Nielsen Holdings N.V.

Notes to Condensed Consolidated Financial Statements

1. Background and Basis of Presentation

Background

Nielsen Holdings N.V. (Nielsen or the Company), together with its subsidiaries, is a leading global information and measurement company that provides clients with a comprehensive understanding of consumers and consumer behavior. Nielsen is aligned into two reporting segments: what consumers buy (Buy) and what consumers watch (Watch). In June 2013, Nielsen completed the sale of its Expositions operating segment (see Note 4, Discontinued Operations, for more information). The Company's condensed consolidated statements of operations reflect the Expositions operating segment as a discontinued operation. Nielsen has a presence in more than 100 countries, with its headquarters located in Diemen, the Netherlands and New York, USA.

The Company was formed by several private equity groups through Valcon Acquisition Holding (Luxembourg) S.à r.l. (Luxco). As of December 31, 2012, Luxco owned 236,266,399 shares (or approximately 65%) of the Company's common stock. In February and May 2013, Luxco and certain Nielsen employees completed public offerings of 40,814,884 and 40,250,000 shares, respectively, of the Company's common stock at a price of \$32.55 and \$35.01 per share, respectively. Subsequent to these offerings and as of September 30, 2013, Luxco owned 155,224,724 shares (or approximately 41%) of the Company's common stock.

Basis of Presentation

The accompanying condensed consolidated financial statements are unaudited but, in the opinion of management, contain all the adjustments (consisting of those of a normal recurring nature) considered necessary to present fairly the Company's financial position and the results of operations and cash flows for the periods presented in conformity with accounting principles generally accepted in the U.S. (U.S. GAAP) applicable to interim periods. For a more complete discussion of significant accounting policies, commitments and contingencies and certain other information, refer to the consolidated financial statements included in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on August 12, 2013. All amounts are presented in U.S. Dollars (\$), except for share data or where expressly stated as being in other currencies, e.g., Euros (€). The condensed consolidated financial statements include the accounts of Nielsen and all subsidiaries and other controlled entities. The Company has evaluated events occurring subsequent to September 30, 2013 for potential recognition or disclosure in the condensed consolidated financial statements and concluded there were no subsequent events that required recognition or disclosure other than those provided.

Earnings per Share

Basic net income or loss per share is computed using the weighted-average number of shares of common stock outstanding during the period. Diluted net income per share is computed using the weighted-average number of shares of common stock and dilutive potential shares of common stock outstanding during the period. Dilutive potential shares of common stock consist of employee stock options and restricted stock.

The effect of 2,502,717 and 8,815,982 shares of common stock equivalents under stock compensation plans were excluded from the calculation of diluted earnings per share for the three months ended September 30, 2013 and 2012,

respectively, as such shares would have been anti-dilutive.

The effect of 2,427,945 and 6,960,905 shares of common stock equivalents under stock compensation plans were excluded from the calculation of diluted earnings per share for the nine months ended September 30, 2013 and 2012, respectively, as such shares would have been anti-dilutive.

Devaluation of Venezuelan Currency

Nielsen has operations in both the Buy and Watch segments in Venezuela and the functional currency for these operations was the Venezuelan Bolivares Fuertes. Venezuela's currency was considered hyperinflationary as of January 1, 2010 and further, in January 2010, Venezuela's currency was devalued and a new currency exchange rate system was announced. In 2010, Nielsen evaluated the new exchange rate system and concluded that the local currency transactions will be denominated in U.S. dollars effective as of January 1, 2010 and until Venezuela's currency is deemed to be non-hyperinflationary.

In February 2013, the Venezuelan government devalued its currency by 32%. The official exchange rate moved from 4.30 to 6.30 and the regulated System of Transactions with Securities in Foreign Currency market was suspended. As a result of this change

Nielsen recorded a charge of \$12 million during the first quarter of 2013 in foreign currency exchange transaction (losses)/gains, net line in the condensed consolidated statement of operations primarily reflecting the write-down of monetary assets and liabilities.

2. Summary of Recent Accounting Pronouncements

Reclassification from accumulated other comprehensive income

In February 2013, the FASB issued an accounting update *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*, to improve the transparency of reporting reclassifications out of accumulated other comprehensive income. The Company has presented the significant amounts reclassified from each component of accumulated other comprehensive income and the income statement line items affected by the reclassification in Note 6 to these condensed consolidated financial statements. This amended guidance does not have any other impact on the Company's condensed consolidated financial statements.

Foreign Currency Matters

In March 2013, the FASB issued an accounting update, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity*, to resolve the diversity in practice regarding the release into net income of the cumulative translation adjustment upon derecognition of a subsidiary or group of assets within a foreign entity. The amendment requires an entity that ceases to have a controlling financial interest in a subsidiary or group of assets within a foreign entity to release any related cumulative translation adjustment into net income. Accordingly, the cumulative translation adjustment should be released into net income only if the sale or transfer results in the complete or substantially complete liquidation of the foreign entity in which the subsidiary or group of assets had resided. This guidance is effective for Nielsen interim and annual reporting periods in 2014. The adoption of this update is not expected to have a significant impact on the Company's condensed consolidated financial statements.

Income Taxes

In July 2013, the FASB issued an accounting update, *Income Taxes: Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. The update provides guidance on the financial statement presentation of an unrecognized tax benefit, as either a reduction of a deferred tax asset or as a liability, when a net operating loss carryforward, similar tax loss, or a tax credit carryforward exists. The update will be effective for interim and annual periods beginning after December 15, 2013 and may be applied on a retrospective basis. Early adoption is permitted. The Company does not expect the adoption of this update to have a significant impact on the Company's condensed consolidated financial statements.

3. Business Acquisitions

Arbitron Inc.

On September 30, 2013 (the *Acquisition Date*), Nielsen completed the acquisition of Arbitron Inc., an international media and marketing research firm (*Arbitron*), through the purchase of 100% of Arbitron's outstanding common stock for a total cash purchase price of \$1.3 billion (the *Acquisition*). Arbitron is expected to help Nielsen better address

client needs in unmeasured areas of media consumption, including streaming audio and out-of-home and Nielsen's global distribution footprint can help expand Arbitron's capabilities outside of the U.S. With Arbitron's assets, Nielsen intends to further expand its Watch segment's audience measurement across screens and forms of listening. Arbitron has been rebranded Nielsen Audio.

As a part of the Acquisition, Nielsen acquired the remaining 49.5% interest in Scarborough Research, a joint venture between Nielsen and Arbitron (Scarborough) that Nielsen historically accounted for under the equity method of accounting. Nielsen accounted for this transaction as a step-acquisition and calculated the fair value of its investment immediately before the acquisition to be \$75 million. As a result, during the third quarter of 2013, Nielsen recorded a \$24 million gain on its investment in Scarborough to other income/(expense), net in the condensed consolidated statement of operations. Effective October 1, 2013, the financial results of Scarborough will be included within the consolidated financial statements of Nielsen.

The Acquisition was accounted for using the acquisition method of accounting which requires, among other things, the assets acquired and the liabilities assumed be recognized at their fair values as of the acquisition date. Since the date of the acquisition occurred on the last day of the quarter, the results of Arbitron will be included within Company's consolidated financial statements commencing October 1, 2013.

The purchase price was preliminarily allocated based upon the fair value of the assets acquired and liabilities assumed at the date of acquisition using available information and certain assumptions management believed reasonable. The following table summarizes the preliminary purchase price allocation:

(IN MILLIONS)

Fair value of business combination:

Cash paid for Arbitron common stock	\$ 1,296
Accrued payment for directors and employees equity awards pertaining to pre-merger service	42
Accrued dividend payment on Arbitron common stock	3
Fair value of previously held equity interest in Scarborough	75
Total	\$ 1,416

Identifiable assets acquired and liabilities assumed:

Cash	\$ 136
Other current assets	115
Property and equipment	32
Goodwill	931
Amortizable intangible assets	517
Other long term assets	3
Deferred revenue	(47)
Other current liabilities	(53)
Deferred tax liabilities	(200)
Other long term liabilities	(18)
Total	\$ 1,416

As of the Acquisition Date, the expected fair value of accounts receivable approximated historical cost. The gross contractual receivable was \$64 million, of which \$4 million was deemed uncollectible. The estimated fair values assigned to amortizable intangible assets, goodwill and uncertain tax positions are provisional and subject to adjustment primarily based upon additional information the Company is in process of obtaining.

The provisional allocation of the purchase price to goodwill and identified intangible assets was \$931 million and \$517 million, respectively. All of the Arbitron related goodwill and intangible assets are attributable to the Nielsen's Watch segment.

Intangible assets and their estimated useful lives consist of the following:

(IN MILLIONS)

Edgar Filing: Nielsen Holdings N.V. - Form 10-Q

Description	Amount	Useful Life
Customer related intangibles	\$ 323	10 - 20 years
Computer software	150	5 - 10 years
Trade names and trademarks	33	5 years
Covenants-not-to-compete	11	1-2 years
Total	\$ 517	

Goodwill is calculated as the excess of the consideration transferred over the net assets recognized and represents expected synergies and the going concern nature of Arbitron.

The Company incurred acquisition related expenses of \$4 million and \$18 million for the three and nine months ended September 30, 2013, respectively, which primarily consisted of transaction fees, legal, accounting and other professional services that are included in selling, general and administrative expense in the condensed consolidated statement of operations.

The following unaudited pro forma information presents the consolidated results of operations of the Company and Arbitron for the three and nine months ended September 30, 2013 and 2012, as if the acquisition had occurred on January 1, 2012, with pro forma

adjustments to give effect to amortization of intangible assets, an increase in interest expense from acquisition financing, and certain other adjustments:

	Three Months Ended		Nine Months Ended	
(IN MILLIONS)	September 30,		September 30,	
	2013	2012	2013	2012
Revenues	\$ 1,510	\$ 1,464	\$ 4,447	\$ 4,302
Income from continuing operations	\$ 151	\$ 100	\$ 301	\$ 225

The unaudited pro forma results do not reflect any synergies and are not necessarily indicative of the results that the Company would have attained had the acquisition of Arbitron been completed as of the beginning of the reporting period.

Other Acquisitions

For the nine months ended September 30, 2013, excluding Arbitron, Nielsen paid cash consideration of \$42 million associated with both current period and previously executed acquisitions, net of cash acquired. Had these current period acquisitions occurred as of January 1, 2013, the impact on Nielsen's consolidated results of operations would not have been material.

For the nine months ended September 30, 2012, Nielsen paid cash consideration of \$136 million associated with both current period and previously executed acquisitions, net of cash acquired. Had these current period acquisitions occurred as of January 1, 2012, the impact on Nielsen's consolidated results of operations would not have been material.

4. Discontinued Operations

In June 2013, the Company completed the sale of its Expositions business, which operates one of the largest portfolios of business-to-business trade shows and conference events in the United States, for total cash consideration of \$950 million and recorded a gain of \$303 million. The condensed consolidated statements of operations reflect the operating results of this business as a discontinued operation.

In March 2013, Nielsen completed the exit and shut down of one of its legacy online businesses and recorded a net loss of \$3 million associated with this divestiture. The condensed consolidated statements of operations reflect the operating results of this business as a discontinued operation.

Summarized results of operations for discontinued operations are as follows:

(IN MILLIONS)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Revenue	\$	\$ 72	\$ 103	\$ 182
Operating income		37	35	74
Interest expense		(6)	(8)	(18)
Income from operations before income taxes		31	27	56
Provision for income taxes		(11)	(11)	(21)
Income from operations		20	16	35
Net income attributable to noncontrolling interests				2
Gain on sale, net of tax			303	
Income from discontinued operations	\$	\$ 20	\$ 319	\$ 37

Nielsen allocated a portion of its consolidated interest expense to discontinued operations based upon the ratio of net assets sold as a proportion of consolidated net assets. For the three and nine months ended September 30, 2013 and 2012, interest expense of zero and \$8 million, respectively and \$6 million and \$18 million, respectively, was allocated to discontinued operations.

Following are the major categories of cash flows from discontinued operations, as included in Nielsen's condensed consolidated statements of cash flows:

(IN MILLIONS)	Nine Months Ended September 30,	
	2013	2012
Net cash provided by operating activities	\$ 36	\$ 52
Net cash provided by investing activities		
Net cash provided by financing activities	\$ 36	\$ 52

5. Goodwill and Other Intangible Assets

Goodwill

Edgar Filing: Nielsen Holdings N.V. - Form 10-Q

The table below summarizes the changes in the carrying amount of goodwill by reportable segment for the nine months ended September 30, 2013.

