Dear Stockholders of Raptor Pharmaceutical Corp.:

On behalf of the Board of Directors of Raptor Pharmaceutical Corp., a Delaware corporation, we are pleased to deliver the accompanying proxy statement for our annual meeting of stockholders to be held at 8:00 a.m., local time, on May 5, 2015 at our corporate offices at 7 Hamilton Landing, Suite 100, Novato, California 94949, for the following purposes:

1. To elect eight directors named in the accompanying proxy statement to our Board of Directors to serve until our next annual meeting of stockholders or until their respective successors are duly elected and qualified.
2. To approve, on a non-binding, advisory basis, the compensation of our named executive officers, as disclosed in the proxy statement accompanying this notice of annual meeting of stockholders.
3. To ratify the appointment by the Audit Committee of our Board of Directors of Grant Thornton LLP as Raptor's independent registered public accounting firm for the year ending December 31, 2015.
4. To approve the amendment to the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan, to increase the share reserve available for issuance under the plan by 3,456,620 shares and to make certain other material amendments.
5. To transact such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

The foregoing matters are described more fully in the accompanying proxy statement. Our Board of Directors has fixed March 10, 2015 as the record date for the determination of stockholders entitled to notice of, and to vote at, our annual meeting and any adjournment or postponement thereof. Only holders of record of shares of our common stock at the close of business on the record date are entitled to notice of, and to vote at, our annual meeting.

We are pleased to take advantage of the U.S. Securities and Exchange Commission (the SEC) rule that allows companies to furnish proxy materials to their stockholders over the Internet. As a result, we are mailing a notice of Internet availability of proxy materials, instead of a paper copy of our proxy materials, to our stockholders of record entitled to vote at our annual meeting. The notice of Internet availability of proxy materials contains instructions on how to access those documents over the Internet and also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2014 Annual Report on Form 10-K and a form of proxy card. Certain stockholders also will receive a full set of the proxy materials by mail. The notice of Internet availability of proxy materials is expected to be mailed to stockholders of record entitled to vote at our annual meeting on or about March 26, 2015. The full set of proxy materials is expected to be mailed on or about March 26, 2015 to certain stockholders of record entitled to vote at our annual meeting.

Edgar Filing: Raptor Pharmaceutical Corp - Form DEF 14A

Your vote is important. Please read the proxy statement carefully. Even if you plan to attend the annual meeting, for those stockholders who received a printed version of the proxy materials by mail, we request that you complete,

sign and date the enclosed proxy card as promptly as possible and return it in the enclosed envelope to ensure that your shares are represented at the meeting. As instructed on the proxy card, the envelope requires no postage if mailed in the United States. For those stockholders who did not receive a printed version of the proxy materials by mail, please follow the instructions in the notice of Internet availability of proxy materials on how to access the proxy materials over the Internet or to request a paper copy of the proxy materials, and on how to vote. All stockholders may also vote by telephone or Internet, by following the instructions on the proxy card. If you vote by telephone or Internet, you do not have to mail in a proxy card. Voting in advance by mail, telephone or Internet will not prevent you from voting in person at the annual meeting (and votes cast at the annual meeting will supersede votes previously submitted by you), but it will help to ensure a quorum and avoid added costs.

By Order of the Board of Directors,

/s/ Julie Anne Smith

The Board of Directors does not know of any matters to be presented at the annual meeting other than those listed on the notice of annual meeting to stockholders and described in this proxy statement. As of March 10, 2015, 69,227,919 shares of common stock, par value \$0.001 per share, were issued and outstanding.

For information regarding security ownership by management and by the beneficial owners of more than 5% of our common stock, see the section of this proxy statement titled Security Ownership of Certain Beneficial Owners, Directors and Management.

Voting

How do I vote if I am a registered stockholder?

You may vote by mail. If you are a registered stockholder (that is, if you hold your shares of common stock directly and not in street name) and you have received a printed version of the proxy materials, you may vote by mail by completing, signing and dating the enclosed proxy card and returning it in the enclosed postage prepaid envelope. Your shares will then be voted at the annual meeting in accordance with your instructions.

You may vote via the Internet. To vote over the Internet, go to the web address <http://www.proxyvote.com> and follow the instructions for Internet voting shown on the notice of Internet availability of proxy materials, or if you have received a printed version of the proxy materials by mail, follow the instructions for Internet voting shown on the proxy card.

You may vote by telephone. To vote by telephone, call 1-800-690-6903 (toll-free in the U.S. and Canada only) from a touch tone telephone and follow the instructions.

You may vote in person at the annual meeting. If you are a registered stockholder and attend the annual meeting (please bring a valid, government-issued photo identification, such as a driver's license or a passport to authenticate your identity and for entrance to the annual meeting), you may deliver your completed proxy card in person. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that were submitted by you will be superseded by the vote that you cast at the annual meeting.

Am I entitled to vote if my shares are held in street name ?

Yes, if a bank or brokerage firm holds your shares of common stock in street name for you, you are considered the beneficial owner of such shares. If your shares are held in street name, these proxy materials are being forwarded to you by your bank or brokerage firm (the record holder), along with a voting instruction card. As the beneficial owner,

Edgar Filing: Raptor Pharmaceutical Corp - Form DEF 14A

you have the right to direct the record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. Brokers holding shares of common stock in street name who are members of a stock exchange are required by the rules of the exchange to transmit this proxy statement to the beneficial owner of the shares of common stock and to solicit voting instructions with respect to the matters submitted to the stockholders.

How do I vote if I hold my shares in street name ?

If you are a beneficial owner of shares of common stock registered in the name of your broker, bank, or other agent, you should have received a voting card and voting instructions with these proxy materials from that organization (rather than from the Company). In addition to providing you with instructions for voting by mail, your

TABLE OF CONTENTS

broker, bank, or other agent may permit you to vote your shares electronically, by telephone, or over the Internet. A large number of banks and brokerage firms participate in programs that offer telephone and Internet voting options. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may vote those shares electronically by telephone or over the Internet by following the instructions set forth on the voting form provided to you by your bank or brokerage firm.

These Internet and telephone voting procedures are designed to authenticate stockholders' identities, allow stockholders to vote their shares and confirm that stockholders' votes have been recorded properly. Stockholders voting via either telephone or the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder using such services. Also, please be aware that the Company is not involved in the operation of these voting procedures and cannot take responsibility for any access, Internet or telephone service interruptions that may occur or any inaccurate, erroneous or incomplete information that may appear.

What if I do not provide voting instructions for my shares of common stock on my proxy card or, with respect to such shares held in street name, to my bank, brokerage firm, or other agent?

All shares entitled to vote and represented by properly executed proxy cards received prior to the annual meeting, and not revoked, will be voted at the annual meeting in accordance with the instructions indicated on those proxy cards.

If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted in accordance with the recommendations of our Board of Directors. Our Board of Directors recommends that you vote: **FOR** the slate of directors nominated by our Board of Directors; **FOR** the approval, on a non-binding, advisory basis, of the compensation of our named executive officers; **FOR** the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2015; and **FOR** the approval of the amendment of the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan. If any other matters are properly presented for consideration at the annual meeting, including, among other things, consideration of a motion to adjourn the annual meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment, and authority to do so is included in the proxy.

If you do not give instructions to your bank, brokerage firm or other agent by the date specified in the voting instructions, it will nevertheless be entitled to vote your shares of common stock in its discretion on routine matters. The ratification of independent public accountants is generally a routine matter, while the election of directors, actions with respect to stockholder advisory votes on executive compensation, and the approval of the amendment to our 2010 Stock Incentive Plan are not considered routine matters. Absent your instructions, the record holder will not be permitted to vote your shares on non-routine matters. Shares held by brokers that do not have discretionary authority to vote on the matter and have not received voting instructions from their clients are considered broker non-votes and are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved that proposal.

Who can attend the annual meeting?

Only stockholders eligible to vote or their authorized representatives will be admitted to the annual meeting. If you plan on voting at the annual meeting, you must bring a valid, government-issued photo identification, such as a driver's license or a passport, to authenticate your identity.

May I attend the annual meeting if I hold my shares in street name ?

Edgar Filing: Raptor Pharmaceutical Corp - Form DEF 14A

As the beneficial owner of shares, you are invited to attend the annual meeting. If your shares are held in street name (*i.e.*, you are not a registered holder) and you wish to attend the annual meeting and/or vote in person, you must bring your broker or bank voter instruction card and a proxy, executed in your favor, from the record holder of your shares. In addition, you must bring a valid, government-issued photo identification, such as a driver's license or a passport, to authenticate your identity.

Can I change my vote after I submit my proxy card?

Yes, you may revoke your proxy given pursuant to this solicitation and change your vote any time before your shares are voted at the annual meeting. If you are a registered stockholder, you may revoke your proxy by:

3

TABLE OF CONTENTS

- (i) filing a written notice of revocation bearing a later date than the previously submitted proxy card with our Corporate Secretary before the taking of the vote at the annual meeting; duly executing and submitting a later dated, properly completed proxy card relating to the same
- (ii) shares and delivering it to our Corporate Secretary before the taking of the vote at the annual meeting;
- (iii) voting again via over Internet or by telephone before the taking of the vote at the annual meeting; or
- (iv) attending the annual meeting and voting in person (attendance at the annual meeting will not in and of itself constitute a revocation of a proxy).

Any written notice of revocation or subsequently submitted proxy card must be received by our Corporate Secretary prior to the taking of the vote at the annual meeting. Such written notice of revocation or subsequently submitted proxy card should be hand delivered to our Corporate Secretary or should be sent to Raptor Pharmaceutical Corp., 7 Hamilton Landing, Suite 100, Novato, California 94949, Attention: Corporate Secretary. Stockholders whose shares are held in street name should consult with their broker or nominee concerning the method for revoking their proxies.

Who will count the votes?

Broadridge Financial Solutions, Inc. (Broadridge) will tabulate and certify the votes. Our Corporate Secretary will serve as the inspector of election at the annual meeting.

How does the Board of Directors recommend that I vote on the proposals?

Our Board of Directors recommends that you vote **FOR** each of the eight nominees for director in Proposal 1 and **FOR** Proposals 2, 3 and 4, as these proposals are further described in this proxy statement.

Will any other business be conducted at the meeting?

We do not currently anticipate that any other matters will be raised at the annual meeting. If any other matter properly comes before the stockholders for a vote at the annual meeting, however, your proxy (one of the individuals named on your proxy card) will vote your shares in accordance with his or her best judgment if you so authorize.

Quorum; Required Vote; Abstentions; Broker Non-Votes

How many shares must be present to hold the meeting?

Holders of a majority of the outstanding shares of common stock issued and outstanding as of the record date, and entitled to vote at the annual meeting, present either in person or by proxy, constitutes a quorum and must be present at the annual meeting in order for the transaction of business. Stockholders are counted as present at the meeting if they (1) are present in person or (2) have properly submitted a proxy card or voted by telephone or over the Internet.

Under the General Corporation Law of the State of Delaware, withhold votes, abstentions and broker non-votes (as described above) are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

What if a quorum is not present at the meeting?

If the shares of common stock present or represented at the annual meeting do not constitute the required quorum, the holders of a majority of the shares entitled to vote at the annual meeting who are present in person or represented by proxy may adjourn the annual meeting until a quorum is present or represented. The time and place of the adjourned annual meeting will be announced at the time the adjournment is taken, and no other notice will be required.

