bank to finance acquisitions. Power REIT is in the process of negotiating the final terms and documentation of the line of credit and there can be no assurance that the financing will be consummated.

3. Shelf Offering on Form S-3

On May 11, 2012 the Securities and Exchange Commission (SEC) declared effective Power REIT's \$100 million shelf registration statement on Form S-3. Under the Form S-3, the Company may from time to time issue any combination of common equity or common equity linked securities (warrants, options or units) in any amounts up to an aggregate of \$100 million. The net proceeds of offerings are intended to be used to fund working capital and expenses of Power REIT and new acquisitions consistent with Power REIT's business plan. As of the date of this report, the Company has not issued any securities and does not have any immediate plans to issue securities pursuant to the Form S-3. The terms of any offering of securities made pursuant to the shelf registration statement will be determined at the time of the offering and disclosed in a prospectus supplement filed with the SEC and distributed to prospectus investors.

4. Long-term Compensation

The company grants awards pursuant to its 2012 Equity Incentive Plan ("Plan"), which was approved at the company's 2012 annual shareholder meeting. The Plan provides for grants of stock options, restricted stock, stock appreciation rights ("SARs") and other equity incentive awards to employees, officers and other persons providing services to us and our subsidiaries, including outside directors. Common stock may be awarded under the Plan until it is terminated or until the ten-year anniversary of the Plan. During the third quarter, 30,000 shares of restricted common stock and options to acquire 166,000 shares of common stock were granted. As of September 30, 2012, 4,000 common shares remain authorized and available for issuance.

Summary of Activity

The summary of Plan activity for the nine months ended September 30, 2012, with respect to our stock options, was as follows:

	Options Outstanding Number of	Weighted Average
	Options	Exercise Price
Balance at December 31, 2011	-	-
Plan Awards	166,000	7.96
Exercised	-	-
Forfeited	-	-
Balance as of September 30, 2012	166,000	7.96
Options Exercisable as of September 30, 2012	0	-

The summary of Plan activity for the nine months ended September 30, 2012, with respect to our restricted stock, was as follows:

	Number of	Weighted Average
	Shares	Grant Date
		Fair Value
Balance at December 31, 2011	-	-
Plan Awards	30,000	\$7.96
Vested	-	-
Forfeited	-	-
Balance as of September 30, 2012	30,000	7.96

The term of each option granted during the third quarter is 10 years. Both the restricted stock and options vest over the service period as follows: 33 1/3% on the first-year anniversary of the grant, 33 1/3% on the second-year anniversary of the grant and 33 1/3% on the third-year anniversary of the grant. The company recognizes share-based payment expenses based on grant date fair values and market closing price. Restricted stock is valued based on the market price of common stock on the grant date. Options are valued using the binomial option pricing model using the following assumptions to estimate fair value:

Expected Volatility	21.38%
Expected Dividend Yield	4.99%
Expected Term (in years)	6.0
Risk Free Rate	0.79%
Estimate of Forfeiture Rate	10.0%

The company uses historical data to estimate dividend yield and volatility and the “simplified approach” as described in the SEC Staff Accounting Bulletin #107 and #110 to determine the expected term. The risk-free interest rate for the expected term of the options is based on the U.S. treasury yield curve on the grant date. The company does not have historical data of forfeiture, and as a policy, has used an estimate of the forfeiture rate in calculating unrecognized share-based compensation expense. Compensation expenses may be adjusted if the actual forfeiture rate differs from this assumption.

During the third quarter of 2012, the Trust recorded approximately \$14,000 of non-cash expense related to restricted stock and options granted under the Plan. As of September 30, 2012 there was approximately \$308,000 of total unrecognized share-based compensation expense, which expense will be recognized through August 2015, equating to a weighted average amortization period of 2.0 years from the issuance date.

The Trust does not currently have a policy regarding the repurchase of shares on the open market related to equity awards and does not currently intend to acquire shares on the open market.

5. Litigation with Norfolk Southern Corporation and Additional Rent owed to P&WV

Power REIT and its wholly-owned subsidiary, P&WV, are currently in litigation with NSC (and its sub-lessee) regarding, among other things, the treatment of sale of P&WV property, reimbursement of P&WV’s legal expenses (as additional rent under the lease), the interpretation of several lease provisions and whether or not NSC is in default pursuant to the terms of the lease. P&WV is actively seeking to protect its contractual rights under the lease including the right to amounts owed to it from NSC. NSC has continued to make the base rent payment during the pendency of the litigation. P&WV believes that its primary exposure to the litigation is the cost of the litigation which P&WV believes is recoverable under the terms of the lease.