(IN MILLIONS)	Buy	Watch	Expositions	Total
Balance, December 31, 2012	\$ 3,126	\$ 3,661	\$ 565	\$ 7,352
Acquisitions, divestitures and other adjustments	16	933		949
Dispositions			(565)	(565)
Effect of foreign currency translation	(53)	3		(50)
Balance, September 30, 2013	\$ 3,089	\$ 4,597	\$	\$ 7,686

At September 30, 2013, \$108 million of the goodwill is expected to be deductible for income tax purposes.

Other Intangible Assets

(IN MILLIONS)	Gross Amounts		Accumulated Amortization	
	September 30, 2013	December 31, 2012	September 30, 2013	December 31, 2012
Indefinite-lived intangibles:				
Trade names and trademarks	\$ 1,921	\$ 1,921	\$	\$
Amortized intangibles:				
Trade names and trademarks	\$ 161	\$ 128	\$ (52)	\$ (46)
Customer-related intangibles	2,940	2,882	(865)	(886)
Covenants-not-to-compete	35	36	(16)	(25)
Computer software	1,604	1,316	(904)	(804)
Patents and other	95	90	(64)	(57)
Total	\$ 4,835	\$ 4,452	\$ (1,901)	\$ (1,818)

Amortization expense associated with the above intangible assets was \$74 million and \$73 million for the three months ended September 30, 2013 and 2012, respectively. These amounts included amortization expense associated with computer software of \$38 million and \$38 million for the three months ended September 30, 2013 and 2012, respectively.

The amortization expense for the nine months ended September 30, 2013 and 2012 was \$228 million and \$217 million, respectively. These amounts included amortization expense associated with computer software of \$120 million and \$111 million for the nine months ended September 30, 2013 and 2012, respectively.

6. Changes in and Reclassification out of Accumulated Other Comprehensive Loss by Component

The table below summarizes the changes in accumulated other comprehensive loss, net of tax, by component for the nine months ended September 30, 2013.

(IN MILLIONS)	Currency	Available-	Post Employment			Total
	Translation	for-Sale	Cash Flow Hedges	Benefits		
	Adjustments	Securities				
Balance December 31, 2012	\$ (23)	\$	\$ (13)	\$ (297)		\$ (333)
Other comprehensive (loss)/income before reclassifications	(83)	9	(2)	12		(64)
Amounts reclassified from accumulated other comprehensive (loss)/income			8	11		19

Edgar Filing: Nielsen Holdings N.V. - Form 10-Q

Net current period other comprehensive (loss)/income	(83)	9	6	23	(45)
Net current period other comprehensive loss attributable to noncontrolling interest	1				1
Net current period other comprehensive (loss)/income attributable to Nielsen stockholders	(84)	9	6	23	(46)
Balance September 30, 2013	\$ (107)	\$ 9	\$ (7)	\$ (274)	\$ (379)

The table below summarizes the reclassification of accumulated other comprehensive loss by component for the three and nine months ended September 30, 2013.

(IN MILLIONS)	Amount Reclassified from Accumulated Other Comprehensive Loss				Affected Line Item in the
Details about Accumulated Other Comprehensive	Three Months Ended September 30, 2013		Nine Months Ended September 30, 2013		Condensed Consolidated
Income components					Statement of Operations
Cash flow hedges	\$	4	\$	12	Interest expense
Interest rate contracts		1		4	Provision for income taxes
	\$	3	\$	8	Total, net of tax
Amortization of Post Employment Benefits	\$	5	\$	14	(a)
Actuarial loss		1		3	Provision for income taxes
	\$	4	\$	11	Total, net of tax
Total reclassification for the period	\$	7	\$	19	Net of tax

(a) This accumulated other comprehensive loss component is included in the computation of net periodic pension cost.

7. Restructuring Activities

A summary of the changes in the liabilities for restructuring activities is provided below:

(IN MILLIONS)	Total Initiatives
Balance at December 31, 2012	\$ 64
Charges	63
Payments	(59)
Effect of foreign currency translation and reclassification adjustments	(4)
Balance at September 30, 2013	\$ 64

Nielsen recorded \$20 million and \$4 million in restructuring charges for the three months ended September 30, 2013 and 2012, respectively, primarily relating to severance cost. Nielsen recorded \$63 million and \$57 million in restructuring charges for the nine months ended September 30, 2013 and 2012, respectively, primarily relating to

severance cost and contract termination costs.

Of the \$64 million in remaining liabilities for restructuring actions, \$53 million is expected to be paid within one year and is classified as a current liability within the condensed consolidated balance sheet as of September 30, 2013.

8. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Company considers the principal or most advantageous market in which the Company would transact, and also considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of non-performance.

There are three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.

Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.

Level 3: Pricing inputs that are generally unobservable and may not be corroborated by market data.

Financial Assets and Liabilities Measured on a Recurring Basis

The Company's financial assets and liabilities are measured and recorded at fair value, except for equity method investments, cost method investments, and long-term debt. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurements. The Company's assessment of the significance of a particular input to the fair value measurements requires judgment, and may affect the valuation of the assets and liabilities being measured and their placement within the fair value hierarchy.

The following table summarizes the valuation of the Company's material financial assets and liabilities measured at fair value on a recurring basis as of September 30, 2013 and December 31, 2012:

		September 30,			
(IN MILLIONS)		2013	Level 1	Level 2	Level 3
Assets:					
Investments in equity securities ⁽¹⁾	\$	28	\$ 28	\$	\$
Plan assets for deferred compensation ⁽²⁾		23	23		
Investment in mutual funds ⁽³⁾		2	2		
Total	\$	54	\$ 54	\$	\$
Liabilities:

Deferred compensation liabilities ⁽⁵⁾		23	23		
Total	\$	36	\$ 23	\$ 13	\$

		December 31,			
		2012	Level 1	Level 2	Level 3
Assets:					
Investments in equity securities ⁽¹⁾	\$	13	\$ 13	\$	\$
Plan assets for deferred compensation ⁽²⁾		22	22		
Investment in mutual funds ⁽³⁾		2	2		
Total	\$	37	\$ 37	\$	\$
Liabilities:					
Interest rate swap arrangements ⁽⁴⁾	\$	22	\$	\$ 22	\$
Deferred compensation liabilities ⁽⁵⁾		22	22		
Total	\$	44	\$ 22	\$ 22	\$

- (1) Investments in equity securities are carried at fair value, which is based on the quoted market price at period end in an active market. These investments are classified as available-for-sale with any unrealized gains or losses resulting from changes in fair value recorded, net of tax, as a component of accumulated other comprehensive income/(loss) until realized.

- (2) Plan assets are comprised of investments in mutual funds, which are intended to fund liabilities arising from deferred compensation plans. These investments are carried at fair value, which is based on quoted market prices at period end in active markets. These investments are classified as trading securities with any gains or losses resulting from changes in fair value recorded in other income/(expense), net.
- (3) Investments in mutual funds are money-market accounts held with the intention of funding certain specific retirement plans.
- (4) Derivative financial instruments include interest rate swap arrangements recorded at fair value based on externally-developed valuation models that use readily observable market parameters and the consideration of counterparty risk.
- (5) The Company offers certain employees the opportunity to participate in a deferred compensation plan. A participant's deferrals are invested in a variety of participant directed stock and bond mutual funds and are classified as trading securities. Changes in the fair value of these securities are measured using quoted prices in active markets based on the market price per unit multiplied by the number of units held exclusive of any transaction costs. A corresponding adjustment for changes in fair value of the trading securities is also reflected in the changes in fair value of the deferred compensation obligation.

Derivative Financial Instruments

Nielsen uses interest rate swap derivative instruments principally to manage the risk that changes in interest rates will affect the cash flows of its underlying debt obligations.

To qualify for hedge accounting, the hedging relationship must meet several conditions with respect to documentation, probability of occurrence, hedge effectiveness and reliability of measurement. Nielsen documents the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions as well as the hedge effectiveness assessment, both at the hedge inception and on an ongoing basis. Nielsen recognizes all derivatives at fair

value either as assets or liabilities in the consolidated balance sheets and changes in the fair values of such instruments are recognized currently in earnings unless specific hedge accounting criteria are met. If specific cash flow hedge accounting criteria are met, Nielsen recognizes the changes in fair value of these instruments in accumulated other comprehensive income/(loss).

Nielsen manages exposure to possible defaults on derivative financial instruments by monitoring the concentration of risk that Nielsen has with any individual bank and through the use of minimum credit quality standards for all counterparties. Nielsen does not require collateral or other security in relation to derivative financial instruments. A derivative contract entered into between Nielsen or certain of its subsidiaries and a counterparty that was also a lender under Nielsen's senior secured credit facilities at the time the derivative contract was entered into is guaranteed under the senior secured credit facilities by Nielsen and certain of its subsidiaries (see Note 9 Long-term Debt and Other Financing Arrangements for more information). Since it is Nielsen's policy to only enter into derivative contracts with banks of internationally acknowledged standing, Nielsen considers the counterparty risk to be remote.

It is Nielsen's policy to have an International Swaps and Derivatives Association (ISDA) Master Agreement established with every bank with which it has entered into any derivative contract. Under each of these ISDA Master Agreements, Nielsen agrees to settle only the net amount of the combined market values of all derivative contracts outstanding with any one counterparty should that counterparty default. Certain of the ISDA Master Agreements contain cross-default provisions where if the Company either defaults in payment obligations under its credit facility or if such obligations are accelerated by the lenders, then the Company could also be declared in default on its derivative obligations. At September 30, 2013, Nielsen had no material exposure to potential economic losses due to counterparty credit default risk or cross-default risk on its derivative financial instruments.

Interest Rate Risk

Nielsen is exposed to cash flow interest rate risk on the floating-rate U.S. Dollar and Euro Term Loans, and uses floating-to-fixed interest rate swaps to hedge this exposure. For these derivatives, Nielsen reports the after-tax gain or loss from the effective portion of the hedge as a component of accumulated other comprehensive income/(loss) and reclassifies it into earnings in the same period or periods in which the hedged transaction affects earnings, and within the same income statement line item as the impact of the hedged transaction.

As of September 30, 2013 the Company had the following outstanding interest rate swaps utilized in the management of its interest rate risk:

	Notional Amount	Maturity Date	Currency
Interest rate swaps designated as hedging instruments			
US Dollar term loan floating-to-fixed rate swaps	\$ 1,000,000,000	November 2013	US Dollar
US Dollar term loan floating-to-fixed rate swaps	\$ 250,000,000	November 2014	US Dollar
US Dollar term loan floating-to-fixed rate swaps	\$ 250,000,000	September 2015	US Dollar
US Dollar term loan floating-to-fixed rate swaps	\$ 125,000,000	November 2015	US Dollar
Euro term loan floating-to-fixed rate swaps	125,000,000	November 2015	Euro
US Dollar term loan floating-to-fixed rate swaps	\$ 575,000,000	May 2016	US Dollar
US Dollar term loan floating-to-fixed rate swaps	\$ 500,000,000	November 2016	US Dollar

Nielsen expects to recognize approximately \$12 million of net pre-tax losses from accumulated other comprehensive loss to interest expense in the next 12 months associated with its interest-related derivative financial instruments.

Fair Values of Derivative Instruments in the Consolidated Balance Sheets

The fair values of the Company's derivative instruments as of September 30, 2013 and December 31, 2012 were as follows:

	September 30, 2013		December 31, 2012	
	Accounts Payable and Other Current Liabilities	Other Non-Current Liabilities	Accounts Payable and Other Current Liabilities	Other Non-Current Liabilities
Derivatives Designated as Hedging Instruments				
(IN MILLIONS)				
Interest rate swaps	\$ 1	\$ 12	\$ 6	\$ 16
Derivatives in Cash Flow Hedging Relationships				

The pre-tax effect of derivative instruments in cash flow hedging relationships for the three months ended September 30, 2013 and 2012 was as follows:

	Amount of Loss Recognized in OCI (Effective Portion)		Location of Loss Reclassified from OCI into Income (Effective Portion)	Amount of Loss Reclassified from OCI into Income (Effective Portion)	
Derivatives in Cash Flow Hedging Relationships	Three Months Ended September 30,			Three Months Ended September 30,	
(IN MILLIONS)	2013	2012		2013	2012
Interest rate swaps	\$ 7	\$ 6	Interest expense	\$ 4	\$ 6

The pre-tax effect of derivative instruments in cash flow hedging relationships for the nine months ended September 30, 2013 and 2012 was as follows:

Derivatives in Cash Flow Hedging Relationships	Amount of Loss Recognized in OCI (Effective Portion)		Location of Loss Reclassified from OCI into Income (Effective Portion)	Amount of Loss Reclassified from OCI into Income (Effective Portion)	
	Nine Months Ended September 30,			Nine Months Ended September 30,	
(IN MILLIONS)	2013	2012		2013	2012
Interest rate swaps	\$ 2	\$ 21	Interest expense	\$ 12	\$ 19

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The Company is required, on a nonrecurring basis, to adjust the carrying value or provide valuation allowances for certain assets using fair value measurements. The Company's equity method investments, cost method investments, and non-financial assets, such as goodwill, intangible assets, and property, plant and equipment, are measured at fair value when there is an indicator of impairment and recorded at fair value only when an impairment charge is recognized.

The Company did not measure any material non-financial assets or liabilities at fair value during the three or nine months ended September 30, 2013.

9. Long-term Debt and Other Financing Arrangements

Unless otherwise stated, interest rates are as of September 30, 2013.

(IN MILLIONS)	September 30, 2013			December 31, 2012		
	Weighted Interest Rate	Carrying Amount	Fair Value	Weighted Interest Rate	Carrying Amount	Fair Value
\$1,610 million Senior secured term loan due 2013		\$			\$ 218	\$ 218

		\$ 6,521			\$ 6,229	

Non-current
portion of
long-term debt
and capital lease
and other
financing
obligations

The fair value of the Company's long-term debt instruments was based on the yield on public debt where available or current borrowing rates available for financings with similar terms and maturities and such fair value measurements are considered Level 1 or Level 2 in nature, respectively.

Annual maturities of Nielsen's long-term debt are as follows:

(IN MILLIONS)	
For October 1, 2013 to December 31, 2013	\$ 23
2014	354
2015	151
2016	2,989
2017	733
2018	1,083
Thereafter	1,425
	\$ 6,758

In September 2013, the Company issued \$625 million aggregate principal amount of 5.50% Senior Notes due 2021 at par, receiving cash proceeds of approximately \$616 million, net of fees and expenses. Concurrent with this issuance the Company called

for redemption of all of its 11.625% Senior Notes due 2014 effective October 23, 2013, at a redemption price equal to 100% of the principal amount of such 2014 notes redeemed plus accrued and unpaid interest to the redemption date and an applicable premium as described in the indenture related to the 2014 note. The redemption of the 11.625% Senior Notes due 2014 will result in a pre-tax charge of \$8 million in the fourth quarter of 2013.

In February 2013, the \$288 million outstanding mandatory convertible subordinated bonds were converted into 10,416,700 shares of our common stock at a conversion rate of 1.8116 shares per \$50.00 principal amount of the bonds.

Amendment to Senior Secured Credit Facility

In February 2013, the Second Amended and Restated Senior Secured Credit Agreement was amended and restated to provide for a new class of term loans (the Class E Term Loans) in an aggregate principal amount of \$2,532 million and \$289 million, the proceeds of which were used to repay or replace in full a like amount of our existing Class A Term Loans maturing August 9, 2013, Class B Term Loans maturing May 1, 2016 and Class C Term Loans maturing May 1, 2016. As a result of this transaction, the Company recorded a charge of \$12 million primarily related to the write-off of previously capitalized deferred financing fees associated with the Class A, B and C term loans to other expense, net in the condensed consolidated statement of operations.

The Class E Term Loans will mature in full on May 1, 2016 and are required to be repaid in equal quarterly installments in aggregate annual amounts equal to 1.00% of the original principal amount of Class E Term Loans, with the balance payable on May 1, 2016. Class E Term Loans denominated in dollars bear interest equal to, at our election, a base rate or eurocurrency rate, in each case plus an applicable margin, which is equal to 1.75% (in the case of base rate loans) or 2.75% (in the case of eurocurrency rate loans). Class E Term Loan denominated in Euros bear interest equal to the eurocurrency rate plus an applicable margin of 3.00%. The newly Amended and Restated Senior Secured Credit Agreement contains substantially the same affirmative and negative covenants as those of the Existing Credit Agreement, other than certain amendments to the limitation on the ability of Nielsen and certain of its subsidiaries and affiliates to incur indebtedness and make investments.

10. Stockholders' Equity

Common stock activity is as follows:

	Nine Months Ended September 30, 2013
Actual number of shares of common stock outstanding	
Beginning of period	362,519,883
Shares of common stock converted from Mandatory Convertible Subordinated Bonds due February 2013	10,416,700
Shares of common stock issued through compensation plans	4,747,458
End of period	377,684,041

Cumulative shares of treasury stock were 119,415 and 213,127 with a corresponding value of \$2 million and \$3 million as of September 30, 2013 and December 31, 2012, respectively.

On January 31, 2013, the Company's board of directors adopted a cash dividend policy to pay quarterly cash dividends on its outstanding common stock. The board also declared the first quarterly cash dividend of \$0.16 per share, that was paid on March 20, 2013 to holders of record of the Company's common stock on March 6, 2013. On May 2, 2013, the Company declared the second quarterly cash dividend of \$0.16 per share, which was paid on June 19, 2013 to holders of record of the Company's common stock on June 5, 2013. On July 25, 2013, the Company's board of directors approved a 25% increase of the quarterly cash dividend to \$0.20 per share, which was paid on September 11, 2013 to holders of record of shares of the Company's common stock on August 28, 2013. On October 22, 2013, the Company declared a quarterly cash dividend of \$0.20 per share, to be paid on December 9, 2013 to holders of record of shares of the Company's common stock on November 25, 2013. The dividend policy and the payment of future cash dividends are subject to the discretion of the Company's board of directors.

On July 25, 2013, the Company's board of directors approved a new share repurchase program for up to \$500 million of Nielsen's outstanding common stock. The primary purpose of the program is to mitigate dilution associated with the Company's equity compensation plans. Repurchases will be made in accordance with applicable securities laws from time to time in the open market depending on Nielsen management's evaluation of market conditions and other factors. The program will be executed within the limitations of the existing authority granted at Nielsen's 2013 Annual General Meeting of Shareholders. As of September 30, 2013, there have been no repurchases of shares under this program.

11. Income Taxes

The effective tax rates for the three months ended September 30, 2013 and 2012 were 23% and 40%, respectively. The tax rate for the three months ended September 30, 2013 was lower than the statutory rate as a result of the favorable impact of return to provision adjustments as well as the favorable impact of certain financing activities. The tax rate for the three months ended September 30, 2012 was higher than the statutory rate as the favorable impact of certain financing activities was more than offset by the tax rate and other differences in other jurisdictions where the Company files tax returns.

The effective tax rates for the nine months ended September 30, 2013 and 2012 were 28% and 32%, respectively. The tax rate for the nine months ended September 30, 2013 was higher than the statutory rate as a result of the tax impact of Venezuela currency revaluation and accrual for future audit settlements offset by return to provision adjustments as well as the favorable impact of certain financing activities and release of tax contingencies. The tax rate for the nine months ended September 30, 2012 was higher than the statutory rate as the favorable impact of certain financing activities was more than offset by the tax rate and other differences in other jurisdictions where the Company files tax returns.

Liabilities for unrecognized income tax benefits totaled \$250 million and \$254 million as of September 30, 2013 and December 31, 2012, respectively. The net liabilities for unrecognized tax benefits not reduced by net operating losses, tax credits and other deferred tax assets totaled \$95 million and \$100 million as of September 30, 2013 and December 31, 2012, respectively. If the Company's tax positions are favorably sustained by the taxing authorities, the reversal of the underlying liabilities would reduce the Company's effective tax rate in future periods.

The Company files numerous consolidated and separate income tax returns in the U.S. federal jurisdictions and in many state and foreign jurisdictions. With few exceptions, the Company is no longer subject to U.S. federal income tax examinations for 2006 and prior periods. In addition, the Company has subsidiaries in various states, provinces and countries that are currently under audit for years ranging from 2010 through 2011.

The Canadian Tax Authorities recently completed the tax examination for tax year 2007 and, it is anticipated that the examination for tax years 2008, 2009 and 2010 will be concluded within the next twelve to eighteen months. To date, the Company is not aware of any material adjustments not already accrued related to any of the current Federal, state or foreign audits under examination.

12. Commitments and Contingencies

Legal Proceedings and Contingencies

Sunbeam Television Corp. (Sunbeam) filed a lawsuit in Federal District Court in Miami, Florida in April 2009. The lawsuit alleged that Nielsen violated Federal and Florida state antitrust laws and Florida's unfair trade practices laws by attempting to maintain a monopoly and abuse the Company's position in the market, and breached our contract with Sunbeam by producing defective ratings data through our sampling methodology. The complaint did not specify the amount of damages sought and also sought declaratory and equitable relief. In January 2011, the U.S. District Court in the Southern District of Florida dismissed all federal and state antitrust claims brought against Nielsen by Sunbeam.

stating that Sunbeam failed to show that any competitor was willing and able to enter the local television ratings market in Miami and was excluded from that market by the Company. The Court also determined that Sunbeam could not prove that the current ratings for Sunbeam's local station WSVN are less accurate than they would be under a prospective competitor's methodology. The Court deferred ruling on the remaining ancillary claims, including breach of contract and violation of Florida's Deceptive and Unfair Trade Practices Act. Subsequent to the court's decision, Sunbeam voluntarily dismissed with prejudice the remaining claims in the case so that all claims have been dismissed. Sunbeam appealed the court's dismissal of the antitrust claims. On March 4, 2013, the U.S. Court of Appeals for the Eleventh Judicial Circuit affirmed the lower court's decision to dismiss the claims. On March 22, 2013, Sunbeam filed a petition for rehearing the case. The petition was denied on May 13, 2012.

Nielsen is subject to litigation and other claims in the ordinary course of business, some of which include claims for substantial sums. Accruals have been recorded when the outcome is probable and can be reasonably estimated. While the ultimate results of claims and litigation cannot be determined, the Company does expect that the ultimate disposition of these matters will not have a material adverse effect on its operations or financial condition. However, depending on the amount and the timing, an unfavorable resolution of some or all of these matters could materially affect the Company's future results of operations or cash flows in a particular period.

Other Contractual Arrangements

In February 2013, the Company amended its Amended and Restated Master Services Agreement (the "MSA"), dated as of October 1, 2007 with Tata America International Corporation and Tata Consultancy Services Limited (jointly, "TCS"). The term of the MSA has been extended for an additional three years, so as to expire on December 31, 2020, with a one-year renewal option granted to Nielsen. In addition, the Company has increased its commitment to purchase services from TCS (the "Minimum Commitment") from \$1.0 billion to \$2.5 billion over the life of the contract (from October 1, 2007), including a commitment to purchase at least \$100 million in services per year (the "Annual Commitment"). TCS charges under the separate Global Infrastructure Services Agreement between the parties will be credited against the Minimum Commitment and the Annual Commitment. TCS will continue to globally provide the Company with professional services relating to information technology (including application development and maintenance), business process outsourcing, client service knowledge process outsourcing, management sciences, analytics, and financial planning and analytics. As Nielsen orders specific services under the Agreement, the parties will execute Statements of Work ("SOWs") describing the specific scope of the services to be performed by TCS. The amount of the Minimum Commitment and the Annual Commitment may be reduced on the occurrence of certain events, some of which also provide the Company with the right to terminate the Agreement or SOWs, as applicable.

Cyprus Agreement

On March 25, 2013, Cyprus and certain members of the European Union reached an agreement on measures intended to restore the viability of the financial sector of Cyprus. As part of these measures Cyprus has agreed to downsize its local financial sector including:

- (1) The immediate dissolution of Cyprus Popular Bank under which equity shareholders, bondholders and uninsured depositors (defined as those with deposits in excess of 100 thousand) will contribute to make up the losses of the bank; and
- (2) The recapitalization of the Bank of Cyprus ("BoC") through a deposit/equity conversion of uninsured deposits, with full contribution of equity shareholders and bondholders. Currently 37.5% of uninsured deposits of BoC have been converted into Class A shares with voting and dividend rights. An additional 22.5% have been frozen and may also be partially or fully used to issue new Class A shares, as necessary.

As a result of this agreement, the Company recorded a charge of \$4 million during the first quarter of 2013 in Selling, General and Administrative expenses in the statement of operations representing the uninsured deposits either contributed to make up losses of Cyprus Popular Bank or converted into Class A shares of BoC, as described above. The Company does not expect this agreement to significantly impact future operating results.

13. Segments

The Company aligns its operating segments in order to conform to management's internal reporting structure, which is reflective of service offerings by industry. Management aggregates such operating segments into two reporting segments: what consumers buy ("Buy"), consisting principally of market research information and analytical services; and what consumers watch ("Watch"), consisting principally of television, radio, online and mobile audience and advertising measurement and corresponding analytics. In June 2013, Nielsen completed the sale of its Expositions reporting segment (see Note 4, Discontinued Operations, for more information). The Company's condensed

consolidated statements of operations reflect the Expositions reporting segment as a discontinued operation.

Corporate consists principally of unallocated items such as certain facilities and infrastructure costs as well as intersegment eliminations. Certain corporate costs, other than those described above, including those related to selling, finance, legal, human resources, and information technology systems, are considered operating costs and are allocated to the Company's segments based on either the actual amount of costs incurred or on a basis consistent with the operations of the underlying segment. Information with respect to the operations of each of Nielsen's business segments is set forth below based on the nature of the services offered and geographic areas of operations.

Business Segment Information

Business segment income/(loss) ⁽²⁾	\$ 465	\$ 612	\$ (26)	\$ 1,151

(1) Other items include transaction-related costs of \$7 million and zero for the three months ended September 30, 2013 and 2012, respectively. Other items for the nine months ended September 30, 2013, primarily consist of transaction-related cost of approximately \$23 million and a \$4 million write down of uninsured deposits in Cyprus banks as described in Note 12 in the condensed consolidated financial statements. Other items for the nine months ended September 30, 2012, include costs associated with our secondary public offering of common stock and other transaction-related costs of \$5 million, respectively.

(2) The Company's chief operating decision making group uses business segment income/(loss) to measure performance from period to period both at the consolidated level as well as within its operating segments.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

The following discussion and analysis supplements management's discussion and analysis of Nielsen Holdings N.V. (the Company or Nielsen) for the year ended December 31, 2012 as contained in the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission on August 12, 2013, and presumes that readers have read or have access to such discussion and analysis. The following discussion and analysis should also be read together with the accompanying Condensed Consolidated Financial Statements and related notes thereto. Further, this report may contain material that includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that reflect, when made, Nielsen's current views with respect to current events and financial performance. Statements, other than those based on historical facts, which address activities, events or developments that we expect or anticipate may occur in the future are forward-looking statements. Such forward-looking statements are subject to many risks, uncertainties and factors relating to Nielsen's operations and business environment that may cause actual results to be materially different from any future results, express or implied, by such forward-looking statements, including but not limited to, those set forth in this Item 2 and Part II, Item 1A, if any, and those noted in our 2012 Annual Report on Form 10-K under Risk Factors. Forward-looking statements speak only as of the date of this report or as of the date they were made. We disclaim any intention to update the current expectations or forward-looking statements contained in this report. Unless required by context, references to we, us, and our refer to Nielsen and each of its consolidated subsidiaries.

From time to time, Nielsen may use its website and social media outlets as channels of distribution of material company information. Financial and other material information regarding the company is routinely posted and accessible on our website at <http://www.nielsen.com/investors>, our Twitter account at <http://twitter.com/NielsenIR> and our iPad App, NielsenIR, available on the App Store.

Background and Executive Summary

We are a global information and measurement company that provides clients with a comprehensive understanding of consumers and consumer behavior. We deliver critical media and marketing information, analytics and industry expertise about what consumers buy (referred to herein as Buy) and what consumers watch and listen to on a global and local basis (consumer interaction across the television, radio, online and mobile viewing platforms referred to herein as Watch). Our information, insights and solutions help our clients maintain and strengthen their market positions and identify opportunities for profitable growth. We have a presence in more than 100 countries, including many developing and emerging markets, and hold leading market positions in many of our services and geographies.

We believe that important measures of our results of operations include revenue, operating income and Adjusted EBITDA (defined below). Our long-term financial objectives include consistent revenue growth and expanding operating margins. Accordingly, we are focused on geographic market and service offering expansion to drive revenue growth and improving operating efficiencies including effective resource utilization, information technology leverage and overhead cost management.

Our business strategy is built upon a model that has traditionally yielded consistent revenue performance. Typically, before the start of each year, nearly 70% of our annual revenue has been committed under contracts in our combined Buy and Watch segments, which provides us with a high degree of stability to our revenue and allows us to effectively manage our profitability and cash flows. We continue to look for growth opportunities through global expansion, specifically within developing markets, as well as through the cross-platform expansion of our insights services and measurement services.

Our restructuring and other productivity initiatives have been focused on a combination of improving operating leverage through targeted cost-reduction programs, business process improvements and portfolio restructuring actions, while at the same time investing in key programs to enhance future growth opportunities.

Achieving our business objectives requires us to manage a number of key risk areas. Our growth objective of geographic market and service expansion requires us to maintain the consistency and integrity of our information and underlying processes on a global scale, and to invest effectively our capital in technology and infrastructure to keep pace with our clients' demands and our competitors. Our operating footprint across approximately 100 countries requires disciplined global and local resource management of internal and third party providers to ensure success. In addition, our high level of indebtedness requires active management of our debt profile, with a focus on underlying maturities, interest rate risk, liquidity and operating cash flows.

Business Segment Overview

We align our business into two reporting segments: what consumers buy (consumer purchasing measurement and analytics) and what consumers watch and listen to (media audience measurement and analytics). Our Buy and Watch segments are built on a

foundation of proprietary data assets that are designed to yield essential insights for our clients to successfully measure, analyze and grow their businesses.

Our Buy segment provides Information services, which include our core tracking and scan data (primarily transactional measurement data and consumer behavior information), and Insights services (primarily comprised of our analytical solutions) to businesses in the consumer packaged goods industry. Our services also enable our clients to better manage their brands, uncover new sources of demand, launch and grow new products, analyze their sales, improve their marketing mix and establish more effective consumer relationships. Our data is used by our clients to measure their market share, tracking billions of sales transactions per month in retail outlets around the world. Our extensive database of retail and consumer information, combined with our advanced analytical capabilities, helps generate strategic insights that influence our clients' key business decisions. Within our Buy segment, we have two primary geographic groups, developed and developing markets. Developed markets primarily include the United States, Canada, Western Europe, Japan and Australia while developing markets include Africa, Latin America, Eastern Europe, Russia, China, India and Southeast Asia.

Our Watch segment provides viewership and listening data and analytics primarily to the media and advertising industries for television, radio, online and mobile screens. Our Watch data is used by our media clients to understand their audiences, establish the value of their advertising inventory and maximize the value of their content, and by our advertising clients to plan and optimize their spending.

In June 2013, we completed the sale of our Expositions reporting segment (see Discontinued Operations discussion included in Factors Affecting Our Financial Results for more information). Our condensed consolidated statements of operations reflect the Expositions reporting segment as a discontinued operation.

Certain corporate costs, other than those described above, including those related to selling, finance, legal, human resources, and information technology systems, are considered operating costs and are allocated to our segments based on either the actual amount of costs incurred or on a basis consistent with the operations of the underlying segment.

Factors Affecting Our Financial Results

Acquisitions and Investments in Affiliates

Arbitron Inc.

On September 30, 2013 (the Acquisition Date), we completed the acquisition of Arbitron Inc., an international media and marketing research firm (Arbitron), through the purchase of 100% of Arbitron's outstanding common stock for a total cash purchase price of \$1.3 billion (the Acquisition). Arbitron is expected to help us better address client needs in unmeasured areas of media consumption, including streaming audio and out-of-home and our global distribution footprint can help expand Arbitron's capabilities outside of the U.S.. With Arbitron's assets, we intend to further expand our Watch segment's audience measurement across screens and forms of listening. Arbitron has been rebranded Nielsen Audio.

As a part of the Acquisition, we acquired the remaining 49.5% interest in Scarborough Research, a joint venture between us and Arbitron (Scarborough) that we historically accounted for under the equity method of accounting. We accounted for this transaction as a step-acquisition and calculated the fair value of our investment immediately before the acquisition to be \$75 million. As a result, during the third quarter of 2013, we recorded a \$24 million gain on our investment in Scarborough to other income/(expense), net in the condensed consolidated statement of operations.

Effective October 1, 2013, the financial results of Scarborough will be consolidated within our consolidated financial statements.

The Acquisition was accounted for using the acquisition method of accounting which requires, among other things, the assets acquired and the liabilities assumed be recognized at their fair values as of the acquisition date. Since the date of the acquisition occurred on the last day of the quarter, the results of Arbitron will be included within our consolidated financial statements commencing October 1, 2013.

The purchase price was preliminarily allocated based upon the fair value of the assets acquired and liabilities assumed at the date of acquisition using available information and certain assumptions management believed reasonable. The following table summarizes the preliminary purchase price allocation:

(IN MILLIONS)

Fair value of business combination:

Cash paid for Arbitron common stock	\$ 1,296
Accrued payment for directors' and employees' equity awards pertaining to pre-merger service	42
Accrued dividend payment on Arbitron common stock	3
Fair value of previously held equity interest in Scarborough	75
Total	\$ 1,416

Identifiable assets acquired and liabilities assumed:

Cash	\$ 136
Other current assets	115
Property and equipment	32
Goodwill	931
Amortizable intangible assets	517
Other long term assets	3
Deferred revenue	(47)
Other current liabilities	(53)
Deferred tax liabilities	(200)
Other long term liabilities	(18)
Total	\$ 1,416

As of the Acquisition Date, the expected fair value of accounts receivable approximated historical cost. The gross contractual receivable was \$64 million, of which \$4 million was deemed uncollectible. The estimated fair values assigned to amortizable intangible assets, goodwill and uncertain tax positions are provisional and subject to adjustment primarily based upon additional information we are in process of obtaining.

The provisional allocation of the purchase price to goodwill and identified intangible assets was \$931 million and \$517 million, respectively. All of the Arbitron related goodwill and intangible assets are attributable to our Watch segment. Intangible assets and their estimated useful lives consist of the following:

(IN MILLIONS)

Description	Amount	Useful Life
Customer-related intangibles	\$ 323	10 - 20 years
Computer software	150	5 - 10 years
Trade names and trademarks	33	5 years
Covenants-not-to-compete	11	1 - 2 years
Total	\$ 517	

Goodwill is calculated as the excess of the consideration transferred over the net assets recognized and represents expected synergies and the going concern nature of Arbitron.

We incurred acquisition related expenses of \$4 million and \$18 million for the three and nine months ended September 30, 2013, respectively, which primarily consisted of transaction fees, legal, accounting and other professional services that are included in selling, general and administrative expense in the condensed consolidated statement of operations.

The following unaudited pro forma information presents the consolidated results of operations of us and Arbitron for the three and nine months ended September 30, 2013 and 2012, as if the acquisition had occurred on January 1, 2012, respectively, with pro forma adjustments to give effect to amortization of intangible assets, an increase in interest expense from acquisition financing, and certain other adjustments:

	Three Months Ended		Nine Months Ended	
(IN MILLIONS)	September 30,		September 30,	
	2013	2012	2013	2012
Revenues	\$ 1,510	\$ 1,464	\$ 4,447	\$ 4,302
Net Income	\$ 151	\$ 100	\$ 301	\$ 225

The unaudited pro forma results do not reflect any synergies and are not necessarily indicative of the results that we would have attained had the acquisition of Arbitron been completed as of the beginning of the reporting period.

Other Acquisitions

For the nine months ended September 30, 2013, excluding Arbitron, we paid cash consideration of \$42 million associated with both current period and previously executed acquisitions, net of cash acquired. Had such current period acquisitions occurred as of January 1, 2013, the impact on our consolidated results of operations would not have been material.

For the nine months ended September 30, 2012, we paid cash consideration of \$136 million associated with both current period and previously executed acquisitions, net of cash acquired. Had such current period acquisitions occurred as of January 1, 2012, the impact on our consolidated results of operations would not have been material.

Discontinued Operations

In June 2013, we completed the sale of our Expositions business, which operates one of the largest portfolios of business-to-business trade shows and conference events in the United States, for total cash consideration of \$950 million and recorded a gain of \$303 million. The condensed consolidated statements of operations reflect the operating results of this business as a discontinued operation.

In March 2013, we completed the exit and shut down of one of our legacy online businesses and recorded a net loss of \$3 million associated with this divestiture. The condensed consolidated statements of operations reflect the operating results of this business as a discontinued operation.

Summarized results of operations for discontinued operations are as follows:

(IN MILLIONS)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Revenue	\$	\$ 72	\$ 103	\$ 182
Operating income		37	35	74
Interest expense		(6)	(8)	(18)
Income from operations before income taxes		31	27	56
Provision for income taxes		(11)	(11)	(21)
Income from operations		20	16	35
Net income attributable to noncontrolling interests				2
Gain on sale, net of tax			303	
Income from discontinued operations	\$	\$ 20	\$ 319	\$ 37

We allocated a portion of our consolidated interest expense to discontinued operations based upon the ratio of net assets sold as a proportion of consolidated net assets. For the three and nine months ended September 30, 2013 and 2012 interest expense of zero and \$8 million, respectively, and \$6 million and \$18 million, respectively, was allocated to discontinued operations.