What vote is required to elect a director nominee (Proposal 1)?

The affirmative vote of a majority of the votes cast is required to elect each of the eight nominees as a director. This means that a nominee will be elected if the number of votes cast FOR such nominee's election exceeds the number of votes cast AGAINST such nominee's election, with ABSTAIN votes and broker non-votes not counted as votes either FOR or AGAINST such nominee's election.

4

TABLE OF CONTENTS

In the event one or more directors fails to receive the affirmative vote of a majority of votes cast, such director shall promptly tender his or her irrevocable resignation to the Board of Directors. The Board of Directors then shall act on the resignation, taking into account the recommendation of the Company's Corporate Governance and Nominating Committee, if applicable, and within ninety days after the date of certification of the election results, the Board of Directors shall disclose its decision and the rationale regarding whether to accept the resignation (or the reasons for rejecting the resignation, if applicable) in a press release, a filing with the SEC or by other public announcement. If an incumbent director fails to receive the required vote for re-election in an uncontested election and such director's resignation is not accepted by the Board of Directors, such director will continue to serve until his or her successor is duly elected and qualified or until his or her death, resignation or removal.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, our Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holder will vote your shares for the substitute nominee. Each nominee for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unavailable to serve.

What vote is required for the approval, on a non-binding, advisory basis, of the compensation of our named executive officers (Proposal 2)?

The affirmative vote of a majority of the shares present in person or represented by proxy at our annual meeting and entitled to vote on the proposal is required for the approval, on a non-binding, advisory basis, of the compensation of our named executive officers.

What vote is required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2015 (Proposal 3)?

The affirmative vote of a majority of the shares present in person or represented by proxy at our annual meeting and entitled to vote on the proposal is required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2015.

What vote is required to approve the Amendment to the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan (Proposal 4)?

The affirmative vote of a majority of the shares present in person or represented by proxy at our annual meeting and entitled to vote on the proposal is required to approve the Amendment to the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan.

How will abstentions and broker non-votes be treated?

Abstentions will be treated as shares present for the purpose of determining the presence of a quorum and has the same effect as a vote against Proposals 2, 3 and 4. Shares voting abstain have no effect on the election of directors (Proposal 1). Broker non-votes will be treated as shares present for determining the presence of a quorum but have no effect and will not be counted towards the vote total for any proposal. See explanation under *What if I do not provide voting instructions for my shares of common stock on my proxy card or, with respect to such shares held in street name, to my bank, brokerage firm or other agent?* on page 3 of this proxy statement for more information on the impact of broker non-votes on each of the proposals.

Expenses

Edgar Filing: Raptor Pharmaceutical Corp - Form DEF 14A

The Company is making this solicitation and will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others of forwarding solicitation material to beneficial owners of common stock. In addition to the use of mail, proxies may be solicited by our directors, officers and other regular employees in person or by telephone, facsimile and e-mail. No additional compensation will be paid to directors, officers or other regular employees for such services.

In order to assure a quorum for the annual meeting, the Company has retained Georgeson Inc. and Broadridge Financial Solutions (Broadridge) to assist in the solicitation of proxies. Georgeson and Broadridge will be paid a fee of \$9,500 and \$7,500, respectively, for their services plus reasonable out-of-pocket expenses. Without a quorum of holders of a majority of the outstanding shares of common stock issued and outstanding as of the record date of

TABLE OF CONTENTS

March 10, 2015 and entitled to vote at the annual meeting, the Company will incur additional costs in adjourning and postponing the annual meeting until such quorum is met. Such additional costs include additional printing and mailing of new proxy materials, which could result in substantial additional costs to the Company.

How to Obtain Directions to the Location of Our Annual Meeting of Stockholders

Our annual meeting is being held at the time and place set forth above under the heading General Information. If you would like to attend the annual meeting to vote your shares in person, you can obtain directions to the annual meeting on our website www.raptorpharma.com under the heading About Raptor - Contact.

Internet Availability of Proxy Materials

Why did I receive a notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

We are pleased to take advantage of the SEC rule that allows companies to furnish their proxy materials over the Internet. Accordingly, we will send to certain of our stockholders of record and beneficial owners a notice of Internet availability of proxy materials instead of a full set of proxy materials. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the notice of Internet availability of proxy materials. We will mail the notice of Internet availability of proxy materials on or about March 26, 2015.

Why didn't I receive a notice of Internet availability of the proxy materials?

We will mail a paper copy of the proxy materials to certain stockholders on or about March 26, 2015.

What does it mean if I receive more than one notice of Internet availability of proxy materials or package of proxy materials?

If you received more than one notice of Internet availability of proxy materials or more than one package of proxy materials, this means that you have multiple accounts holding shares of our common stock. These may include accounts with our transfer agent and accounts with a broker, bank or other holder of record. Please vote all proxy cards and voting instruction cards that you receive with each notice of Internet availability of proxy materials or package of proxy materials to ensure that all of your shares are voted.

How can I get electronic access to the proxy materials?

You can view the proxy materials over the Internet at the website referred to in your notice of Internet availability of proxy materials. The notice of annual meeting of stockholders, this proxy statement, the proxy card and our annual report to stockholders are available at www.proxyvote.com. These materials are also available on our website at <http://ir.raptorpharma.com/financials.cfm> under SEC Filings.

How may I obtain a paper copy of the proxy materials?

If you received a notice of Internet availability of proxy materials, you will find instructions about how to obtain a paper copy of the proxy materials in your notice. We will mail a paper copy of the proxy materials to all stockholders to whom we do not send a notice of Internet availability of proxy materials.

TABLE OF CONTENTS**PROPOSAL NO. 1: ELECTION OF DIRECTORS****Information about the Nominees**

Each of the nominees is currently a director of the Company, and each nominee's term expires at this annual meeting.

Our bylaws provide that the number of directors shall be determined in accordance with our certificate of incorporation. Our certificate of incorporation provides the number of directors shall be determined from time to time by the Board of Directors. Our Board of Directors currently consists of nine persons, including Erich Sager, who is not standing for reelection at the annual meeting. Meetings and Committees of the Board of Directors

During the year ended December 31, 2014, the Board of Directors met nine (9) times and took action by written consent once. Each director attended at least 75% of the total number of meetings of the Board of Directors, as well as at least 75% of the total number of meetings of each committee of the Board of Directors on which he or she served. The Company does not have a formal policy requiring the members of our Board of Directors to attend our annual meetings of stockholders, however all six (6) of the then current directors attended our 2014 annual meeting of stockholders.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors does not have a policy on whether the offices of Chairman of the Board of Directors and Chief Executive Officer should be separate or combined. Our Board of Directors believes that it should have the flexibility to establish a leadership structure that works best for the Company at a particular time, and it reviews that structure from time to time. In June 2013, the Board appointed Dr. Keltner, an independent director, to serve as Chairman of the Board. Our Board of Directors has reviewed the current leadership structure of our Board of Directors in light of the composition of the Board of Directors, the Company's size, the nature of the Company's business, the regulatory framework under which the Company operates, the Company's stockholder base and other relevant factors. Considering these factors, the Board has determined that separating the roles of Chief Executive Officer and Chairman of the Board of Directors provides an appropriate degree of oversight over our Chief Executive Officer and senior management, enables the independent directors to participate meaningfully in the leadership of the Board and is currently the most appropriate Board leadership structure for the Company.

The risk oversight function of our Board of Directors is carried out by both the Board of Directors and the Audit Committee. The Board of Directors and Audit Committee regularly review information regarding our credit, liquidity and operations, as well as the risks associated with each. Our Audit Committee meets periodically with management to discuss our major financial and operating risk exposures and the steps, guidelines and policies taken or

implemented relating to risk assessment and risk management. The Audit Committee also has responsibility for reviewing and determining if a related party transaction is appropriate and should be permitted. Our Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. Our Corporate Governance and Nominating Committee manages risks associated with the governance profile of the Company (including independence matters of our Board of Directors) and potential conflicts of interest and oversees management of risks associated with environmental, health and safety concerns. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is informed about such risks by the committees.

The executive officers are not present or involved in deliberations concerning their compensation. The Compensation Committee has the authority to retain compensation consultants to assist in its evaluation of executive and Director compensation. Our Compensation Committee currently consists of Dr. Bruhn (Chair), Mr. Anderson, Dr. Gemayel and Mr. Lapointe. Our Board of Directors has determined that each member of the Compensation Committee is independent as defined by NASDAQ rules.

For the fiscal year ending December 31, 2015, our Compensation Committee hired Compensia, an independent compensation consulting firm to assist in formulating its recommendations and to review the base salaries, target bonus percentages and equity compensation (stock option grants) of our named executive officers as compared to equivalent positions in our peer companies and against companies in the Aon Radford Global Life Sciences survey for 2015. The Compensation Committee determined that Compensia is independent and there is no conflict of interest resulting from retaining Compensia for the year ending December 31, 2014. In reaching these conclusions, the Compensation Committee considered the factors set forth in the SEC rules and the NASDAQ listing standards that recently became effective.

Committee may identify other candidates, if necessary, through recommendations from our directors, management, employees, the stockholder nomination process, or outside consultants. The Nominating Committee will review candidates in the same manner regardless of the source of the recommendation. Our Code of Business Conduct and Ethics is posted in the Corporate Governance section of our website or *www.raptorpharma.com*, and is acknowledged by our executive officers and directors on an annual basis. PROPOSAL NO. 2: ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act) and related rules of the SEC, we are including in this proxy statement a proposal to approve, on a non-binding, advisory basis, the compensation of our named executive officers described in the Compensation Discussion and Analysis section of this proxy statement and accompanying compensation tables and narrative discussion. This proposal, commonly known as a Say-on-Pay proposal, gives you as a stockholder the opportunity to express your views on the compensation of our named executive officers through the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including in the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby approved.

Because your vote is advisory, it will not be binding upon the Board of Directors; however, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. As described in detail under the heading Compensation Discussion and Analysis, our executive compensation programs are designed to attract, motivate and retain our executives, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of strategic and financial goals, which are expected to result in increased stockholder value. Unless the Board modifies its determination on the frequency of future say-on-pay advisory votes, the next advisory vote to approve the compensation of our named executive officers will be held at the 2016 annual meeting of stockholders.

Required Vote

The affirmative vote of a majority of the shares present in person or represented by proxy at our annual meeting is required to approve on an advisory basis the compensation of our named executive officers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR PROPOSAL 2 APPROVING, ON A NON-BINDING ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed Grant Thornton LLP (Grant Thornton) to serve as our independent registered public accounting firm for the year ending December 31, 2015. Our Board of Directors recommends the stockholders vote for the ratification of Grant Thornton to serve as our independent registered public accounting firm for the year ending December 31, 2015.

A representative of Grant Thornton is expected to be present at the annual meeting, with the opportunity to make a statement should the representative desire to do so and be available to respond to appropriate questions.

Stockholder ratification of our Audit Committee's selection of Grant Thornton as our independent registered public accounting firm is not required by law, our bylaws or other legal requirement. However, our Board of Directors is submitting our Audit Committee's selection of Grant Thornton as our independent registered public accounting firm for the year ending December 31, 2015 to our stockholders for ratification as a matter of good corporate governance. If our stockholders fail to ratify the selection, our Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change would be in our and our stockholders' best interests.