P&WV believes NSC is required to pay additional rent to P&WV, which additional rent includes, among other things, P&WV's legal expenses during the first nine months of 2012 incurred in defending its contractual rights under the lease. This amount is in addition to other amounts that are in dispute with NSC related to the interpretation of the lease. Due to the uncertainty of the current litigation, P&WV has expensed the litigation costs and has not recorded other amounts that P&WV believes may be recoverable pending a resolution of the litigation. Due to the uncertainties and risk related to litigation, there can be no assurance that the litigation will result in a favorable outcome to P&WV. The litigation was previously disclosed on Power REIT's annual report filed on Form 10-K with the SEC on March 28, 2012 and on current report filed on Form 8-K with the SEC on February 16, 2012.

Item 2. Management's Discussion and Analysis of Financial Condition and Result of Operations

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are those that predict or describe future events or trends and that do not relate solely to historical matters. You can generally identify forward-looking statements as statements containing the words "believe," "expect," "will," "anticipate," "intend," "estimate," "project," "plan," "assume" or other similar expressions, or negatives of those expressions, although not all forward-looking statements contain these identifying words. All statements contained in this report regarding our future strategy, future operations, projected financial position, estimated future revenues, projected costs, future prospects, the future of our industries and results that might be obtained by pursuing management's current or future plans and objectives are forward-looking statements.

You should not place undue reliance on any forward-looking statements because the matters they describe are subject to known and unknown risks, uncertainties and other unpredictable factors, many of which are beyond our control. Our forward-looking statements are based on the information currently available to us and speak only as of the date of the filing of this report. New risks and uncertainties arise from time to time, and it is impossible for us to predict these matters or how they may affect us. Over time, our actual results, performance or achievements will likely differ from the anticipated results, performance or achievements that are expressed or implied by our forward-looking statements, and such difference might be significant and materially adverse to our security holders. Our forward-looking statements contained herein speak only as of the date hereof, and we make no commitment to update or publicly release any revisions to forward-looking statements in order to reflect new information or subsequent events, circumstances or changes in expectations.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION

Power REIT (the “Trust”) is a Maryland real-estate investment trust that is seeking to acquire real-estate related to energy and transportation infrastructure. Its business plan builds upon its current ownership of its wholly-owned subsidiary, the Pittsburgh & West Virginia Railroad (“P&WV”).

P&WV owns railroad property in Pennsylvania, West Virginia and Ohio that is leased to Norfolk Southern Corporation (“NSC”) with a 99-year lease term, with unlimited renewals on the same terms, absent a default by NSC. Base cash rental is a fixed amount of \$915,000 per year, paid quarterly, with no provision for increase in such base rent during the term of the lease and any renewal periods. Under the terms of the lease, NSC is obligated to pay additional rent, some of which has historically been booked by NSC as an indebtedness obligation to P&WV. Historically, this additional rent has mostly consisted of an amount equal to the amount of deductions allowable to P&WV, for tax purposes, for depreciation and amortization of P&WV’s railroad property. In addition, NSC can elect to retain proceeds from its sales of P&WV’s excess property that is no longer necessary or useful. Amounts that are retained by NSC are booked as additional indebtedness to P&WV. The amount, term and character of additional rent payments and the indebtedness owed to P&WV is in dispute (See Part II, Item 1. Legal Proceedings). According to records maintained by NSC that have been provided to P&WV, at December 31, 2011 and 2010, the principal balance of indebtedness owed to P&WV by Norfolk Southern was \$16,249,380 and \$15,882,651, respectively, not including any accrual of interest. Due to the pending litigation, which should lead to a resolution of the amount, term and character of the indebtedness, no values have been reported in the accompanying financial statement.

Although Power REIT currently derives 100% of its consolidated revenue and cash-flow from its ownership of P&WV, Power REIT is seeking to diversify its investment portfolio and is actively seeking to acquire additional investments. During the first quarter of 2012, Power REIT placed a \$15,000 deposit on a parcel of land that is intended to be developed as an energy park. If acquired and fully developed, the energy park is expected to increase cash-flow available to the Registrant. In addition, Power REIT placed a \$25,000 deposit with a bank related to a line of credit, which could be used to finance additional acquisitions. There can be no assurance that such financing will

be consummated.

In comparing the third quarter of 2012 with the preceding second quarter of 2012 and the third quarter of 2011, revenues totaled \$229,000, \$229,000, and \$229,000, respectively. Net income was \$18,000, (98,000) and \$174,000 respectively. P&WV incurred approximately \$142,000 of litigation expenses related to the NSC litigation during the third quarter and approximately \$366,000 during the first nine months of 2012. Although, P&WV may incur additional litigation expenses in subsequent periods, which will impact GAAP results in those future periods, management believes that the litigation expenses are reimbursable under the lease as additional rent (See Part II, Item 1: LEGAL PROCEEDINGS).