Following are the major categories of cash flows from discontinued operations, as included in our condensed consolidated statements of cash flows:

	Nine Months Ended September 30,	
(IN MILLIONS)	2013	2012
Net cash provided by operating activities	\$ 36	\$ 52
Net cash provided by investing activities		
Net cash used in financing activities	\$ 36	\$ 52

Foreign Currency

Our financial results are reported in U.S. dollars and are therefore subject to the impact of movements in exchange rates on the translation of the financial information of individual businesses whose functional currencies are other than U.S. dollars. Our principal foreign exchange revenue exposure is spread across several currencies, primarily the Euro. The table below sets forth the profile of our revenue by principal currency.

	Nine Months Ended September 30,	
	2013	2012
U.S. Dollar	51%	52%
Euro	12%	12%
Other Currencies	37%	36%
Total	100%	100%

As a result, fluctuations in the value of foreign currencies relative to the U.S. dollar impact our operating results. Impacts associated with fluctuations in foreign currency are discussed in more detail under Item 3. Quantitative and Qualitative Disclosures about Market Risk. In countries with currencies other than the U.S. dollar, assets and liabilities are translated into U.S. dollars using end-of-period exchange rates; revenues, expenses and cash flows are translated using average rates of exchange. The average U.S. dollar to Euro exchange rate was \$1.32 to 1.00 and \$1.28 to 1.00 for the nine months ended September 30, 2013 and 2012, respectively. Constant currency growth rates used in the following discussion of results of operations eliminate the impact of year-over-year foreign currency fluctuations.

We have operations in both our Buy and Watch segments in Venezuela and the functional currency for these operations was the Venezuelan Bolivares Fuertes. Venezuela's currency was considered hyperinflationary as of January 1, 2010 and further, in January 2010, Venezuela's currency was devalued and a new currency exchange rate system was announced. In 2010, we evaluated the new exchange rate system and concluded that the local currency transactions will be denominated in U.S. dollars effective as of January 1, 2010 and until Venezuela's currency is deemed to be non-hyperinflationary.

In February 2013, the Venezuelan government devalued its currency by 32%. The official exchange rate moved from 4.30 to 6.30 and the regulated System of Transactions with Securities in Foreign Currency market was suspended. As a result of this change, we recorded a charge of \$12 million in 2013 in foreign currency exchange transaction (losses)/gains, net in the condensed consolidated statement of operations primarily reflecting the write-down of monetary assets and liabilities.

We evaluate our results of operations on both an as reported and a constant currency basis. The constant currency presentation is a non-GAAP financial measure, which excludes the impact of fluctuations in foreign currency exchange rates. We believe providing constant currency information provides valuable supplemental information regarding our results of operations, consistent with how we evaluate our performance. We calculate constant currency percentages by converting our prior-period local currency financial results using the current period foreign currency exchange rates and comparing these adjusted amounts to our current period reported results. This calculation may differ from similarly-titled measures used by others and, accordingly, the constant currency presentation is not meant to be a substitution for recorded amounts presented in conformity with GAAP nor should such amounts be considered in isolation.

Results of Operations Three Months Ended September 30, 2013 Compared to the Three Months Ended September 30, 2012

The following table sets forth, for the periods indicated, the amounts included in our Condensed Consolidated Statements of Operations:

(IN MILLIONS)	Three Months Ended September 30,	
	2013	2012
Revenues	\$ 1,387	\$ 1,351
Cost of revenues, exclusive of depreciation and amortization shown separately below	573	550
Selling, general and administrative expenses, exclusive of depreciation and amortization shown separately below	434	429
Depreciation and amortization	117	124
Restructuring charges	20	4
Operating income	243	244
Interest income	1	1
Interest expense	(78)	(100)
Foreign currency exchange transaction (losses)/gains, net	(7)	1
Other income/(expense), net	12	(1)
Income from continuing operations before income taxes and equity in net loss of affiliates	171	145
Provision for income taxes	(40)	(58)
Equity in net loss of affiliates		(1)
Income from continuing operations	131	86
Income from discontinued operations, net of tax		20
Net income	\$ 131	\$ 106
Net Income to Adjusted EBITDA Reconciliation		

We define Adjusted EBITDA as net income or loss from our consolidated statements of operations before interest income and expense, income taxes, depreciation and amortization, restructuring charges, goodwill and intangible asset impairment charges, stock compensation expense and other non-operating items from our consolidated statements of operations as well as certain other items specifically described below.

Adjusted EBITDA is not a presentation made in accordance with GAAP, and our use of the term Adjusted EBITDA may vary from the use of similarly-titled measures by others in our industry due to the potential inconsistencies in the method of calculation and differences due to items subject to interpretation.

We use Adjusted EBITDA to measure our performance from period to period both at the consolidated level as well as within our operating segments, to evaluate and fund incentive compensation programs and to compare our results to those of our competitors. In addition to Adjusted EBITDA being a significant measure of performance for management purposes, we also believe that this presentation provides useful information to investors regarding financial and business trends related to our results of operations and that when non-GAAP financial information is viewed with GAAP financial information, investors are provided with a more meaningful understanding of our ongoing operating performance.

Adjusted EBITDA should not be considered as an alternative to net income or loss, operating income, cash flows from operating activities or any other performance measures derived in accordance with GAAP as measures of operating performance or cash flows as measures of liquidity. Adjusted EBITDA has important limitations as an analytical tool and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP.

The below table presents a reconciliation from net income to Adjusted EBITDA for the three months ended September 30, 2013 and 2012:

(IN MILLIONS)	Three Months Ended	
	September 30,	
	2013	2012
Net income	\$ 131	\$ 106
Income from discontinued operations, net of tax		(20)
Interest expense, net	77	99
Provision for income taxes	40	58
Depreciation and amortization	117	124
EBITDA	365	367
Equity in net loss of affiliates		1
Other non-operating income, net	(5)	
Restructuring charges	20	4
Stock-based compensation expense	11	10
Other items ^(a)	7	
Adjusted EBITDA	\$ 398	\$ 382

(a) Other items include transaction-related costs of \$7 million for the three months ended September 30, 2013. Consolidated Results for the Three Months Ended September 30, 2013 Compared to the Three Months Ended September 30, 2012

Revenues

Revenues increased 2.7% to \$1,387 million for the three months ended September 30, 2013 from \$1,351 million for the three months ended September 30, 2012, or an increase of 3.7% on a constant currency basis, excluding a 1.0% unfavorable impact of changes in foreign currency exchange rates. The increase was driven by a 2.2% increase within our Buy segment (3.3% on a constant currency basis), as well as a 3.4% increase within our Watch segment (4.2% on a constant currency basis).

Cost of Revenues, Exclusive of Depreciation and Amortization

Cost of revenues increased 4.2% to \$573 million for the three months ended September 30, 2013 from \$550 million for the three months ended September 30, 2012, or an increase of 4.9% on a constant currency basis, excluding a 0.7% favorable impact of changes in foreign currency exchange rates. Costs within our Buy segment increased 4.9% (5.8% on a constant currency basis) due primarily to the continued global expansion of our services as well as investment in our footprint in the emerging markets and an increase in retail measurement costs. Costs within our Watch segment increased 2.7% (3.3% on a constant currency basis) due primarily to spending on product portfolio management initiatives.

Selling, General and Administrative Expenses, Exclusive of Depreciation and Amortization

Selling, general and administrative expenses increased 1.2% to \$434 million for the three months ended September 30, 2013 from \$429 million for the three months ended September 30, 2012, or an increase of 2.1% on a constant currency basis, excluding a 0.9% favorable impact of changes in foreign currency exchange rates. Costs within our Buy segment increased 1.0% (1.6% on a constant currency basis) due primarily to the increases in client services costs and other investments associated with the global expansion of our services. Costs within our Watch segment decreased 7.6% (a decrease of 7.6% on a constant currency basis) due primarily to the impact of productivity initiatives. Corporate costs increased \$12 million as a result of higher spending on transaction-related costs.

Depreciation and Amortization

Depreciation and amortization expense was \$117 million for the three months ended September 30, 2013 as compared to \$124 million for the three months ended September 30, 2012. This decrease was primarily due to certain assets becoming fully amortized during the period partially offset by higher depreciation and amortization expense associated with capital expenditures.

For the three months ended September 30, 2013 and 2012, depreciation and amortization expense included charges for the depreciation and amortization of tangible and intangible assets acquired in business combinations of \$35 million and \$36 million, respectively.

Restructuring Charges

We recorded \$20 million in restructuring charges relating to employee severance associated with productivity initiatives for the three months ended September 30, 2013.

We recorded \$4 million in restructuring charges relating to employee severance associated with productivity initiatives during the three months ended September 30, 2012.

Operating Income

Operating income for the three months ended September 30, 2013 was \$243 million as compared to \$244 million for the three months ended September 30, 2012. Operating income within our Buy segment was \$110 million for the three months ended September 30, 2013 as compared to \$118 million for the three months ended September 30, 2012. Operating income within our Watch segment was \$160 million for the three months ended September 30, 2013 as compared to \$141 million for the three months ended September 30, 2012. Corporate operating expenses were \$27 million for the three months ended September 30, 2013 as compared to \$15 million for the three months ended September 30, 2012.

Interest Expense

Interest expense was \$78 million for the three months ended September 30, 2013 as compared to \$100 million for the three months ended September 30, 2012. This decline is due to our refinancing of the 11.5% senior notes and our 8.5% senior secured term loan in the fourth quarter of 2012, the impact of our refinancing of the Class A, B and C senior secured term loans in February 2013 and the maturity of the mandatory convertible debt in February 2013.

Foreign Currency Exchange Transaction (Losses)/Gains, Net

Foreign currency exchange transaction (losses)/gains, net, represent the net gain or loss on revaluation of external debt, intercompany loans and other receivables and payables denominated in currencies other than the respective entity's functional currency. Fluctuations in the value of foreign currencies relative to the U.S. Dollar have a significant effect on our operating results, primarily the Euro. The average U.S. Dollar to Euro exchange rate was \$1.33 to 1.00 for the three months ended September 30, 2013 as compared to \$1.25 to 1.00 for the three months ended September 30, 2012.

We incurred losses of \$7 million for the three months ended September 30, 2013, resulting primarily from the fluctuations in certain foreign currencies associated with intercompany transactions.

Foreign currency exchange transactions resulted in a gain of \$1 million for the three months ended September 30, 2012, resulting primarily from the fluctuations in certain foreign currencies associated with intercompany transactions.

Other Income/(Expense), Net

The \$12 million other income, net amount for the three months ended September 30, 2013, primarily relates to the \$24 million gain from the step acquisition of Scarborough partially offset by charges of \$12 million associated with the unused bridge loan terminated as part of the Arbitron acquisition.

Income Taxes

The effective tax rates for the three months ended September 30, 2013 and 2012 were 23% and 40%, respectively. The tax rate for the three months ended September 30, 2013 was lower than statutory rate as a result of the favorable impact of return to provision adjustments as well as the favorable impact of certain financing activities. The tax rate for the three months ended September 30, 2012 was higher than the statutory rate as the favorable impact of certain financing activities was more than offset by the tax rate and other differences in other jurisdictions where we file tax returns.

Liabilities for unrecognized income tax benefits totaled \$250 million and \$254 million as of September 30, 2013 and December 31, 2012, respectively. The net liabilities for unrecognized tax benefits not reduced by net operating losses, tax credits and other deferred tax assets totaled \$95 million and \$100 million as of September 30, 2013 and December 31, 2012, respectively. If our tax positions are favorably sustained by the taxing authorities, the reversal of the underlying liabilities would reduce our effective tax rate in future periods.

Adjusted EBITDA

Adjusted EBITDA increased 4.2% to \$398 million for the three months ended September 30, 2013 from \$382 million for the three months ended September 30, 2012, or 5.6 % on a constant currency basis, excluding a 1.4% unfavorable impact of changes in foreign currency exchange rates. See Results of Operations Three Months Ended September 30, 2013 Compared to the Three Months Ended September 30, 2012 for the reconciliation of net income to Adjusted EBITDA.

Business Segment Results for the Three Months Ended September 30, 2013 Compared to the Three Months Ended September 30, 2012

Revenues

The table below sets forth our segment revenue performance data for the three months ended September 30, 2013 compared to the three months ended September 30, 2012, both on an as-reported and constant currency basis.

	Three Months Ended September 30, 2013 Reported	Three Months Ended September 30, 2012 Reported	% Variance 2013 vs. 2012 Reported	Three Months Ended September 30, 2012 Constant Currency	% Variance 2013 vs. 2012 Constant Currency
(IN MILLIONS)					
Revenues by segment					
Buy	\$ 871	\$ 852	2.2%	\$ 843	3.3%
Watch	516	499	3.4%	495	4.2%
Total	\$ 1,387	\$ 1,351	2.7%	\$ 1,338	3.7%
Buy Segment Revenues					

Revenues increased 2.2% to \$871 million for the three months ended September 30, 2013 from \$852 million for the three months ended September 30, 2012, (3.3% on a constant currency basis).