Required Vote

Ratification of the appointment of Grant Thornton as our independent registered public accounting firm for the year ending December 31, 2015 requires the affirmative vote of a majority of the shares present in person or represented by proxy at our annual meeting at which a quorum is present.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF GRANT THORNTON AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2015.

Changes in Independent Registered Public Accounting Firm

In connection with the matters discussed in Item 5 of Part II of the Company's Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2013, the Audit Committee conducted a competitive process to select a firm to replace Burr Pilger Mayer, Inc. (BPM) and to serve as the Company's independent registered public accounting firm for the year ending December 31, 2013 and to re-audit the four-month transition period ended December 31, 2012. Upon the conclusion of such process, the Audit Committee approved the engagement of Grant Thornton to replace BPM as the Company's independent registered public accounting firm and, on January 22, 2014, the Audit Committee engaged Grant Thornton as the Company's independent registered public accounting firm.

None of BPM's reports on the Company's consolidated financial statements for the four-month transition period ended December 31, 2012 and for the fiscal years ended August 31, 2012 and 2011 or BPM's audit reports on the effectiveness of internal control over financial reporting for such periods contained an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles, except that the reports for each of the foregoing periods include an explanatory paragraph regarding uncertainty about the Company's ability to continue as a going concern. During the four-month transition period ended December 31, 2012 and for the fiscal years ended August 31, 2012 and 2011 and through January 15, 2014, there were no disagreements (as referred to in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) with BPM on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BPM, would have caused it to make reference to the subject matter

of the disagreements in its reports on the Company's consolidated financial statements. During the four-month transition period ended December 31, 2012 and for the fiscal years ended August 31, 2012 and 2011 and through January 15, 2014, there were no reportable events (as referred to in Item 304(a)(1)(v) of Regulation S-K).

At the Company's request, BPM provided a letter addressed to the U.S. Securities and Exchange Commission stating that it agrees with the above disclosures. A copy of BPM's letter, dated January 22, 2014, is attached as Exhibit 16.1 to our Current Report on Form 8-K filed with the Securities and Exchange Commission on January 22, 2014 and is incorporated herein by reference.

During the four-month transition period ended December 31, 2012 and for the fiscal years ended August 31, 2012 and 2011, and through January 22, 2014, neither the Company nor anyone on its behalf had consulted with

Grant Thornton regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements; or (ii) any matter that was the subject of a disagreement (as referred to in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as referred to in Item 304(a)(1)(v) of Regulation S-K).

PROPOSAL NO. 4: APPROVAL OF THE AMENDMENT TO THE RAPTOR PHARMACEUTICAL CORP. 2010 STOCK INCENTIVE PLAN.

In February 2010, our Board of Directors approved, and in March 2010 our stockholders approved, the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan, as subsequently amended and approved by our stockholders in March 2011 and July 2013, the Plan. The Plan was adopted to recognize the contributions made by our employees, independent contractors, consultants, and directors, to provide those individuals with additional incentive to devote themselves to our future success and to improve our ability to attract, retain and motivate individuals upon whom our growth and financial success depends.

The original Plan was filed as Appendix A to the Company's proxy statement for the 2010 annual meeting of stockholders. A link to the 2010 proxy statement is provided here:

<http://www.sec.gov/Archives/edgar/data/1070698/000107069810000006/raptorproxystatement.htm>

The March 2011 amendment to the Plan was filed as Appendix A to the Company's proxy statement for the 2011 annual meeting of stockholders. A link to the 2011 proxy statement is provided here:

<http://www.sec.gov/Archives/edgar/data/1070698/000107069811000016/proxy021111.htm>

The July 2013 amendment to the Plan was filed as Appendix A to the Company's proxy statement for the 2013 annual meeting of stockholders. A link to the 2013 proxy statement is provided here:

http://www.sec.gov/Archives/edgar/data/1070698/000107069813000025/rptp_proxy2013_def14a.htm

In March 2015, our Board of Directors, subject to stockholder approval at this annual meeting, approved an amendment to the Plan, or the 2015 Plan Amendment, to ensure that the Company continues to operate successfully in a competitive marketplace in which its success depends on its ability to attract and retain employees, independent contractors, consultants, directors and other service providers of the highest caliber.

The 2015 Plan Amendment would:

- increase the share reserve available for issuance under the Plan, as described more fully below;
- amend the clawback provision of the Plan to clarify that all awards granted under the Plan are subject to it; and
- impose a one-year minimum vesting requirement on any restricted stock and restricted stock unit awards granted under the Plan, subject to a limited pool of 5% of the shares available for issuance.

The 2015 Plan Amendment is set forth in Appendix A.

2015 Plan Amendment – Share Increase

Through the 2015 Plan Amendment, the Company is proposing to increase the share reserve available for issuance under the Plan by 3,456,620 shares to an aggregate of 15,393,003 shares plus any Shares which are subject to awards under the Employment Commencement Stock Incentive Plan which are forfeited or lapse unexercised and which are not issued under the Employment Commencement Stock Incentive Plan all of which may be used for any form of award under the Plan. The 2015 Plan Amendment maintains the fungible share-counting provision stating that restricted stock and restricted stock unit awards will be counted against the reserve of shares available for issuance under the Plan as 1.35 shares for every one share actually issued and provides that shares purchased on the open market with the cash proceeds from exercise of any stock options shall not increase the number of shares available for

future issuance under the Plan.

If the 2015 Plan Amendment is approved by our stockholders, no new equity grants will be made under the Company's Employment Commencement Stock Incentive Plan following the 2015 annual meeting. Since March 10, 2015, no new equity grants have been made under the Company's Employment Commencement Stock Incentive Plan and no such equity grants will be made prior to the 2015 annual meeting. As of March 10, 2015, 778,895 shares remained available for issuance under the Plan. Additionally, as of March 10, 2015, there were 8,518,487 stock options outstanding under the Plan with a weighted average exercise price of \$7.85 and weighted average remaining term of 7.28 years. For all of the Company's equity compensation plans, as of March 10, 2015, there were 10,003,759 stock options outstanding with a weighted average exercise price of \$8.11 and weighted average remaining term of 7.2 years. In addition, as of March 10, 2015, there were 133 full-value awards (in the form of restricted share units) outstanding under the Company's equity compensation plans. Other than the foregoing, no other awards under the

18

TABLE OF CONTENTS

Company's equity compensation plans were outstanding as of March 10, 2015. For a complete statement of the terms and provisions of the 2015 Plan Amendment, reference should be made to Appendix A.

In its determination to approve the 2015 Plan Amendment, our Board of Directors reviewed an analysis of certain burn rate, dilution and overhang metrics, and the costs of the 2015 Plan Amendment. Specifically, our Board of Directors considered that:

- During the calendar years ended December 31, 2014, 2013 and 2012, we granted equity awards representing a total of: 3,356,946; 1,187,500; and 2,337,834 shares under the Plan, respectively. This level of equity awards represents a three-year average gross burn rate of 4.0% of the weighted average shares of common stock outstanding.
- If we do not increase the shares available for issuance under our equity plans, then based on historical usage rates of shares under our equity plans, we would be unable to make our company-wide annual equity grants during the first quarter of 2016 and would lose an important compensation tool aligned with stockholder interests to attract, motivate and retain highly qualified talent.

In the calendar years ended December 31, 2014, 2013 and 2012, our year-end overhang rate, calculated by dividing (i) the number of shares subject to equity awards outstanding at the end of the fiscal year plus the number of shares remaining available for issuance under our Plan by (ii) the number of our shares outstanding at the end of the fiscal year, was 15.7%, 19.6%, and 18.6%, respectively. If approved, the issuance of the additional shares to be reserved under the Plan would dilute the holdings of shareholders by an additional 4.2% on a fully diluted basis, based on the number of shares of our common stock outstanding as of March 10, 2015.

Summary of the Plan as Modified by the Proposed 2015 Plan Amendment

The summary below describes the Plan as modified by the 2015 Plan Amendment. This summary is not intended to be complete and reference should be made to Appendix A of the Company's proxy statement on Schedule 14A filed with the SEC on February 5, 2010, Appendix A to the Company's proxy statement on Schedule 14A filed with the SEC on February 2, 2011, Appendix A to the Company's proxy statement on Schedule 14A filed with the SEC on June 7, 2013 and Appendix A of this proxy statement for a complete statement of the terms and provisions of the Plan, as modified by the 2015 Plan Amendment. Capitalized terms used in these summaries and not otherwise defined will have the meanings ascribed to such terms in the Plan.

Purpose. The purpose of the Plan is (i) to enhance the Company's ability to attract highly qualified personnel; (ii) to strengthen its retention capabilities; (iii) to enhance the long-term performance and competitiveness of the Company; and (iv) to align the interests of Plan participants with those of the Company's stockholders.

Shares Subject to the Plan. As of March 10, 2015, the Plan provides for an aggregate availability of 11,936,383 shares. The 2015 Plan Amendment would increase the number of shares available for issuance under the Plan by 3,456,620 shares to an aggregate of 15,393,003 shares plus any Shares which are subject to awards under the Employment Commencement Stock Incentive Plan which are forfeited or lapse unexercised and which are not issued under the Company's Employment Commencement Stock Incentive Plan all of which may be used for any form of award under the Plan; provided, however that such aggregate number of shares available for issuance under the Plan shall be reduced by 1.35 shares for each share delivered in settlement of any restricted share or restricted share unit. The currently available shares and the newly proposed shares shall be authorized but unissued shares, or shares that the Company has reacquired or otherwise holds in treasury or in a trust. The number of shares available for Awards and the terms of outstanding Awards are subject to adjustment as provided in the Plan for share splits, share dividends, recapitalizations and other similar events. Shares of common stock that are subject to any Award that expires, or is forfeited, cancelled or becomes exercisable will again be available for subsequent Awards, except as prohibited by law. To the extent that a restricted share or restricted share unit expires, or is forfeited or cancelled or

such Award is settled for cash (in whole or in part), as applicable, the shares available under the Plan shall be increased by 1.35 shares subject to such restricted share or restricted share unit that is forfeited, expired or settled in cash, as applicable. On the other hand, shares that a participant owns and tenders in payment of all or part of the exercise price of an Award or in satisfaction of applicable withholding taxes or shares purchased on the open market with the cash proceeds from the exercise of stock options shall not increase the number of shares available for future issuance under the Plan.

Administration. Either the Board of Directors or a committee appointed thereby will administer the Plan. The Board of Directors or any committee exercising discretion under the Plan from time to time is referred to as the

TABLE OF CONTENTS

Committee. If the Committee is other than the Board, the Board of Directors may at any time appoint additional members to the Committee, remove and replace members of the Committee with or without cause, and fill vacancies on the Committee. With respect to decisions involving persons who are reporting persons pursuant to Rule 16b-3 of the Exchange Act, the Committee is to consist of two or more directors who are disinterested within the meaning of Rule 16b-3. With respect to decisions involving an Award intended to satisfy the requirements of Section 162(m) of the Code, the Committee is to consist of two or more directors who are outside directors for purposes of that Code section. The Committee may delegate administrative functions to individuals who are reporting persons for purposes of Rule 16b-3 of the Exchange Act, officers or employees of the Company or its affiliates. To the extent permitted by law, the Committee may authorize one or more persons who are reporting persons for purposes of Rule 16b-3 under the Exchange Act (or other officers) to make Awards to Eligible Persons who are not reporting persons for purposes of Rule 16b-3 under the Exchange Act (or other officers whom the Company has specifically authorized to make Awards).

Subject to the terms of the Plan, the Committee has express authority to determine the Eligible Persons who will receive Awards, the number of shares of common stock or units to be covered by each Award, and the terms and conditions of Awards. The Committee has broad discretion to prescribe, amend, and rescind rules relating to the Plan and its administration, to interpret and construe the Plan and the terms of all Award agreements, and to take all actions necessary or advisable to administer the Plan. Within the limits of the Plan, the Committee may accelerate the vesting of any Award and may modify, replace, cancel or renew them, subject to stockholder approval to the extent required by Plan terms.

The Plan provides that the Company and its affiliates will, to the extent permitted by law, indemnify members of the Board of Directors or the Committee and their delegates against any claims, liabilities or costs arising from the good faith performance of their duties under the Plan. The Plan releases these individuals from liability for good faith actions associated with the Plan's administration.

Eligibility. The Committee may grant options that are intended to qualify as incentive share options, or ISOs, only to Employees, and may grant all other Awards to Eligible Persons. The Plan and the discussion below use the term Participant to refer to an Eligible Person who has received an Award. The Plan provides that no Participant may receive options that relate to more than 500,000 shares per fiscal year. As of March 10, 2015, substantially all of the 133 employees (including officers) of the Company and its affiliates and all of the Company's non-employee directors would have been eligible to participate in the Plan.

Options. Options granted under the Plan provide Participants with the right to purchase shares of common stock at a predetermined exercise price. The Committee may grant options that are intended to qualify as ISOs or options that are not intended to so qualify, or Non-ISOs. The Plan also provides that ISO treatment may not be available for options that become first exercisable in any calendar year to the extent the value of the underlying shares that are the subject of the option exceeds \$100,000 (based upon the fair market value of the shares of common stock on the option grant date).

Exercise Price for Options. The exercise price of ISOs and Non-ISOs may not be less than 100% of the fair market value on the grant date of the shares of common stock subject to the Award (110% of fair market value for ISOs granted to Employees who, at the time of grant, own more than 10% of the Company's outstanding shares of common stock). As of March 10, 2015, the closing price per share of the Company's common stock on the NASDAQ Capital Market was \$11.49 per share.

Exercise of Options. To the extent exercisable in accordance with the agreement granting them, an option may be exercised in whole or in part, and from time to time during its term, subject to the times, circumstances, and conditions for exercise contained in the applicable agreement. With respect to options, the Committee has the

discretion to accept payment of the exercise price in the form or combination of cash or check in U.S. dollars. The Committee also has the discretion to accept any other method of payment the Committee decides is acceptable. The term over which Participants may exercise options may not exceed ten years from the date of grant (five years in the case of ISOs granted to Employees who, at the time of grant, own more than 10% of the Company's outstanding shares of common stock).

Subject to the terms of the agreement evidencing an option grant, to the extent vested, the option may be exercised during the 18-month period after the optionee retires, during the 18-month period after the optionee's termination of service due to death or permanent disability, during the 90-day period after the optionee's termination of service for reasons other than Cause, Retirement, Disability or Death (but in no case later than the termination date

TABLE OF CONTENTS

of the option). The agreements evidencing the grant of an option may, in the discretion of the Committee, set forth additional or different terms and conditions applicable to such option upon a termination or change in status of the employment or service of the option holder. Options may not be exercised after a termination for Cause, as defined in the Plan.

Restricted Shares and Restricted Units. Under the Plan, the Committee may grant restricted shares that are forfeitable until certain vesting requirements are met and may grant restricted share units which represent the right to receive shares of common stock after certain vesting requirements are met. For restricted Awards, the Plan provides the Committee with discretion to determine the terms and conditions under which a Participant's interest in such Awards becomes vested. Notwithstanding any other provision of the Plan to the contrary, restricted stock and restricted stock unit awards granted under the Plan shall not vest earlier than the date that is one year following the date the award is made; provided, however, that, notwithstanding the foregoing, (a) the Committee may provide that such vesting restrictions may lapse or be waived upon the holder's death, disability or a Change in Control (as defined in the Plan), and (b) awards that result in the issuance of an aggregate of up to 5% of the shares available for issuance under the Plan may be granted without respect to such minimum vesting provisions.

Cash dividends generally will be paid to restricted stockholders once their shares vest. Other adjustments normally will not be made to Awards on account of cash dividends.

Recoupment of Awards. To the extent permitted by Applicable Law, the Committee may in its sole and absolute discretion, without obtaining the approval or consent of the Company's stockholders or of any Participant, require that a Participant reimburse the Company for all or any portion of any Awards granted under the Plan or may require the termination or rescission of, or the recapture associated with any Award, if and to the extent (i) the granting, vesting or payment of the Award was predicated on the achievement of certain financial results that were subsequently the subject of a material financial restatement, (ii) the Participant either benefited from a calculation that later proves to be materially inaccurate or the Participant engaged in fraud or misconduct that caused the need for a material financial restatement by the Company, and (iii) a lower granting, vesting, or payment of such Award would have occurred based upon the conduct described in clause (ii) above.

Income Tax Withholding. As a condition for the issuance of shares pursuant to Awards, the Plan requires satisfaction of any applicable federal, state, local, or foreign withholding tax obligations that may arise in connection with the award or the issuance of shares.

Federal Income Tax Consequences. With respect to nonqualified stock options, the Company is generally entitled to deduct and the optionee recognizes taxable income in an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise. A Participant receiving ISOs will not recognize taxable income upon grant. Additionally, if applicable holding period requirements are met (e.g., the stock acquired upon exercise of an ISO is held for a minimum of two years from the date of grant and one year from the date of exercise), the Participant will not recognize taxable income at the time of exercise of the ISO. However, the excess of the fair market value of the common stock received over the exercise price is an item of tax preference income potentially subject to the alternative minimum tax. The gain or loss (in an amount equal to the difference between the fair market value on the date of sale and the exercise price) upon disposition of such stock will be treated as a long-term capital gain or loss, and the Company will not be entitled to any deduction. If the holding period requirements described above are not met, the ISO will be treated as one which does not meet the requirements of the Code for ISOs and the tax consequences described for nonqualified stock options will apply, although the amount of income recognized by the participant will be the (i) the excess of the fair market value of the shares at the time of exercise over the exercise price, or (ii) the excess of the amount realized on the disposition over the exercise price.

The current federal income tax consequences of other awards authorized under the Plan generally follow certain basic patterns: nontransferable restricted stock subject to a substantial risk of forfeiture and restricted stock units will result in income recognition equal to the excess of the fair market value over the price paid, if any, only at the time the restrictions applicable to such awards lapse (unless, with respect to an award of restricted stock, the recipient elects to accelerate recognition as of the date of grant). In each of the foregoing cases, the Company will generally have a corresponding deduction at the time the participant recognizes income, subject to Section 162(m) of the Code with respect to covered employees.

Transferability. Awards may not be sold, pledged, assigned, hypothecated, transferred or disposed of other than by will or the laws of descent and distribution, except to the extent the Committee permits lifetime transfers in the form of Non-ISOs or restricted shares to charitable institutions, certain family members or related trusts or otherwise.

TABLE OF CONTENTS

Certain Corporate Transactions. The Committee shall equitably adjust the number of shares covered by each outstanding Award, and the number of shares that have been authorized for issuance under the Plan but as to which no Awards have yet been granted or that have been returned to the Plan upon cancellation, forfeiture or expiration of an Award, and the manner in which shares subject to restricted shares or restricted share units will be counted, as well as the price per share covered by each such outstanding Award, to reflect any increase or decrease in the number of issued shares resulting from a share split, reverse share split, share dividend, combination, recapitalization or reclassification of the shares, merger, consolidation, change in the form of organization, or any other increase or decrease in the number of issued shares effected without receipt of consideration by the Company. In the event of any such transaction or event, the Committee may provide in substitution for any or all outstanding Awards under the Plan such alternative consideration (including securities of any surviving entity) as it may in good faith determine to be equitable under the circumstances and may require in connection therewith the surrender of all Awards so replaced. In any case, such substitution of securities will not require the consent of any person who is granted Awards pursuant to the Plan. Except as expressly provided in the Plan, or in an Award Agreement, if the Company issues for consideration shares of stock of any class or securities convertible into shares of stock of any class, the issuance shall not affect, and no adjustment by reason thereof shall be required to be made with respect to, the number or price of shares subject to any Award.

In the event of a Change in Control (as defined in the Plan), the Plan currently provides that the Committee may at any time in its sole and absolute discretion and authority, without obtaining the approval or consent of the Company's stockholders or any Participant with respect to his or her outstanding Awards (except to the extent an Award provides otherwise), take one or more of the following actions: (i) arrange for or otherwise provide that each outstanding Award will be assumed or substituted with a substantially equivalent award by a successor corporation or a parent or subsidiary of such successor corporation; (ii) accelerate the vesting of Awards so that Awards shall vest (and, to the extent applicable, become exercisable) as to the shares that otherwise would have been unvested and provide that repurchase rights of the Company with respect to shares issued pursuant to an Award shall lapse as to the shares subject to such repurchase; (iii) arrange or otherwise provide for payment of cash or other consideration to Participants in exchange for the satisfaction and cancellation of outstanding Awards; or (iv) terminate all or some Awards upon the consummation of the transaction, provided that the Committee may in its sole discretion provide for vesting of all or some outstanding Awards in full as of a date immediately prior to consummation of the Change in Control. To the extent that an Award is not exercised prior to consummation of a transaction in which the Award is not being assumed or substituted, such Award shall terminate upon such consummation. The Committee may also make such other modifications, adjustments or amendments to outstanding Awards or to the Plan as the Committee deems necessary or appropriate, subject to the terms of the Plan.

In addition, the Plan provides that in the event of a Change in Control, each Award that was outstanding and unvested immediately prior to such Change in Control would immediately vest (and to the extent applicable, become exercisable) as to 50% of the shares that otherwise would have been unvested. In addition to this vesting, the Committee would retain the discretion described above.

The Plan currently defines a Change in Control as any of the following: (i) any person or entity becomes a beneficial owner, directly to indirectly, of securities representing 50% or more of the combined voting power of the Company's outstanding securities, (ii) the Company consummates a merger or consolidation of the Company unless (x) the voting securities of the Company outstanding immediately before such transaction would continue to represent at least 50% of the combined voting power of the voting securities of the Company or the surviving entity in such transaction, and (y) the event under clause (i) above has not occurred, (iii) the sale of all or substantially all of the Company's assets, or (iv) the stockholders of the Company approve a plan for liquidation or dissolution of the Company, not including for any of these purposes any transaction whereby the record holders of the Company's common stock immediately prior to such transaction continue to have substantially the same proportionate ownership in the entity which owns all or substantially all of the assets of the Company immediately following such transaction.

Finally, if the Company dissolves or liquidates other than as a part of a Change in Control, all Awards will terminate immediately prior to such dissolution or liquidation.

Term of the 2010 Plan; Amendments or Termination. The term of the Plan is 10 years from February 2, 2010, the date it was approved by our Board of Directors. The Board of Directors may from time to time, amend, alter, suspend, discontinue or terminate the Plan; provided that no amendment, suspension or termination of the Plan shall materially and adversely affect Awards already granted (with such an affect being presumed to arise from a modification that would trigger a violation of Section 409A of the Code) unless (i) it relates to an adjustment pursuant

to certain transactions that change the Company's capitalization, (ii) it is otherwise mutually agreed between the Participant and the Committee, or (iii) the Committee determines in good faith, before a Change in Control, that the modification is not materially adverse to the Participant. However, no change shall be made that increases the total number of Shares reserved for issuance pursuant to Awards (except pursuant to a Change in Capitalization or a Change in Control) unless such change is authorized by the stockholders of the Company. Furthermore, neither the Company nor the Committee shall, without stockholder approval, allow for a repricing within the meaning of the federal securities laws applicable to proxy statement disclosures or provide for the cancellation of an outstanding option whose exercise price is greater than fair market value at the time of cancellation for the purpose of reissuing the option to the Participant at a lower exercise price or granting a replacement Award of a different type or in exchange for cash.

New Plan Benefits. The Committee will grant Awards under the Plan at its discretion. Consequently, it is not possible to determine at this time the amount or dollar value of Awards to be provided under the Plan in the future, other than to note that the Committee has not granted Awards that are contingent upon the approval of the 2015 Plan Amendment as of the date hereof.

Historical Grants Table. The following table provides information with respect to cumulative awards granted under the Plan to our Named Executive Officers, executive officers, directors and employees as of March 10, 2015. As stated above, it is not possible to determine the amounts of awards that will be granted in the future to participants under the Plan.

Approval of the 2015 Plan Amendments

If the 2015 Plan Amendment is approved by the stockholders, our Board of Directors intends to cause the additional shares of common stock that will become available for issuance to be registered on a Form S-8 Registration Statement to be filed with the SEC at the Company's expense. The issuances under the increased share reserve will result in further dilution of the Company's shares. If the 2015 Plan Amendment is not approved by the stockholders at this annual meeting, the Plan will remain in effect; however, only 778,895 shares remained available for grant as of March 10, 2015.

Required Vote

Approval of the 2015 Plan Amendment requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the annual meeting at which a quorum is present.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE 2015 PLAN AMENDMENT TO THE RAPTOR PHARMACEUTICAL CORP. 2010 STOCK INCENTIVE PLAN.

NAMED EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis section discusses our executive compensation policies and programs and the compensation decisions made in 2014 for our named executive officers who are generally defined under the SEC's proxy rules as each chief executive officer serving during the applicable fiscal year, each chief financial officer serving during the applicable fiscal year and the other three most highly compensated employees who were serving as executive officers at year-end. Our named executive officers are listed below. The titles set forth below reflect each executive officer's current position and positions held during 2014.

- Christopher M. Starr, Ph.D., our director, former Chief Executive Officer;
- Julie Anne Smith, our President, Chief Executive Officer and director, former CEO Designate and former Executive Vice President, Strategy and Chief Operating Officer;
- Ted Daley, our Chief Business Officer;
- David Happel, our Chief Commercial Officer;
- Frank Lanza, our Executive Director, Corporate Controller, former interim Principal Financial and Accounting Officer; and
- Georgia Erbez, our former Vice President, Chief Financial Officer.

On July 7, 2014 Ms. Smith, was promoted to President and CEO Designate and effective January 1, 2015, she succeeded Dr. Starr as Chief Executive Officer. Ms. Erbez, our former Vice President, Chief Financial Officer separated from the Company effective November 5, 2014. At that time, the Company appointed Frank Lanza, the Company's Executive Director – Controller, to serve as interim Principal Financial and Accounting Officer. Mr. Lanza ceased serving as interim Principal Financial and Accounting Officer in January 2015, following the appointment of Michael Smith, as the Company's new Chief Financial Officer.

The Compensation Committee has overall responsibility for the compensation program for our executive officers. The Compensation Committee reviews, adopts and oversees our compensation strategy, policies, plans and programs, including:

- (i) the review, development and recommendation to the Board of Directors for approval of corporate and individual annual performance goals and the evaluation of performance relevant to the compensation of our Chief Executive Officer, the other executive officers and other senior management;
- (ii) the review, development and recommendation to the Board of Directors for approval of the terms of employment or service, including severance and change in control arrangements, of our Chief Executive Officer and the other executive officers;
- (iii) the review, development and recommendation to the Board of Directors for approval of the compensation plans and programs advisable for the Company, including the type and amount of compensation to be paid or awarded to non-employee directors; and
- (iv) the administration of our equity compensation plans, 401(k) savings plan and other similar plans and programs.

In evaluating executive officer pay, the Compensation Committee retains the services of an independent compensation consultant and/or compensation research firms. It also considers recommendations from our Chief Executive Officer and persons serving in managerial positions over a particular executive officer with respect to goals and compensation of executive officers. Our Compensation Committee assesses the information it receives in accordance with its business judgment. Our Chief Executive Officer is not present for the discussion of and approval of his/her compensation at the Compensation Committee or Board of Directors meetings.

We choose to pay the various elements of compensation discussed in order to attract, retain and motivate our high quality executive talent, reward annual performance and provide incentive for the achievement of short-term, intermediate-term and long-term strategic goals.

TABLE OF CONTENTS

The Compensation Committee's objectives are to:

- provide a total executive compensation program that is competitive with other companies in the pharmaceutical and biotechnology industries with which we compete for executive talent;
- place a significant portion of executive compensation at risk by linking cash incentive compensation to the achievement of pre-established corporate financial performance objectives and other key corporate objectives within the executive's area of responsibility, and by using equity incentives as a key component of our executive compensation program;
- provide long-term incentive equity compensation that focuses executives' efforts on building stockholder value by aligning their interests with those of our stockholders; and
- promote stability, retention and motivation in our senior management team.

Our allocation between currently paid cash compensation and longer term equity compensation is intended to balance the requirement for adequate base compensation to attract, retain and motivate highly skilled personnel, while providing equity incentives to maximize long-term value for our stockholders and thus for our employees. We provide cash compensation in the form of base salary and annual, incentive cash bonuses to reward performance against pre-set written goals and objectives. We provide non-cash equity compensation to reward performance against current, intermediate and long-term strategic goals and provide a basis for improved financial security for the employee if our stockholders and the Company has financial success.

The Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast a non-binding advisory vote on the compensation of our named executive officers and on the frequency with which this vote should be conducted in future years. In July 2014, at our annual meeting of stockholders, based upon total shares voted, our stockholders approved our named executive officers' compensation with a 67.5% affirmative vote. Although the stockholder vote is non-binding, the Compensation Committee and the Board of Directors have considered the outcome of the vote when making future compensation decisions for named executive officers. In addition, we will conduct future stockholder advisory votes on the compensation of our named executive officers once every year, until the next required stockholder advisory vote on the frequency of future stockholder advisory votes on the compensation of our named executive officers, which we will conduct at our 2017 Annual Meeting of Stockholders.

Approach for Determining Form and Amount of Compensation

Use of External Compensation Consultant

The Compensation Committee works with an external, independent compensation consultant to assist the Compensation Committee in its duties, including providing advice regarding market trends relating to the form and amount of compensation. Compensia, Inc. (Compensia) was engaged for 2014 as the compensation consultant for the Compensation Committee. The Compensation Committee has taken great care to ensure that the advice provided by its external compensation consultant is objective and unbiased. Compensia performs no work for us other than its work providing executive, employee and director compensation consulting services to the Compensation Committee and reports directly to the Compensation Committee through its chairperson. In addition, on an annual basis, Compensia provides a certification to the Compensation Committee regarding its independence in the provision of services. The Compensation Committee has assessed the independence of Compensia and concluded that no conflict of interest exists that would prevent Compensia from providing independent and objective advice to the Compensation Committee. Compensia provides the Compensation Committee with third-party data and analyses, advice and expertise on competitive practices and trends and executive compensation plan design. During 2014, Compensia provided the Compensation Committee with:

Edgar Filing: Raptor Pharmaceutical Corp - Form DEF 14A

- recommendations as to peer group companies and a comprehensive review of qualified peer candidates and those selected peer group companies;
- a detail review of market survey and peer group data; and
- advice regarding market levels and trends relating to the form and amount of compensation.

TABLE OF CONTENTS*Comparison to Market Practices*

The Compensation Committee annually compares the levels and elements of compensation that we provide to our executive officers with the levels and elements of compensation provided to their counterparts in the biotechnology, specialty pharma and pharmaceutical industries as a guideline in its review and determination of base salaries, annual performance incentive awards and long-term equity incentive compensation.

The levels and elements of total compensation that we provide are compared to data that includes, where available for a particular executive role, compensation information for all of the companies in our peer group as well as industry-specific published survey data from Aon Radford Global Life Sciences survey, a well-established blinded industry compensation survey. The survey data and the peer group data are complementary to one another. The survey data provides supplementary compensation data where sufficient peer group data is not available for a particular executive position.

In determining peer companies, the Compensation Committee, looks at similar companies within the biotechnology, pharmaceuticals industry with revenues between \$10 million - \$180 million; a market capitalization between \$175 million to \$3 billion and having a Phase III or commercial (marketed) product, and/or strategic alignment with our orphan product development strategy. The peer group approved in November 2013 consisted of the following companies:

Aegerion Pharmaceuticals	Hyperion Therapeutics	Portola Pharmaceuticals
Arena Pharmaceuticals	Intercept Pharma	Sarepta Therapeutics
Avanir Pharmaceuticals	InterMune	Synageva BioPharma
Curis	Ironwood Pharmaceuticals	VIVUS
Depomed	Keryx Biopharmaceuticals	
Dyax	KYTHERA Biopharmaceuticals	
Exelixis	Momenta Pharmaceuticals	
Halozyme Therapeutics	Pacira Pharmaceuticals	

These peer companies were generally appropriate from a strategic/stage of development and market capitalization perspective. At the time of the peer review in December 2013, our market capitalization was below the median of the peer group market capitalization (60 day average market capitalization as of December 10, 2013).

During 2013, none of our executive officers received any equity grants due to the change in the Company's fiscal year. Hence, the February 2014 management option awards were 1.33 times the annual grant amount, reflecting a 16 month period. For 2014, Dr. Starr's target total direct annualized compensation, which reflected an annualized option grant value, fell below the 50th percentile of the market, with target total cash compensation falling close to the 25th percentile of the market.

In November 2014, on the recommendation of Compensia, the Compensation Committee revised our peer group to remove companies that were no longer appropriate based on the above defined criteria (Intercept Pharma, InterMune, Pacira, Curis, Keryx Biopharmaceuticals, KYTHERA Biopharma and Synageva Biopharma) and add others that were more appropriate. The peer group approved in November 2014 consisted of the following companies:

Aegerion Pharmaceuticals	Dyax	PTC Therapeutics
AMAG Pharmaceuticals	Exelixis	Sarepta Therapeutics
Amicus Therapeutics	Halozyme Therapeutics	Sucampo Pharmaceuticals

Edgar Filing: Raptor Pharmaceutical Corp - Form DEF 14A

Arena Pharmaceuticals	Hyperion Therapeutics	Vanda Pharmaceuticals
Avanir Pharmaceuticals	Ironwood Pharmaceuticals	VIVUS
Bluebird bio	Momenta Pharmaceuticals	XenoPort
Depomed	Portola Pharmaceuticals	

These peer companies were generally appropriate from a strategic/stage of development and market capitalization perspective. At the time of the peer review in November 2014, our revenue for the last four quarters was above the median and our market capitalization (based on the 30 day average market capitalization as of November 13, 2014) was between the 25th percentile and the median of this peer group market capitalization.