The Trust's cash outlays, other than dividend payments, are for general and administrative (G&A) expenses, which includes, among other things, professional accounting and legal fees, consultants, and trustee's fees. P&WV's property is maintained entirely at NSC's expense pursuant to the lease. The Trust's expenses increased during the third quarter of 2012 compared to the second quarter of 2012 and third quarter of 2011 primarily due to litigation expenses of \$142,000 in the third quarter and increased G&A and expenses related to the expansion of the Trust's business, including \$14,000 of non-cash expenses related to long-term, equity-based compensation.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As a smaller reporting company, we are not required to provide the information required by this Item.

Item 4. Controls and Procedures

Management is responsible for establishing and maintaining effective disclosure controls and procedures. As of the end of the period covered by this report, the Registrant carried out an evaluation under the supervision and with the participation of the Registrant's management, including the Chief Executive Officer and Secretary-Treasurer, of the effectiveness of the design and operation of the disclosure controls and procedures pursuant to Rule 13a-15 under the Securities and Exchange Act of 1934, as amended. Based on that evaluation, the Chief Executive Officer and Secretary-Treasurer have concluded that the Registrant's disclosure controls and procedures are adequate and effective to ensure that information required to be disclosed in the Registrant's required SEC filings is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms.

There have been no significant changes in the Registrant's internal controls or in other factors that that could significantly affect internal controls subsequent to the date the Registrant carried out its evaluation.

We maintain a system of internal control over financial reporting that is designed to provide reasonable assurance that our books and records accurately reflect the transactions of the Registrant and that our policies and procedures are followed. There have been no changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonable likely to materially affect such controls.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

As previously disclosed, Power REIT and its wholly-owned subsidiary, P&WV, are currently in litigation with NSC, and its sub-lessee, Wheeling & Lake Erie Railroad ("WLE", and together with NSC, the "Litigants"). The case is pending in Federal Court in Pittsburgh, PA. The Litigants initiated the litigation in December 2011, seeking, among other things, a declaratory judgment that NSC was not in default on the 99-year lease. The litigation is currently in the active discovery phase. At this stage, limited guidance on the outcome of the litigation can be provided by

management, although P&WV believes its primary exposure to the litigation is the cost of the litigation.

The litigation relates to, among other things, the treatment of sales of P&WV property by NSC, the terms associated with payment of indebtedness owed to P&WV by NSC, payment of additional rent pursuant to the lease (including legal expenses related to P&WV's enforcement of the lease terms), the interpretation of several lease provisions and whether or not the lease is in default.

In addition to its answer to the Litigant's claims, P&WV filed various counter claims, including that the lease is in default and demands for various amounts owed to P&WV by NSC. According to records maintained by NSC and P&WV's historical tax returns prepared by NSC, NSC owes P&WV more than \$16 million. NSC has historically prepared P&WV's tax returns (the last P&WV tax return prepared by NSC was the 2010 tax return). P&WV retained an independent accounting firm to prepare its 2011 tax returns. P&WV believes the amount of indebtedness owed to P&WV is valid debt, and that such debt is understated and does not include any accrual of interest, other rent payments (not including the base rent) or other amounts owed pursuant to provisions of the lease. Although the debt owed to P&WV is an asset and has historically been recorded on P&WV's tax returns as an asset by NSC, it has not been included in P&WV's GAAP financial statements. Due to the uncertainty of the current litigation, including term of debt and amounts owed, P&WV has expensed the litigation costs and has not recorded the amounts owed to P&WV or other amounts that P&WV believes may be recoverable upon a resolution of the litigation.

Although the litigation is resulting in elevated legal expenses, management believes the litigation is necessary to protect P&WV's interest in its railroad asset and in the substantial indebtedness owed to it and that continued pursuit of P&WV's counterclaims against NSC are in the best interests of P&WV. There can be no assurance that P&WV will be successful in its counterclaims.

The litigation was previously disclosed on Power REIT's annual report filed on Form 10-K with the SEC on March 28, 2012 and on current report filed on Form 8-K with the SEC on February 16, 2012.

Item 1A. Risk Factors

The Registrant's results of operations and financial condition are subject to numerous risks and uncertainties described in its registration statement on Form S-3/A dated May11, 2012, which risk factors are incorporated herein by reference. You should carefully consider these risk factors in conjunction with the other information contained in this report. Should any of these risks materialize, the Registrant's business, financial condition and future prospects could be negatively impacted.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities
