AUTHORIZATION BY THE BOARD OF DIRECTORS AND THE CONSENTING STOCKHOLDERS

Under the Delaware General Corporation Law, any action that can be taken at an annual or special meeting of shareholders may be taken without a meeting, without prior notice and without a vote, if the holders of outstanding stock having not less than the minimum number of votes that will be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted consent to such action in writing. The approval of the Decrease Amendment requires the affirmative vote or written consent of a majority of the issued and outstanding shares of Common Stock. Each Stockholder is entitled to one vote per share of Common Stock held of record on any matter which may properly come before the stockholders.

On the Record Date, we had 2,904,114 shares of Common Stock issued and outstanding with the holders thereof being entitled to cast one vote per share.

On February 9, 2017, our board of directors (the “Board of Directors”) unanimously executed a written consent approving the Decrease Amendment and recommended that the Stockholders approve the Decrease Amendment. In connection with the adoption of this resolution, the Board of Directors elected to seek the written consent of the holders of a majority of our outstanding shares in order to reduce associated costs and implement the proposals in a timely manner. Pursuant to Section 228 of the Delaware General Corporation Law (“DGCL”), the Consenting Stockholders voted in favor of the Decrease Amendment in a written consent dated February 10, 2017. The Consenting Stockholders are the record or beneficial owner of 1,504,110 shares of Common Stock, which represents 51.8% of the total votes entitled to be cast at any meeting of Stockholders. No consideration was paid for the consents. The Consenting Stockholders names, affiliations with the Company and beneficial holdings are as follows:

DESCRIPTION OF THE COMPANY'S CAPITAL STOCK

The authorized capital stock of the Company consists of 100,000,000 shares of Common Stock, par value \$0.001 per share, and 30,000,000 shares of Preferred Stock, of which there were 2,904,114 shares of Common Stock and no shares of Preferred Stock outstanding as of the Record Date.

Common Stock

Holders of Common Stock are entitled to one vote for each share on all matters submitted to a stockholder vote. Holders of Common Stock do not have cumulative voting rights. Holders of Common Stock are entitled to share in all dividends that the Board, in its discretion, declares from legally available funds. In the event of our liquidation, dissolution or winding up, subject to the preferences of any shares of our Preferred Stock which may then be outstanding, each outstanding share entitles its holder to participate in all assets that remain after payment of liabilities and after providing for each class of stock, if any, having preference over the common stock.

Holders of Common Stock have no conversion, preemptive or other subscription rights, and there are no redemption provisions for the common stock. The rights of the holders of Common Stock are subject to any rights that may be fixed for holders of Preferred Stock, when and if any Preferred Stock is authorized and issued. All outstanding shares of Common Stock are duly authorized, validly issued, fully paid and non-assessable.

Preferred stock

Our Board, without further stockholder approval, may issue Preferred Stock in one or more series from time to time and fix or alter the designations, relative rights, priorities, preferences, qualifications, limitations and restrictions of the shares of each series. The rights, preferences, limitations and restrictions of different series of Preferred Stock may differ with respect to dividend rates, amounts payable on liquidation, voting rights, conversion rights, redemption provisions, sinking fund provisions and other matters. Our Board may authorize the issuance of Preferred Stock in a series which ranks senior to our common stock for the payment of dividends and the distribution of assets on liquidation. In addition, our Board can fix limitations and restrictions, if any, upon the payment of dividends on our common stock to be effective while any shares of Preferred Stock are outstanding. Currently, the Company has neither designated nor outstanding shares of Preferred Stock. Additionally, it has no current plans to either designate a series of Preferred Stock or issue any shares of Preferred Stock.

AMENDMENTS TO CERTIFICATE OF INCORPORATION

Summary of Decrease Amendment

On February 9, 2017, our Board of Directors approved, subject to receiving the approval of the holders of a majority of the Company's outstanding capital stock, an amendment to our Certificate of Incorporation, which amends our current Certificate of Incorporation to decrease our authorized shares of Common Stock from 100,000,000 shares to 20,000,000 shares and our authorized shares of Preferred Stock from 30,000,000 shares to 1,000,000 shares (the "Decrease Amendment"). The Consenting Stockholders approved the Decrease Amendment pursuant to a Written Consent dated as of February 10, 2017.

Purpose of Decreasing the Company's Authorized Shares of Common Stock and Preferred Stock

The Company is incorporated in the State of Delaware. The State of Delaware's formula for determining the amount of franchise taxes that are due by Delaware corporations places undue weight on the number of authorized shares of capital stock. As a result, the Company had to pay a significant Delaware franchise tax in 2016 and prior years, and will most likely have to pay a significant amount in future years under its current capital structure. The Company has a large number of authorized but unissued Common Stock and Preferred Stock, which it does not have plans of issuing in the foreseeable future. Therefore, the Board of Directors determined, based on a recommendation from management, that it was advisable to reduce its authorized shares down to a realistic level in order to reduce its Delaware franchise taxes this fiscal year and for future years. The Board and management believes even at the reduced level the Company will have sufficient capital stock to issue for any corporate purpose for the foreseeable future.

Advantages and Disadvantages of Decreasing Authorized Shares

There are certain advantages and disadvantages of voting for a decrease in the Company's authorized Common Stock and Preferred Stock. The only advantage is the fact that the Company will pay lower Delaware franchise taxes in 2017 and future years. The only disadvantage is that the Company will have to incur the expense and delay of obtaining shareholder approval of a further amendment to its Certificate of Incorporation in future years in the event it wants or needs to issue shares of Common Stock or Preferred Stock in excess of the number that will be authorized after the Decrease Amendment is filed.