In January 2015, Compensia reviewed each then current executive officer's 2014 compensation as compared to proxy data from this peer group, where available, and a blend of proxy data and survey data for those executives

TABLE OF CONTENTS

without a peer match or with a relatively small peer group match. Compensia found that total target cash compensation fell at the peer 25th percentile for Ms. Smith and fell near the 50th percentile for Messrs. Daley and Happel. Compensia's analysis also noted that unvested equity retention was generally low due to 2014 stock option compensation which was granted with exercise prices at relatively high prices (compared to current levels) and the addition of new executive officers with short histories with the Company.

The Role of Our Chief Executive Officer

While the Compensation Committee has overall responsibility for establishing the elements, level and administration of our executive compensation programs, our Chief Executive Officer routinely participates in this process, as does the Compensation Committee's external, independent compensation consultant. Our Chief Executive Officer conducts in-depth performance reviews of each of the other executive officers and provides a summary of this review to the Compensation Committee. Our Chief Executive Officer also makes recommendations to the Compensation Committee regarding adjustments to these executives' base salaries, target bonus opportunities and equity awards, as required and based on their performance and market considerations. Our Chief Executive Officer's recommendations are one of several important factors considered by the Compensation Committee in making its determinations regarding our executive compensation programs. The Chief Executive Officer also provides a self-assessment to the Compensation Committee and full Board of Directors for their consideration. However, the Chief Executive Officer is not present in the review or approval of his or her compensation at the Compensation Committee or Board of Directors meetings.

Elements of Compensation

Elements of compensation for our executives generally include:

- base salary (typically subject to review and potential adjustment annually based on inflation factors, industry competitive salary levels, our ability to pay, and performance on corporate and individual goals);
- annual performance bonuses which are paid in cash and are based primarily on performance against pre-set written goals;
- equity compensation (which through 2014 was implemented using stock option awards with multiple year vesting terms and ten year expiration periods);
- 401(k) plan Company matching contributions;
- health, disability and life insurance; and
- severance and change in control provisions primarily delineated in individual employment contracts or employee offer letters and Company policies.

In 2015 the Compensation Committee recommended, and the Board of Directors approved that restricted stock units be included as part of Raptor's equity compensation design for all employees to be more competitive in the market, to provide additional retention incentive and to provide employees a greater value stake in the Company.

Base Salary

At hire, base salaries are set for our executives based on the scope of each executive's responsibilities, as well as their qualifications, breadth of experience, performance record in similar situations, depth and breadth of appropriate functional expertise and close match with position requirements. Competitive market compensation paid by similar companies in our industry for individuals with similar responsibilities is a fundamental consideration.

Shortly after the end of each fiscal year, the Compensation Committee conducts an annual review of base salaries and the overall compensation package as a basis for any adjustments. Annual adjustments, if any, are typically made effective retroactive to the first day of the new fiscal year. The basis for salary adjustments may include merit

increases in the competitive marketplace, adjustments to move individuals toward our target penetration in the competitive salary range for similar positions, increased duties and responsibilities, and sustained superior performance against goals and in special assignments. Adjustments may be made during the fiscal year for promotions, for highly urgent competitive reasons, for sustained superior performance in new or special challenges or circumstances, and similar reasons (mid-year adjustments generally require unusual or exceptional circumstances).

In February 2014, the Compensation Committee recommended and the Board of Directors approved 15% base salary increases for Dr. Starr and Ms. Smith given their strong performance during 2013 and, in the case of Dr. Starr,

TABLE OF CONTENTS

to bring his pay closer to the market median. The Board approved 5% base salary increases for Ms. Erbez and Mr. Daley in light of the Company's strong performance during 2013 and to provide a competitive merit/cost of living adjustment. Mr. Lanza also received a merit and promotional increase of 13.9% effective January 1, 2014. The 2014 base salary increases for the named executive officers were as follows:

Name	Percentage Increase		Effective January 1, 2014 Annual Base Salary	
Christopher M. Starr, Ph.D.	15.0	%	\$	471,500
Julie Anne Smith	15.0	%	\$	402,500
Georgia Erbez	5.0	%	\$	346,500
Ted Daley	5.0	%	\$	306,600
Frank Lanza	13.9	%	\$	205,000

Effective July 7, 2014, the Compensation Committee approved increasing Ms. Smith's base salary to \$450,000 in connection with her promotion to President and CEO Designate. The Compensation Committee also approved that effective January 1, 2015, Ms. Smith's base salary would be increased to \$550,000 in connection with her appointment as Chief Executive Officer.

In October 2014, the Compensation Committee approved Mr. Happel's initial base salary, which was negotiated at \$375,000 in connection with his commencement of employment.

Annual Incentive Cash Bonus

All of our executive officers are eligible for annual cash incentive bonuses pursuant to their employment agreements, as amended from time to time.

Our Compensation Committee has implemented an annual performance program. Annual performance goals are determined and documented in writing at the beginning of each fiscal year for the Company as a whole (corporate goals) and for each executive (individual goals). The Compensation Committee reviews the proposed goals and recommends approval to the Board of Directors. Should there be a meaningful change in our situation, environment, or operating strategy, goals may be modified or new, more appropriate goals may be instituted upon the recommendation of our Compensation Committee and approval by our Board of Directors. For fiscal year 2014, the cash incentive program covered the 12 month period from January 1, 2014 through December 31, 2014.

Performance against our corporate goals and the executive's individual goals is considered by our Compensation Committee in evaluating performance and as a significant contributing factor in determining all aspects of the compensation of our executives. Performance against goals is the primary factor in determining annual cash incentive bonuses. Our Chief Executive Officer's cash incentive payout is based exclusively to the achievement of corporate goals.

Goals are weighted in importance and are time-bound. When taken as a whole, goals are intended to be challenging goals which will have a meaningful impact on stockholder value, either immediately or as preparatory steps required for future achievements.

The achievement scores are designed to be measurable and quantifiable. After evaluation of performance, achievement scores may be awarded which recognize partial performance of a goal or recognize additional score points for exceptional performance due to unanticipated challenges or superior performance.

Each organizational level in the Company has a target percentage of the annual base salary for annual cash incentive bonus awards. Each executive officer's bonus award and the company-wide bonus pool are approved at the sole discretion of our Board of Directors, include subjective assessments of performance, and can be modified based on multiple factors including our available financial resources, our overall performance and others. Bonuses are pro-rated for the time of service within the year. An employee must still be in active service at the time our Board of Directors approves the bonus in order to be eligible to be paid an annual incentive bonus.

Awards can vary to up to 125% of the target percentage based on assessment of achievement above the targeted levels, of meaningful additional goals or sustained superior performance in the conduct of duties and responsibilities in the employee's position.

TABLE OF CONTENTS

The annual target bonus percentages for our named executive officers effective January 1, 2014 were as follows: Dr. Starr 50% of his annual base salary; Ms. Smith and Ms. Erbez, 40% each; Mr. Daley 35%; and Mr. Lanza 25%. Mr. Happel's target bonus was also set at 40% of his base salary in connection with his commencement of employment in October 2014. These target bonus percentages were established after a review of market data including our peer companies. Ms. Smith's target bonus was increased to 50% of her base salary effective July 7, 2014 in connection with her promotion to President and CEO Designate and was prorated for the period beginning on July 4, 2014 through December 31, 2014. The Compensation Committee also approved increasing her target bonus to 60% of her base salary effective January 1, 2015 following her promotion to Chief Executive Officer.

Corporate Goals

Our corporate goals for the period January 1, 2014 through December 31, 2014 were grouped into our major activities with the weighting shown below:

- 1) Achieve net sales revenue of \$61M (weighted 20%, achieved 110%);
- 2) Meet or exceed EBITDA of (\$35.3M) (weighted 20%, achieved 105%);
- 3) Finish year with at least \$120M in cash (weighted 20%, achieved 105%);
- 4) Submit supplemental new drug application (or equivalent filing) for Huntington's Disease to FDA (weighted 20%, achieved 0%); and
- 5) Goal related to PROCYSBI in the Cystinosis 07 study (weighted 20%, achieved 50%).

The Company achieved the net revenue, EBITDA and cash goals, as shown above. The supplemental new drug submission goal was not achieved and the goal related to the Cystinosis 07 study was partially achieved. The combined achievement of the weighted goals resulted in an overall corporate goal achievement of 74%.

Individual Goals

Our Chief Executive Officer's performance and any incentive payout is based directly on the achievement of corporate goals. Individual (personal) goals are proposed by each other executive officer and reviewed by our Chief Executive Officer. After review and modification, if necessary, by our Compensation Committee, the goals are recommended to and approved by our Board of Directors.

For the period beginning January 1, 2014 through December 31, 2014, a significant percentage of each executive officer's individual goals was directly based on the achievement of our corporate goals. The remaining percentage was based on achievement of individual goals within the executive's areas of responsibility.

As discussed above, Dr. Starr's individual goals consisted of 100% of the corporate goals. Ms. Smith's individual goals included initiating and completing key objectives in the qualification of additional manufacturing capacity, completing a comprehensive corporate strategy plan, ensuring continuous product supply to satisfy demand, expanding manufacturing operations, achieving the net revenue target of \$61 million and launching our PROCYSBI™ drug in Europe. Ms. Erbez's individual goals included meeting or exceeding our EBITDA goal for the 2014 calendar year in addition to achievement of metrics related to financial management measurement systems, financial projections and needs, internal financial reporting, valuation analyses, internal controls, spending controls, audits, investors and financings. Mr. Daley's individual goals included portfolio diversification, securing a license for certain intellectual property from the National Institute of Health, securing non-dilutive funding for a clinical program, and certain goals related to our development status for the drug Convivia®. Since Mr. Happel was hired in the fourth quarter of 2014, he did not have defined individual goals for 2014 and his individual performance was assessed on a subjective review. Mr. Lanza's individual goals included improving and automating the inventory module, the purchase order system and the budget process and financing through the At-the-Market common stock sales program. Corporate and individual goals were weighted based upon importance to and impact on Raptor.

Fiscal Year 2014 Goal Achievements for our Executive Officers

Dr. Starr, who continued to serve as our Chief Executive Officer during the full fiscal year 2014 and continues to provide consulting services to the Company in addition to his continued service as a director, was eligible to receive an incentive bonus for fiscal year 2014 based on the Company's actual achievement of the corporate goals under the terms of his transition and separation agreement. Dr. Starr's annual target incentive bonus was equal to 50%

TABLE OF CONTENTS

of his base salary (the base salary target percentage). Based on the corporate achievement score of 74%, the Compensation Committee recommended, and the Board approved, an annual incentive bonus for Dr. Starr of \$174,455.

