Explanatory Note

This Current Report on Form 8-K/A is being filed to amend and restate the information provided in the Current Report on Form 8-K filed by Lifeway Foods, Inc. on November 8, 2016.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On November 4, 2016, the Audit Committee of the Board of Directors (the "Board") of Lifeway Foods, Inc. (the "Company"), upon the recommendation of management, determined that the consolidated financial statements (the "Previously Issued Financial Statements") presented in the Company's reports for:

the annual period ended December 31, 2015, and the reports of the independent registered public accounting firm thereon, and related quarterly periods for the annual period ended December 31, 2015; and
the quarterly periods ended March 31 and June 30, 2016

as set forth in the Company's previous filings with the Securities and Exchange Commission (the "SEC") (the "Revised Periods") should no longer be relied upon as a result of the errors described below. Similarly, earnings releases, management's report on the effectiveness of disclosure controls and procedures, in each case for the Revised Periods and earnings releases, press releases and investor communications describing the Previously Issued Financial Statements should no longer be relied upon because of certain misclassifications described below.

As a result of enhancing its financial reporting efforts, during the third quarter of fiscal 2016, the Company recorded adjustments to properly classify indirect manufacturing overhead costs related to certain production facilities within our manufacturing platform as an element of Cost of Goods Sold in our Statements of Income (Loss) and Comprehensive Income (Loss). In prior periods these costs were incorrectly classified in General and Administrative (G&A) expenses. The Audit Committee of the Company's Board of Directors, upon recommendation of management and after discussion with the Company's independent registered public accounting firm, concluded that the Company will correct and revise its expenses by reclassifying certain amounts previously reported in G&A expense into Cost of Goods Sold in the Previously Issued Financial Statements for the Revised Periods.

Edgar Filing: LIFEWAY FOODS INC - Form 8-K/A

Additionally, in the first and second quarter of 2015, certain executive compensation was classified in Selling expenses that more appropriately should be classified as G&A expenses. We previously corrected these classification errors in our first and second quarter 2016 filings on Form 10-Q with the SEC.

The reclassifications have no impact on the Company's previously-reported net sales, income from operations, net income, or basic and diluted earnings per common share presented in its Consolidated Statements of Income (Loss) and Comprehensive Income (Loss), nor does it have any effect on the Company's previously-reported Consolidated Balance Sheets, Consolidated Statements of Cash Flows, or Consolidated Statements of Changes in Stockholders' Equity.

Collectively, these adjustments had the following impact on our Consolidated Statements of Income (Loss) and Comprehensive Income (Loss):

(b) Includes the reclassification of certain executive compensation from Selling to G&A expenses.

(c) As previously reported in our third quarter 2015 Form 10-Q filed on November 9, 2015.

(d) As previously reported in our 2015 Form 10-K filed on March 16, 2016.

The Company has determined that it shall be amending and restating its (i) Annual Report on Form 10-K filed with the SEC on March 16, 2016; and (ii) its Quarterly Reports on Form 10-Q filed with the SEC on May 10, 2016 and August 17, 2016. The Company does not intend to amend any Quarterly Reports on Form 10-Q filed during the 2015 fiscal year. The impact of the accounting errors referred to in this report for the three and nine month periods ended September 30, 2015 have been corrected in the Company's Quarterly Report on Form 10-Q filed with the SEC on November 10, 2016, and the impact of the errors on the first and second quarters of 2015 will be corrected in the proposed amended and restated Quarterly Reports on Form 10-Q filed with the SEC on May 10, 2016 and August 17, 2016. In addition, the Company intends to include appropriate note disclosure in its amended and restated 2015 Form 10-K of the errors and the corrected amounts for the 2015 quarterly periods.

In connection with the revisions described above, the Company has considered the impact of these classification errors on our internal control assessment and have concluded that the errors are indicative of our existing material weakness in our internal control over financial reporting. As previously disclosed in the Company's 2015 Annual Report on Form 10-K, the Company and its management continue to work to improve the overall effectiveness of its internal control over financial reporting and disclosure controls and procedures in order to rectify its identified material weaknesses. The Company believes that the identification of the classification errors was consequential of the remediation of the material weakness in those controls.

The Company's management and the Audit Committee have discussed the matters disclosed under this Item 4.02 with the Company's independent registered public accounting firm, Mayer Hoffman McCann.

Caution Regarding Forward-Looking Statements