Revenues from Information services increased 0.9% to \$664 million for the three months ended September 30, 2013 from \$658 million for the three months ended September 30, 2012, 1.8% on a constant currency basis. Growth in Information services was steady, but muted by the year-over-year Walmart comparable.

Revenues from Insights services increased 6.7% to \$207 million for the three months ended September 30, 2013 from \$194 million for the three months ended September 30, 2012, (8.4% on a constant currency basis) driven by increased client demand for our analytical services versus last year.

Total revenue from developing markets grew 3.2% (7.5% on a constant currency basis) with double digit growth in many key markets as both global and local clients continued to increase their demand for our retail measurement services and analytics.

Watch Segment Revenues

Revenues increased 3.4% to \$516 million for the three months ended September 30, 2013 from \$499 million for the three months ended September 30, 2012, or 4.2% on a constant currency basis, primarily driven by 4.7% growth in Television measurement (5.0% on a constant currency basis) due to increases in spending from existing customers. This was partially offset by the ongoing exit of certain international online legacy products.

Business Segment Profitability

We do not allocate items below operating income/(loss) to our business segments and therefore the tables below set forth a reconciliation of operating income/(loss) at the business segment level for the three months ended September 30, 2013 and 2012, adjusting for certain items affecting operating income/(loss), such as restructuring charges, depreciation and amortization, stock-based compensation expense and certain other items described below resulting in a presentation of our non-GAAP business segment profitability. Non-GAAP business segment profitability provides useful supplemental information to management and investors regarding financial and business trends related to our results of operations. When this non-GAAP financial information is viewed with our GAAP financial information, investors are provided with a meaningful understanding of our ongoing operating performance. It is important to note that the non-GAAP business segment profitability corresponds in total to our consolidated Adjusted EBITDA described within our consolidated results of operations above, which our chief operating decision making group and other members of management use to measure our performance from period to period both at the consolidated level as well as within our operating segments, to evaluate and fund incentive compensation programs and to compare our results to those of our competitors. These non-GAAP measures should not be considered as an alternative to net income/(loss), operating income/(loss), cash flows from operating

activities or any other performance measures derived in accordance with GAAP as measures of operating performance or cash flows as measures of liquidity. These non-GAAP measures have important limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP.

Total Nielsen	\$ 398	\$ 382	4.2%	\$ 377	5.6%
Buy Segment Profitability					

Operating income was \$110 million for the three months ended September 30, 2013 from \$118 million for the three months ended September 30, 2012 as the revenue performance mentioned above was more than offset by higher restructuring charges and an increase in retail measurement costs. Non-GAAP business segment income increased 1.8% on a constant currency basis.

Watch Segment Profitability

Operating income was \$160 million for the three months ended September 30, 2013 from \$141 million for the three months ended September 30, 2012. The increase was driven primarily by the revenue performance discussed above, the impact of productivity initiatives and lower depreciation expense partially offset by higher restructuring charges. Non-GAAP business segment income increased 10.9% on a constant currency basis.

Corporate Expenses and Eliminations

Operating expenses were \$27 million for the three months ended September 30, 2013 as compared to \$15 million for the three months ended September 30, 2012 due primarily to higher transaction-related costs and restructuring charges.

Results of Operations Nine Months Ended September 30, 2013 Compared to the Nine Months Ended September 30, 2012

The following table sets forth, for the periods indicated, the amounts included in our Condensed Consolidated Statements of Operations:

(IN MILLIONS)	Nine Months Ended September 30,	
	2013	2012
Revenues	\$ 4,092	\$ 3,966

Stock-based compensation expense	32	24
Other items ^(a)	27	5
Adjusted EBITDA	\$ 1,109	\$ 1,051

(a) Other items for the nine months ended September 30, 2013 primarily consist of transaction-related costs of approximately \$23 million and a \$4 million write down of uninsured deposits in Cyprus banks as described in Note 12 in the condensed consolidated financial statements. Other items for the nine months ended September 30, 2012, include costs associated with our secondary public offering of common stock and other transaction-related costs.

Consolidated Results for the Nine Months Ended September 30, 2013 Compared to the Nine Months Ended September 30, 2012

Revenues

Revenues increased 3.2% to \$4,092 million for the nine months ended September 30, 2013 from \$3,966 million for the nine months ended September 30, 2012, or 3.9% on a constant currency basis, which excludes a 0.7% unfavorable impact of changes in

foreign currency exchange rates. Revenues within our Buy segment increased 2.5% (3.5% on a constant currency basis), while revenues within our Watch segment increased 4.3% (4.7% on a constant currency basis).

Cost of Revenues, Exclusive of Depreciation and Amortization

Cost of revenues increased 5.0% to \$1,732 million for the nine months ended September 30, 2013 from \$1,649 million for the nine months ended September 30, 2012, or 5.7% on a constant currency basis, excluding a 0.7% favorable impact of changes in foreign currency exchange rates. Costs within our Buy segment increased 6.1% (6.9% on a constant currency basis) due primarily to the continued global expansion of our services and an increase in retail measurement costs. Costs within our Watch segment increased 3.3% (3.6% on a constant currency basis) due primarily to spending on product portfolio management initiatives.

Selling, General and Administrative Expenses, Exclusive of Depreciation and Amortization

Selling, general and administrative expenses increased 1.2% to \$1,310 million for the nine months ended September 30, 2013 from \$1,295 million for the nine months ended September 30, 2012, or 1.9% on a constant currency basis, excluding a 0.7% favorable impact of changes in foreign currency exchange rates. Costs within our Buy segment were flat (0.8% on a constant currency basis). Costs within our Watch segment decreased 2.3% (a decrease of 1.6% on a constant currency basis) due primarily to the impact of productivity initiatives. Corporate costs increased by approximately \$18 million primarily due to higher transaction-related costs.

Depreciation and Amortization

Depreciation and amortization expense was \$364 million for the nine months ended September 30, 2013 as compared to \$367 million for the nine months ended September 30, 2012. This decrease was primarily due to certain assets becoming fully amortized during the period partially offset by higher depreciation and amortization expense associated with capital expenditures.

For the nine months ended September 30, 2013 and 2012, depreciation and amortization expense included charges for the depreciation and amortization of tangible and intangible assets acquired in business combinations of \$109 million and \$107 million, respectively.

Restructuring Charges

We recorded \$63 million in restructuring charges related to employee severance associated with productivity initiatives and contract termination costs during the nine months ended September 30, 2013.

We recorded \$57 million in restructuring charges relating to employee severance associated with productivity initiatives and contract termination costs during the nine months ended September 30, 2012.

Operating Income

Operating income for the nine months ended September 30, 2013 was \$623 million as compared to operating income of \$598 million for the nine months ended September 30, 2012. Operating income within our Buy segment was \$270 million for the nine months ended September 30, 2013 as compared to \$263 million for the nine months ended September 30, 2012. Operating income within our Watch segment was \$439 million for the nine months ended September 30, 2013 as compared to \$389 million for the nine months ended September 30, 2012. Corporate operating expenses were \$86 million for the nine months ended September 30, 2013 as compared to \$54 million for the nine months ended September 30, 2012.

Interest Expense

Interest expense was \$229 million for the nine months ended September 30, 2013 compared to \$301 million for the nine months ended September 30, 2012. This decline is due to our refinancing of the 11.5% senior notes and our 8.5% senior secured term loan in the fourth quarter of 2012, the impact of our refinancing of the Class A, B and C senior secured term loans in February 2013 and the maturity of the mandatory convertible debt in February 2013.

Foreign Currency Exchange Transaction Losses, Net

Foreign currency exchange transaction losses, net, represent the net gain or loss on revaluation of external debt, intercompany loans and other receivables and payables denominated in currencies other than the respective entity's functional currency. Fluctuations in the value of foreign currencies relative to the U.S. Dollar, particularly the Euro, have a significant effect on our operating results. The average U.S. Dollar to Euro exchange rate was \$1.32 to 1.00 for the nine months ended September 30, 2013 as compared to \$1.28 to 1.00 for the nine months ended September 30, 2012.

We incurred \$23 million and \$12 million in foreign currency exchange losses for the nine months ended September 30, 2013 and 2012, respectively. The loss in 2013 resulted primarily from the devaluation of the Venezuela Bolivars Fuertes as discussed in the Foreign Currency section of Factors Affecting Nielsen's Financial Results and fluctuations in certain foreign currencies associated with a portion of our intercompany loan portfolio. The loss in 2012 resulted primarily from fluctuations in certain foreign currencies associated with a portion of our intercompany loan portfolio.

Other Income, Net

The other income, net for the nine months ended September 30, 2013 netted to zero and primarily relates to the write-off of deferred financing costs and other costs associated with the amendment to our Senior Secured Credit Agreement of \$12 million and charges of \$12 million associated with the unused bridge loan terminated as part of the Arbitron acquisition offset by the gain from the Scarborough step acquisition of \$24 million.

The \$3 million of other income, net for the nine months ended September 30, 2012 primarily relates to a \$10 million gain on the purchase of a previously nonconsolidated business, partially offset by the write-off of deferred financing costs and other costs associated with the amendment and restatement of the Senior Secured Credit Facility.

Income Taxes

The effective tax rates for each of the nine months ended September 30, 2013 and 2012 were 28% and 32%, respectively. The tax rate for the nine months ended September 30, 2013 was higher than the statutory rate as a result of the tax impact of the Venezuela currency revaluation, tax rate differences in other jurisdictions where we file, and accrual for future audit settlements partially offset by 2012 return to provision adjustments as well as the favorable impact of certain financing activities and release of tax contingencies. The tax rate for the nine months ended September 30, 2012 was higher than the statutory rate as the favorable impact of certain financing activities was more than offset by the tax rate and other differences in other jurisdictions where the Company files tax returns.

Adjusted EBITDA

Adjusted EBITDA increased 5.5% to \$1,109 million for the nine months ended September 30, 2013 from \$1,051 million for the nine months ended September 30, 2012, or 6.4% on a constant currency basis, excluding a 0.9% unfavorable impact of changes in foreign currency exchange rates. See Results of Operations Nine Months Ended September 30, 2013 Compared to the Nine Months Ended September 30, 2012 for the reconciliation of net income/(loss) to Adjusted EBITDA.

Business Segment Results for the Nine Months Ended September 30, 2013 Compared to the Nine Months Ended September 30, 2012

Revenues

The table below sets forth our segment revenue performance data for the nine months ended September 30, 2013 compared to the nine months ended September 30, 2012, both on an as-reported and constant currency basis.

(IN MILLIONS)

Edgar Filing: Nielsen Holdings N.V. - Form 10-Q

	Nine Months Ended September 30, 2013 Reported	Nine Months Ended September 30, 2012 Reported	% Variance 2013 vs. 2012 Reported	Nine Months Ended September 30, 2012 Constant Currency	% Variance 2013 vs. 2012 Constant Currency

Watch	1,529	1,466	4.3%	1,460	4.7%
Total	\$ 4,092	\$ 3,966	3.2%	\$ 3,937	3.9%
Buy Segment Revenues					

Revenues increased 2.5% to \$2,563 million for the nine months ended September 30, 2013 from \$2,500 million for the nine months ended September 30, 2012, or an increase of 3.5% on a constant currency basis. Revenues from Developing markets increased 3.4% (6.5% on a constant currency basis) and revenues from Developed markets increased 2.1% (2.0% on a constant currency basis).

Revenues from Information services increased 2.9% to \$1,964 million for the nine months ended September 30, 2013 from \$1,909 million for the nine months ended September 30, 2012, or an increase of 3.8% on a constant currency basis. Revenues from Developing markets increased 3.5% (7.0% on a constant currency basis), for the nine months ended September 30, 2013 as compared to the nine months September 30, 2012 due to the continued expansion of our retail measurement and services to both new and existing customers. Revenues from Developed markets increased 2.6% (2.2% on a constant currency basis) for the nine months ended September 30, 2013. These increases were driven primarily by increased client investment in retail measurement including additional coverage in the U.S. market.

Revenues from Insights services increased 1.4% to \$599 million for the nine months ended September 30, 2013 from \$591 million for the nine months ended September 30, 2012, (2.6% on a constant currency basis) primarily due to growth in the Asia Pacific markets.

Watch Segment Revenues

Revenues increased 4.3% to \$1,529 million for the nine months ended September 30, 2013 from \$1,466 million for the nine months ended September 30, 2012, or 4.7% on a constant currency basis, primarily driven by 5.5% growth in Television measurement (5.8% on a constant currency basis) driven by increases in spending from existing customers and international expansion of our services to both new and existing customers.