Ms. Smith's annual target incentive bonus was equal to 40% of her base salary (the base salary target percentage) through July 7, 2014 and was increased to 50% of her base salary effective July 7, 2014 in connection with her promotion to President and CEO Designate. These amounts were prorated for each period. Based on the competitive percentage of bonus as a percent of base salary, the Compensation Committee recommended and the Board approved, increasing Ms. Smith's target bonus to 60% of her base salary effective January 1, 2015 following her promotion to Chief Executive Officer. Corporate program goals accounted for 70% of Ms. Smith's annual incentive bonus, while individual goals account for the remaining 30%. Based on the corporate achievement score of 74% and Ms. Smith's individual performance score of 94%, the Compensation Committee recommended, and the Board approved, an annual incentive bonus of \$154,255.

Ms. Erbez's annual target incentive bonus was equal to 40% of her base salary (the base salary target percentage). Corporate program goals accounted for 70% of Ms. Erbez's annual incentive bonus, while individual goals accounted for the remaining 30%. Due to Ms. Erbez's employment separation, Ms. Erbez was not entitled to an incentive bonus for 2014.

Mr. Daley's annual target incentive bonus was equal to 35% of his base salary (the base salary target percentage). Corporate program goals accounted for 70% of Mr. Daley's annual incentive bonus, while individual goals accounted for the remaining 30%. Based on the corporate achievement score of 74% and Mr. Daley's individual performance score of 93%, the Compensation Committee recommended, and the Board approved, an annual incentive bonus of \$85,365.

Mr. Happel's annual target incentive bonus was equal to 40% of his base salary (the base salary target percentage) and prorated to reflect his 2.5 months of service in 2014. Corporate program goals accounted for 70% of Mr. Happel's annual incentive bonus, while individual performance goals accounted for the remaining 30%. Based on the corporate achievement score of 74%, and Mr. Happel's individual performance score of 100%, the Compensation Committee recommended and the Board approved an annual incentive bonus of \$25,563.

Mr. Lanza's annual target incentive bonus was equal to 25% of his base salary (the base salary target percentage). Individual performance accounted for 100% of Mr. Lanza's annual incentive bonus. Achievement of his individual goals at 100% resulted in an annual incentive bonus of \$53,750.

In February 2015, the Compensation Committee recommended, and the Board of Directors approved, an increase to the percentage of the 2015 annual cash incentives linked to corporate goal achievement for all employees. For the Chief Executive Officer, there was no change, with 100% of the annual cash incentive linked directly to corporate goals. For the other executive officers, the percentage of their bonus linked to the achievement of corporate goals increased from 70% to 80%.

Discretionary Bonuses

The Company did not grant any discretionary bonuses to the named executive officers during fiscal year 2014, other than a sign-on bonus of \$50,000 to Mr. Happel which was negotiated in connection with his commencement of employment. If Mr. Happel discontinues employment with the Company for any reason within one year of his start date, he is required to repay the sign-on bonus to the Company.

Equity Incentive Programs

We believe that equity grants provided to our executive officers (and all members of our team) create a strong link to our long-term financial, operational and equity market performance, create an ownership culture and closely align the financial interests of our executive officers with the financial interests of our stockholders. Because of the direct relationship between the value of an equity award and the future market price of our common stock, we believe that granting equity awards is the best method of motivating executive officers to manage in a manner that is consistent with our stockholders' and our Company's interests. In addition, we believe that the four-year vesting feature of our equity grants promotes executive officer (and staff) retention because this feature provides an incentive of potentially increasing value to our executive officers during the vesting period.

TABLE OF CONTENTS

In determining the size of equity grants to our executive officers, our Compensation Committee considers: our corporate performance; the applicable executive officer's performance; comparative competitive levels of equity compensation for peer companies; the vesting of such awards; the number of shares available under the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan (the 2010 Plan) and projected future needs to support future staff growth and potential future equity compensation for existing staff; the recommendations of management and consultants; and external data sources which support a comparative competitive analyses.

On July 23, 2013, our stockholders approved an amendment to the 2010 Plan to increase the share reserve by an additional 3,000,000 shares to an aggregate of 11,936,383 shares. As of March 10 2015, options to purchase 8,518,487 shares of our common stock and 203,496 RSUs were outstanding under the 2010 Plan and 778,895 shares of our common stock remained available for future issuance under the 2010 Plan. At the 2015 annual meeting, we are asking our stockholders to approve an additional increase of 3,456,620 shares under the Plan to bring the total share reserve to an aggregate of 15,393,003 shares, plus any shares which are subject to awards under the Company's 2014 Employment Commencement Stock Incentive Plan, described below, which are forfeited or lapse unexercised and which are not issued under that plan.

In November, 2014, the Board approved our 2014 Employment Commencement Stock Incentive Plan (2014 Commencement Plan) for new hire stock option awards. This is a key requirement of the Company's strategy of strengthening its leadership team and employee base, continuing the expansion of its commercial activities into new territories and increasing the expansion of its product development programs. The 2014 Commencement Plan was approved by the Board of Directors under Rule 5635(c)(4) of the Nasdaq Global Select Market for equity grants to induce new employees to enter into employment with the Company. The Board of Directors approved an initial reserve of 2,400,000 shares available for issuance under the 2014 Commencement Plan. If at the 2015 annual meeting, our stockholder approves the above mentioned additional increase under the 2010 Plan, no new grants will be made under the 2014 Commencement Plan.

With respect to newly hired executives, our practice is to include equity compensation (currently based on stock options and, beginning in 2015, stock options and RSUs) as an integral part of the compensation package for inclusion in the executive's employment agreement. The compensation package, including the stock option and RSU grants, are approved by the Compensation Committee. For certain high-level executives, the compensation package is recommended by the Compensation Committee to the Board of Directors for final approval.

Stock Options. Stock options granted by us have an exercise price equal to the fair market value of our common stock on the day prior to grant, typically vest over a four-year period with 6/48ths vesting six months after the vesting commencement date and the remainder vesting ratably each month thereafter based upon continued employment or service, and generally expire ten years after the date of grant. Incentive stock options also include certain other terms necessary to assure compliance with the Internal Revenue Code of 1986, as amended (the Code). Our annual stock option grants to our non-employee directors vest 25% per quarter.

Restricted Stock and Restricted Stock Units. Our 2010 Plan and 2014 Commencement Plan authorize us to grant restricted stock and RSUs in addition to stock options. In 2015, after reviewing market data including peer group analysis, the Compensation Committee recommended and the Board of Directors approved using RSUs as a component in our 2015 equity compensation with (i) a 70% options / 30% RSU value mix for employees at the level of vice-president or above and for our directors and (ii) a 60% options / 40% RSUs value mix for our remaining employees. This design is intended to provide immediate shareholder alignment and provide for added retention incentive. Beginning in 2015, RSUs will be awarded as part of new hire grants and annual refresher grants. Our 2015 RSUs generally vest in four equal annual installments on each anniversary of the date of grant, subject to continued service. Our annual RSU grants to our non-employee directors vest 100% on the annual anniversary of the date of grant.

Equity Compensation Award

Following the change in our fiscal year end from August 31 to December 31, there were no annual stock options granted to our named executive officers during the year ended December 31, 2013. In February 2014, upon recommendation of the Compensation Committee, our Board of Directors approved the award of stock options to our named executive officers, as shown in the table below. All options granted to our named executive officers are intended to be incentive stock options as defined under Section 422 of the Code, to the extent possible. The options

granted included a 33% additional option adjustment for the 16-month period of service for those executive officers who served for the entire 16-month period. Otherwise, the options were pro-rated for the actual time of service of each executive officer in the 16-month period. Dr. Starr did not participate in the discussion or approval of his option grant.

In July 2014, in connection with Ms. Smith's promotion to President and CEO Designate, Ms. Smith was granted an additional option to purchase 175,000 shares of our common stock. In connection with Ms. Smith's promotion to Chief Executive Officer in January 2015, Ms. Smith received options to purchase 350,000 shares of our common stock, which represented her annual equity grant for 2015. Subject to Ms. Smith's continued service with the Company, the options vest over a four-year period with 6/48ths vesting six months after the vesting commencement date and the remainder vesting ratably each month thereafter based upon continued employment or service. The Compensation Committee reviewed the grants made by the peer companies in the case of such a promotion and the market 50th percentile in determining the award amount. In connection with his commencement of employment, in December 2014, Mr. Happel was granted options to purchase 165,000 shares of our common stock. The amount of this grant was determined and negotiated following review of market data.

In February 2015, upon recommendation by the Compensation Committee, our Board of Directors approved an award of stock options and RSUs to certain of our named executive officers, as shown in the table below. All options granted to our named executive officers are intended to be incentive stock options as defined under Section 422 of the Code to the extent possible. The stock options and RSUs were based on the 70% options / 30% RSUs value based mix. The exercise price for the stock options was \$9.36 per share.

Executive Payments Upon Termination

We have entered into employment agreement with our executive officers that provide for certain severance and other benefits in the event of certain terminations of employment, including in connection with a change in control transaction. These arrangements are designed to retain executives and provide continuity of management in the event of a change in control.

Under Ms. Smith's amended and restated executive employment agreement, if her employment is constructively terminated or terminated by us without cause other than during the 12 months following a Change in Control (as defined in her employment agreement), she will be entitled to receive (i) continued payment of base salary for 12 months after such termination; (ii) payment or reimbursement of health plan coverage under COBRA for up to twelve months; (iii) continued exercisability of all of her vested options or stock appreciation rights with respect to our common stock until the first anniversary of the termination of her employment; and (iv) a lump sum payment equal to the average annual cash bonus she received with respect to the two years preceding the year of termination or, if two annual bonus payment dates have not occurred, the annual bonus she received with respect to the year preceding the year of termination. If Ms. Smith is terminated without cause or is constructively terminated by us within the 12 months following a Change in Control (as defined in her employment agreement), Ms. Smith will be entitled to receive (i) 2X (1.5X prior to December 31, 2014) the sum of her base salary and target annual cash bonus and (ii) payment or reimbursement of health plan coverage under COBRA for up to 24 months (18 months prior to December 31, 2014). In addition, each outstanding equity award held by Ms. Smith shall automatically become vested and exercisable until the earlier of the original expiration date of such equity award or the second anniversary of her termination. Each of the foregoing payments and benefits is subject to Ms. Smith's execution of a general release of claims that becomes effective and irrevocable within 60 days following termination. Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time. None of our executive officers serves, or has served during the last fiscal year, as a member of the compensation committee or a member of the board of directors of any other company that has an executive officer serving as a member of our Compensation Committee or our Board of Directors.

Compensation Risks

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

The Compensation Committee reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking, including the following:

- significant weighting towards long-term equity compensation (with multiple year vesting schedules and long expiration terms) discourages short-term risk taking;
- for key decision-making officers, base salary makes up a significant majority of cash compensation even with full achievement of annual incentive (cash) awards; and
- annual incentive (cash) awards are tied to multiple, varying goals such that no single goal determines a large percentage of compensation.

As a pharmaceutical product development company with industry standard long development timelines, prior to our U.S. drug approval in April 2013, we did not face the same level of short-term risks that could impact compensation for employees as compared to other companies in rapidly changing markets. The short-term risks in the capital markets faced by us were largely tied to the approval of and related market exclusivity actions for our product by the FDA and were not under the direct control of our management.

With our U.S. drug approved in April 2013, as a company with an ultra-orphan product in the critical phase of market launch, this risk has increased due to the short term focus of the capital markets on the performance of our emerging product in the pharmaceutical marketplace. This potentially affects both our employees' short-term cash and long-term equity compensation. We believe this risk is mitigated by the factors discussed above. Furthermore, compensation decisions include subjective considerations, which moderate the influence of formulaic or objective factors which may encourage excessive risk taking.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Transactions with Related Persons

Our Audit Committee approves and oversees any transaction between the Company and any related person (as defined in Item 404 of Regulation S-K) on an ongoing basis and maintains policies and procedures for the Audit Committee's approval of related party transactions.

Raptor's policy on related party transactions is covered in the company's code of conduct policy. Pursuant to the direction in our Code of Conduct and Business Ethics, authorization from the Audit Committee is required for a director or an officer or their affiliates to enter into a related party transaction or similar transaction which could result in a conflict of interest. Conflicts of interest are prohibited unless specifically authorized in accordance with the Code of Conduct and Business Ethics. Our Audit Committee is responsible for reviewing, reporting and the approval or ratification of each related party transaction. The Audit Committee is responsible for determining if a related party transaction is in the best interest of the Company. The scope of related party transactions or other relationships includes those that would be required to be disclosed in the Proxy Statement as a related party transaction pursuant to applicable NASDAQ or SEC rules.

In general, these transactions and relationships are defined as those involving a direct or indirect material interest of any of our executive officers, directors, nominees for director and 5% stockholders, as well as specified members of the family or households of these individuals or stockholders, including entities in which the related party has a material interest, indebtedness, guarantees of indebtedness or employment by us of a related person, where we or any of our affiliates have participated in the transaction (either as a direct party or by arranging the transaction) and the transactions or series of transactions involves more than \$120,000.

Our general practice is that we may not enter into a related party transaction unless our Corporate Counsel has specifically confirmed in writing that no further reviews are necessary, or that all requisite corporate approvals have been obtained. Our practice excludes transactions, among others, involving compensation of our executive officers or directors that the Board or our Compensation Committee has expressly approved. Indemnification agreements between the Company and our executive officers and directors are outside the scope of related party transactions processes. In the ordinary course of business, our officers occasionally utilize their personal credit cards or cash to pay for expenses on behalf of the Company and the Company reimburses the officers within 30 days.

Since January 1, 2014, there has not been nor is there currently proposed any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any of our directors, executive officers, nominees for director, persons who we know hold more than 5% of our common stock, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest other than compensation agreements and other arrangements which are described elsewhere in this proxy statement.

Proposals and Nominations Pursuant to our Bylaws.

Our Bylaws, as amended, also provide for separate notice procedures to propose business to be considered by stockholders at a meeting outside the processes of Rule 14a-8. To be considered timely under these provisions, the stockholder's notice must be received by our Corporate Secretary at our principal executive offices no earlier than January 6, 2016 and no later than February 5, 2016. However, if the date of our 2016 annual meeting of stockholders is advanced more than 30 days prior to or delayed more than 30 days after the anniversary of the date of our 2016 annual meeting, then notice must be delivered not earlier than the close of business on the 120th day prior to the date of our 2016 annual meeting and not later than the close of business on the 90th day prior to the date of our 2016 annual meeting or, if later, the 10th day following the day on which public announcement of the date of our 2016 annual meeting is first made. Communication with Our Board of Directors

Our Board of Directors has provided a procedure for stockholders or other persons to send written communications to our Board of Directors, committees of our Board of Directors or any of the directors, including complaints to our Audit Committee regarding accounting, internal accounting controls, or auditing matters. Stockholders may send written communications to our Board of Directors, the appropriate committee or any of our directors by certified mail only, c/o Audit Committee Chair, Raptor Pharmaceutical Corp., 7 Hamilton Landing, Suite 100, Novato, California 94949. All such written communications will be compiled by the Chair of the Audit Committee and submitted to our Board of Directors, a committee of our Board of Directors or the individual director(s), as appropriate, within a reasonable period of time. These communications will be retained with our corporate records.

Delivery of this Proxy Statement to Multiple Stockholders with the Same Address

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

A single set of proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you notify your broker or us that you no longer wish to participate in householding. If, at any time, you no longer wish to participate in householding and would prefer to receive separate proxy materials in the future, you may (1) notify your broker, (2) direct your written request to: Corporate Secretary, Raptor Pharmaceutical Corp., 7 Hamilton Landing, Suite 100, Novato, California 94949, or (3) contact our Chief Financial Officer, Michael Smith, at (415) 408-6231. Upon a written or oral request to the address or telephone number above, we will promptly deliver a separate set of proxy materials to a stockholder at a shared address to which a single copy of the documents was delivered. Our stockholders who currently receive multiple copies of the proxy materials at their address and would like to request householding of their communications should contact their broker.

**2015 PLAN AMENDMENT TO THE RAPTOR PHARMACEUTICAL CORP.
2010 STOCK INCENTIVE PLAN**

Raptor Pharmaceutical Corp., a Delaware corporation (the Company), maintains the Raptor Pharmaceutical Corp. 2010 Stock Incentive Plan (the Plan), as adopted by the Board of Directors on February 2, 2010 and approved by the Company stockholders on March 9, 2010, as subsequently amended by the Board of Directors on January 18, 2011 and approved by the Company stockholders on March 22, 2011, and as further amended by the Board of Directors on June 4, 2013 and approved by the Company stockholders on June 4, 2013. This Amendment No. 3 to the Plan (the Amendment) will be effective on May 5, 2015, subject to the approval of the Company's stockholders at the 2015 Annual Meeting of Stockholders.

The purpose of this Amendment is to, amongst other things, increase the number of shares available for issuance under the Plan.

Section 1(d) of the Plan is hereby replaced and restated in its entirety as set forth below:

(d) Effect on Other Plans, Awards, and Arrangements. Effective upon stockholder approval of this Plan, no further awards of any kind shall occur under the Raptor Pharmaceutical Corp. 2014 Employment Commencement Stock Incentive Plan (the Employment Commencement Stock Incentive Plan), the 2006 Equity Incentive Plan (formerly the Raptor Pharmaceuticals Corp.'s 2006 Equity Incentive Plan, as amended), which was assumed by the Company, the 2006 Equity Incentive Plan (formerly the TorreyPines 2006 Equity Incentive Plan), or the 2000 Stock Option Plan (formerly the Axonyx 2000 Stock Option Plan).

Section 3 of the Plan is hereby replaced and restated in its entirety as set forth below:

(a) Generally. Subject to Section 9 below, 15,393,003 Shares shall be available for issuance under the Plan, plus any Shares which are subject to awards under the Employment Commencement Stock Incentive Plan which are forfeited or lapse unexercised and which are not issued under the Employment Commencement Stock Incentive Plan all of which may be used for any form of award under the Plan; provided, however that such aggregate number of Shares available for issuance under the Plan shall be reduced by 1.35 Shares for each Share delivered in settlement of any Restricted Share or RSU. The Shares deliverable pursuant to Awards shall be authorized but unissued Shares, or Shares that the Company otherwise holds in treasury or in trust.

(b) Replenishment; Counting of Shares. Any Shares reserved for Plan Awards will again be available for future Awards if the Shares for any reason will never be issued to a Participant or Beneficiary pursuant to an Award (for example, due to its settlement in cash rather than in Shares, or the Award's forfeiture, cancellation, expiration, or net settlement in cash without the issuance of Shares (for purposes of clarification, Shares not issued or delivered as a result of a net settlement of an outstanding Award delivered in Shares may not again be made available for issuance under the Plan)). To the extent that a Restricted Share or RSU is forfeited or expires or such Award is settled for cash (in whole or in part), as applicable, the Shares available under the Plan shall be increased by 1.35 Shares subject to such Restricted Share or RSU that is forfeited, expired or settled in cash, as applicable. Further, and to the extent permitted under Applicable Law, the maximum number of Shares available for delivery under the Plan shall not be reduced by any Shares issued under the Plan through the settlement, assumption, or substitution of outstanding awards or obligations to grant future awards as a condition of the Company's or an Affiliate's acquiring another entity. On the other hand, Shares that a Person owns and tenders in payment of all or part of the exercise price of an Award or in satisfaction of applicable Withholding Taxes or Shares purchased on the open market with the cash proceeds from the exercise of Options shall not increase the number of Shares available for future issuance under the Plan.

Section 6(a) of the Plan is hereby replaced and restated in its entirety as set forth below:

(a) Grant. The Committee may grant Restricted Share and RSU Awards to Eligible Persons, in all cases pursuant to Award Agreements setting forth terms and conditions that are not inconsistent with the Plan. The Committee shall establish as to each Restricted Share or RSU Award the number of Shares deliverable or subject to the Award (which number may be determined by a written formula), and the period or periods of time (the Restriction Period) at the end of which all or some restrictions specified in the Award Agreement shall lapse, and the Participant shall receive unrestricted Shares (or cash to the extent provided in the Award Agreement) in settlement of the Award. Such restrictions may include, without limitation, restrictions concerning voting rights and transferability, and such restrictions may lapse separately or in combination at such times and pursuant to such

circumstances or based on such criteria as selected by the Committee, including, without limitation, criteria based on the Participant's duration of employment with the Company, individual, group, or divisional performance criteria, Company performance, or other criteria selected by the Committee. The Committee may make Restricted Share and RSU Awards with or without the requirement for payment of cash or other consideration. Notwithstanding any other provision of the Plan to the contrary, Restricted Share and RSU Awards shall not vest earlier than the date that is one year following the date the award is made; provided, however, that, notwithstanding the foregoing, (a) the Committee may provide that such vesting restrictions may lapse or be waived upon the holder's death, Disability or a Change in Control, and (b) awards that result in the issuance of an aggregate of up to 5% of the shares available for issuance under the Plan may be granted without respect to such minimum vesting provisions.

Section 10 of the Plan is hereby replaced and restated in its entirety as set forth below:

10. Recoupment of Awards

To the extent permitted by Applicable Law, the Committee may in its sole and absolute discretion, without obtaining the approval or consent of the Company's stockholders or of any Participant, require that any Participant reimburse the Company for all or any portion of any Awards granted under this Plan (Reimbursement), terminate any outstanding, unexercised, unexpired, unpaid, or deferred Awards (Termination), rescind any exercise, payment, or delivery pursuant to the Award (Rescission), or recapture any Shares (whether restricted or unrestricted) or proceeds from the Participant's sale of Shares issued pursuant to the Award (Recapture), if and to the extent:

(a) the granting, vesting, or payment of such Award was predicated upon the achievement of certain financial results that were subsequently the subject of a material financial restatement;

(b) in the Committee's view the Participant either benefited from a calculation that later proves to be materially inaccurate, or engaged in fraud or misconduct that caused or partially caused the need for a material financial restatement by the Company or any Affiliate; and

(c) a lower granting, vesting, or payment of such Award would have occurred based upon the conduct described in clause (b) of this Section.

In each instance, the Committee will, to the extent practicable and allowable under Applicable Laws, require Reimbursement, Termination, or Rescission of, or Recapture relating to, any such Award granted to a Participant; provided that the Company will not seek Reimbursement, Termination, or Rescission of, or Recapture relating to, any such Awards that were paid or vested more than three years prior to the first date of the applicable restatement period.