Buy Segment Profitability					

Operating income was \$270 million for the nine months ended September 30, 2013 from \$263 million for the nine months ended September 30, 2012. The increase was driven by the revenue performance discussed above and lower restructuring cost offset

in part by an increase in retail measurement cost and stock-based compensation expense. Non-GAAP business segment income increased 2.6% on a constant currency basis.

Watch Segment Profitability

Operating income was \$439 million for the nine months ended September 30, 2013 from \$389 million for the nine months ended September 30, 2012. The increase was driven by the revenue performance discussed above, offset in part by increased investment in product portfolio management initiatives. Non-GAAP business segment income increased 9.2% on a constant currency basis.

Corporate Expenses and Eliminations

Operating expenses were \$86 million for the nine months ended September 30, 2013 as compared to \$54 million for the nine months ended September 30, 2012 due primarily to higher restructuring and transaction-related costs.

Liquidity and Capital Resources

Overview

Our contractual obligations, commitments and debt service requirements over the next several years are significant. We expect that our primary source of liquidity will continue to be cash generated from operations as well as existing cash. At September 30, 2013, cash and cash equivalents were \$737 million and our total indebtedness was \$6,882 million. In addition, as of September 30, 2013, we had \$622 million available for borrowing under our senior secured revolving credit facility. Our cash interest paid for the nine months ended September 30, 2013 and 2012 was \$201 million and \$273 million, respectively.

Of the \$737 million in cash and cash equivalents, approximately \$334 million was held in jurisdictions outside the U.S. and as a result there may be tax consequences if such amounts were moved out of these jurisdictions or repatriated to the U.S. We regularly review the amount of cash and cash equivalents held outside of the U.S. to determine the amounts necessary to fund the current operations of our foreign operations and their growth initiatives and amounts needed to service our U.S. indebtedness and related obligations.

We believe we will have available resources to meet both our short-term and long-term liquidity requirements, including our senior secured debt service. We expect the cash flow from our operations, combined with existing cash and amounts available under the revolving credit facility, will continue to provide sufficient liquidity to fund our current obligations, projected working capital requirements, restructuring obligations, and capital spending over the next year. In addition we may, from time to time, purchase, repay, redeem or retire any of our outstanding debt securities (including any publicly issued debt securities) in privately negotiated or open market transactions, by tender offer or otherwise.

Financing Transactions

In February 2013, our \$288 million outstanding mandatory convertible subordinated bonds were converted into 10,416,700 shares of our common stock at a conversion rate of 1.8116 shares per \$50.00 principal amount of the bonds.

In February 2013, the Second Amended and Restated Senior Secured Credit Agreement (as amended, the Credit Agreement) was amended and restated to provide for a new class of term loans (the Class E Term Loans) in an aggregate principal amount of \$2,532 million and 290 million, the proceeds of which were used to repay or replace in

full a like amount of our existing Class A Term Loans maturing August 9, 2013, Class B Term Loans maturing May 1, 2016 and Class C Term Loans maturing May 1, 2016. As a result of this transaction, we recorded a charge of \$12 million primarily related to the write-off of previously capitalized deferred financing fees associated with the Class A, B and C term loans to other income/(expense), net in the condensed consolidated statement of operations.

The Class E Term Loans will mature in full on May 1, 2016 and are required to be repaid in equal quarterly installments in aggregate annual amounts equal to 1.00% of the original principal amount of Class E Term Loans, with the balance payable on May 1, 2016. Class E Term Loans denominated in dollars bear interest equal to, at our election, a base rate or eurocurrency rate, in each case plus an applicable margin, which is equal to 1.75% (in the case of base rate loans) or 2.75% (in the case of eurocurrency rate loans). Class E Term Loan denominated in Euros bear interest equal to the eurocurrency rate plus an applicable margin of 3.00%. The newly Amended and Restated Senior Secured Credit Agreement contains substantially the same affirmative and negative covenants as those of the Existing Credit Agreement, other than certain amendments to the limitation on the ability of us and certain of our subsidiaries and affiliates to incur indebtedness and make investments.

In February 2013 and May 2013, secondary public offerings of 40.8 million shares and 40.3 million shares, respectively, of our common stock were completed on behalf of certain selling stockholders, primarily comprised of the Sponsor group, at a price of \$32.55 per share and \$35.01 per share, respectively. All proceeds were received by the selling stockholders and the offering did not have a significant impact on our operating results or financial position.

In September 2013, we issued \$625 million aggregate principal amount of 5.50% Senior Notes due 2021 at par, with cash proceeds of approximately \$616 million, net of fees and expenses. Concurrent with this issuance we called for redemption of all of our 11.625% Senior Notes due 2014 effective October 23, 2013, at a redemption price equal to 100% of the principal amount of such 2014 notes redeemed plus accrued and unpaid interest to the redemption date and an applicable premium as described in the indenture related to the 2014 notes. The redemption of the 11.625% Senior Notes due 2014 will result in a pre-tax charge of \$8 million in the fourth quarter of 2013.

Cash Flows

Operating activities. Net cash provided by operating activities was \$581 million for the nine months ended September 30, 2013, as compared to \$444 million for the nine months ended September 30, 2012. This increase was driven by the Adjusted EBITDA performance described above and favorable timing of vendor and employee payroll payments. Our key collections performance measure, days billing outstanding (DBO), remained flat as compared to the same period as last year.

Investing activities. Net cash used in investing activities was \$523 million for the nine months ended September 30, 2013, as compared to \$362 million for the nine months ended September 30, 2012. The primary driver for the increase was the net payments for the Arbitron acquisition partially offset by the net proceeds received from the sale of our Expositions business.

Financing activities. Net cash provided by financing activities was \$410 million for the nine months ended September 30, 2013 as compared to a source of cash of \$80 million for the nine months ended September 30, 2012. The primary driver for the increase was primarily driven by the results of the 2013 transactions described under the Financing Transactions partially offset by the dividends paid as described under the Dividends .

Capital Expenditures

Investments in property, plant, equipment, software and other assets totaled \$255 million for the nine months ended September 30, 2013 as compared to \$225 million for the nine months ended September 30, 2012.

Dividends and Share Repurchase

On January 31, 2013, our board of directors adopted a cash dividend policy to pay quarterly cash dividends on our outstanding common stock. The board also declared the first quarterly cash dividend of \$0.16 per share, that was paid on March 20, 2013 to holders of record of our common stock on March 6, 2013. On May 2, 2013, our board declared the second quarterly cash dividend of \$0.16 per share, which was paid on June 19, 2013 to holders of record of our common stock on June 5, 2013. On July 25, 2013, our board of directors approved a 25% increase of the quarterly cash dividend to \$0.20 per share, which was paid on September 11, 2013 to holders of record of shares of our common stock on August 28, 2013. On October 22, 2013, we declared a quarterly cash dividend of \$0.20 per share, to be paid on December 9, 2013 to holders of record of shares of our common stock on November 25, 2013. The dividend policy and the payment of future cash dividends are subject to the discretion of our board of directors.

On July 25, 2013, our board of directors approved a new share repurchase program for up to \$500 million of our outstanding common stock. The primary purpose of the program is to mitigate dilution associated with our equity

compensation plans. Repurchases will be made in accordance with applicable securities laws from time to time in the open market depending on our management's evaluation of market conditions and other factors. The program will be executed within the limitations of the existing authority granted at our 2013 Annual General Meeting of Shareholders. As of September 30, 2013, there have been no repurchases of shares under this program.

Financial Debt Covenants Attributable to TNC B.V.

Financial covenants contained in our Credit Agreement consist of a maximum leverage ratio and a minimum interest coverage ratio as related to our indirect wholly-owned subsidiary, Nielsen Holding and Finance B.V. and its restricted subsidiaries. The leverage ratio requires that we not permit the ratio of total net debt (as defined in the Credit Agreement) at the end of any calendar quarter to Covenant EBITDA (as defined in the Credit Agreement) for the four quarters then ended to exceed a specified threshold. The maximum permitted ratio is 6.25 to 1.0.

The interest coverage ratio requires that we not permit the ratio of Covenant EBITDA at the end of any calendar quarter to Consolidated Interest Expense (as defined in the Credit Agreement) for the four quarters then ended to be less than a specified threshold. The minimum permitted ratio is 1.50 to 1.0.

Failure to comply with either of these covenants would result in an event of default under our Credit Agreement unless waived by our senior credit lenders. An event of default under our Credit Agreement can result in the acceleration of our indebtedness under the facility, which in turn would result in an event of default and possible acceleration of indebtedness under the agreements governing our debt securities as well. As our failure to comply with the covenants described above can cause us to go into default under the agreements governing our indebtedness, management believes that our Credit Agreement and these covenants are material to us. As of September 30, 2013, we were in full compliance with the covenants described above.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that currently have or are reasonably likely to have a material effect on our consolidated financial condition, changes in financial condition, results of operations, liquidity, capital expenditure or capital resources.

Summary of Recent Accounting Pronouncements

Reclassification from accumulated other comprehensive income

In February 2013, the FASB issued an accounting update, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*, to improve the transparency of reporting reclassifications out of accumulated other comprehensive income. We have presented the significant amounts reclassified from each component of accumulated other comprehensive income and the income statement line items affected by the reclassification in Note 6 to the condensed consolidated financial statements. This amended guidance does not have any other impact on our condensed consolidated financial statements.

Foreign Currency Matters

In March 2013, the FASB issued an accounting update, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity*, to resolve the diversity in practice regarding the release into net income of the cumulative translation adjustment upon derecognition of a subsidiary or group of assets within a foreign entity. The amendment requires an entity that ceases to have a controlling financial interest in a subsidiary or group of assets within a foreign entity to release any related cumulative translation adjustment into net income. Accordingly, the cumulative translation adjustment should be released into net income only if the sale or transfer results in the complete or substantially complete liquidation of the foreign entity in which the subsidiary or group of assets had resided. This guidance is effective for our interim and annual reporting periods in 2014. The adoption of this update is not expected to have a significant impact on our condensed consolidated financial statements.

Income Taxes

In July 2013, the FASB issued an accounting update, *Income Taxes: Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. The update provides guidance on the financial statement presentation of an unrecognized tax benefit, as either a reduction of a deferred tax asset or as a liability, when a net operating loss carryforward, similar tax loss, or a tax credit carryforward exists. The update will be effective for interim and annual periods beginning after December 15, 2013 and may be

applied on a retrospective basis. Early adoption is permitted. We do not expect the adoption of this update to have a significant impact on our condensed consolidated financial statements.

Commitments and Contingencies

Outsourced Services Agreements

In February 2013, we amended our Amended and Restated Master Services Agreement (the "MSA"), dated as of October 1, 2007 with Tata America International Corporation and Tata Consultancy Services Limited (jointly, "TCS"). The term of the MSA has been extended for an additional three years, so as to expire on December 31, 2020, with a one-year renewal option granted to Nielsen. In addition, we have increased our commitment to purchase services from TCS (the "Minimum Commitment") from \$1.0 billion to \$2.5 billion over the life of the contract (from October 1, 2007), including a commitment to purchase at least \$100 million in services per year (the "Annual Commitment"). TCS charges under the separate Global Infrastructure Services Agreement between the parties will be credited against the Minimum Commitment and the Annual Commitment. TCS will globally provide us with professional services relating to information technology (including application development and maintenance), business process outsourcing, client

service knowledge process outsourcing, management sciences, analytics, and financial planning and analytics. As we order specific services under the Agreement, the parties will execute Statements Of Work (SOWs) describing the specific scope of the services to be performed by TCS. The amount of the Minimum Commitment and the Annual Commitment may be reduced on the occurrence of certain events, some of which also provide us with the right to terminate the Agreement or SOWs, as applicable.

Other Contractual Obligations

Our other contractual obligations include capital lease obligations (including interest portion), facility leases, leases of certain computer and other equipment, agreements to purchase data and telecommunication services, the payment of principal and interest on debt and pension fund obligations.

Cyprus Agreement

On March 25, 2013, Cyprus and certain members of the European Union reached an agreement on measures intended to restore the viability of the financial sector of Cyprus. As part of these measures Cyprus has agreed to downsize its local financial sector including:

- (1) The immediate dissolution of Cyprus Popular Bank under which equity shareholders, bondholders and uninsured depositors (defined as those with deposits in excess of 100 thousand) will contribute to make up the losses of the bank; and
- (2) The recapitalization of the Bank of Cyprus (BoC) through a deposit/equity conversion of uninsured deposits, with full contribution of equity shareholders and bondholders. Currently 37.5% of uninsured deposits of BoC have been converted into Class A shares with voting and dividend rights. An additional 22.5% have been frozen and may also be partially or fully used to issue new Class A shares, as necessary.

As a result of this agreement, we recorded a charge of \$4 million during the first quarter of 2013 in Selling, General and Administrative expenses in the statement of operations representing the uninsured deposits either contributed to make up losses of Cyprus Popular Bank or converted into Class A shares of BoC, as described above. We do not expect this agreement to significantly impact future operating results.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the potential loss arising from adverse changes in market rates and market prices such as interest rates, foreign currency exchange rates, and changes in the market value of equity instruments. We are exposed to market risk, primarily related to foreign exchange and interest rates. We actively monitor these exposures. Historically, in order to manage the volatility relating to these exposures, we entered into a variety of derivative financial instruments, mainly interest rate swaps, cross-currency swaps and forward rate agreements. Currently we only employ basic contracts, that is, without options, embedded or otherwise. Our objective is to reduce, where it is deemed appropriate to do so, fluctuations in earnings, cash flows and the value of our net investments in subsidiaries resulting from changes in interest rates and foreign currency rates. It is our policy not to trade in financial instruments.

Foreign Currency Exchange Risk

We operate globally and predominantly generate revenue and expenses in local currencies. Approximately 49% of our revenues and 51% of our operating costs were generated in currencies other than the U.S. Dollar for the nine months ended September 30, 2013. Because of fluctuations (including possible devaluations) in currency exchange rates or the imposition of limitations on conversion of foreign currencies into our reporting currency, we are subject to currency translation exposure on the profits of our operations, in addition to transaction exposure. Typically, a one cent change in the U.S. Dollar/Euro exchange rate, holding all other currencies constant, will impact revenues by approximately \$5 million annually, with an immaterial impact on our profitability.

Foreign currency translation risk is the risk that exchange rate gains or losses arise from translating foreign entities statements of earnings and balance sheets from functional currency to our reporting currency (the U.S. Dollar) for consolidation purposes. Translation risk exposure is managed by creating natural hedges in our financing or by using derivative financial instruments aimed at offsetting certain exposures in the statement of earnings or the balance sheet. We do not use derivative financial instruments for trading or speculative purposes.

The table below details the percentage of revenues and expenses by currency for the nine months ended September 30, 2013:

	U.S. Dollar	Euro	Other Currencies
Revenues	51%	12%	37%
Operating costs	49%	13%	38%

Interest Rate Risk

We continually review our fixed and variable rate debt along with related hedging opportunities in order to ensure our portfolio is appropriately balanced as part of our overall interest rate risk management strategy. At September 30, 2013, we had \$4,033 million in carrying value of floating-rate debt under our senior secured credit facilities of which \$2,869 million was subject to effective floating-fixed interest rate swaps. A one percent increase in interest rates applied to our floating rate indebtedness would therefore increase annual interest expense by approximately \$12 million (\$40 million without giving effect to any of our interest rate swaps).

Derivative instruments involve, to varying degrees, elements of non-performance, or credit risk. We do not believe that we currently face a significant risk of loss in the event of non-performance by the counterparties associated with these instruments, as these transactions were executed with a diversified group of major financial institutions with a minimum investment-grade or better credit rating. Our credit risk exposure is managed through the continuous monitoring of our exposures to such counterparties.

Equity Price Risk

We are not exposed to material equity risk.

Item 4. Controls and Procedures

(a)Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to ensure that information required to be disclosed in the reports that the Company files or submits to the SEC under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

The Company's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures as of September 30, 2013 (the "Evaluation Date"). Based on such evaluation and

subject to foregoing, such officers have concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures are effective at the reasonable assurance level.

(b) Changes in Internal Control over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Sunbeam Television Corp. ("Sunbeam") filed a lawsuit in Federal District Court in Miami, Florida in April 2009. The lawsuit alleged that we violated Federal and Florida state antitrust laws and Florida's unfair trade practices laws by attempting to maintain a monopoly and abuse our position in the market, and breached our contract with Sunbeam by producing defective ratings data through our sampling methodology. The complaint did not specify the amount of damages sought and also sought declaratory and equitable relief. In January 2011, the U.S. District Court in the Southern District of Florida dismissed all federal and state antitrust claims brought against us by Sunbeam stating that Sunbeam failed to show that any competitor was willing and able to enter the local television ratings market in Miami and was excluded from that market by us. The Court also determined that Sunbeam could not prove that the current ratings for Sunbeam's local station WSVN are less accurate than they would be under a prospective competitor's methodology. The Court deferred ruling on the remaining ancillary claims, including breach of contract and violation of Florida's Deceptive and Unfair Trade Practices Act. Subsequent to the court's decision, Sunbeam voluntarily dismissed with prejudice the remaining claims in the case so that all claims have been dismissed. Sunbeam appealed the court's dismissal of the antitrust claims. On March 4, 2013, the U.S. Court of Appeals for the Eleventh Judicial Circuit affirmed the lower court's decision to dismiss the claims. On March 22, 2013, Sunbeam filed a petition for rehearing the case. The petition was denied on May 13, 2013.

We are subject to litigation and other claims in the ordinary course of business, some of which include claims for substantial sums. Accruals have been recorded when the outcome is probable and can be reasonably estimated. While the ultimate results of claims and litigation cannot be determined, we do expect that the ultimate disposition of these matters will not have a material adverse effect on our operations or financial condition. However, depending on the amount and the timing, an unfavorable resolution of some or all of these matters could materially affect our future results of operations or cash flows in a particular period.

Item 1A. Risk Factors

There have been no material changes to our Risk Factors as previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2012.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

There were no unregistered repurchases or sales of our common stock for the nine months ended September 30, 2013.

On July 25, 2013, our board of directors approved a new share repurchase program for up to \$500 million of our outstanding common stock. The primary purpose of the program is to mitigate dilution associated with our equity compensation plans. Repurchases will be made in accordance with applicable securities laws from time to time in the open market depending on our management's evaluation of market conditions and other factors. The program will be executed within the limitations of the existing authority granted at our 2013 Annual General Meeting of Shareholders.

Item 3. Defaults Upon Senior Securities
Not applicable.

Item 4. Mine Safety Disclosures
Not applicable.

Item 5. Other Information

Iran Sanctions Related Disclosure

Under the Iran Threat Reduction and Syrian Human Rights Act of 2012, which added Section 13(r) of the Exchange Act, we are required to include certain disclosures in our periodic reports if we or any of our affiliates knowingly engaged in certain specified activities during the period covered by the report. Because the SEC defines the term affiliate broadly, it includes any entity controlled by us as well as any person or entity that controls us or is under common control with us (control is also construed broadly by the SEC). We are not presently aware that we and our consolidated subsidiaries have knowingly engaged in any transaction or dealing reportable under Section 13(r) of the Exchange Act during the nine months ended September 30, 2013. In addition, we sought confirmation from companies that may be considered our affiliates as to whether they have knowingly engaged in any such reportable transactions or dealings during such period and, except as described below or as previously disclosed by us, are not presently aware of any such reportable transactions or dealings by such companies.

The Blackstone Group L.P (Blackstone), one of our Sponsors, informed us that it included disclosures, as reproduced below, in its quarterly report on Form 10-Q as filed with the SEC on August 8, 2013 as required by Section 13(r) of the Exchange Act. We have no involvement in or control over the activities of either of these companies, any of their predecessor companies or any of their subsidiaries, and we have not independently verified or participated in the preparation of Blackstone's disclosure.

Blackstone Disclosure

Hilton Worldwide Inc., which may be considered our affiliate, provided the disclosure reproduced below in connection with activities during the second fiscal quarter of 2013. We have not independently verified or participated in the preparation of this disclosure.

As previously disclosed, during the reporting period, certain individual employees at two Hilton-branded hotels in the United Arab Emirates received routine wage payments as direct deposits to their personal accounts at Bank Melli, an entity identified on the Specially Designated Nationals and Blocked Persons List (SDN List) maintained by the Office of Foreign Assets Control in the U.S. Department of the Treasury. Both of these hotels are owned by a third party, staffed by employees of the third-party owner and operated pursuant to a management agreement between the owner and a Hilton affiliate. In each case, these payments originated from the third-party owner's account to the personal accounts of the employees at their chosen bank. During the reporting period, both hotels discontinued making direct deposits to accounts at Bank Melli. No revenues or net profits are associated with these transactions.

Also as previously disclosed, during the reporting period, several individuals stayed at the DoubleTree Kuala Lumpur, Malaysia, pursuant to a rate agreement between the hotel and Mahan Air, an entity identified on the SDN List. The rate agreement was terminated as of May 2, 2013. This hotel is staffed by employees of the third-party owner and operated pursuant to a management agreement between the owner and a Hilton affiliate. Under the rate agreement, which was entered into in the name of the owner, the hotel reserved a number of rooms for Mahan Air crew members at the DoubleTree Kuala Lumpur several times each week. Revenue and net profit received by Hilton attributable to Mahan Air crew hotel stays during the reporting period was approximately \$430.

Travelport Limited, which may be considered our affiliate, included the disclosure reproduced below in its Form 10-Q for the fiscal quarter ended June 30, 2013. We have not independently verified or participated in the preparation of this disclosure.

As part of our global business in the travel industry, we provide certain passenger travel related GDS and airline IT Solutions services to Iran Air. We also provide certain airline IT Solutions services to Iran Air Tours. All of these services are either exempt from applicable sanctions prohibitions pursuant to a statutory exemption in the International Emergency Economic Powers Act permitting transactions ordinarily incident to travel or, to the extent not otherwise exempt, specifically licensed by the U.S. Office of Foreign Assets Control (OFAC). Subject to any changes in the exempt/licensed status of such activities, we intend to continue these business activities, which are directly related to

and promote the arrangement of travel for individuals.

Prior to and during the reporting period, we also provided airline IT Solutions services to Syrian Arab Airlines. These services were generally understood to be permissible under the same statutory travel exemption. The services were terminated following the May 2013 action by OFAC to designate this airline as a Specially Designated Global Terrorist pursuant to the Global Terrorism Sanctions Regulations.

The gross revenue and net profit attributable to these activities in the quarter ended June 30, 2013 were approximately \$248,000 and \$176,000, respectively.

Duly Authorized Officer and Principal Accounting Officer

EXHIBIT INDEX

The agreements and other documents filed as exhibits to this quarterly report on Form 10-Q are not intended to provide factual information or other disclosure other than with respect to the terms of the agreements or other documents themselves, and you should not rely on them for that purpose. In particular, any representations and warranties made by the registrant in these agreements or other documents were made solely within the specific context of the relevant agreement or document and may not describe the actual state of affairs as of the date they were made or at any other time.

Exhibit Number	Description of Exhibits
10.1	Agreement Terminating the Amended and Restated Shareholders' Agreement Regarding Nielsen Holdings N.V., dated as of August 14, 2013, with The Nielsen Company B.V., Valcon Acquisition B.V., Valcon Acquisition Holding (Luxembourg) S.ar.l. and funds associated with or designated by AlpInvest Partners, The Blackstone Group ("Blackstone"), The Carlyle Group ("Carlyle"), Centerview Partners ("Centerview"), Hellman & Friedman LLC ("Hellman & Friedman"), Kohlberg Kravis Roberts & Co. ("KKR") and Thomas H. Lee Partners ("THL")
10.2	Form of Letter Agreement with affiliates of each of Blackstone, Carlyle, Hellman & Friedman, KKR and THL, dated as of August 14, 2013
10.3	Indenture, dated as of September 27, 2013, among The Nielsen Company (Luxembourg) S.ar.l., the Guarantors (as defined therein) and Deutsche Bank Trust Company Americas, as Trustee (incorporated herein by reference to the Current Report on Form 8-K filed on September 27, 2013 (File No. 001-35042))
10.4	Amended and Restated Arbitron Inc. 2008 Equity Compensation Plan (incorporated herein by reference to the Registration Statement on Form S-8 filed on September 30, 2013 (File No. 333-191458))
31.1	CEO 302 Certification Pursuant to Rule 13a-15(e)/15d-15(e)
31.2	CFO 302 Certification Pursuant to Rule 13a-15(e)/15d-15(e)
32.1	Certification Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 (Subsections (a) and (b) of Section 1350, Chapter 63 of Title 18, United States Code)
101	The following financial information from Nielsen Holdings N.V.'s Quarterly Report on Form 10-Q for the quarter ended September 30, 2013, formatted in XBRL includes: (i) Condensed Consolidated Statements of Operations (Unaudited) for the three and nine months ended September 30, 2013 and 2012, (ii) Condensed Consolidated Statements of Comprehensive Income (Unaudited) for the three and nine months ended September 30, 2013 and 2012, (iii) Condensed Consolidated Balance Sheets at September 30, 2013 (Unaudited) and December 31, 2012, (iv) Condensed Consolidated Statements of Cash Flows (Unaudited) for the nine months ended September 30, 2013 and 2012, and (v) the Notes to Condensed Consolidated Financial Statements.
